Then, when Shimazu Sakuya and the other ten girls saw who it was that saved them from Dr. M and helped Sly Cooper free the Cooper Clan ancestors from the Aparoids, their faces turned atomic red upon seeing the 17-year-old 7'0" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanjis "Savior of The Loud House, Powerful Student of Many Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, and The Unifier of The Three Kingdoms" on the left legs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts with a large deep sapphire blue gem in the shape of a Thunderbird on top of a silver Buffalo head with the Thunderbird and

Eternity Kanji on his neck and across his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Shimazu Sakuya: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made ten clones of himself, and he and the ten clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Shimazu Sakuya: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, eleven Thunderbird Necklaces of Eternal Love appeared around the necks of Shimazu Sakuya, Shimazu Nami, Shimazu Suseri, Tamako, Isuca, Matsuura Fuzuki, Souma Matsuri, Souma Nadeshiko, Tachibana Kanae, Hanazono Karin, and Kujou Himeka We returned to the Estate, we told everyone what happened, and they were shocked when we told them the villain we went after was Dr. M, and they were also even more shocked when they also found out that with him were all of The Cooper Clan ancestors, minus Henrietta Cooper, and that they were brought back by The Aparoids.

But, when Lincoln showed what we did, such as Sly Cooper transforming into his new Super Angel Eternity Infinity form, and he and Lincoln freed the Cooper Clan ancestors from the Aparoids, and sent Dr. M to The Black Gates, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Rika Noralenshikov now have a lot of catching up to do, now that she's back, and we also moved the Cooper Fortune to our vault, and The Cooper Clan ancestors were now new members of the team, and The Cooper Gang has expanded even more.

---

After freeing The Cooper Clan ancestors from The Aparoids and getting rid of Dr. M this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Rika Noralenshikov saw Lincoln working out like crazy, she had an atomic red blush on her face.

Rika Noralenshikov: (Russian Accent) Whoa, Lincoln's really grown to be a 17-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Rika, and now, I can also fight and defend myself.

Rika Noralenshikov: (Russian Accent) That's incredible.

Nico: It sure is, Rika.

Rika Noralenshikov: (Russian Accent) I know you all want to know about me, but I should warn you, one of the memories I had isn't a pretty picture. I found and met a fifteen-year-old girl named Amber Carter and her fifteen-month-old daughter Emily, and I then found out her story. She was raised in a middle class neighborhood in Mexico, and her life was rather boring until she had her first fashion photo shoot. There was this well-dressed guy who came up to her and told her she was cute. He even asked her out to a bar, but she told him she was only fifteen, and her dad would never allow her to go out at night, because of the gangs and the drug cartels out there. He ended up giving her his number anyway and walked off again.

Then, her manager came over.

Amber's Manager: Stay away from that guy, his dad's a high-ranking drug cartel member, and he only comes to these photoshoots to pick up pretty girls.

Rika Noralenshikov: (Russian Accent) Had she'd been smart, she would've listened to his advice, but she just couldn't get that guy out of her head. The fact that his dad is in a drug cartel only made him more exciting. She imagined them hiding from the police in expensive mansions and building their own drug cartel together. Oh, she loved fantasizing being the wife of a drug cartel boss, so, she met up with the guy. His name is Armando Luis Rodriguez, she dated him for months, and it was just as she had imagined it. He drove me through Mexico in his sports car, and she knew what she had to fear no one when she was next to him, not even the police, because the police department in Mexico was super corrupt. One time, a drunk guy made fun of Armando, but when his friends told him whose son Armando was, the guy jumped to his knees and begged him for mercy, crying and embarrassing himself, and she guess it worked, because Armando let him go again. That's why he had so much confidence, no one could touch him. But, one day, he picked her up at my house, and my dad asked him who he was.

Armando Luis Rodriguez: I'm your daughter's boyfriend.

Amber's Dad: Ha! Not in a million years. I can tell what kind of guy you are.

Rika Noralenshikov: (Russian Accent) That's when her dad took her by her arm and dragged her back into the house. She saw Armando coming at my Dad from behind, but she waved him off, because she didn't want anyone to get hurt. She was in love though, so the next day after school, she ran away and she started living with Armando. He was living in a big apartment, and spent so much money on me that she was convinced he was serious about us. But, one night, she, Armando, and his friends went to a bar, and she made a mistake. she got a bit drunk, and told Armando that one of his friends was super cute, and he freaked out, and told her that she should then go that guy instead of him. She immediately apologized, and said she'd only been joking. But, afterward, it was never the same between them again. He came home less and less often and just didn't love me anymore. She was so petrified at losing him that she made him impregnate me, she did it by lying to him and saying she was on the pill. She thought if they had a child, he'd fall in love with her again. She told Armando, "I know things have been difficult between us lately, but look what I just found out." She showed him the pregnancy test, hoping he'd be happy about it, but he looked dead in the eyes.

Amber Carter: Aren't you happy?

Armando Luis Rodriguez: This wasn't part of my plans.

Rika Noralensikov: (Russian Accent) His reaction made her so nervous, had he already been planning on leaving Amber? They went to bed, but she couldn't fall asleep, she was too worried. Then, in the middle of the night, he stood up, took his phone, and left the room. Amber secretly followed him to the balcony and heard him say.

Armando Luis Rodriguez: I need you to get rid of her, it'll be an easy job. I'll just bring her to your home tomorrow.

Rika Noralenshikov: (Russian Accent) Amber ran back to the room, petrified. She had to get out of here. So, she stood up early around 5:00 A.M., trying to escape, but Armando suddenly noticed it.

Armando Luis Rodriguez: Where are you going?

Amber Carter: Oh. (Laughs) Just to the bathroom. I think the baby woke me up.

Armando Luis Rodriguez: Okay, and by the way, I'll later visit a friend. You should come with us.

Amber Carter: Oh! That sounds fantastic! But, eh, it's my Aunt's birthday today!

Armando Luis Rodriguez: That's fine, no problem. We'll visit your aunt first, and then afterward, go to my friend.

Rika Noralenshikov: (Russian Accent) What the hell?! This psycho really wanted her dead. She went to the bathroom and turned on the shower. She wanted Armando to believe that she was showering, so she had enough time to escape. Then, she left the bathroom and went to the front door, but right when she pushed the handle down, she heard Armando say:

Armando Luis Rodriguez: Where are you going?

Amber Carter: What, me?! Oh, I'm just going outside to get some exercise!

Armando Luis Rodriguez: Without shoes? And why did you leave the shower on?

Rika Noralenshikov: (Russian Accent) Amber had no excuses left, and just ran outside to the elevator. Armando didn't follow her, she guess he was scared she'd scream and get the neighbors' attention. Instead, he just stared in her eyes while she waited for the elevator, it was so scary. Afterwards, she immediately went back to my dad's house, she was crying when he opened the door, she felt so bad for running away, but he immediately took her in his arms, and she knew he still loved her. She told him Armando's dad is a high-ranking member of a drug cartel, and that he wanted her dead, because she was carrying his baby. Her dad immediately responded.

Mr. Carter: Don't worry, I know a place where you can hide.

Rika Noralenshikov: (Russian Accent) He walked her to the street in front of their house, and opened a manhole cover.

Mr. Carter: Hurry, go in before someone sees you. Quick, I'll bring you food later.

Rika Noralenshikov: (Russian Accent) She climbed to the bottom and the smell was so bad, she started crying, it was wet, stinky, and dirty. She waited for 12 hours until her dad finally came down to bring her food.

Amber Carter: What took you so long? I hate this place.

Mr. Carter: You don't understand. Your lovely boyfriend, Armando, paid me a visit today. He and his buddies searched the whole house for you, it's best that you stay down here for a few months, until things cool down.

Amber Carter: A FEW MONTHS?! Are you nuts?! There isn't even a toilet down here.

Mr. Carter: That's why I brought you diapers.

Rika Noralenshikov: (Russian Accent) Her dad also brought her water canisters, food, a camping mat, and a walkie talkie. It wasn't the life of her dreams, but at least she was safe, and it also gave her time to reflect on all the dumb decisions she made. Later that day, she called her dad, and apologized for running away, and she thanked him for letting her come back. He then responded.

Mr. Carter: Don't worry, I'll always be there for you.

Rika Noralenshikov: (Russian Accent) Amber fell asleep, but after a few hours, she felt a tickling on her toe. It was a freaking rat, and it wanted to eat her foot. That was her life until three weeks later, when her dad organized a way for her to escape from Mexico. She didn't want to say where she lived now, because she was still scared that Armando might find her some day, but, she found work as a primary school teacher while raising her daughter. It's not an easy life, and she wished she had listened to her dad when he warned her about Armando, but she can't change the past.

When Rika was done, we were really horrified at what she went through.

Nico: (Stunned) My God. Rika, I'm so sorry to hear about that.

Me: Same here.

Eli: Me too.

Rika Noralenshikov: (Russian Accent) Thank you, boys.

Nico: I can't believe what Amber had to go through, and she did reflect on the choices she'd made, and that's always the common mistake for teenage girls. So, how did you get Gene-Slammed into a

Mavelus, and how did you destroy the drug cartel that Armando and his dad work for?

Rika Noralenshikov: (Russian Accent) Amber said that she'd found a needle that one of the Team Rocket scientists had dropped as soon as he got spotted and ran off, and I injected myself with it, and I'd turned into a Mavelus, and with that power, I went to Mexico, and destroyed the drug cartel, and among those who died in the attack was Armando's dad. When Armando found out, he'd wanted revenge, but I knocked him out, and called the cops, and Armando was arrested, and it turns out he was just as involved in the cartel's activities, along with his dad. He was convicted for his crimes, and he was sentenced to Life in Prison Without Possibility for Parole, and he was then sent to the federal penitentiary in Florence, Colorado, where he'll never be free again.

Lincoln: Awesome. But, just in case, we'll need to keep an eye on the prison, in case Armando tries to break out and come after Amber Carter and her daughter.

Lori: Yeah, I still remembered what'd happened with Emily and her parents with their ordeal with Amy.

Me: Leave that to me, Lincoln. I actually know the warden there, he's an old friend of my dad when they were on the force together.

Nico: Awesome. So, Lincoln, what can you tell us about Rika?

Lincoln: Rika's known as a smart girl, and she's an expert on Russia's history, and she's also a tough girl, she'd kept Lori, Lynn, Lola, Luan, and Lisa in check, and threatened to pummel them, if she had caught one bruise on me or if she saw me crying because of them, and she even called them a bunch of needy, rotten, bad-tempered, emotionless, greedy nanny-goats.

Nico: Whoa. Keeping them in check with violence and insulting them, she's one tough girl.

We then got a shower, and suddenly, the alarm sounded, and when Lincoln checked the computer, we saw that The Dark Queen, the main enemy of The Battletoads, is here, and she's causing havoc.

Rash: Oh man, The Dark Queen's here.

Lincoln: So, now The Dark Queen herself has come out of her lair, and now, she wants revenge on us for what we've done to her minions. Perfect, now's our chance to finally get rid of her for good. Let's go, everyone, today, The Dark Queen's reign of terror ends here and now!

Nico: Oh yeah, now you're talking, big guy!

We head out to confront The Dark Queen, and Lincoln fired a powerful rainbow energy blast, which hits her in the back. When The Dark Queen saw us, she was indeed enraged.

Dark Queen: So, the famous Team Loud Phoenix Storm, along with those annoying Battletoads, have arrived. Perfect, now I can get my revenge on all of you for what you've done to my minions.

Lincoln: Not a chance, Dark Queen. You made the big mistake sending your minions to cause havoc in Gotham Royal York, and now, you're about to pay the price.

Yu Morisawa: And that price is your life.

Suddenly, Yu Morisawa's brown eyes turned neon brown, and she was surrounded by a pink energy aura with stars, galaxies, and angels, and as she approached The Dark Queen, she left pink energy, stars, galaxies, and angels with every step. Suddenly, Yu Morisawa was surrounded by a massive vortex of pink energy with stars and galaxies surrounding the vortex, there's an angel flying around the vortex, and in the vortex is a yellow phoenix. Then, as the vortex faded, Yu Morisawa emerged, but she was changed forever.

Yu Morisawa grew to 6'5" in height, she had the body of a goddess and she has pink highlights in the bangs of her now longer blue hair that went down to her neck, she has neon brown eyes and a pink energy aura with stars, galaxies, and angels surrounding her. She has an angel with the Star Kanji in its hands emblazoned on her forehead, she has on angel earrings with pink crystals for the eyes and the Star Kanji in its paws, and she also has an angel with pink crystals for the eyes and the Star Kanji in its hands for the second pendant of her Thunderbird Necklace of Eternal Love with yellow gems on the gold lightning bolts and pink crystals from her Crystal Necklace of The Buddha which merged with her Thunderbird Necklace of Eternal Love. Yu Morisawa has on a short-sleeved pink and white shirt with a yellow phoenix on it, yellow skirt with stars on it, pink pants, and pink ankle-length combat boots, and she has on pink weighted bands with silver phoenixes on her biceps and thighs, and she has on a long yellow sleeveless trenchcoat with angels, stars, and galaxies on the coattails, and on the back is an angel and a phoenix. Suddenly, Yu Morisawa felt a sharp pain on her back, and then, massive yellow angel wings with pink tips on the large yellow feathers sprouted out of her back.

Suddenly, Yu Morisawa had a new large sword in her right hand called Archangel's Galaxy Sword of Cosmic Justice, it's a large sword with an angel etched on the 6'5" massive, wide, double-edged, man-sized silver blade and surrounded by angelic runes, large white angel wings for the crossguard, yellow orange gem for the hilt, longer black handle, and four large angel wings surrounding a large pink gem for the pommel. Yu Morisawa has on her new large gold cuff Bracelets of the Champions of The Universe with yellow gems on her wrists, gold Belt of Elemental Bravery with a gold angel with a large pink gem in its hands for the belt buckle, large pink Spellbook of The Gods and The Universe on her left hip and Eater of Sins revolver holstered on her right hip. There's a pink kanji right below the angel on the back that said, "Yu Morisawa A.K.A. Creamy Mami, Sensational Singer of Japan, Loving Future Wife of Lincoln Loud, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Emissary of The Angels and The Cosmos, Powerful Student of Powerful Teachers, and Master of Angels, Stars, and Galaxies."

森沢優A.K.A.クリーミーマミ、日本のセンセーショナルな歌手、リンカーンラウドの愛する未来の妻、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、天使と宇宙の使者、強力な教師の強力な学生、そして天使、星のマスター、と銀河

Yu Morisawa has transformed into SUPER ANGEL INFINITY CELESTIAL MAGICAL MUSICAL ANGEL OF STARLIGHT LOVE

AND COSMIC JUSTICE!

We were amazed by Yu Morisawa's Super Angel Infinity transformation, and when Lincoln saw it, he had an atomic red blush on his face and hearts in his eyes. But, when The Dark Queen saw it, she flew into a rage and tried to attack, but Yu Morisawa fired a powerful pink energy blast with stars, galaxies, and angels, which hits her and sent her flying into a wall.

Lincoln: Whoa, Yu, you look beautiful, how do you feel?

Yu Morisawa: (Divine Echoing Cosmic Voice of The Cosmos and Angelic Love) **I feel incredible, Linky. Now, shall we put an end to that heartless she-demon for good?**

Lincoln: (Smiles) You got it.

Rash: Don't start without us, guys.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Yu Morisawa, and they're also joined by the Battletoads.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **This is the end of your delusional schemes, Dark Queen.**

Yu Morisawa, The Battletoads, and Lincoln went at The Dark Queen, and they fired powerful blasts of pink and yellow energy, rainbow energy, elemental forces, stars, galaxies, Thunderbirds, Phoenixes, Buffalo, angels, and water, and they exploded with incredible power as they hit The Dark Queen. Then, Lincoln and Yu Morisawa fired powerful red energy blasts, and as they hit The Dark Queen, Lincoln and Yu Morisawa began sucking out all of The Dark Queen's powers and abilities, and they and the rest of us made them our own, and we also assimilated her powers and abilities. Then, Yu Morisawa knocked him into the air with an upward swing of her new sword, and she and Lincoln jumped into the air, and with their massive swords in hand, they did two downward guillotine slashes down onto The Dark Queen, and beheaded her, and he exploded in purple flames, and as her spirit appeared, Yu marked her forehead with a kanji, and it also affected her minions in Oblivion, and they were condemned to The Black Gates, as their evil spirits were erased from existence forever. We came back home and we cheered wildly for what Lincoln and Yu Morisawa did, as they holstered their massive swords on their backs and power down, and Yu Morisawa's new body, clothes, weapons, angel wings, and jewelry are permanent.

Yu Morisawa: Farewell, Dark Queen, may you and your minions never come back. Thank you for helping me with taking down The Dark Queen, Lincoln.

Lincoln: (Smiles Warmly) You're welcome, Yu, and there's also something I want to give you.

Yu Morisawa: (Smirks) And I think I already know what it is.

Lincoln: (Smirks) You know me all too well, along with the rest of my future wives.

Lincoln wrapped his abnormally massive and powerful muscular arms around Yu Morisawa's waist, and he brought her into an embrace, which took her by surprise and that brought an atomic red blush to her face. Then, as Lincoln leaned down to her face, they kissed passionately as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird, Phoenix, and Angel flying up in the air, and we also saw a herd of Buffalo running across the field and stars twinkling and galaxies around them, and the display of the elemental forces. We had tears in our eyes and a smile on our faces.

Me: Wow, now that's so awesome.

Nico: You said it, J.D. And now, we're rid of all the enemies of The Battletoads for good.

Rash: You got that right, Nico.

Lincoln: And I know you guys are going to throw a party to celebrate the downfall of The Dark Queen and her minions, right?

Rash: But, it's not going to be wild, unlike the parties of Sergio, Sancho, and The Party Birds, Lincoln.

Dimitri 1: (British Accent) That's good.

Dimitri 2: (British Accent) We don't want Sancho and those party birds to cause any trouble.

Lincoln: You guys sure are taking your roles in keeping Sancho and the party birds away from any sort of parties, right?

Dylan Dalmatian: After Sergio was found guilty last year for all the trouble he caused, we're taking no chances with Sancho and his gang.

Ronnie Anne: You got that right, the trouble that Sergio, Sancho, and the party birds have caused in their wild parties has been way too much in Great Lakes City.

Syd Chang: But, we've had help from so many of our friends, especially The Dimitris, those three tough dogs don't even mess around when it comes to stopping Sancho and his party bird pals.

We saw Sancho cooing at us in anger.

Dimitri 3: (British Accent) Beat it, Sancho!

Dimitri 3 threw a sandal, and it hit Sancho, and he was forced to fly away, but not before he shook his wing in anger at him.

Me: I'm going to guess Mrs. Casagrande allowed you to use her Chancla, right?

Dimitri 3: (British Accent) That's right, J.D.

Now, we were now rid of The Dark Queen and her minions, and they will never return to cause any trouble to anyone ever again.

Later it was time for the last Ambassador Mission for Sydney.

Sydney: I have a feeling this is gonna be good.

Me: Me too.

Akira: And I can't wait to see what this world will be like.

DISK Wars Iron Man: Me too.

Nico: Akira, I need you to find good candidates to be our eyes and ears on both sides of the Civil War of this world. And take this device. (gives device to Akira)

Akira: What is it?

Nico: It's a device that transports the target to the Estate at the right moment. If said target is infected with Nanites at the times, he or she will be cured of those Nanites.

Akira: Understood Nico.

Me: Well we better get over there for a last Ambassador Mission until March 19th.

Sydney: Yep.

We were off.

We later arrived and they saw us.

UA Iron Man: Hey guys.

Sydney: Tony, meet my boyfriend. His partner is someone you're familiar with all too well.

Akira: It's an honor. My name is Akira Akatsuki and this is my worlds version of you.

DISK Wars Iron Man: Awesome to meet you.

Me: That was one of our amazing adventures that we have ever had. On another version of Earth we met Akira and his friends and the Avengers, Iron Man, Thor, Wasp, Hulk and Captain America and they were put into these cool devices called DISKS.

I pulled out a DISK.

Me: We use them to trap different supervillains when needed.

UA Iron Man: That's very genius.

Me: It sure is. And we learned about them right after a big event that we had in another universe from this one. It was The War with The Royal Defenders. We'll tell you all about that later. It was epic.

UA Iron Man: That is cool. We'll have to hear about that.

Me: It's awesome.

UA Tony: You don't have to worry for the moment. The government is still deciding whether to put the SRA in effect.

Me: We understand Tony. Nico told us to let this run its course until we arrive on March 19th. Some events in this universe are unavoidable.

Sydney: He's right on that. But it's awesome that we helped you all out.

Me: It sure is. But also we managed to find a huge loophole in the SRA. Anyone that's from another planet, another universe or in another dimension that is a hero can fight villains without restriction.

UA Iron Man: That's good! So it won't affect you guys.

Me: No thank goodness.

Akira: Wolverine, I know we just met. But… can I ask you a favor?

UA Wolverine: What is it?

Akira: Will you be one of our ears and eyes for us and find anyone and beam them to our estate in our universe when the time comes?

Akira handed him a device.

Me: It's part of an emergency protocol we came up with for after the SRA goes into affect and until the mission on March 19th.

UA Deadpool: Before you say anything, I didn't spoil the plot. I swear!

Sydney: I know you didn't. I just need to ask a favor from you.

Akira: Here. I need you to be our eyes too Deadpool.

UA Deadpool: Okay.

He handed Deadpool a device.

UA Spiderman: Um… Sydney? You might want to think about turning into Quarry right now.

Sydney: Why?

UA Spiderman: An old enemy of Wolverine's just showed up on the news. And no. It's not Magneto or Sabretooth.

Me: Who is it then?

UA Spiderman: Lady Deathstrike!

Me: Yuriko Oyama A.K.A. Lady Deathstrike! Whoa!

Sydney: We have a version of her in our Redemption Squad.

Me: It's true. But unlike what happened in this universe we actually managed to get everyone to stop hating Mutants.

UA Wolverine: That's great!

Sydney: Time to go Quarry.

Me: You're all in for an amazing treat.

She concentrated and her eyes turned green and her skin turned blue and furry and she grew taller and her legs bent and she became insect like and she turned into QUARRY!

UA Iron Man: WHOA! Is that your Quarry form?

Sydney: It sure is.

Me: Quarry is actually what's called a Manitouan Cave Hopper. They come from the planet Manitou VII that is located in an area in our universe called the Unknown Zone.

UA Captain America: That's interesting.

UA Spiderman: That is amazing.

UA Captain America: Sydney, while we're heading after Deathstrike, can you tell us your favorite parts of your Quarry transformation and your reversion to human?

Sydney: I sure can.

We were off to find UA Lady Deathstrike.

Sydney: My favorite parts are where I can jump high and spit acid and also I still have those powers even as a human being.

Me: It's true.

Akira: That is awesome.

We were then facing UA Lady Deathstrike. Me: Yuriko Oyama A.K.A. Lady Deathstrike. We've been looking for you.

Quarry: That's right.

UA Lady Deathstrike: (to Quarry) (Japanese Accent) Who or what are you?!

Akira: (in his head) This fight could be the only chance I have in planting that device Nico gave me.

Me: We're sorry to have to fight you like this Yuriko. But it's for your own safety.

I teleported and tied her up with energy rope and Akira then put the device on her.

Akira: (In his head) It's on.

Me: (In my head) Awesome. One down and who knows how many to go.

Quarry: Time for me to revert back.

Me: Uh oh. Uh you guys are gonna have to look away as she will be in her birthday suit when she reverts back.

UA Iron Man: Uh oh. Better not look.

Me: Yeah. Believe me if my daughter Nicole were here she would probably kill you. She ABSOLUTE HATES AND DESPISES ALL PERVERTS with a massive vengeance and thirst for blood.

UA Captain America: Boy I don't blame her.

Me: Me neither.

We looked away.

Me: Okay you can change back no Sydney.

She did so and got her skin and eyes and hair back and she was in her birthday suit and Akira with his back turned gave her new clothes and she put them on.

Sydney: Thanks Akira. You guys can look now.

UA Iron Man: Sydney, you'll think this is weird coming from me. But during these last few days, I've come to think of you as a little sister.

Sydney: Really? (Hugs him) I'm happy you think that!

Me: I am too. I think all heroes are brothers and sisters and are all one incredible family.

UA Captain America: That's very well said J.D.

Me: Thanks Steve. But we have to be prepared for when we all come on March 19th. Wait for us until then.

UA Captain America: We will. But what is this enemy that is coming for us? We want to know.

Me: Well okay. But I'm afraid you're not going to like it. The name of this enemy is called The Fold. They are a Nanomachine Enemy.

I went over their history.

---

The Fold, also commonly referred to as the Collective, are the primary antagonistic faction in the 2009 video game Marvel: Ultimate Alliance 2.

They are a large collective of thousands upon thousands of superheroes, supervillains, and others, that are all controlled by nanites that are linked together in a hive mind; and they were intent on dragging all of humanity into their mind-enslavement, take over the entire Earth and achieve "world peace".

Origins

The nanites were originally highly advanced nano-tech Latverian technology that was recovered by Mr. Fantastic from the Latverian attack on New York City by Lucia Von Bardas, who then used them as a way of controlling supervillains to aid S.H.I.E.L.D., led by Maria Hill, and the Pro-Registration forces, led by Iron Man, in enforcing the Superhuman Registration Act and battling the Anti-Registration heroes led by Captain America.

The nanites took control of a subject's nervous system, allowing a S.H.I.E.L.D. agent to control him or her remotely. If there was any danger of the subject breaking the nanite control, an emergency shutdown signal was sent to paralyze the supervillains,

Many of these villains included Venom, Lady Deathstrike, Molten Man, Green Goblin and Bullseye.

Unexpected Behavior

However, S.H.I.E.L.D., Mr. Fantastic and Iron Man began noticing unexpected side signals between the agents, which was not part of the system's design. Mr. Fantastic is convinced that the signals are just signal bleed, especially since there was no evidence of it being threatening. Others, including Goliath and Captain America, are sceptical. In truth, the side signals are secretly the agents using the nanites to communicate with each other, allowing them to slowly form a hive mind.

When the Pro and Anti-Registration forces clashed at a chemical plant, the nanites took advantage of the chaos to plant several bombs to bring the plant down. An L.M.D. of former S.H.I.E.L.D. director Nick Fury, who was in hiding and using the decoy to remain undercover as an agent, witnessed what was happening, and attempted to defuse the bombs. Aided by a team of several heroes, he removed all but one, which a nanite-controlled Venom allowed to detonate. Fortunately, the heroes only just survived the resulting explosion and the team was saved by more L.M.D.s of Fury.

Fury attempted to warn both Iron Man and Captain America of the rouge nanite agents, but they were too caught up in the Superhero Civil War to listen. At first believing that an unknown supervillain was responsible for hijacking the nanite agents (with the suspects including Baron Zemo, Mister Sinister and Doctor Doom), Fury sent the team of heroes, who were officially presumed deceased by both sides of the Civil War, into Ryker's Island to find the nanite logs in an effort to deduce who was responsible for nanite agents' odd behavior.

After they gain access to the logs, thanks to help from the Tinkerer, they discover the ugly truth: there was no unnamed mastermind responsible for the agents' behavior and he further explained that the network linking their minds became so large and complex enough to become a sentient intelligence, thus beginning to override S.H.I.E.L.D.'s control over them. Knowing that a potential antidote can be developed from a pure sample of nanites, Fury and the heroes travel to Prison 42, deep in the Negative Zone, to collect it. While they did in fact succeed, Captain America, whose forces were clashing with Iron Man's, cut the power to release his allies, and therefore, releasing all of the nanite agents from their cells.

## Taking Over

With all of the agents unleashed in force, the nanites shook off S.H.I.E.L.D.'s control over them, quickly overriding the shutdown signal, killing many of their handlers and began expanding their hive mind by kidnapping remaining agents as well as superheroes. Calling a truce, both teams of heroes banded together to fight back. Knowing that they cannot defeat them head-on, Fury began activating the prison's self-destruct sequence to prevent the nanites from escaping to Earth. Although many heroes managed to escape, some were left behind, including Fury, Black Widow, Cable and Havok, and with no direct portal to return, their fates were left unknown for the time being.

At first, the heroes believed Fury had sacrificed his life to stop the nanites from returning to Earth. But then, nanite control-signals began appearing everywhere in the globe: a mass invasion was in progress. Spreading across the world, the nanite collective, now calling themselves the Fold, began taking over everyone in their path, mainly targeting superhuman beings to advance their shared power base. Defending the African nation of Wakanda, the heroes soon discovered that Fury and the other heroes left behind in the Negative Zone had been inducted into the Fold's ranks, with Fury as their figurehead and using his decades of information, he ordered an successful attack on Stark Tower, therefore inducting any heroes there, including She-Hulk, Colossus, Hercules and Firestar.

As more and more beings were assimilated into the Fold, some of the superhero community's greatest minds, including Tony Stark, Bill Foster, Hank Pym and Reed Richards, began developing a well-coordinated strategy to defeat the collective before they become unstoppable. They also cure Venom and Green Goblin of their nanite infection, allowing them to assist the heroes. The heroes then discovered massive repeater towers were being set up around the globe to keep the nanite signals going. The networks' grid was adaptable if any of the towers were to be destroyed, but the heroes found that if their shutdown signal was to be sent from one of those towers, it would be able to succeed.

## Defeat

A repeater tower found in Iceland was found to be in the optimal position for the shutdown signal to reach the entirety of the Fold before they can react to it. Facing the full might of the Fold, a strike team of heroes were able to fight their way to the top of the tower and successfully transmitted the signal, but not before learning that the Tinkerer was the creator behind the Fold the entire time.

However, none other than Nick Fury himself, having been outfitted with enhanced cybernetics and brand new nanites, arrived to stop them while being the only Fold collective agent left unaffected by the signal. Able to call upon the powers of all under the Fold's control, Fury pushed the strike team to their limits, but he was eventually defeated, ending the Fold crisis once and for all. The nanite cure was then distributed by S.H.I.E.L.D. for the Fold victims, and even Fury was restored to his former self, while the Tinkerer was most likely brought to justice for his crimes.

When I was done they were all shocked!

Later Me, Akira, Sydney, and Tony were watching TV.

New Warriors announcer:… And coming to you live on the show 'New Warriors' from Stamford, Connecticut! The warriors have now found their super-villain quarry, most importantly the leader Nitro!

Me: Robert Hunter A.K.A. Nitro and Kateri Deseronto A.K.A. Coldheart. These guys are no pushovers.

Sydney: No they sure aren't.

Speedball: Okay… four of them… let's go guys! (Tackles Coldheart down) I have Coldheart, you guys! Somebody go after Nitro, now!

Namorita: Don't worry about it, I'm on it!

Me: Robbie Baldwin A.K.A. Speedball and Namorita Prentiss.

Namorita flew a bit until she punched Nitro into a school bus

Namorita: (picks Nitro up) On your feet Nitro! And don't bother using your stupid explosion tricks! It WON'T work on me!

Nitro (chuckles darkly): Oh baby… you don't even know… you're playing with the big boys now.

Nitro's eyes glowed orange and suddenly exploded.

Me: UH OH!

Then…

KRABBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOO

HE EXPLODED! Destroying himself and the New Warriors along with civilians, houses, and even children, and left a large crater.

Me: HOLY FUCKING SHIT!

Sydney: What an explosion!

Akira: Look at all the destruction!

Me: He used a Kamikaze move!

UA Tony: Sydney, you, Akira, and JD need to get out of here! It's only a matter of time before the SRA gets passed. And I know the last thing you guys want is to fight fellow heroes.

Sydney: (starts to cry) But Tony. I can't leave you guys!

UA Tony (hugs her): I know you don't. But I have faith you and the others will get us out of this mess.

Me: Right! We'll see you around on March 19th Tony. Just hang tight. Remember to never lose hope. All will be well!

We went back to our universe fast!

UA Tony: J.D., can I ask a favor from you when you get back to your world?

Me: What is it?

UA Tony: Wipe from our minds everything you told us about the Fold until March 19. The last thing we need is Hill using that information to her advantage.

Me: Understood. I'm sorry I told you but I was hoping to give you an insight on what is gonna come later on. But sure thing. (Snap fingers)

I erased the memory of what I told them about the Fold.

UA Tony: Thank you. Now go!

We left.

We came home.

May: Looks like Sheila's Ambassador missions are next. (sees Sydney crying) Sydney, what's wrong?

Me: It's a really ugly story.

Akira: Yeah.

We told everyone everything that happened and they were shocked, horrified and speechless.

Nico: It has begun.

Eli: Yep. I hope they hold out till March 19th.

Nico: Yeah.

## TANZANIA 🇹🇿

We were flying over the Serengeti and we heading for Mount Kilimanjaro, the highest mountain in Africa.

Wizardmon: I wonder what we'll find here.

Me: Don't know.

Eli: I had a dream last night and I saw a familiar face that I know locked in crystal somewhere hidden under Mount Kilimanjaro.

Me: I wonder who it is bro?

Nico: We'll have to find out. Looks like we'll have to go in through the top.

Sydney was still crying and Akira was comforting her.

Seeing Sydney cry really was hurting my heart.

Me: Poor Sydney. I don't know if Sydney is gonna be able to hold out till March 19th.

Nico: She has to try.

We flew in through the top of Mount Kilimanjaro and we went through a cave.

We went down deep into the mountain cave and it was amazing.

Me: Wow! I didn't know this cave was here in Mount Kilimanjaro.

Nico: This is amazing. And Mount Kilimanjaro is an ancient volcano.

Twilight Sparkle: Has Mount Kilimanjaro ever erupted?

Nicole: No not in modern human history. The last Eruption of Mount Kilimanjaro happened 380,000 years ago. And it hasn't erupted ever since.

Nico: Wow.

Laney: Yeah it was cool seeing Mount Kilimanjaro when we were here on our Global Adventure.

Me: Yep.

We then saw a strange light coming from a room and then we went to it and we saw an unbelievable sight! We saw a massive cave and it was FULL OF ENORMOUS TANZANITE CRYSTAL CLUSTERS!

Iruka Umino: Look at all this!

Me: WOW! It's a huge Tanzanite Crystal Cave!

Rarity: Oh these are really magnificent darlings.

Edd: What amazing specimens.

Cybertron Ransack: You know, almost anyone could steal this crystals.

William: Are you suggesting that we steal them?!

Cybertron Ransack: It's not stealing if you take them fast!

Me: Hey guys! We discovered this entire crystal cave so it's ours.

Nico: He's right.

Eli: That's not all that's here! Look!

We went to Eli and we then saw a shocking and incredible sight! Frozen in a crystal in a state of suspended animation was LUCRECIA CRESCENT, SEPHIROTH'S MOTHER FROZEN IN CRYSTAL STASIS!

Aerith: (GASP) IT'S…

Yuffie: It's Lucrecia!

Leon: Lucrecia Crescent!?

Me: Oh man! Do you know her bro?

Eli: I sure do. When I was adopted by Aerith, she introduced me to her and we became really close.

Me: Wow!

Nico: But how are we gonna get her out of there?

Laney: First what can you tell us about her Eli?

Eli: Lucrecia is very amazing.

He told us her history.

---

Lucrecia Crescent is a non-playable character from the Compilation of Final Fantasy VII. She is Sephiroth's birth mother.

Lucrecia initially appeared briefly in Final Fantasy VII in optional scenes, but her role was expanded in Dirge of Cerberus -Final Fantasy VII-, giving her a larger role within the Shinra Electric Power Company Science Department and crediting her with research into Chaos. More details of her became available in Dirge of Cerberus -Final Fantasy VII-, such as her surname, her birthday (July 22), and her bloodtype (B).

In the Japanese versions of Final Fantasy VII, she is referred to as ルクレッツィア (Rukurettsia?) in Lucrecia's Cave and its associated flashbacks, however, when Vincent speaks of her in Nibelheim and in all instances outside of the game, she is referred to with the kana given at the beginning of this article.

Lucrecia, once a Class A Biotechnologist for the Shinra company, worked as an assistant to Vincent's father, Grimoire Valentine. They discovered two Weapons developed by the Planet used as part of the Lifestream's emergency function. Together, Grimoire and Lucrecia discovered the cave where it was thought Chaos would awaken at the appointed time. The newly-discovered Chaos killed Grimoire and Lucrecia's research was discarded as nonsense.

Lucrecia was appointed to work on the Jenova Project along with Gast Faremis and Professor Hojo. Vincent Valentine, a member of the Department of Administrative Research (which would later be known as the Turks) was assigned to protect the scientists. Lucrecia recognized Vincent as Grimoire's son and was shocked Shinra would assign the son of her deceased mentor as her bodyguard. As time wore on she began spending time with him when the two were off work, although she concealed having known his father, and the two grew close.

When Vincent spotted a document left on Lucrecia's work monitor telling of her time working with Grimoire, he confronted her and she revealed her culpability for his death. Vincent attempted to console her, but Lucrecia was overcome by guilt and sought Hojo for comfort. Vincent let her go, only wanting for her to be happy, but after that day, she became downcast.[3]Lucrecia and Hojo started a relationship and Lucrecia became pregnant. They agreed to use their unborn child as a test subject for the Jenova Project by implanting him with Jenova cells in the embryonic stage. This had an unexpected side effect: Lucrecia was frequently in pain and experienced visions of her son and the future atrocities he would commit.

When Vincent confronted Hojo about what was going on, Hojo shot him and experimented upon his corpse, but soon labeled this side experiment a failure and discarded him. Lucrecia, devastated by Vincent's death, used her knowledge about Chaos to resurrect him by introducing Chaos energy to his body. Vincent's body was strong enough to become a Chaos vessel due to what Hojo's experiments had already done to him, but Chaos was out of control and only stopped when the Protomateria reacted to it.

The Protomateria, which she and Grimoire had discovered and which Lucrecia theorized to have been created by the Planet "out of necessity as a means to control Chaos and prolong its own inevitable fate", had been in Lucrecia's laboratory presumably since Grimoire's death. She put it inside Vincent's chest and thus Vincent was able to control Chaos to a degree, but while it halted Vincent's decay, it did not immediately resuscitate him.

Sephiroth was taken away without Lucrecia even being allowed to hold him. While dealing with the emotional turmoil surrounding the loss of her infant son and the death of Vincent, Lucrecia was overcome with self-loathing and sorrow. She gave up on attempting to save Vincent and attempted to kill herself, but not before leaving her thesis about Chaos and Omega for the still unconscious Vincent. Due to the Jenova cells in her body, Lucrecia was unable to die and fled, ending up in the Crystal Cave where she and Grimoire had discovered Chaos.

Many years later, when the Planet is faced with destruction at the hands of her son, Lucrecia is found by Vincent while he is traveling with Cloud's party. When Vincent attempts to approach her, Lucrecia tells him to stay back. Vincent flashes back to his time spent with Lucrecia on the Jenova Project, and Lucrecia explains she felt such guilt she wanted to disappear or die. Lucrecia has been dreaming about Sephiroth and asks if her son is still alive, as she has heard about his supposed death but doubts the veracity of the news. Vincent, who does not have the heart to tell her of the horrible things Sephiroth has done and is planning to do, tells Lucrecia that Sephiroth is dead.

Lucrecia remains in the cave and becomes encased in crystallized fountain of natural Materia that was there when she and Grimoire first discovered the cave. Vincent has several visions of her attempting to communicate with him through the crystal concerning Chaos, but the only words he is clearly able to make out are "I'm so sorry." These were the last words she spoke to Vincent before running from him and starting a relationship with Hojo.

Following Omega's destruction, Vincent returns to the Crystal Cave and informs Lucrecia that Chaos and Omega have returned to the Planet. He tells her that "everything is all right now," thanks her, and tells her she is the reason he survived. As Vincent departs, a tear rolls down Lucrecia's cheek.

It is stated in the Dirge of Cerberus -Final Fantasy VII- Official Complete Guide by Scenario Coordinator Hiroki Chiba and Producer Yoshinori Kitase that Lucrecia is still alive, that the crystal she resides in is a product of Lucrecia herself, and that her imprisonment within it is self-imposed.

---

When he was done we were shocked!

Me: This is rough! I don't know how we're going to break the news to her about her son Sephiroth turning into a ruthless genocidal monster.

Laney: That will be really rough on her heart and soul.

Nico: Lets get her back to the estate and get all the crystals here back too.

We did so and put all the crystals into scrolls and then put Lucrecia in a scroll and then we left.

Me: Okay. Now lets see if we can get her out.

Nicole: Leave that to me.

Nicole fired a beam of magic and she got Lucrecia out and Eli held her in his arms and she groaned.

Ultra Magnus: Lucrecia, are you okay?

Nico: Let her have some space Ultra Magnus.

Lucrecia opened her eyes and she saw Eli for the first time in a while.

Eli: Lucrecia are you all right?

Lucrecia: Eli? Is that really you?

Eli: Yeah it's me.

Lucrecia: Eli wow! You look amazing. You sure have grown.

Eli: I'm now 11 years old now. A lot has changed since we saw each other.

Me: We found you in a crystal cave under Mount Kilimanjaro in Tanzania.

Lucrecia: J.D.?

Me: Yeah that's right. But we have so much to tell you. First lets get you some food. You must be hungry.

We told her everything and she was eating lots and lots of food as we told her everything.

Lucrecia: Wow that is amazing!

Zuko: Sydney, I know you're sad about what's about to happen in the Ultimate Alliance world. But I promise you that when the time comes, we're going to stop the Fold and get the SRA repealed.

Maria: No matter whose ass we have to kick in the process!

Me: That's right Sydney! The Fold and the SRA are a massive threat and we'll make sure that they both get destroyed.

Nico: Yeah! And we'll all do it together when the time comes.

Sydney: Oh you're right. Thanks guys. You all are true friends.

Nico: Anytime.

Girl Jordan then came in.

Girl Jordan: Guys Sakura is sick!

Me: Oh no!

We went to Sakura Avalon's room and we saw her laying in bed and she looked really bad.

I went over to her and I felt her head.

Me: Oh man she has a bad fever.

Nico: I hope it's not something serious.

Eli: Wait I'm sensing a massive energy increase that's about to appear inside her.

Nico: Really?

Eli: This fever means she's about to transform.

Nico: Whoa! That is amazing.

Me: Weird. But cool.

Laney: Yeah.

Sakura Avalon: (Groans) Am I really going to transform?

Me: You sure are Sakura.

Nico: Yeah. King Kai: (Telepathically) Nico, can you hear me?

Nico: King Kai, what's wrong?

King Kai: (Telepathically) I've got some really bad news: Chris Hargensen has escaped from Hell, and she wants revenge on you guys and Carrie White-Loud for all of the humiliations that you gave her, and for sending her to Hell last year on Halloween.

We gasped in shock when we heard the news.

Lincoln: What?! Ugh, that heartless spoiled brat just doesn't even know when to take a hint.

Carrie White-Loud: Even after I sent her to Hell forever, she just doesn't know when to quit, and now, she wants revenge on us once again.

Nico: So, not even getting sent to Hell for eternity can keep that bitch, Chris Hargensen, down. Well, there's only one thing that'll fit someone like her: The Black Gates.

Sakura Avalon: After everything that she's done, she needs to be put down like the mad dog that she really is.

Nico: You got that right, Sakura. What Chris Hargenson did has made her just as bad as Mandy.

Lincoln: I was just about to point that out, Nico. Chris Hargensen is a heartless, sadistic, psychotic, spoiled brat who thinks she's better than anyone, and with her notorious felon boyfriend, Billy Nolan, at her side, she, along with Margaret White, had caused this whole Chamberlain nightmare, and it'd cost so many people their lives, and Carrie was subjected to that whole nightmare, but we saved her from it.

Nico: That's right, we did, and we made sure that Chris Hargensen and Margaret White paid the price for their crimes: getting sent to

Hell, where they'll burn for eternity.

Lincoln: But, for Chris, she refuses to stay in Hell, so, you're right, she's getting The Black Gates.

Sakura Avalon: Let me be the one to deliver her punishment, guys.

Nico: Okay, Sakura, you got a deal.

Then Dark Spicer, Kyd Wykkyd, P'andor, Avalanche, Kitty, Man Ray, Moonstone, Tar Pit, Number 7, and Zs'Skayr then appeared.

Dark Spicer: Can me, Kyd Wykkyd, P'andor, Avalanche, Kitty, Man Ray, Moonstone, Tar Pit, Number 7, and Zs'Skayr go with you guys this time?

Nico: You sure can. We're just going on a patrol to see if there's any activity going on.

Me: It will be awesome.

RD Leni: Nico, which Gene Slammer do you think you'll meet on your next rescue?

Nico: Hmm. Lets see. I'm hoping to meet a Polymorph Gene-Slammer next.

Ben: One of Goop's kind next. That's an interesting one.

Me: But it'll be cool to see how that one will turn out.

Laney: It sure will.

Sakura Avalon then got up.

Kero: Uh don't you think you should stay in bed Sakura?

Sakura Avalon: If I'm gonna transform then I got to go with everyone.

Me: Normally we would object to that but okay.

Kyd Wykkyd: Guys, we heard the news, is it true that Chris

Hargensen has escaped from Hell?

Nico: You heard right, Kyd Wykkyd, Chris Hargensen's escaped from Hell, and she wants revenge on us not only for the humiliations that we gave her, but also, for sending her to Hell on Halloween last year.

Avalanche: What a heartless bitch, well, we all know what this means: it's The Black Gates for her.

Me: That's right, and Sakura Avalon's going to be the one to send her there.

Dark Spicer: Awesome.

Nico: Lets head out.

We were off to the city.

P'andor: (to Ben) (Russian Accent) Why don't you help Nico in his next rescue?

Ben: Not a bad idea.

Me: I was gonna have either Suu, Jelli, B.O.B., Blob, Clayface or any of the slime girls go with you but that works perfectly.

Nico: It sure does.

Something sinister was going down at Jake Long's school.

Rotwood couldn't believe his eyes from inside his office. Jake Long was in the hallway peeing!

Rotwood: This can't be right! Mr. Long would never do such a thing. I better call the others after this impostor leaves.

He did so.

Nico then got a call on his phone.

Nico: Hello?

Rotwood: Mr. Chan it's Rotwood!

Nico: Hello Rotwood.

Rotwood: Something is not right. Mr. Long is peeing in the hall.

Nico: WHAT!? But that's impossible. Jake Long is right here with us.

Rotwood: That's what I know and that is the work of an impostor.

Nico: We're on our way.

We were off to the school.

We went in and smelled a really foul odor.

Commander Mars: Eww! What stinks in here?!

Nico: Smells like fire and brimstone!

Laney: I think it's that!

We saw an ugly green stain on the floor and it then burned a huge hole through the floor like acid!

Nico: WHOA! Dragon pee is as strong as sulfuric acid!

Jake Long: Yeah that's why we never use toilets.

Eli: Gross.

Kitty: Rotwood? Where are you?

Rotwood: In here! Quickly!

We went into the office.

Nico: This is so strange. Jake would never do something so inhumane.

Jake Long: Yeah it's not in my nature.

Rose the Huntsgirl: Yeah no kidding.

Sinestro: Jake, do you have any evil clones of you that you fought in the past?

Jake Long: Now that you mention it there is one and that was an evil version of myself! I call him Evil Jake!

Nico: What can you tell us about him?

Jake Long: It's not pretty.

He told us about him.

---

He is the evil counterpart of Jake Long. He is accidentally created by Jake and attempts to take his place by absorbing his chi energy. He only appears in the episode "The Doppelganger Gang" in Season 2 and never makes another appearance.

Origin

In "The Doppelganger Gang", Jake learns the benefits of splitting his chi energy into perfect copies of himself, which are called Doppelgangers. But, when Brad challenges Jake to a fight, Jake attempts to make another clone to take the hit in his stead. However, Jake inadvertently uses a negative chi amplifier that causes the new Doppelganger to be 100% evil, hence creating an Evil Jake clone.

---

When he was done we were shocked!

Eli: Oh man!

Me: So we have an evil doppelganger running amok and causing mayhem.

Mayhem (Allstate): You bet and I like it.

POW!

I punched him in the face and smashed him down.

Me: That Mayhem guy is stupid.

Man Ray: So, we're dealing with a clone who has all of Jake's powers but is able to use them for evil?!

Jake Long: That's right. A Chi Clone gone bad when I accidentally used Negative Chi.

Me: Oh man. Like with that one episode of Star Trek that I remember The Enemy Within.

Nico: I remember that one. That was freaky and they couldn't hurt the clone because it would hurt Kirk too.

Jake Long: Yeah but this clone doesn't do that thank goodness.

Jake Long: This is why I never used that chi splitting ability again!

Nadira: I can see why!

Me: I don't blame you for that. That is nuts.

Nico: Yeah no kidding.

2003 Leo: We should introduce you to the Ninja Tribunal and the Accolytes that we met one day. They know amazing Chi powers too.

Nico: I heard about them. I heard they helped you all deal with a horrifying demon version of The Shredder.

Me: A demon version of the Shredder?

2003 Raph: Yeah he was one NASTY guy.

---

The Tengu Shredder is the overarching antagonist of the 2003 Teenage Mutant Ninja Turtles series, being the main antagonist of the fifth season (Ninja Tribunal Arc). He is the the original incarnation of the Shredder, the sinister fusion of the ancient warrior, Oroku Saki and the Shredder demon, and was the one who inspired the evil Utrom, Ch'rell into posing as the Shredder.

Like Utrom Shredder and Cyber Shredder, he was voiced by Scottie Ray.

In the 4th century A.D., a tengu demon known as the Shredder appeared out of nowhere and began ravaging Japan in his quest to conquer the entire world. In order to deal with this threat, the Emperor of Japan summoned five of the greatest warriors in the country: Kon, Juto, Chikara, Hisomi, and Oroku Saki. Each warrior was armed with mystical armor, which they used in their battle against the Shredder. Four of the warriors were overwhelmed by the Shredder's might, but Oroku Saki was able to deal heavy damage to the demon before stabbing it in the heart with his sword, causing its to disappear completely. The five went back to the Emperor, who rewarded their victory and bravery by naming them the Five Dragons and giving them the symbol of "Three-Toed Sign of the Dragon", which was an incredibly high honor.

Unbeknownst to them, however, just before Saki finished it off, the tengu contacted him on the astral plane and made him an offer: in exchange for allowing it to survive by merging with Saki's soul, Saki could become all-powerful and rule over all. Saki, who was already hungry for power, accepted the bargain, taking the tengu's soul into his own and finishing off his lifeless husk. Soon after the ceremony, he took on the identity of the Shredder, using his dark powers to destroy the emperor's palace and summon an army of demonic ghosts to aid him in conquering Japan. He even adopted an upside-down version of the Five Dragons' symbol for himself. In order to combat this new threat, the other Dragons went around the world to learn new skills from mystical masters. In doing so, they evolved from being mere mortals to forces of nature themselves.

They then returned to Japan and stormed the Shredder's stronghold to fight their former comrade. At first, Saki was amused by his former friends' defiance, but then found himself overwhelmed by their new abilities. Desperate, Shredder then manifested his avatar form: a demonic dragon to eliminate them. In response, they manifested their own dragon forms and fought back. After a furious battle that destroyed the entire fortress, the Shredder was ultimately defeated and reverted back into his human form, but could not be destroyed. Thus, the heroes then sealed him into a coffin where they hoped would remain for eternity, with him swearing revenge just before the lid closed on him. They also divided his power between his body, his helmet and gauntlet and hid all three separately from one another, so even if he was released, he would not be at full strength.

To make sure he never returned, the Dragons formed the Ninja Tribunal that taught their secret arts to only the most worthy of warriors. Seven centuries later, the evil Utrom criminal named Ch'rell took on the persona of Shredder, using the legend surrounding it to earn fear and respect. The original Shredder's top minions known as the Foot Mystics wished to revive their old master, but fell under the control of the new Shredder via amulet, which was then inherited by Karai upon his defeat.

In the 21st century, the Foot Mystics were unwittingly freed from Karai's control by the Turtles and Agent Bishop, seeking to bring back their master, displeased that she took up his persona. They managed to obtain the gauntlet, helmet and main body after defeating the Ninja Tribunal and brought them to New York, where they revived Tengu Shredder. He decided to get his revenge on Karai for taking his identity and hunted her down in the Oroku Saki Memorial Library. After easily defeating her forces, Karai fought him herself, and was able to fight him off with magic-based technology Dr. Chaplin had made, but his helmet was knocked off and his face resembled that of Ch'rell's android suit. This distracted Karai enough for Tengu Shredder to catch her off guard and transformed the sword she'd stabbed him with into a snake monster, which he sent to destroy her. Eventually the snake had Karai wrapped up against a pillar and it and Tengu Shredder both attacked her, but he accidentally beheaded the snake. Angered, the demon warrior used his magic to pin Karai against a wall and stripped her of the Shredder armor. The Tengu Shredder considered letting her live as a slave, but the Ninja Turtles interfered, allowing Karai to break free. He summoned his army of demons and the undead he had amassed over the years, transforming the tower they were in into a graveyard. While his minions held Karai in place, Tengu Shredder prepared to finish her off, but Chaplain tried to protect her. Seeing he was in love, the demon warlord decided it time was to end this and managed to wound Karai. But the Turtles summoned their Dragon Avatars to fight the Tengu Shredder, making him and the Foot Mystics retreat and, looking upon the new modern world, he planned to reshape it and make it his own.

The Tengu Shredder took control of the Mayor's office, transforming it into his citadel and New York into a world of monsters. Since he needed more energy to complete the transformation, the Foot Mystics had the city officials create keystones in a triangular shape for amplification. The Turtles tried to stop the spell, but the Tengu Shredder found out, getting angry that he wasn't told of this by the Foot Mystics. He gave up a large portion of his power stopped their plan so the transformation was successfully strengthened.

See the end of the world the horizon, the Turtles gathered together everyone they know for a final battle, which included other students from the Ninja Tribunal and the Justice Force, as well as Agent Bishop, Baxter Stockman and the Purple Dragons. Karai had a means of draining his energy so they could take his gauntlet and helmet. This worked and Tengu Shredder was rendered unconscious, but Hun kicked him to ensure he was done, waking him up.

He blasted Hun away then transported Splinter, the Ancient One, and the Ninja Turtles outside and mounted a demonic horse to take them down. After bringing down the Turtles, the Tengu Shredder attacked Splinter when Hamato Yoshi appeared from the Turtles' medallions. Taking the Shredder's trident from him, he drove it into the demon warlord's armor, making him lose power. To restore himself, Tengu Shredder turned New York back to normal and transformed into a dragon, with the Turtles doing the same. They continued to battle and the Tengu Shredder proved too strong, but Karai began draining his energy again. He tried to destroy her, but the Turtles got in his way and started fighting back. Eventually the Tengu Shredder got so weak, he returned to human form and desperately launched one last charge, but was knocked around so that he lost his helmet and gauntlet.

Michelangelo snapped the gauntlet in half and Leonardo stomped on his helmet, rendering both useless. As the Turtles regained their humanoid forms, the Tengu Shredder was slashed in half by Yoshi, ending him.

When he was done we were shocked and amazed!

Nico: WHOA!

Me: So the Utrom Shredder based himself off the Original Shredder! How freaky.

Nico: But that is amazing! Wow! And that is awesome how you all teamed up with the Ninja Tribunal and the Accolytes to take down Oroku Saki who became the Original Shredder.

Eli: Yeah it sure was! Wow! And after 1700 years you all destroyed him for good.

Me: Utrom Shredder was a FAKE! But that monster still got what was coming to him and there are still many incarnations of The Shredder still out there. And they all will pay the ultimate price for their crimes. Starting with the 2012 Shredder. Except for the 1987 version.

Nico: Yep.

Eli: Uh oh. Look what happened to the lockers.

We saw something.

Avalanche: (sees what Evil Jake sprayed on the lockers) "I'm a bad boy"? Bad boy is right!

Me: You're not kidding! This is vandalism!

Nico: Yeah!

Jungle Fury Jarrod: If we don't stop this, Jake's gonna be blamed for all of it!

Nico: I agree. We have to stop him fast!

Eli: I'll sense for him.

Nico: Okay.

Kyd Wykkyd: I'll teleport around the area for any sign of the impostor.

Nico: Right.

He teleported and looked around for the Evil Jake.

Nico: While we're waiting we might as well hear more about the Ninja Accolytes and the Ninja Tribunal.

2003 Leo: You guys will love working with them in the future.

2003 Raph: Their names are Faraji Ngala, Adam McKay, Joi Reynard and Tora Yoshida.

They told us all about them.

---

Joi appears as one of the eight chosen acolytes in the Turtles2003 animated series' so-called "Lost Episodes". Almost nothing is known about her past, but it is hinted that she is, by one parent, part Japanese. She and her fellow Acolytes, as well as the Ninja Turtles, were deemed worthy enough by the Ninja Tribunal to join the battle against the Tengu Shredder. Her spirit avatar was a hawk, which represents fearlessness.

During a trip to find artifacts that would prevent Shredder's resurrection, Joi appeared to be killed in battle with the Foot Mystics, but reappears later in the season, having mysteriously survived (implied to have been saved by the Ninja Tribunal). However it is a mystery as to how she came back from the dead.

During some episodes, it was hinted that Raphael had developed a crush on her, and even invited Joi to look the Turtles up should she ever come to New York after the battle was over. Joi returned the feelings apparently, telling Raph "let's survive this first, eh tough guy?". The two often fought together, with Raph frequently saving her, as well as avenging her when she presumably died. After this, he said "that one's for you Joi. I won't forget ya'" However, some other episodes implied that she was only staying close to him to piggyback on his efforts, as she did not succeed nearly as much as any of the other acolytes.

Faraji appears as one of the eight chosen acolytes in the Turtles 2003 animated series' Lost Episodes. He and his fellow Acolytes, as well as the Ninja Turtles, were deemed worthy enough by the Ninja Tribunal to join the battle against the Tengu Shredder. During a trip to find artifacts that would prevent Shredder's resurrection, Faraji appeared to be killed in battle with the Foot Mystics but reappears later in the season, having been mysteriously not killed.

Adam appears as one of the eight chosen acolytes in the Turtles 2003 animated series' "Lost Episodes". He and his fellow Acolytes, as well as theNinja Turtles, were deemed worthy enough by the Ninja Tribunal to join the battle against the Tengu Shredder. During a trip to find artifacts that would prevent Shredder's resurrection, Adam appeared to be killed in battle with the Foot Mystics, but reappears later in the season, having been mysteriously not killed.

He also develops a crush on Chikara.

Tora appears as one of the eight chosen acolytes in the Turtles 2003 animated series' "Lost Episodes". He and his fellow Acolytes, as well as the Ninja Turtles, were deemed worthy enough by the Ninja Tribunal to join the battle against the Tengu Shredder. During a trip to find artifacts that would prevent Shredder's resurrection, Tora appeared to be killed in battle with the Foot Mystics, but reappears later in the season, having been mysteriously not killed

When they were done we were amazed.

Nico: That's awesome and amazing.

Eli: Wow.

Me: Wow! That's amazing that you all have awesome friends with the Ninja Tribunal.

Nico: It sure is.

Eli: What can you tell us about the Ninja Tribunal?

2003 Donnie: That is a really awesome story.

He told us all about the Ninja Tribunal

---

The Ninja Tribunal are a group of four Ninjutsu masters who recruit the Ninja Turtles and four other humans as acolytes to combat an unspecified threat.

During the fifth, "lost" Season of the 2003 TV series, it is revealed that the Tribunal's self-imposed mission is to prevent the resurrection of Oroku Saki, a man/demon who once terrorized Japan as the first Shredder. To that purpose, they have recruited acolytes over the centuries, to whom they teach the hidden secrets of ninjutsu.

History

During the early fourth century, the people who would become the Ninja Tribunal, as well as a human Oroku Saki, were Japan's five greatest warriors. They rose to fame after they, under the order of the Emperor of Japan, slew a feared tengu called The Shredder. In honor of this victory, they became known as "The Five Dragons".

Unbeknownst to all, their victory was not total. Oroku Saki, who had seemingly landed the killing blow to the Tengu, had secretly struck a deal with the demon. In exchange for power, Saki allowed the Tengu's spirit to depart its body and to enter the human's, allowing the Shredder to live on; the demon Saki had slain was but an empty husk. Now imbued with the Tengu's power, Saki began a reign of terror throughout Japan, aided by a demon army.

The four remaining Dragons, although powerful, realized that they would never defeat their former comrade in their current state. In order to increase their strength, they travelled around the world in order to acquire the knowledge and power to defeat Saki. Once successful, they transcended humanity, becoming immortal "forces of nature themselves" as described by the Ancient One.

With their physical and mystical power vastly increased, the four heroes engaged Oroku Saki in battle in order to bring an end to his tyranny. After finally defeating Saki in their dragon avatars, the four warriors knew that the Shredder could not be destroyed - his evil magic was too great. So, they imprisoned Saki in a coffin, and hid the three artifacts; his helmet, gauntlet and body. If the three artifacts were to be united, the Shredder would rise again. They have since kept constant vigil over the artifacts, recruiting acolytes (the Ancient One among them) and imparting their secrets to them, secrets that eventually came to be known as Ninjutsu.

The Ancient One's student, Hamato Yoshi, came to the Tribunal to ask for their aide to defeat the Utrom Shredder Ch'rell, but the Tribunal refused, as the alien was not the true Shredder, even dismissing Yoshi's concerns that Ch'rell may challenge the original Saki. This ignorance led to Yoshi's death at the hands of Ch'rell.

After Splinter brought back Yoshi's ashes back to Japan, the Ancient One informed the Tribunal of Yoshi's passing but they were unconcerned. Unknown to everyone, the Ancient One was followed by a bone demon, sent by the Foot Mystics to locate the Shredder's objects. But the young Turtles were able to see through the cloak and damaged the amulet that hid him, allowing him to be defeated. The Tribunal admired the Turtles' prowess but erased their minds and sent them back home. They would later choose them to be Acolytes. The Tribunal began training them to progress from Acolytes to masters, as noted by Master Splinter in New World Order, Part 1 but their training was interrupted by the Heralds of the Shredder and never finished.

With the Foot Mystics release from Karai's grasp, the Tribunal made their move to train the new Acolytes and secure the Shredder's artifacts. But once all of them were at the Lap of the Gods, the Mystics obtained them, seemingly destroyed the Tribunal.

However, the Tribunal taught their acolytes a lesson that everything they know about the world, themselves and about reality itself would be challenged and secretly allowed their Acolytes to live, watching how events unfold. When the Shredder was defeated, the Tribunal appeared, explaining that by causality, by not helping the Utroms, it created Splinter and the Turtles. But they also silently knew that the

Utrom shredder was just as evil it did pain them not to help him. Now that their duty is done, they prepared to "move on" and invited the Ancient One to join them.

The Tribunal later returned to attend Casey and April's wedding. Hisomi-Shisho didn't particularly like Gennosuke trying to write his name over his present. The Tribunal helped the Turtles fight off the attack by the Cyber Shredder.

---

When he was done we were amazed!

Nico: WHOA! That is awesome.

Laney: It sure is. It's just absolutely incredible that they have lived for so long to prevent the Tengu Shredder from Returning and he was in the form of the real Oroku Saki.

Lana: Yeah no kidding.

Me: That is incredible. But what Oroku Saki did was completely unforgivable. Thankfully he didn't kill millions of innocent people like Ch'Rell did.

2003 Master Splinter: No thankfully he didn't. But he was still just as evil as Ch'Rell was.

Me: That's true Master. But if the real Oroku Saki ever returns, he will be getting a massive dose of pain and suffering from me. 1700 years worth of it.

2003 Master Splinter: Do not worry J.D. We made sure that Oroku Saki can never return. The Aparoids, Number Cards and Dark Orbs will never be able to find him as he was destroyed forever.

Me: Oh. Thank goodness.

Taylor: I've got an idea.

Maria: What is it?

Taylor drew an x on Jake's head.

Taylor: There. Now, we can tell them apart.

Me: Very clever.

Nico: I was just about to do that.

We then walked around the school.

Spud: Dude, tell us that we didn't just see you pee in the hallway an hour ago!

Tar Pit: Relax. It wasn't him.

Me: It was an imposter.

Nico: It's an evil clone of him.

Spud: Oh man! Not that evil clone Jake accidentally made!

Me: I'm afraid so.

Trixie Carter: The Evil Jake never behaved this evil before.

Ace: I think he decided to increase his evil.

Me: I have that same feeling myself and we have to stop him.

Nico: Yeah who knows what he is capable of.

Laney: Yeah.

Moonstone: I don't think he even cared that his pee was like acid.

Moondancer: I don't think so either.

Me: Yeah that is potent.

Trixie Lulamoon: It's a kind of disgusting habit that not even The Great And Powerful Trixie can forgive!

Me: I agree too Trixie.

At the park Brad Morton then saw Evil Jake selling Marijuana to kids!? WHAT THE FUCK IS GOING ON!?

Brad Morton: (Sees what Evil Jake's doing) Long, what the Hell are you doing?!

Evil Jake: (smirks) Whatever the Fuck I want, Brad, old buddy!

Brad Morton: I know you wouldn't sell marijuana to kids! (realizes something) Wait. I remember you!

Evil Jake: I'm the one Mr. Goody Two Shoes made in your fight against him!

Brad Morton: Well, I'm gonna make sure your crime spree ends right here!

Evil Jake: You want me? Come get me!

Brad Morton: WITH PLEASURE DRAGON FREAK!

He went at him!

Kyd Wykkyd saw him in the park!

Later Kyd Wykkyd came back with a broken and boo-booed Brad.

Shadow the Hedgehog: You okay, Brad?

Brad Morton: (groans) I tried to stop Long's evil clone. He was selling marijuana to minors.

We gasped!

Nico: Okay now THAT is where I draw the line!

Kyd Wykkyd: I got him out of there before he got killed!

Nico: Lets go guys! It's entrance time!

Me: Let me rough him up a bit first before we have the usual battles. I was saving my surprise for the 2012 Shredder but this evil Jake forced my hand

Nico: Granted. Lets go get him!

Jake Long: Brad, I'm really sorry.

Brad Morton: (chuckles) Don't be, Long. I know you wouldn't sell drugs. You're a good boy. Unlike who I tried to fight.

Number 7: I suggest you let the Ratchets tend to you while we stop this impostor.

Brad Morton: Speaking of which, I really hope we meet Live Action Ratchet before April 28.

Me: I have a feeling we will Brad.

Nico: Someday.

We arrived at the park and we saw him.

Nico: There he is. Lets go.

We went at him.

Evil Jake: Plenty for everyone.

Then the spirits of the Toa Nuva and the Ed's appeared around Evil Jake Long and blasted him all over the place and smashed him around and then they converged and then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out from above him and a phoenix cry was heard and we came out!

Nico: Game's over Evil Jake!

Me: You will pay for your crimes!

Jake Long: Can't believe you'd sink this low!

Evil Jake: Believe it, motherfucker! Because when I'm done, your name will be mud!

Airi: Don't count on it!

Nico: Go get him J.D.

Me: With pleasure.

I went up to him.

Evil Jake: So the Ex-Leader will die first.

Me: No YOU will.

I pulled up my pant legs and they I revealed that I had special weights on them and I took them off and then I took off my coat and wrapped the weights in it.

Evil Jake: You think you can beat me without just a few pounds of weight?

I threw the coat and weights and then…

KRACRAAAAAAAAAAAASSSSSSSHHHHHH!

They landed in Nico and everyone and crashing into the ground with a massive and thunderous crash! They were in a crater as big as a stadium floor.

Nico: WHOA! That is a lot of weight!

Eli: How heavy is all that bro!?

Me: You wouldn't believe it Eli. Now watch this.

I flew at Evil Jake long and viciously pulverized and smashed him into dust with incredible speed and fury and really let him have it as I let loose a massive flurry of fisticuffs at him and then I kicked him into the air and flew at him with incredible speed and then punched him in the face and smashed him into the ground with devastating force and he was brutally mangled up! Then I landed and Nico saw a Dark Orb imbedded on Evil Jake's back!

Nico: So that's it! A Dark Orb brought him back!

Dark turned into Ultimate Cold Death.

Ultimate Cold Death: Here's your warning!

Zs'Skayr: Your ass is about to be kicked!

They fired waves of endothermic fire and dark energy and it hit Evil Jake Long and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Evil Jake was smashed down.

Nico: That will slow him down for a bit.

Then Evil Xion, Larxene, Marluxia, Luxord, Demyx, Axel, Saix, Zexion, Lexaeus, Vexen, Xaldin, Xigbar, Lord Drakkon, Myotismon and Baron Mordo then appeared.

Nico: Evil Xion, Larxene, Marluxia, Luxord, Demyx, Axel, Saix, Zexion, Lexaeus, Vexen, Xaldin, Xigbar, Lord Drakkon, Myotismon and Baron Mordo. Wow.

Evil Xion: Looks like we got here just in time.

Maria: How's Brad?

Larxene: Not to worry. The Ratchets are doing a good job in healing him.

Marluxia: Good thing his injuries weren't that severe.

Demyx: Thank goodness!

Nico: That's a relief.

Saix: (to Nico) We heard you met Katie Kaboom.

Nico: We sure did.

Zexion: Was she really that explosive?

Nico: She sure was and she had nasty Anger Management problems.

?: That's crazy!

A figure came out and it was NUKLIFIER from episode 45 of Zeo!

---

Nuklifier is a warrior/nuclear warhead -themed robotic monster that was summoned by Prince Gasket to destroy Kat, at Archerina's request and is the primary antagonist of the episode "A Mystery to Me ".

After the Pink Ranger had won the battle against Archerina, Prince Gasket Unleashed Nuklifier to battle her, He wielded a spear and shot orange energy from it. He could also shoot this energy stream from a cannon in his forehead. He easily manages to overpower the Pink Ranger with Archerin and Gastion with ease, though they got overwhemed when Auric the Conqueror came to the rescue, they manage to overpower him too, they had the upper hand until the Red, Yellow, Green and Blue Rangers showed up and formed the Zeo Sheild, reflecting the attack back at them, they manage to destroy Nuklifier with the Super Zeo Punch, but Clank and Orbis arived and made Nuklifier grew into a giant, the Rangers summoned the Super Zeo Zords and form the Super Zeo Megazord to battle Nuklifer, the monster manage to overpower the Megazord, but the Megazord was able to destroy both the Spear and Sheild, but the monster was still more then a match for the Super Zeo Megazord, the Rangers then summons the Warrior Wheel to aid the Super Zeo Megazord in battle, but Nuklifier was still too strong, luckily Auric the Conqueror was able top recover and grew giant, with Auric's powered sword slash Nuklifier was destroyed by Auric the Conqueror.

---

Kat: (Australian Accent) Nuklifier!

Nuklifier: Been a while Pink Ranger.

Me: I remember you! Prince Gasket sent you to destroy Kat after her battle was won on the planet Archerina!

Nuklifer: That's right! Good memory on you J.D.

Me: Never missed an episode.

Nuklifier: My former boss King Mondo might've been bad but even he didn't go far as to sell drugs!

Nico: No kidding there! That is low.

We then got the usual battles underway.

## Crystal (Marvel), Luan Loud, Princess Celestia, Amber Morning, Minuette, Twinkleshine, Lemon Hearts, Moondancer, Lyra Heartstrings, Sunset Shimmer, Twilight Sparkle, Light Skylanders, Eddy, Aqua and Linka Loud VS Evil Xion - 日

Evil Xion was first.

Evil Xion: I heard that Nico went to California and he faced Katie Kaboom. What was she like?

Crystal: Katie was a typical Teenager but she has a really nasty and explosive temper. Whenever she gets mad she turns into a horrible monster. Her parents were terrified of her.

Luan: Yeah no kidding. She was a true example of a girl that lets hormones rule her.

Princess Celestia: It's like she wanted to do things her way and her parents wanted her to do another thing. And when she doesn't get her way she gets really mad.

Amber Morning: She is a true monster with incredible Anger Management issues.

Minuette: Yeah if she doesn't get her temper in check someone is gonna get hurt or worse.

Twinkleshine: That's one of the last things anyone would want.

Lemon Hearts: Yeah no kidding! She would be taken to prison and the family could move away and she would be labeled as a ward of the state.

Moondancer: No kidding. That would not be a good thing for her.

Lyra Heartstrings: That would be terrible.

Sunset Shimmer: It sure would.

Twilight Sparkle: Katie needs a serious attitude adjustment.

Spotlight: Yeah she sure does.

Eddy: I agree there on that

Aqua: I hope she gets a lot of help.

Evil Xion: I do too. That is crazy and I heard she was kicked out of the show after 25 years.

Crystal: She sure was. Lots of good characters of Animaniacs were kicked off the show. Mostly because of Parents watching out for their children.

Evil Xion: That's a shame. Lets do it!

They fired waves of light and magic and elements and smashed her down.

Crystal: That was so fun!

Princess Celestia: That was so awesome!

---

## Volcana, Lincoln Loud, Lightning Dust, Thunder Terror, Night Glider, Zuko and Azula VS Larxene - 雷

---

Larxene was next.

Larxene: (to Volcana) It's a good thing you didn't go woth Nico on his rescue. You would've made Katie even worse.

Volcana: Yeah thank goodness. But Katie has extreme Anger Management issues and her mom and dad and brother are scared of her because of how she will get mad. She turns into a horrifying monster when she gets angry and explodes like an atomic bomb.

Lincoln: Yeah that is one nasty temper. It's worse than what Lori goes through.

Lori: (Offscreen) I HEARD THAT!

Lightning Dust: Yeah that is so strange.

Thunder Terror: It's hard to imagine that someone can have that big of an explosive personality.

Night Glider: And have a Hulk Personality too.

Larxene: That is scary. Lets do it!

They fired waves of fire and lightning and smashed her down.

Volcana: That was a fiery win!

Lightning Dust: That was so awesome!

---

## Layla Williams, Laney Loud, Fluttershy, Tornado Bolt, Life Skylanders, Syd, Sam, Nelson Muntz and RD Leni VS Marluxia - 花

---

Marluxia was next.

Marluxia: (to Layla) I heard Lincoln fought Dr. M in his rescue. How did that go?

Layla Williams: It went really well and they faced Connor Cooper's old friend Dr. M who was after the Cooper Clan treasure on Kaine Island in the South Pacific. But little did he know that we moved the entire treasure from the Cooper Vault to OUR Vault. But that's not the worst thing that happened there.

Laney Loud: The Aparoids were helping him and they brought back the entirety of Sly's family light from Caveman Cooper all the way up to Otto Van Cooper from World War I! Excluding Connor and Marie Cooper and Henriette "One Eye" Cooper.

Marluxia: (Gasps) That's crazy! Dr. M really crossed the line on that one! Sly must've been really pissed off!

Laney Loud: That is a total understatement!

Fluttershy: He transformed and really let him have it.

Tornado Bolt: Yeah you should have seen it. It was awesome!

Stealth Elf: It sure was. Now we have the entirety of the Cooper Clan with all of us.

Syd Chang: We sure do! 12,000 years of Cooper History resurrected!

Sam Manson: It's amazing! The Aparoids really undid all the damage dealt by Clockwerk.

Marluxia: Clockwerk killed almost the entire Cooper Clan only for the Aparoids to bring them all back for Dr. M. What a waste on Clockwerk's part. I wonder how Cyrille Le Paradox will react to seeing the entire Cooper Clan back.

Layla William: He would be shocked beyond all forms of Recognition.

Marluxia: Just what I was thinking. Lets do it!

They fired waves of flowers, grass, leaves and energy and smashed him down.

Layla Williams: That was amazing!

Fluttershy: That was fun.

---

## Jared Knudson, Lily Loud, Starlight Glimmer, Cozy Glow, Undead Skylanders, Princess Cadance, Flurry Heart, Clyde and Clockwork (Danny Phantom) VS Evil Luxord - 時

---

Evil Luxord was next.

Evil Luxord: It's amazing that Sly Cooper now has all of his entire ancestral family line now with us thanks to the Aparoids.

Jared: That is really amazing. Sly Cooper's entire family has been stealing from criminals for over 12 millennia, making it one of the longest known families in the entire history of humanity and they were all wiped out because of Clockwerk over the course of 12,000 years only for the Aparoids to bring them all back 12,000 years later. Undoing all of Clockwerk's evil deeds in its entirety.

Lily Loud: Wow! That is just incredible!

Starlight Glimmer: It was amazing to see them all here.

Cozy Glow: Boy it sure was something!

Hex: It sure was.

Princess Cadance: Sly is gonna have a tremendous amount of catching up to do with all his family and we can learn so much from all his ancestors.

Flurry Heart: Yeah we sure can learn a lot from them.

Clyde: That is gonna be so cool.

Clockwork (Danny Phantom): I think it's amazing myself.

Evil Luxord: It sure is gonna be amazing. If Clockwerk saw all the

Coopers back after all these years he would no doubt be enraged beyond all words.

Jared: I have that same feeling too.

Evil Luxord: Yeah. Lets do it!

They fired waves of fire, hearts and time and smashed him down.

Jared: That was awesome!

Princess Cadance: Love prevails!

## Irma Lair, Luna Loud, Sam S.L., Rarity, Sweetie Belle, Water Skylanders, Girl Jordan, Maria, Bai Tza, Commander Jupiter and Commander Mars VS Demyx - 水

Demyx was next.

Demyx: (to Irma) I heard you guys met a Mavelus Gene-Slammer. What's her name?

Irma Lair: Her name is Rika Noralenshikov and she is from Russia but was raised in America. And her story is awesomely heroic.

Luna: It sure is dudes. She saved her teenage friend from the Mexican Drug Cartel by turning into a Mavelus.

Sam S.L.: It was so awesome. She became a Mavelus on purpose to bring down that Cartel and save Amber Carter and her baby Daughter.

She told him everything and he was amazed and shocked beyond all words!

Demyx: WHOA! That is incredible! Now that rat Antonio is locked up in prison with El Chapo.

Rarity: Indeed he is darlings and he had it coming.

Sweetie Belle: Yeah no kidding! What a monster!

Gill Grunt: But at least she is now going to be safe under our protection.

Girl Jordan: That's good and it would take a miracle for him to get out of a place like the Florence Supermax Prison in Colorado. They don't call it the Alcatraz of The Rockies for show.

Maria: No they sure don't.

Bai Tza: And it won't be pretty for him.

Demyx: No it won't. But good riddance and I'm proud of her. Lets do it!

They fired waves of water, ice and jewels and smashed him down.

Irma Lair: That was great!

Rarity: Rapture Darling that was grand!

---

## Pyra (Xenoblade Chronicles), Lola Loud, Sunset Shimmer, Pipsqueak, Fire Skylanders, Suzi, Volcana, Zuko, Azuko, Firestar, Ember McLain and Flamebird VS Axel - 火

---

Axel was next.

Axel: I heard that Sydney's Ambassador Mission was a sad one. What happened?

Pyra: It was was and it was because of Robert Hunter A.K.A. Nitro. He blew himself up and killed 600 people and destroyed lots of houses in Stamford, Connecticut with a bomb that had as much power as a small nuke.

Lola Loud: Yeah it was horrible! Sydney was crying a long time because of it!

Sunset Shimmer: We have never seen Sydney cry for so long.

Pipsqueak: (British Accent) Yeah poor girl. She was really worried about Tony in that universe.

Sunburn: I would be too.

Suzi: Same with me. Poor girl.

Volcana: I would feel exactly the same way myself.

Zuko: Yeah same with me.

Azula: Me too. Poor Sydney.

Ember McLain: It's awful what happened there.

Flamebird: It sure was.

Axel: That is terrible. And you all haven't met Nitro yet in this universe. But if we do met and recruit him in the future it should be with someone that knows all about explosives.

Pyra: I feel the same way.

Axel: That was crazy though. Lets do it!

They fired waves of fire and smashed him down.

Pyra: RIGHT ON!

Sunset Shimmer: That was amazing!

---

## Carol, Lisa Loud, Princess Luna, Moondust, Snowdrop, Children of The Night, Dark Skylanders, Sinestro and Power Girl VS Saix - 月

---

Saix was next.

Saix: (to Carol) I'm not going to lie. Sydney's last ambassador mission was very… bittersweet.

Carol: Yeah it sure was. The good part being that Nico's device is being planted as we speak. The bad part is that the SRA goes into effect shortly and that's when things start going to Hell.

Lisa Loud: And Nitro detonating himself with a powerful bomb and a kamikaze move was the signal for the start of a terrible event to begin.

Princess Luna: That is definitely true there.

Moondust: But at least we're prepared for when we go there on March 19th.

Snowdrop: We're going to try and repeal the SRA, Destroy the Fold in its entirety and send that version of Maria Hill into our prisons for her crimes against that world.

Saix: You guys have all your work cut out for you all. But I know you all can do it.

Gari: And in the future when that day comes we're going to probably need ALL of the members of the M.O.E. to help us all out.

Blackout: Yeah we'll need all the help we can get.

Saix: I'll tell Vypra that. Lets do it!

They fired waves of atomic energy and darkness and smashed him down.

Carol: RIGHT ON!

Princess Luna: A true victory of the night!

---

## Roxy, Lucy Loud, Ink Rose, Moonlight Raven, Brittney, Haiku, Bertrand, Dante, Persephone, Morpheus, Boris, Misty Tredwell, Ransik and Nadira VS Zexion - 幻

---

Zexion was next.

Zexion: (to Roxy) You guys were very lucky to find that massive Tanzanite Cave under Mount Kilimanjaro. There must've been lots of crystals in there!

Roxy: You should have seen it! It was incredible! All over the room there were Tanzanite Crystals and clusters all over the place. For a volcano that hasn't erupted over the course of 380,000 years it had enough geothermal activity to make such an amazing spectacle.

Lucy Loud: It was really something to see.

Ink Rose: It sure was and Rarity and I thought so ourselves.

Moonlight Raven: Tanzanite is worth an absolute fortune now these days.

Brittney: That's right. Tanzanite is one of the rarest gemstones on the planet and they can be worth $750.00 to $50,000.00 per carat.

Zexion: Wow! That is amazing! How much do you think all those Tanzanite crystals were worth?

Brittney: Well it was a massive cave full of them below the foot of Mount Kilimanjaro so it was a priceless find.

Haiku: It sure was incredible.

Bertrand: It sure was amazing to see though. Rarity loved it.

Dante: We all did and Tanzanite is beautiful.

Persephone: It sure is.

Morpheus: It sure is something.

Boris: Boris liked it.

Misty Tredwell: It was really amazing to see a Tanzanite cave like that.

Zexion: Wow! That must've been like going inside a giant geode.

Roxy: It was!

Zexion: Yeah. Lets do it!

They fired waves of energy, darkness and fire and smashed him down.

Roxy: Awesome!

Brittney: Darkness Falls!

Sprocket: Yeah what they did makes them the true Masterminds of the whole thing.

Frozen Fright: Yeah those 3 are pure evil! Margaret may have been completely insane but her actions are completely inexcusable!

# J.D. Knudson as Wolf Moon, Megaforce Rangers, Catherine Lancaster, Zarya Moonwolf, Breach and Ace VS Lord Drakkon

Lord Drakkon was next.

Lord Drakkon: (to me) Hard to believe the Ninja Tribunal and the Acolytes helped the turtles fight the Demon Shredder. I really hope we meet them in the future.

Me: I have a feeling that we will one day and they are going to be perfect additions to the team. What's really shocking is that the Utrom Shredder was impersonating the REAL Oroku Saki who became the vessel for the Demon Shredder 1700 years ago.

Lord Drakkon: Wait! Ch'Rell was impersonating Oroku Saki all this time!?

Me: Yeah it was crazy! And Demon Shredder's crimes pale in comparison to those of the Utrom Shredder, Ch'Rell. He killed countless people all over the galaxy on different planets. Whereas Demon Shredder wanted to enslave the planet 1700 years ago. Utrom Shredder's crimes revolved around genocide, murder and annihilation.

Troy Burrows: Yeah that is a huge difference. Ch'Rell was 1,000,000 times worse than Demon Shredder or any other incarnation of the Shredder that we have seen.

Noah Carver: Yeah that was horrible!

Gia Moran: The crimes of the incarnations of the Shredder are completely unforgivable.

Jake Holling: The 1990 Movie Shredder, The Utrom Shredder, Cyber Shredder, Demon Shredder, Oroku Saki, 2012's Shredder, and Many more Incarnations of the 1987 Shredder will all pay for their crimes. J.D. swore to destroy them all and make sure they will all pay everything they did.

Me: And I will show no mercy on ANY VERSION of the Shredder. I will avenge every single one of the people those heartless a*** killed including 2012's Master Splinter.

Lord Drakkon: I know you can do it J.D. But thank goodness the Demon Shredder is gone forever.

Me: That's good. That's one less Shredder we have to worry about.

Emma Goodall: Thank goodness.

Me: Yep. I got 35 years of Shredder's to kill and I will make sure every single one of those f*** all pay! IN BLOOD!

Catherine Lancaster: (British Accent) And we'll all make sure they all pay.

Zarya Moonwolf: That's right! They have tormented the worlds of the Turtles for far too long.

Lord Drakkon: And it will end. Lets do it!

Nico: No he wasn't. Ch'Rell the Utrom Shredder annihilation countless lives on many planets all over the galaxy and he has done so many unspeakable and terrible atrocities.

Yamato: Yeah that was terrible!

Amu: It was horrible! What that version of the Shredder did shows that he was a heartless, remorseless, pitiless, soulless and unconscionable monster!

Sela: Yeah no kidding! What a monster.

Leo: He needed to be destroyed or he would just continue to destroy.

Tusk: Banishing Ch'rell to the Ice Asteroid of Mor Gal Tal was not enough. The Utrom should have just killed him right there and then.

Misao: Yeah no kidding.

Bud: He doesn't deserve the live he had.

King Vegeta: That monster had it coming though.

Vegeta: But Bokrua using the Black Gate on Ch'Rell was a genius move on his part.

Gine: It sure was.

Fiona Hernandez the Uria, Lord of Searing Flames Gene-Slammer, Apple Bloom, Sweetie Belle, Scootaloo, Diamond Tiara, Silver Spoon, RD Lola and Misty Tredwell VS Kimberly Ann Hart the Pink Ranger Slayer

---

Pink Ranger Slayer was next.

Pink Ranger Slayer: I don't know the full extent of the story but why does Chris Hargensen hate Carrie so much?

Fiona Hernandez: Well it's not a pretty sight. I have read all the Stephen King Books and Carrie is one that really stood out to me. What Chris Hargensen, Margaret White and Billy Nolan have done shows how black their hearts are and what they have done is completely and utterly unforgivable. So unforgivable that I want to unleash the divine wrath of God upon them. But for you to understand how terrible they are you have to hear their history and it's not pretty. Starting with Margaret White.

She went over their history.

Margaret White

Margaret White (née Brigham) is the main antagonist of Stephen King's novel Carrie and all of its adaptations.

She is the abusive and religious mother of Carrie White, and is obsessed with her excessive convictions on Christian principles of modesty and chastity.

She was portrayed by Piper Laurie (in 1976), Patricia Clarkson(in 2002), who also portrayed Ava Paige in the Maze Runnerseries, and Julianne Moore (in 2013), who also portrayed President Alma Coin in The Hunger Games: Mockingjay Parts 1 & 2, Mother Malkin in The Seventh Son and Poppy Adams in Kingsman: The Golden Circle.

She locks Carrie in the closet and scrapes her own arms with her nails until she bleeds. She wanted to protect Carrie and not let her go out into the real world. When Carrie is talking to her mother about how the stuff she says isn't in the Bible, Margaret slams the bible in her face, causing her to fall. She then stalks her downstairs. When Carrie goes out to look for a dress and comes home late Margaret gets furious and says she worried about her and was wondering where she was. When Carrie tells Margaret, that she's been asked to the prom, she says no. Carrie then reveals her powers to Margaret picking her up and lifting house-hold objects into the air. She then says, she thought that Carrie was a cancer when she was being born, Carrie reacts in pain and says it's awful acting a little agressive on Margaret on the way. She then throws Margaret softly on the ground, as Margaret mourns. She looks at Carrie, when she is cutting, sewing and making her prom dress, but quickly looks away when Carrie glances back at her. When Margaret worries and gets very upset, she begins to tempt Carrie to not go to the prom, to burn the dress with her and pray. After following Carrie downstairs and trying to tempt her not to go, Carrie grabs her mother with her TK. After Margaret says a few more words, Carrie throws her in the closet, locking the door. She then burns the lock, so Margaret can't escape and disturb the evening. Carrie then leaves to go to the prom. While Carrie is at prom Margaret slams her arm out of the crack. She has blood all over her arms from forcing it onto the door. She then bangs her head rapidly and eventually gets out. In a deleted scene, Margaret grabs a knife and most likely washes the blood of her hands. When Carrie gets home after destroying the prom and killing Chris and Billy, she walks upstairs and calls for Margaret. Margaret then passes by the hallway, without Carrie noticing. When Carrie hugs her Mom, she says to kneel down and they talk about how she was raped. After Margaret talks more to Carrie, she pulls out a knife smiling and stabs Carrie hardly on her shoulder wounding her severely. Carrie then telekinetically flies away frome her, but she doesn´t stop. She approaches her again and under the argument, that she must kill Satan in her attacks her again. She manages to slash Carrie's arm and then right as she is about to stab Carrie in the face, Carrie lifts her up. After Carrie lifts her up, Carrie says she's sorry while she summons telekinetically stabbing things. Margaret, fearing the outcome, shouts Carrie. Carrie then stabs Margaret with her TK with these house-hold objects crucifying her. Margaret then gasps air-less, while Carrie frees her from this position and later dies in Carrie's arms. Carrie then stays with her as the house gets crushed and sinks into the ground, presumably killing Carrie, too.

Perhaps the biggest difference between this depiction of Margaret and the earlier versions is how much she genuinely loves Carrie. In neither of the previous films nor the book did Margaret ever say "I love you". Meanwhie, in the 2013 movie, during almost every scene, she expresses how much she loves Carrie. She holds Carrie's hand in the car on the way home; when shle lets Carrie out of the closet, she braids her hair & says "I love you"; when she sees Carrie laying in bed, she tucks her in and says, "I won't let anyone hurt you, little girl, you're safe here with me." (Compare these latter 2 examples to the 1976 version, where Margaret coldly says "go to bed.") Even when 2013 Margaret is about to kill Carrie, she says, "I should've given you to God when you were born, but I loved you so much, and I said, 'God, let me keep my little girl'." Compare to the 1976 Margaret who was laughing and smiling as she tried to kill Carrie.

2013 Margaret doesn't want to abuse or hurt Carrie, but she feels like she has to, in order to protect Carrie from things that she believes would be far worse - her classmates' ridicule, from being violated by males (as Margaret herself was, when maritally raped), and especially from God's judgment. In fact, her abusiveness comes precisely from the fact that she does love her daughter so much and wants to do anything to protect her from harm. It breaks Margaret's own heart to feel like she has to treat her daughter this way; compare to the 1976 Margaret especially who seemed to take pleasure in abusing Carrie, even laughing and smiling as she did so.

Chris Hargensen.

Christine "Chris" Hargensen is the central antagonist of the Stephen King novel Carrie and its film adaptations.

She is a cruel, sadistic popular teenage girl who bullies Carrie White for pleasure. She is also the main perpetrator of the infamous pig's blood prank and ultimately, the prom massacre as she angered Carrie White to the point that she could not handle her own emotions and killed everyone with her telekinesis as a tragic result.

She is the archenemy of Carrie White and Sue Snell.

She was played by Nancy Allen in the 1976 original, Emilie de Ravin in the 2002 tv movie and Portia Doubleday in the 2013 remake.

Christine is the leader of a clique of teenage girls, and they torment Carrie because of her being a social outcast. However, while the other girls, especially Sue Snell, eventually begin to feel regretful about abusing Carrie (or at the least wanted to leave her be), Christine and her closest friends become increasingly more fixated on causing harm to her out of a genuine hatred and rage of her, with Chris completely refusing to own up to her actions.

Ultimately, Christine accomplished this with the help of her boyfriend Billy Nolan by playing a cruel prank on Carrie during the school prom, dropping a bucket of pig's blood over her - Christine and most of the others took delight in the scene, while the other characters were horrified. However, Carrie, in a maddened state, could no longer function and went insane, killing many students in an infamous massacre with her telekinetic powers. Christine had to watch in horror, because of the unforeseen consequences of the prank she enjoyed doing to Carrie and which killed her friends inside the gym.

Now obsessed with killing her, avenging her friends, and to finish what she started, Christine was ultimately killed when she tried to run Carrie over with her car, only to have it thrown aside by Carrie's telekinetic power - which then blew the car apart with Christine and Billy Nolan still trapped inside it.

## Biography

### 1976 film

Chris appeared in the 1976 film, played by Nancy Allen. She was similar to her novel counterpart: very rebellious, unfazed by authority figures and manipulative. Still, she is portrayed even more dangerous than her novel counterpart because in this movie she is in every way the driving force behind the evil prank. She initiated the shower incident with Carrie, and when she and the other girls in her class were forced to serve a special kind of "detention" with Miss

Collins, she refused to cooperate on all fronts and was banned from the prom. Afterward, it was almost second nature in Chris' eyes to blame Carrie for her new troubles and, looking for any way to destroy her and Miss Collins and turned to her boyfriend Billy Nolan who was in this movie more a follower than a leader.

The pair went out driving one night (neither seemed to be enjoying it anyway) and Chris used this as the perfect opportunity to spin her "noodle-headed" beau around her finger once more and get him to do something for her, bribing him with oral sex. Billy was virtually clueless until he heard Chris say, "Billy, I hate Carrie White."

A couple of nights later, Chris, Billy and two of his friends crept into a pig farm with the intent on pulling a "stunt": that stunt turned out to be one of them killing a helpless pig, draining its blood and pouring it into a bucket. But, there was more to and Chris later broke into the Bates High School gym, where the former climbed a ladder up towards the rafters, placed the bucket on one of them and poured the pig´s blood into it. Chris was getting impatient and wanted to go home. Billy told her, that if she kept cool, she would get to pull the rope cord on the bucket when everything was ready. Chris all too happily obliged.

Chris was seen the next day with a friend of Billy's, Freddy talking to the prom committee leader Ernest, Freddy convinced Ernest to allow him to collect the ballots for the prom king and queen, and Ernest agreed. But when he was asked to be at school at 6:30, Freddy did not want any of that, and blurted out that he would arrive at 8:00, Ernest was a bit discouraged but consented nonetheless.

Later, during the prom, Chris and Billy spent most of their time hiding under the stage, looking for Carrie and her date Tommy Ross. The two were also looking around for Freddy and Norma (Chris "right-hand woman") to see if they were collecting the ballots for prom king and queen. They were… until Norma and Freddy retired to the other side of the stage, where Norma kicked the real ballots behind her and pulled another set of "ballots" from Freddy's coat. She gave these to the small king/queen committee, who were counting the polls and then headed over to the stage's stairwell, and gave it a small tap.

Chris and Billy peeked their heads out to acknowledge the "signal."

Chris continued tugging restlessly at the rope all while Carrie and Tommy were heading to the stage to be crowned the prom king and queen. Later, she watched as Sue was dragged from out of the gym by Ms. Collins. As soon as the doors were closed again, Chris pulled the rope tied to the bucket of blood. The applause and cheers were silenced… and soon many of the kids began laughing at what they had seen.

Their "work" done, Billy and Chris quickly and happily found the nearest exit and fled out of it. Of course, they had a window-side view through, which to see the results of the actions: Carrie had suddenly gone into a trance-like state and began destroying the gym and everyone inside (much to Chris's and Billy's shock). The pair then ran off feeling as though their plan had backfired. Chris also saw Miss Collins die and looked horrified (because deep down, she didn't really want that to happen).

Later, Chris and Billy chanced upon Carrie, as she was apparently walking home. Chris was horrified about what happened at prom, and devastated about the death of her best friend Norma, and planned to avenge her.

Chris revved up the car and footed the gas pedal, heading straight towards Carrie. It seemed as though she would finally strike down her "enemy" and have to avenge everyone, but it was Carrie who struck the final blow-with her telekinesis. She took away control of the car from Chris and sent it rolling into a clearing for a few yards. After a while, the vehicle exploded, undoubtedly killing Chris and Billy.

2002 TV film

Chris was portrayed by Emilie de Ravin and was more similar to the "novels" Chris than Nancy Allen's version, showing more characteristics. At one point she attempted to convince Carrie that Sue was the "enemy", thus, making her an evil character.

In this film, Chris is presented as a cruel, wicked and manipulative girl; however, she does have someremorse in herself.

Chris was first introduced in the movie, annoyed because of Carrie missing the ball. She runs up to her after the game saying "You suck.". When Tina notices Carrie having her period, she is told and she throws tampons at her along with the rest of the Ultras.

Earlier, after she was banned from the prom because of testing Ms. Desjarden and saying that she won't take place in detention, her father, the "big-time lawyer" John Hargensen (Michael Kopsa) threatened to have the gym teacher fired and take the school to court if her prom privileges were not restored.

However, Principal Morton did not cave in and countered by saying that he would battle Hargensen's suit on all fronts. He further stated that Chris belonged in either military school or jail for her countless acts of cruelty against the "reject" student population.

Unlike the other versions, however, Chris is shown having a certain tendency of changing her heart, changing from the person she was before to a good-hearted, caring, compassionate person when seeing how happy Carrie was and was reluctant to drench pig's blood over Carrie as she was thinking of redeeming herself for what she did to her. But Billy pressured her to go along with the plot, making Chris uncomfortable, but she still did it which caused Tommy's death on the way.

Billy attempted to run over Carrie during the rampage when they found her in the street and Chris half-heartedly pleads for him to stop (showing some remorse). But he doesn't, and Carrie ends up stopping the car before sending it smashing into a tree, which instantly kills her and Billy.

2013 film

In the 2013 version of the movie, Chris is played by Portia Doubleday. She is the head leader of the Ultras, a clique of popular girls. She recorded Carrie panicking over getting her period via Chris' cell phone. While initially trying to help a hysterical Carrie, telling her the reason why she was bleeding and handing her a tampon, Carrie is too frightened to listen and unintentionally covers Chris's hand with menstrual blood. From there, the situation escalates. The girls, mostly led by Chris, start pelting a crying, cowering Carrie with tampons and sanitary napkins. In a deleted scene, Chris tells Carrie, "Wipe that smile off your face" after seeing her smiling at Tommy which causes her to give Carrie a dirty look.

Later, at Chris's house, Chris, Tina, and Billy upload the shower scene on Youtube. The video goes viral. By the next day, everyone in school has seen it. This is most likely how Miss Desjardin found out about it.

Chris, along with the rest of the girls who tormented Carrie, is forced to attend Ms. Desjardin's boot-camp style detention. However, she quickly loses her temper, telling Ms. Desjardin, "f-you." and stating "I'm not gonna run another god-damn/god damn/goddamn inch because Carrie White had her period and was too stupid to know what it was.". She refuses to stay in detention and looks for support from her friends, convinced that they did nothing wrong. When none of her friends back her up, Chris feels hurt and betrayed. In an unseen scene, Chris tells her dad that she was banned from the prom due to her bad behavior. Chris and Mr. Hargensen speak with Mr. Morton. Mr. Hargensen tells Chris to give him the phone in order to prove that she didn't post the video, but a furious Chris, knowing that the video was indeed on her phone, refuses to comply and storms out.

Later on, Chris and her boyfriend Billy Nolan, along with a group of his friends, go to a farm. Billy tells her to pick a pig that resembles Carrie, stating, "pig's blood for a pig." They soon select and slaughter a pig. Chris slits the pig's throat and is shown with a trickle of blood on her face. As Chris, Billy, and his friends are setting up the bucket, a drop of blood lands on Chris, but she wipes it off with her nail.

On the night of the prom, Chris texts Sue saying, "Your girl looks good. She won't for long" which causes Sue to rush over to the school where she sees Billy pull the rope.

After Billy pulls the rope and blood pours all over Carrie, Chris laughs with excitement and glee. As Billy tries to take her away, Chris yells out, "Freak, freak." As she and Billy run out the door, the bucket falls on Tommy's head which worries her, but Billy pulls her out of the gymnasium. After seeing the massacre from outside the gym, Chris tries to text her father and pleading him to pick her up. Billy notices snaps at her and takes her phone away. They discuss how they're going to escape before attempting to leave. They spot Carrie and Billy attempts to run her over, but when she unleashes her telekinetic powers on the car, Chris' head goes back as Billy goes head-first into the steering wheel which cracks his nose and kills him. A frightened Chris shakes Billy, not knowing what happened. She tries to get out of the car, but Carrie locks her inside. Carrie attempts to hold Chris with the seatbelt, but Chris pulls it off. As Carrie lifts up the car, Chris looks shocked. The two girls share a final cold stare.

As Chris tries to run Carrie over again (uselessly, as she's levitating in the air), Carrie sends the car down the parking lot, which causes Chris to go face-first into the windshield. Chris is shown bleeding with open wounds and glass sticking out of her cheeks.

Chris tries to take her head out of the windshield with her hands, shown struggling. She silently begs Carrie to help her, but Carrie refuses. She dies from her injuries immediately afterward. After Chris dies, Carrie causes the car to explode with her and Billy inside it.

## Billy Nolan

Billy Nolan was a major character in the 2013 adaption of "Carrie" and was played by Alex Russell. In this remake, he seems to have the same strength of character as Chris.

### History

Billy Nolan was Chris Hargensen's boyfriend, but very aggressive towards her. He was first seen outside of the school on the steps, watching the video that Chris recorded of Carrie's humilation.

He laughs and then glances at Carrie, she then goes in the car and Billy laughs. He then makes out with Chris and holds her as she jumps on top of him, while Tina, Heather and Nicki and Lizzy watch the video.

Billy is then seen again parking in Chris's parking lot and comes out with Tina and Chris. They then run upstairs into Chris's bedroom. Tina and Chris then play around with each other and Billy says, "Why don't you guys kiss or something?" and says it with sarcasm. In a deleted scene they do kiss, but in the movie itself Chris backs away from Tina.

Billy is seen in the background eating, watching Chris upload the video of Carrie on "Youtube." When Chris plans she wants revenge on Carrie, Billy gets the idea of pigs blood to pour on her because of her having her menstrual cycle.

He pushes Jackie back because he is too afraid to kill the pig, and whacks the pig with a sledgehammer. He then lets Chris slit the pig's throat. On the night of the prom, Billy is very vicious to Chris and tempts her to pull the rope. He threatens to kill her if the prank fails and doesn't turn out be a success.

Billy then pulls the rope with Chris and the blood falls on Carrie and some splashing Tommy. Later when the video plays he ties a rope holding the bucket in place, he then grabs Chris and brings her downstairs.

He then runs out while Chris watches more. The rope then loosens and the Ultras (Nicki and Lizzy, Heather, and Tina Blake) laugh with excitement.

The bucket then collapses on he is struck, Billy quickly drags Chris out while she is saying "Tommy…". He then tries to drive out of the parking lot, because they are trapped by one inch.

They find a way out and stay until Carrie levitates out of the prom after destroying the prom. Billy drives away as Chris looks back from behind of the passenger seat.

Billy then drives away from the Prom but Carrie, having seen their presence and knowing they were behind it all goes after them and sends a crack into the ground forcing him to stop. He then backs out and drives forward. Chris then screams at him three times to run Carrie down, when she sees her and he says, "SHUT UP, I got this!"

Billy tries to run over Carrie at maximum speed, but Carrie uses her powers to stop the car, causing him to smash his nose into the steering wheel.

He is then seen lifeless and dead as Chris mourns and says, "BILLY…?" He is presumed to be dead after his nose hits the steering wheel and also died from the impact.

His body later was burned when Carrie destroyed his car with Chris in it after having killed Chris in her last attempt to murder her.

When she was done Pink Ranger Slayer and the Cutie Mark Crusaders were shocked and horrified!

Pink Ranger Slayer: That is horrible! I can't believe they are that evil!

Fiona Hernandez: I know. They turned Carrie into an outcast and I will never forgive those monsters for everything they have done. Chris is a heartless and ruthless bully and Margaret is someone that belongs in a nuthouse and Billy deserves the chair. Worst of all, because of their actions they killed 260 people and caused millions of dollars in damages all because of making Carrie go on a rampage.

Apple Bloom: That is just absolutely horrible.

Sweetie Belle: No kidding. What a horrible nightmare.

Scootaloo: Sakura Avalon will make sure that Chris Hargensen pays for her crimes.

Diamond Tiara: Yeah no kidding. She needs to go away forever.

Silver Spoon: Chris Hargensen is a true devil! Margaret White is too!

Misty Tredwell: Margaret is absolutely insane. Chris should have died back then but it's too bad our code wouldn't let us.

Marie Hernandez: Not at all in the least. She may have been insane and screwed up in the head but what she did to Carrie speaks volumes that her crimes are unforgivable. Because of Margaret she destroyed her entire town.

Frozen Fright: Yeah she is not a woman at all and she has no right to call herself a mother.

Thunder Terror: In fact she is not fit to be ANYONE's mother.

Magma Gloom: I agree! We have become a much better family for Carrie than anyone ever did.

Toxic Horror: Yeah Chris can shut up and be destroyed.

Louie PoisonSea: I agree too.

Carrie White-Loud: I knew there was no mistaking that voice from anywhere. You just don't even know when to quit, do you, Chris Hargensen?

A figure came out, and it was none other than our hated archenemy, Christina Hargensen, the bully responsible for causing the events of the nightmare in Chamberlain, Maine. She had claw marks on her clothes, her hair was a mess, and her eyes were red with uncontrollable hatred and rage.

Nico: Should've known you'd show up, Hargensen. (Smirks) And you never looked better, after the demons in Hell tried to rip you to shreds.

Chris Hargensen: I HATE YOU ALL FOR WHAT YOU DID TO ME! I WILL KILL ALL OF YOU!

Our rainbow energy auras with elemental forces flared up extremely, because of her hatred.

Me: Hate us all you want, Hargensen, but in the end, your hatred only makes us stronger, and we were warned of your escape from Hell, and now, we're going to make sure that you never rise again.

Sakura Avalon: That's right, and I'll be the one to make sure of that.

Me: You just don't give a flying fuck about anyone do you Chris. You only care about no one but yourself and it was because of you that so many lives were destroyed in Chamberlain. You delight in seeing other people suffer! People that are weak and helpless should suffer by you! You don't care who lives and who dies! It's always been about you!

Suddenly, Sakura Avalon's green eyes turned neon green and she was surrounded by a white energy aura with elemental forces and mythological creatures, and as she approached Chris Hargensen, she left white energy, elemental forces, and mythological creatures with every step.

Sakura Avalon: You just don't even know when to quit, do you, Chris Hargensen? You, along with that religious fanatic, Margaret White, made Carrie's life a living nightmare, and because of it, that caused the nightmare in Chamberlain, Maine, and so many people lost their lives, because of you, and now, I will see to it that you never rise again!

Suddenly, Sakura Avalon was surrounded by a massive vortex of white energy with elemental forces and mythological creatures surrounding it, there was a phoenix flying around the vortex, and inside the vortex is a blue phoenix. Then, as the vortex faded, Sakura Avalon emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Sakura Avalon grew from 6'0" to 6'5" in height, she still had the body of a goddess, she had pink highlights on the bangs of her short brown hair, she has neon green eyes and a white energy aura with elemental forces and the mythological creatures surrounding her, she has a Sun with elemental forces surrounding it in a circle emblazoned on her forehead, she has on angel earrings with white gems for the eyes and holding the Light Kanji in her hands, she has on her Crystal Necklace of The Buddha with pink crystal links and with an angel with white gems for the eyes and holding the Light Kanji in her hands for the necklace, she has on a sleeveless white blouse with a gold phoenix on it, white blouse with elemental forces on it, white pants, white high heels, she has massive white angel wings with gold tips on the large white feathers, and a sleeveless white trenchcoat with elemental forces and mythological animals on the coattails, and on the back is an angel with elemental forces surrounding it in a circle. Sakura Avalon has on her Star Sapphire Corps ring on her left ring finger and white gloves.

Suddenly, Sakura Avalon's Sword of Rohini and her staff were glowing and they began merging, as they were surrounded by a kaleidoscope of stars and elemental forces, and when it emerged, it was transformed into Rohini's Star Sword of Elemental Justice and Clow Card Angels, it's a brand-new large sword with a 6'5" massive, wide, double-edged purple blade with stars and an angel etched on it, large white angel wings for the crossguard, large pink gem for the hilt, longer black handle, and four large white angel wings surrounding a large pink gem for the pommel, Sakura Avalon has on her new Bracelets of The Champions of The Universe with pink gems on her wrists, gold Belt of Elemental Bravery with large pink gem for the belt buckle on her waist, her large pink Spellbook of The Gods and The Universe and Clow Card Book on her left hip and her Eater of Sins revolver holstered on her right hip. There's a gold kanji right below the angel that said, "Sakura Avalon, Master of The Clow Cards, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic

Bastards, Powerful Student of Powerful Teachers, Emissary of Rohini, Loving Girlfriend of Li Syaoron, Master of Elemental Forces, Magic, and Angels, Loving Friend of Many, and Amazing Member of Team Loud Phoenix Storm."

Sakura Avalon has transformed into SUPER ANGEL INFINITY CELESTIAL ELEMENTAL CLOW CARD ANGEL OF MAGICAL LOVE AND ELEMENTAL JUSTICE!

We were amazed by Sakura Avalon's Super Angel Infinity transformation, and when Li Syaoron saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Chris Hargensen saw it, she fell into a murderous rage and tried to kill Sakura Avalon, but Sakura Avalon fired a powerful white energy blast with magic, elemental forces, and angels, which hits the psychopathic spoiled bully and sent her flying into a wall.

Nico: (Stunned) Whoa, Sakura has transformed into her new Super Angel Infinity form, awesome.

Lincoln: And she also got a new weapon when her Sword of Rohini and her staff merged, Chris is in so much trouble now.

Li Syaoron: Wow, Sakura, you look beautiful. How do you feel?

Sakura Avalon: (Divine Echoing Cosmic Voice of Magic and Elemental Love) **I feel incredible, Li, and now, if you'll excuse me. I've got to administer Chris Hargensen her punishment for everything that she's done.**

Sakura Avalon went at the murderous Chris Hargensen, and she fired powerful blasts of white energy, elemental forces, magic, stars, and energy cards at the murderous spoiled brat, and they exploded with incredible power as they hit her. Then, Sakura Avalon attacked her with her new sword, and she left some nasty scars on Chris

Hargensen, and she fired a powerful blast of stars from her sword, and it really hurt Chris Hargensen, which made her madder than ever, as she screeched like a demon and tried to attack, but Sakura Avalon punched her hard in the face and knocked out her teeth, and she tied Chris up in a white energy straitjacket and white energy chains, so she can't escape.

Sakura Avalon: **Christine Hargensen, you've have no love for anyone except for yourself, you deliberately tormented Carrie, and you dropped that bucket of pig's blood on her, and caused the whole Chamberlain nightmare which resulted in 260 people to die, and all for your own sick amusement. You are a selfish, remorseless, heartless, ruthless, pitiless, cruel, unforgiving, misanthropic, sadistic, inconsiderate excuse for a human being, and now, I'll see to it that you, Billy Nolan, and Margaret White will never return to torment anyone ever again.**

Sakura Avalon drew a kanji on Chris Hargensen's forehead, and it also affected Billy Nolan and Margaret White who are still in Hell forever.

Sakura Avalon: (Divine Echoing Cosmic Voice of Magic and Elemental Love) UZUMAKI BLACK JUDGEMENT SEALING ART: BLACK GATES!

Chris Hargensen, Billy Nolan, and Margaret White were condemned to The Black Gates, and they were confronted by the spirits of all those who died in the Chamberlain nightmare, and the three of them were found guilty, and their spirits were erased from existence forever. We cheered wildly for what Sakura Avalon did, as she holstered her new massive sword on her back and powered down, and Sakura Avalon's new body, clothes, weapons, jewelry, and angel wings are permanent. Then, as she heads back to us, Li Syaoron went up to Sakura Avalon, and they hugged, and then, they kissed as we cheered for them.

Nico: Alright, awesome job, Sakura.

Sakura Avalon: Thanks, Nico.

Lincoln: And I sensed that Chris Hargensen wasn't the only one who got The Black Gates, right?

Sakura Avalon: That's right, Lincoln, it also affected Billy Nolan and Margaret White who were still in Hell.

Nico: Whoa, now that's what I call a triple helping of justice, you not only gave Chris Hargensen The Black Gates, but The Black Gates were also given to her sadist boyfriend, Billy Nolan, and that insane religious fanatic, Margaret White, and their souls were erased from existence, as well.

Me: Awesome. Now, we're finally rid of Chris Hargensen, Billy Nolan, and Margaret White forever.

Carrie White-Loud: And they will never return to torment anyone else ever again.

Jake Long: Thank goodness. (To the viewers) Don't mess around with the dark chi or it can have horrible consequences.

Nico: You said it Jake. Great job today everyone. Jake is free now. We can now rest easy knowing that another enemy of Jake Long has been silenced forever and also that the Malevolent 3 of Chamberlain is gone for good. Lets go home.

We went back home and enjoyed the rest of the day and went to sleep.

Another awesome fanfic done.

Evil Jake Long was a really strange episode from American Dragon Jake Long and that was so freaky how Jake was making a clone with Chi. But he really goofed up by making a clone with Negative Chi that was evil. OOPS! The first part was for the Animaniacs episodes for Katie Kaboom. She was really crazy and it was crazy how every time she got mad and turned into a monster every time. What a temper. The second part was for Sly Cooper 3. That was an awesome game and I have great news everyone! After 9 years we're finally getting Sly Cooper 5! Comes out on September 25th, 2022! # World of The 9 Stitchpunks

On the planet Korhal, Nico, me, Ben and Hunter were walking through the immensely amazing cities of the capital of the planet.

Me: WOW! So this is the planet Korhal. It's amazing.

Nico: Boy it sure is. I have always been wondering what this world is like.

Hunter: (German Accent) Ja und it's amazing how the cities are like this.

Me: It sure is cool.

Nico: Thanks for coming with me, Ben.

Ben: Anytime Nico. It's gonna be awesome seeing what this world is like.

Me: It's gonna be amazing. The reason me and Hunter came with you is because we somehow got experiences from this planet somehow. It was because we came here to kill the evil Arcturus Mengsk.

Nico: From Starcraft 2. I remember him and how evil that monster is.

Hunter: Ja. Und he has caused lots of problems on many worlds all over the galaxy.

Me: Yeah.

I went over his history.

Arcturus Mengsk is a prominent antagonist in the StarCraft real-time strategy PC game series by Blizzard, serving as one of the main antagonists of the franchise alongside the Overmind and Sarah Kerrigan.

He is a Terran born on the planet Korhal IV who lead a rebel faction known as The Sons of Korhal with his fellow Korhalians against the oppressive Confederacy of Man who dominated the Koprulu sector. However, after overthrowing the Confederacy Mengsk forms the totalitarian Terran Dominion and reveals himself to be a power mad dictator, only concerned with maintaining his own power and crushing anyone who defies him.

He serves as a major antagonist in the first StarCraft game, the secondary antagonist in StarCraft II: Wings of Liberty and the main antagonist of StarCraft II: Heart of the Swarm.

Arcturus ultimately succeeded in overthrowing the Confederacy using genocidal tactics and treason and was responsible for abandoning former Confederate assassin and Sons of Korhal member Sarah Kerrigan, on Tarsonis, which resulted in her transformation into the Queen of Blades by Zerg forces.

Disgusted by this, fellow rebel Jim Raynor cut ties with Mengsk and established his own group of rebels entitled Raynor's Raiders.

Upon the fall of the Confederacy, Mengsk established the Terran Dominion, where he crowned himself Emperor. However, he was not much different from the people that he had sought to replace and continued to rule via manipulation and terror. Raynor's Raiders constantly have tussles on with the Dominion on many worlds in their quest to overthrow Mengsk.

Soon after his establishment, the Koprulu Sector was invaded by the United Earth Directorate, which that the intention of defeating the Zerg and Protoss and reclaiming the old Terran colonies. The UED had successfully invaded Korhal and overthrew the Terran Dominion. They then captured Arcturus with the intention of executing him and his officers. However, Raynor's Raiders suddenly interfered and saved Arcturus. Though Mengsk was surprised at Raynor's actions, the rebel reassured him that he wasn't doing this for kindness, but because a mutual acquaintance of theirs (Kerrigan), needed him alive. With the help of the Protoss, the fugitives escaped.

Mengsk was put into cold sleep and later awakened to speak with

Kerrigan. Mengsk demanded to know why Kerrigan wanted him around. Kerrigan stated that she needed his Psi-Emitters to gather the Zerg minions to destroy the Psi Disruptor that the UED had taken control of. In return for his help, Kerrigan promised to help retake Korhal from the UED. Mengsk agreed to the deal.

Raynor and Fenix were unwilling to trust Kerrigan, knowing that she will soon betray them. Mengsk agreed that she was untrustworthy but would work with her if it helped him regain Korhal. Raynor responded by angrily reminding Mengsk that he was the reason Kerrigan became the monster she was to begin with.

Kerrigan followed through on her promise and helped liberate Korhal from the UED, however Kerrigan then promptly terminated the alliance and destroyed the Dominion and Protoss bases, killing General Duke and Praetor Fenix in the attack. Mengsk was outraged by Kerrigan's betrayal, but Kerrigan reminded him of his actions on Korhal. She stated that she would let him live to see her rise to power and remember what he had done.

Later on, Mengsk led the remainder of his Dominion fleet along with the Protoss fleet led by Artanis, and the remnants of the UED fleet led by Admiral Dugalle. Kerrigan promptly defeated all three fleets. Mengsk would later return to Korhal to rebuild the Dominion.

He had a son named Valerian Mengsk, who eventually led Dominion forces along with Raynor on a full-scale assault on planet Char in order to de-infest Kerrigan.

In 2505, he finally met his demise at the hands of a vengeance-thirsty Kerrigan on his home world of Korhal, despite rallying his best troops and defenses against Kerrigan's overwhelming Swarm.

When I was finished everyone was shocked.

Nico: Whoa! He's a monster. We got to stop him for good.

Me: We sure will.

Nico: Ben, I can imagine that you feel violated that Giovanni gene slammed several girls with DNA from your Omnitrix Aliens. Not to mention that those girls are from my childhood.

Ben: I do feel violated to some extent. But I think this is really cool that some of the girls are now some of my really cool aliens.

Me: They are cool this way.

Hunter: Ja und they now have amazing powers too.

Me: That's right.

Nico: I have a feeling this is gonna be a rough battle here. But as long as we're here we might as well get some technology from here too.

Me: Good idea. We can utilize all this for us on Earth.

Nico: Let's keep an eye out for trouble.

Me: Right.

We kept our eyes peeled and on the alert.

Then Nico sensed a massive and powerful energy signal.

Me: Whoa I feel that.

Nico: Yeah what power! What is emitting that terrible energy?

Ben: What is it?

Me: I've got a bad feeling about this.

Ben: I do too.

Hunter then saw something up in the sky.

Hunter: Mein gott! Look up!

We looked and we saw a MASSIVE INSECTOID LIKE SHIP and it was right over the city!

Me: MY GOD! That's a Zerg Carrier Ship!

Nico: I have a feeling I know what it's gonna be here for. To destroy Mengsk.

Me: Yeah!

Nico: Ben, if you want to go alien, now's the time!

Ben: Right!

Ben turned into ALIEN X!

Ben: (In many voices) ALIEN X!

The Zerg ship released hundreds of pods and they crashed into the ground and we saw an epic battle begin. The Zerg were overwhelming all of Mengsk's men with their superior numbers.

Me: WHOA!

Nico: Wow! They are really destroying them with vast superior numbers.

Hunter: Ja. The Zerg are powerful. Kill many and many more will take their place.

We saw tanks blasting the Zerg but they just kept on coming and there was NO STOPPING them!

Nico: We have to get to where they're coming from!

Me: Wait Nico! They aren't here for us. They are here for Mengsk. That must mean…

?: That's right.

Me: I know that voice. Its been a while Sarah Kerrigan.

We turned and we saw SARAH KERRIGAN - THE QUEEN OF BLADES!

Sarah Louise Kerrigan (usually just called Kerrigan) is one of the main antagonists of the real time strategy video game franchise StarCraft (alongside the Overmind and Arcturus Mengsk).

She appears as a heroine-turned-major antagonist in the first StarCraft game, as one of the two main antagonists of the expansion StarCraft: Brood War (alongside Gerard DuGalle) and the main antagonist of StarCraft II: Wings of Liberty, as well as one of the main protagonists for the rest of the series following her deinfestation.

She is voiced by Tricia Helfer, who also portrayed Goddess in Lucifer, Boodikka in Green Lantern: First Flight, Espheni Queenin Falling Skies and Carla Baxter in Burn Notice.

## Origin

Sarah Louise Kerrigan was born in 2473. When she was a young girl, an innocent flash of childish anger at her parents resulted in massive cerebral hemorrhaging caused her mother's head to come apart. This alerted the Terran Confederacy that she was psychically gifted, and she quickly became the focus of the fledgling Ghost program. The neural processing treatments that were used to dampen and pacify her latent psychic powers left her a withdrawn and introverted young girl. Because she had reached unheard-of scores on psi-evaluation tests, her abilities elicited a complete readjustment of the scoring system so that she could be properly measured. Potent psionic abilities, unmatched courage, sharp tactical instincts, and lethal training in both melee combat and ballistic weaponry led to her quick rise through the ranks of the Ghost program. The remnants of her humanity were stripped from her, and she was designated Ghost Number 24601.

Following her emergence from the program, she became an unstoppable assassin for the corrupt Confederate government. When Senator Angus Mengsk declared Korhal's independence from the Confederacy, Kerrigan and two others infiltrated his towering, fortress-like headquarters and assassinated him. She was then taken to a clandestine experimental facility and became part of a series of experiments with a race of insect-like creatures known as the zerg.

She was rescued from the Confederate scientists by Arcturus Mengsk, son of Angus and leader of the Sons of Korhal, an anti-Confederate revolutionary group. Mengsk removed her neural inhibitor and used her restored memories to build righteous anger against the government that had abused her. She was given the rank of lieutenant and became his second-in-command.

Over a year later, she was running a mission on Antiga Prime when she first came across Captain Jim Raynor, an ex-Confederate Marshal who had recently joined the Sons of Korhal. She caught him thinking dirty things about her. Using her personal cloaking device, she infiltrated the Antigan command center and killed a Confederate officer, setting off an open revolt against the Confederacy. Soon afterward, when Mengsk ordered Raynor to save General Edmund Duke, Kerrigan expressed her dislike for the idea but Mengsk pulled rank on her.

Two hours after a large Confederate strike force arrived on Antiga Prime and established a base camp within their defensive perimeter, Mengsk called a meeting where Kerrigan explained that those running the Ghost program found that the zerg were attuned to the psychic emanations of Ghosts and that Raynor had stolen designs for a Transplanar Psionic Waveform Emitter, which broadcasted the neural imprint of a Ghost, but at a much greater magnitude. Mengsk ordered her to plant an emitter at the Confederate base camp, but she didn't feel like anyone deserved to have the zerg unleashed on them. She expressed her doubts, but Mengsk told her she was letting her past cloud her judgment and pulled rank on her again. Once the emitter was in place, she told Mengsk to promise her that they would never do anything like that again.

Traveling on Mengsk's flagship, the Hyperion, to the Confederate capital world of Tarsonis, Kerrigan was shocked when she learned that Mengsk authorized the use of psi emitters against the entire planet. She voiced her opposition, but Mengsk pulled rank on her yet again. After she neutralized the protoss, a wave of zerg advanced on her position. She called for immediate evac before battling a hydralisk, after which time she realized that she hadn't gotten a response and asked what was going on. Realizing she was surrounded by approaching zerg, she dropped her C-10 Canister

Rifle and closed her eyes.

## Queen of Blades

The Zerg Overmind recognized Kerrigan's psychic abilities (as well as the fact that she could save the Zerg from the control of the Dark Voice) and encased her in a chrysalis. Inside this chrysalis, Kerrigan began to become a Zerg. When the chrysalis hatched, a new Kerrigan emerged. Mengsk, now the Emperor of the new Terran Dominion, which had succeeded the Confederacy, heard Kerrigan's psychic cry and sent forces to the planet, Char, to investigate. Raynor also arrived on Char, as he had heard the cry too.

Kerrigan's forces decimated the Dominion's and Raynor's forces. She still retained her humanity, but was connected to the will of the Overmind, as well as stripped of any ethical restraints and conscience she had once had. Kerrigan crowned herself Queen of Blades and assaulted the Protoss templar, Tassadar. Tassadar was merely distracting Kerrigan, however, and the dark templar, Zeratul, killed the Cerebrate, Zasz. Because of Zeratul's dark energies, Zasz could not be reincarnated by the Overmind. Kerrigan showed no regret for this.

After the Overmind's destruction and the UED Invasion, Kerrigan began her campaign for domination, resulting in the Brood War. She first manipulated the protoss and enslaved the Dark Templar Leader. Afterwards she arranged an alliance with Arcturas Mengsk, Jim Raynor, and Fenix to fight the UED. After using them to destroy the primary base of the UED Kerrigan betrayed them and murdered General Edmund Duke, Fenix, and many others. Raynor denounced her as a monster and swore to see her dead.

This seemed to effect her, and for the first time she decided to rest. After this lull was interrupted by the UED, Kerrigan blackmailed Zeratul into destroying the second overmind, before refusing to release the Dark Templar matron (whom she had brainwashed and captured.) Zeratul was ultimately forced to kill his leader to keep Kerrigan from recapturing her, and Kerrigan let him leave as an act of spite. Soon afterwards, Mengsk, the UED remnants, and the protoss attacked her base on Char Aleph. With the help of her Cerebrate lieutenant, she was able to crush the enemy forces and become the dominant force in the kopralu sector. Despite having the power to crush her foes she opted to give them a chance to recover.

## Defeat

After 4 years of lying dormant, Kerrigan took the swarm to war in order to collect pieces of an ancient Xel'Naga Artifact. Her old friend Jim Raynor beat her to the punch and collected the artifacts before joining forces with Valerian Mengsk.

The combined force of Raynor's Raiders and the Terran Dominion invaded Kerrigan's throne world, initiating a titanic clash in which both sides suffered massive casualties. Despite Kerrigan's efforts Raynor was able to rally the survivors into a sufficient fighting force, and the very artifact that Kerrigan started the war for was brought into the field. During the final assault, Kerrigan herself entered the battle, but was driven away; strangely, there was a brief instance when the original kerrigan broke through to encourage Jim. Ultimately the Terrans were succssessful, and the artifact successfully activated, obliterating Kerrigan's army, as well as deinfesting her into a human once more.

As Raynor and his men entered the hive, they discovered a weakened and dazed Kerrigan; though parts of her remained Zerg, the cruelty and malice that had defined the Queen of Blades had vanished. Tychus Findlay tried to shoot her, but hesitated long enough for Raynor to block the bullet with his armor and shoot him. Raynor picked up Sarah, and carried her across the battlefield.

## Path to Redemption

After Amon was defeated, Kerrigan heard a benevolent voice calling her, telling her that Amon lived, his hate festered in the Void and that he planned to return. She sent out a psionic transmission to Artanis and Raynor. They came to Ulnar and she met with them in the War Council of Artanis's arkship, the Spear of Adun. She told them that there was a gateway to the Void within Ulnar and asked for their help in going through it and destroying Amon once and for all.

Kerrigan, Raynor, and Artanis led their forces into the Void and defeated found that the one who called to her was a xel'naga named

Ouros, who told her that she could merge with his essence, ascend as xel'naga and continue the Infinite Cycle. Raynor urged her not to, but she replied, "With all I've done-the lives ruined… worlds destroyed… There's blood on my hands. I need to cleanse it. This is my destiny." Once Kerrigan had nearly all of Ouros's essence, she relinquished control of the Swarm to Zagara. Now a xel'naga, Kerrigan destroyed Amon's Void crystals. Once Amon's barrier of energy had fallen, he told Kerrigan that she was but a product of the flawed cycle, manipulated for the entirety of her existence, to which she replied, "You know nothing about me! I care little for the xel'naga's Infinite Cycle or your twisted lies. No, I choose something different. I choose freedom… for all of us." As Kerrigan destroyed Amon, she told Raynor to go.

2 years later, Kerrigan appeared human again before Raynor in Joeyray's Bar on Mar Sara. She asked, "You about ready to get out of here, cowboy?"

Nico: WHOA! Sarah Kerrigan.

Sarah Kerrigan: It's an honor to meet you Nico Chan. I've heard so many good things about you and Hunter you are doing really well.

Hunter: Danke. Good to see you again Sarah.

Me: Thanks have changed a lot since the J.D. you know merged with me.

Sarah Kerrigan: So I have seen.

Nico: Think it's time we paid Mengsk a visit.

Me: You read my mind Nico. And I know just where to find him.

I looked at the capital building of Korhal.

We flew into it and smashed through the doors and into the main room and we busted in and confronted ARCTURUS MENGSK!

Me: Game's over Mengsk.

Nico: You've tormented your last world.

Mengsk: Hello Team Loud Phoenix Storm. I've been waiting for you.

Sarah Kerrigan: (Chuckles) I'm surprised you haven't tried to escape.

Mengsk: Escape? (Chuckles) My dear. I'm afraid you got it all wrong.

He pressed a button and activated a neutronic lightning generator.

I fired an energy blast and blew the generator apart and destroyed it.

J.D. 4: Not this time Mengsk. I've learned from past experiences from before I merged with J.D. and I will make sure you pay for your crimes.

Mengsk: You really expect me to take you seriously, Knudson? (laughs) You're not even leader anymore!

Me: Oh I don't have to be a leader in order for my enemies to start taking me seriously Arcturus. I learn from my mistakes.

Nico: That's right! So many people have suffered all because of you. And now you will pay dearly for every single one of them times ∞.

?: (Gurgling Voice) That is right you fiend!

A Polymorph came out and it was blue!

Polymorph: (In a girls voice) Time for you to feel the burn you have caused to so many people.

She threw globs of blue slime and it hit Mengsk in his arms and legs and burned them off.

Nico: Ben, you should turn into Goop as well!

Alien X: Right!

He turned into Goop!

Ben: (Gurgling Voice) GOOP!

Nico: And I had a feeling that was you Edith Norris.

Polymorph: It has been a while Nico.

She reverted back and she was a blue hair girl with blue eyes and blue clothes.

Edith Norris: Now we can finish this monster for good.

Me: First my 4th incarnation has some unfinished business with Sarah. He forgot to do this for you.

I snapped my fingers and reverted Sarah back to what she was like before she became the Queen of Blades and now she has the power to become the Queen of Blades at will for good.

Sarah Kerrigan: I'm back to normal!

Me: Yep. Now lets finish this monster forever.

We fired energy blasts and slime blasts and the blasts all hit Mengsk and obliterated him forever. Then his spirit appeared.

Sarah Kerrigan: You can never suffer enough for all the lives you've ruined Arcturus. Including mine,

Me: So many have suffered because of you. But you don't deserve existence.

I drew a Kanji onto him.

Me: UZUMAKI BLACK JUDGEMENT SEALING ART: BLACK GATES!

He was confronted by the spirits of everyone he destroyed and he was found guilty and was erased from existence forever.

Nico: Good riddance.

Goop: What's your favorite memory of Nico?

Edith Norris: My favorite memory with Nico is where me and Nico did an awesome prank on the mean popular girls that were bullying one of our friends and they were so mad at us.

Nico: I remember that. We poured raw sewage into their lockers and when they opened them they got dumped on with sludge and slime and it was funny.

We laughed.

Me: That is hilarious!

Hunter: Ja! That is funny.

Nico: They were really humiliated and they were about to attack us but the school had them on close watch for a string of bullying incidents they did and they were expelled and ordered to leave immediately.

Me: Good riddance. People like them should never be welcome in our school systems.

Ben reverted back.

Ben: I agree there.

Sarah Kerrigan: That is true.

Edith Norris: Yeah. But another one of my favorite moments came from Art Class. Me and Nico made a really awesome painting of an alien planet together. It was amazing.

Nico: That was cool.

Me: Wow that sounds amazing. And we went to many kinds of planets all over the universe.

Nico: Yep.

Nico and Edith then hugged.

Nico: I really missed you.

Edith Norris: Me too Nico.

We later found a bunch of tanks and weapons and all sorts of technology and more and we also recruited Nova Terra and went back to Earth.

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, Sima Yi, Jiang Wei, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), Musashi Miyamoto (Samurai Warriors), and Rex Salazar are heading into the world of Independence Day, and not only is Lincoln going to rescue the seventeen girls there, but we're also going to destroy the Harvester Ships after the President gives his speech.

Lincoln: Wow, we're in the world of the movie Independence Day, and I know what we're going to do here, not only am I going to rescue the seventeen girls there, but we're also going to destroy the Harvester Ships after the President gives his speech.

Nico: That's right, big guy. I still remembered when we went into that world on the Fourth of July years ago, and we dealt the Harvester Aliens a very crippling blow when we destroyed them all.

Me: And now, we're going to do this all over again on one of Lincoln's rescue, this is going to be so awesome.

TLPS Mr. Wolf: And we also got word that another Gene-Slammer is here as well, and why do I have the feeling that she's going to reveal a dark secret that Lincoln told her, and it involved Lori, Lynn, Lola, Lisa, and Luan?

Lincoln: We'll find out about that later, TLPS Mr. Wolf. Right now, The President's going to give his speech, this was our favorite part in the movie.

President Whitmore: Good morning. Good morning. In less than an hour aircrafts from here will join others from around the world and you will be launching the largest aerial battle in the history of mankind. Mankind, that… word should have new meaning for all of us today. We can't be consumed by our petty differences anymore. We will be united in our common interests. Perhaps it's fate that today is the 4th of July and you will once again be fighting for our freedom not from tyranny, oppression, or persecution. But from annihilation. We're fighting for our right to live, to exist, and should we win today the 4th of July will no longer be known as an American holiday but is the day when the world declared in one voice; We will not go quietly into the night. We will not vanish without a fight. We're going to live on. We're going to survive, today, we celebrate our Independence Day!

We all cheered wildly, along with the rest of the people.

Me: That speech always gets us every time in the movie.

Lincoln: Same here. Alright, everyone. Let's take the fight to those Harvester Ships, and send them all into Oblivion forever, and we'll make every last one of them pay for trying to destroy our planet!

Everyone: YEAH!

?: HELP!

Suddenly, Lincoln heard the sound of seventeen girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the seventeen girls, but they've been cornered by The Harvester Ships, and they're going to kill them.

Lincoln: Guys, I found the seventeen girls, but they've been cornered by The Harvester Ships, and they're going to kill them. Let's go, the battle for Earth and mankind's survival has begun!

?: (Russian Accent) And we'll make every last one of those aliens pay for what they've done.

Suddenly, we saw an Infernal Flame Emperor appear in front of us.

Lincoln: That voice. I knew it was you, Laney Sonnya Romanov, but, we'll have to talk later, right now, let's destroy those Harvester Ships and send them all to Oblivion forever.

We rushed on over, and Lincoln put up an energy field to protect the seventeen girls, and as soon as Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sima Yi, Sun Quan, and Jiang Wei got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transform, The Samurai Warriors got out their weapons, Rex Salazar made a sword from his arm, and Me, Eli, Nicole, and Nico also transformed and unholstered our massive swords from our backs, all Hell was let loose as we went at the Harvester Ships, and we fire powerful blasts of rainbow energy, colored energy, elemental forces, ice, lightning, steel orbs, stars, rainbow flames, rainbow crystals, orange flames, blue flames, ice, and green flames, which hits some of The Harvester Ships, and they explode with incredible power as they hit them.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Keep it up, guys, we've got them on the run.

We continued attacking the Harvester Ships, and they exploded with incredible power. Then, we got to the Harvester Mothership, and it was also surrounded by many other Harvester Ships.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) J.D., Nico, let's use a combo on the main Harvester Ships, but for this one, let's use our Cyber Planet Keys for a little extra damage.

Me: (Divine Echoing Cosmic Voice of Friendship and Universal Hope) Oh yeah, now you're talking.

Nico: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) This is going to be good.

Lincoln, Me, and Nico: EARTH CYBER KEY POWER!

The Earth Cyber Planet Keys entered out arm-devices, and they enhanced our powers 100-fold. Then, we pointed our massive swords at the main Harvester Ships, and our energy auras flared up, and the tips of our massive swords formed three powerful rainbow energy balls with elemental forces.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) You Harvester Ships have caused us nothing but trouble for the last time.

Me: (Divine Echoing Cosmic Voice of Friendship and Universal Hope) We're not letting any of you to do whatever you want to our planet or to our people.

Nico: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) You've terrorized the galaxy for the last time, and we'll make sure you never return again.

Lincoln, Me, and Nico: HARVESTER SHIP GENOCIDE BLAST!

Lincoln, Me, and Nico fired a barrage of powerful rainbow energy blasts with elemental forces at the remaining Harvester Ships, and the blasts hit them and destroyed and obliterated them, and as for the Harvester Aliens, all of them were marked by a kanji on their foreheads, and after being found guilty by the spirits of those they've killed, all of them were sentenced to The Black Gates, and their spirits were erased from existence forever. We cheered wildly for what we've done, as we holster our weapons on our backs and power down.

Lincoln: You Harvester bastards have failed this entire universe!

Nico: (Laughs) That's telling them, Lincoln!

Me: Oh yeah!

Lincoln: That's it for those Harvesters, and they'll never return. (To Laney Sonnya Romanov) And it's so good to see you again, Laney.

Laney Sonnya Romanov: (Russian Accent) You too, Lincoln. it's been a long time.

They went up to each other, and they hugged, and Laney Sonnya Romanov was surprised at how much stronger and at how much taller and much more muscular Lincoln's gotten since she last saw him.

Lincoln: It sure has been a long time, I haven't seen you when you were eleven, and I've grown a lot since then.

Laney Sonnya Romanov: (Russian Accent) Yeah, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Wow, Lincoln, you know her?

Lincoln: Yeah, I do, Nico. This is Laney Sonnya Romanov, she moved from Russia to Michigan when she was eleven, and like TLPS Mr. Wolf said, she has a dark secret that I told her, and it involved Lori, Lynn, Lola, Lisa, and Luan.

Nico: Uh oh, I'm going to guess it's something really bad, and it involves trying to get rid of you.

TLPS Mr. Wolf: Not good.

Lincoln: You're not going to like it when she tells everyone, guys. But, for now, let's get you back to normal, Laney. Boys, cover your eyes, hold still, Laney, this is going to hurt.

Me, Nico, Eli, and the rest of the boys covered our eyes as Lincoln snapped his fingers, and Laney was reverting back to normal. Laney Sonnya Romanov is a beautiful 17-year-old with long orange hair going down to the bottom of her neck, orange eyes, fair skin, she's 6'0" in height, and she had the body of a goddess. She also now has massive orange angel wings, as she reigned in the power of Infernal Flame Emperor.

Lincoln: How do you feel, Laney?

Laney Sonnya Romanov: (Russian Accent) Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Laney Sonnya Romanov a new wardrobe, an orange shirt with a gold phoenix and an orange skirt with Infernal Flame Emperor on it, orange pants, orange leather ankle-high combat boots, and a long orange trenchcoat with centaurs on the coattails and Infernal Flame Emperor on the back, and on her back is a large Infernal Flame Emperor-themed sword with a 6'5" massive, wide, double-edged, man-sized orange blade with Infernal Flame Emperor etched on it, large orange lion heads with yellow gems for the crossguard, large orange gem for the hilt, longer black handle, and four large lion heads with orange gems for the eyes and four large orange gems in its mouths for the pommel.

Laney Sonnya Romanov: (Russian Accent) Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Laney Sonnya Romanov's neck with orange gems on the gold lightning bolts and orange crystals links from her new Crystal Necklace of the Buddha.

Laney Sonnya Romanov: (Surprised) (Russian Accent) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Laney.

Laney Sonnya Romanov had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the seventeen girls in the energy shield, and when Lincoln saw them, he immediately recognized them. The seventeen girls are Chigasaki Megumi, Hoshino Mai, Hozumi Eri, Katagiri Mika, Saeki Ayana, and Shinjou Chiaki from Canary, Aoba Kozuemahoraba, Chanohata Tamami, and Momono Megumi from Mahoraba: Heartful Days, Yona from Yona of the Dawn, Kazuki Mai from Star Magician Magical Emi, Yumi Hanazono from Pastel Yumi, the Magic Idol, Aikawa Akane, Nakatomi Nanaka, and Sawanoguchi Sae from Magic User's Club, Meroko Yui, and Kouyama Mitsuki from Full Moon o Sagashite.

Lincoln: Oh wow, it's Chigasaki Megumi, Hoshino Mai, Hozumi Eri, Katagiri Mika, Saeki Ayana, Shinjou Chiaki, Aoba Kozuemahoraba, Chanohata Tamami, Momono Megumi, Yona, Kazuki Mai, Yumi Hanazono, Aikawa Akane, Nakatomi Nanaka, Sawanoguchi Sae, Meroko Yui, and Kouyama Mitsuki.

Helena McTroy: From Canary, Mahoraba: Heartful Days, Yona of the Dawn, Star Magician Magical Emi, Pastel Yumi, the Magic Idol, Magic User's Club, and Full Moon o Sagashite, awesome. Oh, Lincoln, you have to cure Kouyama, she has a tumor in her vocal cords.

Lincoln: I'm already on it, Helena.

Lincoln covered his large left hand in water, and as he'd placed his hand on the side of her neck, the water reached in and it removed the tumor, and it destroyed it, and it cured Kouyama Mitsuki of her tumor in the vocal cords, and her voice was back to normal.

Lincoln: There we go. Are you girls okay?

Kouyama Mitsuki: Yes, we're okay, thanks to you, and thank you for getting rid of the tumor in my vocal cords.

Then, when Kouyama Mitsuki and the other sixteen girls saw who it was that saved them from the Harvester Ships and cured her of the tumor in her vocal cords, their faces turned atomic red upon seeing the 17-year-old 7'0" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanjis "Savior of The Loud House, Powerful Student of Many Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, and The Unifier of The Three Kingdoms" on the left legs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts with a large deep sapphire blue gem in the shape of a Thunderbird on top of a silver Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Kouyama Mitsuki: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made sixteen clones of himself, and he and the sixteen clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Kouyama Mitsuki: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, seventeen Thunderbird Necklaces of Eternal Love appeared around the necks of Chigasaki Megumi, Hoshino Mai, Hozumi Eri, Katagiri Mika, Saeki Ayana, Shinjou Chiaki, Aoba Kozuemahoraba, Chanohata Tamami, Momono Megumi, Yona, Kazuki Mai, Yumi Hanazono, Aikawa Akane, Nakatomi Nanaka, Sawanoguchi Sae, Meroko Yui, and Kouyama Mitsuki with colored gems and crystals on the gold lightning bolts. We returned to the Estate, we told everyone what happened, and they were shocked when we told them the villains we went after were The Harvester Ships.

But, when Lincoln showed what we did to the Harvester Ships, along with curing Kouyama Mitsuki of the tumor in her vocal cords, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Laney Sonnya Romanov now have a lot of catching up to do, now that she's back.

---

After getting rid of the Harvester Ships and the Harvesters this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Laney Sonnya Romanov saw Lincoln working out like crazy, she had an atomic red blush on her face.

Laney Sonnya Romanov: (Russian Accent) Whoa, Lincoln's really grown to be a 17-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Laney, and now, I can also fight and defend myself.

Laney Sonnya Romanov: (Russian Accent) That's incredible.

Nico: It sure is, Laney. So, what's this dark secret that Lincoln told you about, and he and TLPS Mr. Wolf said that it'd involved Lori, Lynn, Lola, Lisa, and Luan?

Laney Sonnya Romanov: (Russian Accent) You won't like this one, Nico. One time, while Lincoln and I were playing video games in his room in The Loud House, Lincoln paused the game, and I wanted to know why he did it. He decided to tell me a very dark secret, and it involved Lori, Lynn, Lola, Lisa, and Luan: he told me that they were planning on sabotaging Lincoln's bonds with Leni, Luna, Laney, Lucy, Lana, Lily, and his parents, along with the bonds with his friends and once that happened, he'll be all alone, and then, they'll kill him and no one would miss him. I was horrified at that secret, and I hugged him, and he hugged me back, and when I felt tears on my chest, I knew Lori, Lynn, Lola, Lisa, and Luan have crossed a serious line. I told Leni, Luna, Laney, Lucy, Lana, Lily, Mr. and Mrs. Loud, and all of Lincoln's friends, and they were also horrified, and they also comforted him, and they told him they'd never turn against him and they'll love him with all their hearts. Eventually, Lori, Lynn, Lola, Lisa, and Luan were busted, and they were so enraged, they were going to kill Lincoln in a fit of rage that their plan was foiled. But, I knocked Lori, Lynn, Lola, Lisa, and Luan out and we tied them up with nylon rope. In the end, they got a nasty scolding from me, Leni, Luna, Laney, Lucy, Lana, Lily, Mr. and Mrs. Loud, and all of Lincoln's friends, and they got a nasty punishment: grounded for six months with no cellphone, no sports, no pageants, no experiments, no pranks, no puns, no going to the mall, no going out with Bobby, no sports competitions, and no tea parties.

We gasped in shock at the dark secret, and when the girls in Lincoln's harem heard it, they growled in anger at what the dark sides of Lori, Lynn, Lola, Lisa, and Luan tried to pull, and forcing Lori, Lynn, Lola, Lisa, and Luan, now those five have crossed a severe line.

Me: My God.

Nico: Okay, now the dark sides of Lori, Lynn, Lola, Lisa, and Luan really crossed a serious line, trying to sabotage Lincoln's bonds with Leni, Luna, Laney, Lucy, Lana, Lily, and his parents, along with his friends and once he's all alone, it'll end with them killing him and no one would miss him?

TLPS Mr. Wolf: I knew it was something dark involving those five, but this is really dark and really evil to the extreme.

Eli: That's nothing but pure evil from those five monsters from Hell!

Lincoln: Big time, Eli. But, it was all thanks to Laney Sonnya Romanov, she stopped those five dead in their tracks, and when I told her of what those five were planning, it felt like a weight was lifted off of my heart.

Nico: It's a good thing you did tell her, Lincoln, it proved that you have a lot of people out looking for you, and they'll always put Lori, Lynn, Lola, Lisa, and Luan in their place.

Lincoln: That's right, Nico. If I didn't have that, Lori, Lynn, Lola, Lisa, and Luan would've gotten away with their plan, which would culminate with me losing my family and all my friends and then, they'll kill me and get rid of me for good.

Lori: And looking back on that incident, I can't believe that bitch planned something that evil. Too bad our code won't let us kill Dark Lori, Dark Lynn, Dark Lola, Dark Lisa, and Dark Luan, but they crossed a serious line.

Lynn: But, it was thanks to Laney Romanov, she saved our brother's life, and really roughed us up for what we were about to do.

Laney Sonnya Romanov went up to Lori, Lynn, Lola, Lisa, and Luan, and she hugged them, and they hugged her back.

Nico: That's true, but it's best they suffer in indestructible diamond prison forever, and they'll never be set free ever again.

Lincoln: And Laney Sonnya Romanov has gotten along greatly with our friends from Russia, even Anastasia Romanov, the surviving Princess of The Romanov Dynasty.

Laney Sonnya Romanov: (Russian Accent) Indeed, I'd heard about the disappearance of Anastasia Romanov long ago, and I knew that it was Rasputin who did this.

Lori: That monster got what he deserved, and I adopted Anastasia as my sister, and I sent Rasputin to Oblivion forever for his crimes.

We then got a shower, and then, Lincoln and his harem got ready for their beach date, this time, it's at Whimsical Waters in the world of Mario.

Lincoln then snapped his fingers, and the 17-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo, and elemental forces on it, along with his large weighted orange bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

His harem were dressed in two-piece bikinis in their favorite colors, sandals, along with their jewelry, and they also had their weapons holstered in case of trouble.

Lincoln: Alright, ladies, shall we?

Hannah Montgomery: We're ready, Lincoln.

Lincoln and his harem left the Estate, and they arrived at Whimsical Waters, and it was an awesome underwater tropical lagoon.

Hannah Montgomery: Wow, what is this place, Linky?

Lincoln: This, Hannah, is Whimsical Waters in the world of Mario. I heard about it from Mario, and it's the perfect place for our beach date. Shall we?

Lincoln and the girls then dived right in, and they began swimming through the underwater lagoon, and they saw the creatures that lived there. Then, in a dome Lincoln made, they had some lunch, and for today's lunch, Lincoln made some grilled cheese sandwiches with grilled chicken pieces in them, and they were good. Then, as soon as the sun's about to set, Lincoln made clones of himself, and he and the clones went to the girls in his harem, and they picked them up in their abnormally massive and powerful muscular arms, and just as the sun turns orange, they passionately kissed and hugged. Then, they came back home to the Estate, and they were in their original clothes.

Nico: Hey, big guy, how was your date?

Lincoln: It was awesome, Nico, we went to Whimsical Waters in the world of Mario.

Nico: Whoa, I've heard about Whimsical Waters in the world of Mario, since it's an underwater lagoon and I can guess you guys had fun.

Hannah Montgomery: We had an awesome time, we went swimming, and we had lunch in a dome of air that Lincoln made, and we ended that date when Lincoln made clones of himself, and they picked us up in their abnormally massive and powerful muscular arms, and just as the sun turns orange, we passionately kissed and hugged.

Nico: Always a trademark way of ending the date, with a passionate kiss and hug as the sun sets.

At the Jupiter Prison it was time for the first rant fest of the year with the most hated Babysitter ever: ICKY VICKY!

Me: Well it's time for our first rant fest of the year.

Nico: Yep looking forward to this.

Shu: Me too! This is gonna be awesome.

Maggie Peyton: Tecna told me all about these rant fests that you all have and I heard so much about Icky Vicky and how dangerous she is. She is pure evil.

Me: Yep.

We arrived at Icky Vicky's cell and we saw that Vicky had a nasty death glare with eyes that were black and had evil skulls and crossbones in them.

Prisoner 1: We're really sorry Icky Vicky got out before, guys.

Arpeggio: (British Accent) Oh, come now. None of you are to blame for that incident.

Me: Besides Vicky is gonna be getting the worst ever rant from us now.

Nico: She sure is.

Jessica Shannon: Shu, how about you rant first?

Shu: Sure thing Jessica!

Nico: Lets get ready to (FIRE HAIR FLARES UP) (ECHOING) RUMBLE!

Eli: YEAH!

Edith Norris: This is gonna be so fun!

Laney Sonnya Romanov: I'm so going to enjoy this one!

Lincoln: Me too!

Shu went up to Icky Vicky.

Icky Vicky: You got something to say to me you fucking little twerp!?

Shu: (TAKES A DEEP BREATH) YOU ARE ONE OF THE WORST BABYSITTERS I'VE EVER SEEN IN MY LIFE AND YOU DON'T GIVE A FLYING CRUD ABOUT ANYONE BUT YOURSELF AND YOU WOULD RATHER PISS IN PEOPLES PANTS AND MAKE PEOPLE EAT THEM! YOU ARE A NO GOOD COWARD AND A FUCKING FREAK OF NATURE WITH A STUPID DUMB BRAIN AS BIG AS A PEA! YOU RED HAIR STUPID UGLY FREAK!

We cheered wildly for him!

Nico: YEAH YOU TELL HER!

Prisoner 1: AWESOME JOB KID!

Ish: My turn! I got a prank this time.

Nico: Go for it Ish!

Rainbow Dash: Yeah this will be awesome!

Ish then summoned a bunch of clones that looked like the football players of the Indianapolis Colts!

Ish: BLUE 44, 43, DELTA BRAVE BRAVO! HUT HUT HUT HIKE!

They charged at Icky Vicky and smashed her all over with the fury of Indianapolis Power!

We cheered wildly!

Skullcruncher: Nate, you're up next!

Nate Adams: I hope I don't get in trouble for this.

Twilight Sparkle: It's fun Nate.

Nate went up to Icky Vicky.

Nate then pointed his butt in Icky Vicky's face.

Nate: TASTE THIS YOU UGLY WITCH!

FFFFFFFFFFAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAARRR

He farted and released a lethal blast of yellow fire and it hit Icky Vicky and burned her all over and we were laughing hysterically!

Nico: (LAUGHS) THAT WAS SO FUNNY!

Me: (LAUGHS) YEAH!

Maggie Peyton: My turn! Muscle Man can you help me with this?

Muscle Man: You bet Maggie.

Maggie went up to Icky Vicky.

Muscle Man: You know who thinks you are a cool racer Maggie?

Maggie Peyton: Who?

Muscle Man: MY MOM!

We laughed at his joke.

Maggie laughed.

Maggie Peyton: Good one! But also Icky Vicky called your mom a dumb fucking prostitute and thinks she is a stupid ugly freak!

We gasped!

Me: UH OH!

Nico: She's in for it now!

Muscle Man roared in incredible fury!

Muscle Man: (To Icky Vicky) WHAT DID YOU JUST SAY ABOUT MY MOM!? WHAT DID YOU SAY ABOUT MY MOM!? YOU'RE GOING TO WISH YOU WERE NEVER BORN YOU BITCH!

He went at Icky Vicky and viciously smashed and pulverized her all over the place with incredible fury!

Warpath: Last up are Mikey Kudo and Yost Reed!

Mikey Kudo: I got something to say.

He went up to Icky Vicky who was brutally pulverized and mangled up.

Mikey: Here's what I think about you. YOU ARE AN UGLY BRAINLESS MONSTER THAT IS AN UGLY FREAK WITH AN UGLY FACE!

Icky Vicky roared ferociously!

We cheered wildly!

Yost Reed went up next.

Yost Reed: I got one thing for her.

He stretched and then smashed his fist right into her face and then knocked her down.

We cheered for him.

Me: Take that!

Nico: OH YEAH!

Scavenger: Don't worry, folks! We'll be back with more rants after the next 6 special missions!

Me: Yep.

Nico: Awesome! Lets go get some grub first before we go on our next mission.

Mordecai: And I got just the place.

Mordecai, Rigby, Muscle Man and High Five Ghost: JIM BROS BURRITOS! JIM BROS BURRITOS! JIM BROS BURRITOS! JIM BROS BURRITOS!

We were off to Jim Bros Burritos.

We went into Jim Bros Burritos and it was a really awesome restaurant in the shape of a Mayan Temple.

Nico: This restaurant looks neat and it's right next door to Lynn's Table. Talk about convenient.

We went to the counter and ordered their EVERY MEAT BURRITOS! It was a burrito stuffed with EVERY KIND OF MEAT YOU CAN THINK OF!

We got to eating and it was awesome!

Nico: (Eating) MMM! This is a delicious burrito.

Me: (Eating) Yeah.

Eli: (Eating) Wow the Every Meat Burrito is really delicious.

Laney: It sure is. Wow it has every kind of meat there is.

Lana: I'll say.

We were really hungry. Then Lord Drakkon, Myotismon, Baron Mordo, Evil Xion, Evil Roxas, Larxene, Marluxia, Evil Luxord, Demyx, Axel, Saix, Zexion, Lexaeus, Vexen, Xaldin and Xigbar

appeared.

Drakkon: Can me, Myotismon, Baron Mordo, Evil Xion, Evil Roxas, Larxene, Marluxia, Evil Luxord, Demyx, Axel, Saix, Zexion, Lexaeus, Vexen, Xaldin and Xigbar go with you guys?

Nico: You all sure can.

Evil Xion: What are you guys eating?

Nico: An Every Meat Burrito. It's a burrito stuffed with Every Kind of Meat you can think of.

Lola: It's delicious. Want to join us for lunch before we go on our next mission.

Larxene: We are a little hungry. Heard you all had an awesome rant session. Oh and this is our newest recruit. Meet evil Roxas.

Nico: SWEET! Now Organization XIII 2.0 is ready. We just got to find a good archenemy for him.

Evil Roxas: And I know just the one. Your friend Edith Norris.

Edith Norris: AWESOME!

We got to eating more and we were really stuffed!

Nico: Okay now that we've eaten and we're stuffed. (To the Jim Brothers) Thanks again for the grub guys.

Jimbo (Regular Show): No problem Nico.

Nico: It's time for our next mission and you'll like this one. We're going into the world of the 2009 movie 9.

Eli: Awesome! That is gonna be interesting! It's about Humanity now extinct.

Dead End: So, our next mission is going to be in a world where humanity is wiped out? (sarcastically) Joy.

Nico: Yeah it's gonna be scary. First we're gonna watch the movie 9 and then we're going to head into the Simulator for the mission.

We went back to the estate and we got to watching the movie and it was a cool one.

In an alternate 1930s world, a scientist is ordered by his dictator to create a robot in the apparent name of progress, and so the scientist creates the B.R.A.I.N., a highly intelligent robot. The dictator seizes it upon its apparent completion and turns it into the Fabrication Machine, an armature that can construct an army of war machines to destroy the dictator's enemies. But the B.R.A.I.N. is seized before the scientist can give it a soul, thus causing the Fabrication Machine to decide to exterminate all of Earth's population. The Fabrication Machine reprograms the created war machines to attack humanity, and proceed to wipe out all plant, animal and microbial life with toxic gas and chemical weapons. On the verge of destruction, the scientist uses alchemy to create nine homunculus-like rag dolls known as "Stitchpunks", giving them portions of his own soul via a talisman he created. He dies upon completion of the final doll.

Some time later, the final Stitchpunk, 9, awakens in the workshop. Taking the talisman with him, 9 ventures into the devastated city and meets 2, a frail inventor who gives him a working voice box and is surprised to see the talisman. The last active machine, the Cat-Beast, attacks the pair and abducts both 2 and the talisman. 9 collapses, but awakens in Sanctuary, the tower of an empty cathedral that is home to other Stitchpunks - the dogmatic leader 1, his large bodyguard 8, the cycloptic engineer 5, and the mentally unstable oracle 6. 1 immediately declares 2 as dead, but 9, having seen the condemned factory where the Cat-Beast took him, decides to rescue him. 9 and 5 venture to the factory where they find 2. The Cat-Beast attacks the trio, but are saved by 7, the only female of the Stitchpunks. 9, drawn by curiosity, connects the talisman to the derelict Fabrication Machine, reviving it, and it subsequently kills 2 by sucking out his soul. 9, 5, and 7 manage to escape the factory.

7 takes 9 and 5 to an abandoned library, where the silent scholar twins, 3 and 4, have taken residence, and show 9 the Fabrication Machine's origins. 5 realizes the talisman's symbols match the

clairvoyant drawings of 6. 9 and 5 return to Sanctuary to investigate, but 1 intervenes and reprimands them for disobeying his orders. Meanwhile, the Fabrication Machine assembles new robotic creatures; one of them, the bird-like Winged Beast, attacks Sanctuary, leading to a battle between it and the Stitchpunks. 7 joins the fight, but is injured. The Stitchpunks win, defeating the Winged Beast, however, they lose their safe-house, as a fire had started during the fight.

As the group retreats to the library, 6, 3, and 4 cryptically explain the talisman's origins, but 1 reveals to the group that he sent 2 out of Sanctuary on a scouting trip to die. 7, shocked by this, attacks 1, but flees when 9 intervenes. Meanwhile, the Fabrication Machine retrieves 2's corpse and uses it as a hypnotic lure for another one of its robot creatures, known as The Seamstress. The Seamstress attacks the library and captures both 7 and 8, but 2's body is recovered and given a funeral by the others. The others then run to the factory to destroy the machines. 9 goes in alone, kills the Seamstress, and rescues 7, but not before 8's soul is absorbed by the Fabrication Machine. 9 and 7 escape while the others destroy the factory.

The Stitchpunks celebrate the destruction of the factory, but the Fabrication Machine, which survived, suddenly emerges from the ruins of the factory and absorbs 5's soul. The Fabrication Machine attacks the group as they run away and manages to capture 6. 6 tells 9 to go to the Scientist's workshop to find answers, before being absorbed by the Fabrication Machine. 9 follows 6's instructions, finding a holographic recorded message from the Scientist, explaining B.R.A.I.N.'s origins and that the Stitchpunks have his soul, making them the only hope for humanity. Following this revelation, 9 uncovers the purpose of the talisman and returns to his friends.

9 reunites with the other Stitchpunks and decides to sacrifice himself so the others can retrieve the talisman. Having had a change of heart, 1 redeems himself by saving 9, pushing him out of the way and allowing himself to be absorbed while 9 removes the talisman. 9 activates the talisman and reabsorbs the souls taken by the Machine, resulting in its final destruction. Afterwards, 9, 7, 3, and 4

free the souls of 5, 1, 6, 2, and 8 from the talisman as they fly up into the sky, causing it to rain. The final image shows that the raindrops contain small flecks of glowing bacteria, bringing life back into the world.

---

We were shocked to see what happened to the world. But when the movie was done we cheered wildly.

Nico: That was an awesome movie!

Eli: It sure was.

9: Yeah you guys are gonna be awesome in helping us save the world.

Me: We sure will.

Nico: Lets head to the Simulator.

We were ready.

King Kai: (Telepathically) Nico, can you hear me?

Nico: King Kai, what's wrong?

King Kai: (Telepathically) I've got bad news that Hulk, Jennifer Walters, Betty Ross, Rebecca Banner, and all of you aren't going to like: David Banner has escaped from The River of Fire, and he wants revenge on you all for what you did in foiling his plans and for sending him to The River of Fire.

We gasped in shock.

Me: What?! That insane, fucked-up lunatic has escaped from The River of Fire?!

Lincoln: First, Christine Hargensen escaped from Hell yesterday, now, David Banner's escaped. This isn't good. But, I've got something to help out. I also found out about it through my meditations as well, and I asked Ed Cowart to help out with this one.

Ed Cowart came in and gave Lincoln a syringe filled with a powerful poison.

Lincoln: This powerful poison Ed Cowart made will prevent David Banner from using his powers for the next 72 hours, which is more than enough time for us to kill him and give him The Black Gates.

Nico: Awesome.

Twilight Sparkle: Linky, what can you tell us about David Banner? It sounds like all of you have a very nasty history with him.

Lincoln: You won't like him one bit, Twilight Sparkle. David Banner is an extremely insane, abusive, and murderous madman who killed Rebecca Banner and tormented his son, Bruce.

Lincoln proceeded to tell those who hadn't joined us about David Banner, and they weren't going to like him one bit.

David Banner

History

David Banner was a genetics researcher who, in his quest to improve on humanity, experimented on himself; after his wife, Edith Banner, gave birth to Bruce, David, seeing that Bruce was not normal, barely showing emotion and gaining patches of green skin when he did, felt that he was responsible, realizing that his experiments on himself had affected Bruce. Trying to find a cure for Bruce's condition, David had his research shut down by Thaddeus "Thunderbolt" Ross; going into a rage over the loss of his work and the hopelessness of Bruce's situation, David accidentally destroyed his laboratory and tried to kill Bruce only to accidentally fatally stab Edith, before being arrested and confined to a mental institution; blocking his memories of David killing Edith, which haunt his nightmares, Bruce was taken into foster care.

Thirty years later, David was released from mental hospital and got a job as a janitor at the research institute Bruce worked at, in the same field as his father. Confronting Bruce on the night after he was blasted with radiation and nanobots, David revealed his relationship to him (Bruce had previously thought his biological father was dead) and stole some of his mutated DNA. Experimenting with Bruce's DNA on animals, David also saw his son's first transformation into the Hulk, which he soon became obsessed with copying to possess that power.

Releasing three dogs he had mutated to kill Betty Ross, who had confronted him over what has happened with Bruce, David called Bruce and told him of this. Defeating the mutant dogs and saving Betty, Bruce was tranquilized and taken to a military facility, which David followed him to. As Bruce was held captive, David subjected himself to the same devices that gave Bruce the ability to change into the Hulk, giving himself the ability to absorb the properties of everything he touched (similar to the villain Absorbing Man from the Hulk comics). Finding Betty, David told her that he will turn himself in if he was allowed to see Bruce one more time, also revealing to her that he had intended to murder Bruce (believing he would mutate out of control) when his research was originally shut down and that instead he ended up killing Edith when she tried to stop him.

Taken to Bruce, David was placed in a room with him, where they were placed between two electrical generators that would kill both of them if things went out of hand. Having descended into megalomania, David ranted to Bruce about how the military has ruined their lives, also stating that the Hulk was his true son, and Bruce was just a shell for him. Biting some electrical wires, David became a being of pure electricity while Bruce, upon seeing this, becomes the Hulk. Breaking out of the military facility and engaging each other, David and the Hulk crash into Pear Lake, where David, becoming a being of stone and water, tried to absorb all the Hulk's energy, which the Hulk allowed. Unable to contain the Hulk's energy, David swelled into a gigantic energy bubble, which was blown apart by a Gamma Charge launched by General Ross, killing David, while leaving Bruce unharmed at the bottom of the lake after his father absorbed the full force of the explosion.

## Powers and Abilities

### Powers

Energy Absorption: David had the power to absorb energy from anyone and anything he touched. And in doing so could take the appearance of the object he had absorbed the energy from. For example, absorbing energy from stones will change him into a golem (a stone-like humanoid). He could also fuse with physical items such as the floor or a computer terminal.

Abilities

David was a gifted scientist

Weaknesses

He couldn't contain all the gamma powers of the Hulk.

Megalomania

Insanity

---

When Lincoln was done, those who hadn't joined the team were really shocked and enraged at David Banner's actions.

Rarity: My word.

Me: Yep, David Banner's an abusive father and a megalomaniacal, fucked-up lunatic who deserves to die.

Nico: He's getting The Black Gates for this one.

Then, Absorbing Man appeared in the Estate.

Absorbing Man: Guys, I just heard the news: is it true that David Banner has escaped from The River of Fire?

Lincoln: You heard right, Carl. David Banner's escaped, and that insane lunatic wants revenge on us all.

Absorbing Man: That bastard. Hey, can me and Hulk join in?

Lincoln: Of course.

Absorbing Man: Awesome, and who's going to be the one to fight him?

Wang Yuanji: That'll be me, and of course, Lincoln's also joining in as well. Plus, Lincoln had asked Ed Cowart to make a powerful poison, which'll prevent David Banner from using his powers for the next 72 hours.

Absorbing Man: Which'll give us more than enough time to kill him, awesome, and it looks like you're going to transform, Yuanji.

Wang Yuanji: Yes, that's correct.

Nico: Alright, everyone, let's get going.

We were off to the world of 9.

---

We arrived in the world of 9 and we gasped in absolute shock and horror. It was a terrible place. All the buildings were destroyed and there was no sign of anyone and anything. All life as we know it is gone.

Me: My God. What the hell happened here?

Eli: Everything is destroyed.

Marluxia: There's no sign of life anywhere.

Nico: No life at all. It's like we're the only ones left in this world.

Laney: It's scary.

Nico: Good thing I prepared for this kind of scenario.

Nico clapped his hands and danced around and then…

KABOOOOOOOOOOOOOMMMMMM!

Out of the ground in an explosion came a huge MORTAL ENGINE! It was a mobile version of The City of Gotham Royal York!

Me: WHOA! You made your own Mortal Engine!

Eli: That is awesome!

Nico: Yep. I call it our Apocalypse Readiness Transport.

We were driving through the world.

Grinnade looked worried as he made video game noises while looking around.

Nico: Yeah it's shocking. I can't believe that all this happened.

Me: Wow. Not a single speck of life for miles.

9: This all happened because of the Fabrication Machine.

Me: What can you tell us about it 9?

9: Well it's not pretty.

He told us about it.

The Binary Reactive Artificially Intelligent Neurocircuit, also known as B.R.A.I.N. and better known as the Fabrication Machine, is the main antagonist of the 2009 computer-animated film 9.

It is a soulless artificial intelligence created by the Scientist before the stitchpunks, which went insane and initiated an omnicide against all life. It is responsible for the eradication of humanity, and it seeks to drain all the stitchpunks' souls and then repopulate the lifeless world with machines.

Prior to the film, the Scientist created the B.R.A.I.N. in order to support humanity as an instrument of progress and creation. The Scientist, after completing the B.R.A.I.N., used the Talisman to give it sentience; however, unlike with the Scientist's later, future creations, the B.R.A.I.N. was ensouled purely with the Scientist's intellect and not his actual human soul. The Scientist realized that the B.R.A.I.N.'s soullessness was a major flaw which made the

B.R.A.I.N. especially vulnerable to evil and corruption. The Chancellor forcefully had it taken away so that it could be used as the Fabrication Machine to build weapons and war machines for the Nation, against the Scientist's will and the B.R.A.I.N.'s true purpose.

Lacking a soul to withstand corruption, and being forced to make armies of Steel Behemoths, the Fabrication Machine eventually went insane and turned against the Nation, and initiated a war and genocide against humanity and all other lifeforms. The Machine had its Steel Behemoths attack and wipe out all humans, and manufactured a poisonous gas which eventually killed off all life on Earth. At some point during or after the war between humanity and the machines, the Fabrication Machine had somehow been shut down, and left deactivated in the intact ruin of the Nation's weapons factory, and all of its war machines had likewise perished, except for one, the Cat Beast, which sought to find the Talisman and reactivate the Fabrication Machine.

Sometime after the machines' war against life had sterilized the Earth, the Cat Beast finally found the Talisman and returned to the weapons factory with it, but was destroyed by 7 just before it could reactivate its dormant master. However, 9, out of curiosity, accidentally inserted the Talisman into the the Fabrication Machine's external hard drive, reactivating it and causing it to, through the Talisman, absorb 2's soul in the process. After 9, 7 and 5 escaped, the Fabrication Machine reactivated the factory and began producing hunter and killer machines again, with the intent of capturing the eight remaining stitchpunks and absorbing their souls through the Talisman (as the Machine's constraints limited its movement to the factory, and thus it needed to make other machines and robots to do its dirty work and bring the stitchpunks to it).

The Fabrication Machine's first hunter machine was created and sent after the stitchpunks was the Winged Beast, which succeeded in locating and destroying the stitchpunks' original hideout in the church, but failed to capture and bring back any of them and was destroyed by them. When one of the Fabrication Machine's new Seekers brought evidence of the Winged Beast's demise back to it, the Machine next created the Seamstress to mesmerize and then tie up and capture the stitchpunks. The Seamstress was successful in capturing 7 and 8, and the Fabrication Machine drained 8's soul, but 9 snuck into the factory and saved 7 and destroyed the Seamstress. 9 and 7 fled the factory through a narrow pipe as the Fabrication Machine sent Spiderbots after them, and the stitchpunks then sent a lit oil barrel through the pipe into the factory, blowing up and completely destroying it.

Though the destruction of the factory destroyed all the Fabrication Machine's new robots, the Machine itself survived the explosion, and was now free of its constraints and fully mobile thanks to the damage the explosion caused to its casing. The Fabrication Machine immediately went after the seven stitchpunks, and it succeeded in draining 5 and 6's souls, but temporarily lost the remaining stitchpunks when they fled across a bridge which collapsed under the Fabrication Machine's weight. The Fabrication Machine soon caught up with the stitchpunks in the abandoned barracks, where 1, 3, 4 and 7 unsuccessfully attempted to destroy it with a barrage cannon before the Machine destroyed the cannon. The Fabrication Machine eventually cornered the stitchpunks and attempted to drain 9's soul through the Talisman, but the Machine ended up extracting 1's soul instead when the latter pushed 9 out of the way and sacrificed himself.

While the Fabrication Machine was distracted removing 1's soul, 9 was able to get close enough to forcefully remove the Talisman it. The Fabrication Machine immediately attempted to grab the Talisman back from 9, but he activated the Talisman against the it, removing all the slain stitchpunks' souls from the Fabrication Machine. The Fabrication Machine then exploded in a fiery/electrical blast, killing it for good.

---

When he was done we were shocked and horrified!

Laney: That's horrible!

Nico: So this machine wants to turn the world into a world of machines with the powers of the souls of the Stitchpunks.

9: That's right.

Nico: I wonder. Blastertron, scan for any signs of human life underground.

Blastertron: Affirmative. Initiating scans for human life underground.

Larxene: Are you saying that fucking machine can suck out the souls of people?!

9: That's right.

Me: This is awful. This machine is in every way like that Mechanical Beast that we faced as the Brave 12 with Jack.

Samurai Jack: I remember that. That was an incredible adventure.

Twilight Sparkle: What can you tell us about that J.D.?

Me: That was an awesome adventure.

I went over the beast's history.

---

"The Beast" (as named by the Spartans) was the producer of the Minotaur Robots. It was described as "going mad" by the Spartan King, causing it to produce endless armies of machines to overrun the surrounding lands; only the Spartans were able to hold back its forces. The battle between men and machine soon grounded to a stalemate; the Beast's forces were unable to overcome the Spartans, but its endless production capacity allowed it to continue pressuring its foes and prevent them from attacking its main factory.

The stalemate was broken when Jack arrived at the battlefield and offered his assistance to the Spartans' war. Using a treacherous side route, the Samurai and a group of elite Spartans led by the king himself were able to infiltrate the Beast's factory, forcing the mechanical monster to reveal itself when Jack and the king entered its lair. Despite its ferocious attack, the Beast proved to be no match for its enemies' teamwork, ultimately meeting its end when the Spartan King threw Jack's sword through its forehead. Its subsequent explosion destroyed the factory and shut down its drones, bringing peace to the land.

When I was finished everyone was shocked.

Me: Now he's the adventure.

FLASHBACK Chapter 176

We, the Brave 12 were in the mountains climbing over them and when we climbed out of the mountains we saw a huge battle going on. It was a battle between a bunch of Spartan Warriors and a bunch of Robot Ram creatures.

Me: Whoa! Looks like a huge war is going on.

Naruto: Yeah! I wonder how come.

Sakura: I guess we'll find out when we can.

We saw a Spartan soldier being surrounded by a bunch of robots.

Me: That man is in trouble! Come on!

We go and slashed apart all the robots apart and helped the Spartans win. The robots went away after carrying all their fallen.

Me: [To the man] You have won.

Man: No we have not. Come, we go to meet the king.

We go to a camp of the Spartans and the King came.

King: Did you hold the right flank?

Man 2: We suffered many casualties but held our position

King: Hmm. Your numbers have dwindled. I fear you will not survive another attack.

Man 2: No my king! We will never give up! We will fight!

The King was proud.

King: Yes I know you will not fail me.

The king sat on his throne and he saw us.

King: Roha. Who are these people that you have brought before me?

Roha: My king, these are the strangers who aided me in battle.

King: This battle is of no concern to you. Why did you fight?

Me: We saw this warrior outnumbered.

Jack: We meant no disrespect.

Vince: We apologize.

We started to walk away but the King stopped us.

King: Wait! These years of war have made my words harsh and my tone insolent. Anybody brave enough to face these monsters are friends.

Me: What is this war?

Fu: Yeah, what's going on?

The King revealed his story.

King: Long ago a mechanical beast went mad and waged war against all in its path.

A flashback reveals a mysterious robot creature with glowing red eyes going on the warpath.

King: (Narrating) It feeds off the land itself, growing larger, Powerful. All the neighboring kingdoms have fallen. We are the last. The Beast desperately wants our lands, for our home is beautiful, peaceful, rich in resources. The Beast and its robots would've destroyed us ages ago, but our land is protected by the tallest of mountains. And a narrow ravine is the only entrance. It was there, with only 300 men, that we stopped the Beast's armies. The position was easy to defend, and their superior numbers were made worthless. Year after year, the war went on.

For centuries the war between the Spartans and the Beast's Armies raged on. The battle was getting more and more ferocious at a powerful level.

King: And the battle became a stalemate…

Countless robots were destroyed in the process. But the surviving robots carry the destroyed robots away.

King: For this creature strips the battlefield clear of its fallen to rebuild its army again and again. And so it goes.

The Beast's armies kept on coming more and more for centuries and it always produced the same result no matter how hard they tried.

King: And I am the 17th King to defend this gateway. And tomorrow will bring the same.

Me: This war is terrible. It looks like we arrived just in time.

Jack: But there is another way through the mountains.

Everyone was shocked.

King: How wide is this path?

Jack: Wide enough for troops to move through sideways, weapons held in front and behind.

King: How long to complete the journey?

Me: 12 hours.

King: Will you show us this path?

Jack: Of course.

King: This war ends now! 50 of my best men will join me in a strike against the Beast itself while the rest stay here and defend our position. While the monsters attack us, we will attack them!

We got ready for the battle and the King gave us shields.

King: Forward my brothers!

We went with the king as Jack lead the way. We arrived at the Castle of the Beast at Sunrise and we saw the last of the Beast's army leaving.

King: Look. There. The last of its army has left.

Me: Here we go.

King: OUR TIME HAS COME!

We charge towards the castle. We ran with full determination.

King: Porcupine.

We got into a porcupine pincushion formation and plowed through more of the robots.

We slashed and blasted all the robots and destroyed all of them. It was an extremely fierce and savage fight and it was a powerful demonstration of what we were capable of.

Me: Jack, Your majesty lets go.

Jack: Right.

Me, Jack and the king went into the castle and in the main chamber the Mechanical Beast came down. It was a giant robot spider. More like a ball with eight legs.

Me: Behind us!

We saw the beast and it tried to attack us but we dodged and blocked its attacks and slashed its legs and it screeched. The King slashed a leg but his sword shattered into a thousand pieces.

I pull out a spare sword and give it to the king. It was an indestructible sword. We had the beast against the ropes. Then I fired a Ki blast and it went right through the beast's head and it crashed by us and it exploded.

KRABOOMM!

Me: This whole place is gonna blow!

Outside the robot army exploded. Somehow they were linked to the Beast.

As we got out of the castle the whole castle exploded with incredible power.

KRABBBOOOOOOOOOOOOOOOOOMMMMMMMMMMM!

At long last, the war with the mechanical beast was over.

Sometime in the future, the King that we helped was dying on his death bed and he was finishing his tale about how we helped end the war.

King: The War was finally over. These brave strangers who became brothers and sisters aided us in our time of need and made a difference.

A tapestry was woven in our honor. It was on the wall and it showed the 12 of us aiding the 300 Spartan Soldiers in the war against the Mechanical Beast.

King: Their bravery, valor and strength for everyone helped us all triumph. Their diligence and the sacrifice of the others defeated our enemy, saved our lives and ensured our freedom. They will be honored and remembered forever- the 300 plus 12.

Our legacy will echo throughout the history of the Spartans for many future generations to come. The Brave 12 will forever be remembered in history.

FLASHBACK ENDS

When I was done everyone was shocked and amazed.

Nico: I remember reading about that. That was awesome.

Eli: Yeah it sure was. And the Brave 12 sure did awesome with the 300 Spartans.

Samurai Jack: That was an amazing adventure.

Anastasia (Cinderella): Well, that machine's not getting my soul!

Maria: It's not getting mine either!

Nico: Don't worry. We won't let that happen.

9: That's right. The machine doesn't know that we are far too powerful to be destroyed that easily.

Blastertron: Scans indicate millions of people hidden in caves underground.

Nico: J.D. activate the teleporters and have them beam the survivors on board. We'll tell them that they are safe with us.

Me: Right.

I went and did so.

Xigbar: If that robot tries to get my soul, I'm blowing its' head off!

William: Assuming it even has a head.

Nico: Don't worry about that.

Evil Roxas: We'll find that robot and destroy it.

Nico: Yep.

Clown Man: I don't think the Fabrication will be able to use its' soul sucking trick on me and my fellow Robot Masters.

May: Well, we shouldn't get a chance to test that theory.

Nico: I agree.

Eli: Yeah we won't let it do that.

Nico: Yeah. Also to weaken the Fabrication this Mortal Engine that we built has an ultimate weapon.

Varie: What is it?

Nico: Like in the book it has a superlaser cannon.

Varie: Whoa!

I activated the teleporters and beamed 26,283,549 people on board. These were the only people left on the planet.

Xaldin: I suspect that the Fabrication has already sent its' robotic minions to hunt us.

Nico: Let's take those out first. Lana, Lola, Ready weapons and get ready for battle.

Lola: Roger that!

Lana: We're ready.

Lisa was keeping a look out for anything out of the ordinary.

Lisa then saw something coming over the mountains.

Lisa: ATTACK ROBOTS COMING IN FROM THE WEST!

Nico: Oh boy.

Nico looked and he saw that the robot minions were also AKU'S BEETLE DESTROYER ROBOTS!

Nico: Battlestations! Jared, turn us towards the mountains bearing 45˚!

Jared: Yes sir!

Jared turned the Mortal Engine to the mountains and the were coming.

Charge Man: 9, can you tell us about the Fabrication's robots?

9: Okay. From what I remember, there was this Cat Beast.

Nico: I remember that.

9 told us about it.

---

The Cat Beast first appears slinking around a junk pile, seemingly searching for something. The Talisman on its collar glows green, and it stalks away. Later, it finds 9 & 5, and sneaks up on them. 9 hides in a can, and 5 stays out to try and fight, but the Cat Beast comes up from behind and grabs him, managing to remove his right arm and trap him. It then steals 5's soul with the Talisman.

After a while, the Cat Beast appears again, this time, in the junk piles of the Fabrication Machine's lair. Searching, and showing it's wearing 5's and other stitchpunks numbered clothing. It see's 9 and chases him. Then, after following him again, it spots lights flashing, and a fake stitchpunk moving around. Believing it to be 9, the Cat Beast makes its way over and attacks. By the time it realizes it's not a real stitchpunk, its claws have already been stuck into the tar, momentarily trapping it. 9 leaps down and removes the collar with the Talisman, then runs off.

The Cat Beast soon gets itself free, and then chases after 9. They come to a plank hanging over a large drop-off, and 9 walks to the end of it. He goes to turn after a moment, but the machine has already caught up, and has trapped him. It walks towards him, roars, and continues forward, but becomes spooked by the drop underneath it, and backs up. 9 leaps off then activates a trap, spinning a lever and pushing a heavy book off of another nearby plank. The book is roped to the Cat Beast's perch, and causes it to fall. The Cat Beast desperately attempts to climb off in time but fails to do so, and falls into the pit below, the plank falling onto it and killing it.

The Cat Beast's intentions in the 2005 short is rather unknown, but there is a clue. Where it got the Talisman remains unspecified but since 5 has the other half, the Cat Beast percase could have been looking for that and would eliminate anything/anyone in its path to claim the other half of the talisman back.

Shortly after 9 meets 2, the Cat Beast stalks upon them. 9 hides in a can and 2 stays out to protect him, but it circles behind him and the Cat Beast pins him down, lifting him up towards his face. 2 throws his double-bladed spear at it and then throws him at a nearby cart, momentarily knocking him out and causing him to drop the Talisman. It goes and picks up the device, studying it for a moment. 9 retreats into the can and gains the Beast's attention. It uses its lightbulb eye to peer into the can for a moment. It moves away, and then suddenly sticks its claws inside, trying to feel around for 9. It's unable to reach him, however, and 2 soon throws a rock at it. It walks back towards him, and snatches him up into its jaws. 9 manages to escape the can while this is happening, though he rips a bit of his fabric off of his left shoulder. The Beast picks up the Talisman and places it into the collar holder, it then runs off with 2 towards The Factory.

Afterwards, the Cat Beast holds 2 captive inside a bird cage in the abandoned factory. It was about to use the talisman to activate the Fabrication Machine, only to discover 9 and 5 freeing 2. It begins to attack the intruders. However, another stitchpunk attacks the Cat Beast, it struggles against the new intruder but she eventually destroys the Cat Beast by beheading it with her spear.

---

We were shocked.

Nico: Whoa!

Eli: I would not want Cliff to play with a robot like that.

Nico: Me neither. Fire at will!

We fired laser cannons and energy blasters at the robots. Me and Jack were blowing the robots and slashing them apart!

SLASH SLASH SLASH SLASH SLASH SLASH SLASH!

We were also blowing them apart!

We were slashing and blasting the robots all over apart.

Me: Just like old times huh Jack!

Samurai Jack: It sure feels like it!

Lincoln fired blasts of lightning and electrocuted and destroyed many robots!

Edith fired waves of slime and melted many robots.

Laney Sonnya fired massive blasts of fire and melted the robots all over!

Nico: Take that!

Demyx: Is that the Cat Beast right there?

We saw a cat robot!

Yugito Nii: That's it! I got this! MOUSE HAIRBALL!

Yugito fired a blue fireball blast and it formed into a mouse and it split into many blue fireballs and they hit the Cat Robot and blew it into fiery dust and destroyed it!

Me: Nice shot Yugito!

Varie: Yeah!

Tengu Man: What other robots were there?

9: Well, there was also the Winged Beast.

Nico: You mean like those coming in from the air?

We saw WINGED BEAST ROBOTS!

strongly resembles a pterodactyl, a flying prehistoric reptile. It has four beady red eyes encircling a "mouth" made of scalpels, knives, and other sharp metal objects. A speaker or voice box rests at the center of the blades, allowing the Beast to make loud, eagle-like screeches. Its bat-like wings are made from a flag, and sport claws in their middles, allowing the Beast to walk on all fours. It also features a short tail tipped with a detachable harpoon; a long cord connects the spear to its body. Additionally, this Beast has a fan attached to its underside and a human ribcage incorporated into its body. The height of the beast is 30 centimeters, the length of it is 2 feet long, and both wings are 4 feet long.

The Winged Beast is much more mobile than its predecessor, The Cat Beast, due to its flying capabilities. It can use its fan as a makeshift engine to propel itself through the air, or fly like an actual bird by gliding on air currents and flapping its wings. It can also use its claws to cling to surfaces or crawl along the ground in an awkward but fairly fast motion.

In combat, the Winged Beast's main weapons are its head and tail. It can slash its prey with individual blades, trap them with a "bite", or stab them with a pecking motion. It can swing its entire head around to knock away or thrash opponents. Its tail is outfitted with an apparatus that fires a retractable harpoon at a designated target, forcefully enough to knock a Stitchpunk back a good distance and pin them down for capture. The string and spring-launch components automated as part of the harpoon can then be retracted, allowing the Beast to use its ranged attack repeatedly after resetting the harpoon's shooting mechanism equipped as the end part of its tail. It would often use its wings as a shield to protect itself from attacks. The Beast was also seen using its claws to grab or scratch at things, but it rarely uses them in combat roles.

As 1 berates 9 and 5's failure to save 2, the Winged Beast glides by outside the cathedral. It burst through the glass clock face, knocking over a brazier of live coals into 6's wall of drawings and canvas, which starts a fire inside the cathedral. As the Beast advanced on 5, 6, 8 and 9, 1 accidentally reveals himself (from ringing his staff's bell) behind a makeshift bulletin board, attracting the machine's attention. Using the moment of distraction, 8 slashes at its head, only for the Beast to swipe the large stitchpunk out of the way. This gave 1 the chance to open a secret passage out of the building; he and 8 ran through the opening while the other three went for the makeshift elevator to the ground floor.

As the stitchpunks fled, the Winged Beast attempted to puncture 9 with its beak, getting stuck temporarily after two failed attacks. The stitchpunks escaped, but the Beast was able to cut the bucket elevator's support cord, causing it to fall. 5, 6, and 9 managed to get out before their ride fell to the ground floor, but 9 was separated from his companions.

As 9 tried to find another way down, the Winged Beast burst through another window and flew after 1 and 8. The former nearly falls from a broken section of the roof, but holds on long enough to be helped up by 9. Meanwhile, 8 faces the Beast as it flies in for the kill, throwing his scissor-blade sword at the mechanical monster's engine. The blade successfully jams the fan, causing the Beast to briefly crash on the roof.

As 8 jumped on its back, the Beast took to the air once again, using its actual wings to compensate for its ruined engine. Its movements shook 8 off of its back, causing him to fall and grab a broken support beam further down the cathedral's side. As the 8 struggles to hang on, the Beast arcs around and zeroes in on 8, its harpoon tail raised and ready to fire.

9 uses a loose metal shingle to reflect light into the Winged Beast eyes causing it to misfire from its harpoon. This caused the harpoon to bounce off the magnet on 8's back and stab the wall instead, allowing 8 to slide down the extended rope and drop onto the remains of the crashed plane. The Winged Beast, unaware that its tail is stuck, it keeps on flying until it taunts on its cable, sending the Beast crashing into the roof-almost crushing 1 and 9, who were tackled out of the way by 8. As 6 and 5 flee to one of the plane's damaged propellers, the Beast faces 1, 8, and 9.

Retracting its harpoon, the cybernetic creature prepares to attack, only for 7 to arrive. She hopped off a ledge to attack the monster's head, only for the Beast to spot her shadow and smack her away with its wing. It quickly fired its harpoon into 7's left leg as she tried to attack again, knocking her back into the wall. Having finally caught a stitchpunk, the beast retracts its tail, only for 9 to grab 7 and stop their momentum by stabbing the latter's spear into the wing of the plane.

9 yells out for 8 to cut the cable to free 7, the recoil sends the taut cord into the plane's still-spinning propeller. The jolt causes the entire plane to lose gravitational stability from its past secured hold in part of the cathedral's roof and tip over, forcing the stitchpunks to grab on-8 hung on to a hole, 7 with part of her spear stuck into her right leg, 9 holds onto the harpoon still embedded in 7's leg, and 1 grabs his staff, currently held in 9's free hand. Undeterred by the change in orientation, the Winged Beast began to climb towards its helpless prey. However, 5 and 6 manage to connect an exposed wire to the propeller's exposed circuits, re-energizing the device and winding the cord around it.

Despite being dragged towards a now-rapidly whirling propellor, the Winged Beast refused to give up-with a final flap of its wings, it flew forward and snatched the edge of 1's cape with its multi-knived beak. As the propellor stalls due to the tension, 9's grip on 1's staff begins to slip-seeing that the Beast has only grabbed 1's cape, he tells 1 to take it off. Although reluctant, 1 eventually acquiesces; as the Winged Beast raises a claw, he detaches his cape and jumped onto 9, losing both his staff and cape in process. With nothing to hold onto now, the Beast gave a final screech before slamming into the spinning propellor blades, destroying both.

---

Fu: I got this! FAN SLASH!

She fired 2 blades of golden energy and slashed the robot in half and destroyed it in a fiery explosion!

Nico: Nice shot Fu!

Laney: YEAH!

Myotismon: That was close!

Nico: Yeah. But we still got more robots to take down and we're really doing well.

Me: We sure are.

Nico: Now we set our sights on the lair of the Fabrication.

Top Man: Guys, there's a dead body here.

Me: Lets see!

We went over and we saw the dead body of the scientist that made the Stitchpunks. I went to check for a pulse and there was none.

Eli: Is he?

Me: He's gone.

Nico: Poor guy. That's the scientist that made the Stitchpunks.

Laney: Fabrication must've gotten to him.

Me: Yeah.

Zexion: A moment of silence for the creator of 9 and his friends.

We had our moment of silence for him and we then gave him a proper burial.

Me: He will never be forgotten because he invented the last hope to save the world.

Nico: He sure did and we have a tiny sliver of humanity with us now.

Armada Starscream: I'm really sorry, 9.

9: I'll be all right.

Me: Good.

Nico: Yeah. He didn't deserve this.

Me: The Fabricator has gone too far this time.

Eli: He sure did. Oh right! Nico which gene-slammer are you hoping to meet next?

Nico: I was wondering when you were going to ask that Eli. I was hoping to meet a Vulpimancer Gene-Slammer next.

Ben: One for Wildmutt's species. This will be interesting.

Nico: Yep.

Saix: 9, does the Fabrication of anymore robots?

9: Well, there's the Seamstress.

Nico: What can you tell us about it?

9: It's not a good robot.

He told us about it.

---

After the destruction of the Winged Beast, The Machine finds 2's corpse and thoroughly studies it. After the destruction of The Sanctuary's by the fire the stitchpunks retreated to the Library, 1 deemed it as not safe, so he sent 8 out as look out. 8 went to stand guard but took the moment of being alone to induce himself in a high-like state with a magnet, until he hears a hissing sound. 8 arms himself with his kitchen knife and takes a look around the area. He soon discovers the Seamstress, which uses 2's corpse to stun 8. After 1 reveals he had sent 2 to die, he goes off alone trying to convince himself that he knows what's best for the group. He hears a noise and asks if anyone's there. 1 gazes in abject horror as 2's corpse slowly approaches him. 2 is then pulled upwards and hypnotizes 1. 5 and 9 hears 1's wailing calls and go to help, with 9 telling the twins to find 7. As 1 becomes paralyzed, the Seamstress reveals herself and attacks him. 5 and 9 arrive to find 8 and 1 captured. The Seamstress, surprised by their arrival, quickly tries to stun them with 2's corpse. 9 averts his gaze and tries to turn 5 around, but 5 was already paralyzed. The Seamstress continues flashing, until 7 impales the tail end of the Seamstress. She attempts to catch 7, only for the stitchpunk to retrieve her spear and cut 2 off of her tail. 9 tries to wake 5 but gives up and takes a knife to free 1. 7 keeps on fighting but the Seamstress uses her arms to quickly subdue her, she was about to land a strike when she was shot in the eye by 5, just snapping out of his trance. Having just lost her lure, along with her vision compromised, the Seamstress stashes 7 inside and retreats. 9 tries to stop her, but the Seamstress slips into the night.

She returns to the Factory and offers 8 to the Machine, it proceeds to take 8's soul. She was about to offer 7 to the machine, but becomes distracted by 9. She goes to investigate and then finds the "stitchpunk". She quickly seizes it and rapidly ties up the decoy (which 9 made from his light bulb staff and a nearby scrap of burlap) but accidentally hits on the head, turning on the bright light bulb which momentarily stuns her. 9 then runs off with the Seamstress chasing after but the fake ragdoll decoy gets caught in the factory gears, hence resulting in the Seamstress getting stuck then dragged with the strings attach to the ragdoll. 9 cuts 7 out while the Seamstress is crushed into pieces by the gear wheels.

---

When he was done we were shocked.

Nico: Whoa! That must be it right there!

We saw THE SEAMSTRESS!

Lynn: I got this! EARTH STYLE: SPHERE OF GRAVES!

She picked up a massive boulder and threw it and smashed the Seamstress into scrap metal!

Nico: AWESOME!

Misfire: Time for our entrance.

Nico: Yep we're here.

We arrived at the lair of the Fabrication.

Nico: Lets do it guys.

We went at the lair.

The Fabrication was looking around and then suddenly, the spirits of Organization XIII and the leaders of the team swirled around the Fabrication and then converged and then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out and then fireballs rained down and destroyed the Fabrications tentacles and then a phoenix cry was heard and then we came out!

Nico: Game's over Fabrication!

Baron Mordo: You wretched monster! You'll pay for what you've done here!

Nico: And it won't be pretty!

Nico fired energy blasts and blew much of the machine's structure apart.

Nico: This is our planet and we're taking it back!

Then Steam Smythe, Marvel Enchantress, Zzzax, Billy Numerous, Pyro, Dirty Bubble, Chemistro, Titanium Titan, Goliath and KGBeast appeared.

Nico: Steam Smythe, Marvel Enchantress, Zzzax, Billy Numerous, Pyro, Dirty Bubble, Chemistro, Titanium Titan, Goliath and KGBeast.

Pyro: Man this whole planet went to Hell.

Nico: That is a total understatement. This monster machine here wiped out everyone but over 26 million people.

Steam Smythe: I may use robots but not like this.

Zzzax: Of course you don't.

Billy Numerous: Man, the Fabrication's in for it.

Nico: You got that right.

Amora the Enchantress: (to Nico) We heard you visited Korhal.

Nico: Yep we sure did.

Chemistro: Did you take out Mengsk too?

Nico: Yep. He is gone for good.

?: Thank goodness.

A figure came out and it was LORD LITTER from episode 35 of Turbo!

---

Lord Litter first appeared when Divatox examined him after she discovered T.J. was in the woods alone. She gave him the assignment of destroying him whilst the others weren't around. Litter first followed T.J. around as a tiny screwed up newspaper before turning into his true form upon being discovered. He attacked T.J. and Erutan, the boy of nature itself, by blowing a fierce wind on him. T.J. fought the monster but lost in a hand to hand battle although he evened the odds with his Auto Blaster. The monster got back up and T.J. ended up getting barried in garbage. Erutan was able to stop the attack by firing him back to the Space Base, angry at the fact that anyone would try to trash the forest. Litter received ridicule from Divatox but, when he mentioned Erutan's control of wind, she was excited by what this could do for her and ordered him to capture the brat, Later, Lord Litter later returned to the woods with Elgar and Piranhatrons, in an attempt to capture the boy for Divatox's own plans. Erutan was ensnared in a net, and T.J. took on the bad guys. Soon the others joined the battle and freed Erutan. After the Piranhatrons were bashed around for a bit, the monster trapped the five inside big garbage cans, which the Rangers initially couldn't break free of. Then, when it looked like Lord Litter was about to finish off the Rangers, Erutan, brought down lightning from the sky which struck and temporarily paralyzed Lord Litter. Unfortunately, that move greatly weakened Erutan, and his life force began to slip away. The Rangers freed themselves from the trash cans and took Lord Litter down with the Turbine Laser but Divatox made him grow giant. T.J. saw Erutan and realized that he needed to help him. He volunteered to stay behind while asking the others to take the monster on by themselves. The other four Rangers destroyed Lord Litter with the Rescuezords with Artillery Power.

---

T.J.: Lord Litter!

Lord Litter: Nice to see you again Red Ranger.

Me: I remember you! You were sent to destroy T.J. while he was all by himself.

Lord Litter: That's right J.D. Good memory huh.

Me: Never missed an episode.

Maria: I like that you can turn into a newspaper.

Lord Litter: Glad you think so!

Nico: You would be perfect for working at a recycling center.

Lord Litter: Thanks.

We got the usual battles underway.

Billy Numerous: Good choice!

Naruto: It's awesome how she is a fire monster like that.

Pinkie Pie: It sure is amazing. But we found out a really crazy secret from Lincoln.

Featherweight: Yeah. One time, while Lincoln and Laney were playing video games in his room in The Loud House, Lincoln paused the game, and she wanted to know why he did it. He decided to tell her a very dark secret, and it involved Lori, Lynn, Lola, Lisa, and Luan: he told Laney that they were planning on sabotaging Lincoln's bonds with Leni, Luna, Laney, Lucy, Lana, Lily, and his parents, along with the bonds with his friends and once that happened, he'll be all alone, and then, they'll kill him and no one would miss him. Laney was horrified at that secret, and she hugged him, and he hugged her back, and when she felt tears on her chest, She knew Lori, Lynn, Lola, Lisa, and Luan have crossed a serious line. Laney told Leni, Luna, Laney, Lucy, Lana, Lily, Mr. and Mrs. Loud, and all of Lincoln's friends, and they were also horrified, and they also comforted him, and they told him they'd never turn against him and they'll love him with all their hearts. Eventually, Lori, Lynn, Lola, Lisa, and Luan were busted, and they were so enraged, they were going to kill Lincoln in a fit of rage that their plan was foiled. But, Laney knocked Lori, Lynn, Lola, Lisa, and Luan out and we tied them up with nylon rope. In the end, they got a nasty scolding from her, Leni, Luna, Laney, Lucy, Lana, Lily, Mr. and Mrs. Loud, and all of Lincoln's friends, and they got a nasty punishment: grounded for six months with no cellphone, no sports, no pageants, no experiments, no pranks, no puns, no going to the mall, no going out with Bobby, no sports competitions, and no tea parties.

He gasped.

Billy Numerous: Those dark sides of theirs are bloodthirsty savages!

Me: I'd recognize that fucked-up voice from anywhere. You can come out now, David Banner.

A figure came out, and it was none other than our old enemy, David Banner, the insane lunatic and hated enemy of The Banner Family, and he was even more roughed up by the demons in The River of Fire, his eyes were completely red with overwhelming rage and insanity.

Nico: (Smirks) You look even more fucked-up than ever, David, in fact, you've never looked better.

David Banner: I WILL DESTROY ALL OF YOU IF IT'S THE LAST THING I EVER DO! I HATE YOU ALL!

Our rainbow energy auras with elemental forces flared up with incredible and extreme intensity, because of her hatred.

Me: Hate us all you want, David Banner, but in the end, your hatred only makes us stronger, and we were already warned of your escape from The River of Fire, and now, we're going to make sure that you never return again.

Wang Yuanji: Indeed, and I shall be the one to put an end to you for good.

Me: You don't even give a damn about anyone except yourself, you are a heartless, abusive, insane, murderous, megalomaniacal, fucked-up lunatic who deserves to die, David Banner, you disgust us!

Suddenly, Wang Yuanji's light brown eyes turned neon light brown, and she was surrounded by a teal blue energy aura with stars and Qilins, she got out her Stars of Heaven throwing knives, and as she approached David Banner, she left teal blue energy, stars, and Qilins with every step.

Wang Yuanji: David Banner, the crimes that you've committed against mankind and your own family can never be forgiven. You've tormented your own family and mankind for the last time, and now, I will meet out your punishment!

Me: And that is DEATH!

Suddenly, Wang Yuanji was surrounded by a massive vortex of teal blue energy with the stars and cosmos surrounding the vortex, there's a Qilin running around the vortex, and in the vortex is a purple phoenix. Then, as the vortex faded, Wang Yuanji emerged, but she was changed forever.

Wang Yuanji grew to 6'5" in height, she had the body of a goddess and she has teal blue highlights in the bangs of her long platinum blonde hair tied in a ponytail, she has neon light brown eyes and teal blue energy aura with stars and Qilins surrounding her, she has a Qilin holding the Star Kanji in its claws emblazoned on her forehead, she has on Qilin earrings with teal blue gems for eyes and holding the Star Kanji in its claws, and she also has a Qilin with teal blue gems for the eyes and the Star Kanji in its claws for the second pendant of her Thunderbird Necklace of Eternal Love with teal blue gems on the gold lightning bolts and teal blue crystals from her Crystal Necklace of The Buddha which merged with her Thunderbird Necklace of Eternal Love. Wang Yuanji has on a teal blue and white long-sleeved shirt with a gold phoenix on it, teal blue skirt with the Jin Qilin on it, teal blue pants, and black ankle-length combat boots, and she has on teal blue weighted bands with silver phoenixes on her biceps and thighs, and she has on a long teal blue sleeveless silk coat with stars and a Qilin on it, and on the back is a Qilin surrounded by stars. Wang Yuanji felt a sharp pain on her back, and then, massive platinum blonde angel wings with teal blue tips on the large platinum blonde feathers, had sprouted out of her back.

Suddenly, Wang Yuanji's Stars of Heaven throwing knives were surrounded by a kaleidoscope of stars and teal blue energy, and when they had emerged, they were transformed into Cosmic Knives of The Stars, they're a new pair of throwing knives with the Qilin etched on the dark blue blades with stars on them and with teal blue tassels and blue gems on the bottom of the throwing knives. Wang Yuanji has on her new large gold cuff Bracelets of the Champions of The Universe with teal blue gems on her wrists, gold Belt of Elemental Bravery with a gold Qilin head with a large teal blue gem inside its open mouth for the belt buckle, large teal blue Spellbook of The Gods and The Universe on her left hip and Eater of Sins revolver holstered on her right hip. There are gold Chinese characters right below the Qilin that said, "Wang Yuanji, Intelligent Daughter of Wang Su, Loving Future Wife of Lincoln Loud, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Master of The Throwing Knives, Loving and Caring Defender of The Innocent, and Master of Stars and Qilins."

王元姫、王粛の知的な娘、リンカーン・ラウドの愛する未来の妻、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、投げナイフのマスター、無実の愛情と思いやりのある擁護者、そして星と麒麟のマスター

Wang Yuanji has transformed into SUPER ANGEL INFINITY DIVINE STARSTORM QILIN ANGEL OF COSMIC JUSTICE AND DIVINE LOVE!

We were amazed by Wang Yuanji's Super Angel Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when David Banner saw it, he tried to put his hand on the ground and absorb the minerals, but Lincoln fired the needle, which hits him and injected the poison into him. When David Banner tried to touch the ground, he didn't absorb the minerals of the rocks.

David Banner: What the hell did you do to me?!

Lincoln: That poison that you were injected with has prevented you from using your powers, David Banner. (To Wang Yuanji) Yuanji, shall we administer David Banner's punishment?

Wang Yuanji: (Divine Echoing Cosmic Voice of The Cosmic Qilin and Divine Love) **With pleasure, Lincoln.**

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he, along with Hulk and Absorbing Man joined Wang Yuanji.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal

Justice and Elemental Hope) **This is the last time we'll deal with you, David Banner.**

Hulk: Hulk Smash Puny Banner!

Absorbing Man: Your days of tormenting others are finally over, David Banner.

Wang Yuanji, Lincoln, Hulk, and Absorbing Man went at the powerless David Banner, and they fired powerful blasts of rainbow energy, green energy, elemental energy, teal blue energy, elemental forces, stars, Thunderbirds, Phoenixes, Qilins, and Buffalo, and they exploded with incredible power as they hit David Banner, and because of the poison, he didn't absorb the energy barrage. Then, Lincoln slashed at David Banner with his massive Sword of Universal Hope and Elemental Bravery, and left nasty scars on him. Then, he tossed him to Hulk and Absorbing Man, who absorbed the ground, and they pummeled him into the dirt, then Hulk tossed him to Wang Yuanji, who threw her new throwing knives, and they'd left horrible open wounds on him, as they cut through his body, and returned to their wielder.

Then, Lincoln sprouted his eleven massive, powerful, and long deep sapphire blue werewolf tails, but the tips of the tails had eleven slobbering black wolf heads with glowing blue eyes, and he sent them at David Banner, and they bit down on his arms, legs, and sides of his stomach, and we saw the wolf heads slowly draining and siphoning David Banner's powers by biting down on the latter, and we saw the wolf heads' veins glowing blue, and we saw the blue-colored energy visibly flowing down from their heads and necks and into Lincoln, as his rainbow energy aura with elemental forces was flaring up even more, as he gained an immense power and energy boost, and he and the rest of us made David Banner's powers our own, and we also then assimilated David Banner's powers.

Me: Whoa, now that was awesome.

Nico: Big time, and I think I know exactly where he got that ability to do that, J.D.

Me: Yeah from Absorbing Man. Now you will pay for your crimes David. And this time STAY DEAD!

Then, Lincoln tossed David Banner into the air, and he, Wang Yuanji, Hulk, and Absorbing Man fired powerful rainbow energy beams, which had exploded with incredible power as they hit him, and the resulting explosion killed him. Then, as his spirit appeared, Wang Yuanji marked his forehead with a kanji, and condemned him to The Black Gates, and his spirit was erased from existence forever. We cheered wildly for what Lincoln and Wang Yuanji did, as they holster their weapons and power down, and Wang Yuanji's new body, clothes, weapons, angel wings, and jewelry are permanent.

Wang Yuanji: And now, David Banner's reign of tormenting his own family and all those around him is finally over. Thank you for helping me in dealing with David Banner, Lincoln, along with you and Carl, Hulk.

Lincoln: (Smiles Warmly) You're welcome, Yuanji.

Suddenly, Wang Yuanji wrapped her arms around Lincoln's waist, and he wrapped his abnormally massive and powerful muscular arms around Wang Yuanji's waist, and brought her into an embrace, which took her by surprise and that brought an atomic red blush to her face. Then, as Lincoln leaned down to her face, they kissed passionately as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird, Phoenix, Angel, and Qilin flying in the air, and we also saw a herd of Buffalo running across the field and lightning crashing down behind them, and the display of the elemental forces, and we cheered for them.

Nico: Now, that's awesome.

Me: You said it, Nico.

After Yuanji and Lincoln separated, they were also hugged by Hulk and Absorbing Man, and they returned it.

Absorbing Man: Thanks for having me and Hulk join you guys in thrashing David Banner, Lincoln.

Lincoln: You're welcome, Carl.

Hulk: Now, Puny Banner will never return to torment others.

Wang Yuanji: Thanks to using the Black Gates on him.

She-Hulk: You got that right, Yuanji. Plus, that was one awesome trick your future husband used on David Banner, along with injecting him with that powerful poison.

Me: You got that right, Jen, and I think I know where Lincoln got that idea for that energy draining attack he used on David Banner. (To Lincoln) You watched Godzilla: King of The Monsters, didn't you, Lincoln?

Lincoln: That's right.

Nico: (Smirks) So, that's why that attack you used on David Banner looked familiar. Nice one, Lincoln.

Lincoln: Thanks, Nico.

Nico: You're welcome. But all that fighting for this mission sure made us hungry.

Lincoln: Didn't we eat earlier?

Nico: We burned up a lot of calories. Lets go get some grub.

Me: Good idea. I'm starving.

9: It was a good mission. (To the viewers) This was an awesome adventure and we freed the world.

Nico: We sure did. Great job today everyone. Lets go get some grub.

We went to get some food at Jimbro's Burritos for more food and we really ate lots of burritos and we were full. We later had the restaurant merge with Lynn's Table and it was awesome. Later we enjoyed the rest of the day at home and went to sleep.

THE END

Another awesome fanfic done.

The movie 9 from 2009 was a really awesome and epic movie! It was a scary movie about what happened in a post-apocalyptic world where humanity was wiped out by a machine that went mad. It was scary. The movie came out on September 9th, 2009 and it was wicked. All the people did a great job in that movie. Too bad it didn't do well in the box office but it won a lot of great awards. The first part was for the world of Starcraft 2 and that was a great game. Never played it but I heard it was awesome! The second part was for the awesome movie Independence Day and we got rid of the Harvesters forever in that one and it was so awesome. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be in the movie Jumanji and Nico, Fluttershy and me are going to help Alan Perish, Sarah, Judy and Peter with completing the game and prevent them from being attacked not just by Van Pelt but also the hazards from the game. We're going to start that with after what happened after the flood and crocodile was let out of the house. We're also going to meet a Vulpimancer Gene-Slammer named Wendy Lebinomininsky and she is from Poland and is one of Nico's friends from Earth Science class. The next part for Lincoln's rescue is gonna be in the world of the movie Krull from 1983 and we're going to be facing the Beast in the Black Castle and we're going to kill it. We're also going to meet a Black Tyranno Gene-Slammer named Logan White and during the exercise scene she is going to reveal a really Dark Revelation about Lori and why she has such a NASTY GAS problem. The next chapter is gonna be a really funny one as we stop Billy from summoning the evil Elder God of H.P. Lovecraft, YOG SOTHOTH! It's gonna be a brutal battle with the insidious Lurker In The Threshold. We're going through the episode BIG TROUBLE IN BILLY'S BASEMENT!

See you all tomorrow.

# ARMAGEDDON OF YOG-SOTHOTH

In the early morning hours at 2:52 AM, I was asleep and having a really interesting dream. I saw Twilight about to head off to school to go for her entrance exam. I then saw another pony was wandering away from Twilight's mom and dad and it was a little filly named Starshine Sparkle. She was a little magenta filly with purple hair like Twilight's and had a blue streak in it. She was wandering far and then I saw that she had gotten far into the Everfree Forest and had built a cabin. Not a bad job for someone with no survival training. She then was living there all by herself and she cries every day because she misses her mom and dad and big sister and brother.

Me: Oh man. Poor kid.

I later woke up at 4:21 AM and I got up. I then decided I was going to find her. I put on my cloak and headed out to the Everfree Forest. I flew in and searched for the cabin and I arrived.

Me: This must be it. Nice cabin.

I went in.

Me: Hello?

Then out of the bedroom came Starshine Sparkle.

Starshine Sparkle: Who are you?

I pulled down my hood.

Me: Hello are you Starshine Sparkle?

Starshine Sparkle: Yes I am.

Me: My name is J.D. Knudson, 2nd in Command of Team Loud Phoenix Storm and I came to find you. I found you thanks to a dream I had and I want to reunite you with your sister, brother and family.

Starshine Sparkle: Really?

Me: I sure do.

Starshine Sparkle: Wow! You're the famous hero of Equestria. It's such an honor to meet you.

Me: Pleasure.

I told her everything that happened and more and it was incredible.

Starshine Sparkle: My big sister and brother. They have done so much.

Me: They sure have.

I later took her back to the estate and Twilight was having breakfast.

Me: Hey Twilight.

Twilight Sparkle: Oh hey J.D.

Me: I have someone here you know.

I stepped to the side and then Twilight gasped and she saw Starshine Sparkle for the first time in years!

Twilight Sparkle: Starshine? Is that really you?

Starshine Sparkle: Oh Twilight wow it is you!

They went and hugged for the first time in a while!

Twilight Sparkle and Starshine were crying in an emotional reunion.

It was a happy reunion and I told everyone everything and they were amazed. We then got ready for Nico's rescue.

---

In the town of Brantford, New Hampshire was Nico, me and Fluttershy were walking around.

Nico: Thanks for coming with me, Fluttershy.

Fluttershy: Oh it's not a problem at all Nico. I just am so honored to go with you on a rescue.

Nico: I'm glad you think so.

Me: This will be fun. But the scans have been showing some strange activity going on here though.

Nico: Yeah it's crazy.

Me: We're gonna be ready for anything though.

Nico: Fluttershy, pretty soon, you'll be going on your own Ambassador missions.

Fluttershy: And I wonder where I will be going when that time comes.

Me: We don't want to spoil the surprise.

I then sensed something.

Me: Uh oh.

Nico: What is it?

Me: Fly to the air fast!

We flew and then we saw a massive wave of water explode out of the Parrish mansion. We saw thousands of gallons of water blast out of the Parrish mansion and a Crocodile was in the water!

Me: WHOA!

Nico: JUMPING JUNGLE LEAVES!

Fluttershy: That is a lot of water.

Me: Whoa! Is that a Crocodile!?

Nico: There's a crocodile in the water!

Me: I hope that crocodile doesn't hurt anyone! Wait a second. Nico are you thinking what I'm thinking?

Nico: Yeah. This is the work of the Jumanji game.

Fluttershy: Goodness.

Me: Yeah. If that's the case then we need to hurry.

We flew into the Parrish Mansion and to our shock we saw a massive bunch of vines covering everything and it was moist, humid, damp and more and water was all over the place.

Me: It's a jungle in here.

Nico: Wow. So amazing.

Fluttershy: I don't see any animals though.

Nico: I sense trouble. Lets head up to the attic.

We agreed and we went up to the attic.

Nico: One of these days, ALL of us should take part in a Jumanji adventure.

Me: I know.

Fluttershy: That would be interesting.

Me: Yeah.

We went into the attic.

Me: Hmm. Alan? Judy, Peter, Sarah?

Sarah Whittle: We're in here.

We came in.

Sarah Whittle: Team Loud Phoenix Storm.

Nico: Looks like we haven't missed anything.

Judy: Alan was just about to do his turn.

He rolled the dice and Seven came up and his piece moved and a message came up.

Alan: "Beware the ground on what you stand, the floor is quicker than the sand."

Me: Oh no.

Then the floor Alan was sitting on turned into QUICKSAND!

He was sinking and I grabbed the game.

Me: WHOA!

Nico: That's crazy!

Alan: Help me.

He was already chest-deep in quicksand.

Sarah Whittle: Okay! Stay calm. Don't struggle. Don't struggle. Stay calm.

Nico: Alan, stay calm!

Me: Don't move Alan. It'll only make you sink faster. I got this.

I formed a vine rope and I tied it into a lasso and threw it and wrapped it around him.

We pulled and got him out of the quicksand floor.

Fluttershy: That was a close one.

Me: Yeah but that is incredible how it can form a floor into a spot of quicksand like that.

Nico: It sure is.

Me: I think it's Judy's turn now.

Judy: He's right.

Judy rolled the dice. She got a seven. A message came up.

Judy: "Feline spots In the jungle blend; Be cautious of her, She's not your friend."

Me: Uh oh.

We then heard growling and then off of a bookcase came A JAGUAR!

She jumped for Peter and he jumped away!

Me: WHOA! IT'S A JAGUAR!

Nico pulled out a steak.

Nico: Look, stupid jaguar! Meat! (waves steak in its face)

Me: Nico let me handle this one.

I took the steak.

Me: It's all right.

I gave it to her and she ate it and purred and rubbed her face against my chest.

Me: There. Many more steaks were that came from for you.

Judy: You are full of surprises J.D.

Me: I know and the Jaguar is one of my favorite Amazonian Cats.

Peter: That is cool.

Nico: It sure is.

Fluttershy: You learned that from Syd's mom didn't you?

Me: Yep.

Fluttershy: It's Peter's turn now.

Peter did his turn.

Peter: "Need a hand? Why just you wait; We'll help you out, We each have eight.

Nico: Oh no.

We then saw a bunch of huge spiders!

Peter and Judy Screamed in fright!

Nico: THOSE ARE HUGE SPIDERS!

Me: These are Carboniferous Spiders! We haven't seen spiders like these in over 300 million years!

Nico: Maybe we should play the game outside!

Alan: We got to finish the game in here!

Me: Alan's right Nico! We don't have any alternative. Sarah and Alan started this game here in 1969 and we got to finish it here.

Fluttershy: I'll scare the spiders off.

Fluttershy used her stare on the spiders and scared them away.

Me: Good job Fluttershy.

Nico: Now it's Sarah's turn.

Sarah: Bring the game over Judy!

She did so and then a purple flower appeared and she screamed and then it shot poison barbs at her and they stuck in her neck!

Me: OH MY GOD!

I went over and fired a blast of fire and burned the flower and I pulled the barbs out and I used my computer to synthesize an antidote.

Nico: The three of us are immune to poison. You guys haven't been around us long enough to gain that immunity!

Me: I'm not going to let you die Judy!

I then pulled out a dagger.

Judy: You're not going to stab me are you?

Me: No trust me on this.

I slashed my wrist.

Me: Judy open your mouth and drink. It's your only chance.

Judy: I'm not a vampire.

Me: Just do it Judy. You only have a few minutes to live.

She drank my blood from my wrist and the blood cured her and destroyed the poison in her.

Nico: Whoa! That was a close one.

Me: I couldn't wait so I had to resort to drastic measures.

Fluttershy: We got to finish the game.

Sarah rolled.

Then she read her message.

Sarah Whittle: "You're almost there, With much at stake; But now the ground Begins to quake."

Me: Uh oh!

Nico: EVERYONE HANG ON!

Fluttershy was keeping my Jaguar friend safe. Then the ground started shaking violently and then the house was splitting in two!

Nico: The owners of this house are gonna be pissed!

Me: No kidding! But from the looks of things, after this is over things will be back to normal.

Nico: It's Alan's turn! Lets head outside!

We went outside.

Me: Hurry Alan!

?: DON'T MOVE!

We then saw VAN PELT!

Me: Van Pelt!

I pulled out my gun and Nico pulled out his and Fluttershy had her swords ready.

Me: You picked the wrong people to face Van Pelt.

Van Pelt: End of the line Sonny Jim. Game's up. Start Running.

Me: Hunting Season is over Van Pelt!

A roar was heard and out came a VULPIMANCER!

It roared at Van Pelt and then spoke in an unknown language.

Fluttershy: She said its been a while Nico. Her name is Wendy.

Nico: Wendy? Wendy Lebinomininsky?

The Vulpimancer nodded.

Van Pelt: I'm afraid this is the only reality any of you will ever know.

Nico: You can't seriously be okay with things the way they are here right now!

Me: We'll see about that.

Fluttershy: You have tormented animals for far too long.

Me: And you have hunted Alan for the last time.

Alan rolled and then it came up Seven and then his piece went over the Crystal and it said Jumanji!

Alan: Jumanji!

Me: Game over Van Pelt!

SUDDENLY THE DAMAGE DONE BY THE GAME WAS BEING UNDONE! I had everyone in a force field and Van Pelt and all the animals unleashed minus the Jaguar was being sucked back in to the game! Then in a massive flash of light we were back in the Parrish House in 1969.

Me: WHOA!

Nico: That was too strange.

Fluttershy: It sure was.

Judy: Where ware we?

Peter: Wait Alan and Sarah are kids again.

Me: Whoa! A temporal reversal!

Alan: Wait. How are we ourselves again but Wendy isn't?

Me: Good question. It's part of a Temporal Reversal. When the game was won it rewound time back to when it started and undid all the damage it caused.

Nico: That's crazy.

Judy: I'll never understand physics.

Fluttershy: Me neither.

Me: But at least the game is won.

Nico: Yeah but we have so much to talk to your dad about Alan. But don't tell him about the game.

Alan: Right.

Sam Parrish came and then we told him all the things that happened and Carl got his job back and we took the game and I put a spell on it to make sure that it doesn't draw anyone in with its drums. Our Jaguar friend that I named Mishka now is Wendy's friend.

Vulpimancer: (Unknown Language)

Fluttershy: Wendy is gonna revert back.

Wendy reverted back and she was a girl with orange hair and orange clothes and orange eyes.

Wendy Lebinomininsky: (Polish Accent) Whew! That's better. It's always hard to talk like that.

Nico: Wow! Awesome to see you again Wendy.

Wendy Lebinomininsky: Same here Nico.

Fluttershy: What's your favorite memory of Nico?

Wendy Lebinomininsky: I have many but my favorite would be where me and Nico went into the forest and we found the ruins of an old Indian Burial Cave and we found all kinds of awesome treasures in it.

Nico: That was so cool.

Me: Wow that is awesome.

Judy: That's neat.

Peter: It sure is.

Nico: It must've been tough not to talk as a Vulpimancer.

Wendy Lebinomininsky: It was. But the cool part is even as a human I can see everything in infrared vision.

She looked at us and through her eyes she saw everything like a Yautja can and it was awesome.

Wendy Lebinomininsky: I can see everything like a thermal imaging camera.

Judy: That's amazing.

Me: It sure is.

Sarah: Wow.

Me: Yeah. By the way Alan how did you find the Jumanji Game?

Alan: That's really crazy.

He told us that he found it in a chest that was buried in a hill that used to be a graveyard at the construction site.

Me: Whoa! That is amazing.

Nico: Yeah.

Nico and Wendy hugged.

Nico: I really missed you.

Wendy Lebinomininsky: Me too Nico. Me too.

Fluttershy: But that's great you are back together.

Wendy Lebinomininsky: It sure is and we have an awesome Jaguar friend too.

Me: Yep.

Fluttershy: But this was amazing.

Me: It sure is. Sarah, Alan, Judy, Peter, I'm sorry you all had to go through all this.

Sarah: It's all right.

Judy: But we made it through it and thank you J.D. for saving my life.

Me: You're welcome Judy. But the important thing is that you're all safe.

We later went back home. We would have to worry about Billy, Alan's bully and Billy's friends later. But strangely enough, Alan and Sarah all have 26 years of catching up to do.

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, Sima Yi, Jiang Wei, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), Musashi Miyamoto (Samurai Warriors), and Zak Saturday are heading into the world of the 1983 movie Krull, and not only is Lincoln going to rescue the twenty girls there, but we're also going to face the Beast in the Black Castle and kill it.

Lincoln: Wow, we're in the world of the 1983 movie Krull, and I know what we're going to do here, not only am I going to rescue the twenty girls there, but we're also going to face the Beast in the Black Castle and kill it.

Nico: That's right, big guy.

Me: I watched that movie long ago, and it was awesome, and The Beast in that movie is a dangerous alien who desires to rule the universe, and we need to stop him.

Eli: You got that right, bro, and Lincoln's going to be the one to slay him and strip him of his powers.

Lincoln: That's right, Eli, and we got word that another Gene-Slammer's here, but we'll find out just who it is soon.

Nico: Yeah. But the Beast was terrifying.

Nico went over his history.

The Beast is the main antagonist of the 1983 British-American cult classic sci-fi/fantasy film Krull. He is a giant monstrous alien who commands an enormous, apparantly unlimited army of Slayers and Changelings. It is said at the beginning of the film that The Beast has conquered and enslaved many worlds. He resides in the Black Fortress, his massive space-traveling abode, which can land on planets and release his army to do his bidding.

He was voiced by the late Trevor Martin.

Little is specifically known of The Beast's past other than his dealings with the Cyclops race that now live on the planet Krull. The Cyclops race used to possess two eyes, like ordinairy men, and they lived on the same world as The Beast. He made a deal with their race, removing one of their eyes for the ability to see into the future. But the Cyclops race were tricked, and the only thing they were permitted to see was the time of their own deaths. Their race moved from planet to planet, to Krull. It is said that the ability to bestow powers such as seeing the future is a natural talent of The Beast's race, yet they cannot bestow powers upon themselves. The dealing with the Cyclops race was an experiment in changing their internal chemistry to allow them to gain the abilities they could give others.

What is known about him is that he landed on the planet Krull in his Bladk Fortress, and released his Slayers and Changelings across the land. The Beast knew that if he burned a few towns and settlements all Krull would see him as their ruler. His Slayers captured Lyssa, bride-to-be to Colwyn, a young prince, and murdered both their families and decimated their armies. Colwyn allied himself with many men to save Lyssa, travelling to the Black Fortress with the magical Glaive, an ancient throwing weapon. The couple eventually destroyed The Beast with first the Glaive, then the power of their love, manifested as a powerful flame. The Black Fortress then exploded, ending The Beast's reign of terror on Krull once and for all.

Me: Whoa! He is a terrible race.

?: HELP!

Suddenly, Lincoln heard the sound of twenty girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the twenty girls, along with Colwyn, but they've been cornered by The Beast, and he's going to kill them.

Lincoln: Guys, I found the twenty girls, but they, along with Colwyn, have been cornered by The Beast, and he's going to kill them.

Me: Not good, we've got to get to the Black Castle and fast, and kill The Beast in The Black Castle.

?: Then, let's get going and stop him.

Then, we saw a Black Tyranno run towards us, and stopped as soon as it saw us.

Lincoln: That voice, I knew it was you, Logan White, but, we'll have to talk later, let's head down to The Black Castle and destroy the Beast.

We rushed on over, and Lincoln fired a powerful rainbow energy ball, which hits the Beast, and the twenty girls got away and Lincoln put up an energy field to protect them from the Slayers. When the Beast saw us, he was enraged.

The Beast (Krull): **So, the famous Team Loud Phoenix Storm has arrived? I will enjoy destroying all of you!**

Lincoln: Not a chance, you monster, your days of conquering and enslaving planets are over, and we'll make sure that your dreams of universal domination end here and now.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sima Yi, Sun Quan, and Jiang Wei got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transform, The Samurai Warriors got out their weapons, Zak Saturday got out his Claw, and Me, Eli, Nicole, and Nico also transformed and unholstered our massive swords from our backs.

The Beast (Krull): **Slayers, Changelings, get them! Kill them all!**

We then went at The Beast and his army of Slayers and Changelings, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, ice, lightning, steel orbs, stars, rainbow flames, rainbow crystals, orange flames, blue flames, ice, and green flames, which hits The Beast and his army of Slayers and Changelings, and they exploded with incredible power as they hit them. Then, Lincoln sprouted his eleven massive, powerful, and long deep sapphire blue werewolf tails with eleven slobbering black wolf heads with glowing blue eyes on the tips, and he sent them at The Beast, and they bit down on his arms, legs, and sides of his stomach, and we saw the wolf heads slowly draining, siphoning, and sucking out all of The Beast's omnipotent powers, and we saw the blue-colored energy visibly flowing down from their heads and necks and into Lincoln, as his rainbow energy aura with elemental forces was flaring up even more, as he gained an immense power and energy boost, and he made The Beast's omnipotent powers his own, and we also assimilated The Beast's omnipotent powers.

Then, Lincoln fired a powerful rainbow energy blast at The Beast, and it obliterated the alien warlord, and as soon as his spirit appeared, Lincoln drew a kanji on his forehead, and condemned him to The Black Gates, and his spirit was erased from existence forever, and we also saw that The Beast's army of Slayers and Changelings were also erased from existence forever. We cheer wildly for what Lincoln did, as we holster our weapons on our backs and power down.

Lincoln: That's it for that ruthless alien warlord. (To Logan Prince) And it's so good to see you again, Logan Prince.

Logan Prince: You too, Lincoln. it's been a long time.

They went up to each other, and they hugged, and Logan Prince was surprised at how much stronger and at how much taller and much more muscular Lincoln's gotten since she last saw him.

Lincoln: It sure has been a long time, I haven't seen you when you were eleven, and I've grown a lot since then.

Logan Prince: Yeah, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Wow, Lincoln, you know her?

Lincoln: Yeah, I do, Nico. This is Logan Prince, she's a local resident from Royal Woods, and I met her when she was eleven, and she has a dark revelation about Lori.

Nico: Uh oh, I'm going to guess it's something bad.

Lincoln: You'll hear about it soon enough, Nico, trust me, you won't like it. But, for now, let's get you back to normal, Logan. Boys, cover your eyes, hold still, Logan, this is going to hurt.

Me, Nico, Eli, and the rest of the boys had covered our eyes as Lincoln snapped his fingers, and Logan was reverting back to normal. Logan Prince is a beautiful 17-year-old with long black hair going down to the bottom of her neck, red eyes, fair skin, she's 6'0" in height, she had the body of a goddess, and she also now has massive black angel wings, as she reigned in the power of Black Tyranno.

Lincoln: How do you feel, Logan?

Logan Prince: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Logan Prince a new wardrobe, a black shirt with a red phoenix and a black skirt with the Black Tyranno on it, black pants, black leather ankle-high combat boots, and a long black sleeveless trenchcoat with tyrannosaurus rexes on the coattails and the Black Tyranno on the back, and on her back is a large Black Tyranno-themed sword with a 6'5" massive, wide, double-edged, man-sized black blade with the Black Tyranno etched on it, large black tyrannosaurus rex heads with red gems for the crossguard, large red gem for the hilt, longer black handle, and four large tyrannosaurus rex heads with red gems for the eyes and four large red gems in its mouths for the pommel.

Logan Prince: Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Logan Prince's neck with black gems on the gold lightning bolts and red crystals links from her new Crystal Necklace of the Buddha.

Logan Prince: (Surprised) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Logan.

Logan Prince had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the twenty girls as the energy shield fades, and when Lincoln saw them, he immediately recognized them. The twenty girls are Virma Thorne and Taranda Lieselotte Tachibana from Karakuri Circus, Hoto Cocoa, Kafuu Chino, Kirima Sharo, Tedeza Rize, Ujimatsu Chiya Aoyama Midori, Jouga Maya, and Natsu Megumi from Is the Order A Rabbit?, Oomiya Shinobu, Alice Cartelet, Inokuma Youko, Komichi Aya, Kujou Karen, Higurashi Kana, Karasuma Sakura, Kuzehashi Akari, Matsubara Honoka, and Oomiya Isami from Kinmoza.

Lincoln: Oh wow, it's Virma Thorne, Taranda Lieselotte Tachibana, Hoto Cocoa, Kafuu Chino, Kirima Sharo, Tedeza Rize, Ujimatsu Chiya, Aoyama Midori, Jouga Maya, Natsu Megumi, Oomiya Shinobu, Alice Cartelet, Inokuma Youko, Komichi Aya, Kujou Karen, Higurashi Kana, Karasuma Sakura, Kuzehashi Akari, Matsubara

Honoka, and Oomiya Isami.

Helena McTroy: From Karakuri Circus, Is The Order A Rabbit?, and Kinmoza, awesome.

Lincoln: Are you girls okay?

Virma Thorne: Yes, we're okay, thanks to you.

Then, when Virma Thorne and the other nineteen girls saw who it was that saved them from The Beast and his army of Slayers and Changelings, their faces turned atomic red upon seeing the 17-year-old 7'0" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental

Virma Thorne: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made nineteen clones of himself, and he and the nineteen clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Virma Thorne: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, twenty Thunderbird Necklaces of Eternal Love appeared around the necks of Virma Thorne, Taranda Lieselotte Tachibana, Hoto Cocoa, Kafuu Chino, Kirima Sharo, Tedeza Rize, Ujimatsu Chiya, Aoyama Midori, Jouga Maya, Natsu Megumi, Oomiya Shinobu, Alice Cartelet, Inokuma Youko, Komichi Aya, Kujou Karen, Higurashi Kana, Karasuma Sakura, Kuzehashi Akari, Matsubara Honoka, and Oomiya Isami with colored gems and crystals on the gold lightning bolts. We returned to the Estate, we told everyone what happened in the world of the 1983 move Krull, and they were shocked when we told them the villain was the Beast.

But, when Lincoln showed what he did to the Beast, along with his army of Slayers and Changelings, they all cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Logan Prince now have a lot of catching up to do, now that she's back, and Lincoln moved the planet Krull to our solar system, and now, it's at peace, now that The Beast and his evil army have been destroyed for good.

* * *

After getting rid of The Beast and his army of Slayers and Changelings this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Logan White saw Lincoln working out like crazy, she had an atomic red blush on her

face.

Logan White: Whoa, Lincoln's really grown to be a 17-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Logan, and now, I can also fight and defend myself.

Logan White: That's incredible.

Nico: It sure is, Logan. So, what's this dark revelation that Lincoln said it's about Lori?

Logan White: You're not going to like it, Nico, and this involves why Lori has such a NASTY GAS problem.

Lori: How many times do I have to say it, it was my shoe?!

Lincoln: No one's buying it for a second, Lori. (To Logan White) You may continue, Logan.

Logan White: Thank you, Lincoln. Anyways, one day when Lincoln and I were meeting with my mom, who's a nurse here at the hospital, we found out from her something dark about Lori: Lori's nasty gas problem was caused by eating those Low-Calorie Bean Chips. We knew we had to talk to Mr. and Mrs. Loud about it, and keep Lori out of it, because she'll just say it was her shoe, but no one in The Loud House was buying it for a second. We then told Mr. and Mrs. Loud about it, and they were shocked. But, when Lori heard it, she went ballistic and tried to bust out of her room to attack us, but Leni and Luna restrained her and tied her up in nylon rope.

We were shocked, and now, we knew the truth about Lori's nasty gas problem, and of course, really grossed out.

Me: Gross.

Nico: You said it, J.D., but now we know the truth about that little problem. Lori, you've got to stop eating those Low-Cal Bean Chips, it's causing your gas problem.

Lori: No way.

Lincoln: Let me handle her, Nico. (To Lori) Lori, although Nico is the leader of the team and you may be the oldest of the siblings, but you left me no choice: as of this moment, I'm officially authorizing a ban of Low-Cal Bean Chips from The TLPS World Tree Estate for life.

The Loud Family cheered at Lincoln's declaration.

Eli: Yeah, nice one, Lincoln.

Lincoln: Thanks, Eli.

Nico: Awesome job, Lincoln, and since those Low-Cal Bean Chips are a source of high-fiber, they also cause constipation, and it'll also lead to someone being cranky, and "back-up someone's plumbing."

Lynn Sr.: Not to worry, Nico, I got just the thing.

Lynn Sr. came out and he had a tin of Triple Bran Fiber-Blast Muffins with chocolate chips in them.

Nico: Ooh, what are those, Mr. Lynn?

Lynn Sr.: Triple Bran Fiber-Blast Muffins with chocolate chips, they'll get rid of Lori's constipation.

Me: And since you added chocolate chips, not even Lori can resist the scent.

Lori caught the scent, and as soon as she ate one, her stomach rumbled and her face turned red, and she ran for the bathroom upstairs and locks the door. Then, we heard the sound of the toilet flushing, and Lori came out with a rolled-up newspaper in her arm, and she was now much calmer.

Lincoln: Feeling better, Lori?

Lori: Much better, Lincoln, and I'm so sorry for that whole gas problem, but I can't help it, I love the Low-Cal Bean Chips so much, and I was being really stubborn.

Lincoln: Well, I'm glad you're feeling much better now, but as I said, Low-Cal Bean Chips are banned from the TLPS World Tree Estate for life. But, it's not going to be easy though to kick your habit with those Low-Cal Bean Chips, but we'll be there for you, okay?

Lori rushed over and hugged Lincoln's waist, and he hugged Lori in his abnormally massive and powerful muscular arms, and they smiled.

Lori: Thank you, Linky.

Nico: Wow, now that was quite a quick cure. Hmm, let me try one of those Triple Bran Fiber-Blast Muffins.

Nico ate one of the Triple Bran Fiber-Blast Muffins, but just like with Lori, his stomach was rumbling and his face turned red.

Nico: Uh oh, get out of the way, guys! I got to go!

Nico ran past Lincoln and Lori, and straight into the bathroom and locked the door.

Lincoln: Uh oh, did Nico eat one of Dad's Triple Bran Fiber-Blast Muffins with chocolate chips?

Me: Yep.

We heard the sound of the toilet flushing, and Nico came out with a rolled-up newspaper in his arm, and he was now much calmer.

Nico: Whew, don't think about going in the bathroom for a few hours. Man, those Triple Bran Fiber-Blast Muffins were good.

We laughed, and then, we got a shower afterwards. Suddenly, a bright light had descended onto the Estate, and we covered our eyes, then, the bright lights faded and we uncovered our eyes, and to our surprise, the world of Way of The HouseHusband has merged with ours.

Lincoln: Wow, the world of Way of The HouseHusband has merged with ours.

Ed Cowart: Awesome.

Nico: I've read the magna of Way of The HouseHusband and watched the anime adaptation, and it was so awesome, and we don't have to worry about Tatsu, he's a former Yakuza member, and he's now married to Miku, who happens to be a magical girl anime fan.

Lincoln: And we know all those girls all too well. Nico, we'll be right back, me, my harem, Ed Cowart, Cattleya, Eli, and Nunnally head on over to meet Tatsu and his wife, Miku.

Lincoln opened up a portal, and he, his harem, Ed Cowart, Cattleya, Eli, and Nunnally head on over to Japan to meet Tatsu and his wife, Miku.

The portal opened up in Japan, and Lincoln, his harem, Ed Cowart, Cattleya, Eli, and Nunnally came out as the portal closed.

Eli: Awesome job, Lincoln. Was that one of the powers of The Beast from Krull?

Lincoln: Yep, in addition to his omnipotent powers, he also has the power to open portals. Hmm, now where are Tatsu and Miku at?

Lincoln's deep sapphire blue cyborg eyes scan the area, and then, he spots the house where Tatsu and Miku are at.

Lincoln: Ah, there they are. Shall we?

Lincoln, his harem, Ed Cowart, Cattleya, Eli, and Nunnally head for the house, and Lincoln knocked on the door. Then, the door opened, and Tatsu was standing at the door's entrance, along with Miku.

Tatsu: Hello.

Lincoln: Are you Tatsu and Miku?

Then, when Tatsu and Miku finally see the 17-year-old 7'0", white-haired, handsome, and extremely muscular teen with deep sapphire blue eyes, they knew who it was that answered the door.

Miku: Oh wow, Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, Miku. And I'm not alone, with me are my harem, and before you ask, I'm part of an ordinance and I have a harem of future wives whom I love with all my heart, along with my family, and also with me are Ed Cowart and his girlfriend, Cattleya, and Eli Winston Bullock and his girlfriend, Nunnally.

Tatsu: Ah, I see. But, where are the rest of the team?

Lincoln: They're back home, and Nico's the new leader of Team Loud Phoenix Storm. He displayed awesome leadership during the battle against Xehanort and Team Dark Phoenix Storm last year, and J.D.'s now the second-in-command of the team. And we already know that you were once part of the Yakuza, Tatsu, and you left that life for a new life.

Tatsu: That's right, and I'm married to Miku.

Yu Morisawa: And we also know that Miku's a magical girl anime fan.

Miku: Oh, no way, you're Yu Morisawa A.K.A. Creamy Mami, and you're one of Lincoln's many future wives? That's awesome!

Lincoln: And we also know the girls from Sailor Moon, and they're members of Team Loud Phoenix Storm.

Miku: Oh, awesome, can we come and meet them?

Lincoln: Of course, and don't worry, we're putting you guys under our protection, if any members of The Yakuza dare to come after you guys, we'll rough them up and throw them in prison.

Tatsu and Miku packed their bags, and they came with Lincoln, his harem, Ed Cowart, Cattleya, Eli, and Nunnally, and Lincoln opened up a portal, and they went in. The portal opened, and Lincoln, his harem, Ed Cowart, Cattleya, Eli, Nunnally, Tatsu, and Miku came out.

Nico: Wow, you guys came back quick.

Lincoln: Yep, and we also got company.

Nico: Tatsu, Miku, it's so good to see you guys again.

Tatsu: You too, Nico.

Lincoln: You guys know each other?

Nico: Yeah, we do, Lincoln. You remembered that I've taken down members of The Yakuza in Japan, right? Well, I met Tatsu when a group of Yakuza members were after him and Miku, and I came in and busted them up, and called the cops on them. They thanked me for saving them, and we became good friends.

Lincoln: That's awesome, and Miku's already met Yu Morisawa, and she also heard that we knew The Sailor Scouts and they're members of the team, and she wants to meet them.

Nico: (Laughs) I knew it.

Me: And it's an honor to meet you and Miku, Tatsu.

Tatsu: You too, J.D., and Lincoln already told us that Nico's the new leader of the team, and you're the second-in-command, and we're so proud of Nico for what he did in leading you guys against Xehanort and Team Dark Phoenix Storm last year.

Then, Miku met the Sailor Scouts, and she was really excited to meet them.

Tatsu: I think we're going to like being here in Gotham Royal York.

Lincoln: You're going to like it here, Tatsu.

* * *

Later it was time for Sheila's first Ambassador Mission.

Me: This is gonna be awesome.

Nico: Sheila, I think where you're going for your Ambassador missions suits you.

Sheila: Really?

Nico: Yep. You're going to meet up with Lupin III and his gang.

Sheila: WHOA! This will be awesome!

Me: It will be awesome seeing Lupin and the gang again. We owe them big time for the race in Halloween Town.

Nico: We sure do and you will like where they are going. Lupin and his gang are after a criminal that is going to steal all the worlds priceless jewels all for himself. His name is Big Taku the Priceless. He was born into a huge family of wealthy jewel collectors and began a huge life of crime 10 years ago. He rose to the top of INTERPOL's most wanted list as one of the most notorious Jewel Thieves in the world.

Me: Looks like we're going to stop him.

Sheila: Yep. This is gonna be good.

Nico: Yep. Lupin is heading to Thailand to face him.

Sly: I'm in for this one. It'll be awesome stealing from such a high class thief.

Nico: Go get him guys.

We were off to Thailand.

We arrived and we saw Lupin III and his gang Jigen and Goemon Ishikawa XIII.

Lupin III: Hi. You must be Sheila. J.D. said you'd be coming.

Sheila: That's right. Sheila Castille of GRYPD. Awesome to meet you Lupin.

Me and Sly appeared.

Me: Awesome to see you again Lupin.

Lupin III: Same here J.D. and Sly you're looking good.

Sly: Thanks Lupin.

Jigen: Awesome to see you all. How's Fujiko doing?

Me: Doing well.

Sheila: We came to help you all take down Big Taku.

Me: Yep. Also I'm not the leader anymore. I'm now Second in Command. Nico's the leader now and he earned it fair and square.

Lupin III: (to me) Look, J.D. I know that it might still be hard to not be leader. But at least you had a good run, right?

Me: That's true and I'm doing my best to accept it. But Nico earned the position fair and square. He displayed an amazing form of leadership that was many times more better than mine and he earned it fairly.

Goemon Ishikawa III: That's good honor and spirit there.

Me: Thank you.

Sheila: (to Lupin) Also, due to J.D. REALLY wanting to take part in a certain competition, our full mission here will be April 2.

Me: It's true. We're going on the Ridonculous Race next month and we're really looking forward to this. ALL of us are going to participate in that race and it's going to be awesome.

Lupin III: Wow! That is gonna be so fun and awesome for you all.

Jigen: You guys are all gonna have a lot of fun.

He pulled out a cigarette.

Me: Light ya Jigen?

Jigen: Thanks.

I formed a flame on my thumb and lit his cigarette for him.

Lupin III: (to Sheila) Before this heist, why don't you tell us more about your background story?

Sheila: Sure thing.

Sheila told them that she was born into a rich family and they were as rich as Rockefeller and Sheila wanted to become a cop and she went to the academy to learn all the rules and everything. But before that she told them that her father was a heartless murderer and her mother was killed by him and he was sent to the gas chamber for his crimes. She then was walking on her way home and then she was jumped by the Foot Clan and then after that everything went black after that. Later she wound up in the Underground City with 6 more like her. The rest is history from there.

Lupin III: Wow.

Jigen: That's nuts.

Goemon Ishikawa XIII: That is nuts and crazy.

Me: You're not kidding.

Lupin III: What do you guys say we go after Big Taku now?

Me: Gladly.

Sly: Lets do it.

Then out came Inspector Zenigata!

Me: Inspector Zenigata. Nice to see you again.

Lupin III: Hello Pops. Nice to see you.

Inspector: (sighs) Look, Lupin. I'll try my best to keep my fellow officers away from the area. But I won't be able to keep that up forever.

Lupin III: Okay who are you and what have you done with Pops?

Me: We had a little talk with him.

Sly: Yeah it's awesome.

Lupin III: But thanks for helping us Pops. Lets go get Big Taku.

We were off.

We arrived at Big Taku's hideout and it was an abandoned jungle temple that was never used for anything.

Sheila: This must be his hideout.

Me: Yep. It's an abandoned Jungle Temple. We haven't been to this one.

Lupin III: Now we got to find out where the jewels are.

Me: Leave that to me.

I pulled out a remote control camera fly and used it and had it fly over and it saw the safe where all the jewels are in and we saw Big Taku counting all his jewels and then we saw that it was crawling with guards.

Me: There's guards crawling all over the place.

Lupin III: We'll have to get past his guards to get to him.

Me: Leave that to Sly and me.

Sly: We know many thieving techniques.

We went invisible with Slytunkhamen's techniques and snuck up to the guards and then smashed them on their heads and knocked them out and the guards were all tied up.

Then me and Sly tied up Big Taku.

Me: Gotcha.

Sheila came and slapped the cuffs on Big Taku.

Sheila: You're under arrest.

Big Taku: How the!? How did you find me?

Me: Not gonna tell.

Sly opened the safe and in it was a MASSIVE PILE OF SUPER PRICELESS JEWELS! MILLIONS OF THEM!

Me: JACKPOT!

Sheila: How the fuck did you get all these jewels?!

Big Taku: (smirks) Not gonna tell!

Lupin III: That's what we just said to you!

Me: Doesn't matter because this guy is going to spend the rest of his life in prison forever.

We got the jewels back to the estate and we split the jewels 50/50. Lupin and his gang got half and we got half too.

We came back.

Me: Hey guys.

Nico: How did it go?

Me: It went well.

Sheila revealed everything and it was incredible.

Nico: WHOA! That is awesome!

Me: And I'm happy to report that Sheila did awesome on her first Ambassador Mission/Heist.

Nico: Well done guys! Big Taku is now behind bars.

Me: Yep in the Uranus Prison for life. We got half of his jewels.

Nico: Awesome.

May: Who should come with you next time?

Sheila: I was thinking that all of the Cooper Clan and the gang can come with next.

Me: Not a bad idea.

Nico: Awesome. It'll be awesome for the Cooper Gang to meet Lupin III and the gang.

Me: It sure will and after that the LupinRangers can go too.

We had a great heist and one of the greatest jewel thieves was stopped.

---

Later we were at the Peach Creek Park N Flush Trailer Park.

Tayuya: Remind me again why we're in the goddamn trailer park?!

Nico: To hunt for clues as to why the Kanker's became such heartless bullies and jerks.

Marie K.L.: And the best place to start is back at the trailer we lived in.

We arrived at the Kanker's Old Trailer and it was left to sit there like an open wound.

Jet Kirby: I'm using my jet powers in case there's trouble.

Nico: Okay.

Jet Kirby was ready.

We went into the trailer and it was a mess and loaded with stuff.

Me: Wow what a trailer.

Nico: It's a mess.

Marie K.L.: So many bad memories here.

Eli: A rotten house.

Octopunch: Let's keep some of this stuff.

Nico: Good idea.

We got the Kanker's books, old clothes and some stuff.

Nico: There. This trailer may be full of bad memories but it was still home for the Kankers.

Eli: Yeah it's true.

Eli then hit something under the sofa.

Eli: Huh?

Eli looked and pulled out a diary.

Eli: It's a Diary. It's the Kanker's mother's diary.

Marie K.L.: I didn't know our mom had that.

Eli: Lets see what secrets your so-called mother was hiding.

Eli opened it and it showed that their mom was nothing but trouble! It was a log of the crimes of the Kanker's mom and she was in prison a lot.

Eli: Whoa man!

Seaspray: Can you guys tell me some of her crimes?

Eli: You're not going to like this. It said that Bebe Kanker did everything. Theft, shoplifting, burglary, drunk driving, drug possession, arson, assault, battery and even murder and she was caught on the minor offenses and served 18 years in prison for those crimes all together. She has a RAP sheet that is over a mile long!

We gasped!

Me: WHOA! Bebe is a Mother from Hell!

Nico: She was pure evil.

Billy Gilbert: Marie, your mother's a bitch!

Cycloid: Boss, don't you think that's a little harsh.

Maria: No. It was an understatement!

Me: That's right and I'm glad they gave her the chair.

Nico: Same here. I think we got everything we need here. Lets head home.

We went back home.

---

In the Endsville sector, Billy is up to something stupid like always. He got his hands on Grim's book called The Bad Book and he opened it and was entranced into it and was hypnotized by it. Then he laughed malevolently!

UH OH!

Something is soon going to happen.

Back at the estate we were watching TV.

Suddenly the Supernatural Activity Code Red Alarm went off.

Nico: Uh oh! That's the Supernatural Disturbance Alarm!

We traced it to the Endsville sector.

Nico: Oh boy! What has Billy done this time?

Me: Don't know but that bignosed moron may have endangered us all yet again.

Eli: (Gasp) Oh no! I sense a very dangerous evil force coming.

Nico: What is it Eli?

Eli: It's not good. This force is dangerous.

Nico: We better go check it out.

Then Chemistro, Steam Smythe, Amora, Zzzax, Billy Numerous, Pyro, Dirty Bubble, Titanium Titan, Goliath and KGBeast appeared.

Chemistro: Can me, Steam Smythe, Amora, Zzzax, Billy Numerous, Pyro, Dirty Bubble, Titanium Titan, Goliath and KGBeast go with you guys?

Nico: You all sure can. Lets move!

Just then, King Kai contacted us before we left for Endsville.

King Kai: (Telepathically) J.D., Nico, can you guys hear me?

Me: King Kai, what's wrong?

King Kai: (Telepathically) I've got bad news that Hulk, Jennifer Walters, Betty Ross, Rebecca Banner, The Avengers, and all of you aren't going to like: General Ross has returned from the dead, and he's transformed into Red Hulk, and he wants payback.

We gasped in shock.

Me: Uh oh, that's not good.

Lincoln: You said it, J.D. General Ross returning from the dead is bad enough, but him transforming into Red Hulk, that's really bad.

Nico: I remembered you guys telling me about that, and this was really long ago, and when you guys met The Avengers.

Lincoln: That's right, and we also found out Ross hired the remaining HYDRA soldiers to attack us, so that they can attack Hulk. We got the word from The President to arrest General Ross and have him tried for treason. We defeated General Ross and arrested him, and after he was tried for treason, he was sentenced to death, and he was killed. Now, years later, he's come back, and he transformed into Red Hulk.

Iron Man: Looks like we're going to kill him again.

Lincoln: No, Tony, we're not going to kill him again, instead we're going to take him down, remove his powers, and send him to prison.

This stunned the Avengers, along with Hulk, Jennifer Walters, Betty Ross, and Rebecca Banner.

Lincoln: And before you guys say anything, there's a reason why we're not going to kill him again: he may have committed some serious crimes, but General Ross served our country as a general for The U.S. Army and he fought in World War II, none of us could forget that, and we have to show respect to a war veteran and a man who fought for our country.

Me: That's right, we always show our respect to our veterans who fought for our country.

Cai Wenji: Then, allow me to help stop him, and I know you're also going to help me out, Lincoln.

Lincoln: Of course, Lady Cai Wenji. And after I remove his powers, I'll have a talk with him, father to father, and of course, I'll show him the damage that David Banner had done to his own family, and they were made victims of that madman's insanity.

Nico: Awesome idea, big guy.

Me: You said it, Nico.

Betty Ross: But, how are you and Cai Wenji are going to get my dad to calm down, Lincoln?

TLPS Mr. Wolf: Yeah, I was about to say myself.

Lincoln: Leave that to us, Betty and TLPS Mr. Wolf. I already know how to calm General Ross down, so that way, I work my magic and remove his powers.

Nico: And we can't wait to see you guys put your plan in action. Alright, everyone, let's get going to Endsville.

We then head for Endsville.

---

We arrived in the Endsville sector.

Nico: I hope that stupid bubblenosed baboon didn't cause anything stupid that would destroy the world. Knowing him he probably would.

Flywheels: Sheila, what did you do with the jewels that you got from Big Taku?

Sheila: Put them in our vault.

Flywheels: Nice.

We arrived at Billy's house and to our shock and horror it looked like a true castle fortress of hell.

We gasped.

Nico: Whoa man! This is not good.

Me: Oh man.

Brittney: Oh man! I knew this is the handiwork of him! This is the work of the evil monster Yog-Sothoth!

Nico: Yog-Sothoth?

Brittney: One of the dangerous monsters of H.P. Lovecraft's Cthulhu Mythos.

She told us about him.

---

Yog-Sothoth is the secondary antagonist of the Cthulhu Mythos of the late dark fantasy writer H. P. Lovecraft. He has appeared in a various number of Lovecraft's stories, but was first mentioned in the 1943 horror novel The Case of Charles Dexter Ward, and has gone on to appear in more of his stories, serving as the unseen overarching antagonist of The Dunwich Horror and At the Mountains of Madness, and a somewhat benevolent character in Beyond the Gates of the Silver Key.

He is an unfathomably powerful deity and one of the most powerful of the Outer Gods, a race of ancient deities who wield great power, size and intelligence, equal and possibly even superior to Azathoth himself, as well as the largest and most intelligent-dwarfing the famous Cthulhu in the same scale that Cthulhu dwarfs humanity, and is a truly cosmic menace that is beyond mortal comprehension. Yog-Sothoth is the embodiment of all of time and space across an essentially infinite number of space-time continuums. For all intents and purpose, he is connected to the multiverse. He is the grandfather of Cthulhu and the grandson of Azathoth.

Yog-Sothoth is not only an all-knowing, all-seeing, and (supposedly) all-powerful being, but he also, like the fellow Outer God Nyarlathotep, has displayed to possess numerous avatars, such as the Lurker at the Threshold, and has served as the Godly father of Wilbur Whateley and the Dunwich Horror, and the spouse of Shub-Niggurath. He was born from the Nameless Mist, one of the three offspring of Azathoth alongside the Darkness and Nyarlathotep.

Yog-Sothoth's name was first mentioned in Lovecraft's novella The Case of Charles Dexter Ward (written 1927, first published 1941). He goes on to be the driving force of the short story The Dunwich Horror, in which he fathers twin children with a human. He later appeared in At the Mountains of Madness in connection to the thing beyond the mountains that even the Elder Things fear.

Yog-Sothoth is coterminous with all time and space yet is supposedly locked outside of the universe we inhabit. Its cosmic nature is hinted at in a passage from Through the Gates of the Silver Key (1934) by Lovecraft and E. Hoffmann Price.

Yog-Sothoth knows all and sees all. To "please" this deity could bring knowledge of many things. However, like most beings in the mythos, to see it or learn too much about it is to court disaster. Some authors state that the favor of the god requires a human sacrifice or eternal servitude.

According to the genealogy Lovecraft devised for his characters (later published as "Letter 617" in Selected Letters), Yog-Sothoth is the offspring of the Nameless Mists, which were born of the deity Azathoth. Yog-Sothoth mated with Shub-Niggurath to produce the twin deities Nug and Yeb, while Nug sired Cthulhu through parthenogenesis. In Lovecraft's short story The Dunwich Horror, Yog-Sothoth impregnates a mortal woman, Lavinia Whateley, who then gives birth to twin sons: the humanoid Wilbur Whateley, and his more monstrous unnamed brother.

At the end of Lovecraft's late story The Haunter of the Dark, the protagonist Robert Blake calls on Yog-Sothoth to save him from the eponymous malign entity which he has let loose.

## Beyond the Gates of the Silver Key

In this story, Charles Randolph Carter actually meets him, The Gate, the Key, and the Guardian. The encounter makes it very clear that it is the point of view which defines the nature of the interaction; there is nothing inherently evil or frightening about him. He opens the gates of the Multiverse to anyone who is willing to glimpse it and unlike the "nameless devourers" he is not going to harm you or force you into what you do not want. He gives Carter the option of leaving or going forward; The price is to see the true or at least partial vastness of what is, a flood of knowledge that overwhelms the current "self". Once Carter is at the nexus of all he is, was and will be, he is distilled into one being: a Wizard in a planet engaged in a battle; yet all Carter wants is to go back to Earth. How limited are we truly, and what does it take to move on beyond?

## At the Mountains of Madness

William Dyer and Danforth, after escaping a Shoggoth, leave the Mountains on their plane. Danforth looks back and sees something that causes him to go insane. He refuses to tell anyone (even Dyer) what he saw, though it is implied that it has something to do with what lies beyond the larger mountain range that even the Old Ones feared. It is likely that this entity was an avatar of Yog-Sothoth.

## The Dunwich Horror

Yog-Sothoth has some connection to the mysterious Old Ones mentioned in The Dunwich Horror (1929), but their nature, their number, and their connection to Yog-Sothoth are unknown. Nonetheless, they are probably allied to him in some way, since during the story, Old Whateley gives up his own daughter, Lavinia, and sacrifices her to Yog-Sothoth, who impregnates her with two children: Wilbur Whateley and the Dunwich Horror. Wilbur Whateley, being the half-human son of Yog-Sothoth, tried to summon them so that they could control Wilbur's more tainted twin and make it reproduce, but a dog mauled him to his death.

---

When she was done we were shocked and horrified!

Nico: Billy you brainless little moron! You've doomed us all!

Dirty Bubble: We need to find Grim and Mandy!

Nico: Right!

We later found Grim and Mandy and we saw them looking at the castle.

Grim: (Jamaican Accent) Thank goodness you all are here guys.

Mandy: Billy got a hold of Grim's book and is using it to summon Yog-Sothoth.

Brittney: This is bad guys. This is really bad! If we don't stop Yog right now then the entire world will be destroyed!

Needlenose: Wait. Grim, I don't think bringing your scythe is a good idea.

Grim: Why?

Brittney: Because Billy will need it to bring Yog here. It's what he wants.

Grim: Right.

Brittney: Lets go guys!

Nico: Okay.

The spirits of the Toa Metru, 2 Sakura's and elements swirled around the door and then converged and then…

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted through the door and a phoenix cry was heard and we went into the castle and it was a grotesque and strangely gnarled, twisted and horrifying place.

Nico: This is a scary castle.

Eli: Ugly.

Pyro: We need to find his parents as well.

Nico: There up on the ceiling!

We saw Gladys and Harold stuck to the ceiling.

Eli: Oh man!

Varie and Maria ripped them out of the ceiling and freed them.

Billy then came and he was laughing malevolently.

Nico: Billy do you have any idea what you have done!?

KGBeast: (Russian Accent) And how about that? Billy got the scythe anyway?

Nico: We need to get out of there and come up with a plan!

Brittney: Nico no! We don't have time! We have to stop Billy now regardless!

Nico: But we have to…

Brittney: Nico what's more important!? Coming up with a plan or saving the world before it's too late!?

Me: Brittney's right Nico! We need to stop Yog plan or no plan!

Nico: You're right.

Nico teleported and grabbed the scythe!

Billy: HEY!

Laney: Grim how did you stop Yog before?

Grim: It was a crazy one.

He told us all about it.

---

Despite repeated warnings from Grim, Billy can't resist the temptations of The Bad Book. Upon reading it, he is brainwashed and possessed by the fearsome deity Yog-Sothoth, who wishes to enter the world and recreate it in his own image. In order to achieve this, both the book and Grim's scythe are needed. With the gift of Yog-Sothoth's evil powers, Billy easily overpowers Grim and takes the scythe. He sets up shop in the basement of his family home, where after studying the unholy text, he finds the right incantation. Using the scythe, he rips a hole in the fabric of space and time, allowing horrible monsters and magic to wreak havoc and stain the rug.

In the meantime, Grim and Mandy call on Hoss Delgado for help. After some friendly fire, Hoss quickly identifies the goings-on as Yog-Sothoth's work. They find the possessed Billy in the basement with Yog-Sothoth, who is about to breach the gate. When the combined forces of Hoss and Grim fails to vanquish him, Mandy shoves Billy into the portal with the book and the demon back to The Dreamlands along with him. However, not wanting lowly humans among them, the Outer Gods send Billy back home to his friends' scorn and pity.

---

We were shocked.

Me: Then we got to get that book from him and throw it into the portal!

Nico: Right!

Sunstorm: We still need to get some additional backup.

William: Hoss Delgado, right?

Mandy: Yep.

Mandy called Hoss and he came.

Hoss Delgado: Hoss Delgado is here guys!

Me: We got big trouble Hoss! Yog is gonna come.

Hoss Delgado: Not again.

Nico: We have to stop Billy.

Hoss Delgado: Man, we haven't fought together in a while.

Bitstream: Sorry about that. You know how busy we are.

Hoss Delgado: Yeah I know.

Me: Nico if we get Billy back, remind me to punch him in the face so hard that his skull breaks into dust.

Nico: Noted.

Goliath: So, I guess we're having the usual battles after this mess is settled?

Nico: I guess so. We'll have them at the restaurant. Lets get him!

Rabeeder: Billy, why don't you settle down and we can talk about this?

Billy: There's nothing to talk about little one!

POW!

I punched him in the face and then kicked him in the stomach.

Nico punched him in the stomach and the Bad Book came flying out. Nico then grabbed the book.

Nico: This Book is bad news.

Billy: Give me that book!

Zzzax: Guys, toss the book to me!

Nico: Catch Zzzax!

Nico threw the book to him and he caught it!

Eli punched Billy in the face and smashed his nose in.

Eli fired a massive blast of Force Lightning and electrocuted him.

Billy: Book or not, you fools are doomed!

G1 Venom: I doubt it. Considering without the book and the scythe, you can't come out here in person!

Me: That's right you bignosed buttface!

I punched him in the face and kicked him into the wall.

Nico: Eli catch!

Nico threw the Book to Eli and he caught it.

Eli: Billy this is for your own good! We have to save you and the world!

Amora: Eli, toss it to me next!

Eli threw it and Amora caught it.

Nico: Nice!

Spinister: Guys, toss it here next!

Nico: Mandy, since the others are keeping Billy distracted, can I speak to you and some of the others in private?

Mandy: Sure Nico.

Nico and Mandy went into a corner to talk.

Nico: Mandy, be honest, How do you think I'm doing as leader?

Steam Smythe: I see. You still doubt yourself as leader a little. Well, I think you're doing a fine job.

Mandy: I agree with Steam Smythe Nico. You are doing a (Grunts) Really great. Job as leader.

Nico: Thanks Mandy. I know you hate being nice but thanks.

Terrorsaur: Sure, you might run into a few challenges as leader. But I'm sure you can handle them.

Nico: Thanks Terrorsaur.

Steam Smythe: But we all have our ups and downs.

Billy Numerous: Time for some backup!

Billy Numerous made 310 duplicates of himself.

Naruto: MULTI SHADOW CLONE JUTSU!

Naruto made 310 clones too!

Me: Try this on Billy!

I fired a blast of lightning and electrocuted him.

Emma: Sorry, Billy. But this is for your own good!

Megaforce Rangers: LEGENDARY RANGER MODE! MYSTIC FORCE!

The Megaforce Rangers turned into the Mystic Force Rangers!

Nico: This is going to hurt us more than it's going to hurt you!

We went at Billy and smashed and pulverized him all over the place. We blasted him all over.

Billy was knocked down.

I threw the book into the portal and it closed and reverted everything back to normal and Billy was back to normal.

Linehalt: Thank goodness that's over.

Ren Krawler: No kidding!

Nico: Yeah!

Hoss Delgado: Great job guys. You saved the whole world from total destruction.

Me: Yeah we sure have.

Brittney: Thank goodness.

Nico: Yep and Brittney you were right. Yog-Sothoth would have destroyed the planet without any second thought so coming up with a plan during a retreat was out of the question. I'm sorry I questioned your decision.

Brittney: No worries Nico. But at least we stopped Yog from coming.

Billy woke up.

He was back to normal.

We were looking at Billy with a mad look in our eyes.

Me: You got some splaining to do mister.

Ed: Sure am Eddy.

Eddy: Shut up Ed!

Laney: Billy do you have any idea the kind of danger you put us in!?

Billy: What's danger?

POW!

I punched Billy hard in the face and sent his nose and face into the back of his head. He looked at his butt and shaked his buttcheeks.

Billy: (Muffled) Why didn't anyone ever tell me my butt was so big?

Titanium Titan: (Spanish Accent) So, Nico. Now that we saved the world. Again. Which Gene Slammer do you think you'll meet on your next rescue?

Nico: I'm hoping to go for a Florauna next.

Ben: Wildvine's kind. That's a great idea Nico.

Nico: Thanks.

Nico: Well now that we have taken care of Yog and gave Billy his punishment thanks to J.D., lets go get some grub.

Me: Good idea. I'm starving.

Laney: Me too.

We went to Lynn's Table and got some food and then Dark Turtles, Gearhead, Grizzly, Shade, Batroc the Leaper, The Top, Abra Kadabra, Ragdoll, Trapster and Swordsman appeared.

Nico: Dark Turtles, Gearhead, Grizzly, Shade, Batroc the Leaper, The Top, Abra Kadabra, Ragdoll, Trapster and Swordsman.

Grizzly: You guys all right?

Me: We're fine. MAN! What a rough adventure this was.

Nico: No kidding.

Batroc: So, what happened with Billy?

Nico: Don't worry. We're not kicking him off the team. That's what started that whole D*** Hardly mess in the first place.

Me: Yeah.

Maria: He just has to rebuild his house alone.

Shade: That's a reasonable punishment.

Grizzly: And it isn't too harsh.

Me: Actually his house was already rebuilt. He just has to scrub the toilets in the bathrooms for the next couple of weeks.

Nico: Much better.

Swordsman: (to Nico) We heard you played the Jumanji game.

Nico: We sure did and it was crazy! But J.D. saved Judy's life.

Me: Yep. She got poisoned by those purple flowers and I had no time to wait for my computer to get the antidote ready. So I slashed my wrist and gave Judy some of my blood and healed her.

Grizzly: Whoa!

Batroc: That is tough.

Trapster: So, how come the rest of the world wasn't affected by the Temporal Reversal?

Me: We don't really know.

Nico: Must be because of our powers.

The Psycho Rangers appeared.

Psycho Red: Hey, guys. Sorry it took a while.

Psycho Blue: But we're finally participating in the usual battles!

Nico: ALL RIGHT! But we're still looking for archenemies for you individually.

Me: But I'm hoping that during Nanette's Ambassador Missions to the world of My Hero Academia we can have some of the U.A. Academy Alumni be each of your archenemies.

Psycho Pink: Good idea!

Psycho Yellow: That will be cool!

Me: Yep.

We got the usual battles underway.

---

Grizzly: (to Iron Man) I heard you guys met a Black Tyranno Gene-Slammer. What's her name?

Iron Man: Her name is Logan White and she is an amazing girl. Her mom is a nurse and she found out why Lori had really bad gas and was always a really cranky girl.

Pinkie Pie: It was because of those Low Cal Bean Chips.

Featherweight: It was crazy. One day when Lincoln and she were meeting with Logan's mom, who's a nurse in Gotham Royal York at the hospital, we found out from her something dark about Lori: Lori's nasty gas problem was not caused by a disease, it was caused by eating those Low-Calorie Bean Chips. They knew they had to talk to Mr. and Mrs. Loud about it, and keep Lori out of it, because she'll just keep saying that it was her shoe, but no one in The Loud House was gonna be buying that for a second. They then told Mr. and Mrs. Loud about it, and they were shocked. But, when Lori heard it, she went ballistic and tried to bust out of her room to attack them, but Leni and Luna restrained her and tied her up in nylon rope.

Grizzly: WHOA! That is crazy! So Lori's gas came from those chips?

Sprocket: Yep. They are a rich source of fiber and gave her a nasty case of constipation and leads to someone being cranky, and "back-up someone's plumbing."

Grizzly: Okay that part I didn't need to know but man no wonder Lori was such a gas bag and a cranky pants all the time. Poor girl. But at least she won't have to worry about farting all the time anymore.

Courage: So Lynn Sr. made a better food for her.

Francesca: He gave her bran muffins with chocolate chips and you know how much she likes chocolate and we put a ban on bean chips like those.

Grizzly: Thank good. But Lori will feel the effects of bran. Lets do it!

They fired waves of metal, gears, lightning and energy and smashed him down.

Iron Man: Take that!

Pinkie Pie: BEST USUAL BATTLE EVER!

Trapster: How long was he stuck in that game?

Stealth Elf: 26 years from 1969 to 1995. That's a long time. He was like a castaway on a deserted island.

Ripster: Yeah that was crazy.

Jab: But at least he's all right.

Streex: Yeah no kidding. I would be scared to death if I got stranded in the jungle for that long.

Starshine Sparkle: And I'm happy to have my big sister back.

Luster Dawn: We're so happy for Twilight.

Sunny Starscout: Boy we sure are and it's amazing.

Spyro: But we're glad that J.D. came through with a dream like that.

Me: Yeah just like we got used to Patrick, Ed and Stimpy and Cheese and all that.

Abra Kadabra: But at least the world's still standing.

Nico: That's true.

Wendy Lebinomininsky: I'm going to love it with you all.

Dark Mikey: You sure will!

Dark Raph: We always kick lots of ass!

Nico: You got that right!

Ragdoll: But it's gonna be hard to understand you when you're a Vulpimancer.

Wendy Lebinomininsky: I know. But Lisa is gonna make a device for me to talk when I turn into a Vulpimancer.

Logan White: It's gonna be so awesome to be with the team too.

Nico: Yep. But our work is not done yet.

?: I'll make you pay for what you did to me, Banner!

Me: Uh oh, I'd recognize that voice from anywhere, you can come out now, General Ross.

A massive 7'0" red figure with abnormally massive and powerful upper and lower body muscles and eight-pack abs then came out, and it was none other than General Thaddeus Thunderbolt Ross, who's been transformed into Red Hulk.

Dr. Strange: General Ross, I knew you'd one day return from the dead.

Thor: Indeed, and you've transformed into Red Hulk, this will indeed be a dangerous fight.

Lincoln: But, you're not going to die again, Ross, we're taking you in.

Red Hulk: I ain't going down without a fight, and you know that all too well.

Cai Wenji: But, this fight will not end well for you.

Suddenly, Cai Wenji's brown eyes turned neon brown, and she was surrounded by a violet and blue energy aura with light, sound waves, and phoenixes, she then got out her Harp of The Phoenix, and as she approached Red Hulk, she left violet and blue energy, light, soundwaves, and phoenixes with every step.

Cai Wenji: I will not allow you to hurt another person ever again, General Ross. I shall purge the very darkness that plagues your heart, and you will face the appropriate punishment for your crimes.

Suddenly, Cai Wenji was surrounded by a massive vortex of violet and blue energy with light and sound waves surrounding it, there was a phoenix flying around the vortex, and inside the vortex is a blue phoenix. Then, as the vortex faded, Cai Wenji emerged, but she was changed forever.

Cai Wenji grew to 6'5" in height, she had the body of a goddess and she has blue highlights in the bangs of her long brown braided hair, and she still had on her headdress consisting of a gold crescent moon and gold flower pinned up by a gold needle, she has neon brown eyes and a violet and blue energy aura with light, soundwaves, and phoenixes surrounding her. She has a phoenix with the Light Kanji in its claws emblazoned on her forehead, she has on silver phoenix earrings with violet crystals for the eyes and the Light Kanji in its claws, and she also has a phoenix with blue crystals for the eyes and the Light Kanji in its claws for the second pendant of her Thunderbird Necklace of Eternal Love with blue gems on the gold lightning bolts and violet crystals from her Crystal Necklace of The Buddha which merged with her Thunderbird Necklace of Eternal Love. Cai Wenji has on a long-sleeved blue sweater with a violet phoenix on it, violet skirt with the Wei Phoenix on it, black pants, and blue ankle-length combat boots, and she has on blue weighted bands with silver phoenixes on her biceps and thighs, and she has on a long white long-sleeved silk coat with phoenixes and flower petals on the coattails, and on the back is a phoenix surrounded by flower petals and the crescent moon. Cai Wenji felt a sharp pain on her back, and then, massive violet angel wings with blue tips on the large violet feathers sprouted out of her back.

Suddenly, Cai Wenji's Harp of The Phoenix was surrounded by a kaleidoscope of light and sound waves, and when it emerged, it was transformed into Chang'e's Divine Phoenix Harp of Moonlight Justice, it's a new blue eleven-stringed harp with a blue body with silver and a phoenix on top of one end of the harp. Cai Wenji has on her new large cuff Bracelets of the Champions of The Universe with violet gems on her wrists, Belt of Elemental Bravery with a gold phoenix head with a large violet gem in its open mouth for the belt buckle, large violet Spellbook of The Gods and The Universe on her left hip and Eater of Sins revolver holstered on her right hip. There are blue Chinese characters below the phoenix that said, "Cai Wenji, Intelligent and Loving Daughter of Cai Yong, Loving Future Wife of Lincoln Loud, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Emissary of Chang'e, Member of The Kingdom of Wei, Lover of Music and Poetry, Powerful Student of Powerful Teachers, and Master of Light, Soundwaves, and Phoenixes."

カイ・ウェンジ、カイ・ヨンの知的で愛情のある娘、リンカーン・ラウドの愛情のある未来の妻、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、嫦娥の使者、魏王国のメンバー、音楽と詩の恋人、強力な教師の強力な学生、そして光、音波、およびフェニックスのマスター

Cai Wenji has transformed into SUPER ANGEL INFINITY DIVINE MOONLIGHT CELESTIAL LIGHT PHOENIX ANGEL OF MUSICAL JUSTICE AND DIVINE LOVE!

We were amazed by Cai Wenji's Super Angel Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Red Hulk saw it, he tried to attack, but with one pluck of the strings of her new harp, Cai Wenji fired a sound bubble, and the sound bubble unleashed a shockwave of music, which slowed him down with its enchanting note.

Lincoln: Wow, Lady Cai Wenji, you look beautiful. How do you feel?

Cai Wenji: (Divine Echoing Cosmic Voice of The Celestial Phoenix and Divine Love) **I feel incredible, Lincoln, and now, shall we put our plan of attack in place?**

Lincoln: (Smiles) With pleasure.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Cai Wenji.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's begin.**

Cai Wenji and Lincoln began their attack with Cai Wenji playing a beautiful melody on her new harp, and she was surrounded by the light of the full moon, soundwaves, and the cry of the phoenix, and the enchanting melody was calming General Ross, and when we saw it, we eventually knew what their plan was.

Betty Ross: Oh, now I get it. Lincoln knows that the angrier Hulk gets, the stronger he gets. So, Cai Wenji is playing an enchanting melody to calm Dad down.

Nico: Very ingenious.

Cao Cao: I knew of her intelligence, along with her talents in the musical and fine arts, and she joined us long ago, after I saved her from the Xiongnu tribe that took her hostage by paying her ransom, and I also knew of her father, Cai Yong, who was one of my old friends.

Me: Now, she's one of Lincoln's future wives.

Then, we see Lincoln create two clones of himself, and they played a melody on their Flute of Ogma, and the melodies calmed Red Hulk, and we saw the real Lincoln appear in front of Red Hulk. Lincoln then sprouted his eleven massive, powerful, and long deep sapphire blue werewolf tails with eleven slobbering black wolf heads with glowing blue eyes on the tips, and he sent them at Red Hulk, and they bit down on his arms, legs, and sides of his stomach, and we saw the wolf heads slowly draining, siphoning, and sucking out all of Red Hulk's powers and the gamma radiation from his body, and we saw the red energy visibly flowing down from their heads and necks and into Lincoln, as his rainbow energy aura with elemental forces was flaring up even more, as he gained an immense power and energy boost, and he made Red Hulk's powers his own, and we also assimilated Red Hulk's powers. Then, we saw Red Hulk transform back to General Ross, and he fell to his knees.

We cheered wildly for what Lincoln and Cai Wenji did to General Ross, as they holster their weapons and power down and Lincoln's two clones vanish, and Cai Wenji's new body, clothes, weapons, angel wings, and jewelry are permanent.

General Ross: So, I've lost yet again. I know when I'm beaten, go ahead, you all have won.

But, General Ross didn't get killed, instead, Lincoln walked up to him, and he kneeled to his knees, and he placed his large left hand on General Ross' shoulder, and it surprised the war veteran.

Lincoln: No, General Ross, we're not going to kill you again. Like I said, you're going to prison, and there's a reason why we're not going to kill you: despite that you've committed some serious crimes, you still served our country as a general for The U.S. Army and you also fought in World War II, none of us could forget that, and we have to show respect to a war veteran and a man who fought for our country. But, what happened with Bruce Banner and his family, there's only one person to blame for it: David Banner.

Lincoln had General Ross look into his eyes, and he showed the general every evil thing David Banner had done to his own family: Ross saw that David Banner murdered his own wife and he tried to kill his own son, and Ross saw that David Banner was an insane megalomaniacal madman, and he was horrified by David Banner's actions.

General Ross: My God, I knew David Banner was a madman, but I never knew that he was also an abusive monster who killed his own wife and tried to kill his own son.

Lincoln: But, you don't have to worry, David Banner is dead, and this time for good, we've killed him yesterday, and Betty still loves you, despite the crimes that you've committed.

Then, General Ross saw Lincoln's kids, and they also joined him, and then, Betty went up to her dad, and she hugged him, and General Ross hugged his daughter.

Betty Ross: Lincoln's right, despite the crimes that you've committed, I still love you with all my heart, Dad.

This brought a tear to the war vet's eyes, and he continued to hug his daughter.

Lincoln: You now have a chance to make things right, General Ross, you still serve time in prison for your crimes, and then, one day, you'll be let out for good behavior, and you can join The Redemption Squad.

This brought a smile to General Ross' face.

General Ross: I'd love that, Lincoln.

Then, Lincoln helped General Ross up, and he brought him to us.

General Ross: Everyone, what I've done to you all was wrong, I should've never sought help from HYDRA, I thought I was doing this for my country, but in reality, I was helping to stoke the fires of chaos, and I won't let that happen again. I will serve my time in prison, and one day, perhaps, I can join The Redemption Squad, that is, if you'll allow it.

Nico: Of course, General Ross. We heard your conversation with Lincoln, and I think the choice that he made is indeed the right one.

Me: Same here for all of us.

General Ross: And I'll make sure never to dishonor the legacy of my old friend from World War II. Your grandfather, Dean, was my old friend from long ago, and when I look at you, J.D., I still see my old friend from the past. Indeed, you're definitely just like him.

Me: Thank you, General Ross. My grandfather would still be very proud of you no matter what happened. You were just doing what you thought was right for the country. And you don't have to worry, we arrested Glenn Talbot and put him in Solitary Confinement in The Neptune Prison for Traitors.

General Ross: To tell you the truth, I never did like him. Until we meet again, keep fighting the good fight, soldiers.

General Ross did a military salute to us, and we also returned it.

Everyone: Yes sir, General Ross, sir.

General Ross: At ease, soldiers. (To Lincoln) Alright, Lincoln, I'm ready.

Then, Lincoln put the handcuffs on General Ross, and went to The Neptune Prison for Traitors. Lincoln walked General Ross to his cell in The Neptune Prison for Traitors.

General Ross: Thank you for letting me hug my daughter one more time, Lincoln.

Lincoln: You're welcome, General. I wasn't going to send you to prison without one last hug from your daughter, and Betty's done a lot of heroic things as a member of the team and as a Red She-Hulk, she's carrying on your legacy of fighting the good fight and defending the country and the universe from evil.

General Ross: And I'll always be proud of my little girl, just like you're proud of your kids. Never stop loving them, Lincoln, and tell Bruce, his mother, his cousin, and Betty that I'm sorry for everything that I've done.

Lincoln: (Smiles Warmly) I will, General.

Lincoln teleported back to us, and he gave General Ross' apologies to Hulk, She-Hulk, Rebecca Banner, and Betty Ross, and they accepted his apologies.

Lincoln: And on Father's Day, I'll arrange a visit for you and your Dad, Betty.

Betty Ross: Thanks, Lincoln.

Cai Wenji: That was indeed a wonderful thing you've done for Betty, Lincoln, and I want to thank you for helping me with stopping him.

Lincoln: (Smiles Warmly) You're welcome, Lady Cai Wenji.

Suddenly, Cai Wenji then wrapped her arms around Lincoln's waist, and he wrapped his abnormally massive and powerful muscular arms around Cai Wenji's waist, and brought her into an embrace, which took her by surprise and that brought an atomic red blush to her face. Then, as Lincoln leaned down to her face, they kissed passionately as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird, Phoenix, and Angel flying in the air, and we also saw a herd of Buffalo running across the field and lightning crashing down behind them, and the display of the elemental forces, and we cheered for them.

Betty Ross: I hope you don't mind that I show this to my dad, Lincoln.

Lincoln: Not at all, Betty.

Jennifer Walters: Lincoln, you did an awesome thing in putting Ross in prison for his crimes.

Rebecca Banner: Jen's right, Ross will serve his time in prison, and then, one day, once he's released, he can join The Redemption Squad.

Lincoln: And I'll also give him back his powers, and give him the ability to transform into Red Hulk at will.

Nico: Wait, you can do that, Lincoln?

Lincoln: Of course, Nico. I also have omnipotent powers when I sucked out The Beast's omnipotent powers this morning during my rescue.

Nico: Oh yeah, I didn't forget what you did to him, big guy.

Me: Same here, in fact, none of us have forgotten what you did to him, and what you did to David Banner yesterday.

Nico: Yeah. But great job today everyone. This was a crazy adventure but it was awesome.

Eli: It sure was. I'm glad we saved the world from a dangerous threat.

Nico: Me too.

Grim: (To the viewers) Remember this folks, never mess with the powers of the underworld as they contain powers no mere mortal can ever begin to fathom.

Nico: That's true grim. Man this was a really eventful day. J.D. found Twilight's sister, my rescue in Jumanji, Lincoln's rescue in Krull, Lincoln's date, Sheila's first Ambassador Mission that resulted in the capture of the most notorious Jewel Thief ever, Bebe Kanker's Crimes being brought to light, stopping Yog-Sothoth and Reprimanding Billy, Usual battles and now General Ross. Wow. So awesome.

Me: You said it. Wow.

Eli: Yeah. Really eventful.

Nico: Lets go home everyone.

We went back home and enjoyed the rest of the day and went to sleep.

THE END

---

Another awesome fanfiction done.

This chapter was a parody of The Grim Adventures of Billy & Mandy episode called Big Trouble in Billy's Basement and that was a really silly and crazy adventure. Billy took Grim's book and inadvertently made himself the Avatar of Yog-Sothoth the Lurker in The Threshold from H.P. Lovecraft and he was going to summon Yog to our world. It was really funny and awesome though. That episode aired on October 11th, 2002 and it was 3 days before my 15th birthday and it was so funny. The first part of the chapter was for the awesome 1995 movie Jumanji and that was one of my all time favorite movies back when I was a kid. Robin Williams did a great job in that movie and he will never be forgotten. He will live on in our hearts forever. The second part was for the awesome 1983 movie Krull. That is one of my favorite movies and that was such an awesome movie from back 39 years ago. One day we will do a chapter for that in the future. We'll do chapters for both Jumanji and for Krull in the future. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be in the world of Panzer Dragoon Orta from Xbox and Nico, Laney and Nicole are going to ride their dragons and help Orta and her dragon destroy the Empire and they are also going to meet a Florauna Gene-Slammer named Laura Wynn and shockingly she will understand what Orta says in the language of Panzer Dragoon. Laura is from Nico's Newspaper Club in high school. Lincoln's rescue is gonna be in the awesome and action packed video game called Panzer Dragoon Zwei. They are going to take down the Shelcoff and the dragon that was with it. They will also meet a Yormungarde Gene-Slammer named Nora Oresdotter from Norway. Also she will reveal during the exercise scene how Luna was crying and how she and Lincoln helped stop Lola from trying to kill Lincoln. The next chapter is gonna be a funny one as we see that Grim is

REALLY SICK with Encroaching Doom Syndrome and that is gonna be a REALLY STRANGE adventure as Grim not only becomes human but is quite the babe magnet as we go to the mall and a lot of women are falling for him and their jealous boyfriends are going to kill him. Also we're going to face Goodbling and I'm going to give him an awesome and great Yo Mama swear off before we fight and give Grim the power to transform into the Grim Reaper at will.

See you all tomorrow

# GRIM TURNS HUMAN!

This chapter is a parody of Night of The Living Grim

Flying over the world of Panzer Dragoon riding on our dragons was Nico, Laney and Nicole. It was going to be an amazing adventure.

Nico: Thanks for coming with me, Laney. Even though you probably don't approve of my leadership.

Laney: No problem Nico and I have nothing against your leader role. You are doing a magnificent job leading the team so far and that shows that you were made for the position. I'm not upset with it at all.

Nico: Thanks Laney. Nicole you aren't upset about me taking your dad's place are you?

Nicole: No way Nico. Like my sister told you she knew it was just a matter of time before you became Leader and I'm happy you got the position. You earned it after putting on an amazing display of leadership last year.

Nico: Thanks.

Nicole: Wow! This is gonna be interesting. We're in the world of Panzer Dragoon Orta. Wow! I remember this game and it had a magnificent story behind it.

Nico: It sure did. I love Panzer Dragoon Orta.

Laney: That game is a good one.

---

The Empire has returned to power, using ancient technology to genetically engineer dragon-like bio-engineered weapons called dragonmares. A young girl, Orta, has lived all her life in a tower in a valley, imprisoned by the nomadic Seekers, who fear she is a harbinger of doom. One night, the Empire attacks the valley with its dragonmares, destroying much of the city. Before the dragonmares can harm Orta, a mysterious dragon appears and eliminates them.

Orta flees the valley on the dragon. Evren, a general in the Imperial Army and leader of the dragonmare squadron, pursues her. She is saved by Abadd, a renegade imperial drone. He flies away and Orta asks the dragon to follow him. In her search, Orta meets Mobo, a friendly but reckless member of the Wormrider people. Mobo leads Orta through a river valley and a sea of ash to the Wormrider village where she stays for several days. The imperial fleet attacks the village, seemingly killing Mobo in the process, and Evren's squadron engages Orta, but she and the dragon defeat them. Evren's dragonmare self-destructs and Orta and the dragon fall from the sky.

The wounded dragon carries Orta on foot across a snowy land until its torn wings regenerate. They fend off an attack from a flying predator, but Orta feels remorse when she sees it has children. Abadd reappears and kills the family with a laser volley, leaving Orta distraught. He claims to have information about Orta's birth. They descend into the ruins of a tower and access the ancient information network known as Sestren. Orta finds a message recorded by her mother, the drone Azel, saying that Orta was created using DNA she recovered from a human in Sestren (implied to be Edge from the previous game). Abadd explains that he has now learned the secret of drone reproduction and intends to use Orta's body to replicate himself infinitely and conquer the world. Orta defeats Abadd's avatar and discovers that he is heading for the Cradle, an ancient monolithic artefact above the imperial city. She orders Sestren that she be transported there.

Orta and the dragon find themselves in an imperial research facility. After they destroy several experiments, including dragonmare embryos, the facility collapses. They destroy an imperial defence unit and the Emperor dies within the explosion. The Cradle breaks free, destroying several Imperial ships and sending the dragonmares berserk. The Wormriders, led by Mobo who survived his previous encounter with the Empire, attack the imperial fleet at the city, leaving Orta to fly towards the Cradle.

After destroying the last of the dragonmares and the Cradle's shell, a cocoon-like object emerges from the Cradle's core. The cocoon erupts into Abadd's enormous dragon, which Orta and the dragon defeat. The dragon, severely wounded, flies to the ground and dies. A post-credits scene shows Orta walks towards a mountain range with a baby dragon, stated by the closing narration to be the heir of the previous one.

---

Nico: This is gonna be fun and we're going after Abadd and destroy the Empire for good.

Nicole: That's right. First lets find Orta and her dragon.

They flew on.

Nico: (to Laney) So you're ok with me being leader. Because Yost Doom was probably right about one thing. Things were more simple when J.D. was still in charge and I wasn't in the picture.

Laney: Absolutely Nico! I would never think anything different about you. It's not in my nature. I am known as the voice of reason. Without you on the team we would still be doing crazy things that would get us all killed and we would be reckless as all get out and endangering people regardless of how dangerous the situation was.

Nicole: Laney does have a point Nico. If dad hadn't made you enforcer we would still be following our previous example: Rush in and get it done with sheer brute force. Your example really revolutionized the whole team Nico and that is to think before you act and your plans and strategies have been very fruitful. I'm sorry we couldn't do that yesterday because we had a narrow window of opportunity.

Nico: You're right on that Nicole. But all that is true. I'm glad I became part of the team and helped keep it in line and make the flames stronger so to speak.

Nicole: That's good.

Laney: I'm glad.

They flew fast and searched all over.

Nico: Orta should be around here somewhere.

Laney: Wow this place is amazing. This is a true alien planet.

Nicole: It sure is. (Sees something) Wait there!

Nicole saw a dragon and on it was a girl with white hair and a Florauna was with her.

Nico: It's Orta and she has a Florauna with her.

Laney: Lets go!

They flew up to her and blasted the creatures that were about to attack her.

Nico: Need a hand?

Florauna: (In a girls voice) Now there's a face I know!

Nico: That voice! Laura Wynn?

Florauna: That's my name don't wear it out!

Orta: (In Panzer Dragoon language)

Florauna: Yes I know him Orta. He's my friend from Earth that I went to school with. We were in Newspaper Club together.

Nico: That brings back memories.

Laney: That is awesome.

Nico: We thought you two could use a hand.

Florauna: Thanks Nico.

Orta: (In Panzer Dragoon Language)

Florauna: She said we owe you one.

Nico: Think nothing of it.

Nicole: How do you know what she is saying Laura?

Florauna: I have the ability to understand any foreign language anywhere. Even those from creatures on other planets.

Nico: Like with Lando and Han and many people on Star Wars. That is amazing!

Laney: Wow it sure is!

Nico: Now to take out the bad guy here.

Florauna: Right! Those dragons you all have are awesome.

Nico: Thanks. We have lots of amazing dragons.

They flew on and they found ABADD!

---

Abadd was a drone from the Old Century who was discovered by the Empire shortly before the events of Panzer Dragoon Orta. The Empire had been searching for a drone to operate an ancient armament facility known as the Cradle and Abadd turned out to be exactly what they were looking for. Abadd initially helped the Empire create their own bio-engineered monsters, the dragonmares, but the Empire underestimated his intelligence and the loyalty he had towards his Ancient masters. Blinded by their quest for absolute power, they gave Abadd the chance to escape with one of the six dragonmares he had created.

Since they could not operate the Cradle without the help of a drone, Abadd's disappearance meant that the Empire could not continue their plan of mass-producing the dragonmares. This ultimately led them to search for a different drone whose whereabouts they did know: a half-drone named Orta who was being held captive by the Seekers in Yelico Valley. However, as the Empire's dragonmare squadron attacked the valley, a dragon appeared and helped Orta escape while the Imperial forces were occupied with the attack on the Seekers.

Just as the Empire's dragonmare squadron had regrouped and caught up with Orta and her dragon, Abadd reappeared with his enhanced dragonmare. After attacking the dragonmare squadron and forcing them to retreat, Abadd cryptically told Orta that he had "foreseen her destiny", and that she "had to save the world from itself". Afterwards, Abadd flew away with his dragonmare and although Orta and her dragon tried to follow the pair, they ended up losing track of Abadd.

Abadd most likely learned about Orta from the Empire, but it is not revealed why he helped her at that time and simply let her go afterwards. However, Abadd's intentions with Orta seemed to change after he realized he could not complete the objective given to him in the Old Century: that task was to awaken his ancient masters. Abadd's masters appeared to have been in a form of cryogenic sleep since the end of the Old Century, but their life support systems were shut down, possibly at the end of when the Divine Visitor freed the world from the will of the Ancients. Abadd could not accept the fact that he failed his mission and was now left alone in a world he despised.

Trying to come up with some other way of fulfilling his objective, he decided to create a new race of drones that would inherit the world from the Ancients. However, all of the Ancient drones were designed only to serve their masters as slaves, so they were unable to reproduce. Orta was an exception to this rule, as she was in fact half-human. Abadd therefore needed Orta's DNA to complete his new objective.

Abadd encountered Orta in the Glacial Plains, in the north of the Continent. Orta had defeated an els-enora, a mutant monster who may have lived for thousands of years, but was hesitant about killing it. Abadd finished the monster off, much to Orta's dismay. When she asked him why he killed, Abadd began to tell Orta but could not finish his sentence, stuttering, "That is my… I am… I… I am unable to complete my primary directive. That is why I need you." Orta followed Abadd into an Ancient ruin buried beneath the ground. As they traveled to the gate that lead to Sestren, Abadd bluntly told Orta that drones were created as slaves, and that they would die as slaves without heirs. It was their destiny, he told Orta, however there was an exception to this rule that he did not reveal.

Orta entered Sestren where she encountered a record of her birth and half-drone heritage. Abadd explained his intentions to Orta, telling her that once her body was his he would be able to reproduce himself infinitely. Orta refused to go along with his plan. In the resulting battle, Abadd was defeated by Orta and her dragon and fled the Sestren data network, teleporting himself to the Cradle. He proceeded to reactivate the facility and release all of the unfinished dragonmares. Without their control mechanisms, the dragonmares went berserk and attacked the Imperial forces that were stationed around the Cradle.

Determined to stop Abadd, Orta and her dragon were once again forced to fight the drone and his enhanced dragonmare in the skies high above the Imperial Capital. During the battle, Abadd told Orta of his nihilism due to a lack of purpose. After the dreamless sleep of eons all he had was emptiness and that emptiness was true fear. He believed that the world was doomed, perhaps because his masters were no longer around, and only with Orta could he save it. Abadd ultimately lost the battle and was destroyed together with his dragonmare. His dying words to Orta were, "I… need you…"

---

He was on a wicked Dragonmare.

---

Abadd's Mare

Abadd's Mare was the sixth dragonmare created by the Empire with the assistance of the drone Abadd, before he became an Imperial traitor. Abadd's Mare is the final boss of Panzer Dragoon Orta and can be defeated by players controlling Orta and her dragon in the final episode of the game known as 'The End of Destiny'.

Like the other dragonmares, Abadd's Mare was created using the Cradle, but it had a different appearance and was unique in many other ways. Although it began as a regular dragonmare like the ones it destroyed, Abadd was able to modify his dragonmare in more than one way.

Abadd's Mare (in its regular form) was massive, much larger than the other dragonmares. It was a silver-grey colour which matched Abadd, and had multiple reddish wings that resembled tentacles in some ways. It had several methods of attack, one of which was a powerful homing laser that resembled the Heavy Wing (a form that Orta's dragon could become). It could fire concentrated lasers in a somewhat ambush style, vanishing and reappearing from the boundaries of the battle area.

Abadd's Mare could also take on multiple forms using the power of the Cradle. In the final episode of Panzer Dragoon Orta, Abadd's Mare took on the form of a protective, spiky shell. Once the shell had cracked, Orta and her dragon fought it in its regular form once again. As the mare weakened, Orta and her dragon fought Abadd's Mare in its final form, a white mare with a narrow, bony tail. The dragonmare disappeared at the end of the battle. It is unclear what happened to it.

Nico: WHOA!

Nicole: That is him and his scary dragon all right.

Orta: (In Panzer Dragoon Language)

Florauna: We got to hit him with our strongest and most powerful attacks.

Nico: You don't have to tell me twice Laura.

Laney: This is gonna be awesome.

Nico: Yo, Abadd!

Nico stood on his dragon.

Nico: CHEW ON THIS!

Nico's bracelet glowed red and fired seven beams of red energy and it formed into a huge and massive energy ball and Nico condensed it to the size of his body.

Nico: Chew on this you fiend! NEGATIVE KARMA BALL!

Nico fired the powerful energy ball and it slammed into Abadd and his Dragonmare and exploded with incredible power!

***EXTREMELY MASSIVE AND INCREDIBLY POWERFUL EXPLOSION!***

The explosion was incredibly massive, powerful, devastating and amazing and it completely obliterated the entirety of the Empire and Abadd and his Dragon in an instant!

Laney: AWESOME!

Florauna: Wow! That was amazing! Nico you have changed tremendously!

Laney: What's your favorite memory of Nico?

Florauna: I have so many of them.

Laura then reverted back and she was a green hair girl with green eyes and had beautiful green clothes on.

Laura Wynn: But I would have to say that my favorite memory with Nico would be where we got some dirt on a mean popular girl in school that made us all miserable and we humiliated her in front of everyone.

Nico: I remember that! Tammy Logan. She was the daughter of a high profile lawyer and we completely humiliated her by calling her a bedwetter and a thumbsucking child and everyone laughed at her and made her a total outcast. It was amazing and totally fitting.

Laura Wynn: Yeah it was!

They high five.

Nicole: (LAUGHS) That is so funny!

Laney: It sure is.

Orta: (In Panzer Dragoon Language)

Laura Wynn: It was really satisfying that Nico and me got retribution on Tammy for picking on all the kids.

Laney: Yep.

They then hugged.

Nico: I really missed you.

Laura Wynn: Me too Nico. Me too.

It was a joyous reunion.

Orta then agreed to go with them to Earth and it was gonna be awesome. We'll even teach her how to speak English.

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, Sima Yi, Jiang Wei, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), Musashi Miyamoto (Samurai Warriors), and Layla Williams are heading to the world of Panzer Dragoon Zwei, and not only is Lincoln going to rescue the sixteen girls there, but we're also going to take down the Shelcoof and the dragon that was with it. Lincoln: Wow, we're in the world of Panzer Dragoon Zwei, and I know what we're going to do here, not only am I going to rescue the sixteen girls there, but we're also going to take down the ancient ship, the Shelcoof, and the dragon that was with it.

Nico: That's right, big guy. First, my rescue took place in Panzer

Dragoon Orta, and now, your rescue is taking place in the action packed video game Panzer Dragoon Zwei, this is going to be awesome.

Me: Especially since we're also riding on our dragons.

TLPS Mr. Wolf: And we also got word that another Duel Monster Gene-Slammer is also here in this world too.

Sherlock Hound: (British Accent) And from what we've seen, it's another of Lincoln's Guardian Angels from the past, and this one has something to tell us and it's a bad memory that Luna and Lincoln had and it involved Lola who still had her murderous Dark Side inside her.

Nico: We're definitely going to hear about that one very soon, Sherlock Hound.

Lincoln: You bet, and thank you and Sherlock Hound for coming with us, Layla.

Layla Williams: You're welcome, Lincoln. This is going to be so awesome.

?: HELP!

Suddenly, Lincoln heard the sound of sixteen girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the sixteen girls, but they've been cornered by the Shelcoof and the dragon that was with it, and the Shelcoof's dragon was going to kill them.

Lincoln: Guys, I found the sixteen girls, but they've been cornered by the Shelcoof and the dragon that was with it, and the Shelcoof's dragon is going to kill them.

?: (Norwegian Accent) That monster, we have to stop him and destroy that overgrown ship.

We then saw a Yormungarde appear in the skies with us.

Lincoln: That voice, I knew it was you, Nora Oresdotter. But, we'll have to talk later, let's take down the Shelcoof and its dragon.

We rushed on over, and Lincoln fired a powerful rainbow energy ball, which hits the Shelcoof's dragon by its wings, and the sixteen girls got away and Lincoln put up an energy field to protect them from the Shelcoof and its dragon. When the Shelcoof's dragon saw us, it was enraged.

Lincoln: Let's trash that ancient ship and send it to the scrapheap, and put a stop to that evil dragon.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sima Yi, Sun Quan, and Jiang Wei got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transform, The Samurai Warriors got out their weapons, Layla Williams got out her scythe, Sherlock Hound had unholstered his massive Sword of The Demon Hound and then, he'd transformed into Super Angel 750,000,000,000 Stellar Darkness Demon Hound of Dark Compassion and Justice, and Me, Eli, Nicole, and Nico also transformed and unholstered our massive swords from our backs.

We then went at the Shelcoof's dragon and the Shelcoof, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, ice, lightning, steel orbs, stars, rainbow flames, rainbow crystals, orange flames, blue flames, ice, and green flames, and our dragons also fired colorful and powerful flames from their mouths, which hits the Shelcoof's dragon, and exploded with incredible power as they hit it, and destroyed it.

Then, Lincoln fired a powerful rainbow energy blast and thirteen elemental energy blasts right at the Shelcoof, and obliterated it forever We cheer wildly for what Lincoln did, as we holster our weapons on our backs and power down. We then land on the ground and dismount on our dragons.

Lincoln: And the ancient ship fades into history forever. (To Nora Oresdotter) And it's so good to see you again, Nora Oresdotter.

Nora Oresdotter: (Norwegian Accent) You too, Lincoln. it's been a long time.

They went up to each other, and they hugged, and Nora Oresdotter was very surprised at how much stronger and at how much taller and much more muscular Lincoln's gotten since she last saw him.

Lincoln: It sure has been a long time, I haven't seen you when you were eleven, and I've grown a lot since then.

Nora Oresdotter: (Norwegian Accent) Yeah, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Wow, Lincoln, you know her?

Lincoln: Yeah, I do, Nico. This is Nora Oresdotter, she moved to Michigan from Norway when she was only eleven, and she's an expert on Norway's history and culture, and like Sherlock Hound said, she also has something to tell us, and it's a bad memory that Luna and I had, and there's an incident and it involved Lola who still had her murderous Dark Side inside her, which we'll hear later.

Sherlock Hound: (British Accent) Right now, we should get Nora back to normal.

Lincoln: I'm already on it, Sherlock Hound. Boys, cover your eyes, hold still, Nora, this is going to hurt.

Me, Nico, Eli, and the rest of the boys had covered our eyes as Lincoln snapped his fingers, and Nora was reverting back to normal. Nora Oresdotter is a beautiful 17-year-old with long dark blue hair going down to the bottom of her neck, blue eyes, fair skin, she's 6'0" in height, she had the body of a goddess, and she also now has massive dark blue angel wings, as she reigned in the power of

Yormungarde.

Lincoln: How do you feel, Nora?

Nora Oresdotter: (Norwegian Accent) Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Nora Oresdotter a new wardrobe, a sleeveless light blue shirt with a dark blue phoenix and dark blue skirt with the Yormungarde on it, dark blue pants, dark blue leather ankle-high combat boots, and a long dark blue sleeveless trenchcoat with snakes on the coattails and the Yormungarde on the back, and on her back is a large Yormungarde-themed sword with a 6'5" massive, wide, double-edged, man-sized dark blue blade with the Yormungarde etched on it, large dark blue snake heads with blue gems for the crossguard, large dark blue gem for the hilt, longer black handle, and four large dark blue snake heads with blue gems for the eyes and four large blue gems in its mouths for the pommel.

Nora Oresdotter: (Norwegian Accent) Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Nora Oresdotter's neck with dark blue gems on the gold lightning bolts and dark blue crystals links from her new Crystal Necklace of the Buddha.

Nora Oresdotter: (Norwegian Accent)(Surprised) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Nora.

Nora Oresdotter had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the sixteen girls as the energy shield fades, and when Lincoln saw them, he immediately recognized them. The sixteen girls are Hazakura Hikari, Kojima Kana, Matsukaze Mayu, and Tachibana Chizuru from Why The Hell Are You Here Teacher!?, Hanayori Sayuri, Hiiragi Shinoa, Juujou Mito, Krul Tepes the Vampire, Sanguu Mitsuba, Yukimi Shigure, Chess Belle the Vampire, Endou Yayoi, Hiiragi Mahiru, Horn Skuld the Vampire, and Inoue Rika from Seraph of The End, and Edward Wong Hau Pepelu Tivruski IV from Cowboy Bebop.

Helena McTroy: From Why The Hell Are You Here Teacher!?, Seraph of The End, and Cowboy Bebop, awesome.

Faye Valentine: Wait, Edward's among the group of girls that we rescued, awesome.

Nico: Along with the girls from Seraph of the End, and they also found out we got rid of Mikaela for good.

Lincoln: Are you girls okay?

Hazakura Hikari: Yes, we're okay, thanks to you.

Then, when Hazakura Hikari and the other fifteen girls saw who it was that saved them from the Shelcoof and its dragon, their faces turned atomic red upon seeing the 17-year-old 7'0" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

Hazakura Hikari: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made fifteen clones of himself, and he and the fifteen clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Hazakura Hikari: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, sixteen Thunderbird Necklaces of Eternal Love appeared around the necks of Hazakura Hikari, Kojima Kana, Matsukaze Mayu, Tachibana Chizuru, Hanayori Sayuri, Hiiragi Shinoa, Juujou Mito, Krul Tepes the Vampire, Sanguu Mitsuba, Yukimi Shigure, Chess Belle the Vampire, Endou Yayoi, Hiiragi Mahiru, Horn Skuld the Vampire, Inoue Rika, and Edward Wong Hau Pepelu Tivruski IV with colored gems and crystals on the gold lightning bolts. We returned to the Estate, we told everyone what happened in the world of Panzer Dragoon Zwei, and they were shocked when we told them the villains we went after were the ancient ship, the Shelcoof and its dragon.

But, when Lincoln showed what we did to the Shelcoof and its dragon, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Nora Oresdotter have a lot of catching up to do, now that she's back, and Hanayori Sayuri, Hiiragi Shinoa, Juujou Mito, Krul Tepes the Vampire, Sanguu Mitsuba, Yukimi Shigure, Chess Belle the Vampire, Endou Yayoi, Hiiragi Mahiru, Horn Skuld the Vampire, and Inoue Rika also knew that we were the ones who got rid of Mikaela Hyakuya, and they were glad to be rid of him for good.

---

After getting rid of the Shelcoof and its dragon this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Nora Oresdotter saw Lincoln working out like crazy, she had an atomic red blush on her face.

Nora Oresdotter: (Norwegian Accent) Whoa, Lincoln's really grown to be a 17-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Nora, and now, I can also fight and defend myself.

Nora Oresdotter: (Norwegian Accent) That's incredible.

Nico: It sure is, Nora. So, what's this dark memory that Lincoln and Luna had, and how you and Luna stopped Lola from trying to kill Lincoln?

Nora Oresdotter: (Norwegian Accent) You won't like it, Nico. I was walking through Franklin Avenue one day, and then, I heard crying at The Loud House, and I knew that it was Luna. I came inside The Loud House, and Lincoln and I went to Luna and Luan's room, and we saw Luna crying like crazy. We then comforted her, and we asked her what was wrong. Luna then told us that someone blabbed out that she was standing in a mirror pretending to receive her reward from The Rock and Roll Hall of Fame, and everyone was laughing at her, and Sam, Mazzy, and Sully wanted to help her, but she ran out of the school and came home crying. Lincoln then told me that the one who blabbed out Luna's secret was Lola, and if she found out Lincoln told, she'll kill him. When Luna found out, she was really mad, and as soon as Lola came home, we went downstairs and confronted her about her little stunt. When she found out Lincoln told Luna and me about what she did, she went ballistic, and tried to kill Lincoln in a fit of rage. But, Luna, Lincoln and I stopped her with me and Luna punching her in the face, and Lincoln tying her up with nylon rope. When Mr. and Mrs. Loud came back, along with the rest of the siblings, Lincoln, Luna and I told them of what Lola did and why Luna ran out of school, and when we finished, they were really mad at Lola for what she did, and Lola got grounded for seven weeks with no pageants, no TV, no sweets, and no tea parties.

We gasped in shock.

Nico: That was someone's private business that Lola when she had her Dark Side in her had blabbed out, and it really hurt Luna badly. That blackmailing, spoiled Dark Lola's gone too far this time with that little stunt.

Lincoln: Yeah, it was so bad, everyone at Luna's school, including Sam, Mazzy, and Sully, wanted to tar and feather Lola for what she did.

Sam S. Loud: Yeah, what she did was pure evil, but Luna and Lincoln stopped us, and we agreed that Lola remains punished for those seven weeks.

Me: That's a good choice that you all made, Sam.

Luna: Yeah, dude, and I also told Lincoln that there's no need to fear with talking to any of us, if it's really serious, then, he'll come and talk to us, and he doesn't need to fear Lori, Lola, Lynn, Luan, and Lisa roughing him up, because we'll rough them up just as hard.

Lincoln stopped for a bit, and he went up to Luna, and he hugged her in his abnormally massive and powerful muscular arms and

Luna returned it. Then, he went back to his workouts, and Nora had a smile on her face and tears in her eyes at the display of brotherly affection from Lincoln.

Nora Oresdotter: (Norwegian Accent) That still gets me of just how much affection Lincoln shows to his sisters.

Lynn Sr.: He loves his entire family with all his heart, along with his future wives, and you can also expect the same thing with him, Nora, now that you're part of his harem.

We then got a shower afterwards, and suddenly, a bright light had descended onto the Estate, and we covered our eyes, then, the bright lights faded and we uncovered our eyes, and to our surprise, the world of Cowboy Bebop has merged with ours.

Lincoln: Wow, Faye, Edward, your world has merged with ours.

Faye Valentine: Incredible, and you're going to like meeting our friends, Lincoln.

Lincoln: Awesome.

Suddenly, the alarm sounded, and when Lincoln had checked the computer, we saw that Professor Moriarty from our universe is here.

Lincoln: What the, Professor Moriarty from our universe has broken out of his Containment Card prison?

Sherlock Hound: (British Accent) This could mean that a Dark Orb has freed him. Well, like I told Ardyn Izunia after our first usual battle, if Moriarty breaks out, I would give him a nasty surprise.

Suddenly, Sherlock Hound's massive Fang of The Demon Hound sword unholstered from his wider and muscular back, and it was surrounded by a kaleidoscope of darkness and stars, and when it had emerged, it was transformed into Sparda's Demon Fang of The Demon Hound, it's a brand-new large sword with a 6'9" massive, wide, double-edged man-sized blade with a dark substance resembling hardened lava covering it and a dragon with lava reflecting on it etched on the blade, two large black metal wolf heads with blood red eyes, a large blood red gem for the hilt, longer black handle, and four large black metal wolf heads with blood red eyes and blood red gems in its open mouths.

Sherlock Hound: (British Accent) Good heavens, my sword's undergone a transformation.

Lincoln 2: That's right, Sherlock Hound, that new sword you see before you is called Sparda's Demon Fang of The Demon Hound, it's an evolution to your Fang of The Demon Hound sword, but this bad boy here is capable of doing some serious extra damage to demons.

Sparda: That's incredible.

Sherlock Hound grabbed the long black handle of his brand-new large sword, and when he did, his eyes permanently changed from blue to blood red, and he grew from 6'10" to 7'0" in height, he now had abnormally massive and powerful muscles and eight-pack abs, he still has on his large gold cuff Bracelets of the Champions of The Universe with blood red gems on his wrists and large gold Belt of Elemental Bravery on his waist, but this time, it has a large gold hound head with a blood red gem in its open mouth for the belt buckle, and his clothes that he'd gotten when Sparda had merged with him have also gotten longer, and inside the long sleeves of his purple Victorian coat and long purple pants, Sherlock Hound has on large weighted purple bands with silver phoenixes on them on his massive biceps and thighs. He also has his large black spellbook that he got from Ardyn Izunia and large black Spellbook of The Gods and the Universe on his left hip and Eater of Sins Revolver holstered on his right hip, and his massive black angel wings with blood red tips on the large black feathers have gotten bigger for his new body.

We were amazed at Sherlock Hound's transformation.

Sherlock Hound: (British Accent) My goodness, it appears that when I grabbed my new sword, I've undergone another physical transformation.

Lincoln: That's right, and you're also going to transform, this is going to be awesome. Alright, everyone, let's head down there, and apprehend Professor Moriarty. And Sherlock Hound, you should call

Ardyn Izunia to meet us there, along with Vypra, I've got a feeling TLPS Professor Moriarty is going to be a new member of The Masters of Evil.

We then head out to meet Faye and Edward's friends and apprehend Professor Moriarty of our universe and hand him over to Vypra.

We arrived at the Bebop, which was located in Los Angeles, and right there, we were met by Vypra and Ardyn Izunia, who found out that TLPS Professor Moriarty had been freed from his Containment Card prison by a Dark Orb.

Vypra: I can't believe that Moriarty has escaped, thank to a Dark Orb.

Sherlock Hound: (British Accent) Though I shouldn't be surprised, Shido did escape from his prison, thanks to a Dark Orb.

Ardyn Izunia: And of course, you know what this means, right, Hound?

Sherlock Hound: (British Accent) Of course, Moriarty's going to be in for a nasty surprise, but this time, it'll be from the both of us.

Lincoln: Uh oh.

Nicole Knudson: The Detective of Sparda and The Starscourge Incarnate, a deadly pair in combat with over 2,000 years of combat experience, Moriarty is definitely in for one nasty surprise.

We met with Faye Valentine and Edward's friends, Jet Black, Spike Spiegel, and their pet Pembroke Welsh Corgi and "data dog,", Ein, and when they saw Edward and Faye Valentine, they ran up to them and hugged them, and they also got the news that they're now the future wives of Lincoln, and they know he'll take care of them.

Jet Black: And we're glad you guys came, we got word that a purple-furred wolf dressed in white Victorian clothing is causing trouble again.

Sherlock Hound: (British Accent) That's who we're going after right now, Jet Black.

We then head off, and then, we saw our target, Professor Moriarty from our universe, and he was again planning some sort of heist, and with him were Todd and Smiley.

TLPS Professor Moriarty: This brilliant plan that I've concocted will make sure that I rob this world blind, and then, I'll take my revenge on Hound and Team Loud Phoenix Storm for imprisoning us in that Containment Card.

Suddenly, a field of darkness had appeared around the three criminals and howls of unholy evil were echoing in their ears, accompanied by demons which terrified them. Then, a Thunderbird screech and Phoenix cry were heard, and an explosion erupted, and as soon as the darkness faded, we appeared.

TLPS Professor Moriarty: Team Loud Phoenix Storm and Hound, here?!

Sherlock Hound: (British Accent) That's right, Moriarty, and if you thought I'd come after you after you've committed your crime, you're sadly mistaken and now, the rules have changed. But, I'm not the same one who's constantly foiled your schemes time after time.

Suddenly, Sherlock Hound's blood red eyes have turned neon blood red, as he was surrounded by a blood red and black energy aura with blood red nebulae, stars, demons, and darkness surrounding him, and as he approached TLPS Professor Moriarty, he left blood red and black energy, blood red nebulae, stars, demons, and darkness with every step.

Suddenly, Sherlock Hound was surrounded by a massive vortex of red and black energy with red nebulae, stars, and darkness surrounding the vortex, there were shadow demons running around the vortex, and inside the massive vortex was a blood red phoenix. Then, as the vortex faded, Sherlock Hound emerged, but he was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

The 7'0" tall, handsome, and extremely muscular Sherlock Hound remained the same, along with his longer clothes and massive black angel wings with blood red tips on the large black feathers, he has neon blood red eyes and a blood red and black energy aura with blood red and black nebulae, stars, darkness, and demons surrounding him. He has a demonic dragon with the Dark and Eternity Kanjis in its claws emblazoned on his forehead, and he had on demonic dragon earrings with blood red gems for eyes and with the Dark and Eternity Kanjis in its claws, he still has on the large blood red gem amulet with a demonic dragon with blood red gems for eyes and with the Dark and Eternity Kanjis in its claws for another pendant, he has on Sparda's monocle, along with an Indigo Lantern Corps ring on his left ring finger, along with white gloves, and he no longer wears his hat.

Sherlock Hound had his massive new Sparda's Demon Fang of The Demon Hound sword in his large left hand, he had on his large gold cuff Bracelets of the Champions of The Universe with blood red gems on his wrists hidden by the large cuffs of his longer purple Victorian coat and large gold Belt of Elemental Bravery on his waist with a large gold hound head with a blood red gem in its open mouth for the belt buckle hidden by his now longer black and red decorated jacket, and longer black and red decorated vest, and hidden inside the long sleeves of his purple Victorian coat and long purple pants, Sherlock Hound has on large weighted purple bands with silver phoenixes on them on his massive biceps and thighs. He also has his large black Spellbook that he got from Ardyn Izunia and large black Spellbook of The Gods and the Universe on his left hip and Eater of Sins Revolver holstered on his right hip, and on the back of the long purple coat is a blood red kanji that said, "Sherlock Hound, Famous Private Detective of 19th Century London, Famous Hero of England, Master of The Stars, Red Nebulae, and Darkness, Detective and Emissary of Sparda, Powerful Student of Powerful Teachers, Ruiner of Professor Moriarty's Schemes, Friend to Many, and Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards."

名探偵ホームズ、19世紀のロンドンの有名な私立探偵、イギリスの有名な英雄、星のマスター、赤い星雲、闇、スパルダの探偵と使者、強力な教師の強力な学生、モリアーティ教授の計画の破滅者、

多くの友人、そして邪悪な、混乱した、殺人的な、冷酷な、そしてサディスティックな野郎の殺し屋、

Sherlock Hound has transformed into SUPER ANGEL ETERNITY INFINITY STELLAR DARKNESS DEMON HOUND ANGEL OF DARK COMPASSION AND DEMONIC JUSTICE!

We were amazed by Sherlock Hound's Super Angel Eternity Infinity transformation, and when TLPS Professor Moriarty, Smiley, and Todd saw it, they panicked and tried to flee, but Ardyn Izunia cut them off from escaping.

TLPS Professor Moriarty: (Growls) Who do you think you are to get in my way?!

Ardyn Izunia: Apparently, your old enemy's new archenemy.

TLPS Professor Moriarty: What?! No, I'm Hound's archenemy, me! What can a mere human like you possibly be capable of?!

Ardyn Izunia: (Laughs Sinisterly) Oh, I'm no human, Moriarty.

Then, the sclera of Ardyn Izunia's eyes turned black, and his eyes turn gold and they're clouded, his tanned skin became paler, and black markings appear across his face, and that frightened Moriarty, Smiley, and Todd badly.

FINAL FANTASY XV OST: ARDYN IV

TLPS Professor Moriarty: What the?! You're some kind of monster!

Sherlock Hound: (Divine Echoing Cosmic Voice of Demonic Darkness and Dark Compassion) (British Accent) (Laughing Sinisterly) Now, you realize the truth, but Ardyn's not the only one who has a dark secret.

Suddenly, the shadow of the true demonic form of Sparda appeared around Sherlock Hound, and that frightened them even more.

Sherlock Hound: (Divine Echoing Cosmic Voice of Demonic Darkness and Dark Compassion) (British Accent) That's right, when I first transformed to fight Sayer, Sparda, the legendary Dark Knight, had returned, and he merged with me. Now, I've trained under him and learned a lot of his techniques, and I'm also the one who had destroyed The Empire of Niflheim's dark plans for world domination, and we sent all of them into Oblivion's cold embrace.

Sparda: (Through the Red Jewel on Sherlock Hound's Neck) And now, you're about to experience true terror at our hands, Moriarty. Let the game begin!

Sherlock Hound went after Moriarty and his goons, and he had fired powerful blasts of blood red and black energy, blood red and black nebulae, stars, darkness, and demons at them, and they exploded with incredible power as they hit them. Ardyn Izunia also joined in, and the two of them attacked the thieves with their swords, leaving tears in their clothes.

TLPS Professor Moriarty: Wait, stop, enough! We give, we give!

We cheered wildly as Sherlock Hound holstered his massive Sparda's Demon Fang of The Demon Hound sword on his wider and more muscular back and powered down, and his new body, clothes, jewelry, weapons, and angel wings are permanent.

Ardyn Izunia: Well, well, it looks like you've given up already, so, how about this, Moriarty, you join The Masters of Evil, and you'll be put under Vypra's protection.

TLPS Professor Moriarty decided to join The Masters of Evil, and we then went back home, and we now have Faye and Edward's friends as new members of the team.

---

In the sewer lair of the 2003 TMNT we met the Ninja Acolytes. Faraji Ngala, Adam McKay, Joi Reynard and Tora Yoshida.

Karai: (Japanese Accent) The acolytes from the Ninja Tribunal. It's an honor to see you 4 again.

Joi Reynard: You too Karai.

Faraji: It's awesome you all are here and Team Loud Phoenix Storm it's an honor.

Me: (Bows) Same to you great Acolytes of the Ninja Tribunal. We heard so much about you all from the Turtle Brothers and it was so awesome how you all destroyed the Tengu Shredder.

Nico: We owe you big time for that in ridding our universe of two of the most dangerous enemies of the Turtle Brothers and Master Splinter.

Adam McKay: It was a really epic adventure.

Me: Also you won't have to worry about the Utrom Shredder again. Nico here used a deadly technique on him called the Black Gates.

Nico: It is 100,000,000,000 times more powerful than Super Hakai and destroys the target forever.

Joi Reynolds: That's amazing! Good riddance.

Nico: Yep. We have so much to tell you.

Later we were getting ready to show them what we did and more.

Leonardo: We've had a lot of adventures since the last time you guys saw us.

Jonny 2x4: It's true. Here's a picture of the turtles helping to fight Wild Card!

But when Jonny turned on the camera, the TV showed a picture of Buzz pouring soda on the table.

Me: WHAT THE!?

Raph: What the Shell?

Me: (Sternly) Buzz? Mind explaining this?

Peter McCallister: (to Buzz) Buzz, can you explain what you're doing in this picture?

Buzz: That's not me.

Peter McCallister: That's not you?

Buzz: Nope.

I knew a lie when I saw one.

Peter McCallister: Okay. What about these?

Peter kept browsing through the camera and all it showed on the TV were pictures of Buzz's party. Among them were pictures of Buzz playing with Trigger Machine Splash, Pinkie Pie throwing confetti in the air, and Dave, Kurt, and Luis playing horseshoes. When Peter stopped at a picture of Poromon and Poliwag drinking beer, he put down the camera and looked at Buzz.

Me: Kurt, Dave, Luis and Pinkie Pie were here?

Nico: You know how much Pinkie Pie loves parties.

Peter: I can't believe you had a party!

Kate: Poromon, you, Poliwag, and Pinkie said it was only a couple of kids. A study group!

Peter: Kate, you knew about this?

Kate: Yes. Yes, I knew.

Me: Boy moms are sure smart aren't they?

Nico: (Laughs) Yes they are.

Buzz: You guys told Mom?!

Peter: I knew they had a party!

Poromon: It slipped out, but we took it back!

Kate: My instincts told me you weren't being honest! I should've trusted my instincts.

Me: Wow.

Peter: Wait! You knew about this, but you didn't tell me about it?

Poliwag: We still protected you! We threw Mom off your scent!

Buzz: (sarcastically) Great job. She has no idea!

Eli: Nobody likes sarcasm Buzz!

Keiichiro: Your son put Trigger Machine Splash on the thermostat!

Kate: They were getting along so well I let it blind me to the truth!

Buzz: Why were you taking pictures?

Poromon: It was so crazy that morning, I forgot we took the pictures.

Poliwag: Besides, we took the pictures to remember the good time we had together!

Buzz: (shocked) Really?

Pinkie Pie: Yes!

Kate: Yes, I let it slide. And I am so sorry. Oh, God. it feels so good to get that out. (points at the bathroom door) I haven't been able to look at that bathroom door for nearly a month!

Luna: Dudes, we knew that door had a lock on it!

Luan: And everybody was trying to make us feel like the stress from all the missions was getting to us!

Faraji: What exactly is going on here?

Lori: Okay. Several weeks, we were literally preparing for an anniversary for an event called the 20 Days of Darkness.

Me: It was a terrible event that started on January 23rd and ended on February 11th of 2021 and it was 20 of the most grueling and depressing days we've had because of a douchebag that was from Nico's past.

Nico: He's right. We were facing 3 of our most dangerous enemies during that timeframe: Organization XIII, The Digimon Emperor and The Sullen 6.

Joi Reynard: I remember seeing a statue for that in the park. That was really cool!

Lola: We left Buzz, Poromon, and Poliwag in charge of Estate. But they probably saw that as an opportunity to throw a party. And Pinkie must've zoomed to them and joined in.

Lynn: Honestly, I'm only mad that I wasn't invited.

Me: Me neither. And no worries.

I went down to the basement and went into a room and came back with another bathroom doom.

Me: I have a huge room full of spare doors. We can just hook this one up to the bathroom.

Nico: Nice.

Eli: Pinkie Pie sure knows how to throw an awesome party though.

Me: You know how much she loves parties.

Cheese sandwich: Yeah.

Faraji: (looks sternly at Poromon and Poliwag) You two should be ashamed of yourselves.

Poromon: We're sorry.

Joi Reynard: Pinkie is understandable since she loves parties. But Nico trusted you guys and you went behind his back.

Adam McKay: And you made the Loud Kids believe that Dark Orbs were affecting them again. Danny probably did a Dark Orb cleansing for nothing.

Armada Cyclonus: (to Poromon) To be fair, you, Poliwag, Pinkie Pie, and Buzz probably wouldn't gotten away with it if you didn't take pictures.

Me: If it weren't for those meddling kids! (RIMSHOT)

We laughed.

Nico: (LAUGHS) That was a good one J.D.

Me: Thanks. I couldn't resist.

Tora: (to Nico, me, and Eli) I understand if you three feel angry. You must be very betrayed that the 4 of them threw a party behind your backs on the anniversary of those 20 painful days.

Me: Nah we can let this one slide. Besides. Nothing irreplaceable got damaged.

Nico: That is good.

Buzz: Mom, Dad, wait. Don't punish Pinkie, Poromon, and Poliwag as well. It was entirely my idea. And they just went along with it.

Powerglide: Wow. That's very grown up of you, Buzz.

Nico: It sure is. Awesome.

Megan McCallister: Who are you and what have you done with my brother?

We laughed.

Kurt, Dave, and Luis came into the room.

Dave: Hey, guys! Just checking in-

The three of them stopped in their tracks. Tora and William gave them stern looks, Joi and May had their hands on their hips, Adam and Maria were giving them unimpressed looks, and Nico and Faraji had the camera in our hands.

Kurt: (Russian Accent) They found out about party, didn't they?

Cybertron Ransack: Damn right we did!

Me: Yep! And we are pissed!

Luis: (to Joi) Hey there. You must be new. How about later, we go out for dinner?

Joi: Considering that you three are accomplices in an unauthorized party, you probably shouldn't be flirting with me right now.

Me: Oh I'm sorry these are the Ninja Tribunal Acolytes. The Turtle Brothers told us all about them. Meet Faraji Ngala, Adam McKay, Joi Reynard and Tora Yoshida.

Faraji: Hey there.

Adam McKay: Yo.

Joi: Hello.

Tora Yoshida: Hello.

Kurt: Pleasure to meet you all.

Nico: They just joined the team.

Me: Yep. Anyway you three have some splaining to do.

Nico: Yep.

They got to talking and more.

Then Trapster, Dark Turtles, Gearhead, Grizzly, Shade, Batroc the Leaper, Top, Abra Kadabra, Ragdoll, and Swordsman

Trapster: Can me, Dark Turtles, Gearhead, Grizzly, Shade, Batroc the Leaper, Top, Abra Kadabra, Ragdoll, and Swordsman go with you guys?

Nico: Sure guys. We don't know what our mission is going to be yet. But we'll figure something out.

Dark Leo: (to Buzz) Buzz, you're coming with us. After what we just learned, you can't be trusted to be on your own for a while.

Dark Don: (to the Acolytes) It's an honor to meet 4 more friends of our original counterparts.

Joi Reynard: Same here.

Me: These are our frenemies from the Masters of Evil. No it's not Baron Zemo's Masters of Evil this is a completely different version of them. They formed after the Great Battle with Thanos The Mad Titan on December 26th, 2019.

Adam McKay: Whoa! I heard all about that. That was incredible.

Nico: It sure was. The Masters of Evil started out evil and crashing many of our battles. But as time went on we became good frenemies and they give us an amazing challenge.

Me: Would you believe it all started because of a storm?

Nico: Yep.

Joi Reynard: Wow.

Nico: Yeah. But lets head for Endsville and see how Billy is doing.

But, before we left for Endsville, Commander Feral came into the Estate, and he had some news for us.

Commander Feral: Ah, Team Loud Phoenix Storm, it's a good thing I've caught up with you.

Nico: Commander Feral, what's wrong?

Commander Feral: I'm afraid I have some bad news: Chop Shop's escaped from Megakat Maximum Security Prison, and he's on his way to take revenge on The Swat Kats for throwing him in jail.

The Swat Kats gasped in shock, along with Aylene Carter.

Aylene Carter: Chop Shop, ugh, not that crazy hyena again. Doesn't he know when to quit?!

Chance Furlong: Apparently not.

Jake Clawson: But, this'll be the last time we deal with him.

Nico: Uh oh, sounds like another enemy of you guys is on the loose, what can you tell us about him?

Jake Clawson: You won't like him, Nico.

Jake Clawson proceeded to tell us about Chop Shop, and we weren't going to like him one bit.

---

Chop Shop

Chop Shop is a minor antagonist from Swat Kats and the initial one for Swat Kats Unplugged.

Appearance

Chop Shop is has a more hyena-like appearance in relation to other villains on the show. He has blank green eyes, yellow fur with spots and a pink mohawk and dresses in blue.

Powers and Abilities

Chop Shop is capable of piloting a flying vehicle and will pull out a firearm when forced on foot.

Biography

Chop Shop is shown escaping two enforcers by launching projectiles that cut their vehicles to pieces.

The Swat Kats promptly intervene in his escape attempt where they have a brief scuffle where a failed counter attack from Chop Shop cuts down a tower.

After Chop Shop's vehicle is downed, he tries to shoot only for Commander Feral to shoot his gun out of his hands and take him into custody.

---

When Jake Clawson was finished, we were shocked at his history.

Me: Yikes, this cat's completely crazy, he's got to be stopped.

Lian Shi: Then, allow me and Lincoln to handle him.

Commander Feral: Lian Shi, are you sure about this?

Lian Shi: I am, Commander.

Commander Feral: (Smiles) Very well, then, you and Lincoln can deal with Chop Shop, and this time, make sure he never returns again.

Lincoln: We'll make sure of that one, Commander Feral.

Commander Feral: Excellent, and I already found out Nico's now the new leader, and he earned it thanks to leading the attack against Team Dark Phoenix Storm and Xehanort, and I congratulate him on what he's done, and I'm also proud of you for sparing General Ross yesterday, Lincoln. Sure, he did commit some serious crimes, but he did serve the country as a US Military Commander for many decades, and you offered him a place in The Redemption Squad after he serves his time in prison, and you offered him a chance to hug his daughter one last time and apologize to everyone for what he did.

Lincoln: Thank you, Commander Feral.

Chance Furlong: And Lincoln did speak to General Ross, father to father, since Lincoln also has kids of his own, and he understands just how much General Ross loved his daughter.

Commander Feral: So, that's also another reason for why you had Ross taken to prison. I understand, you know what it's like to be a father, and you'd do anything for them. That's the biggest lesson in fatherhood, and you learned it well.

Nico: We all have. Alright, everyone, let's get going.

We then head for Endsville.

We were exploring Endsville in search of a new mission.

Poromon: Guys, be honest. Are you mad at the 7 of us?

Blitzwing: Okay, do you want our honest answer?

Poromon: Yes please.

Blitzwing: Since you asked nicely yes we are mad at you.

Me: Not really mad. Just disappointed.

Nico: But you know I can't stay mad at our mascots. You're too cute for that.

Poromon: Thanks Nico.

Poliwag: Yeah.

Me: Yep. You know it's funny that we were here yesterday.

Brittney: No kidding.

We arrived at Billy's house and found Billy playing video games and Mandy was laying on the couch.

Nico: Hey Mandy, Hey Billy.

Mandy: Hello everyone.

Billy: Hi guys!

Me: Hey Billy. Sorry about punching you in the face yesterday.

Billy: I had it coming.

Me: What are you playing?

The screen title for the game came on.

Me: "Attack of The Non-Toxic Edible Green Slime." Wow that sounds like a cool game.

Nicole: Sounds funny too.

Billy was playing and really raking in the points.

Me: Go Billy go!

Then a wad of gross slime appeared and was floating in front of us.

Me: What the?

Billy: Huh? Hey! Non-Toxic edible green slime!

Me: EW! Looks more like a floating booger to me!

Billy: Time to eat some slime!

CHOMP!

He went for it with a bite and missed.

Nico: Billy what are you doing?

Billy: We're being attacked by non-toxic edible green slime!

Mandy: Have you been drinking out of the toilet again?

Billy: Uhh maybe! Watch out Mandy! TIME TO EAT SOME SLIME!

He jumped and went for the slime behind her but she moved and Billy crashed into the wall.

CRASH!

Mandy: Something stinks around here.

Eli: I sense it and it's not Buzz throwing parties behind our backs or Billy letting loose one of his Limburger cheese farts.

We then heard Grim sneeze and we saw slime globs flying out of Billy's room.

Nico: Weird.

Mandy: I bet if we follow those sneezes we'll find our slime factory.

We peeked in and then Grim let loose a massive and disgusting sneeze that sent a tsunami of slime onto me and Mandy!

Me: YUCK!

Nico: GROSS!

Eli: OH SICK!

Mandy: Maybe we should get our raincoats.

We went in. Grim was laying in bed with an ice bag on his head and slime was dripping from his nose and mouth.

Me: Grim are you all right?

Grim: (Jamaican Accent) Oh J.D. I feel so sick.

Mandy: I didn't know the Grim Reaper could GET sick.

Me: Me neither. I always thought the dead were impervious to all disease.

Nico: I was thinking the exact same thing.

Grim: I think I got it from Irwin. He's always sticking his fingers where he shouldn't.

Nico: Geez Grim you look horrible and not in the way you know.

Grim: So, what's been going on since yesterday?

Dark Mikey: Let me fill you in. Buzz, Poromon, Poliwag, and Pinkie Pie threw a party and kept it a secret until today!

Me: Yeah. But I think we got more important matters to worry about like your health for one.

Skull Man: We'll get a bucket in case you need to puke.

Maria: And yes, sick people puke. A lot.

Me: Right.

Nico pulled out a bucket.

Mandy: Maybe we can find an answer in one of Grim's books. Billy you and Eli clean up this mess.

Me: And I'll get the book.

Billy: IT'S TIME TO EAT SOME SLIME!

We got the slime cleaned up.

Shade: Billy, no more slime for now. Not when Grim's sick.

Billy: Sorry.

I got the book and Brittney looked up what he had.

Brittney: Lets see here.

She searched until she came across a weird disease. It was called Encroaching Doom Syndrome.

Brittney: Oh man! I was afraid of this! Grim has a disease called Encroaching Doom Syndrome. It says we have one of 2 options. 1: We can go to the Underworld Hospital…

Grim: Or two?

Brittney: Stay at home and hope you get better.

Grim: I don't need to see a doctor. I'm feeling much better! (SNEEZES)

Nico caught the slime.

Mandy: That's it!

Me: We're taking you to the doctor mister!

May: I'm sorry, Grim. But you need to see a doctor.

Waspinator: Waspinator not catching sickness!

Zoe Weather: This disease doesn't affect us thank goodness.

Brittney: Lets get you to the Hospital.

Brittney cut open a portal and we went in to the hospital and we waited. There were lots of patients that had it rough.

Me: Boy the guys went through a lot.

Nico: No kidding.

Rat Man: (Looks at Grim) He's got Encroaching Doom Syndrome! RUN!

They ran in fright.

Me: At least we know it only affects the dead.

Then a bunch of doctors came and grabbed Grim! They rushed him into the Operating Room.

Doctor: It's okay sir! We're here to help!

Grim: What?

Doctor: Can you feel this?

WHAM WHAM WHAM WHAM!

He smashed him on his head with a mallet and Grim laughed stupidly.

Doctor: Sir just relax. This is gonna stink. A lot! (Anesthetizes Grim with Laughing Gas)

In the Operating room they got ready.

Doctor: OKAY OKAY! Does anyone know what to do!

No one answered.

Doctor: Good! Neither do I! Lets get started.

They got to work on Grim.

We were waiting for hours and hours and hours.

We were waiting. I was reading books and so was Twilight and Nico was asleep with May.

Nico: (Snoring)

May: (Snoring)

Batroc: Nico, which Gene Slammer do you think you'll meet on your next rescue?

Me: Shh. He's sleeping.

Batroc: Oops sorry.

Me: But we're hoping he is going to go for a Gourmand Gene-Slammer next.

Ben: Upchuck's kind next.

Me: Yep. (Looks at the clock) Wow they sure have been in there for a while.

Eli: No kidding.

Pinkie: Lincoln, are you pissed at me about the party?

Blackarachnia: Pinkie, I doubt Lincoln's pissed at you.

Lincoln: I would never be pissed at you Pinkie. You love parties and that's great and awesome with me.

Me: Same here.

Pinkie Pie: Oh thank you Linky.

Me: We better go check on Grim.

Me, Eli, Billy and Mandy went into the operating room and the Doctor pulled out a chainsaw.

Billy: Do you think Grim will be okay?

A wad of slime bursted out.

Mandy: It doesn't look good.

Me: Yuck.

Slime: It's okay. I'm a doctor.

He oozed away.

FLATLINE BEEP!

Doctor: OH NO! WE'RE LOSING HIM! NO! NO! NOOOO!

Me: OH NO!

Billy: Doctor! What happened!?

Doctor: I'm sorry everyone. We did all we could but I'm afraid your friend is ALIVE!

Grim rose up and too our shock and surprise he had fair skin and black hair and was FULLY ALIVE AND IN THE NUDE!

Grim: WHAT!?

Me: WHAT THE FUCK!?

Eli: OH! MY! GOD!

Grim: What?

FWOMP!

Billy fainted and everyone screamed.

Me: Uhh guys! You may want to see this!

Everyone came and they saw GRIM FULLY ALIVE!

Nico: WHAT THE FUCKING HELL!?

Varie: WHOA MAN!

Allie Wilde: Grim is fully alive!

Lana: WHOA!

Lola: That is crazy!

Lucy Loud: GASP!

Laney: How did this happen!?

Me: I have no fucking idea. He suddenly turned into this!

William: GRIM, FOR GOD'S SAKE, PUT SOME CLOTHES ON!

Ragdoll: THERE ARE CHILDREN HERE!

Grim: (SCREAMS!) (COVERS HIMSELF) I NEED SOME CLOTHES!

Maria gave him some shorts, a white shirt and a Hawaiian Shirt and sandals and he put them on. Grim actually looked amazing alive.

Ravager: How did this happen?!

Nico: I don't know!

Zoe Weather: The disease made him alive somehow.

Nico: That is a huge mystery.

Me: I guess Grim is gonna have to learn how to adjust to being human like us.

Nico: Yeah.

We went back home to Gotham Royal York.

Top: Grim, you need to stay calm. Okay? We're gonna figure this thing out.

Me: We're going to have to have Grim adjust to it. But just try to keep calm Grim and we can help you get through this.

Nico: Right. Lets go to the mall for starters.

We went to the mall.

Grim: Unbelievable. First I have to take orders from kids and then I go on these amazing adventures with all of you and now I'm a gut bucket. I feel like I'm wearing a wetsuit full of jello!

Me: I know Grim but it's gonna take a while for you to get used to it but we can help you out.

Eli: Yeah and besides you'll fit right in with us. Besides you already have a lot of friends sticking by you even when you were just a skeleton.

Nico: That's right.

Bad Juju: (to the Trinity of Violence) Seriously, you 3 aren't mad about the party?

Lynn: Only that I wasn't invited!

Me: Really?

Lynn: No! (Grumbles)

Me: Oh.

Nico: Guys lets focus on helping Grim now.

Bad Juju: Sorry.

We got to walking around the Mall.

Me: Okay Grim just act natural okay?

Grim: Okay.

A woman with blond hair, red shirt and brown pants walked by.

Woman 1: (Seductive) Hey hottie. Nice shirt.

By the food court 2 women saw him. One was a black hair woman with a pink shirt, a purple skirt and pink boots on and the other had blond hair, a red shirt and black pants and red shoes.

Woman 2: Hey there plumpy.

Grim: Ladies. I think I like having skin.

Woman 3: Mmm a lot of skin. (Winks at him)

Me: (Chuckles) You're becoming quite the babe magnet Grim.

Grim: I sure am.

A man growled in ferocious rage at Grim.

Me: You touch him and I will Kill you!

He whimpered in fear!

Nico: Nice save J.D.

Me: Thanks.

Dark Raph: Back off, morons! Grim already has a girlfriend!

Me: Dark Raph be nice!

Dark Raph: Sorry.

Velma the Spider Queen: Yeah he's with me.

Me: But you got to admit though Velma it is cute.

Velma the Spider Queen: True.

Nico: Grim are you hungry?

Grim: I am a little hungry.

Me: It's part of what we have to do.

We went and got some pizza.

We had a nice lunch.

Scratch: I've got a feeling things are about to go wrong.

Grounder: You're just being paranoid!

CLANG!

Scratch hit Grounder on the head.

Grounder: OUCH!

Scratch: I was being serious you dumbbot!

Then we heard rap music!

Me: Uh oh. I know that music anywhere.

Nico: Entrance time.

We went to the music source and below us on the bottom floor we saw GOODBLING!

Me: It's Principal Goodvibes as Goodbling.

Nico: Oh man!

Me: Awesome I've been wanting to get into another Yo Mama standoff with him.

Nico: Lets get him.

We went at him.

Goodbling was breakdancing and then the spirits of the Avengers swirled around him and spun around him and then the spirits converged and then…

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above him and a phoenix cry was heard and we came out.

Nico: Hello motherfucker. Miss us?

Grim: You are going to pay for saying those things about my mom mon!

Goodbling: (to Grim) You must think you're a big shot just because you're human, don't ya?!

Gearhead: Guys, find me a car to use so I can run this prick over!

Me: No guys I got this.

I went up to him.

Me: I'm going to make sure you never breakdance again!

Goodbling: What you gonna do about it fuckwad? You in Goodbling's house now! YO! And ain't no fire paste eating old as dirt fartsniffing old freak of nature gonna come into my room and tell Goodbling what to do!

Me: Oh it's on! Now you just fucked around with the wrong guy. Now I'm gonna start REALLY banging on your mama. YO MAMA SO FUCKING UGLY THAT THE GOVERNMENT MOVED HALLOWEEN TO HER BIRTHDAY!

Everyone: Ooh!

Nico: J.D., mind if I join in?

Magmon: Say yes! I want to see how this plays out!

Me: The more the merrier.

Nico came and joined me.

Nico: YO MAMA SO FUCKING UGLY THAT SHE SCARED THE FLIES OFF A FUCKING SHIT WAGON!

Everyone: OOOH!

Goodbling: Yo mama so stupid she sold her car for gas money!

Me: YO MAMA SO FUCKING FAT THAT HER BELLYBUTTON GETS HOME 15 MINUTES BEFORE SHE DOES!

Everyone laughed at that one.

Goodbling: YO MAMA SO STUPID SHE TOOK A RULER TO BED TO SEE HOW LONG SHE SLEPT!

Everyone: OOHHH!

Nico: YOU MAMA SO FUCKING STUPID SHE THOUGHT DUNKIN' DONUTS WAS A BASKETBALL TEAM!

Everyone laughed at that one.

Goodbling: Yo Mama's so ugly that the Trinity of Violence stopped being set off every time they were called ugly!

Grizzly: Ok, now he's being original.

Lola: NOT IN A GOOD WAY!

Me: YO MAMA SO FUCKING UGLY THAT SHE GETS 364 EXTRA FUCKING DAYS TO DRESS UP FOR HALLOWEEN!

Grizzly: That's a new one!

Nico: YO MAMA SO FUCKING UGLY THAT SHE GIVES FREDDY KREUGER NIGHTMARES!

We laughed at that one!

Armada Starscream: (Laughs)

We laughed at that one!

Eli: (Laughs) That was a good one!

Luan: And those two are stupid idiots!

We laughed at that one!

Tyzonn: That's actually a good one!

Laney: (Laughs) That was great!

We laughed at that one!

Nico: YO MAMA SO FUCKING FAT THAT SHE MADE PETER GRIFFIN LOOK THIN!

Lana: (LAUGHS) That's a new one!

Goodbling was infuriated that we OUTYOMAMAED him and then Duskmon, Grumblemon, Arbormon, Ranamon, Mercurymon, Blizzard, MetalSeadramon, Etemon, Bonz, Dayu and Harpymon appeared.

Nico: Duskmon, Grumblemon, Arbormon, Ranamon, Mercurymon, Blizzard, MetalSeadramon, Etemon, Bonz, Dayu and Harpymon.

Harpymon: Those Yo Mama jokes were funny!

Mercurymon: We couldn't stop laughing from them. Well done.

Me: Glad you guys liked them.

Blizzard: (To Grim) Whoa! Grim is that you?

Grim: It sure is mon.

Duskmon: (to Grim) You look really nice, Grim.

Grim: Thanks, mon. I just hope I can continue being the Grim Reaper after today.

Grumblemon: I'm sure you will.

POW!

Ranamon punched Goodbling, knocking him to the ground.

Ranamon: Don't go anywhere, Sugah. We'll be right back.

Me: Nice one Ranamon.

Arbormon: (to Nico) We heard you went to the world of Panzer Dragoon Orta.

Nico: We sure did and it was awesome.

Mercurymon: Did you take out anyone there?

Nico: Yep and we took out Abadd and his dragon.

Mercurymon: Awesome. We have a bunch of new recruits joining.

Then a bunch of figures came out and they were KRU'LL THE ETERNAL, LADY FLAMICORN, RUBY KNIGHT (MONSTER RANGER) AND MORPHO (THE PIRATES OF DARK WATER)!

---

Morpho

Once he was a man, an alchemist named Morpho, who sought to control the most powerful being on Mer for his own ends. The Dark Dweller was too strong for Morpho to be controlled, but instead of destroying the ambitious alchemist he made him his trusted servant, a creature of two worlds. Now Morpho is helping him conquer the world by turning his enemies into the Dark Disciples.

Until Octopon was liberated by Ren and his crew, Morpho was residing in old Primus' castle commanding the army of Dark Disciples. After that, Morpho allied with Bloth offering him help in finding Treasures of Rule.

Kru'll the Eternal

Origin

10,000 years ago, a meteorite crashed on Earth. A protohuman Cro-Magnon bathed in its radioactive rays. Naming himself Kru'll the Eternal, he terrorized early man but was opposed by Anthro. Kru'll outlived his people and set out to rule the world. From Aztecs to Romans, Kru'll continued to face a simple problem, he always outlived those he conquered. Over the centuries, he studied sciences and became adept with using technology for his various plans.

Menace of the Conqueror Caveman!

In modern times, Kru'll learned that a group of scientists discovered the meteorite, that gave him his immortality, in Greenland. Kru'll came up with a plan to influence the final evolution of mankind and create a race of superhumans to be his subjects, using the meteorite. It needed to be reactivated with a concentrated blast of Lutonium. Kru'll was unsuccessful in gathering enough. During an experiment, Batman and Booster Gold burst in and fought him to a standstill. Booster mistakenly revealed his sidekick, Skeets, ran on a Lutonium power cell. Kru'll created a diversion and escaped with the meteorite and Skeets. Batman and Booster Gold later defeated Kru'll at the Natural History Museum. In the aftermath, Kru'll swore revenge against Booster Gold.

## The Malicious Mr. Mind!

Some time later, Kru'll established himself in Fawcett City and became an enemy of the Marvel Family. He later became a member of the Monster Society of Evil.

## 25th Century

In the 25th century, Kru'll is still alive. While at a display, a security guard named Michael Carter, who would become Booster Gold, brushed past him and made him spill his drink. Kru'll was angry at first but then realized who the guard was and was even more angry to the point of attacking him.

## Ruby Knight

A type of Durahan that is incredibly large and powerful. It can grow much larger in size than other types of **Durahans**, and its crimson and white armor shield it from all kinds of energy and physical attacks. It carries a blue blade and has a blue shield emblazoned with an ancient rune. Its red, white and blue colors and the wings on either side of its helmet may mean it's related to Shigue.

Its description mentions the royal guard, but it is unclear whether this was for some sort of human kingdom (such as the Marche Kingdom or Nettle Kingdom) or for one of the kingdoms of the Beast Kings (more likely).

In the **anime series**, **Ruby Knight** is a more powerful form of **Durahan**, created when the General merges with the evil soul of Master Moo and feeds off the hatred and anima of the monsters around it. Whether or not this was a one-time occurrence or whether this monster is actually just another form of the basic **Durahan** is unknown at present.

Ono: It was so awesome.

Fuli: Yeah we all thought it was really cool to see.

Bunga: And they wanted to get Orta back for some sick reason.

Princess Luna: That was not good and it's good Nico, Laney and Nicole stopped the Empire.

Moondust: Boy it sure is.

Snowdrop: Now the empire has been destroyed forever.

Applejack: It sure was and it was terrible to see.

Stacy Bolton, Otto Rocket, Twist, Reggie, Sam, Rarity, Sweetie Belle, Water Skylanders, RPM Rangers, Skull Man and Wave Man VS Ranamon - How Lady Rainicorn got turned into Fire like Lady Flamicorn did

---

Ranamon was next.

Ranamon: (to Stacy) I think it's interesting how Lady Rainicorn got turned into Fire like Lady Flamicorn did. Don't you agree?

Stacy Bolton: I agree there and it's crazy that happened to her when we were there when we saw it. This was a really crazy adventure that took us into the world of Protopsychology and it was all caused by Patience St. Pim.

Ranamon: Patience St. Pim?

Stacy Bolton: She was an insane Ice Elemental that transmogrified all of Ooo into an Elemental Protopsychological Nightmare. She turned all of Ooo into 4 sectors that were based on the 4 elements and personalities of protopsychology. These were the personality traits everyone was said to have back when psychology was still in its infancy. Here's what went down back then and it was starting when J.D. was reading a book all about Protopsychology.

Stacy went over the events of what happened in chapter 761.

---

It starts in the living room at the estate. Everyone was watching TV, playing card games and reading books.

Carly Beth, Evans, Sheena, Brooke and Sabrina were looking at all of Nico's Goosebumps books.

Evans: I can't believe Monster Blood has 4 books written about it.

Nico: This is how we've been able to track the whereabouts of it and its fellow monsters.

Sabrina: We've been going after the Goosebumps monsters one by one.

Energon Scorponok: I think we should go after the Horrorland theme park as the next Goosebumps target.

Nico: I have that one saved for the last Goosebumps book we destroy.

Brooke: I think the next target should be this one.

Brooke pointed to book for The Werewolf of Fever Swamp.

Nico: The Werewolf of Fever Swamp?

Sabrina: That one really terrifies me.

Nico: Okay that will be next on our hit list. The Werewolf of Fever Swamp will be struck with a silver bullet. But the next Full Moon is on July 16th. We'll face him on that date.

Sheena: Sounds like a plan.

Brooke: What monsters have we killed so far?

Nico: We killed Slappy the evil dummy. Dr. Strange killed him before we could and sealed him into the Dark Dimension.

Nico showed them the book trilogy for Night of The Living Dummy.

Nico: Next we killed the Haunted Mask. Carly Beth knows this one.

Carly Beth: That was the monster that nearly destroyed my life and others.

Sabrina: Same here. That mask was pure evil.

Nico: But the true monsters were Chuck Greene and Steve Boswell. Next we went after Dr. DuBrow in Deep Trouble.

Nico showed them the book for Deep Trouble.

Sheena: That was the story I'm from.

Nico: Yep. And technically Dr. DuBrow wasn't a monster. He was more of a crazy lunatic.

Sheena: True.

Nico: Yep. Then we faced the Monster Blood. That was the grossest one ever.

Evans: It sure was. But that Sarabeth woman was a monster.

Nico: Yep. And here's our recent kill: The Phantom of The Auditorium.

Nico held up the book for Phantom of The Auditorium.

Brooke: That's the one we did.

Nico: Yep.

I was reading a book on Psychology. Laney was letting me borrow it.

Edd came and he saw me reading it.

Edd: I didn't know you were into Psychology J.D.

Me: Oh thanks Double D. I'm actually reading about it because something was bothering me. I've been replaying our fight with Patience St. Pim in my head and the corrupted version of the Land of Ooo that we prevented. But I did watch the show Adventure Time and saw a strange similarity to what I found out. I found out in this book that the Corrupted Land of Ooo shares the traits of one of each of the 4 temperaments: Choleric, Phlegmatic, Melancholic and Sanguine.

---

Most individuals tend to have aspects of their personality which identify with each of the four temperaments. However, there are usually two primary temperaments that are displayed at a significantly higher level. An individual could be any combination of the following four types.

Sanguine personality type is described primarily as being highly talkative, enthusiastic, active, and social. Sanguines tend to be more extroverted and enjoy being part of a crowd; they find that being social, outgoing, and charismatic is easy to accomplish. Individuals with this personality have a hard time doing nothing and engage in more risk seeking behavior.

Choleric individuals tend to be more extroverted. They are described as independent, decisive, and goal-oriented, and ambitious. These combined with their dominant, result-oriented outlook make them natural leaders. In Greek, Medieval and Renaissance thought, they were also violent, vengeful, and short-tempered.

Melancholic individuals tend to be analytical and detail-oriented, and they are deep thinkers and feelers. They are introverted and try to avoid being singled out in a crowd. A melancholic personality leads to self-reliant individuals who are thoughtful, reserved, and often anxious. They often strive for perfection within themselves and their surroundings, which leads to tidy and detail oriented behavior.

Phlegmatic individuals tend to be relaxed, peaceful, quiet, and easy-going. They are sympathetic and care about others, yet they try to hide their emotions. Phlegmatic individuals also are good at generalizing ideas or problems to the world and making compromises.

---

Lincoln: That is a strange set of information.

Lola: What does Choleric mean?

Me: That is for people that express dominance, rage, violence and are vengeful and are totally short-tempered.

Lola: That is hardcore. What element does that entail?

Me: Fire.

Lana: What about Melancholic?

Me: That one is where you're sad, depressed and very down all the time.

Lana: That is sad. What is that elemental force?

Me: Earth. Phlegmatic is where you're feeling peaceful and don't have a care in the world and you're easy going and sympathetic. They represent the elemental force of Water.

Lucy: What about Sanguine?

Me: That one represents Air and that's where you're happy, enthusiastic, optimistic and full of energy.

Lola: Boy that is very complicated for me.

Lisa: I find it to be very interesting and very inspirational.

Laney: Me too. But I just can't believe that Patience St. Pim was gonna turn the entire Land of Ooo into a Proto-Psychological nightmare.

Me: By all estimates, she was 25,000% fucked up. Worse than Mr. Crackass. Shall we head to the Simulator and see for ourselves?

Lori: Lets do it!

We went to the Simulator.

---

We went into the Simulator and for our exercise we're going to see what it was like during the time the Land of Ooo was corrupted because of Patience St. Pim. The Simulator activated and we found ourselves in the Corrupted Land of Ooo and what we saw was mondo unusual.

---

SANGUINE - CANDY

---

We saw that the land was totally transmogrified into Candy. We saw everything turned into a sweet tooth paradise! It was enough to give the entire world diabetes 100,000-fold.

Me: Whoa! Look at all this candy!

Lana: There's enough to give anyone cavities.

Lisa: Indeed.

Laney: Look at all this candy. I can't believe this happened here.

Crash Man: I can't believe that this Patience St. Pim did this to this world. It's hard to imagine she has this kind of power.

Me: From what I remember Crash Man she used the power of some kind of mind control magic to force Princess Bubblegum, Flame Princess and Slime Princess to do this to the Land of Ooo against their wills.

Flame Princess: I remember that. That was awful.

Lola: I'm sorry that happened to you Phoebe.

Sam S.L.: But we will find Patience and make her pay for her crimes.

Suzi: I promise that will happen.

We walked on and we saw a massive pink bubblegum tower that went 10,000 feet up into the air.

Me: Wow! Look at the size of that Bubblegum Tower.

Princess Bubblegum: So this is the happy tower I was turned into.

Finn: You were turned into an amazing and happy tower Pebo.

Me: Well lets take a look.

We flew up to the top of the tower and we saw Princess Bubblegum's face.

Elements Princess Bubblegum: Hello dear friends.

Me: Princess Bubblegum?

First Aid: These corrupted Princesses are like the Twisted Princesses.

Reflector: Hopefully, they won't look like zombies.

Flamebird: At least these corrupted Princesses are being controlled by a single source.

Maria: Ok. If we defeat Patience, the princesses should go back to normal.

Me: I have a better idea.

I flew up to Elements Princess Bubblegum and put my hand on her head and she was enveloped in a powerful white light and she was back to normal.

Princess Bubblegum 2: What happened?

Me: You were turned into this massive bubblegum tower because of Patience St. Pim.

Princess Bubblegum 2: I remember now! That woman is a menace and we have to stop her.

Me: And we will. Team Loud Phoenix Storm will see to that.

I used my magic and merged Princess Bubblegum 2 with her counterpart and Princess Bubblegum got wings made entirely of pure candy and bubblegum.

She saw her wings.

Princess Bubblegum: What the nuts!? I can fly now!

Me: You sure can. We have one down and 2 to go before we face Patience St. Pim.

We pressed on.

## CHOLERIC - FIRE

We arrived in the second part of the corrupted Ooo and what we saw was absolutely horrifying. We saw the fire section and it was a black landscape that was really melted, gnarled and surging with intense fire and it was radiating with intense heat and there was blue fire erupting out of every crack, mountain and landmass and the temperature was over 750,000˚ Fahrenheit.

Me: Geez! Look at this place.

We stepped onto the land and then we felt all our auras flare up with a massively incredible intensity unlike anything we've ever felt before and it was so unbelievably powerful that it made all the other villains hatred toward us feel like small mice in comparison! Our power was rising so incredibly fast that it was incredible! The ground was shaking extremely violently and lightning struck everywhere. When it was finished 1 hour later we were now far more powerful than ever before and our power was enhanced 100 sextillion-fold.

Me: (Gasp) Whoa! Holy mackerel!

Nico: Unbelievable! That was the biggest power up ever!

Me: This place is overflowing with incredible levels of negative energy and it is so strong that it defies all form of logic!

Lola: It's far more powerful than that of any villain that has hated us.

Lynn: Or any villain we've defeated.

Me: No kidding.

Laney: I've never felt this level of power.

Syd: This is unbelievable!

Ronnie Anne: It sure is.

Flame Princess: This is unbelievable. I've never felt this kind of power before.

Lana: What happened here?

Me: This place represents the emotion Choleric.

Laney: This place is like looking at the physical manifestation of the heart of an evil monster!

Lucy: That is almost exactly what it feels like.

Me: I know. This place makes Hell seem like a walk in the park.

Finn: It's amazing that you all can walk in here without Flame Shields.

Me: Our power protects us from anything.

We walked on and we saw that the whole land was changed into a fiery rage hole. We then saw Lady Rainicorn come out and she was pure fire.

Lady Flamicorn: (Speaking Korean) 내 분노는 찜질방보다 더 뜨겁다! (My rage is hotter than a sauna)

Lola: She's speaking Korean.

Carol: That's one of the hardest languages in the world. Let me help her.

Carol flew up to her.

Carol: (Speaking Korean) 아가씨, 괜찮아요. 우리는 당신을 아무런 해가 없다는 뜻입니다. 우리는 단지 당신을 도우려고했던 부패를 들어주고 싶습니다. (Lady, it's all right. We mean you no harm. We just want to help you and lift the corruption that has taken you over.)

Lady Flamicorn: 내 분노가 내게 가까이 오면 일조 만조의 힘으로 너를 죽일거야! (My rage will kill you with the force of a trillion suns if you come near me!)

Carol: 레이디 제발! 너를 도울 수있어. Jake와 가족에 대해 생각해보십시오! 당신은 진정하고 우리가 당신을 도울 수있어! (Lady please! I can help you. Think about Jake and your family! You've got to calm down and let us help you!)

Lady Flamicorn calmed down and she knew Carol was right and Carol placed her hand on her head and Lady Rainicorn was reverted back to normal.

Lady fainted and Jake caught her.

Me: She'll be all right.

Vince: I didn't know you can speak Korean, Carol.

Carol: I'm multi-lingual.

Then we went down below the surface and the negative energy was stronger and it enhanced our power more and we saw Flame

Princess as a blue fire dragon!

Me: Flame Princess!

First Aid: These corrupted Princesses are like the Twisted Princesses.

Reflector: Hopefully, they won't look like zombies.

Me: No that's not possible Reflector. You already said that guys.

Reflector: Oops.

Brock: I'm so shocked at these corrupted princesses that I'm not even being swooned by them right now.

Me: And you already have a girlfriend Brock.

Brock: Yeah.

I went over to her and placed my hand on her and cured her and merged her with her counterpart.

We got back to the surface.

Then we saw a little warrior armed with a blue fire sword and powerful armor and I took his blue fire sword. It reacted with my power and the blade of fire turned into a deadly blue fire blade fire.

Me: Wow! This'll come in handy.

We pressed on and went to the next part.

---

## PHLEGMATIC - SLIME

---

Next we were in the Slime land and we saw everything covered in slime and mucus. It was a gross land and it looked like we were walking through the inside of someones nose covered in grotesque slime and grossness.

Me: Ugh! This is disgusting!

Lola: No kidding! I'm gonna be sick! It's so gross here!

Lana: I'll say!

Lana rolled around in some of the slime and she was covered head to toe.

Princess Bubblegum: What is Slime Princess doing here?

Me: No clue.

We went to the main building. The door opened.

Slime: Shoe Size?

Me: I'm a size 13. I got big feet.

We went in and we were handed roller-skates.

Me: Roller-skates?

I put them on and they fit me and we went onto a roller-derby rink.

Me: Slime Princess likes to Roller Skate? Nice!

Lynn: I love this kind of place! Yee-haw!

Lynn did all kinds of awesome tricks and so did most of us.

Nico: This is awesome!

Me: Gnarly dudes!

We saw a bloated and huge Slime Princess and I rolled up to her and put my hand on her head and it cured her.

Slime Princess: (Groans) What happened?

We explained the whole thing and we set out for the final land.

---

MELANCHOLIC - ICE

---

We were in the Ice section and it was overflowing with sadness.

Me: So this is the Melancholic section. This place is overflowing with sadness. Poor things.

Laney: I know. But lets thaw out that evil witch!

Me: And we won't have to look far. Lets blow this place to water.

I released a massive blast of fire and it blew apart the whole land and exposed it to the sun!

Out of the temple came PATIENCE ST. PIM herself!

---

Patience St. Pim was the current reincarnation of the ice elemental, and had visions of the coming of the Lich. Patience sailed into the ocean and covered herself in an ice sphere.

Patience was discovered by Finn and Jake in Ice King's castle. When she was released she was overjoyed at her increased elemental powers. Patience then froze Finn and Jake and made Ice King fetch her the other elementals so Ice King kidnaps Princess Bubblegum, Slime Princess, and Flame Princess and brings them to her. Patience shows them their potential as elementals, and attempts to make them unite, but the Princesses make her lose her balance and she crashes into her boat. The Princesses escape whilst Slime Princess shoots slime at Patience, sticking her to the wall. Patience makes Ice King scrape all the slime off her and she tells him that she will make people know of her presence in Ooo.

Patience sends a drawing of a circle to remember a past candy element (Chatsberry). It is revealed Patience mastermind the invasion which attacked the Candy Kingdom and caused Princess Bubblegum to unlock her true elemental power to defend the kingdom. Patience is seen operating and whistling ominously as she stares at a map containing information on all the princess. She kisses the tip of a paper plane and launches it into a picture of Bubblegum.

Patience plays a crucial part in the elements mini-series. In a flashback Patience captures Betty Grof and uses her powers which she stole from Magic Man as an power source for the elementals. However, instead of embracing the their powers they become overwhelmed by their powers. Causing all of Ooo to be split into four separate areas representing the four elements.

When Finn, Jake, and Ice Kinh go to the Ice Kingdom to confront her Patience appears as her pure elemental self and feels great sorrow for her actions. Later, when Princess Bubblegum starts to turn all of Ooo into candy Patience decides to freeze herself in another ice time capsule, not wanting see the consequence and hoping things will be better in the future. It is unknown what happened to her after Lumpy Space Princess fixed Ooo. She either had been fixed or is still in her time capsule.

---

Patience: So Team Loud Phoenix Storm has come.

Me: And we're here to kill you! Lets get her!

We went at Patience and I kicked her in the face and Finn slashed her in the chest with his sword.

Finn: Not even Ice King was this bad on his worse days!

Finn kicked her in the face and Nico punched her in the mouth and knocked out some of her teeth.

Baymax: The most efficient medical procedure to perform at this time will be shock therapy. My programming normally prevents me from harming human beings, but I sense that you are not human at all. (Electricity promptly began to course through his armored fist) On a scale of one to ten, how much would you rate the pain you are likely to experience?

Baymax fired his electrically charged Armored Fist and it hit her and slammed into her with devastating force.

Nico: Patience St. Pim, you have failed this Kingdom! (fires Vexen's ice blast at her)

It hit her and exploded.

We overpowered her with numerous blasts of elemental firepower and we were hitting her all over the place.

May flew up to her and slammed her fist into her face.

May: It's gonna be a cold day in hell for you, bitch!

May kicked her in the face and stomach and she threw her into a flaming pile of sticks.

Me: Lets finish her off guys! Combo and final smash time!

Energon Scorponok: You got it! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and it enhanced his energy sting 100-fold.

Reflector: Lets go. CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and it enhanced his flash explosion blasters.

Energon Scorponok and Reflector: LIGHT STING DEATH BOMB!

Energon Scorponok fired a powerful energy beam from his tail and Reflector fired a powerful light bomb and the blasts combined and they hit Patience and exploded.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMM!

First Aid: Lets get her. CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and it enhanced his Decrystalizer Cannon.

Brock: Croagunk go!

Brock sent out his Croagunk.

Brock: Lets get her. ANIMATRON CYBER KEY POWER!

The Animatron Cyber Planet key went into Brock's device and enhanced his Croagunk's abilities 100-fold.

Brock: POISON STING!

First Aid and Brock: STINGER NEEDLE LASERSTORM!

Croagunk fired a massive barrage of laser needles and First Aid fired his cannon and the blasts combined and hit her and they exploded.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOMMMM!

Me: Now to finish her once and for all!

Princess Bubblegum: Lets get this witch! JELLYBEAN TSUNAMI SLAM!

Princess Bubblegum fired a massive tsunami of jellybeans from her hand and it slammed into Patience with incredible force.

Lola: My turn! FIRESTORM BURN TORNADO!

Lola fired a massive blast of fire and it spun around into a massive tornado and it spun Patience around and burned her.

Finn: Let me at her! GRASS SWORD SLASHSTORM!

Finn got his Grass Sword ready and slashed Patience all over the place at an accelerated rate.

Flame Princess: Time to finish her for good. FIRESTORM TORNADO MASSACRE!

Flame Princess fired a massive blast of fire and it turned into a huge number of fire tornadoes and it burned her all over the place.

Finn: F.P., lets finish this witch with a Combo Final Smash!

Flame Princess: Lets do it Finn!

Finn ran at Patience and Flame Princess spread her wings and flew at her.

Finn and Flame Princess: FIRE SWORD EXPLOSION SLASH!

Flame Princess formed a sword of pure fire and they both slashed Patience St. Pim and cleaved her in half right down the middle and she exploded in a massive fiery explosion.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The magic Patience did was undone and everyone was back to normal and now uncorrupted.

Nico: Go to hell Patience!

Patience St. Pim's spirit arrived.

Nicole: And you will never torment anyone ever again Patience! (Chant an incantation) ALDRUON ENLENTHRANEL VOSOLEN LIRUS-NOR!

Patience St. Pim's evil spirit went into the Book of Vile Darkness. Now we had two Patience St. Pim's with different fates: 1 was killed by us and the other was sealed into the Book of Vile Darkness.

Finn: (To the viewers) You mess with the laws of nature and the Lands of Ooo, Me and Team Loud Phoenix Storm will destroy you all!

Me: You said it Finn.

We left the Simulator and we rested. Nico caught a Drapion and a Craogunk of his own. We had an amazing and educational experience.

Nico: You know what, guys? Let's go after the Horrors in Horrorland next on our Goosebumps hit list. After all, we don't actually know how many monsters are out there.

Me: Good point Nico. Horrorland it is then. Then we'll deal with other monsters before July 16th.

We got a good rest.

FLASHBACK ENDS

When she was done they were shocked!

Otto Rocket: Wow! That is incredible.

Sammy: No kidding and I've always been fascinating with Psychology.

Reggie: That is really something.

Twist: It sure is.

Ranamon: No kidding. What does each personality entail?

Stacy Bolton: It's really interesting and these are the 4 elemental personality traits that represent the 4 elemental forces of nature. These are the personalities: Sanguine, Phlegmatic, Choleric and Melancholic. And they were each for Candy, Slime, Fire and Ice. Sanguine was for the world of candy and it was those that were optimistic, enthusiastic, happy and full of energy and love. They represent the force of Air. Phlegmatic was for the world of Slime and it was for those that didn't have a care in the world and liked things to go slow and easy. They represent the force of Water. Choleric was the worst and that was for the world of Fire and that was for those that are violent, short-tempered, dominating and are full of hate and get mad at the smallest of things. They represent the force of Fire. The world of Ice was for Melancholic and that one I feel sorry for. They represent those are sad, depressing and go through lifes darkest moments. They represent the force of Earth.

Ranamon: That is amazing and scary.

Stacy Bolton: It sure was. I thought it was both amazing and cool.

Rarity: That must've been really amazing and really crazy darling.

Sweetie Belle: But it all sounds really educational too.

Gill Grunt: It was educational when you looked at it.

Scott Truman: Wow that is something.

Ranamon: It sure is. Lets do it!

RPM Rangers: RPM! GET IN GEAR!

They transformed!

Scott Truman: "RPM Red!"

Flynn McCallister: "(Scottish Accent) RPM Blue!"

Summer Landsdown: "RPM Yellow!"

Ziggy: "RPM Green!"

Dillan: "RPM Black!"

Gem: "RPM Gold!"

Gemma: "RPM Silver!"

All: "Power Rangers RPM!"

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off and they were ready!

They fired waves of water and energy, elements, ice and hewels and smashed her down.

Stacy Bolton: RADICAL!

Rarity: Rapture darling that was grand!

Heartstrings, Sunset Shimmer, Twilight Sparkle, Light Skylanders, Mystic Force Rangers, Tarantulas and Waspinator VS Arbormon - How Morpho became a servant of the Darkdweller on Mer

---

Arbormon was next.

Arbormon: (to Kari) It's unpleasant how Morpho became a servant of the Darkdweller on Mer. I don't think that's something he likes remembering.

Kari: No kidding there and it's really amazing how he got that way too.

Angewomon: Yeah and he went from a normal alchemist to a monster.

Princess Celestia: But it's very fortunate that the Darkdweller spared his life.

Amber Morning: He should consider himself lucky that he is all right.

Minuette: Yeah thank goodness. But what happened during that time on Mer?

Kari: It was before Nico joined the team but it was an amazing adventure.

Kari went over what happened during the events of chapter 433.

FLASHBACK 2

---

It starts with the U.S.S. Valor going flying through space.

Me: (Narrating) Captain's Log Stardate 2314.2: Our computers have picked up an alien planet located 72,000 light-years away from Earth at the opposite edge of the galaxy. We are going to check it out.

Lincoln: So J.D. when we arrive at this planet what do you think it will be like?

Me: We'll know soon Lincoln. That's the beauty of the mysteries of the universe. You never know who or what you'll encounter.

Lana: I hope it's a planet where we get to fight monsters! That would be cool!

Lola: I hope it's a planet where we rescue a beautiful princess from an evil dragon!

Isabelle: Grandpa we have arrived.

Me: On screen.

The view screen activated and we were at an ocean planet with lots of islands.

Nicole: (Gasp) I know that planet. It's Mer from The Pirates of Dark Water.

Me: I haven't watched that show in years.

Lincoln: Pirates!? AWESOME!

Lila: I love pirates!

Lori: That is literally the most beautiful planet I've ever seen. It looks just like Earth.

Varie: Yeah but look. It's much different than Earth. It has 2 giant planets for moons.

Natilee: Dad. Sensors are reading that this planet is in danger. It's showing that it's being destroyed by a mysterious force.

Me: Oh man. I know what's causing it. Dark Water.

Lincoln: What's Dark Water?

Me: It's an evil substance that threatens to destroy the entire planet of Mer. It's source is a monster of ultimate evil called the

Darkdweller. It's Mer's version of the Devil.

Laney: That's awful. How are we gonna stop it from destroying the planet?

Me: The only way to destroy the Darkdweller and purge the Dark Water from Mer is to find the legendary 13 Treasures of Rule. They are extremely powerful jewels that have omnipotent power and they have the power to destroy the Dark Water and the Darkdweller.

Everyone: WOW!

Luna: That's amazing dude.

Sam: It sure is luvbird.

Luan: But why does this Darkdweller want to destroy Mer?

Me: I don't know the full extent of the story. But it's probably to wipe out all life on the planet and rule over it with an iron fist and enslave the people on it. The show The Pirates of Dark Water centers around a young prince named Red and he and his crew are on a quest to find the 13 Treasures of Rule and save all of Mer. His crew is a Treasure Hunter named Ioz, an Ecomancer named Tula and a Monkey Bird named Niddler. But there is a villain that is following Red and his crew at all times.

Lynn: Who is that?

Me: It's the evil pirate Lord Bloth. He will stop at nothing to get the Treasures of Rule for himself.

Lucy: Gasp! That monster. If he does get them then Mer has no future.

Aylene: That's horrible. We have to stop him at all costs.

Me: Yes. Our primary mission for Mer is to destroy the Darkdweller and the Dark Water. But our secondary mission is to destroy Bloth and his crew. Varie, Rachel, Sora, Kairi, Ben, Rex, Bobo Hana, Maria, Nita, Donna Diego, Jen, Lincoln, Laney, Lucy, Lana, Lola, Lila, Lisa, you all come with me.

Sora: Right.

Lola is now in a brand new hover chair. It was built by Lisa. Her broken leg makes her immobile so we built her a nice Hover Chair.

Lola: Lets get em!

We went down to the planet and flew over the water. Sora, Kairi, Bobo, Nita, Donna Diego and Jen were in the hovercar. We had a magnificent view of the 2 planets from the water. They were beautiful.

Me: Wow. What a beautiful sight. Earth now has 2 planets in orbit around it like Mer does.

Lincoln: It sure does. It's beautiful.

Laney: Amazing.

Lucy: It sure is a breathtaking marvel.

Rex: This is all amazing. I had no idea that worlds like this even existed.

Rachel: That's the beauty of the universe for you Rex.

Lana: Yep.

Lisa: The universe has infinite possibilities of endless qualities.

Me: That's right.

Varie: That still astounds me to no end.

We flew over the oceans and saw the planet being ravaged by Dark Water. It was destroying everything in its path and decaying everything around it. The Dark Water was alive and it destroys everything it touches.

Me: This is awful! The Dark Water is like a cancer and it's slowly destroying the planet.

Laney: Yeah. We have to stop this fast.

Lincoln: No kidding. Lets see if lightning will destroy it.

Lincoln fired a blast of lightning at a puddle of Dark Water and it set it on fire and surprisingly it weakened it.

Me: Our powers have some kind of effect on it.

Varie: That's interesting. Let me see here.

Varie fired a blast of water and it burned the Dark Water.

Varie: My water powers are like Holy Water to it.

Me: That's amazing.

Lola: Lets see how it likes fire.

Lola fired a blast of fire at the Dark Water and it evaporated into pink steam.

Me: Your fire evaporated it.

Lucy: Wicked.

Sora: It looks like your powers have quite an effect on the Dark Water.

Kairi: They sure do.

Maria: Guys I see something up ahead!

We look on and we saw a giant ship made of bones.

Me: That's the Maelstrom!

Lincoln: That ship gives me the creeps. No offense Lucy.

Lucy: None taken Lincoln. But yeah it does.

Me: Okay and they have Ren's ship the Wraith in their sights.

Laney: I got this!

Laney used her plant powers.

On the Maelstrom, Bloth was looking at the Wraith.

Bloth: Those treasures will be mine boy!

Suddenly there was a rumbling and the Maelstrom was rising up out of the ocean and was on a giant tree.

Lana: Lets board the ship!

Me: Ah ha!

We landed on the ship.

Me: Lets show them our power Ben!

Ben: You got it.

I turn into Echo Echo!

Me: (Techno Voice) ECHO ECHO!

Ben: (British Accent) WATER HAZARD!

Echo Echo: An Orishan? Amazing.

Water Hazard: It is.

Water Hazard fired a blast of water at the crew and killed some of them.

Echo Echo fired a sonic sound blast and they exploded all over the place.

Maria, Nita, Donna, and Jen had their eyes closed as they concentrated. And then Nita gasped as she saw her hands turn into paws.

Nita (weakly as her body gains fur): M-My hands!

Maria gritted her teeth as her face started to melt. Nita just finished turning into her bear form as her pirate clothes ripped off.

Donna (her muscles increase): L-Looks like it's my turn now!

Donna screamed in pain as her symbiote skin appeared. Her hair then changed to fit her symbiote form, turning her into Scream as her pirate clothes tore off.

Maria's body became water as she melted out of her pirate outfit. She then reformed into her water form.

Jen's eyes turned green. Then her muscles expanded, her height increased, her skin turned green, and her pirate outfit ripped off. She was now the She Hulk.

The four girls took a moment to make sure their transformations stopped.

Maria: Is everyone ok now?

She Hulk: We're fine now. I hope our transformations didn't freak you guys out.

Echo Echo: No they didn't Jen. But lets take it up a notch.

I press my Omnitrix symbol I became Ultimate Echo Echo.

Me: ULTIMATE ECHO ECHO! Cool. I'm an Evolved Sonarosian. This is amazing.

I fired a more powerful sonic blast and blew more of the crew apart.

Maria and Water Hazard fired a combined water blast and skewered more pirates and killed them.

Ultimate Echo Echo: Lets see how you like this.

I have a bunch of sound speakers fly out and they surround a bunch pirates.

Ultimate Echo Echo: WALL OF SOUND!

A powerful sonic blast made them explode.

Ultimate Echo Echo: That was disgusting.

I revert back and I was feeling weird.

Me: Whoa! That was weird turning into an alien like that.

Water Hazard: You get used to it over time J.D. It took me a while to get used to it when I got the Omnitrix.

Me: That's easier said than done.

We killed all the pirates until only Bloth was left.

Bloth: You killed all my crew!

Me: And you are next Bloth.

Bloth unsheathed his sword and we engaged in a powerful sword fight. Sparks were flying and they set the ship on fire. Then I stabbed him in the chest and killed him instantly.

Me: Enjoy the darkness of Hell you monster!

Nita, Maria, Scream, and She Hulk close their eyes once again and concentrated. All of them then screamed in bloodboiling agony.

Nita's head reverted back to its human shape. Then her paws turned back into hands and feet. Next, her fur disappeared as it was replaced by skin. Finally, she regained her black hair, leaving her in her human form while wearing her orange leotard.

Maria's watery skin was replaced by human skin, leaving her in her human form while wearing her aqua blue swimsuit.

Donna's symbiote skin retracted into her body to reveal her human skin. Her hair then changed to fit her human body, leaving her in her human form while still wearing her pirate clothes.

Jen shrunk back down to the height of an average woman and she could feel her leg, neck, arm, and ab muscles shrinking back down. Her eyes opened wide and soon her green eyes became light green and then brown once more. Her long, wavy green hair became shorter and shorter and straighter and straighter until it was once more above her shoulders and its typical black color. She gritted her teeth as her skin soon began to change. It went from green to light green to tan to its original pale complexion. Soon, Jen stood in the spot where She Hulk was a few minutes ago wearing her her purple and white swimming suit-like uniform.

Maria (to Donna, Jen, and Nita): Is everyone ok?

Nita (trying not to fall down): I'm fine. But I think someone needs to catch me before I fall!

Nita fell and Lana and Lola caught her.

Jen (holding her head in pain): My head's really pounding right now.

Donna: I think I'm the only one out of the three of us wearing a pirate outfit right now. Maria's only wearing her swimsuit while Jen and Nita are only wearing their leotards.

Me: That's right Donna. But you guys did great.

Jen: Thanks J.D.

Me: Lets get out of here and destroy this ship.

We flew out and I cupped my hands to my side.

Me: KAAAAA! MEEEEE! HAAAAA! MEEEEE! HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

I fired a Kamehameha Wave at the ship and it hit and exploded with incredible power.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared there was nothing left of the Maelstrom. It was completely destroyed.

Me: That takes care of that. I hope he loves Davy Jones Locker.

Sora: Being a pirate is awesome for us.

Me: Lets not let it go to our heads Sora. Lets go onto the Wraith.

All: Right.

We flew out.

As Ren and his crew were resting when we landed.

Me: Ahoy there. We mean you all no harm.

Ren: Who are all of you all?

Me: We apologize for landing on your boat without permission. Lets us introduce ourselves. I'm J.D. Knudson.

Varie: I'm Varie Knudson, J.D.'s fiance,

Rachel: I'm Rachel San Diego, another one of J.D.'s fiancés.

Sora: I'm Sora.

Kairi: I'm Kairi.

Rex: I'm Rex Salazar.

Bobo: Name's Bobo.

Maria: I'm Maria Rockell, 2nd in command of the Redemption Squad.

Jen: I'm Jen Walters.

Nita: I'm Nita.

Ben: I'm Ben Tennyson.

Lincoln: I'm Lincoln Loud and these are my little sisters Lucy, Laney, Lana, Lola, Lila, and Lisa.

Lucy: Hey.

Laney: Charmed.

Lana: Sup.

Lola: It's a pleasure.

Lila: Hello.

Lisa: Greetings.

Me: We are from the planet Earth.

Ren: Noy Jitat! We've heard all about you from all over Mer.

Me: How can that be? Our planets are 72,000 light-years apart from each other.

Ren: The Treasures told me you were coming.

Varie: That's amazing.

Laney: Those treasures must be a powerful force to be known.

Tula: They are Laney. We saw that explosion and we saw the Maelstrom explode.

Me: That was us Tula. We killed Bloth and his crew and destroyed the Maelstrom.

Ioz: Chongolongo! It's good you destroyed him and his crew.

Niddler: (Screeches) It's good you did.

Me: Yeah.

Ren: How did you know that Mer was in danger because of the Dark Water?

Me: We have technology that lets us know what's going on across the galaxy. We saw Mer being overrun by the Dark Water and figured we can help you all out.

Ren: We greatly appreciate it.

Me: You're welcome. May we please see the treasures so we can get a good extent of what they are?

Ren: Of course.

Ren led us to a barrel and on it were 7 jewels. One was a blue-green diamond, the second one was a long green hexagonal gem, the third one was a rough blue-green stone, the fourth one was a blue diamond, the fifth one was a triangular aqua blue one with green gems, the sixth one was like a gold broach and the seventh one was like a coaster with a red gem in the middle surrounded by gold and diamonds.

Me: So these are the Treasures of Rule.

Ren: Yes and they are the only thing that can stop the Darkdweller and the Dark Water.

Lincoln: They sure are beautiful.

Me: Yeah.

I pick up a couple of them and the power they had was unbelievable.

Me: Their power is incredible.

Laney: How are we gonna find the other 6 of them?

Ren: I use this compass to find them.

Ren had a gold compass with a gem in the middle of it.

Me: That's interesting.

Lucy: Where are we gonna find the next treasure?

Ren: We have to search hard for it.

We got searching.

---

On the 20 seas we got searching and we found 5 more treasures.

Me: Only one more to find and we have to be ready for anything.

The compass then reacted to something and it lead to the last treasure.

Me: The Last Treasure.

I use my powers and brought it up to us.

Me: That's the last one Ren.

Ren: It sure is J.D. We have them all!

Laney: We sure do.

Sora: This is great.

Lila: It sure is.

Suddenly without warning the area quaked.

Me: Uh oh! Whatever that is it sure doesn't sound good!

* * *

On the ocean floor a crack formed and out came a mass of Dark Water.

Bubbles were seen on the surface and out of the water came THE DARKDWELLER HIMSELF! He was a living blob of Dark Water and the level of evil he had was unbelievable!

Me: That's the Darkdweller!

Ren: Yes. That's him.

Darkdweller: **So the famous J.D. Knudson and his friends! How nice of you all to arrive so I can destroy the Treasures of Rule!**

Me: Nice to know that you know us as well.

Lincoln: You've tormented this planet for far too long monster!

Lincoln fired a blast of lightning and it hit him and burned him bad.

Ren: Noy Jitat! Your powers can hurt the Darkdweller!

Me: That's what we discovered when we arrived. They're like Holy Water to it and the Dark Water.

Lola fired a blast of fire and evaporated part of him.

Lola: Take that you monster!

Then something strange happened that left us all in shock.

My sword rose out of its sheath on its own and the 13 treasures floated and orbited around my sword.

Me: What's happening?

Sora: What's going on?

Then the 13 treasures merged with the blade of my sword and in a massive blinding flash of light that was brighter than 2,000 suns the sword changed. It had the 13 Treasures embedded in the blade and on the hilt.

I take my sword and when I grabbed the hilt I felt a tremendous increase in power unlike anything before.

Me: Wow! I can feel its power surging through me!

I was enveloped in a blinding flash of golden light and when it faded I was forever changed. I had glowing golden clothes and my eyes had golden yellow sclera and my wings had golden fire on them. I was now a Super Angel 10,000 Angel God.

Me: Wow! What happened?

Lincoln: J.D. you look incredible!

Laney: Yeah! And your power level is off the scale! It's unreal!

Varie: You look incredible honey.

Rachel: You sure do.

Me: Lets see what this power can do.

I dash towards the Darkdweller at a blinding speed and slash him apart and then I fired a blast of energy from my sword that completely obliterated him in an instant. The shadow of the Dark Water was completely destroyed forever and everything that the Dark Water and The Darkdweller destroyed was completely restored!

Me: Wow! What power! But it's finally over guys! The Darkdweller and the Dark Water have been destroyed forever!

We all cheered wildly.

The 13 Treasures of Rule came out my sword and landed on the ship. I reverted back.

Me: Wow. What a rush. But it's over.

Ren: Yes J.D. Thanks to you the World of Mer has been saved from total destruction.

Laney: Yes. It's over. We saved all of Mer.

Lola: And the world of Mer is now at peace.

Lana: Yeah!

Back in Octopon, Ren's home we were given a great ceremony and a feast. We were given the 13 Treasures for safe keeping to make sure that they never come into the wrong hands again. The quest of the Pirates of Dark Water was finally over.

We left for home and it was a grand adventure.

FLASHBACK 2 ENDS

When she was done everyone was amazed.

Minuette: Wow! That is so amazing!

Twinkleshine: That was really cool! An amazing adventure with Ren and his crew but it's horrible that the Dark Water and the Darkdweller were trying to destroy all of

Mer like that.

Lemon Hearts: No kidding and J.D. using the Treasures of Rule in his sword really got the job done.

Moondancer: It sure did. The power of the 13 Treasures of Rule is amazing.

Lyra Heartstrings: And it's good that the 13 Treasures destroyed the Darkdweller for good.

Sunset Shimmer: It sure is a good thing.

Twilight Sparkle: Yeah it sure is a good thing and the magic of those treasures must've been incredible. But it's horrible that Bloth wanted those treasures all for himself.

Spotlight: Yeah Bloth was on a relentless pursuit to get the Treasures for himself and he was gonna stop at nothing to get them no matter what the cost.

Nick Russell: That is an amazing adventure though.

Arbormon: It sure is. Lets do it!

## Davis Motomiya, Pinkie Pie, Featherweight, Tech Skylanders, Samurai Rangers, Blackarachnia and Beast Wars Inferno VS Mercurymon - Meeting a Yormungarde Gene-Slammer

---

Mercurymon was next.

Mercurymon: (to Davis) I heard you guys met a Yormungarde Gene-Slammer. What's her name?

Davis: Her name is Nora Oresdotter and she is from Norway and that is really awesome.

Pinkie Pie: She is another one of Lincoln's awesome guardian angels and she revealed a really crazy secret.

Featherweight: Yeah She was walking through Franklin Avenue one day, and then, Nora heard crying at The Loud House, and she knew that it was Luna. She came inside The Loud House, and Lincoln and Nora went to Luna and Luan's room, and they saw Luna crying like crazy. They then comforted her, and asked her what was wrong. Luna then told them that someone blabbed out that she was standing in a mirror pretending to receive her award from The Rock and Roll Hall of Fame, and everyone was laughing at her, and Sam, Mazzy, and Sully wanted to help her, but she ran out of the school and came home crying. Lincoln then told Nico that the one who blabbed out Luna's secret was Lola, and if she found out Lincoln told anyone that she would kill him. When Luna found out, she was really mad, and as soon as Lola came home, they went downstairs and confronted her about her little stunt. When she found out Lincoln told Luna and Nora about what she did, she went ballistic, and tried to kill Lincoln in a fit of rage. But, Luna, Lincoln and Nora stopped her with Nora and Luna punching her in the face, and Lincoln tying her up with nylon rope. When Mr. and Mrs. Loud came back, along with the rest of the siblings, Lincoln, Luna and Nora told them of what Lola did and why Luna ran out of school, and when we finished, they were really mad at Lola for what she did, and Lola got grounded for seven weeks with no pageants, no TV, no sweets, and no tea parties.

Mercurymon: Whoa! That is nuts! But Luna definitely has a lot of gifted potential to be inducted into the Rock and Roll Hall of Fame and that is nothing to be ashamed of and to laugh about. But with Lola being a tattletale like that because of her dark side that is low.

Sprocket: Yeah the whole of Luna's School wanted to tar and feather Luna.

Jayden: Those dark sides of the Louds are nothing but trouble.

Mercurymon: No kidding. Lets do it!

Samurai Rangers: SAMURAIZER! GO GO SAMURAI!

Antonio: SAMURAI MORPHER! GOLD POWER!

They Transformed!

Troy Burrows: Yeah it was crazy! Grim had what's called Encroaching Doom Syndrome and he was sicker than a dozen dogs! He was sneezing out green slime like a water faucet and it was gross!

Rainbow Dash: It was disgusting! We took him to the hospital in the underworld and we were there for 12 hours.

Scootaloo: There was nothing they could do. The doctors there were completely unexperienced.

Pickle Barrel: But the freakiest part was Grim returning fully alive.

Barley Barrel: But to be honest I think Grim looks awesome this way.

Whirlwind: He sure does. Even the ladies all fell for him.

Blizzard: (Laughs) He became quite a babe magnet didn't he?

Emma: Not really mad we're just disappointed. But the good news is that nothing major got destroyed.

## Noah Carver, Sunset Shimmer, Pipsqueak, Wallflower, Fire Skylanders, Kyurangers, Nauthilax and Magmon VS MetalSeadramon - Kru'll living as long as he did

---

MetalSeadramon was next.

MetalSeadramon: (to Noah) It's fascinating how Kru'll lived as long as he did. Almost like Vandal Savage.

Noah Carver: Vandal Savage lived five times as long as Kru'll did. Kru'll from what I heard got his Immortality from a mysterious meteor that was overflowing with a mysterious energy

and it made him immortal. He witnessed many of histories greatest and most incredible events from over the centuries. Same with Vandal Savage.

Sunset Shimmer: Yeah that is so amazing!

Pipsqueak: (British Accent) He has an incredible amount of experiences throughout all of history.

Wallflower: But I feel sorry for Kru'll because he lived for so long and then lost so many people he knew.

Sunburn: Yeah Immortality is both a blessing and a curse. A blessing because you'll live forever but a curse because everyone you know will die and you won't. An eternity where there is no one but you.

## Orion, Fluttershy, Tornado Bolt, Life Skylanders, ToQgers, Merrick and Tyzonn VS Harpymon - Crazy how many Immortal Caveman Villains there are like Kru'll and Vandal Savage

---

Harpymon was next.

Harpymon: (to Orion) It's crazy how many immortal caveman villains there are. Kru'll and Vandal Savage are two examples.

Orion: I know and that is incredible! We have seen 2 Immortal villains. Clockwerk who lived for 12,000 years because of pure hatred and jealousy over the Cooper Clan's thieving reputation, Kru'll the Eternal because he got exposed to a mysterious energy that made him immortal and he lived for 10,000 years. Vandal Savage from what I heard got his immortality from the same kind of source and he lived for 50,000 years. J.D.'s immortal caveman self got his powers and immortality the same way and he lived for over 75,000 years.

Harpymon: WOW! That is incredible! We have 3 people that got immortality from meteors with mysterious energy. That is amazing.

Fluttershy: It sure is and I think that is so interesting.

Tornado Bolt: How in the world is that possible for meteors that have this kind of energy to give you immortality?

Stealth Elf: That is a huge mystery.

Right Suzuki: It's probably energy from another planet.

Harpymon: It's possible. Morgan Le Fey and her son Mordred are the same way. Lets do it!

ToQgers: TOQ CHANGE!

NOW TRANSFORMING! PLEASE STAND BEHIND THE WHITE LINE!

---

Morpho was next.

Laura Wynn: How is it possible for that to happen to you?

Morpho: I wasn't always like this. Once I was a man. A normal person just like you. An alchemist named Morpho. I sought to control the most powerful being on Mer for my own ends. But the Darkdweller was too powerful for me to control and he would have destroyed me. But instead he made me his trusted servant, a creature of two worlds. Yours and his.

Laura Wynn: It's crazy. But at least he spared you from death.

Morpho: That's true.

Laura Wynn: Don't you miss being fully human at all?

Morpho: Yes there are times where I miss being a full human. But sadly this is the fate I have chosen because of my own selfish ambitions.

Laura Wynn: That is nuts. I'm sorry this happened to you.

Morpho: I'll be fine.

Laura Wynn: Good.

Laura unsheathed her new longsword called The Sword of The 13 Treasures of Rule.

Sweetie Belle: It is amazing that Patience St. Pim turned all of Ooo into an elemental world.

Scootaloo: It sure was amazing.

---

Marcel was next.

Marcel: The Ninja Acolytes are really something.

Nicole Hernandez: They sure are and it's amazing how they helped the Turtle Brothers take down the Tengu Shredder. But what's really shocking to me is that the Utrom Shredder impersonated him for all this time.

Star Swirl: Yeah that is horrible! The Utrom Shredder was just a fake shredder and the Real Shredder was destroyed ages ago before the team was formed.

Rockhoof: (Scottish Accent) Aye. But the Utrom Shredder killed millions of innocent people on many planets now.

Somnambula: (Egyptian Accent) The Tengu Shredder doesn't even hold a candle to the atrocities that Utrom Shredder did.

Mistmane: I don't think ANY version of the Shredder holds a candle to the Utrom Shredder.

MetalSeadramon: You're right about that.

Grim: Maybe someday, I'll go back to being human. But for now, it's time to resume my duties.

Harpymon: Well, if you ever want to be human again, you just have to literally think about it.

Chance Furlong: Oh crud, there's no mistaking that voice from anywhere. You can come out now, Chop Shop.

A figure came out, and it was none other than Chop Shop.

Chance Furlong: Should've known you'd show you, you crazy hyena. You just don't even know when to quit, do you?

Chop Shop: And now, I will have my revenge on all of you!

Chop Shop tried to get out his gun, but Lian Shi got out her Guardian's Crossbow, and fired arrows at Chop Shop, and they hit him in the arm.

Lian Shi: I will not allow you to exact your revenge on The Swat Kats any longer, Chop Shop.

Suddenly, Lian Shi's brown eyes turned neon brown, and was surrounded by a crimson red energy aura with ocean waves, rain, and tigers, she got out her Guardian's Crossbow crossbow, and as she approached Chop Shop, she left crimson red energy, ocean waves, rain, and tigers with every step.

Lian Shi: I will never forgive you for the crimes that you've committed against Megakat City, along with the harm you've done to the innocent civilians of Megakat City, Chop Shop, and now, I will slay you here and now, and I will put an end to you for good.

Suddenly, Lian Shi was surrounded by a massive vortex of crimson red energy with ocean waves surrounding it and it was also raining, there was a tiger running around the vortex, and inside the vortex is a red phoenix. Then, as the vortex faded, Lian Shi emerged, but she was changed forever.

Lian Shi grew to 6'5" in height, she had the body of a goddess and she has red highlights in the bangs of her long black hair tied up in an upward ponytail and she has a flower in her hair, she has neon brown eyes and a crimson red energy aura with ocean waves and tigers surrounding her, she has a tiger holding the Water Kanji in its paws emblazoned on her forehead, she has on tiger earrings with crimson red gems for eyes and holding the Water Kanji in its paws, and she also has a tiger with crimson red gems for the eyes and the Water Kanji in its paws for the second pendant of her Thunderbird Necklace of Eternal Love with red gems on the gold lightning bolts and crimson red crystals from her Crystal Necklace of The Buddha which merged with her Thunderbird Necklace of Eternal Love. Lian Shi has on a red and white sleeveless blouse with a gold phoenix on it, crimson red skirt with the Wu Tiger on it, red pants, and black ankle-length high heels, and she has on crimson red weighted bands with silver phoenixes on her biceps and thighs, and she has on a long crimson red sleeveless silk coat with raindrops and a tiger on it, and on the back is a tiger surrounded by rain drops. Lian Shi felt a sharp pain on her back, and then, massive crimson red angel wings with red tips on the large crimson red feathers, had sprouted out of her back.

Suddenly, Lian Shi's Guardian Crossbow were surrounded by a kaleidoscope of water and crimson red energy, and when they emerged, it was transformed into Longmu's Guardian Crossbow of Maelstrom Justice, it's a new crimson red-colored crossbow with red angel wings for the crossbow's bow, a tiger painted on the crossbow's body, long handle, and silver trigger. Lian Shi has on her new large gold cuff Bracelets of the Champions of The Universe with crimson red gems on her wrists, gold Belt of Elemental Bravery with a gold tiger head with a large crimson red gem in its open mouth for the belt buckle, large crimson red Spellbook of The Gods and The Universe on her left hip and Eater of Sins revolver holstered on her right hip. There are gold Chinese characters right below the tiger that said, "Lian Shi, Trusted Guardian of The Sun Family, Dear Friend of Sun Shang Xiang, Sun Ce, and Sun Quan, Loving Future Wife of Lincoln Loud, Emissary of Longmu, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Master of The Crossbow, Powerful Student of Powerful Teachers, and Master of Rain, Water, and Tigers."

Lian Shi has transformed into SUPER ANGEL INFINITY DIVINE RAINSTORM TIGER ANGEL OF OCEANIC JUSTICE AND DIVINE LOVE!

We were amazed by Lian Shi's Super Angel Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Chop Shop saw it, he fell into a rage and tried to shoot again, but Lian Shi fired a powerful blast of red energy with waves and tigers, and it hit and drenched him.

Lincoln: Wow, Lian Shi, you look beautiful, how do you feel?

Lian Shi: (Divine Echoing Cosmic Voice of The Rainstorm Tiger and Divine Love) I feel incredible, Lincoln. Now, shall we put an end to Chop Shop for good?

Lincoln: (Smiles) With pleasure.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Lian Shi.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Time to die, Chop Shop, your days of causing havoc in Megakat City are over.

Lian Shi and Lincoln went at Chop Shop, and they fired powerful blasts of rainbow energy, crimson red energy, elemental forces, rain, water, arrows, Thunderbirds, Phoenixes, Tigers, and Buffalo, and they exploded with incredible power as they hit Chop Shop. Then, they attacked the insane cat with their weapons, by riddling him with arrows and leaving nasty scars from Lincoln's massive sword.

Lian Shi: (Divine Echoing Cosmic Voice of The Rainstorm Tiger and Divine Love) Let's put an end to Chop Shop for good, Lincoln.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Let's use a combo on that crazy feline, Lian Shi.

Lian Shi and Lincoln: ELEMENTAL RAINSTORM OF JUDGEMENT!

Lian Shi and Lincoln fired a powerful rainstorm of arrows from her new crossbow and rainbow energy blades from Lincoln's massive sword, along with rain showers and elemental forces, and as they hit Chop Shop, he was riddled by arrows, slashed by the rainbow energy blades, and as the elemental forces hit him, they exploded with incredible power, and the resulting explosion killed Chop Shop, and his spirit was Super Hakaied forever. We cheered wildly for what Lincoln and Lian Shi did, as they holster their weapons and power down, and Lian Shi's new body, clothes, weapons, angel wings, and jewelry are permanent.

Lian Shi: That's another enemy of Megakat City put down for good. Thank you for helping me with taking Chop Shop down, Lincoln.

Lincoln: (Smiles Warmly) You're welcome, Lian Shi.

Suddenly, Lian Shi wrapped her arms around Lincoln's waist, and he wrapped his abnormally massive and powerful muscular arms around Lian Shi's waist, and brought her into an embrace, which took her by surprise and that brought an atomic red blush to her face. Then, as Lincoln leaned down to her face, they kissed passionately as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird, Phoenix, and Angel flying in the air, and we also saw a herd of Buffalo and a pack of tigers running across the field and the display of the elemental forces behind them, and we cheered for them.

Nico: That's another enemy of The Swat Kats and Megakat City put down for good.

Chance Furlong: That crazy hairball didn't stand a chance against Lian Shi and Lincoln, those two dealt him some very serious damage.

Commander Feral: Lian Shi and Lincoln definitely showed Chop Shop what happens when he dares to mess with the tigers of Wu.

Me: That's right, mess with the tiger, and you're getting the tiger's fangs at your throat.

Nico: And you'll get torn to shreds.

Grim: (To the viewers) This was a crazy adventure and I hoped you all loved it and it was awesome.

Nico: It sure was. Sorry you got sick Grim.

Grim: It's all right.

Nico: Good. But great job everyone. Lets head home.

We went back home and enjoyed the rest of the day. Buzz was condemned to cleaning the toilets in the bathroom for the next two weeks and it was a punishment he gladly accepted. We later went to sleep.

THE END

Another awesome fanfiction done.

This was based on the funny episode of The Grim Adventures of Billy & Mandy called Night of The Living Grim and that was a funny episode. This showed that Mandy despite being a dark and depressing and devil girl has a heart and cares for Grim. Also poor Grim got sick. YUCK! That was so disgusting how he was sneezing up all that slime and we were shocked to see that the Grim Reaper actually CAN get sick and it was crazy! The episode aired on June 20th, 2003 and it was really awesome and funny. The first two parts of the chapter were all for the awesome Sega Saturn and Xbox games Panzer Dragoon II Zwei which was the sequel to the Panzer Dragoon Game and that is one of my favorites and Panzer Dragoon Orta and that was an amazing game for Xbox. Those games came out in 1995 and 2002 and they were awesome! NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be in the Johnny Test episode How to Become a John-i Knight and it's gonna be a battle between meat and vegetables as Nico, Johnny Test and Poromon & Poliwag are going to become Rib-Eye Knights with mastery over the forces of meat and get awesome Lightsticks and also they are going to get Dark Vegan to join the M.O.E. and also meet a Gourmand Gene-Slammer named Melanie Flores and she is another one of Nico's Newspaper Club friends. The rescue for Lincoln is gonna be in the awesome and really funny Ed Edd N Eddy episode The Good The Bad And The Ed and Lincoln is gonna REALLY show how tough he is when he challenges Rolf for the Hairy Chest of Resilience Badge and also they are going to meet a Water Dragon Gene-Slammer named Laniya Momoshiki who was born in Japan but raised in America. She is also going to reveal how during one of Luan's April Fool's Day prank wars how Lincoln and Luan REALLY PULVERIZED EACH OTHER INTO PULP AND IT WAS EXCRUCIATINGLY BRUTAL! I based that off of the fanfic by Immortal Starscream called The Loud House Chronicles and it was the chapter called Double The Fool and boy that was brutal! The next chapter is gonna be for an awesome underwater battle as we enter a world that's a parody of The Little Mermaid in the Grim Adventures of Billy & Mandy Episode called Hey, Water You Doing? and that is gonna be awesome as we take on Uvula the Sea Hag with the help of Hariel the Littlest Mermaid. Funny.

See you all tomorrow

# Undersea Mermaid Shenanigans

Over in Porkbelly, Nico, Johnny, Poliwag and Poromon are there for another awesome and great rescue.

Nico: Poromon, I want to thank you and Poliwag for coming with me.

Poromon: No problem. You are my partner and I can't leave a partner behind.

Nico: Thanks.

Johnny Test: I wonder what's going on here at home. I hope Eugene isn't pestering Susan again.

Nico: I hope not. That would be funny if we fought him though.

Poliwag: Yeah it sure would.

Suddenly they saw a huge ship in the shape of a huge chicken leg fly above them and it beamed them all up!

Nico: WHOA!

It flew into space!

Nico: WHOA! This is an awesome ship!

Poliwag: Wow!

Poromon: Nico, are you and the others still pissed at me and Poliwag for Buzz's party?

Nico: No way. I can never be mad at you two.

Johnny: That's good but hey I know this ship.

Nico: Really Johnny?

Johnny: Yep.

Then out came came two men in cloaks.

Johnny: Hey!

Nico: Whoa who are you guys?

Rib-Eye Knight 1: We are the Rib-Eye Knights! Protectors of All Things Meat Related from the Tri-Tip Galaxy. And we need your help again Johnny.

Johnny: It's awesome to see you guys again.

Rib-Eye Knight 1: Same here Johnny.

Nico: Oh I'm sorry. My name is Nico Chan. New Leader of Team Loud Phoenix Storm and it's an honor to meet you.

Rib-Eye Knight 1: It's an honor. And we need your help. You are our only hope.

Nico: What's the problem?

Johnny: Is Dark Vegan Threatening your planet again?

Rib-Eye Knight 2: Yes he is.

Poliwag: Don't worry. You can count on us!

Nico: If J.D. can defeat Dark Vegan and Johnny too then so can I.

Poromon: Why does Dark Vegan want to destroy your planet?

Rib-Eye Knight 2: He wants to destroy our homeworld, Planet Sirloin of the Salisbury Nebula. He wants to rid our galaxy of meat.

Nico: That fiend! But he is the kind of villain Jared would like and he eats vegetables. But he doesn't go that far thank goodnes. Too much honor for that.

Rid-Eye Knight 1: That is interesting.

Nico: But teach me your ways and I will gladly help you out.

Poromon: Me too!

Poliwag: Same here!

They were teleported to Sirloin and Nico trained in the ways of the Meat Force. He learned all sorts of great moves that the Jedi would be proud of.

Poromon: Can me and Poliwag train too?

The Rib Eye Knights nodded and the mascots trained too and they were given awesome Lightsticks. The blade was in the shape of a meat fork and they were endowed with the power of the ways of the meat and more. They even have the power to actually MAKE MEAT! WHOA! They were made official Rib-Eye Knights.

Nico: We're ready for this.

Dark Vegan then appeared!

Dark Vegan: I will destroy you Johnny Test!

Johnny Test: I don't think so!

Dark Vegan: (To Nico) Nico!? You're now a Rib-Eye Knight too?

Nico: That's right and also I'm now no longer Second in Command of the team. I've now been promoted to full time leader.

Poromon: Me and Poliwag are Rib Eye Knights too!

Poliwag: YEAH!

Dark Vegan: So I see.

Nico: You know Meat VS Vegetables is one of my favorite most delicious battles of all next making out with May.

Johnny Test: I prefer Meat any day over my dads barforama meatloaf.

Poromon: Lana still likes your dad's meatloaf.

Johnny Test: She can have as much as she wants.

Nico: Yep. Lets dance Vegan. And you would make a great member of our frenemies in the M.O.E. You have served enough jail time and are ready to join them.

Dark Vegan: I'm glad you think so. Lets dance!

They clashed.

Dark Vegan: (to Poromon and Poliwag) Wait. How are you two able to use your lightsticks with no hands?!

Poromon: With our minds.

Nico: I gave them psychic abilities long ago. Taste these. SAUSAGE WHIPLASH!

Nico made a sausage link whip and lashed Vegan all over with it.

Dark Vegan: Wow!

Nico: Top this. SCOTTISH HAGGIS GRAVY MAELSTROM!

He sent a tornado of Scottish Haggis Gravy and spun Dark Vegan in it and he was dizzy!

Poromon: Take this as well! CHICKEN DRUMSTICK MALLOT!

He formed a huge Chicken Drumstick and smashed Dark Vegan with it.

Nico: AWESOME!

Dark Vegan: How did you learn those amazing techniques?

Nico: We learned a massive plethora of techniques and powers over the entire time you were in prison. Our powers have evolved in a tremendous number of ways.

Johnny Test: They sure have and that Gravy technique Nico used would be one that Ed would love.

Poliwag: Yeah Ed LOVES GRAVY! He eats boatloads full of it.

Dark Vegan: That's a lot of gravy!

Nico: You wouldn't believe how much gravy he eats.

?: He sure eats a lot of gravy!

A Gourmand appeared.

Gourmand: (In a girl's voice) I had a feeling you were gonna be here Nico.

Nico: Melanie Flores! Wow!

Poromon and Poliwag: Melanie!

They hugged her.

Gourmand: Wow! Poromon and Poliwag you are looked great.

Poromon: I think you're about the same size as me and Poliwag now!

Gourmand: I think so.

Then Melanie reverted back to human and she was a spring green hair girl with pink eyes and she had green and yellow clothes on and pink boots.

Melanie Flores: Now I'm Nico's size.

Poromon: Awesome!

Melanie Flores: Now I have just the finisher for this Vegan Lover. INTERNATIONAL WORLD MEAT AVALANCHE!

She summoned a massive avalanche of meats from all over the world and it went at Dark Vegan!

Dark Vegan: Aw crud.

SPLAT!

He was knocked down and buried in a huge pile of meat!

Nico: AWESOME! You were taught in the ways of the meat too.

Melanie Flores: It was really awesome to master.

Johnny Test: What's your favorite memory of Nico?

Melanie Flores: I have many memories but I'm one of the Newspaper Club Members he had in high school. I was one of the Tabloid Idea Makers. Me and Nico did a really awesome story to humiliate the local bully Ron McCoy and he was massively infuriated when he saw that story we made on him.

Nico: I remember that. "Ron McCoy is Really a Deranged Lunatic that Collects Cow Hearts to Stuff Into his clothes to make himself tough."

Poromon: EW!

Poliwag: YUCK!

Nico: He actually is a collector of stuffed animals and we humiliated him and made him look bad by saying that. The parents were so disgusted by this and they ran him out of town in an angry mob.

Melanie Flores: That was so awesome!

Nico and Melanie hugged.

Nico: I really missed you.

Melanie Flores: Me too.

Dark Vegan: I'm happy you two are back together.

Nico: You more than earned a position in our usual battles. And I have just the archenemy for you.

Dark Vegan: Who?

Nico: Luka Couffaine. Snake VS Vegetables.

Dark Vegan: Good choice.

They later went back to Earth and told us all about it and it was amazing and awesome.

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Maria, Carmen, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, and CatDog are heading to Peach Creek, and not only is Lincoln going to rescue the fifteen girls there, but Lincoln's going to challenge Rolf for the Hairy Chest of Resilience Badge and he's going to REALLY show how tough he is.

Lincoln: Wow, we're here in Peach Creek, and I know what we're going to do here, not only am I going to rescue the fifteen girls here, but I'm also going to REALLY show how tough I am when I challenge Rolf for the Hairy Chest of Resilience Badge.

Nico: That's right, big guy. This is going to be so awesome.

Me: You said it, Carmen and Eddy had gotten the Hairy Chest of Resilience Badge, and now, it's Lincoln's turn.

Carmen: And it's a good thing you also invited me, Maria, and CatDog for this one, Lincoln, you're about to go through the same trials that me and Eddy went through for this challenge.

Lincoln: I'm more than ready for it, Carmen. I'm known to be really tough, I've gotten roughed up by bullies and my own sisters, specifically Lori, Lynn, Lola, and Luan over the years, but all that's done is built up my endurance, and thanks to the constant workouts in the gym, I've been getting even more stronger.

Lily the Mermaid: And the results definitely show, Linky.

Nico: Yeah, you're 7'0" in height, and you have the abnormally massive and powerful muscular body of a God and a bodybuilder combined, and you're still getting even bigger in muscle from all of those workouts, and pushing your body to break through its limits.

Lincoln: Same with when it comes to fighting villains, Nico.

TLPS Mr. Wolf: And we also got a Gene-Slammer sighted here in Peach Creek, and for the villains, I hope it's the Kankers again.

Nico: It'll probably be the Kankers I'd let go after that little affair at Peach Creek Junior High, I did say that if I saw them causing trouble again, it's straight to the slammer.

We headed for the front of Rolf's house, and we were joined by The Eds and the Cul-De-Sac Kids, and Lincoln walked up to Rolf.

Rolf: Oho, white-haired Lincoln, what brings you to the house of The Son of a Shepherd?

Lincoln: Rolf, I'm here to challenge you for the honor of receiving the Hairy Chest of Resilience Badge.

When the Eds and the Cul-De-Sac kids heard it, they were stunned at Lincoln's bold challenge.

Eddy: (Gasps) Oh man, Double D, tell me my ears weren't lying when I heard it.

Edd: No, Eddy, they weren't, Lincoln's challenged Rolf for the Hairy Chest of Resilience Badge, the same one that you and Carmen had received during the trials.

Kevin (Ed, Edd, N Eddy): Whoa, this is going to be one awesome competition.

Jonny 2x4: Jimmy, let's get the book.

Jimmy: On it, Jonny.

Rolf had a smile on his face at the bold declaration from Lincoln.

Rolf: Ho ho, Rolf likes hearing the bold determination in your words, white-haired Lincoln. Very well, let the test begin!

The flag is raised over the construction site. But, this is not the usual Urban Rangers flag; this one is red and white and features a picture of a muscled torso. We sit on a stack of woods, ready to enjoy the show.

Jimmy: Hear ye, hear ye! You brave men are about to embark on a series of tests! [Flipping the book open] Ordained by the Grand Poobah of the International Urban Rangerhood! Make your way to the Circle of Supremacy!

As Jimmy was talking, Jonny had drawn a ring around the competitors, and Lincoln and Rolf entered the ring.

Lynn: This is going to be one epic challenge.

Nazz: Eddy and Carmen passed those trials and they got that badge, and now, it's your brother's turn.

Luan: If they were able to do it, then so can Lincoln.

We then saw Lincoln's harem dressed in Cheerleader outfits, and they were ready to cheer their man on.

Jimmy: The contenders must endure without a murmur, a mumble, or a mutter of grief in order to earn the coveted Hairy Chest of Resilience badge. The first test:

Jonny: The Wax of Wailing!

Jimmy: Assistants Lynn and Double D, liberally apply the wax to Lincoln's leg, adhere the leather strap to the wax, and await my signal.

Lynn and Edd follow the instructions, and applied the wax to Lincoln's leg, and Jonny did the same for Rolf's leg.

Jimmy: Are we ready?

He looks around, and Lincoln shoots him a thumbs-up. Jimmy blows a whistle, and Jonny rips the strap off, waxing Rolf's hairy leg which shows a lot of hair. Rolf doesn't even react, though his leg does sprout more hair, at swollen pores. The kids look at Lincoln, concerned.

Lynn: Get ready, bro.

Lynn rips the strap off, and like Rolf, Lincoln doesn't even react, but it left a bright red mark on his muscular leg. We gasped in pure shock and awe, including Rolf.

Eddy: Holy Cow, Lincoln didn't even flinch.

Rolf: Ho ho, you must be really tough as to not cry from The Wax of Wailing, impressive word, white-haired Lincoln.

Lincoln: (Smirks) Thanks, Rolf, but we're just getting started.

The massive confidence and bravery coming from Lincoln had caused the girls in his harem to get an atomic red blush on their faces. We then moved on to the next trial in Jimmy's house.

Jimmy: Gentlemen! The second test is:

Jonny: The Bumping of the Funny Bone!

Edd ties Lincoln's abnormally massive and powerful muscular left arm to the arm of a chair.

Rolf: Gather your fortitude, Ranger Jonny!

Lincoln: You too, Lynn.

[The whistle blows.]

Lynn turns the chair and slams Lincoln's elbow into a file cabinet repeatedly, but he only grimaces a bit, and on the other side of the room, Rolf undergoes the same treatment at Jonny's hands, and he also grimaces a bit.

Rolf: Don't make Rolf come up there, Wood Boy! Faster! Faster I say!

Lynn: So, that's how he wants to play it?! Lincoln, hold on!

The turning quickens. Soon enough, the match ends, and Edd rushes in with his first-aid kit. But, Lincoln was okay.

Edd: So far so good, Lincoln, you've passed two of the trials, now comes the next trial.

Lincoln: I know, Double D: it's The Bramble Bush of Bellyache! You girls better cover your eyes for this one.

The competition is now in the woods. The competitors stand in front of brambly, entwined bushes, Rolf sporting a robe, and the same goes for Lincoln.

Jimmy: For the third test, wearing only your birthday suits, you must crawl through:

Jonny: The Bramble Bush of Bellyache!

The girls in Lincoln's harem covered their eyes, and the same went for Lincoln's sisters, Maria, Carmen, and Nicole Knudson, and the boys.

Rolf: The prickly maiden of the bramble awaits!

The whistle toots, and Jimmy waves the flag. Rolf and Lincoln take off in a naked blur. Then, Lincoln and Rolf came out, and Lincoln snapped his fingers, and he had on his clothes again, and we uncover our eyes.

Rolf: Impressive work, white-haired Lincoln, that's three trials done, but the greatest test must yet be realized.

We are now gathered in the park.

Jimmy: The next test is called:

Jonny: The Pendulum of Protest!

Rolf and Lincoln are tied to the swing set. On either side of them are giant boulders.

Rolf: As it is said in your country, let her rock!

Ed starts the contraption, and it goes like clackers for a few rounds. Jimmy blows the whistle.

Jimmy: You both have done well. With this last test, we'll determine who will receive the coveted Hairy Chest of Resilience badge! Gentlemen, I give you:

Jonny: The Tour of Tears!

A banner waves over the starting line. Rolf and Lincoln are on diving boards that jut out from a cliff. Rolf and Lincoln stand tall, ready to take it on. The whistle gives a mournful toot, and Edd looks on fearfully, and Ed looks on absent-minded as Rolf and Lincoln leap off the board and grabs massive air before diving towards Earth. They fall into a water tank for a train and land in its path as it goes by. The train pushes them forward. Slowly, they slide off its front and fall under it. The train goes one way, and Lincoln and Rolf are detoured along another set of tracks when Jimmy and Jonny change the track, and they land on a couch.

Lincoln: It's not over yet, is it, Rolf?

Rolf: (Ominously) No, it has just begun.

Jonny and Jimmy untie a rope, and the sofa shoots them away like a slingshot.

Ed: Catch you later, Lincoln!

Eddy: Come on, guys, I know exactly where Rolf and Lincoln are going to land.

The competitors soar through the air, and on the ground, we hurry to the construction site.

Edd: Oh, my.

Eddy and Rolf land in the center of the circle, and the earth cracks around them. The kids cheer, but Rolf passes out one second before Lincoln, as he passes out a second later after Rolf. But, Lincoln stands up proud and tall, and everyone cheers wildly, and he receives The Hairy Chest of Resilience Badge, and he also scoops up Rolf and he carries him on his wider and more muscular back to our infirmary, and we also cheered at the sight of this act of good sportsmanship.

Eddy: Awesome work, Lincoln, you did it!

Me: Alright, way to go, big guy!

Lincoln: Did I win?

Edd: Yes, you did, Lincoln, Rolf passed out one second before you. But, you then woke back up, and you stood up from the ground, and everyone also cheered for what you did in carrying Rolf back to the infirmary to get bandaged, and he's proud of you for that.

Lori: And so are we. I thought that it would be a bonkers idea for you to literally go through with it, but you proved just how tough you were, bro.

Lincoln: Thanks, Lori, and don't worry about all the wounds I'd gotten. Watch this.

We then saw Lincoln's superhuman regeneration and healing factor kick in, along with Majin Buu's powers, and we saw all of the wounds and bruises that Lincoln had gotten all over his abnormally massive and powerful muscular body heal completely, and we were amazed.

Nico: Awesome, and it wasn't just your superhuman regeneration and healing factor, but you also have Majin Buu's powers, right, Lincoln?

Lincoln: That's right.

Suddenly, we saw Lincoln's Hairy Chest of Resilience Badge glow, and we saw a tattoo appear on his massive left muscular forearm, it was a bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" We were amazed by the tattoo.

Lincoln: Wow, this is one tattoo.

Lincoln 2: (Chuckles) Actually, Lincoln, it's more than just a tattoo, it's actually the mark of manhood, and I should know, I have the same thing as well on my left forearm.

Luna Loud: Whoa, now that's one sweet mark of manhood, dude!

Nicole Knudson: Incredible, and it also goes with your spicy tattoo on your broader and muscular left shoulder, Lincoln.

Lincoln: That's right, Nicole. Now, if I'm not mistaken, we'll soon hear the call for help, along with the familiar sound of cackling in the air.

?: HELP!

Suddenly, Lincoln heard the sound of fifteen girls calling for help, along with the sound of cackling in the air. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the fifteen girls, but they've been cornered by the Kanker Sisters that Nico had let go, and they're going to kill them.

Lincoln: I knew it, guys, I found the fifteen girls, but they've been cornered by the Kanker Sisters that Nico had let go, and they're going to kill them.

?: (Japanese Accent) Those kissy-faced banshees, let's get them.

Suddenly, we saw a Water Dragon appear before us in a stream of water.

Lincoln: That voice, I knew it was you, Laniya Momoshiki, but we'll have to talk later. Let's get those stupid Kankers!

Nico: As Lori would say, I'm literally going to turn those trailer bitches into human pretzels!

Lori: Nice one, Nico.

We rushed on over, and Lincoln fired three powerful rainbow energy balls, which hits the Kankers in their backs, and that allowed the fifteen girls to get away. When the Kankers saw us, they were mad that we were here.

Lincoln: Nico did make the right call when he let you three go, but he did give you a warning: but as always, you three were too stupid not to even care about the consequences. Well, now we're through with playing nice, now, we're sending you three straight to prison for good.

Nico: But, not before we rough you three up.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms, The Eds transform into their Super Angel 750,000,000,000 forms and unholster their massive swords, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transform, Maria, Carmen, and CatDog made weapons out of their respected elements, and Me, Eli, Nicole, and Nico transformed and unholstered our massive swords from our backs and we went at the Kanker Sisters, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, ice, lightning, stars, rainbow flames, and rainbow crystals at them, and they exploded with incredible power as they hit them.

Lincoln fired three powerful blasts of rainbow energy, which tied The Kankers up in rainbow energy straitjackets and rainbow chains, and he beamed them to The Neptune Cryoprison, and merged them with the ones that were already there, and we cheered wildly for what we did, as we holstered our weapons on our backs and power down.

Nico: You stupid Kankers have failed this world infinite-fold!

Lincoln: That's telling them, Nico! (To Laniya Momoshiki) And it's so good to see you again, Laniya.

Laniya Momoshiki: (Japanese Accent) You too, Lincoln. it's been a long time.

They went up to each other, and they hugged, and Laniya

Momoshiki was very surprised at how much stronger and at how much taller and much more muscular Lincoln's gotten since she last saw him.

Lincoln: It sure has been a long time, I haven't seen you when you were eleven, and I've grown a lot since then.

Laniya Momoshiki: (Japanese Accent) Yeah, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs. And I was also rooting for you during the trials for the Hairy Chest of Resilience Badge, as always, you're tough as nails, Lincoln.

Lincoln: Thanks, Laniya.

Nico: Wow, Lincoln, you know her?

Lincoln: Yes, I do, Nico, this is Laniya Momoshiki, she was born in Japan, but she was raised here in America, and she also something really surprising to tell us, it's about one nasty April Fool's Day prank war that I got into with Luan, and we really pulverized each other into pulp.

Nico: (Stunned) Whoa, that sounds brutal, I can't wait to hear about that one.

Lincoln: Trust me, it's not for the faint of heart, Nico. Right now, let's get you back to normal, Laniya, guys, cover your eyes. Hold still, Laniya, this is going to hurt.

Me, Nico, Eli, and the rest of the boys had covered our eyes as Lincoln snapped his fingers, and Laniya was reverting back to normal. Laniya Momoshiki is a beautiful 17-year-old with long ocean blue hair going down to the bottom of her neck, blue eyes, fair skin, she's 6'0" in height, she had the body of a goddess, and she also now has massive dark blue angel wings, as she reigned in the power of Water Dragon.

Lincoln: How do you feel, Laniya?

Laniya Momoshiki: (Japanese Accent) Good. (Realizes she's in her

birthday suit) But, I'm also in my birthday suit.

Lincoln gave Laniya Momoshiki a new wardrobe, a sleeveless ocean blue shirt with a blue phoenix and blue skirt with the Water Dragon on it, ocean blue pants, ocean blue leather ankle-high combat boots, and a long ocean blue sleeveless trenchcoat with ocean waves and dragons on the coattails and the Water Dragon on the back, and on her back is a large Water Dragon-themed sword with a 6'5" massive, wide, double-edged, man-sized ocean blue blade with the Water etched on it, large ocean blue dragon heads with blue gems for the crossguard, large ocean blue gem for the hilt, longer ocean blue handle, and four large ocean blue dragon heads with blue gems for the eyes and four large blue gems in its mouths for the pommel.

Laniya Momoshiki: (Japanese Accent) Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Laniya Momoshiki's neck with ocean blue gems on the gold lightning bolts and dark blue crystals links from her new Crystal Necklace of the Buddha.

Laniya Momoshiki: (Japanese Accent)(Surprised) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Laniya.

Laniya Momoshiki had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the fifteen girls, and when Lincoln saw them, he immediately recognized them. The fifteen girls are Moka from Ozanari Dungeon: Kaze no Tou, Saltorine Ardalake from Peach Boy Riverside, Masaki Nonoka, Misumi Tomoe, Muroto Aki, Niimi Haruka, Sakura Mai, Sanehara Hikari, Yunoki Rina, Kitagawa Misa, Kurebayashi Katsumi, Maeda Kanon, Narita Ruu, Ootani Momoko, and Uchida Yuuko from Photokano.

Helena McTroy: From Ozanari Dungeon: Kaze no Tou, Peach Boy Riverside, and Photokano, awesome.

Lincoln: Are you girls okay?

Moka (Ozanari Dungeon: Kaze no Tou): Yes, we're okay, thanks to you for saving us from those banshees.

Then when Moka and the other fourteen girls saw who it was that saved them from The Kanker Sisters that Nico spared, their faces turned atomic red upon seeing the 17-year-old 7'0" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

Moka (Ozanari Dungeon: Kaze no Tou): Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made fourteen clones of himself, and he and the fourteen clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Moka (Ozanari Dungeon: Kaze no Tou): (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, fifteen Thunderbird Necklaces of Eternal Love appeared around the necks of Moka (Ozanari Dungeon: Kaze no Tou), Saltorine Ardalake, Masaki Nonoka, Misumi Tomoe, Muroto Aki, Niimi Haruka, Sakura Mai, Sanehara Hikari, Yunoki Rina, Kitagawa Misa, Kurebayashi Katsumi, Maeda Kanon, Narita Ruu, Ootani Momoko, and Uchida Yuuko with colored gems and crystals on the gold lightning bolts. We returned to the Estate, we told everyone what happened and Lincoln showed everyone that he won the Hairy Chest of Resilience Badge, and they cheered for him, but during the rescue, they were shocked when they found out the villains we went after were the Kankers that Nico had spared.

But, when Lincoln showed what he did to the Kanker Sisters, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Laniya Momoshiki have a lot of catching up to do, now that she's back in town.

---

After Lincoln's rescue and competition in Peach Creek and throwing

The Kanker Sisters in prison, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Laniya Momoshiki saw Lincoln working out like crazy, she had an atomic red blush on her face.

Laniya Momoshiki: (Japanese Accent) Whoa, Lincoln's really grown to be a 17-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Laniya, and now, I can also fight and defend myself.

Laniya Momoshiki: (Japanese Accent) That's incredible.

Nico: It sure is, Laniya. So, can you tell us about how Lincoln and Luan really pulverized each other into pulp during one of Luan's April Fool's Day prank wars?

Laniya Momoshiki: (Japanese Accent) Gladly. I was walking through Franklin Avenue, and then, I had heard an explosion coming from The Loud House, and I thought Lisa was at it again. But, I remember that it was April Fool's Day, and that was the dreaded day for The Louds, except for Luan. Lincoln had the rest of his sisters hiding in Lisa's bunker, and then, he told Luan that he wasn't going to deal with her April Fool's Day prank crap anymore, and he declared a prank war on her, and as the old saying goes: mess with the bull, and you get the horns, and in this case, Lincoln's the bull, and Luan was the one about to get the horns.

Then, total mayhem erupted as Lincoln and Luan pulverized each other with their crazy pranks, and all of them had suffered some nasty bruises and injuries, as they went from room to room all through The Loud House, and then, the climax came when Lincoln and Luan got into a pretty nasty physical fight, and Lincoln landed some pretty devastating punches, kicks and blows on Luan, and she also did the same to Lincoln, and it went on for 10 whole minutes without a single one of them giving up, but the fatigue did set in, as their fighting started slowing down and became sloppy, and then, they both knocked each other out. It was really bad as I called Mr. and Mrs. Loud back home, and as soon as they arrived, they saw Lincoln and Luan badly beaten up and bruised, and I told them Lincoln wasn't going to deal with Luan's crazy April Fool's Day pranks anymore, and he declared a prank war, and I then explained everything that went on in The Loud House, and when I was all finished, they were shocked to the extreme. I took Lincoln up to his room, and I decided to stay with him throughout the whole day, and I gently cuddled him, while Mr. and Mrs. Loud took that lunatic to her room.

The next day at 1:00 in the afternoon, Lincoln woke up, and he saw that I was there with him, and I explained everything that happened. When Lincoln got up, I saw all of the bruises and marks all over Lincoln's body and face. I was so horrified, I wanted to go to Luna and Luan's room and rip her a new one, but I didn't, Lincoln needed me, so I stayed and helped him get dressed. Then, when I showed them the extent of Lincoln's injuries and bruises on his body and face, Lori was so mad at Luan, she said, "When that mediocre comedian wakes up, I am literally going to turn her into a human pretzel!" They were right to be angry, Lincoln took a 20-Man Beating from that pranking lunatic, and as soon as Luan came down, they were going to really pulverize her. But, when we saw her completely tye-dyed head to toe in blue dye, we busted out laughing hysterically at Luan.

When Laniya Momoshiki was done, we were horrified.

Me: (Horrified) My God.

Nico: (Horrified) And I thought Connor was that evil of a genius when April Fool's Day arrives.

Then, when we saw the injuries on Lincoln and Luan from Laniya's phone, we winced at the sight of them. But, when we saw Luan tye-dyed in blue dye, Nico, Eli, and I busted out laughing hysterically.

Nico: (Laughing Hysterically) Oh man, you sure got her good, Lincoln, awesome.

Me: (Laughing Hysterically) Like he said, Nico, Luan messed with the bull, and she got the horns.

Eli: (Laughing Hysterically) Oh man, that was so brutal.

Lori: But, now we had a new rule: never make Lincoln mad, or else, you're getting the horns.

Laniya Momoshiki: (Japanese Accent) Luan should've learned her lesson after that, but that dark side of hers never learns, and wanted revenge.

Lincoln: But, we threw that lunatic in an indestructible diamond prison, and threw her back in her cell in The Pluto Prison, but this time, in a special room along with all the other dark sides, where no Dark Orbs, Aparoids, or Number Cards will ever free them again.

We then got a shower afterwards, and after that, Lincoln and his harem were getting ready for their date, and this time, it's at Autumn Mountain in the world of Mario. They were dressed in their regular clothes.

Lincoln: Alright, ladies, shall we?

Lily the Mermaid: Of course, Linky.

Lincoln and his harem head out of the Estate, and they arrived at Autumn Mountain in the world of Mario, and it was a beautiful forest filled with autumn-colored trees and tall, grassy fields.

Laniya Momoshiki: (Japanese Accent) Wow, what is this place, Lincoln?

Lincoln: This, Laniya, is Autumn Mountain, in the world of Mario. Mario told me about it, and it's just as he described it, and the forest is filled with autumn-colored trees and tall, grassy fields, it's so awesome.

Lily the Mermaid: It's like when Autumn arrives in Connecticut, and the leaves then turn into the very beautiful colors of red, orange, and yellow, the colors of Autumn.

Lincoln and his harem walked through Autumn Mountain, and they took pictures of the place to show us later on. Then, they had lunch underneath one of the trees, and as soon as the sun's about to set, Lincoln made clones of himself, and he and the clones went to the girls in his harem, and they picked them up in their abnormally massive and powerful muscular arms, and just as the sun turns orange, they passionately kissed and hugged.

Suddenly, they saw something happen in the skies, it was a beautiful display of cosmic rays in the skies. Suddenly, the cosmic rays then hit Lincoln, and he was exposed to massive amounts of cosmic radiation, just like me, and they saw Lincoln's rainbow energy aura with elemental forces flare up extremely, as he was gaining a very massive power and energy boost to his now infinite power, and his mind was opening up, as his superhuman intelligence increased dramatically, as he gained the secrets of the universe.

Lily the Mermaid: Linky, are you okay?

Lincoln: Actually, I'm better than okay, Lily. I feel even more stronger and powerful than ever. Wait, I've been hit by cosmic radiation, just like what happened with J.D., oh man, we've got to tell the rest of the others of what happened.

They headed back to the Estate, and we also sensed what happened.

Me: Lincoln, we just felt a massive and astronomical power boost coming from you, are you okay?

Lincoln: That's what I wanted to tell you guys, when we were about to leave, we saw the display of cosmic rays in the skies, and then, I got hit with massive amounts of cosmic radiation, and I gained a very massive power and energy boost, and now my power is now infinite, just like yours, J.D., and I also felt that my mind was opening up, as my superhuman intelligence increased dramatically, as I'd gained the secrets of the universe.

Me: That's just like what happened to me, whoa.

Nico: Incredible. But, I'm so glad you're okay, Lincoln.

Lincoln: (Smirks) Actually, I'm so much more than just okay, Nico. I feel even more stronger, smarter, and more powerful than ever, and I feel even more energetic than I've ever been in my whole life. It feels like every cell, muscle, and fiber has been supercharged infinitely, and my superhuman abilities and powers have gotten a supercharged power boost.

Lincoln then made clones of himself, and he and the clones lifted all of us up with incredible ease, and they hugged us, and we hugged them back. Then, they did the same to the girls in his harem, but they wrapped their abnormally massive and powerful muscular arms around their waist, and then, they leaned down to their faces and they kissed passionately, but became even more super-charged than ever. When Lincoln separated, the girls' atomic red blushes became even more bright red, and they had beating red hearts in their eyes, and Lincoln and his clones lifted them up bridal style in their abnormally massive and powerful muscular arms.

Laniya Momoshiki: (Japanese Accent) Whoa, now that's how a man kisses his future wives.

Lynn Sr.: Uh oh, I hope he's able to keep his hormones in check.

Me: That's right, ever since puberty hit Lincoln like an incoming freight train, his hormones have also been given a dramatic increase. But, he's definitely kept them in check.

Nico: Awesome, but he's taking his make-out sessions with his harem to a new level.

---

Sheila's Second Ambassador Mission was next

Sheila: Next time, Unicorn's going with me and the Lupinrangers.

Me: Good idea. You'll like where we're going to next Sheila. We're going to meet Lupin and his gang over at the ruins of Cyrille Le

Paradox's estate.

Nico: Awesome! I heard that after Sly and the gang defeated Le Paradox and put him away for good, his entire mansion completely fell into disrepair and was left there to rot like an open wound. Also all of his assets were seized and he lost everything and all the priceless stolen treasure was recovered no one would ever want to go into that house ever again.

Slaigh MacCooper: (Scottish Accent) This will be most enjoyable lads.

Salim: (Arabic Accent) I may have retired from Thieving but it will always be a part of me.

Me: It sure will. And I heard that some of the treasure in the Le Paradox home has not yet been fully recovered. One treasure is still missing to this day.

Nico: Yep. (Turns a page in the newspaper) The Neptune's Heart Sapphire, the Largest Sapphire in the world. Priceless. Mysteriously disappeared from the Cairo Museum 10 years ago.

Me: Whoa! Looks like we're going to see if we can find it.

Sheila: Yep. We're off.

We were off to Paris.

We arrived and Lupin and gang saw us.

Lupin III: Hey Sheila.

Jigen: Who's this?

Sheila: Lupin, Jigen, Goemon, meet my fiancé.

Eric Loud: Sergeant Eric Loud - United States Navy Seals.

Lupin III: Awesome to meet you Eric.

Me: Also these are Sly Cooper's Ancestors.

Sly Cooper: Long story behind them but this is my entire family line.

Me: For over 12,000 years Sly's family has been stealing from Criminals ever since 10,000 B.C.

Lupin III: Wow! It's an honor to meet you all.

They were introduced.

---

Caveman Cooper - The first known Cooper, Bob was a cave thief from Gungathal Valley circa 10,000 BC. He stole pterodactyl eggs as food for his tribe. His major contribution was the invention of the tool that became the very first cane. His special ability was being able to climb on icy surfaces. He could not do common Cooper moves such as the Ninja Spire Jump or Rail Walk due to his enormous size.

Slytunkhamen Cooper I - Sly's ancestor from ancient Egypt circa 1350 BC, he was the father of Slytunkhamen II and the creator of the Thievius Raccoonus. His signature ability was to turn invisible to aid in stealing from corrupt pharaohs and greedy noblemen. He was the earliest ancestor known to Sly before the Cooper Gang's escapades in the Ice Age.

Slytunkhamen Cooper II - Sly's ancestor from ancient Egypt circa 1300 BC and supposed creator of the Cooper Vault. He had two canes that bore a striking resemblance to the Egyptian Khopesh, and these were hand-me-downs from his father. He was skilled at creating the traps that were used in ancient Egyptian tombs.

Salim al-Kupar of Arabia - Sly's ancestor from middle age Arabia, who was an old man by 1001 AD. Salim was said to have the stealth of forty thieves, and was also a member of an organization of master thieves called the Forty Thieves. His weapon was a curved, hooked blade sporting a scimitar-like look, but with a much thicker blade. He perfected the climbing technique by creating a move called the Climbing Cobra. He owned a magic carpet and loved to eat.

Sir Galleth Cooper of The Knights of The Cooper Order - Sly's ancestor from medieval England circa 1301 AD. He was an honorable knight and cunning thief who fought with a lance featuring a hook point. He perfected the wall hook climbing technique by creating a barrier-smashing move called the Catapult Crash.

Slaigh MacCooper - Sly's ancestor from 15th Century Scotland. The strongest of all of the Coopers, he could break any lock with a single blow using his large wood cane with a stone crook. He was the Cooper who created the wall edge move.

Rioichi Cooper - Sly's ninja ancestor from feudal Japan circa 1603 AD. He created the Ninja Spire Jump and implemented Japanese artwork of himself in his part of the vault. His weapons were two small canes; they resembled hooked sais before Thieves in Time, where they were instead bamboo canes that could connect into one longer cane. He used the Spire Jump to sneak into heavily fortified castles in Japan. He was also responsible for the creation of the Leaping Dragon technique, allowing him to jump far distances from a ninja spire point. The Leaping Dragon technique, unlike its predecessor, was not recorded in the Thievius Raccoonus. He also invented sushi, with his first serving coming from his dying best friend and fellow ninja, who was a shark.

Henriette "One-Eye" Cooper - A female ancestor of Sly and also a pirate who sailed the seas circa 1616 AD and stole from other pirates. Originally wielding a hooked dagger, she lost a hand and replaced it with a pirate hook shaped like that of the trademark Cooper cane.

"Tennessee Kid" Cooper - Sly's outlaw ancestor from the Wild Western United States circa 1884. He carried two six-shot revolvers with hooked handles before switching to a single revolver rifle with a hooked handle named "Ol' Blue" by 1884. "Tennessee Kid" also invented the Raccoon Rail Walk and Rail Slide. He used these to his advantage, due to the fact that there were many train rails all over the land. He also created the Crackshot technique exclusively for gunslinging, and it was not recorded in the Thievius Raccoonus, although Rail Walk and Rail Slide were.

Thaddeus Winslow Cooper III - A Cooper from Victorian-era London, 1839 or 1893,[note 1] who was the most "gentlemanly" thief and a master of disguise. He had a cane similar to Sly's; the only difference between the two is that Thaddeus' cane has a red ruby-like gem at the end of its hook.

Otto van Cooper - A presumably-European ancestor of Sly who was a genius mechanic and skilled fighter pilot, much like Penelope. Due to his physical ineptitude, he used his talent to pull off heists with his machines facilitating his thievery. He kept some of his technical blueprints in the Thievius Raccoonus. The propeller blades of his biplane were shaped like the trademark Cooper hook.

Connor Cooper - Sly's father, who used the same cane that now belongs to Sly. Before being killed by the Fiendish Five, he pulled heists with Jim McSweeney and Dr. M as a team, and also created a laser slide technique. He is usually seen either from the neck down or as a silhouette throughout the series. He did not write the laser slide move in the Thievius Raccoonus; rather, Sly learned the move while in the Cooper Vault.

---

Marie Cooper - Conner's wife. Very little is known about her, as she has no confirmed entries written in the Thievius Raccoonus and also no section in the Cooper Vault.

Jigen: Wow! It's a huge honor.

Connor: Pleasure is ours.

Lupin: Sheila, while we're heading to our destination, can you tell me what your Shredlegs transformation feels like?

Sheila: It was excruciatingly painful and it felt like I was being torn apart and then put back together in a weird way.

Me: It was crazy.

Thaddeus Winslow Cooper: (British Accent) That is most crazy chap.

Me: It was.

Lupin III: Yeah. I heard we're going to the old Le Paradox Mansion.

Me: Yep and you would not like the Le Paradox Family. They have been a rival thieving family of the Coopers for Centuries. But the Cooper Clan has always been able to leave them in the dust. They are the most unsuccessful family of thieves in the world. And the worst part is that they are the stinkiest animals on the planet. They are Anthropomorphic Skunks.

I went over their history.

---

Similar to their rivals, the Cooper Clan, the Le Paradoxes were a family of thieves that were multicultural and spanned across the globe. Their operations spanned from Feudal Japan to the Roman Empire.

However, unlike their rivals, the Le Paradoxes were, according to Cyrille Le Paradox, mostly unsuccessful and that the Coopers' success was the source of their misfortune. It didn't help that they weren't entirely stealthy since their stench always gave them away. It came to the point where the latest member of the family was placed in prison with a life sentence with no apparent heir.

---

When I was finished they were shocked.

Lupin III: That's crazy! But what's the history of Cyrille Le Paradox?

Me: You would not like him one bit and I hate him too.

I went over his history.

---

Cyrille Le Paradox is a former collector of rare items who worked in the trafficking of priceless stolen treasures, while also owning a museum to cover up his crimes. He planned on creating a false royal ancestry by time traveling to the past in order to become of worth in the present. He also tried to ruin the Cooper Clan by stealing their canes, thus rewriting Cooper history, but ultimately failed.

He is the main antagonist of Sly Cooper: Thieves in Time and is voiced by Nolan North.

## Background

Le Paradox came from a long line of master thieves, the Le Paradox clan, similar to Sly Cooper, though his family is nowhere near as infamous as Sly's. Years prior, Conner Cooper's theft of the world's biggest diamond had made him a legendary thief. It turned out that Le Paradox's father had planned to steal it first and frame Conner Cooper, but Conner was quick enough to get it first, and Le Paradox's father got himself caught instead and earned a life sentence behind bars.

Le Paradox doing business.

Without a mentor in the family business, Le Paradox eventually got himself arrested after a string of failed jobs. Ironically, it was in prison that he got his criminal education. He got his fellow inmates to do his dirty work when he could never do, manipulating the ones he could convince and bribing the ones he couldn't. After his release, he used these new skills coupled with his prison contacts to form his own syndicate. After this, he started masterminding heists worldwide while maintaining the appearance of a law-biding citizen, becoming an art collector, while actually working in the illegal, black-market trafficking of priceless stolen treasures.

Once he rebuilt himself, Le Paradox swore that he would erase the Coopers from history all on account of his father's death-ending misfortune. He planned on doing this by stealing their canes, the signature weapon of the Cooper Clan. However, he actually hired several other criminals to steal the canes for him, rather than doing it himself. He provided his henchmen with modern-day security systems and other devices so they could effectively keep watch over the time period they were sent to.

## Hiring Penelope

Along with four others, Le Paradox also recruited Penelope in his plan to destroy the Cooper line. Like Le Paradox, Penelope had a dislike for Sly which sprouted from her believing that Bentley's full potential was being blocked by Sly's morals. After she willingly joined, Le Paradox had her create a time machine based on the plans of the one that she had built with Bentley; however, Le Paradox's had one major difference: an item from the time that the user wished to travel to was not needed and the year could just be inputted in. He sent her to Medieval England and entrusted her with watching over that time period as well as stealing Sir Galleth Cooper's cane for him.

## Cover blown

One night, Le Paradox met with two of his henchmen, Toothpickand Miss Decibel, and ordered both of them to keep the canes of "Tennessee Kid" Cooper and Salim al-Kupar (respectively) safe once they had stolen them. After he took them to their respective time periods, Le Paradox returned to his museum to unload some stolen treasures to display in his museum. While he was doing so, Inspector Carmelita Fox appeared. Le Paradox had his rat troopers restrain Carmelita and he sent her to Toothpick's time period, Cotton Mouth Bluff in the year 1884 AD. With Carmelita taken care of, Le Paradox had seemingly maintained his cover.

## Stealing the canes

Le Paradox's first stop was to a village in Feudal Japan, the era of Rioichi Cooper. It was unknown who exactly framed Rioichi by poisoning the local Shogun's sushi, though both Le Paradox and El Jefe, a dictator who specialized in "collecting" countries, were involved.[6] However, Rioichi's cane was hidden under a rug in his Sushi Shop, leaving Le Paradox without his prize. With this, he stayed in Feudal Japan, giving El Jefe technological devices to find it and allowing him to attempt a take over of Japan. He docked his zeppelin in the local palace, which also acted as El Jefe's base. Later, when Rioichi was freed by Sly and his gang, Le Paradox's rat troopers stole Rioichi's cane after Sly defeated El Jefe in a duel. With his prize in hand and realizing he was being tailed by the other set of time travelers, he set out for his next target.

In Cotton Mouth Bluff, Toothpick was successful in stealing "Tennessee" Kid Cooper's cane, but before Le Paradox could come pick it up, Tennessee had retrieved it. Rather than go to the time period himself, Le Paradox sent several of his rat troopers instead. While Tennessee raided Toothpick's train, the troopers were able to snatch the cane and take it to Le Paradox.

Le Paradox's next cane to pick up was that of Bob Cooper. This time around, there was no interference by the owner of the cane and Le Paradox was quickly able to get it from Grizz. When Grizz was running out of paint for his artwork, which was obtained by the pterodactyl eggs he had been stealing, he requested that Le Paradox supply him with some as a return favor for him getting the cane. Le Paradox refused to help his henchman in his personal problems, and continued on with his own plans.

Penelope was able to give Sir Galleth Cooper's cane to Le Paradox before her defeat by the Cooper Gang. He now had but one cane to collect: Salim al-Kupar's. Picking up the cane was not the only business he had in Arabia, however.

## Changing the present

Upon hiring Miss Decibel, Le Paradox had also assigned her with kidnapping the remaining members of the Forty Thieves and using her hypnotic powers to force them to make forged documents. These papers would proclaim that he came from a royal bloodline, and once he brought them back to the present day, he would be untouchable. In Arabia, he met with Decibel to discuss what supplies were needed to keep the thieves at work. Due to Ms. Decibel's low supply of food for the thieves, Le Paradox agreed to give her some more, but warned that she had better get the documents to him quickly. Le Paradox stayed in the time period, docking his blimp in the city's lamp shop.

After the Cooper Gang freed the thieves and infiltrated the lamp shop, Le Paradox finally revealed himself with Carmelita as his hostage. He sent his rat troopers to drop down and steal Salim's cane, the final one that he needed. He made various snide remarks during the fight between Sly and Ms. Decibel. After the fight ended, Decibel frighteningly requested that Le Paradox let her in the blimp.

He mockingly rejected her and explained that he did not share the same romantic feelings that Decibel had for him, saying that he was "not into big noses and that her music [stunk] even worse than [he did]". With the forged documents, the Coopers' canes and Carmelita in hand, Le Paradox took his blimp into the sky and time traveled back to present-day Paris.

## Beaten by a Cooper

Back in the present-day, Le Paradox used the documents to proclaim his supposed royal bloodline, and came into control of Paris, going so far as to have a sculpture of his head mounted on the top of the Eiffel Tower. He stashed the Cooper canes in various rooms of his blimp. Anticipating that Sly would come to rescue Carmelita, Le Paradox placed her near the loading dock as a trap. Sure enough, Sly infiltrated the blimp and while he was trying to free Carmelita, Le Paradox trapped both of them within a glass container.

Bentley and Murray recruited the other ancestors so that they could reclaim their canes. After that was done, Le Paradox explained his motives to Sly and Carmelita and also showed them the "time tunnel", which he planned to throw them into. Before he could, Tennessee shot the container and set Sly and Carmelita free. Le Paradox was enraged at Tennessee, and accidentally caused the time tunnel to malfunction and tear a hole in space-time.

Sly then engaged Le Paradox in a duel on the deteriorating blimp. During the fight, Le Paradox declared his intent was to triumph over the Coopers as the best thief in the world, believing he proved himself superior to the Cooper Clan by robbing them of their canes. Sly called him an idiot for thinking this and informed him that his egotistic actions had actually cost him everything, that by traveling back in time to rob the Cooper Clan, he also blew his own cover as an art dealer and exposed his black market operation to INTERPOL. Moreover, that Le Paradox couldn't truly take credit for the thefts because he never actually stole any of the canes himself, he just paid other people to do the jobs for him. Le Paradox pondered on Sly's words and realized he was right before continuing the fight. Soon, after losing, Le Paradox slipped and begged Sly to help him up from falling off. After Sly helped him, he tricked the Cooper and grabbed his backpack. Le Paradox then made his escape using Sly's paraglider. Just as he was gliding down, he was hit by the wing of a passing airplane. Without the paraglider, Le Paradox fell down into the waters surrounding Paris. He survived the fall and kept himself from drowning by floating on a piece of his wrecked airship. He was later brought to land, arrested by authorities. Le Paradox had all of his assets seized, including his art collection and everything was donated to the city of Paris. According to Bentley, Le Paradox was placed in a special cell in solitary confinement. His cell was later modified to be completely odor-proof, with the guards wearing anti-odor suits and gas masks. He received a life sentence for his crimes.

---

When I was done they were shocked even more.

Jigen: He tried to tamper with space and time and erase the Coopers!? That's insane!

Me: Yeah it sure was. But thank Goodness that Penelope wasn't swayed into his evil or Bentley would have been absolutely heartbroken. The reason he didn't erase the Coopers from history was because I got to him first and revealed everthing about him to be ONE BIG STINKING lie. I got him sent to a special cell in Solitary Confinement and had him moved up to the Uranus Prison.

Lupin III: Good riddance.

Me: Yeah.

Lupin III (to Eric) I think on the big day on April 2, you and Sheila should have your wedding. It can be used to lure our target on that day.

Eric Loud: You know that's not a bad idea.

Me: Ooh a Wedding Trap. I like it. We can get Sheila and Eric married and bust a huge bad guy all at the same time. Killing two birds with one stone.

Sly Cooper: I like it.

Otto Van Cooper: (German Accent) Ja und it would be fun to see.

Sly Cooper: We're here.

We arrived at the abandoned Le Paradox Mansion.

Me: Whoa. Looks like no one has been here for years.

Sheila: No kidding.

Me: Yeah. Better keep these just in case.

I pulled out a bunch of nose plugs.

Me: The Le Paradox Clan was a bunch of Anthropomorphic Skunks and there still might be remnants of their revolting stench in there so better to be safe than sorry.

Lupin III: Thanks J.D.

They took a noseplug.

We went in and it was a dark and creepy and totally run down place.

Me: Whoa. What a dump.

Sly Cooper: It sure is a dump.

Eric Loud: Got to admit though, Le Paradox sure had good taste.

Sheila: Yeah for a fraud.

Me: I hear ya Sheila.

Sheila: We should sell this place after we loot it.

Me: Not a bad idea. Lets get searching.

We looked around and searched all over in each room.

Lupin III: Hmm. What is here to grab?

In the study I was looking around and I was feeling the books and then I pulled one and a secret wall safe appeared.

Me: A secret wall safe.

Sly Cooper: Nice find J.D.

Me: Lets see. I learned this one from a computer game when I was a kid.

I pulled what looked like a snack.

Me: This Cheese and Safe Cracker kit will do it.

I opened it and spread cheese on the safe and stuck the 3 crackers on the door. The combination revealed itself.

Me: Left 7, Right 4 and Left 6.

I input the combination and it opened and in the safe was THE NEPTUNES HEART SAPPHIRE!

Me: AHA! At last we found it! The Neptune's Heart Sapphire.

Sly: Nice gem!

Inspector Zenigata appeared.

Inspector Zenigata: So, you want to have Sheila and Eric's wedding on the special mission here? Not a bad idea. But it's hard to think of anyone in the area that would want to crash a wedding.

Lupin III: I can think of many that would do that pops. But there are bound to be some villains that will want to show up for that.

Inspector Zenigata: That would be interesting to see.

We later went back home.

May: How'd it go?

Me: It was a successful find.

I pulled out the Neptune's Heart Sapphire!

Nico: WHOA! You found it! Where was it?

Me: It was in a secret wall safe in a bookcase in Le Paradox's old study.

Nico: Whoa! The police never even suspected of looking there. Well done guys.

Sheila: It sure was awesome. Also we have a special plan for when we go to meet Lupin on April 2nd.

Sheila told the plan to everyone.

Nico: Wow! A wedding ambush for the villain. We can meet Lupin III and have the wedding and pulverize the villain at the same time. That's a brilliant idea!

Eli: It sure is.

Rita: Wow! So you finally set a date for the wedding.

Eric Loud: I sure have Aunt Rita and it's gonna be awesome.

Me: This will be fun. And Lupin was really honored to meet all of Sly Cooper's ancestral family.

Nico: Awesome.

* * *

Later we were watching TV.

Teresa smelled something familiar.

Teresa: (groans) Poromon, are you and Poliwag drinking again?!

Poromon: It wasn't us! Honest!

Maria: Well, if it's not you two, who was it then?

Jamesdean5842: Oh god not again! It's gonna be another one of those days.

In came Sunset Shimmer and she was in a ready bra and underwear and she was REALLY DRUNK! She had a bottle of scotch in her hands!

Me: Sunset Shimmer!? YOU'RE DRUNK!? AND WHAT THE HECK HAPPENED TO YOUR CLOTHES!?

Sunset Shimmer: (Slurred Speech) Oh look who it is! Mr. I don't have time for your dumb little league games! Come here you son of a bitch!

She threw a punch at me and I dodged it and then she hugged me and cried.

Sunset Shimmer: (crying) Why do you close your eyes when we make love and urinate on the bed! (BARNEY GUMBLE BELCH!)

Barney Gumble: Welcome to the Drunk Club Sunset! (BELCH)

Sailor Venus: Sunset, you need to lie down.

Sunset Shimmer: Don't tell me what to do, you blonde haired bitch! (Hic)

Nico: Yeah I think you need to rest.

Sunset Shimmer: You are not the boss of me you dumb freak! (BARNEY GUMBLE BELCH!)

Homer: Geez how much did she drink?

Poromon came back with 3 empty bottles of Scotch.

Cybertron Crumplezone: Sunset, just calm down.

Sunset then proceeds to puke all over Pinkie Pie, Poromon, and Poliwag.

Sunset Shimmer: (VOMITS)

Me: EW!

Pinkie Pie: SUNSET!

Poliwag: EW!

Poromon: Thanks a lot!

Sunset Shimmer: Hey I already seen this movie.

Me: What movie?

Sunset Shimmer: Lets talk about other movies we've seen.

Nico: Okay?

Beachcomber: At least it wasn't Poromon and Poliwag's fault this time.

Nico: That's true.

Eli: Sunset is more drunk than when Joe was put that insane asylum and that lunatic yelled at him. I hope that doesn't happen to one of you guys.

Me: Yeah no kidding.

Then out of nowhere, Lunatic Gary appeared. He was a red haired man with jeans on and he was in a straitjacket and then he got into Joe's face.

Lunatic Gary: (INSANE SCREAMING) YOUR MOTHER'S A WHORE!

POW!

I punched him in the face.

Me: DON'T YOU DARE TALK ABOUT ANYONE'S MOTHER THAT WAY!

Then Vypra and Dark appeared and grabbed Lunatic Gary.

Vypra: Sorry guys he's our new recruit.

Dark: Oh my god is Sunset drunk!?

She was dancing around.

Sunset Shimmer: I'm Queen of The World! (Barney Gumble Belch)

Me: Yeah she is.

Poliwag: If this was payback for how me, Pinkie, and Poromon participated in Buzz's party, then mission accomplished.

Illia: Poliwag, we assure you. This wasn't payback for that.

Me: Yeah we didn't do anything.

Spotlight: Yeah.

SpongeBob: Our hands our clean!

They showed their hands and they were sparkling clean.

Patrick: Clean.

Then Duskmon, Grumblemon, Arbormon, Ranamon, Mercurymon, Blizzard, MetalSeadramon, Etemon, Bonz, Dayu and Harpymon appeared.

Harpymon: Hey guys.

Duskmon: Is Sunset drunk!?

Me: Yeah she is.

Dayu: After Sunset snaps out of her drunken state, can me, Duskmon, Grumblemon, Arbormon, Ranamon, Mercurymon, Blizzard, MetalSeadramon, Etemon, Bonz, and Harpymon go with you guys?

Nico: You sure can. We're going underwater this time in our submarine. Lets snap Sunset out of it.

We then saw that she was asleep.

Me: She fell asleep.

Eli: Lets get her dressed and get ready for our mission.

Nico: Right.

Eli used the Force and held her up and Nico and me put her clothes back on and Lincoln was gonna hold on to Sunset and look out for her.

Nico: Okay our mission is underwater but we're going to the Sassy Cat amusement park for an adventure.

Eli: Cool!

Me: Yeah!

Laney: Never been there. Looks like it's back to Endsville again.

Nico: Yep.

But, before we were about to leave for Endsville, Lincoln's deep sapphire blue eyes glowed even more, as he sensed a dark energy, and he saw a vision of an emaciated man with glowing white eyes wrapped in bandages, and a very insane grin on his face showing his decayed teeth. It was Kan-Ra, the cursed sorcerer from Ancient Babylon, and enemy of The Night Guard. The glow in Lincoln's deep sapphire blue eyes faded, but we were still stunned.

Nico: What is it, Lincoln, trouble?

Lincoln: Afraid so, Nico, and you're not going to like it. (To Maya Fallegeros) Maya, I've got some bad news: it's Kan-Ra, he's heading for us to take revenge on you for locking him away.

Maya Fallegeros: Kan-Ra, I should've known he'd return one day.

J.D. 3: I knew of Kan-Ra long ago, he was once a vizier to The Babylonian King in Ancient Babylon over 3,000 years ago, but Kan-Ra failed to assassinate the king, as he anticipated his treachery, and he cursed Kan-Ra forever with an ancient curse that condemned him to wander the Earth forever as a decaying corpse, and during that time, he gained mastery over various forms of black magicks and he sought to gain even more knowledge and power.

He's incredibly dangerous beyond all reason.

We gasped in total shock.

Me: He's just like Imhotep in every way.

Pharaoh Atem: Indeed, I've heard of what Kan-Ra had done those three millennia ago, and his crimes are just as bad as Imhotep.

Eli: They sure are, Father.

Lincoln: He sure is dangerous, Pharaoh Atem, and as pointed out by J.D. 3, Kan-Ra was given powers by the very curse he was inflicted with those three millennia ago.

Maya Fallegeros: That's right, now, allow me to tell you the full story of Kan-Ra, and it does match up with what you and J.D. 3 told us, Lincoln.

Maya Fallegeros proceeded to tell all of us the full story of Kan-Ra, and as predicted, we weren't going to like it one bit.

Kan-Ra

Kan-Ra is a cursed sorcerer from Ancient Babylon and a new playable character introduced in the Season Two of Killer Instinct (2013). Condemned by the Babylonian King that he betrayed to walk the Earth as a decaying corpse, Kan-Ra seeks to undo his affliction through whatever means he can find - and is more than willing to inflict a few of his own unto others along the way. He is the nemesis of Aganos, the war-golem sent by his former sovereign to hunt him down and destroy him.

In Shadow Lords, Kan-Ra also runs the Emporium, a place where the player can purchase, sell, or craft various artifacts to help the characters progress in their quest to defeat Gargos.

Biography

Appearance

Kan-Ra has an emaciated, corpse-like appearance due to the powerful curse that was placed on him thousands of years ago. He is covered in tattered, linen bandages akin to those of a mummy, and is wearing ornaments, items, and jewelry which are a mesh of Babylonian, Assyrian, Achaemenid, and Egyptian craftsmanship, reflecting his ancient origins in Mesopotamia. Kan-Ra's skin has wasted away to a dark, gray-ish brown coloration and his teeth have largely decayed. A thin layer of gray hair still remains visible along his jawline and the back of his head. He keeps a large knife along with various arcane items under a sash on his side. His eyes glow bright white, making it seem as though he has neither pupils or irises.

Kan-Ra's retro costume appears fully covered with bandages from head to toe, more closely resembling a mummy than before. His face is much more decayed, including his lips, which shows off his decayed teeth. He also only has a single red eye, the other being a blank black socket.

## Personality

Kan-Ra is an ancient and megalomaniacal individual who lost his humanity long ago in endless pursuit of greater power. He's always willing to act in an underhanded fashion if this means he can gain the upper hand, such as when he sought to assassinate his own king while attempting to frame his co-conspirator for the murder, and he never hesitates to manipulate others to his advantage. In spite of his genius and deviousness, however, Kan-Ra's egomaniacal pride and lust for power trouble his otherwise keen judgment, often leading him to make myopic decisions.

For example, he's the one responsible for bringing Gargos back to Earth after he opened up a dimensional portal to the Astral Plane while searching for a god-like power. He's also the one who reanimated Eyedol in a desperate attempt to even the playing field with Gargos, though the mighty demon lord swiftly broke free of his necromantic control, and set off on his own. Kan-Ra appears to be seeking redemption for these somewhat serious mistakes by working together with the Alliance, supplying other characters with access to the potent magical artifacts in his emporium in Egypt during the events of Shadow Lords. Whether this recent shift in Kan-

Ra's behavior is sincere or is being fueled by hidden and far less noble intentions, however, remains an open question.

## Abilities

Kan-Ra is a mighty but maddened archmage who hails from the ancient empires of Mesopotamia. He is proficient in dangerous black magics, the knowledge of which he has steadily been accumulating over the countless centuries of his cursed existence. Kan-Ra can use his linen bandages as whip-like appendages or traps by invoking his powers of telekinesis, manipulate desert sands and sirocco winds from afar, and control powerful bursts of shadow energies. Most importantly, his dark sorcery enables him to proclaim curses, afflicting his victims with various maledictions that slow their movement and sap their life's energies. In Rivals Mode, he also had a device known as the Siphon, which he used to drain his opponents of their essence after defeating them, which he later used to open a portal to the Astral Plane-unknowingly allowing the forces of Gargos to enter the Earth.

## Killer Instinct (2013)

## Story

Cursed to rot after a failed assassination attempt on his sovereign over 2000 years ago, Kan-Ra endured for centuries by constantly balancing the curses he places on himself with the boons provided by dark magic and artifacts. His solitary goal: to gain knowledge that will grant him absolute power over all of mankind. After getting imprisoned by Maya's order hundreds of years earlier, an Ultratech attack on Maya's city accidentally frees Kan-Ra - releasing him back onto an unsuspecting world that's full of new mysteries and ripe for his… dissection.

He has been hunted by the war-golem Aganos for hundreds of years, a construct tasked with his destruction. The two have clashed on several occasions, but neither have had any truly decisive victories over the other.

When Maya Fallegeros was done, all of us were horrified by Kan-Ra's insane actions.

Nico: He really is just as bad as Imhotep, Kan-Ra has to be destroyed once and for all.

Maya Fallegeros: We knew that Kan-Ra couldn't be destroyed, so we had him locked away forever. But, thanks to Ultratech, Kan-Ra was freed from his prison.

Lincoln: But, we have the means of dealing with Kan-Ra for good.

Guan Yinping: And I also intend to deal with him for good, Maya, and Lincoln's also going to help me with taking him down.

Lincoln: That's right, Yinping. We're going to make sure Kan-Ra never returns to torment anyone else ever again. This time, he's getting The Black Gates.

Nico: Alright, hey, if you could, do you think it'll also work on Imhotep, who's still imprisoned in The Book of Vile Darkness?

Lincoln: Hmm, we'll have to see if it'll also affect those still in The Book of Vile Darkness, we know The Black Gates have also affected those still in Oblivion, so I'll try it out.

Nico: Alright, everyone, let's get going.

We then head for Endsville, and we're also on the alert for Kan-Ra, who's coming to take revenge on Maya Fallegeros for The Night Guard imprisoning him in their vault for all time.

---

We were at Sassy Cat Amusement Park.

Nico: Wow it sure looks like a cute place.

Kasumi: Like a Hello Kitty Amusement Park.

May: That is a cute park.

Ed: My mom says not to pick my belly button.

Eddy: Shut up Ed.

Sunset Shimmer: (Groans) Guys, what happened? (gets a headache) Damn, it feels like my head's about to pop!

Zillus Zox: What's the last thing you remember?

Sunset Shimmer: I went into the fridge to get a soda and then I saw the scotch and drank it and then everything went crazy.

Me: You drank 3 bottles of scotch Sunset.

Laney: You should have seen yourself. You were really crazy.

Sunset Shimmer: I'm really sorry, guys.

Bonz: At least you didn't do any serious damage.

Nico: Yeah but you were funny Sunset.

Lana: I thought so too.

Sunset Shimmer: Yeah but it was still crazy.

Princess Celestia: You'll be all right Sunset.

Barney Gumble: Yeah look at me. I drink and I do crazy stuff all the time. (BELCH)

Tso Lan: Nico, which Gene Slammer do you think you'll meet on your next rescue?

Nico: Well Tso Lan I'm hoping for a Splixson Gene-Slammer next.

Ben: Ditto's kind. Awesome.

Me: That would be amazing to see.

Sunset Shimmer: Yeah. (Groans) Lana can I have a block of ice for my head?

Lana: Sure Sunset.

Lana made Sunset a block of ice for her hurting head.

Pinkie Pie: At least you'll be okay Sunset.

Sunset Shimmer: Pinkie I'm sorry I threw up on you. I was really drunk.

Pinkie Pie: Aw it's all right.

Me: But at least you drunk yourself out! (LAUGHS TO RIMSHOT)

We laughed.

Luan: (Laughs) Good one J.D.!

Nanette was looking at Ed with hearts popping up out of her head.

Duskmon: Nanette, why are you looking at Ed Grant funny?

Nanette: He's so cute.

Duskmon: Ah I see. You have a little cwushy wushy on him.

Nanette: Yeah.

Leslie: Ed, why are you blushing while looking at Nanette?

Ed Grant: I have a crush on her.

Leslie: Aw you just want to tell her how you feel.

Agony: Buy you are nervous right?

Ed Grant: Yeah.

Leslie: Aww.

MetalSeadramon: Me and Ranamon are actually perfect for this mission.

Nico: Glad you think so MetalSeadramon. Because we're going to an underwater city of merpeople. Here's our target.

Nico pulled out a wanted poster of UVULA THE SEA HAG!

Varie: Uvula the Sea Hag! I had a feeling.

Eli: Something is telling me you two have a really bad history Varie.

Varie: You have no idea Eli.

Billy: Who's Yulala the Tea Bag?

Varie: Uvula the Sea Hag is the meanest, vilest, ugliest, stankiest, crankiest, won't-even-say-hi-to-your-mamma, cheapest, creepiest, nastiest most arrogant sea witch in all of the seas.

Nico: Whoa! She must be one nasty freak!

Varie: Yep. And she is the evil sister of my friend Hariel. She is one of my most evil enemies.

Nico: Looks like I picked the right mission for you Varie.

Sunset Shimmer: I'm so sorry, Lincoln!

Dirge: Sunset, you're not in trouble.

Lincoln: She's still upset about being drunk.

Dirge: Oh.

Lincoln: Sunset you'll be all right.

Sunset: I'm supposed to be mature by now! And yet, I got fucking drunk!

Grumblemon: Oh, come on! It's not your fault!

Nico: Yeah Sunset you said so yourself. You wanted to see what it's like to be drunk.

Sunset Shimmer: Yeah but I WAS SO STUPID!

Twilight Sparkle: Oh Sunset it's not your fault.

Nico: Sunset don't blame yourself. Look at Homer and Barney. They get drunk and it's really funny. Peter Griffin got drunk a lot and he can just eat shit out of my butt for all I care. He was just a testicle-chinned freak.

Poromon: Me and Poliwag get drunk just because it's funny.

Mr. Boss. Is that why you bring beer bottles on special missions?

Poromon: Yep.

Nico: Oh. That makes sense.

Sunset was crying hard and Lincoln was comforting her.

Lincoln: There there Sunset.

Sunset cried hard.

Lincoln: It's all right Sunset.

She cried for 10 minutes.

William: Do you feel better now?

Sunset Shimmer: (Sniffles) Yeah I'm okay. Thanks guys. Uh oh.

She then went to a trash can and hurled her guts out!

Mandy: (pats Sunset's back) Let it all out.

Sunset Shimmer: (VOMITS)

Nico: That's what happens when you drink 4 bottles of scotch.

Sunset Shimmer: (VOMITS) (Groans) I think that's all of it.

Nico: Yuck. But you got to eat something.

Sunset Shimmer: Good idea. I'm starving.

Nico: Luckily I learned some awesome new moves. Meat coming at you.

Nico fired waves of sausages and Sunset ate them and they were awesome.

Sunset Shimmer: (With her mouth full) Whoa! Nico I had no idea you can do that!

Ranamon: Nico how did y'all do that sugah!?

Nico: My rescue gave me new moves involving meat.

Ranamon: Me and MetalSeadramon will follow you guys in the water.

Nico: Okay. Lets deploy the sub.

We got our sub ready and we went through a portal and then we were in the ocean.

Nico: Helmsman set course for the Gogan Kingdom.

Jared: Aye aye captain.

We were off.

Nico: This is gonna be good.

Varie: Yep. Get ready Uvula. You and I have an old score to settle.

Metal Man: Should we meet up with Hariel first?

Varie: Leave that to me. I know how to contact her.

Me: How Varie?

Varie: Watch this.

Varie then used a powerful aquatic voice and it had a divine song in it and it was amazing.

Me: Whoa.

Eli: Incredible.

Miles away in front of the castle of the Gogan Kingdom and hiding behind a rock was Hariel.

She heard Varie's divine song.

Hariel: Varie is here!

She followed the song of Varie and she swam fast and saw our submarine.

My Mermaid sense went off.

Me: Here she is.

We saw that she was a blond hair mermaid with blue eyes.

Nico: Whoa!

Varie: Hariel!

Nico: Open the moon pool door.

Jared: Aye sir!

Jared did so and the sub opened its moon pool door and Hariel jumped in and Varie formed a ball of water for her.

Hariel: Varie!

Varie: Hariel!

They hugged.

Blizzard: You must be Hariel.

Hariel: I sure am and it's an honor to meet the famous Team Loud Phoenix Storm.

Billy: Hariel!

Hariel: Billy!

They hugged too.

Hariel: I knew you would be back Billy.

Billy: We came to help you deal with Yupula the sea bag.

Hariel: Thanks Billy.

Me: Also Varie is my fiancé. One of them.

Hariel: That is so awesome J.D. I'm happy for you.

Me: I am too.

Rage Mage: Wait. I think you're similar to Ariel.

Ariel: I was just about to say that.

Hariel: Well yeah I sure am like her.

Ariel: That is so cool.

Nico: Let me guess, your father is like King Triton and is an absolute tyrant over you.

Hariel: That's right.

Nico: And this had a different outcome when Billy, Mandy and Grim met you for the first time.

Hariel: That's right again.

Me: Mandy can you tell us what happened the first time?

Mandy: I sure can.

Mandy told us about what happened.

---

Another trip to Sassy Cat Land ends with a bad ride that would bore you to death. The children wish that they could go on a real sea trip down under the ocean. Grim grants that wish and the sea trip begins, but ends with them about to get eaten by sea creatures. But the mermaid princess stops her father, and exclaims that she wants to marry Billy. The dad, is not happy and orders the creatures to light a bigger fire, but she shouts "NO, DADDY!" in which he replies with "I'M NOT YOUR DADDY!" and he rips off his body and reveals Hariel's elder sister Uvula who wants to marry Billy, which then ends up as a cat fight under the sea, Billy's has two fine ladies fighting over him. Until Billy breaks it up and says that he'll marry both of them.

As Billy finishes his story, his teacher shouts at him for making up stories when she clearly asked him what happened to his report. Looks like Billy's gonna suffer with detention!

---

We were shocked!

Nico: Man that's crazy!

Eli: Yeah no kidding.

Mercurymon: That would make Uvula similar to Ursula.

Me: More like a funny comical version of her. She would make a great member of the M.O.E. if she wasn't so intent on sacrificing Billy.

Varie: No kidding.

Hariel: That's true.

Me: Yep.

Drill Bit: How much farther until we get there?

Varie: Not far.

Lisa Loud: Radar is picking up massive sonar signal 50 kilometers west.

Varie: That's it.

Nico: Looks like we're going in the water for an entrance.

Harpymon: Normally, I'd fly over there. But I don't think I can fly underwater.

Nico: Don't worry Harpymon. I'll use my powers to make you completely waterproof.

Harpymon: Thanks Nico.

Nico snapped his fingers and made her waterproof and we dove into the water and we got to swimming.

Nico: Now this is gonna be fun.

Aquaman: I'm looking forward to this.

Aqua: Me too.

Retrax: Time for our entrance!

Nico: Lets do it!

We swam.

In the castle "King Triceps" who is actually Uvula the Sea Hag in disguise was really getting impatient.

Suddenly the spirits of the Megaforce Rangers and Digimon were orbiting around her and then they converged and then a massive tsunami of water smashed her down and revealed UVULA THE SEA HAG and then mermaid singing was heard and we came out!

Nico: Game's over Uvula!

Varie: Hello Uvula. Been a long time.

Uvula: You have a lot of nerve showing up here Varie.

Varie: Good thing I'm a slow learner you bad haired freak of nature!

Uvula did not like being insulted like that!

Arbormon: Roundhouse Punt!

He smashed a powerful kick into Uvula and smashed her into the wall.

Varie: You usurped the throne from Hariel for far too many times. Now I'm going to make sure you suffer the consequences.

Uvula: You would never kill me!

Varie: I have killed many bad guys before and I'm not afraid to do so to you.

Nico: That's right.

Varie: Now we have a lot of catching up to do Uvula. But I should tell you that I'm not the same as I was when we faced each other last. I've changed in a completely different light.

Uvula: Oh yeah? How so?

Varie: You're going to see right now.

Varie then transformed!

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

ヴァリエ・ナドソン、ジェームズ・ディーン・ナドソンの愛する未来の妻、ネプチューン・クルセイダーズのリーダー、ポセイドンのトライデントの使い手、アトランティスのアドナの娘、一ノ瀬玉夫の妹、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、破壊者伝説のダークサイドのマーメイド、多くの子供たちの愛情深い母親、大声で家族と非常に多くの愛情のある友人と姉妹、多くの強力な教師の学生、チームラウドフェニックスストームの素晴らしいヒーラー、そして水のマスター、マーメイド、と海の動物

Varie has transformed into her SUPER ANGEL ETERNITY INFINITY OCEANIC MAELSTROM MERMAID SEA ANGEL OF NEPTUNE'S JUSTICE AND OCEANIC HOPE form!

Uvula was shocked!

Varie: (Divine Echoing Cosmic Voice of Oceanic Justice and Neptune Hope) **Now it's time for me to unleash the pain onto you Uvula. And the red hair you have is a really bad style. Get a dye job.**

Uvula: (GROWLS IN RAGE) YOU JUST CROSSED THE LINE BIG TIME!

She charged and Varie kicked her in the face and smashed her into the throne!

Nico: AWESOME!

Dr. Viktor, Demyx, Heatwave, Dai Gui, Vulture, Nosferata, Flareizamon, Lucemon, Minotarumon, Mandark, Mumbo Jumbo, Knightbrace, Fixer, Electrocutioner, Spymaster and Griffin then appeared.

Nico: Dr. Viktor, Demyx, Heatwave, Dai Gui, Vulture, Nosferata, Flareizamon, Lucemon, Minotarumon, Mandark, Mumbo Jumbo, Knightbrace, Fixer, Electrocutioner, Spymaster and Griffin.

Dr. Viktor: You guys weren't kidding. Hariel does look like Ariel.

Heatwave: And Uvula does look like Ursula.

Dai Gui: The similarities are very funny.

Vulture: (to Nico) We heard you fought Darth Vegan.

Nico: Yep I sure did.

Electrocutioner: He'll be a nice little addition.

Nico: Thanks. It'll be awesome to have him with you all.

Then Aquafiend appeared.

Nico: Aquafiend. I see you're back for another round with Marina.

Aquafiend: Yep. This will be fun.

Nico: Awesome. As you can see Varie is settling some unfinished business with Uvula.

Aquafiend: No kidding. Wow. Personal vendetta?

Nico: You could say that.

Aquafiend: It's actually fitting that we'd have our battle here.

Marina: It sure will be fun and I love the water.

Me: Awesome.

We got the usual battles underway.

Will Vandom, Twilight Sparkle, Starshine Sparkle, Sunny Starscout, Magic Skylanders, Emerald Sustrai and Illia VS Dr. Viktor - Nico's rescue

---

Dr. Viktor was first.

Dr. Viktor: (to Will) It's impressive that Nico battled Dark Vegan in his rescue. And he recruited him for us.

Will: It sure is amazing and that was so awesome.

Twilight Sparkle: It sure was and Nico now has the power to use meat as a great power of good.

Starshine Sparkle: That was so awesome.

Sunny Starscout: I think it's really cool.

Spyro: It sure is and that power is making me hungry just thinking about it.

Dr. Viktor: I don't blame you one bit. Lets do it!

They fired waves of lightning and magic and smashed him down.

Will: OH YEAH!

Twilight Sparkle: That was amazing!

---

Irma Lair, Trixie Lulamoon, Triple Berry, Starlight Glimmer, Commander Mars and Commander Jupiter VS Demyx - Meat Jedi

---

Demyx was next

Demyx: That is so cool that there are meat master versions of the Jedi. I didn't know that was even possible.

Irma Lair: That is really amazing and cool and it makes me hungry every time.

Trixie Lulamoon: After this is done The Great and Powerful Trixie could use a good snack.

Triple Berry: Boy me too. I could go for some awesome barbecued sausages.

Starlight Glimmer: I'm Hungry for anything.

Demyx: Boy I don't blame you guys. Nico and Johnny's awesome new powers do make people hungry and they are perfect for getting meat. Lets do it!

They fired waves of water and magic and smashed him down.

Irma Lair: That was so awesome!

Trixie Lulamoon: A grand victory for The Great and Powerful Trixie!

Taranee, Sunset Shimmer, Pipsqueak, Fire Skylanders, Red Lantern Ratchet and Zilius Zox VS Heatwave (DC) - Lincoln's rescue

Heat Wave: (to Taranee) I heard Lincoln challenged Rolf for the Hairy Chest of Resilience Badge. How'd that go?

Taranee: He passed the test with flying colors and he really showed that he was much tougher than Rolf and man WAS HE TOUGH!

Sunset Shimmer: Lincoln dominated the whole contest.

Heatwave: Whoa! Remind me again. What tests are part of the Hairy Chest of Resilience Badge?

Pipsqueak: (British Accent) It was REALLY brutal.

He went over what Eddy and Rolf went through.

The first challenge: The Wax of Wailing. Simply put, both Rolf and Eddy will have one of their legs waxed, and neither can utter a peep. Rolf has his hair ripped off of his leg, and the burned-out pores swell up, but Rolf doesn't utter a word. When Eddy gets hit with the wax, he likewise remains silent, but his leg swells up like a balloon and tears well up in his eyes. This is bad news, as he still has to go through the rest of the challenges if he wants to win the "Hairy Chest of Resilience Badge."

The next challenge that the competitors will face is the "Bumping of the Funny Bone." This involves the slamming of both parties' elbows into a file cabinet. As in the challenge before, neither of them can express pain vocally. Rolf and Eddy both take the challenge well, but Rolf is the first to have a problem. His problem, however, is that Jonny isn't ramming it hard enough. At his behest, Jonny speeds up. When the whistle finally blows on the challenge, Eddy is bent out of shape, while Rolf is as good as new. Once again, Edd begs Eddy to give in, but Eddy refuses, as now it's a matter of pride.

The third challenge is the "Bramble Bush of Bellyache," wherein the two parties must crawl butt-naked through a brambly bush. Both Rolf and Eddy survive this, and much to Edd's dismay, the competition moves on to the "Pendulum of Protest". This essentially has the competitors in a set of giant clackers, where they will be smashed back and forth by giant boulders. Both survive this, however, so they must move on to the last trial: The Tour of Tears.

The good news is that this is the final test they'll have to survive. The bad news is that this one is the most daunting and deadly. It starts with the two diving off of diving boards placed on a cliff. They dive into a water tank for a train, which spits them out just as the Urban Rangers Train comes along and smashes into them. Eventually, they slide under the train and go down the tracks, landing on a sofa. This sofa is really a giant slingshot, and both Eddy and Rolf go flying, coming down in the middle of the circle that was drawn in the construction site to start the battle. Both of the duelists fall unconscious.

---

Heatwave: (WINCES) OUCH! That ALL must've hurt REALLY BAD!

Sunburn: It REALLY hurt and in the end, Lincoln got the badge and Rolf well he already won the badge the first time. Now the Urban Rangers have 3 people that have the badge: Carmen, Rolf and now Lincoln.

Heatwave: Wow! The H.C.O.R. Trifecta. That's perfect name for them.

Sunset Shimmer: That sure is a great name!

Heatwave: At first I thought those were challenges of torture but now I see they are challenges to show how tough you are but congratulations to Lincoln, Carmen and Rolf for receiving tthe Hairy Chest of Resilience Badge.

Sunset Shimmer: We'll tell that to them.

Heatwave: Good. Lets do it!

They fired waves of fire and smashed him down.

Taranee: ALL RIGHT!

Sunset Shimmer: That was amazing!

## Cornelia Hale, Applejack, Apple Bloom, Earth Skylanders, Tso Lan the Demon Sorcerer of The Moon and Juandissimo Magnifico VS Dai Gui the Demon Sorcerer of Earth - Meeting a Water Dragon Gene-Slammer

Dai Gui the Demon Sorcerer of Earth was next.

Dai Gui: (to Cornelia) I heard you guys met a Water Dragon Gene-Slammer. What's her name?

Cornelia Hale: Her name is Laniya Momoshiki and she is another one of Lincoln's awesome Guardian Angels.

Applejack: She sure is. One time Lincoln and Luan really roughed each other up during one of Luan's Prank Nightmares.

Apple Bloom: You should have seen what happened. But this story is very brutal. Laniya was walking through Franklin Avenue, and then, she had heard an explosion coming from The Loud House, and she thought Lisa was at it again. But, she then remembered that it was April Fool's Day, and that was the dreaded day for The Louds, except for Luan. Lincoln had the rest of his sisters hiding in Lisa's bunker, and then, he told Luan that he wasn't going to deal with her April Fool's Day prank crap anymore, and he declared a prank war on her, and as the old saying goes: mess with the bull, and you get the horns, and in this case, Lincoln's the bull, and Luan was the one about to get the horns. Then, total mayhem erupted as Lincoln and Luan pulverized each other with their crazy pranks, and all of them had suffered some nasty bruises and injuries, as they went from room to room all through The Loud House, and then, the climax came when Lincoln and Luan got into a pretty nasty physical fight, and Lincoln landed some pretty devastating punches, kicks and blows on Luan, and she also did the same to Lincoln, and it went on for 10 whole minutes without a single one of them giving up, but the fatigue did set in, as their fighting started slowing down and became sloppy, and then, they both knocked each other out. It was really bad as Laniya called Mr. and Mrs. Loud back home, and as soon as they arrived, they saw Lincoln and Luan badly beaten up and bruised, and she told them Lincoln wasn't going to deal with Luan's crazy April Fool's Day pranks anymore, and he declared a prank war, and Laniya then explained everything that went on in The Loud House, and when she was all finished, they were shocked to the extreme. Laniya took Lincoln up to his room, and she decided to stay with him throughout the whole day, and she gently cuddled him, while Mr. and Mrs. Loud took that lunatic Luan to her room. The next day at 1:00 in the afternoon, Lincoln woke up, and he saw that Laniya was there with him, and she explained everything that happened. When Lincoln got up, she saw all of the bruises and marks all over Lincoln's body and face. Laniya was so horrified, she wanted to go to Luna and Luan's room and rip her a new one, but she didn't, Lincoln needed her, so she stayed and helped him get dressed. Then, when she showed his sisters the extent of Lincoln's injuries and bruises on his body and face, Lori was so mad at Luan, she said, "When that mediocre comedian wakes up, I am literally going to turn her into a human pretzel!" They were right to be angry, Lincoln took a 20-Man Beating from that pranking lunatic, and as soon as Luan came down, they were going to really pulverize her. But, when they all saw her completely tye-dyed head to toe in blue dye, everyone busted out laughing hysterically at Luan.

Dai Gui was shocked!

Dai Gui: Holy Crystal Wars! That was terrible!

Flashwing: Yeah we couldn't believe what had happened! Lincoln really went through the Gates of Hell for that one. But he came back victorious!

Dai Gui: Wow! Lincoln is really tough to face a maniacal prankster like Luan. Lets do it!

They fired waves of Earth, Apples and crystal and rock and smashed him down.

Cornelia: ALL RIGHT!

Applejack: YEEHAW! That was great!

## Hay Lin, Rainbow Dash, Scootaloo, Air Skylanders, Agony and Calypso VS Vulture - Sunset Shimmer getting Drunk

---

Vulture was next.

Maya Fallegeros: That voice, I knew there was no mistaking it. You can come out now, Kan-Ra.

A figure came out, and it was none other than the cursed undead megalomaniacal mad sorcerer from Ancient Babylon, Kan-Ra.

Maya Fallegeros: I should've known you'd show up, sorcerer. But, this time, we'll see to it that you will never torment anyone ever again.

Guan Yinping: And I've had it up to hear with you to last an eternity.

Suddenly, Guan Yinping's brown eyes turned neon brown, and she was surrounded by a green energy aura with green flames, Earth, and dragons, she got out her War God's Legacy double-headed mace, and as she approached Kan-Ra, she left green energy, green flames, Earth, and dragons with every step.

Guan Yinping: Kan-Ra, the crimes that you have committed against mankind for over two millennia can never be forgiven, you have spilled the blood of so many innocent people, and for that, I will see to it that you are brought to justice once and for all.

Suddenly, Guan Yinping was surrounded by a massive vortex of green energy with green flames and Earth surrounding it, there was a dragon flying around the vortex, and inside the vortex is a green phoenix. Then, as the vortex faded, Guan Yinping emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Guan Yinping grew to 6'5" in height, she had the body of a goddess and she has green highlights in the bangs of her really long black hair with pink flowers in the braids, she has neon brown eyes and a green energy aura with green flames, flowers, Earth, and dragons surrounding her, she has a Chinese dragon holding the Earth Kanji in its claws emblazoned on her forehead, she has on dragon earrings with green gems for eyes and holding the Earth Kanji in its claws, and she also has a dragon with green gems for the eyes and the Earth Kanji in its claws for the second pendant of her Thunderbird Necklace of Eternal Love with green gems on the gold lightning bolts and green crystals from her Crystal Necklace of The Buddha which merged with her Thunderbird Necklace of Eternal Love. Guan Yinping has on a green and white sleeveless blouse with a gold phoenix on it, green skirt with the Shu Dragon on it, green pants, and black ankle-length combat boots, and she has on green weighted bands with silver phoenixes on her biceps and thighs, and she has on a long green sleeveless silk coat with lightning bolts and a dragon on it, and on the back is a dragon surrounded by Earth and flames. Guan Yinping felt a sharp pain on her back, and then, massive black angel wings with green tips on the large black feathers, had sprouted out of her back.

Suddenly, Guan Yinping's War God's Legacy double-headed mace was surrounded by a kaleidoscope of green energy, green fire, and Earth, and when it emerged, it was transformed into Jiutian Xuannü's Mace of Justice and War, it's a new double-headed mace with a 11'6" crimson red pole with gold tips and gold dragons wrapped around both ends, and hooked onto the gold ends are two massive green sphere mace heads with gold filigree and green gems around the sphere mace heads. Guan Yinping has on her new large gold cuff Bracelets of the Champions of The Universe with green gems on her wrists, gold Belt of Elemental Bravery with a gold dragon head with a large green gem in its open mouth for the belt buckle, large green Spellbook of The Gods and The Universe on her left hip and Eater of Sins revolver holstered on her right hip. There are gold Chinese characters right below the dragon that said, "Guan Yinping, Youngest Daughter of Guan Yu, Youngest Sister of Guan Ping, Guan Suo, and Guan Xing, Warrior and Defender of Shu, Loving Future Wife of Lincoln Loud, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Master of The Double-Headed Mace, and Master of Earth and Dragons."

关银萍，关羽的小女儿，关萍的妹妹，关锁，关星，蜀国的勇士和捍卫者，林肯洛德的未来妻子，邪恶的杀手，疯狂，凶残，无情，残暴的混蛋，大师双头狼牙棒，地龙大师

Guan Yinping has transformed into SUPER ANGEL INFINITY DIVINE EARTHSTORM DRAGON ANGEL OF EARTH JUSTICE AND DIVINE LOVE!

We were amazed by Guan Yinping's Super Angel Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Kan-Ra saw it, he fired a blast of dark magic to try and kill her, but Guan Yinping fired a powerful green energy blast with Earth and dragons surrounding it, and it hit the undead Babylonian sorcerer, and he hit back first into a wall.

Lincoln: Wow, Guan Yinping, you look beautiful. How do you feel?

Guan Yinping: (Divine Echoing Cosmic Voice of The Earth Dragon and Divine Love) **I feel incredible, Lincoln. Now, shall we put an end to Kan-Ra forever?**

Lincoln: (Smiles) With pleasure.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, which was now even more infinitely stronger than ever, and he joined Guan Yinping.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **This is the last time we'll deal with you, Kan-Ra.**

Guan Yinping and Lincoln went at Kan-Ra, who fired blasts of dark magic and sand at them, but they dodged them, and then, they fired powerful blasts of rainbow energy, green energy, elemental forces, Earth, Thunderbirds, Phoenixes, Dragons, and Buffalo, and they exploded with incredible power as they hit Kan-Ra. Then, they attacked Kan-Ra with their weapons, bashing him hard with twirls from Guan Yinping's new double-headed mace, and Lincoln really left some nasty scars on Kan-Ra with his massive sword, and Lincoln also undid Kan-Ra's cursed immortality by firing a powerful blast of magic at him. Then, he fired a powerful blast of red energy, and as it hit Kan-Ra, Lincoln sucked out all of Kan-Ra's powers, magic, and knowledge that he learned and gained over two millennia, and he and the rest of us made them our own, and we also assimilated them as well. Then, Lincoln sent Kan-Ra flying with one upward swing of his massive sword.

Guan Yinping and Lincoln then fired two massive energy beams, which hit a now mortal Kan-Ra, and as it exploded with incredible power, the resulting explosion killed Kan-Ra, and as soon as his spirit appeared, Guan Yinping and Lincoln marked Kan-Ra's forehead with a kanji, and it also affected the evil Imhotep who's in The Book of Vile Darkness, and condemned them to The Black Gates, and their evil spirits was erased from existence forever when they were found guilty for their crimes over the millennia. We cheer wildly for what Lincoln and Guan Yinping did, as they holster their weapons and power down, and Guan Yinping's new body, clothes, weapons, angel wings, and jewelry are permanent.

Guan Yinping: As Nico would say, Kan-Ra, you have failed this entire world.

Nico: He's failed this world two millennia ago.

Guan Yinping: Thank you for helping me get rid of Kan-Ra, Lincoln.

Lincoln: (Smiles Warmly) You're welcome, Guan Yinping.

Guan Yinping wrapped her arms around Lincoln's waist, and he wrapped his abnormally massive and powerful muscular arms around Guan Yinping's waist, and he brought her into an embrace, which took her by surprise and that brought an atomic red blush to her face. Then, as Lincoln leaned down to her face, they kissed passionately as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird, Phoenix, Angel, and Dragon flying in the air, and we also saw a herd of Buffalo running across the field and lightning crashing down behind them, and the display of the elemental forces, and we cheered for them.

Nico: Alright, way to go, guys.

Then, they came back to us.

Lincoln: And you were right, Nico, we also used The Black Gates on Imhotep as well, and he and Kan-Ra were erased from existence forever for their crimes.

Nico: Awesome, now, we won't have to deal with Imhotep returning ever again to seek revenge. Now, we're rid of him and Kan-Ra

forever.

Eli: Their crimes over the millennia in The Middle East can never be forgiven.

Cody (OC): That's right, Eli. What Imhotep did in Egypt to Pharaoh Seti I and what Kan-Ra tried to do to The Babylonian King in Babylon can never be forgiven, those two deserve to be wiped out for good for their crimes.

Billy: Yep. (To the viewers) This was funny and amazing. Hope you all liked it.

Nico: We all did. Great job today everyone. Lets head home.

We went back home and enjoyed the rest of the day and Hariel was now part of the team. We later went to sleep.

# A Friendship In Trouble

In the simulator, Nico and William were in the world of Ninja in the Five Great Nations and they were not far from the Final Valley and were there to face an enemy we haven't faced in a long time, An Evil Sasuke.

Nico: Thanks for coming with me, William.

William: No problem Nico and this is gonna be fun. I can't wait to face an Evil Sasuke here.

Nico: I know. We haven't faced them in a while. But if it's possible we're also going to try and save, (Sighs), I can't believe I'm about to do this but we're going to also save the rest of the Sound 4 from themselves.

William: Well if you think they are worth saving then go for it.

Nico: J.D. is probably going to chew me out for this but I think they have been punished long enough.

William: Just do with whatever you think is right.

Nico: William, I want to thank you for sticking by my side all these years.

William: No problem Nico and you are doing awesome as leader now. You earned the position fairly.

Nico: Thanks man.

KRABBBBBBBOOOOOOOOOOOOMMMMMM!

Nico: Looks like the action is starting! Come on!

They flew and then they found Neji fighting Kidomaru!

Nico: It's Kidomaru. We'll split them up evenly. I'll start with Kidomaru.

William: Okay.

Nico flew at Kidomaru and then grabbed him in a powerful energy rope!

Kidomaru: WHO DO YOU THINK YOU ARE!?

Nico: Someone that will save you from yourself. HOLY STYLE NINJA ART: FORBIDDEN CURSE PURIFICATION!

Nico fired a blast of rainbow energy and it hit Kidomaru and he screamed in agony as he felt the Curse Mark on the back of his neck get purified and it turned blue and then a white snake slithered out of the back of his neck and Nico grabbed it and William put it in a box.

William: Awesome! We can analyze this White Snake and come up with a way to destroy Orochimaru's curse mark without killing his followers.

Nico: Yep.

Kidomaru fell to the ground and he was unconscious.

Nico picked Kidomaru up.

Neji: Thank you. You saved me.

Nico: No problem Neji. You did your best. Me and William will handle things from here on out.

Neji: Right.

Neji went back to the village.

Nico: (to William) I also want to thank you for helping J.D., Poromon, Poliwag, and the others keeping the Aligned Universe a secret last year for as best as you could.

William: It was my pleasure Nico. That was cool seeing the Aligned Universe when the time came.

Nico: It sure was. I just wish the Aligned Transformers didn't have to chew out J.D. like that. He already went through a lot with the 20 Days of Darkness and all that. But I guess it was to be expected.

Then they heard a flute and new it was Tayuya.

They flew and found Tayuya fighting Shikamaru.

William: I got this.

He set his blaster to Holy Purification and fired and the blast hit Tayuya and she screamed in agony as her Curse Mark turned blue and then a white snake came out of her and her hair turned blood red. Shikamaru caught her and captured her and she saw that Nico and William were gone.

Shikamaru: Whoever did that I owe them big time. What a drag.

Nico: Overall, William, you've been like a brother to me.

William: I'm honored that you would think that. Just like Maria is a sister to you.

Then they heard a scream and it was Kiba.

Nico: Sakon & Ukon are next.

They flew and found Kiba and Akamaru fighting him and are about to be destroyed.

Nico: Not so fast! HOLY STYLE NINJA ART: FORBIDDEN CURSE PURIFICATION!

Nico fired a beam of rainbow energy and it hit Sakon and Ukon and merged them back together and their Curse Mark turned blue and a White Snake left them and it was destroyed. Sakon & Ukon were both unconscious and William picked them up and Nico went over to Kiba and he was in really rough shape. Nico pulled out a bag and gave Kiba and Akamaru a Senzu Bean.

Nico: Kiba, Akamaru eat this. It will help.

They did so and then almost instantaneously it healed them!

Kiba: WHOA!

Akamaru barked in happiness.

Kiba: Wow! Thank you! And you saved us.

Nico: Anytime. We'll finish up here.

Kiba: Go get Sasuke. He's a Traitor to the village now.

Nico: With pleasure.

They were off.

Nico: Evil Sasuke can't beat the two of us.

William: Three if we can find the next Gene Slammer before we fight him. But with your kind of power you can easily take him down.

Nico: That's true. But like J.D. did before I got a bunch of words for him and I'm going to make Sasuke see red first.

William: We haven't heard you say that rant yet.

Nico: Yep. First we got Jirobo and Kimimaro left.

Choji's energy was felt and Nico and William went and found Choji on his last legs and he was facing Jirobo.

Jirobo: Now you are mine!

William: Not this time!

William fired a Holy energy blast and it hit Jirobo and he screamed in excruciating pain as his Curse Mark turned blue and then a white snake came out and was destroyed and he fell down unconscious and William picked him up and Nico went over to Choji who was in incredibly rough shape and Nico gave him a Senzu Bean and he ate it and was instantaneously healed and all better.

Choji: WHOA! Thanks.

Nico: Anytime Choji.

They left.

Nico: Okay. Let's keep our eyes peeled. By now, Evil Sasuke knows that we're here.

William: He's going for the Final Valley. After we deal with Kimimaro we got to head there fast.

Nico: Right.

They found Kimimaro and he was fighting Gaara and Rock Lee.

Nico: There he is and I sense his energy draining fast Luckily I have just the cure.

Nico pulled out a jug.

William: The Sacred Water.

Nico: Yep.

Nico teleported and appeared in front of Kimimaro.

Nico: Time to take your medicine!

SPLASH!

Nico threw the Sacred Water onto Kimimaro and he screamed in pain as purple smoke came out of him and his Curse Mark on his chest dissolved and then the white snake came out of him and then disintegrated and was gone for good!

Nico: Gaara, Lee take him back to the Leaf. We'll go after Sasuke.

Gaara: Thank you.

Rock Lee: Go get Sasuke.

Nico: Right.

Nico and William were off to the Final Valley.

They arrived.

Nico: Evil Sasuke! We know you're here! Stop hiding and fight us like a man instead of a fucking coward!

William: I think the fight already is on.

They saw Evil Sasuke and Naruto fighting on the lake of the Final Valley.

Nico: Whoa look at them go. I'll rough him up first and the you come in later.

William: Right. Go get him.

Nico then flew at Evil Sasuke.

Evil Sasuke was charging at Naruto with his Chidori at full power and then suddenly…

KRASMASH!

Nico slammed his foot into Evil Sasuke's face with incredibly devastating force and smashed him into the cliff and he was knocked down. Then he saw Nico and he was mondo mad!

Nico: I had a feeling you would be here you coward!

Evil Sasuke: YOU PUTRID FUCKER! This was not your fight!

Nico: It is now and I have just a few choice words for you. You are never going to be welcome here or in the next life with the rest of your goddamned godforsaken clan.

Evil Sasuke: I HATE YOU! HOW DARE YOU SAY THAT!?

Nico's aura flared up with incredible power!

Nico: You can hate me all you want but all you're doing is just making me more powerful.

Nico then transformed into a Super Saiyan 5!

Nico: You will pay for all your crimes. But just to be fun I think I have a few choice words on J.D. Knudson's behalf.

Me: (Through Nico) Hmm. Yes and a "Motherfucking Cur" was the only kind of person you can handle. I remember that your father said that very same thing to me in 150,000 years just as I was killing the Uchiha for their crimes and snuffing out the very darkness that they used to destroy so many lives. When he made his speech about how you were going to kill all of the Leaf in the name of Madara Uchiha all they did was seal their fate. Your Father poisoned his own son with his own hatred and turned you into a miniature version of him and he poisoned your mind with so much of his hatred over everything that you became a totally lost cause. He made you into a homicidal and completely mentally unstable psychopath and you did not show any value towards friendship or comradery. You wanted everything handed to you on a silver platter just like your wretched father and all your clan did. You cheated in everything, Even though Ninjas cheat, education is the one thing that we NEVER cheat at. Isn't that right and they say that your father was leading the Uchiha to greatness. But it turns out you're just another lost soul of the run-of-the-mill ninja. And you know it. You're not even in the same league in the kind of power that I possess. I can destroy the entire universe in the mere blink of a cosmic eye. In fact, next to my kind of power and the power that you have, you are nothing compared to me and you and your clan were nothing but a bunch of pathetic ants compared to it. The way you covet all that power, the way your clan did all the deeds in the name of the devil known as Madara Uchiha, a monster and a planet destroyer. It's downright fucking disgusting. As the most powerful fighter and warrior and champion in the universe, all I see when I look at you is a fucked up miserable fuckweed and a heartless motherfucking psychotic wretch. And on top of that I fucking hate your style above all others you ruthless fuckkicker! What is it that you are hoping to accomplish? Stealing all the jutsu in the world just to expand your jutsu arsenal and repertoire, committing crimes all over the planet just to satisfy the devil Madara Uchiha, murdering innocent people, stealing jutsu, pursuing petty and worthless desires like revenge and above all betraying the very village your clan founded. You Uchiha Motherfuckers don't give a flying fuck about anyone but your pathetic goddamned motherfucking selves and that is why I killed them all including your father. The Uchiha are heartless monsters that murder, lie, steal, betray and are completely powerhungry just like you and that's why I killed them all. YOU ALL FUCKING DISGUST ME!

EVIL SASUKE THEN WENT BALLISTIC!

NARUTO SHIPPUDEN MOVIE 2 OST - RAGE PLAYS AT 2:18 TO 2:57

Nico and Evil Sasuke really went at each other and Nico really overpowered him. Evil Sasuke Roared in an incredible amount of rage and fury and he went into his LEVEL 2 Curse Mark Form and he went at Nico and punched and kicked and brutally fought him all over and tried to smash his head in with indiscriminate fury and he was really determined to make sure that he kills Nico. Nico blocked all his punches and kicks and he jumped back and threw numerous kunai and Nico deflected them all and fired a powerful blast of fire and it hit him in his arm and burned him bad! He was screaming in pain and then he was screaming in agony. But then his screams of pain quickly turned into maniacal and insane laughter. He was laughing like an insane and totally f*** up monster that was f*** up to the core six ways till Sunday and he went at Nico again and he kicked him in the face and knocked him down and he got up and went at Nico again and he dodged him and fired a blast of lightning and it hit him in the crotch and electrocuted him all over. He went at Nico some more and he dodged his strikes and kicked him in the back and sent him smashing into a rock and he got up and fired massive blasts of lightning at Nico and he deflected them back with his sword and he got electrocuted all over and Nico punched him in the face and he went at him some more and he was making him madder and madder and madder and he was only making Nico stronger with all his hatred and more. Nico then punched him in the face and he went at him and he dodged him again and dodged him again and then Nico kicked him in the back again and sent him crashing into a rock and he got up and went at him some more and fired massive blasts of fire at him and Evil Sasuke fired waves of massive fire blasts at him and the blasts collided and exploded with incredible power!

EXTREMELY MASSIVE EXPLOSION!

Massive fiery explosions were going off all over the place and turning the entire valley into a warzone. Nico fired elemental blasts at Evil Sasuke and he was firing blasts at Nico and massive fiery explosions were going off all over and turning the area into a raging inferno. The Entire area around them was turning into a war zone! Evil Sasuke then fired a massive fireball.

Nico: KAAAAAAAAA! MEEEEEEEEEEE! HAAAAAAAAAAAA! MEEEEEEEEEEE! HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

Nico fired a massive rainbow Fire Kamehameha Wave and it went through the fireball and destroyed it and it slammed into the Evil Sasuke and exploded!

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Evil Sasuke was smashed into the ground with incredible force and Nico kicked him in the stomach with incredible power and he belched up a huge amount of blood and then he grabbed him by his shirt and threw him into the air and flew after him and kicked him in the face and knocked out some of his teeth and he jumped away and fired waves of fire and Nico fired waves of lightning and they overtook his fire and the blasts of lightning hit him all over and electrocuted him and then Nico fired a wave of wind and entrapped him in a tornado and then he fired a wave of fire and burned him all over in the tornado as it was turned into a fire tornado. When the tornado faded he jumped out and fired more fire blasts and him and Nico fired waves of crystal at him and they hit him and cut him all over the place and then Nico fired waves of wood at him and smashed him all over the place with incredible force and smashed him all over. He ran at Nico with a Chidori and he teleported and fired waves of lava and burned his hands and he screamed in pain as he was burned all over and then Nico kicked him in the face and smashed him into a rock! Then he popped out of the rubble and threw the rock at Nico and he smashed it with incredible brute strength and smashed him with waves of rocks and pebbles and smashed him all over the place! Nico then fired waves of darkness and electrocuted and burned him all over.

Evil Sasuke got up and he was more enraged than ever before!

Evil Sasuke: (ENRAGED SCREAMING) WHAT IS IT WITH YOU!? WHY ARE YOU SO STRONG!? IT'S NOT FAIR! THAT POWER SHOULD BE MINE!

Nico: You don't deserve my power.

Evil Sasuke: Even if you kill me, there's still 2 versions of me out there!

Nico: We'll be ready for them. But you? You're done.

?: That's right!

A Splixson appeared.

Nico: Whoa!

Splixson: (In a girl's voice) I had a feeling you were here Nico.

Nico: Jordan Ramsey. I knew it was gonna be you.

Splixson: Finish him will you?

Nico: With pleasure.

Nico fired an energy blast and it hit Evil Sasuke and blasted his entire torso all the way through and killed him instantly!

William: What's your favorite memory of Nico?

Splixson: I have lots of them but my favorite would be in cooking class.

She reverted back and was a girl with green hair and green eyes and aqua blue clothes.

Jordan Ramsey: We made all sorts of awesome meals but my favorite was nacho pizza homemade pretzels.

Nico: Those were awesome.

William: They sure sound like it.

Jordan Ramsey: Yeah. But Nico you sure have changed a lot from that little boy I remember in grade school.

Nico: Lots of things have happened to me.

They then hugged.

Nico: I really missed you.

Jordan Ramsey: Me too Nico.

William: Awesome.

Nico: Lets get our three redemption recruits over to the infirmary. I hope J.D. doesn't chew me out for this.

They came back and we cheered wildly and then put Kidomaro, Sakon & Ukon and Jirobo in the infirmary.

Nico: That's right, big guy. I thought we were rid of that fucked-up monster when we Super Hakaied him and the other horror movie slashers on Halloween last year, but Norman refused to stay dead.

Luna Loud: But, this time, he's getting the Black Gates for good.

Lincoln: That's right, Luna. And I want to thank you and He-Man and The Masters of The Universe, for joining me in this rescue, J.D.

Me: You're welcome, big guy. When I heard Norman Bates had returned, I had to join in as well.

He-Man: I'd heard that all of you had unearthed all of Norman's victims that he killed and buried all over the lands of his hotel years ago. How many people did Norman Bates kill, Lincoln?

Lincoln: You're not going to like it, Prince Adam. During our investigation, we found out that Norman had killed 1,212 people.

They gasped in horror.

Teela: Whoa, Norman's really insane and psychotic.

Lincoln: J.D. made a map of the Bates Motel, and using his powers, he marked the locations of where Norman had killed and buried his victims, then, we used Luminol and sprayed it all over the room in the Bates Motel, and J.D. made his eyes glow blue, and the room was completely inundated in blood.

Man-At-Arms: Unbelievable.

TLPS Mr. Wolf: What a monster.

Lincoln: Norman's bloodlust will be brought to an end for good. J.D., mind if I face him one-on-one, I want to show just how much stronger I've gotten since yesterday, and I've also created some attacks that I want to demonstrate.

Me: (Smirks) Okay, big guy, you got a deal.

Nico: (Smirks) Oh, this is going to be good.

Suddenly, He-Man's massive Defender of Eternia sword unholstered from his wider and muscular back, and it was then surrounded by a kaleidoscope of white energy, stars, and cosmos, and when it emerged, it was transformed into Grayskull's Power Sword of Eternia's Justice, it's a brand-new large sword with a 6'9" massive, wide, double-edged, man-sized silver blade with the image of Castle Grayskull etched on it, large skulls with red gems for the eyes for the crossguard, large red gem for the hilt, longer black handle, and four large silver skulls with red gems for the eyes and in their mouths.

Nico: (Stunned) Whoa.

Lincoln 2: I knew that this powerful blade looked familiar. He-Man, that blade you see before you is known as Grayskull's Power Sword of Eternia's Justice, it's a brand-new large sword that's evolved from your Defender of Eternia sword and Power Sword, and of course, only you can wield it, since you are an actual descendant of King Grayskull.

He-Man grabbed the longer black handle of his new sword, and suddenly, his blue eyes glowed even more, and he was surrounded by a massive vortex of white energy with light and stars surrounding it, there was a gold phoenix flying around the vortex, and there was a gold phoenix inside the white vortex. Then, as the vortex faded, He-Man emerged, but he was changed forever.

He-Man has transformed into SUPER ANGEL ETERNITY INFINITY CELESTIAL COSMOS PHOENIX ANGEL OF COSMIC LIGHT AND ETERNIA HOPE!

We were amazed by He-Man's new Super Angel Eternity Infinity transformation.

He-Man: (Divine Echoing Cosmic Voice of The Cosmos and Eternia Hope) **Incredible, so I've now transformed into my new Super Angel Eternity Infinity form.**

Lincoln: Now, that's awesome.

Me: You said it, big guy.

?: HELP!

Suddenly, Lincoln then heard the sound of twenty two girls calling for help, along with the sound of deranged laughter in the air. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the twenty two girls, but they, along with Lila Crane, have been cornered by Norman Bates, and he's going to kill them.

Lincoln: Guys, I found the twenty two girls, but they, along with Lila Crane, have been cornered by Norman Bates, and he's going to kill them.

He-Man: (Divine Echoing Cosmic Voice of The Cosmos and Eternia Hope) We've got to hurry and save them.

?: (Spanish Accent) And put that monster in his place!

We then saw a Vennominaga the Deity of Poisonous Snakes slither to us.

Lincoln: That voice, I knew it was you, Lori Estevez Salazar. But, we'll have to talk later, right now, we've got a psycho to kill.

We rushed on over, and Lincoln fired a powerful rainbow energy ball, which hits Norman Bates in his back, and that allowed the twenty two girls and Lila Crane to get away. When Norman Bates saw us, he was enraged.

Norman Bates: How dare all of you interfere! Those girls must die, Mother desires their blood!

Lincoln: Shut the hell up, you fucked-up psychotic monster!

Lincoln's voice had gotten Norman Bates to shut up, and it also frightened the psychopath.

Teela: Whoa, now that's one loud voice Lincoln's got.

Nico: And it's got Norman Bates completely frightened and on the ropes, whoa.

Lincoln: You really make me sick, Norman. You've killed so many innocent people and your hands are covered in their blood, and you say you're doing this because it was your mother's will. No, you're nothing but a psychopath who kills for his own sick devotion to a woman who's been long dead, and for that, you're going to die once and for all.

Norman Bates was so enraged, he raised his knife.

Norman Bates: DIE!

Norman Bates tried to attack, but He-Man fired a powerful blast of white energy, and it disarmed the psychopath of his weapon.

Lincoln: Now, to end your miserable life for good.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he went right after Norman Bates, and he fired powerful blasts of Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic at him, along with rainbow energy and they exploded with incredible power.

Then, Lincoln made an rainbow energy pillar with the elemental forces that rose up from the ground, accompanied by mythological animals that represent those elemental forces, and attacked Norman Bates with incredible fury, and we were amazed.

Nico: Holy crap, that's so awesome.

Me: You got that right, Nico. So, that's how much stronger Lincoln's gotten.

Then, Lincoln tore at him by slashing at Norman Bates with his massive Sword of Universal Bravery and Elemental Hope, leaving some nasty scars on him.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Alright, guys, jump in.

He-Man, who's now transformed into his new Super Angel Eternity Infinity form, The TLPS Bad Guys Gang transformed into their Super

Angel Infinity forms and unholster their massive swords, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sima Yi, Sun Quan, and Jiang Wei got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholster their massive swords from their backs and transform, The Masters of The Universe got out their weapons, and Me, Eli, Nicole, and Nico transformed and unholstered our massive swords from our backs and we went at Norman Bates, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, ice, lightning, steel orbs, stars, rainbow flames, rainbow crystals, orange flames, blue flames, ice, and green flames at him, and they exploded with incredible power as they hit him.

Then, Lincoln and He-Man fired two powerful energy beams at Norman Bates, and as they exploded with incredible power, the resulting explosion killed Norman Bates, and as soon as Norman's spirit had appeared, Lincoln marked his forehead with a kanji, and condemned him to The Black Gates, and he was found guilty by the 1,219 souls that he'd killed, and Norman Bates' spirit was erased from existence forever. We cheered wildly as we holster our weapons on our backs and power down, and He-Man's new body, clothes, weapons, jewelry, and angel wings are permanent.

Lincoln: Rest in Oblivion, Norman Bates. (To Lori Estevez Salazar) And it's so good to see you again, Lori.

Lori Estevez Salazar: (Spanish Accent) You too, Lincoln. it's been a long time.

They went up to each other, and they hugged, and Lori Estevez Salazar was very surprised at how much stronger and at how much taller and much more muscular Lincoln's gotten since she last saw him.

Lincoln: It sure has been a long time, I haven't seen you when you were eleven, and I've grown a lot since then.

Lori Estevez Salazar: (Spanish Accent) Yeah, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

He-Man: Lincoln, do you know her?

Lincoln: Yeah, I do, He-Man. This is Lori Estevez Salazar, she moved from Great Lakes City to Royal Woods when she was eleven, and we became best friends when she attended school, and she also saved me from a brutal attack from Lynn.

Nico: Uh oh, we're definitely going to hear about that later.

Lincoln: That's right. Now, let's get you back to normal, Lori. Guys, cover your eyes, hold still, Lori, this is going to hurt.

Me, Nico, Eli, and the rest of the boys had covered our eyes as Lincoln snapped his fingers, and Lori Estevez Salazar was reverting back to normal. Lori Estevez Salazar is a beautiful 17-year-old with long yellow hair going to the upper part of her back, yellow eyes, fair skin, she's 6'0" in height, she had the body of a goddess, and she also now has massive purple angel wings, as she reigned in the power of Vennominaga.

Lincoln: How do you feel, Lori?

Lori Estevez Salazar: (Spanish Accent) Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Lori Estevez Salazar a new wardrobe, a short-sleeved purple blouse with a blue phoenix and purple skirt with Vennominaga on it, purple pants, purple leather ankle-high combat boots, and a long purple sleeveless trenchcoat with poison and snakes on the coattails and Vennominaga the Deity of Poisonous Snakes on the back, and on her back is a large Vennominaga-themed sword with a 6'5" massive, wide, double-edged, man-sized purple blade with Vennominaga the Deity of Poisonous Snakes etched on it, large purple snake heads with yellow gems for the crossguard, large yellow gem for the hilt, longer black handle, and four large purple snake heads with yellow gems for the eyes and four large yellow gems in its mouths for the pommel.

Lori Estevez Salazar: (Spanish Accent) Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Lori Estevez Salazar's neck with yellow gems on the gold lightning bolts and purple crystals links from her new Crystal Necklace of the Buddha.

Lori Estevez Salazar: (Spanish Accent) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Lori.

Lori Estevez Salazar had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the twenty two girls, and when Lincoln saw them, he immediately recognized them. The twenty two girls are Yoshida Yuuko, Chiyoda Momo, Hinatsuki Mikan, Lilith, Ogura Shion, and Sata Anri from The Demon Girl Next Door, Hanakago Saki, Temari Yuri, and Yamada Mimimi from Platinum End, Mishina Aoi, Mishina Kurenai, Mishina Midori, Saotome Kou, Saotome Marcia, and Saotome Shion from Ryuusei Sentai Musumet, Tenma Gabriel White, Shiraha Raphiel Ainsworth, Kurumizawa Satanichia McDowell, Tsukinose Vignette April, Chisaki Taplis Sugarbelle, and Machiko from Gabriel Dropout.

Helena McTroy: From The Demon Girl Next Door, Platinum End, Ryuusei Sentat Musumet, and Gabriel Dropout, awesome.

Lincoln: Are you girls okay?

Yoshida Yuuko: Yes, we're okay, thanks to you.

Then, when Yoshida Yuuko and the other twenty one girls saw who it was that saved them from Norman Bates, their faces turned atomic red upon seeing the 17-year-old 7'0" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Sword of Universal Hope and Elemental

Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanjis "Savior of The Loud House, Powerful Student of Many Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, and The Unifier of The Three Kingdoms" on the left legs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts with a large deep sapphire blue gem in the shape of a Thunderbird on top of a silver Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Yoshida Yuuko: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made twenty one clones of himself, and he and the twenty one clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Yoshida Yuuko: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, twenty two Thunderbird Necklaces of Eternal Love appeared around the necks of Yoshida Yuuko, Chiyoda Momo, Hinatsuki Mikan, Lilith, Ogura Shion, Sata Anri, Hanakago Saki, Temari Yuri, Yamada Mimimi, Mishina Aoi, Mishina Kurenai, Mishina Midori, Saotome Kou, Saotome Marcia, Saotome Shion, Tenma Gabriel White, Shiraha Raphiel Ainsworth, Kurumizawa Satanichia McDowell, Tsukinose Vignette April, Chisaki Taplis Sugarbelle, and Machiko with colored gems and crystals on the gold lightning bolts. We returned to the Estate, we told everyone what happened, and they were shocked when they found out the villain we went after was Norman Bates, who's returned from the dead, and wanted revenge on us.

But, when Lincoln showed what he, and He-Man, who transformed into his new Super Angel Eternity Infinity form, did to Norman Bates, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Lori Estevez Salazar have a lot of catching up to do, now that she's back in town, and as for the bodies of all those killed by Norman Bates, Lincoln had them exhumed, and after sending them back to their loved ones, they were given a proper burial, and Lincoln destroyed The Bates Motel with a powerful energy blast, and Norman Bates is now a forgotten memory.

---

After finally getting rid of Norman Bates this time for good, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Lori Estevez Salazar saw Lincoln working out like crazy, she had an atomic red blush on her face.

Lori Estevez Salazar: (Spanish Accent) Whoa, Lincoln's really grown to be a 17-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Lori, and now, I can also fight and defend myself.

Lori Estevez Salazar: (Spanish Accent) That's incredible.

Nico: It sure is, Lori. So, can you tell us about how you saved Lincoln from a brutal attack by Lynn and tried to kill him?

Lori Estevez Salazar: (Spanish Accent) Of course, Nico. One day, I was heading to The Loud House to play with Lincoln, but then, I heard something coming from The Loud House: it was the sound of a loud scream, and there's only one person who could make that scream, it was Lincoln. I got in, and I saw him cowering in fear, and I saw just who he was cowering from: it was Lynn. Earlier on, before I came to The Loud House, Lincoln had got into an argument with Lynn about her brutal Hall Monitor ways, such as stuffing him in a locker and it almost made him late for class, and when he called her a "monster tyrant of a hall monitor", Lynn's eyes turned red, and she went ballistic. She tried to kill him by beating him to death, but I got in the way, and I stopped her. But, then, I got into a nasty fist fight with her, and I brutally beat her up. After I was done, Lynn was in excruciating pain, and I went up to Lincoln, and hugged him, and he hugged me back. I told Mr. and Mrs. Loud of what Lynn tried to do to Lincoln, and Lincoln's other sisters also backed up my explanation. When we were done, they were shocked, They loaded Lynn into her car, and took her to the hospital, and she had to spend eight weeks in the hospital. But, she was also grounded for those eight weeks for what she tried to do to Lincoln.

We were shocked.

Me: Jeez.

Lori Loud: Yeah, it was bad, J.D. But, it was thanks to Lori, she saved Lincoln from getting killed by Lynn.

Lincoln: Yeah, Lori Estevez Salazar is one brutal fighter, and a fierce defender.

Helena McTroy: (Gasps) Now, I remember you all too well, Lori. (To us) You guys don't know about this, but of all of us, Lori Estevez Salazar is known as the fiercest Guardian Angel of Lincoln, and any dumbass who tries to hurt him in her presence, she'll put you in the hospital for weeks.

Nico: Dang.

Lori Loud: Yeah, we literally knew better than to mess with Lincoln, especially with Lori Estevez Salazar around, because we don't want the same thing that happened to Lynn to happen to us.

Lori Estevez Salazar: That's right, but you, Lynn, Lola, Luan, and Lisa have since been rid of your dark sides forever, and you've since buried the hatchet and repaired the bonds with Lincoln and with the other sisters. Plus, I'm still surprised at what happened to Lincoln ever since I got Gene-Slammed and what happened to him yesterday when he was exposed to cosmic radiation, and I really like that he's become a 17-year-old 7'0" tall, really big, really strong and muscular, manly, brave, courageous, handsome, and full-blown hunk of a man, and he loves all his future wives with all his massive gold heart.

Luna: (Giggles) Dude, you better be careful with those compliments. When Lincoln hears them, he'll respond with a supercharged passionate kiss and hug, and it'll leave you with an atomic red blush on your face and hearts in your eyes.

And as soon as Luna said that, Lincoln wrapped his abnormally massive and powerful muscular arms around Lori Estevez Salazar's waist, and he brought her into a hug and embrace, and that caused her to develop a blush on her face from the contact. Then, he leaned down to her face, and he kissed her on the lips with a supercharged passionate kiss, and she returned it by wrapping her left arm around Lincoln's wider and more muscular back and placing her right hand on Lincoln's massive and wide pec. When Lincoln separated, Lori Estevez Salazar's atomic red blush became even more bright red, and she had beating red hearts in her eyes.

Lori Estevez Salazar: (Spanish Accent) Ah, que guapo! What a man!

We then got a shower afterwards, and then, Lincoln and his harem got ready for their beach date, this time, it's at Yoshi's Tropical Island in the world of Mario.

Lincoln then snapped his fingers, and the 17-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo, and elemental forces on it, along with his large weighted orange bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

His harem were dressed in two-piece bikinis in their favorite colors, sandals, along with their jewelry, and they also had their weapons holstered in case of trouble.

Lincoln: Alright, ladies, shall we?

Lori Estevez Salazar: We're ready, Linky.

Lincoln and his harem left the Estate, and they arrived at Yoshi's Tropical Island, and it was a really awesome tropical island consisting of Watermelon Island on the left, Cantaloupe Island on the right, two adjoining bridges, and a small island in the middle.

Lori Estevez Salazar: Wow, what is this place, Linky?

Lincoln: This, Lori, is Yoshi's Tropical Island in the world of Mario. I heard about it from Mario, and it's the perfect place for our beach date. Shall we?

Lincoln and the girls then dived right in, and they began swimming in the large ocean, and they also met the Yoshis that live there, Then, they had some lunch, and for today's lunch, Lincoln made some grilled cheese sandwiches with grilled chicken pieces in them, and they were good. Then, as soon as the sun's about to set, Lincoln made clones of himself, and he and the clones went to the girls in his harem, and they picked them up in their abnormally massive and powerful muscular arms, and as the sun turns orange, they passionately kissed and hugged with supercharged and intense passion. Then, they came back home to the Estate, and they were in their original clothes.

Nico: Hey, big guy, how was your date?

Lincoln: It was awesome, Nico, we went to Yoshi's Tropical Island.

Nico: Whoa, and from what I remember, Yoshi's Tropical Island also consisted of Watermelon Island, where we had our beach date there with our harems, and Cantaloupe Island.

Lincoln: That's right, and we also met the Yoshis that live there.

Me: Awesome.

Lori Estevez Salazar: (Spanish Accent) We had an awesome time, we went swimming, and we had lunch that Lincoln made, and we ended that date when Lincoln made clones of himself, and they picked us up in their abnormally massive and powerful muscular arms, and just as the sun turns orange, we passionately kissed and hugged. I can't wait for more dates with our future husband.

Lincoln: Trust me, Lori, I've got more fun dates planned for the future.

---

Later we were watching TV and then Lincoln's deep sapphire blue eyes glowed even more, as he sensed a dark energy, and he saw a vision of who that dark energy belonged to, it was none other than our old enemy from Eternia, Skeletor, who's returned from the dead and escaped from The River of Fire, and he wants revenge on us. When we saw that, it definitely meant trouble.

Nico: Uh oh, Lincoln, trouble?

Lincoln: Afraid so, Nico, and we're not going to like it one bit: Skeletor has returned from the dead, he's escaped from River of Fire and he wants revenge on us for ruining his plans to conquer Eternia and for sending him to The River of Fire.

We gasped in shock, including King Kai, who was about to tell us.

King Kai: (Telepathically) I was about to tell you guys about that, but it looks like Lincoln just beat me to the punch.

Lincoln: Sorry, King Kai. It's one of my many new powers that I'd gotten after I got hit and exposed to massive amounts of cosmic radiation yesterday.

King Kai: (Telepathically) But, it worked perfectly yesterday when Kan-Ra showed his ugly face.

He-Man: And now, it's worked on Skeletor. This time, we'll make sure he dies for good, but we're not going to use The Black Gates on him, right, Lincoln?

Lincoln: That's right, He-Man. This time, we'll just Hakai him and send him to The Warp, consider it as a final act of mercy from Team Loud Phoenix Storm to Skeletor himself.

Zhang Chunhua: I love that idea, Lincoln, and I know you're going to help me with this, right?

Lincoln: Of course, Lady Chunhua.

He-Man: Mind if I also join in too, Lincoln? I may have gotten a few blows on that psycho, Norman Bates, but wait until Skeletor sees what's happened to me.

Lincoln: That's perfect, when he sees what's happened to you, it'll be the last thing he'll see before he's sent to Oblivion forever.

Nico: (Laughs) Now, that's something I'm definitely going to enjoy seeing.

We had Nanette Albright and Ed Grant blindfolded and we were going to the Iceberg Lounge. We have not been there in a while.

Jessie (Pokemon): Nanette, you'll love where we're going.

Nanette: I have a feeling it's gonna be awesome.

Me and Lincoln were guiding Ed.

Ed Grant: So where are we going?

Me: You'll love it Ed. It's a place that the Masters of Evil and us know and haven't been to in a while.

We arrived at the Iceberg Lounge.

Anko: Hey, Oswald. It's been a while.

Penguin: Ah Team Loud Phoenix Storm it has been a while. Nico congratulations on getting your full time Leader position.

Nico: Thanks Oswald. Lots of things have happened last year.

Me: Nico's awesome leadership display during that entire year in our major battles have earned him the position fair and square.

Nico: Yep.

Eli: It's awesome having him as leader now.

William: You said it Eli.

We took off Ed and Nanette's blindfolds.

Nanette: Whoa we're at the Iceberg Lounge?

Nico: Yep.

They saw each other.

Ed Grant and Nanette saw each other.

Ed Grant: Nanette?

Nanette: Ed? Wow! Nico set this up for us?

Ed Grant: He sure did.

Me: I think I have the awesome dance song for you all.

I put a quarter in the juke box and turned on an amazing song.

Me: This used to be a song that my mom and dad danced to on one of their dates.

I turned on Lady In Red by Chris De Burgh.

Ed Grant: Shall we dance?

Nanette: We shall.

They got to dancing.

Penguin: I must thank you all for getting rid of Scarecrow. He honestly was bad for business.

Mindwipe: It was our pleasure. He won't be bothering you anymore since Mal pushed him into the Warp.

Penguin: You mean you all Hakaiied him?

Maria: No. We mean Mal literally pushed him into a portal leading into the Warp.

Nico: It's true. It was awesome.

Mal: Yep.

?: Excuse me are you all Team Loud Phoenix Storm?

We saw a girl in a white toga and she had green hair that looked like vines.

Me: We are and you are?

Ibara Shiozaki: Sorry I'm Ibara Shiozaki. I go by Vine in my world and I come from U.A. Academy for heroes in training.

Lincoln: Wow you're one of the heroes that we're going to meet in the future.

Me: It's a pleasure to meet you Ibara.

Ibara gave me a piece of paper and it was for Ibara being an ambassador till we go on the mission to the My Hero Academia world in the future.

Ibara Shiozaki: I know this is sudden but it's part of a program set up by my school.

Bud: Just like me when I had my own ambassador mission.

Me: That's cool.

Nico: It sure is.

Nanette and Ed came.

Nanette: That was fun. Oh I don't believe we met.

Ibara Shiozaki: My name is Ibara Shiozaki. I am a representative of my school for the team.

Me: Ibara is from the world you are going to on your ambassador missions in the future Nanette.

Nanette: Awesome. It's a pleasure to meet you Ibara and I am the ambassador for your world in the future. It's gonna be an honor to represent the team for your world.

Ibara Shiozaki: I'm truly honored Nanette. Thank you.

Nanette: Nico, thank you for this. But we're still getting back at you.

Cosmos: Nico, fucking run!

Nico started running.

Ed Grant: Hulk, D Smash!

Nico ran even faster as Disk Wars Hulk appeared and chased after me.

Me: Oh boy.

May: You don't think Nico will be hurt too badly, do you?

Penguin: May, right now, Nico will be lucky to get off with a few bruises. Otherwise…

May: Otherwise, what?

Penguin: Well, how well have you all gotten at hiding bodies?

Me: (GULPS)

Nico then got dogpiled on and then tickled all over.

Nico: (LAUGHS HYSTERICALLY) HAHAHAHAHAHAHAAHAHAHAHAHAHAHAHA! OKAY OKAY OKAY! (LAUGHS) I'M SORRY! I'M SORRY!

Vice: Jordan, your name sounds similar to Gordon Ramsey

Jordan Ramsey: (Laughs) I do share the same last name as him but we are not related.

Me: That's good. Hell's Kitchen is not my favorite show.

Jordan Ramsey: Good.

Nico came back.

Nico: Whew. Sorry guys.

Me: No worries but that was funny.

Ibara Shiozaki: But it's an honor to be part of the team. J.D. what is your quirk if I might ask?

Me: My quirk? Oh that's your worlds version of powers. My quirk would have to be omnipotence. But I wasn't born with my powers. They were given to me by a different source. I got my powers from Cosmic Radiation or radiation from outer space. I have the powers of a god and they are more powerful than anything people in your world has seen.

Lincoln: Yeah it's a strange thing.

We told her about our powers and more and it was incredible.

Ibara Shiozaki: Wow! That is incredible. My quirk or powers are called Vines.

Ibara's Quirk gives her hair-like vines that grow on her head. She can lengthen and manipulate the vines, allowing her to attack, defend and grapple. She also has the ability to detach them at will. The vines will grow back, provided her head receives proper sunlight and water.

Nico: Whoa that is amazing.

Laney: So your hair acts like plants. That is amazing.

Ibara Shiozaki: It sure is.

Then Heatwave, Dr. Viktor, Dai Gui, Vulture, Mumbo Jumbo, Knightbrace, Fixer, Electrocutioner, Spymaster and Griffin appeared.

Heat Wave: Can me, Dr. Viktor, Dai Gui, Vulture, Mumbo Jumbo, Knightbrace, Fixer, Electrocutioner, Spymaster and Griffin go with you guys this time?

Nico: You all sure can. Oh Dr. Viktor I forgot to thank you for helping Francine Lorrington with mastering her powers.

Dr. Viktor: You're welcome Nico.

Mumbo Jumbo: (Sees Ibara Shiozaki) Who's this with you all.

Eli: Oh sorry. This is Ibara Shiozaki and she comes from the world of My Hero Academia.

Me: Ibara these are some of our awesome frenemies in the M.O.E. or the Masters of Evil. They are not like the villains that you all know in your world. They are some of our awesome frenemies that we have known since December 26th, 2019.

I told her all about what happened and from then on and it was intense.

Ibara Shiozaki: Oh my. It's a true honor and may God show his love and compassion towards you all.

Mumbo Jumbo: Oh why thank you and it's an honor to meet you and have you here.

Dr. Viktor: Same here.

Me: Ibara is very religious.

Nico: She sure is.

Ibara Shiozaki: Yes and I am what is called the saint among my fellow peers in my school and I don't like to kill.

Me: That is completely understandable Ibara. But there are circumstances where we have to kill those that are beyond pure evil and they deserve only death and nothing more.

Aqua Man (Mega Man): But you don't have to kill anyone if it makes you uncomfortable. Leave that to the rest of us.

Ibara Shiozaki: Thank you all.

Me: Also we totally understand. Luffy made us promise not to kill anyone on his world either. So we decided to cash in only their bounties.

Luffy: That's right. Thank you guys.

Me: Anytime.

Ibara Shiozaki: When are you all coming to my world?

Me: We're projecting April 7th. And from the looks of things from what we heard you all have a lot of enemies to take down and many of them would make awesome recruits for the M.O.E.

Mumbo Jumbo: That's right.

Nico: Yeah.

Eli: It'll be awesome having all your friends join us.

Me: We also know that your friend Bakugo is like Master Vegeta here.

Vegeta: Yes and he has an arrogant and explosive attitude like me.

Ibara Shiozaki: That is right but he and Izuku are now friendly rivals now.

Me: That's good. The last thing we want is a total loose cannon.

Eli: Yeah.

Nico: I hope Billy hasn't done anything stupid.

---

At Mandy's house, Mandy is on the computer. She searches "aroma therapy candles".

Billy: Mandy! (Mandy stiffs the stink bomb) Do you want to check my new stink bomb? It's full of mayo, skunk oil, doody, fish beans and beans inside.

Mandy: EW! That stinks. Get it out of here!

Billy: Come on, Mandy. It's rad!

Mandy: Don't make me hurt you.

Billy: Come on. Let me show you.

Mandy: Let go of the stink bomb!

Billy: No, you let go!

Mandy: Let go!

KRAFFFFFFAAAAAAAAARRRRRRRRRTTTTT!

(The stink bomb explodes entirely. Grim gasps in slow-motion. A wave of stink rushes over Mandy's house. Billy puts a washing peg on his nose)

Billy: (puts a washing peg on his nose) Now, that's a stinky meatball!

Grim: (feeling proud of himself) I'm so glad I don't have a nose right now.

Mandy: (crossly) Grim, clean this up.

Grim: I didn't do…

Mandy: Now! (points at Grim's head) Or I'll knock your head off.

Grim: (gets a mop and bucket) Fine.

Mandy: (pinching her nose shut) Billy, go home.

What she doesn't know however was that it wasn't Billy that was the one that made that stink bomb. "BILLY" took off a mask and it was really BOBBY, BILLY'S LOOKALIKE EVIL REPLACEMENT!

---

Bobby was the replacement Billy that Grim and Mandy found online. He tried to steal Billy's life from him, but failed and went to an unknown dimension that Billy made to get rid of Bobby so that Billy could have his life back.

---

Bobby (B&M): Excellent.

Hours later back at the estate we were watching TV and then Mandy came in and her parents Claire and Phillip came in and they had a bunch of suitcases.

Me: Hey Mandy, Claire, Phillip.

Nico: What's going on?

Mandy: Our house is being fumigated.

Nico: Uh oh.

Knightbrace: Geez, what's going on this time?

Mandy: Billy made a stink bomb and we have to stay here till it's clean.

Totally Spies Alice: Mandy, I know you're angry at Billy right now.

Mandy: I'm not just angry. I'm furious.

Me: You're always angry at everything Mandy.

Mandy: True.

Me: Can I show you to your rooms?

Phillip: Sure J.D.

Claire: And the view is amazing up here.

Me: The view always is amazing.

Ibara Shiozaki: It sure is amazing J.D. I think it's amazing seeing the Earth from this high up.

Dew Gayl: It's the benefits of being in a amazing tree that's 100 miles high.

I showed Mandy and family to their rooms.

Nico: (Suspicious) I don't know about you guys but I smell a rat.

Eli: Yeah I sense a disturbance in the Force. Someone is trying to make Billy look bad.

Mandy then saw Bobby.

Bobby (B&M): Hello Mandy.

Mandy: Bobby? What are you doing here?

Knightbrace: You know him?

Mandy: Unfortunately yes. When Billy was never going to talk to me again I replaced Billy with a lookalike of him and I found out that he was trying to kill Billy and take over his life. But Bobby gave me a really nice car and Bobby gave Grim a hearse.

Knightbrace: That is amazing. But Bobby is a nightmare kid.

Bobby: (Stupidly) Yeah But I'm back with my best friend.

Tomahawk Man: What are you doing here, Bobby?

Billy and Mandy Bobby: What do you think? I don't know if you guys are looking for new members at the moment. But I'd like to sign up. If you guys will have me, of course.

Nico: (in his head) Something about this doesn't seem right.

Me: (In my head) I've got a really bad feeling about this kid.

Eli: (In his head) I sense a really huge evil in him.

Billy: Hey, guys. What's up?

Mandy: Don't act like you don't know.

Electrocutioner: Billy, I don't think your tiny brain is gonna get you out of this one.

Billy: Why what did I do?

Nico: You made a stink bomb and Mandy and her parents are living here for a while while their house is being fumigated.

Billy: YAY! It's gonna be so much fun! We'll have a parade, we'll watch TV, we'll play tag, we'll dig to China, we'll play crochet, we can even get married, we'll go to the zoo, we'll have a staring contest! Ooh I know! You can make me Jambalaya!

He held up a sausage.

Nico: Wow but Billy you are already married to Hariel.

Billy: Oh right.

Me: But Billy you set off a stink bomb in Mandy's home.

Billy: Huh?

Mandy then jumped on Billy and pulverized him to pulp and Monkey screeching was heard!

CRASH! POW BIFF WHAM BLAM BOP POW WHAM WHOMP!

Eli: Excuse me. But I must discipline the nanny goats.

Headstrong: Don't bother, Eli. This situation has gone past the point where your methods can contain it.

Nico: Go for it Eli.

Eli grabbed Billy and Mandy and smashed their heads together.

BLANG!

Eli: Can't we all just get along?

Me: What the hell is wrong with you two!?

Fixer: Billy, don't take this the wrong way. But I think you need to keep your distance from Mandy at the moment.

Nico: And no we're not going to send you to another planet. We're going to give you another room for the time being.

Billy: Thanks guys.

Nico: Come on.

Me: And Mandy don't ever do that again.

Mandy: It's his fault.

I gave Mandy a devilishly demonic stare and scared her.

Then I left and Mandy was unpacking.

Lily: Do you guys mind if I give Bobby Billy's room as punishment for what Billy did?

Undermine: (suspiciously) Yeah. You go do that.

Lily did so.

Me: (Suspiciously) (In my head) Something is definitely wrong here. That Bobby kid is definitely up to something and it's like he's using Mandy as a pawn in something.

Spymaster: Something on your mind, Nico?

Nico: Bobby could've approached us at any time if he was looking to join the team. But he waited for a specific moment. A moment where Billy would supposedly do something bad.

Spymaster: (notices Bobby coming in) Speak of the devil.

Bobby: Nico, right? I hear you're doing a nice job at being leader. Better than J.D. ever did.

Nico: Flattery isn't going to get you anywhere.

Bobby: (sighs) Look, I know that idiot was your friend. But you were nuts to have that moron on the team in the first place.

Nico: Just worry about yourself. I'm keeping a close eye on you.

Bobby: (frowns) Maybe this is something you want to take up with me personally.

Luna: (walks in) Hey, dude. What are you doing in here?

Bobby: (innocently) Oh, just getting acquainted with Nico.

Luna: Well, in any case, how about I show you around the Estate?

Bobby: Sounds great!

We looked at Billy with suspicion as he was being shown around.

Me: (Whispers to Nico) Lets play along with him until the time comes.

Nico: Right.

Divebomb: Nico, before we talk about anything else, which Gene Slammer do you think will appear on your next rescue?

Nico: I'm hoping to meet a Chronosapien Gene-Slammer next.

Me: One of Clockwork's kind next. Good idea.

Nico: That is gonna be cool.

Me: So someone with Time Powers next like Luxord, Clyde and Clockwork that Danny Phantom knows will go with you.

Nico: Yep.

Lincoln: You've got to admit that so far, Bobby's been real nice to us.

Me: In a pigs eye

Nico: I don't buy it for a second.

Luan: Nico, you know what Billy did.

Griffin: I know Billy can be stupid! But he's also our friend. Or did you forget?!

Nico: I know Bobby is up to something.

Eli: Yeah I sense it. And he's making Billy look bad.

Me: I feel it too.

Buzzsaw: Let's go to Mandy's house and see if we can find out any clues.

Nico: Good idea.

Me: Good thing I got plenty of nose plugs.

Lori: And I have HAZMAT suits too.

Eli: Good thinking Lori.

We went to Mandy's house.

We were at Mandy's house and it was being REALLY CLEANED UP.

Me: Whoa!

Vulture: I'll fly over you guys in case Bobby comes.

Nico: Thanks Adrien.

We went in and we got to searching.

We went into Mandy's room and saw on her computer that she was ordering aromatherapy candles.

Nico: Looks like she was ordering aromatherapy candles.

Me: Yep.

Barbossa: Wait. What be this?

We saw a mask.

Nico: A mask?

It was a mask that looked like Billy.

Nico: I knew it!

Lisa swabbed the mask and analyzed it and it was sweat that belonged to BOBBY!

Lisa Loud: According to the DNA Scans from the sweat inside this latex mask that looks like our resident bignosed doofus this mask belongs to our new resident Bobby.

Mumbo Jumbo: First, I'll use my magic to get things cleaned up in here!

Nico: Good idea.

Me: And I'll use Clockwork's Time Review powers to see what happened.

Nico: Okay.

Mumbo used his magic to clean the whole house with ease.

Me: Okay Bobby lets see what you did.

I rewound time and reviewed what happened 6 hours ago and saw that Billy made a horrible stinkbomb and then I saw Bobby put on the mask and then framed Billy for the Stinkbomb!

Nico: I knew Bobby was up to no good!

Eli: Same here!

Me: Me too!

Sligslinger: Let's use our entrance on him after we lure him out.

Nico: And I got just the spot. Lets do it at the park. (Eyes glow red) Bobby you just messed around with the wrong idiot.

Nico went back to the estate.

Nico: Bobby we have something awesome for you in the park.

Bobby (B&M): Ooh! Okay.

Bobby went to the park and he was looking around.

Bobby (B&M): Where is it!?

Suddenly the spirits W.I.T.C.H., C.H.Y.K.N., The Mysticons, SpongeBob and Jimmy appeared and swirled around him and they smashed and punched him all over and then converged and then…

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above him and then a phoenix cry was heard and then we came out.

Nico: It's over Bobby! We knew you were up to something to break Mandy and Billy apart as friends and you made Mandy's room smell horrible to frame him!

Eli: You are in serious trouble you hard big nosed mandrill monkey!

Bobby (B&M): You really want to keep Billy even after all the stupid things he's done?!

Dai Gui: Billy's no genius. But he's twice the man you'll ever be!

Me: That's right you ugly nosed freak!

Nico: Hope you are ready!

Kevin (EENE): It's Pounding time!

Mandy: You only used me!

Nico: LETS GET HIM!

We went at him and smashed and pulverized him all over the place and kicked him in the crotch and smashed him into a tree and it broke in half and smashed him into pulp!

Then Deker, Abis Mal, Nergal, Motor Ed, Mojo Jojo, Radioactive Man, Po Kong, Gizmo, Private H.I.V.E., Penguin and The Wrecking Crew appeared.

Nico: Deker, Abis Mal, Nergal, Motor Ed, Mojo Jojo, Radioactive Man, Po Kong, Gizmo, Private H.I.V.E., Penguin and The Wrecking Crew.

Eli: Funny thing, we were just at the Iceberg Lounge talking to Penguin.

Penguin: Yes indeed.

Gizmo: Hard to imagine that barfbrain Bobby would play Mandy and Billy like that.

Wrecker: What a weasel!

Nergal: Billy, are you alright?!

Billy: I'm fine, Uncle Nergal.

Deker: Thank goodness.

Abis Mal: I knew you didn't throw that stink bomb!

Nico: We knew it all along.

Motor Ed: (to Nico) Dude, I heard you fought another Evil Sasuke. Seriously.

Nico: Yep we sure did.

Mojo: You haven't done that in a while.

Nico: No we sure haven't and it was awesome.

Laney: I missed doing all that.

Me: Me too.

Bulldozer: We also have a bunch of new recruits.

Figures came out and they were Baddie UNDINE, RAYNARE, TRANSMETAL 2 MEGATRON, QUEEN LA and ULTIMATE KEVIN!

Raynare

Raynare is a fallen angel and the first main antagonist of the Eroge light novel series High School DxD and its anime adaptation. She is the main antagonist of Volume 1 and a posthumous antagonist over the rest of the series.

She is the ex-girlfriend and arch-enemy of Issei Hyoudou after she killed him and later Asia Argento (only for them to be resurrected as devils by Rias Gremory).

In Japanese version, she was voiced by Hitomi Nabatame. In Korean version, she was voiced by Mun Ja Choi and in the English version, she was voiced by Felecia Angelle Then she's voiced by Veronica Taylor.

Raynare was sent by Azazel to keep a close eye on Issei, she disguised herself as a human named Yuuma Amano, and becomes Issei's girlfriend. However at the climax of their first date, she disobeyed Azazel's orders and killed him on her own accord. Raynare later appeared after Issei's spending the day with Asia, surprised and disgusted at the fact that he was reincarnated into a Devil, and easily overwhelmed him while revealing the Sacred Gear he used was a Twice Critical before whisking Asia away.

Later, at the abandoned Church, she took Asia's Twilight Healing, killing her in the process, before proceeding to fight Issei in a one-on-one duel with Asia's life on the line. Although she overpowers Issei once more, in the climax of the duel, Issei's true Sacred Gear, Boosted Gear, activates, and she is swiftly defeated by the new power. Before being terminated by Rias, she desperately begged Issei to save her, even going as far as to say that she loves him. Ultimately, Issei replies by telling Rias he is at his limit and leaves it to her, leading to Raynare being turned into ashes by Rias' Power of Destruction.

## Legacy

Even in her death, Issei went outraged of Shalba sent Asia to the Dimensional Gap when using one of Vali's Juggernaut Drive, a hallucinated Raynare continually mocked Issei over Asia's disappearance and asked him to die for her.

## Queen La

Queen La is the main antagonist in Disney's animated TV series The Legend of Tarzan.

In the original novels, she is a high priestess of a blood cult who fell in love with Tarzan.

In her adaptation for the series, she is a former member of the African Waziri tribe, exiled due to her continued practices of forbidden magic to extend her life. As a result of this exile, she has become an utterly vicious and manipulative sorceress who rules over the abandoned city of Opar, where she lords over the Leopard Men, leopards whom she has changed into humanoid form to serve her.

After she sees Tarzan fight to save the professor, she then falls in love with him. One time, she invites Tarzan and Jane to see the Springs of Opar, but Jane falls behind. Tarzan and La arrive and La tries to convince him to be her husband, by using "fate", which Tarzan and Jane did, but she tries to change it to Tarzan and La, trying to make Tarzan into her king.

She was voiced by the late Diahann Carroll.

Queen La appears when two Leopard Men bring Professor Porter before her, but she is outraged that they did not bring her a man more suitable to be a king like she asked them, so she uses her staff to vaporize the two Leopard Men as punishment for failing her. She decides to leave her throne for the time being and tells the other Leopard Men to sacrifice the Professor since she has no use for him.

La later hears all of the chaos caused by Tarzan, Jane, and their friends, and she watches from the balcony, impressed with how easily and skillfully Tarzan was fighting her Leopard Men. When the heroes then try to escape with the Professor, she appears before them to stop them. It initially seems like she has ill intentions toward them, but instead amicably apologizes for the Leopard Men's behavior. Professor Porter is quick to accept her apology despite his near-sacrifice, and La introduces herself to the group. She then asks who Tarzan is, admiring how he "fights with the strength of ten lions," and he gives his name. However, she interrupts Jane as she introduces herself as Tarzan's wife.

La takes the heroes on a tour of Opar, and she weaves a phony tale of woe about her life. She tells Tarzan, Jane, Terk, Tantor, and the

Professor that she had lived in the city for most of her life, raised by the Leopard Men since her childhood. When Tarzan tells her that he had been raised by gorillas, La is even more smitten to him, seeing their "similar" backgrounds. This is instantly noticed by Jane, who knows that La is just throwing herself at Tarzan. Fortunately for her, Tarzan's attention is drawn away from La when part of the bridge that she (Jane) and Tantor are on breaks due to the latter's weight, and they both fall into the water. Tarzan jumps in to save her, despite her being unharmed by the fall (as is Tantor, who swims out of the water himself), which puts La off. Eventually, La has the Leopard Men prepare bedchambers for the heroes since they will be staying for the night.

Once alone, Jane admits to Tarzan that she doesn't trust La, since it is obvious that she likes him "a little too much." Tarzan assures Jane that La will not get anywhere with him because of all of the women he knows, "Jane is the best" (his way of telling Jane that he loves her). Jane now feels reassured that Tarzan loves her and doesn't have to worry about La. However, it turns out that she does have to worry, as La is privately venting to one of her Leopard Men that "Tarzan must be [hers]." The Leopard Man reminds her that Tarzan is married (with a roar, of course), but La already has a plan to work around that. "Until death do they part," she says. "So we'll just have to part them, won't we?"

The next morning, while Tarzan is further exploring Opar, La takes a walk with Jane and starts manipulating her subtly, bringing up her not exactly being native to the jungle, and Tarzan finding her "an easy burden to bear." Jane does not like the idea of being a "burden" to Tarzan, something that, unbeknownst to La, had already been eating at her since before meeting La. She later extends an invitation to show Tarzan and Jane the hot springs of Opar up in the mountains. While Jane is a bit unnerved by how much of a hike it appears to be, she decides to go, as well. However, she balks upon seeing that it will require climbing trees to get there instead of simply walking up the mountain. She nonetheless tries on her own, but fails. She then rejects Tarzan's offer to help her, telling him to go on with La so she can try herself. Tarzan reluctantly goes on, while Jane continues her futile attempts to climb the tree herself for another minute before eventually giving up and walking back into the city in frustration.

Meanwhile, La reaches the springs with Tarzan and, after admiring the view (of him, while he admires the view of the springs), she tries coming on to him, asking him if he believes in fate. In this case, she means two people finding each other against all odds. Tarzan thinks that she means Jane and himself, but La tells him outright that she means herself and him.

However, before Tarzan can reply to this, La's trap is sprung, as now that Tarzan is at the springs with her, Jane is alone and vulnerable back in Opar, and she finds herself ambushed by two Leopard Men. They grab her, carry her to the bridge overlooking Opar's waterfall, and waste no time in throwing her to what they presume to be her death. Tarzan hears her screams and rushes back to Opar, while La watches him run off with an evil grin on her face.

Tarzan arrives just in time to see Terk, Tantor, and Professor Porter mournfully looking over the edge, thinking that Jane is gone. La suggests that Jane might have slipped and gives Tarzan her false condolences, privately pleased that Jane is out of the way and that she now has a clear path to Tarzan. Tarzan is initially distraught, as well, until he notices three sets of footprints leading up to where Jane "slipped." He notices her own footprints suddenly disappearing well before the edge, and both Leopard Men's footprints only leading up to it, which makes him realize that it was no accident. "Jane didn't slip," he growls furiously. "She was pushed." The reveal of this also brings anger to Terk's face, and shock to Tantor and Professor Porter's faces.

La nervously tries to blame the Leopard Men's behavior, but Tarzan is hearing none of it, saying that the Leopard Men "do what [La tells] them!" He then tries to pounce on La, presumably to kill her for having Jane killed, but the Leopard Men quickly capture and restrain him, Terk, Tantor, and Professor Porter. With the remaining heroes now down, La tries to appeal to Tarzan once more, saying that Jane "was all wrong for [him], anyway," and that she is more perfect for him since they are more alike, with both of them being "part-human, part-beast." Tarzan roars that La is nothing like him, and that he will never join her. La warns Tarzan not to "test" her and randomly vaporizes a Leopard Man standing behind her just to show him what may happen if he continues to refuse her. Then, she arrogantly says, "Queen La always gets what she wants. And she wants… is you."

Later, La has Tarzan tied to the same slab to which the Professor had previously been tied and gives him one final chance to live, as she will otherwise sacrifice him. "Live with me in this life," she says, "or with Jane in the next." Tarzan snarls in reply, "I choose Jane." La, however, tells Tarzan to reconsider, reminding him that Jane is dead, while she is very much alive. "I choose Jane," Tarzan repeats. Unbeknownst to both of them, Jane, who has actually survived her fall and has climbed back up the waterfall and into the city, has overheard, and she holds her heart, touched by Tarzan's words. Still, she knows that she must save her husband somehow. She realizes that La is using a gigantic jewel to cast a powerful, searing sunbeam on the slab to cut Tarzan in half. The jewel is powered by the sun, so Jane just needs to block the sun itself from reaching the jewel.

After making a fire (by unintentionally burning an Opar tapestry hanging nearby her while trying to burn some cinders), the smoke indeed blocks the sun from hitting the jewel. La sees the smoke and takes some Leopard Men outside to investigate. Jane uses the distraction to slip inside and release Tarzan out of their sight. Unfortunately, Terk, Tantor, and Professor Porter are all sitting near the door, chained up and forced to watch the sacrifice, and Professor Porter sees his daughter and, not realizing why she is there, loudly expresses his relief that she is alive, which draws La and the Leopard Men's attention to her. La orders them to kill Jane, and a brief chase ensues. However, Tantor grabs the Leopard Man with the keys to their chains, and Terk catches them with her foot, using them immediately to free herself and then her friends.

After Terk, Tantor, and the Professor free Tarzan, he runs off to save Jane, who has been chased to a wall and cornered near it. La has her surrounded and moves in to vaporize her with her staff. However, Tarzan lets out his jungle cry, jumps down onto the scene, and fights off La's Leopard Men. La starts to aim her staff at him, but Jane grabs it from her, runs to Tarzan, and slams the ground with the staff, causing herself, Tarzan, Terk, Tantor, and the Professor to disappear, thus escaping from Opar. La screams in frustration and despair over their escape.

Tarzan and Jane ride home on Tantor's back, with Tarzan assuring Jane once more that "Jane is the best." Jane makes sure that he doesn't find her a burden, and Tarzan simply says it again, causing Jane to lovingly tell her husband how "wonderfully stubborn" he is. However, La, somehow watching the whole thing, says that Tarzan will find that she can be stubborn, as well. She then calls on a rainstorm to extinguish the fires set by Jane and says deviously, "Quite stubborn, indeed."

One day, Lori was heading to The Loud House to play with Lincoln, but then, she heard something coming from The Loud House: it was the sound of a loud scream, and there's only one person who could make that scream, it was Lincoln. Lori got in, and she saw him cowering in fear, and she saw just who he was cowering from: it was Lynn. Earlier on, before Lori came to The Loud House, Lincoln had got into an argument with Lynn about her brutal Hall Monitor ways, such as stuffing him in a locker and it almost made him late for class, and when he called her a "monster tyrant of a hall monitor", Lynn's eyes turned red, and she went ballistic. She tried to kill him by beating him to death, but Lori got in the way, and she stopped her. But, then, Lori got into a nasty fist fight with her, and she brutally beat her up. After Lori was done, Lynn was in excruciating pain, and she went up to Lincoln, and hugged him, and he hugged me back. Lori told Mr. and Mrs. Loud of what Lynn tried to do to Lincoln, and Lincoln's other sisters also backed up my explanation. When they were done, they were shocked, They loaded Lynn into her car, and took her to the hospital, and she had to spend eight weeks in the hospital wrapped in a full body cast. But, she was also grounded for those eight weeks for what she tried to do to Lincoln.

Nergal: Goodness gracious! Lori is someone to never be messed with.

Cozy Glow: Yeah no kidding! She really smashed her to pulp! And that was because of Lynn's dark side still in her.

Laniya Momoshiki: It sure is and I have amazing water powers myself and it's great.

Baddie Undine: I'm glad I get a fellow water user. At least I don't have to worry about Moo corrupting anyone anymore.

Laniya Momoshiki: Lets not think that's over yet too prematurely. I heard so much about Moo and how dangerous he was and Moo was pure evil.

Baddie Undine: That's true. Lets do it!

Laniya Momoshiki: Lets!

Baddie Undine fired a massive wave of water and Laniya countered by firing a massive blast of water and the blasts collided and released a huge splash and then Laniya surfed on a wave of water and fired a blast of water and it hit Baddie Undine and smashed her down.

Dragon Megatron was next.

Dragon Megatron: I heard that you are quite the Transformer enthusiast.

RD Me: That's true also you had to go through quite a transformation process to get like that. All because of Tarantulas and Quickstrike pulling a fast one on you right?

Dragon Megatron: That's right. I was dealt a huge betrayal by them and incidentally they gave me amazing power.

RD Me: Kind of ironic that this would happen to you. Also Tarantulas was going to destroy the Ark to erase all of the Transformers that were descended from Autobot and Decepticon. He said that he and the Tripredacus Council all had different origins. But thank goodness they didn't succeed.

Dragon Megatron: That's true.

RD Me: Yeah.

Dragon Megatron: I agree. Lets do it!

RD Me fired waves of energy and smashed him down.

Queen La: That is a good call and I think it's really amazing myself.

Heather Riley: They sure are.

Queen La: Indeed. Shall we dance?

Heather Riley: Lets shall.

Heather fired a wave of energy and smashed her down.

Time Force Rangers, Megaforce Rangers, Nico, Eli, Nunnally, C.C., Lucrecia Crescent, Lana, Lola, Laney and Lily VS Hells Gate Prisoner Harbal

Hells Gate Prisoner Harbal was next.

Nico: This is gonna be awesome.

Nico teleported and opened Harbal's safe and in it was a bunch of books and they were the Universal Spellbooks of The Elemental Forces, they're large purple leather-bound spellbooks and in the pages are elemental and universal spells that were said to have been compiled since the beginning of time, and the spellbooks also contain a complete history of the universe that was created since the very beginning of time. Once in hand, we will gain a massive power and energy increase, and those spellbooks will merge with The Spellbooks of The Gods and The Universe that we already have in your possession on our left hips.

Nico teleported back with them.

Time Force Rangers: TIME FOR TIME FORCE!

Eric: QUANTUM POWER!

They transformed and were ready!

Megaforce Rangers: LEGENDARY RANGER MODE! TIME FORCE!

The Time Force Rangers transformed into the Time Force Rangers too!

Nico: It's buttkicking time! VORTEX CANNON!

The Rangers summoned the Vortex Cannon and they locked it on target!

Nico: FIRE!

They fired waves of elements and energy and elements and the blasts all hit him and he exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was frozen as an action figure and Nico went over and picked him up.

Nico: Harbal you have failed this city.

We regrouped and we were facing Bobby.

Nico: It's over for you Bobby!

Gia: Buddy, consider yourself fired!

Billy: It's okay, Mandy.

Po Kong: Bobby was just good at manipulating people.

Me: No kidding. Lots of people were fooled by him.

Radioactive Man: It's a good thing Nico wasn't fooled though.

Me: Same with me and Eli.

Nico: Billy, you might be stupid. But you're still our friend.

Gizmo: Amen to that!

Me: Yep.

Private H.I.V.E.: Now, what do we do with Bobby?

Piledriver: Let's have some fun with him first before sending him to jail.

Bulldozer: I wanna write on his face!

I pulled out a black marker.

Me: All yours.

Bulldozer drew a goofy face on him and then we beamed him to the M.O.E. Prison.

?: I will have my revenge on all of you for throwing me into The River of Fire and ruining my plans to conquer Eternia!

Me: Oh boy, I knew there's no mistaking that voice from anywhere. You can come out now, Skeletor.

A figure came out, and it was none other than our old enemy, Skeletor, who's returned from the dead and escaped from The River of Fire, and he had claw marks on him from the demons in The River of Fire.

Me: I should've known you'd one day return from the dead, Skeletor. You just don't even know when to quit, do you?

Skeletor: Do you have any idea of the torment I had to go through with those demons? I will make every last one of you pay for what you did to me!

Skeletor was about to attack, but Zhang Chunhua fired wires from her Qilin Claws wired gloves, and immobilized him in a web of wires. We didn't even see it for ourselves.

Nico: Whoa.

Sunset Shimmer: Zhang Chunhua's favored weapons were those wired gloves of hers, with those in hand, she fires razor wires from the curved claws of the wired gloves, which immobilizes the targets, and of course, it's also fatal.

Nicole Knudson: Beautiful, cunning, and deadly, just as I remember her all too well.

Zhang Chunhua: That was indeed very dangerous, Skeletor, I think it's time for me to administer you your punishment.

Suddenly, Zhang Chunhua's brown eyes turned neon brown, and she was surrounded by a teal blue energy aura with stars and Qilins, she got out her Qilin Claws wired gloves, and as she approached Skeletor, she left teal blue energy, teal blue ice, and Qilins with every step.

Zhang Chunhua: Skeletor, the crimes that you've committed in Eternia for so many years can never be forgiven, and I cannot allow such devious behavior to go unpunished. But, don't worry, we'll make your death painless.

Suddenly, Zhang Chunhua was surrounded by a massive vortex of teal blue energy and teal blue ice crystals surrounding the vortex, there's a Qilin running around the vortex, and in the vortex is a purple phoenix. Then, as the vortex faded, Zhang Chunhua emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Zhang Chunhua grew to 6'5" in height, she had the body of a goddess and has teal blue highlights in the bangs of her long flowing light brown hair with four white flowers and blue flowers in her hair and hair accessories in her hair, she has neon brown eyes and teal blue energy aura with ice and Qilins surrounding her, she has a Qilin holding the Ice Kanji in its claws emblazoned on her forehead, she has on Qilin earrings with teal blue gems for eyes and holding the Ice Kanji in its claws, and she also has a Qilin with teal blue gems for the eyes and the Ice Kanji in its claws for the second pendant of her Thunderbird Necklace of Eternal Love with teal blue gems on the gold lightning bolts and teal blue crystals from her Crystal Necklace of The Buddha which merged with her Thunderbird Necklace of Eternal Love. Zhang Chunhua has on a long sleeveless purple blouse with a gold phoenix on it, teal blue skirt with the Jin Qilin on it, purple pants, and black ankle-length high heels, and she has on teal blue weighted bands with silver phoenixes on her biceps and thighs, and she has on a long purple and teal blue sleeveless silk coat with ice crystals and a Qilin on it, and right on the back is a Qilin surrounded by ice. Zhang Chunhua felt a sharp pain on her back, and then, massive light brown angel wings with teal blue tips on the large light brown feathers, had sprouted out of her back.

Suddenly, Zhang Chunhua's Qilin Claws wired gloves on her hands are surrounded by a kaleidoscope of teal blue energy, and when they emerged, they were transformed into Arctic Claws of Heaven, they are a pair of purple and teal blue wired gloves with blue curved claws and gems on them, and they have the Jin Qilin on them. Zhang Chunhua has on her brand-new large gold cuff Bracelets of the Champions of The Universe with teal blue gems on her wrists, gold Belt of Elemental Bravery with a gold Qilin head with a large teal blue gem inside its open mouth for the belt buckle, large teal blue Spellbook of The Gods and The Universe on her left hip and Eater of Sins revolver holstered on her right hip. There are gold Chinese characters right below the Qilin that said, "Zhang Chunhua, Loving Mother of Sima Shi and Sima Zhao, Cunning and Intelligent Wife of Sima Yi, Loving Future Wife of Lincoln Loud, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Master of The Wired Gloves, Loving and Caring Defender of The Innocent, and Master of Ice and Qilins."

張春華、司馬師と司馬昭の愛情深い母親、司馬懿の狡猾で知的な妻、リンカーン・ラウドの愛する未来の妻、邪悪な殺し屋、狂った、殺人的、冷酷、そしてサディスティックな野郎、ワイヤードグローブのマスター、愛情と思いやり罪のない者の擁護者、そして氷とキリンの達人

Zhang Chunhua has transformed into SUPER ANGEL INFINITY DIVINE ICESTORM QILIN ANGEL OF ARCTIC JUSTICE AND DIVINE LOVE!

We were amazed by Zhang Chunhua's Super Angel Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Skeletor saw it, he fell into a rage and fired a blast of dark energy from his staff, but Zhang Chunhua fired a powerful blast of teal blue energy with ice and Qilins, and it hits him, and it hurt him badly.

Lincoln: Wow, Lady Chunhua, you look beautiful. How do you feel?

Zhang Chunhua: (Divine Echoing Cosmic Voice of The Arctic Qilin and Divine Love) **I feel incredible, Lincoln, and now, shall the three of us administer Skeletor's punishment?**

Lincoln: (Smiles) With pleasure.

He-Man: Of course, Lady Chunhua, and Skeletor, you're in for a surprise, as I'm not the same as I was when we killed you.

Lincoln unholstered his massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and He-Man unholstered his new massive Grayskull's Power Sword of Eternia's Justice from his wider and more muscular back, and he transformed into Super Angel Eternity Infinity Celestial Cosmos Phoenix Angel of Cosmic Light and Eternia Hope, and they joined Zhang Chunhua. When Skeletor saw it, he was struck with horror and dread.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **This is the last time we'll deal with you, Skeletor.**

He-Man: (Divine Echoing Cosmic Voice of The Cosmos and Eternia Hope) **And this will be the last and final time that we fight each other.**

Zhang Chunhua, Lincoln, and He-Man went at Skeletor, who fired blasts of energy at them from his Havoc Staff, but they dodged them, and they fired powerful blasts of rainbow energy, teal blue energy, elemental energy, white energy, elemental forces, ice, Thunderbirds, Phoenixes, Qilins, and Buffalo, and they exploded with incredible power as they hit Skeletor. Then, Zhang Chunhua fired four teal-colored wires which grabbed Skeletor's Havoc Staff, and yanked it out of his hands, and when Lincoln grabbed it, he smashed it into the ground, and it shattered into a million pieces, and it really horrified Skeletor. But, there's also something else that happened: He-Man now had full access to the powers of Castle Grayskull, as we felt a sudden massive power and energy increase coming from him. Then, He-Man and Lincoln attacked Skeletor with their massive swords, and they'd left nasty scars on his body, and then, Zhang Chunhua had trapped Skeletor in a web of teal-colored wires, so he can't escape.

Lincoln: **Now, for the grand finale.**

Lincoln sprouted his eleven massive, powerful, and long deep sapphire blue werewolf tails with eleven slobbering black wolf heads with glowing blue eyes on the tips, and he sent them at Skeltor, and they bit down on his arms, legs, and sides of his stomach, and we saw the wolf heads slowly draining, siphoning, and sucking out all of Skeltor's powers from his body, and we saw the blue energy visibly flowing down from their heads and necks and into Lincoln, as his rainbow energy aura with elemental forces was flaring up even more, as he gained an immense power and energy boost, and he made Skeletor's powers his own, and we also assimilated Skeletor's powers.

Lincoln then tossed him into the air with his really immense and brute superhuman strength, and he, Zhang Chunhua, and He-Man fired massive rainbow, teal blue, and white energy beams at Skeletor, and they exploded with incredible power, and the resulting explosion killed him. Then, as Skeletor's spirit appeared, Lincoln put his hand at Skeletor's face.

Lincoln: **Consider this our final act of mercy from Team Loud Phoenix Storm to you, Keldor. HAKAI!**

Skeletor's body glowed purple, and he screamed in excruciating pain, as he was Hakaied and sent to The Warp. We cheered wildly for what Lincoln, Zhang Chunhua, and He-Man have done, as they holster their weapons and power down, and Zhang Chunhua's new body, clothes, weapons, angel wings, and jewelry are permanent.

Zhang Chunhua: Rest in peace, Keldor, and may you never return again. Thank you for helping me in dealing with Skeletor, Lincoln, along with you, He-Man.

Lincoln: (Smiles Warmly) You're welcome, Lady Chunhua.

Suddenly, Zhang Chunhua wrapped her arms around Lincoln's waist, and he wrapped his abnormally massive and powerful muscular arms around Zhang Chunhua's waist, and he brought her into an embrace, which took her by surprise and that brought an atomic red blush to her face. Then, as Lincoln leaned down to her face, they kissed passionately as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird, Phoenix, Angel, and Qilin flying in the air, and we also saw a herd of Buffalo running across the field and snow falling down behind them, and the display of the elemental forces, and we cheered for them.

Nico: Now, that's awesome.

Me: You said it, Nico.

After Yuanji and Lincoln separated, they were also approached by He-Man and The Masters of The Universe, who joined in.

Teela: Lincoln, you, He-Man, and Lady Chunhua did an amazing job in putting down Skeletor for good.

He-Man: Now, Eternia is finally at peace with him gone for good.

Orko: No one's ever going to miss him.

Lincoln: Thanks, guys.

Man-At-Arms: Skeletor made the big mistake when he faced off against all three of you, and I was quite impressed at what you did in trapping Skeletor in a web of teal-colored wires, Lady Chunhua, and using the wires to remove his Havoc Staff from his hand.

Zhang Chunhua: I wasn't going to let him escape, that would be rude.

Lincoln: That's right.

Me: You said it, big guy. Plus, once his Havoc Staff was in your hand, you smashed it into the ground and it shattered into a million pieces.

Nico: Yeah, and we saw the horrified look on his face, priceless. And thanks to you guys, Skeletor has been destroyed for good, and as a final act of mercy from us to him, he was banished to The Warp for good.

Lincoln: And we took care of that Billy imposter and stopped his attempt at revenge, and we stopped Billy and Mandy from getting at each other's throats. (Winces) And I thought the fights we had at the Loud House were just as bad.

Nico: Yeah, the fight Billy and Mandy had was even worse, not to mention, even more violent. I hope never to see another one like that again.

Billy: (To the viewers) I hope you all had fun on this one and it was awesome!

Nico: Yes it was. Awesome job today everyone. Lets go home.

We went back home and enjoyed the rest of the day and went to sleep.

Meanwhile in Griffin Rock, Maine, a certain team of Transformers was getting ready to meet up with us.

Cody Burns: This is gonna be awesome and it'll be awesome for Team Loud Phoenix Storm to help us out on many rescues.

Heatwave: It will be awesome. And we're ready for anything.

Cody Burns: Lets head out guys!

Heatwave: RESCUE BOTS TRANSFORM AND ROLL OUT!

They transformed and were off and then the screen turned blue.

# RESCUE BOTS TRANSFORM

Flying over the world of Mobius, homeworld of Sonic the Hedgehog was Nico and Wes Collins and this was gonna be awesome.

Nico: Thanks for coming with me, Wes.

Wes: No problem Nico. This will be an awesome moment for us to bond now that I'm on one of your rescues.

Nico: It sure will be and wow it's on the planet Mobius. We haven't been here in a long time.

Wes: It sure is cool. I think this is amazing that Sonic defended this world from Dr. Robotnik. It's hard to imagine that he's back.

Nico: I know and that was an awesome adventure. Lori awakened her Volcana powers in that one. That was really awesome.

Wes: It sure was.

Nico: I sure love Sonic and his awesome appetite for Chili Dogs and they were great.

Wes: Yep. Everyone knows how much Sonic, Tails and friends all love Chili dogs.

Nico: Yep. And I love it how Dr. Robotnik yells "I HATE THAT HEDGEHOG!" Every time he is defeated.

Wes: (Laughs) That's funny.

Nico: Yep.

They flew over the land.

Nico: It's funny how you're coming with me considering your team got a chance to be in the usual battles the other day.

Wes: I know and that's cool. Also today is Georgina's special mission and I'm really looking forward to that one.

Nico: Me too and this is gonna be so awesome to help the Rescue Bots again.

Wes: It's gonna be so awesome for everyone to meet the full extent of the team and we owe them big time for helping us in the Yost Fantastic 4 World.

Nico: We sure do. And I have a strong feeling that the next villain is gonna be someone that the Rescue Bots have faced many times in the past and he'll have the Batlings at his command.

Wes: Now that would be awesome. And Erica could easily destroy them all. She was able to destroy all the Batlings that Cyclonus summoned.

Nico: That was so awesome.

Wes: Yep.

Nico: There's Robuttnik's fortress at 9:00.

They saw Dr. Ivo Robotnik's fortress rebuilt.

Nico: He's back and he blew himself up the first time we were here.

Wes: No kidding.

Nico: Wes, I have a feeling when it's time for Rice's special mission, you and your team will get a chance to shine.

Wes: I'm looking forward to that and it's gonna be awesome. And that's in the world of Eon Kid on February 28th.

Nico: Yep. I can't wait to see what that is gonna be like.

Wes: Me too.

Nico: Now would be an awesome time to transform Wes.

Wes: Right. TIME FOR TIME FORCE!

He transformed!

Wes: TIME FORCE RED!

Nico: YEAH! And its been almost 3 years since we faced Robotnik.

Wes: Time sure has flown by hasn't it?

Nico: Yep.

They flew at the fortress.

They busted in and were facing DR. IVO ROBOTNIK!

Nico: Long time no see, Robotnik. Or do you prefer Eggman?

Dr. Robotnik: Nicolas Chan it has been a while. 3 years has not been too kind for me ALL BECAUSE OF YOU AND THAT ACCURSED BLUE HEDGEHOG AND THAT FIERY DUMB BLONDE!

Nico: You must mean Volcana Lori and Sonic. Well also as I recall we helped cure your cousin Maria. I'm sure you remember that right?

Dr. Robotnik: Of course I do and also I heard Eli has joined your team from what I heard.

Nico: Yes that's right. Eli took one helluva shot for Maria and now he has a scar on him that shows a mark of true valor. But we didn't come here to fight. Well technically that's half right. But actually we're here to make you an offer.

Dr. Robotnik: And that would be?

Nico: Would you like to join our frenemies The Masters of Evil? I'm sure it's not the same without Sonic interrupting your fun as well as not having any crazy plans for him to stop.

Dr. Robotnik: (Sighs) You're right Nico and it is not the same without that blue vermin ruining everything for me. I'll go on one condition.

Nico: Name it.

Dr. Robotnik: That you face my entire robot army one last time.

Nico: (FLARES UP SUPER SAIYAN 3 POWER) Done.

?: Let me help out!

A Chronosapien then appeared.

Chronosapien: (In a girls voice) (Swedish Accent) Verdi Verdi Verdi. Looks like I got here in time ja.

Nico: Jeanne Sorensson? Wow its been a while.

Chronosapien: Ja it has been a vhile Nico ja.

Nico: It sure has been a whlle.

Wes: Ben has a Swedish accent as Clockwork as well.

Chronosapien: That is amazing ja.

Nico: And you would love my friends Wally Walrus, Allenby and Rolf. Rolf has ties to Norway and Allenby is from Sweden and Wally is from Sweden too and he is the next door neighbor of Woody Woodpecker.

Chronosapien: Yumpin yiminy. It'll be an honor to meet them ja.

Nico: Yep. Now bring on the robots.

Dr. Robotnik summoned ALL OF HIS ROBOTS from ALL OF OVER MOBIUS!

Nico: WHOA! This is gonna be good! Lets get them!

Nico fired a massive blast of energy and obliterated many robots in an instant!

Nico: As Yamato would say, Don't Underestimate This Planet!

Chronosapien: Ja! You said it Nico!

Wes: CHRONO SABER!

He slashed numerous robots all over and destroyed them and Jeanne fired a massive blast of time energy and turned the Robots into dust.

Nico: Awesome! Now Clyde is not gonna be the only one in the team that has Time Powers.

Jeanne reverted back and she was a girl with blond long golden hair and she had blue and yellow clothes on and she was really tearing up the battle with awesome martial arts movies.

Nico: AWESOME!

Wes: YEAH!

She smashed and pulverized all the robots into scrap metal!

Nico: HUZZAH!

Wes: RIGHT ON!

Jeanne smiled and gave the victory V sign.

Dr. Robotnik: A deal is a deal Nico and I will gladly be Jeanne's archenemy.

Nico: Wow that was fast. Awesome.

Wes: What's your favorite memory of Nico?

Jeanne Sorennson: Ja I have many memories with Nico. But my favorites were in art class. We did awesome paintings together. I drew a picture of the Swedish Mountains with the Aurora Borealis and it was amazing ja. Nico did a beautiful picture of Switzerland in the summer. They were both A+ paintings and we came out with best artists of the school awards.

Nico: That was fun.

Wes: You're quite the artist.

Nico: She sure is. And you would love my friend Laney. She is a great artist herself.

Jeanne Sorennson: I sure would.

Nico and Jeanne then hugged.

Nico: I really missed you.

Jeanne Sorensson: Me too Nico. Me too.

They later went back home and Nico introduced her to everyone.

After Nico's rescue, Lincoln, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, Sima Yi, Jiang Wei, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), Musashi Miyamoto (Samurai Warriors), Jack Darby, Miko, Raf, Lori Jimenez, The Autobots and Decepticons, Atticus Rhodes, and Jack Landors are heading to the world of the 2001 cartoon Transformers Robots In Disguise, and not only is Lincoln going to rescue the twenty girls there, but we're also going to take down RID Galvatron and recruit new members of The Autobots.

Lincoln: Whoa, we're here in the world of the 2001 cartoon Transformers Robots In Disguise, and I know what we're going to do here, not only am I going to rescue the twenty girls there, but we're also going to take down Galvatron, who was once the RID version of Megatron, and recruit new members of The Autobots.

Nico: That's right, big guy, and it's also perfect for today, because later on, we'll be heading to Griffin Rock and help the Rescue Bots in taking down Dr. Thaddeus Morocco.

Me: And I saw Galvatron in that series long ago, he's one evil energy vampire, who has the ability to absorb energy from other lifeforms, and he's incredible dangerous.

Lincoln: That's right, guys. But, I have a plan, instead of killing Galvatron, since he was once the RID version of Megatron, I'm going to have him locked up in a Disk, and I've got a surprise on how we're going to fight him.

Miko: Oh man, whatever you have planned, Lincoln, this should be good.

TLPS Mr. Wolf: And we also got word that the Gene-Slammer for The Red-Eyes Darkness Dragon is also here, and that might be why you also brought Atticus Rhodes with us, along with Jack Landors.

Lincoln: That's right, because when Atticus was once under the control of Nightshroud, and became one of The Shadow Riders, one of his monsters is The Red-Eyes Darkness Dragon.

Atticus Rhodes: I can't forget what I went through when I fell under his influence.

Jack Landors: But, there's no need to worry, when The Shadow Riders returned, Nightshroud was the first one we faced, and we destroyed him two years ago. After what he did, he deserved it.

Lincoln: That's right, Jack. What Nightshroud did to Atticus Rhodes was unforgivable, and I'm glad we destroyed him for good, what a monster.

?: HELP!

Suddenly, Lincoln heard the sound of twenty girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the twenty girls, but they, along with the RID versions of The Autobots, have been cornered by Galvatron, and he's going to kill them all.

Lincoln: Guys, I've found the twenty girls, but they, along with the RID versions of The Autobots, have been cornered by Galvatron, and he's going to kill them all.

?: That energy vampire, we've got to put a stop to him!

We then saw the Red-Eyes Darkness Dragon appear before us.

Lincoln: That voice, I knew it was you, Ruby Kirlian. But, we'll have to talk later, we've to take down Galvatron.

We rushed on over, and Lincoln fired a powerful rainbow energy ball, which hits Galvatron on his back and that had allowed the twenty girls to get away, and they were put in a metal field for safety. When Galvatron saw us, he was enraged.

RID Galvatron: How dare you humans get in my way?! This world will soon be mine!

Lincoln: No, Galvatron, this world will never be yours, your plans to conquer the galaxy end here and now!

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and then, he grew to the same size as Galvatron, and we were stunned with awe.

Nico: Whoa, Lincoln's got the ability to grow to the size of a giant, in case we're dealing with a giant opponent.

Me: That's so awesome. Let's also join with Lincoln, we can't let him have all the fun.

Lori Loud: You guys have fun, and meanwhile, we'll free the mind-controlled children.

Nico and I transformed, and we unholstered our massive swords from our wider and more muscular backs, and we grew to the size of Galvatron, and we joined Lincoln.

And The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms and unholster their massive swords, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sima Yi, Sun Quan, and Jiang Wei got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholster their massive swords from their backs and transform, The Autobots and Decepticons on our team got out their weapons and blasters, Eli and Nicole unholstered their swords from their backs, and Jack Darby, Miko, Raf, Lori Jimenez, Atticus Rhodes, and Jack Landors got out their weapons, and went to free the mind-controlled children, and they fired powerful blasts of rainbow energy, colored energy, elemental forces, ice, lightning, steel orbs, stars, rainbow flames, rainbow crystals, orange flames, blue flames, ice, and green flames at him, and they exploded with incredible power as they hit the cyber-bats on their foreheads, and they've been freed.

Then, Lincoln, Me, and Nico went at Galvatron, and we fired powerful blasts of Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic at him, along with rainbow energy and they exploded with incredible power, as they hit him. Then, we fired three powerful red energy beams, which hits Galvatron, and we sucked out all of the life energy that he'd stolen from the planets all over the galaxy and the life forces of those he drained, and our rainbow energy auras with elemental forces flared up extremely, as we'd gained an immense power boost. When we were done, Galvatron was drained of all the energy he'd stolen from the planets he travelled to and drained from the life forms he came into contact with.

Galvatron: So, I've been beaten at long last.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Yes, but we're not going to kill you. You have honor, and it means you're a potential member for The Masters of Evil. But, for now, we're going to put you in your new prison. D-SECURE!

Lincoln put Galvatron into a Disk, and we shrunk back to our original sizes, and we holstered our massive swords on our wider and more muscular backs and power down. Everyone cheered for us, including the RID Autobots and Koji Onishi and his friends, who found out that the war is over and Unicron is destroyed, and The

Decepticons are under Nico's leadership, and they're on the road to redemption.

Lincoln: That's it for Galvatron. (To Ruby Kirlian) And it's so good to see you again, Ruby Kirlian.

Ruby Kirlian: You too, Lincoln, it's been a long time.

They went up to each other, and they hugged, and Ruby Kirlian was also very surprised at how much stronger and at how much taller and much more muscular Lincoln's gotten since she last saw him.

Lincoln: It sure has been a long time, I haven't seen you when you were eleven, and I've grown a lot since then.

Ruby Kirlian: Yeah, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Atticus Rhodes: You guys know each other, Lincoln?

Lincoln: Yeah, we do, Atticus. This is Ruby Kirlian, she's from Royal Woods, and she's another one of my Guardian Angels, who stopped Lori at her worst many times before.

Nico: Whoa, but I can also sense there's also a nasty incident that you both experienced, right?

Lincoln: Yeah, and we'll tell you guys about it later. Right now, let's get you back to normal, Ruby. Boys, cover your eyes, Nicole, if anyone peeks, you know what to do. Hold still, Ruby, this is going to hurt.

Me, Nico, Eli, and the rest of the boys had covered our eyes as Lincoln snapped his fingers, and Ruby Kirlian was reverting back to normal. Ruby Kirlian is a beautiful 17-year-old with long black hair going to the upper part of her back, red eyes, fair skin, she's 6'0" in height, she had the body of a goddess, and she also now has massive black angel wings, as she reigned in the power of Red-Eyes Darkness Dragon.

Lincoln: How do you feel, Ruby?

Ruby Kirlian: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Ruby Kirlian a new wardrobe, a short-sleeved black blouse with a red phoenix and black skirt with the Red-Eyes Darkness Dragon on it, black pants, black leather ankle-high combat boots, and a long black sleeveless trenchcoat with dark fire and dragons on the coattails and The Red-Eyes Darkness Dragon on the back, and on her back is a large Red-Eyes Darkness Dragon-themed sword with a 6'5" massive, wide, double-edged, man-sized black blade with The Red-Eyes Darkness Dragon etched on it, large black dragon heads with red gems for the crossguard, large red gem for the hilt, longer black handle, and four large black dragon heads with red gems for the eyes and four large red gems in its mouths for the pommel.

Ruby Kirlian: Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Ruby Kirlian's neck with red gems on the gold lightning bolts and black crystals links from her new Crystal Necklace of the Buddha.

Ruby Kirlian: Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Ruby.

Ruby Kirlian had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the twenty girls, and when Lincoln saw them, he immediately recognized them. The twenty girls are Kasunago Ray from Ray the Animation, Tojo Hinata, Nanami Nagisa, Mihime Moka, Midou Kasumi Barnet, Kanomiya Izuki, Anemori Ayano, Eleanor Sonoda, and Hiiragi Rio from Ragnastrike Angels, Narugino Mikatan, Hikiotani Ito, and Chichibu Rabura from Punch Line, Yachiyo Mei, Sagami Fuu, Minamoto Momo, Ishikawa Goe, Hanzoumon Yuki, and Aoba Hatsume from Release The Spyce, Kale, and Caulifla from Dragon Ball Super.

Lincoln: Oh wow, it's Kasunago Ray, Tojo Hinata, Nanami Nagisa, Mihime Moka, Midou Kasumi Barnet, Kanomiya Izuki, Anemori Ayano, Eleanor Sonoda, Hiiragi Rio, Narugino Mikatan, Hikiotani Ito, Chichibu Rabura, Yachiyo Mei, Sagami Fuu, Minamoto Momo, Ishikawa Goe, Hanzoumon Yuki, Aoba Hatsume, Kale, and Caulifla.

Nicole Knudson: From Ray The Animation, Ragnastrike Angels, Punch Line, Release The Spyce, and Dragon Ball Super, awesome.

Nico: Wait, Kale and Caulifla are here? I haven't seen them in a long time, they must've also survived Planet Vegeta's destruction when Frieza showed up.

Lincoln: The Saiyans are going to be in for a surprise when they see them here. (To the girls) Are you girls okay?

Kale: Yeah, we're okay.

Caulifla: Thanks to you for stopping Galvatron.

Then, when Kale and Caulifla, and the other eighteen girls saw just who it was that saved them from Galvatron, their faces turned atomic red upon seeing the 17-year-old 7'0" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a

Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanjis "Savior of The Loud House, Powerful Student of Many Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of

Kale: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made nineteen clones of himself, and he and the nineteen clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Caulifla: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, twenty Thunderbird Necklaces of Eternal Love appeared around the necks of Kasunago Ray, Tojo Hinata, Nanami Nagisa, Mihime Moka, Midou Kasumi Barnet, Kanomiya Izuki, Anemori Ayano, Eleanor Sonoda, Hiiragi Rio, Narugino Mikatan, Hikiotani Ito, Chichibu Rabura, Yachiyo Mei, Sagami Fuu, Minamoto Momo, Ishikawa Goe, Hanzoumon Yuki, Aoba Hatsume, Kale, and Caulifla with colored gems and crystals on the gold lightning bolts. We returned to the Estate, we told everyone what happened, and they were shocked when they found out the villain we went after was Galvatron.

But, when Lincoln showed what he, Nico, and I did to Galvatron, they all cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Ruby Kirlian have a lot of catching up to do, now that she's back in town, and we now have the RID Autobots and Koji Onishi and his friends as our new members of the team.

* * *

After putting a stop to Galvatron and putting him into a Disk, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Ruby Kirlian, Kale, and Caulifla saw Lincoln working out like crazy, they had atomic red blushes on their faces.

Ruby Kirlian: Whoa, Lincoln's really grown to be a 17-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Caulifla: Not even Frieza in his first form didn't stand a chance against Lincoln, and he sent him and his followers to Oblivion.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Ruby, Kale, and Caulifla, and now, I can also fight and defend myself.

Ruby Kirlian: That's incredible.

Nico: It sure is, Ruby. And it's so good to see you and Caulifla again, Kale.

Kale: You too, Bokrua.

Nico: So, Ruby, can you tell us about that memory that involved Lori's bad temper attack, and how she and Lincoln got into a nasty fight?

Ruby Kirlian: Gladly, Nico, but all of you aren't going to like it. One day, I was walking through the neighborhood and enjoying the day. But, then, I heard the sound of destruction coming from The Loud House, and when I got inside, I soon saw the cause of it: it was Lori, and worst of all, she and Lincoln are really fighting each other, because he wasn't going to put up with Lori's bossy attitude anymore. When Lori heard those words, she went on a full-blown temper attack, and in the process, she and Lincoln were fighting each other, and in the process, Lori destroyed everything in the house. I was so horrified at the chaos, and I saw the blows and bruises on them both. Lori was about to kill Lincoln in a fit of rage, but that got me so mad, and I grabbed Lori by her shirt, and I punched her in the face, and knocked her down. Then, the rest of the sisters and Mr. and Mrs. Loud came out of their rooms, and tied Lori up in nylon rope.

We gasped in shock.

Nico: Jeez, I knew that Lori's temper was bad, but not this bad. But, Lincoln did make his brave stand by saying that he wasn't going to put up with Lori's bossy attitude anymore.

Me: But, it led to Lori going on a bad temper attack and it would lead to her destroying everything in The Loud House, and worse, getting into a nasty and brutal fight with Lincoln.

Eli: Yikes! So, what happened after that, Ruby?

Ruby Kirlian: After that brutal fight, I took Lincoln to his room to get bandaged up, and I told him that he was really brave to stand up to Lori and tell her he wasn't going to put up with her bossy attitude anymore. But, then, Lincoln hugged me, and I hugged him back, and I saw the tears in his eyes, and he was crying. Lori really crossed the line with her bad temper and bossy attitude, but I wouldn't be the one to rip her a new one: I heard the loud voices of anger from Mr. and Mrs. Loud and the rest of Lincoln's sisters coming from downstairs, and they were scolding Lori badly. Long story short, Lori got grounded for eight months, and she had to clean up the entire house, and her allowance would be used to purchase replacement items for those she'd destroyed in her bad temper attack and fight with Lincoln.

Me: A fitting punishment, Ruby.

Ruby Kirlian: And I also stayed over to keep Lori away from Lincoln, because of what she did, she had lost the trust of all her sisters and her brother, and she had a lot to make up for.

We got a shower afterwards, and then, Lincoln and his harem, Naruto and his harem, Nico and his harem, and me and my harem were getting ready for our dates, for me and my harem and Lincoln and his harem, it's a game of volleyball at Sirena Beach in the world of Mario, for Nico and his harem and Naruto and his harem, it's a game of basketball in the Green Hill Zone in Mobius, and finally it's Nico and his harem and Lincoln and his harem, it's a game of baseball at Mario Stadium in the world of Mario.

Lincoln had snapped his fingers, and the 17-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo, angel, and elemental forces on it, along with his large weighted orange bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

I was dressed in large red swim trunks with a phoenix, angel, and elemental forces, along with my large weighted rainbow bands with silver phoenixes on my massive biceps and thighs, my jewelry, my jewelry, large red sandals, and eight large planets and stars orbiting around my legs, and I also had my weapons holstered, in case of trouble

Nico was dressed in large red swim trunks with a phoenix, angel, and elemental forces on it, along with his large weighted red bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large colored orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

Naruto was dressed in large crimson red swim trunks with a phoenix, angel, and elemental forces on it, along with his large weighted crimson red bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large crimson red orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

And our harems were dressed in two-piece bikinis in their favorite colors, sandals, along with their jewelry, and they also had their weapons holstered in case of trouble.

Lincoln, Nico, Naruto, and Me: Alright, ladies, shall we?

Our harems: We're ready, boys.

We head off to Sirena Beach in the world of Mario, and then, Lincoln and his harem and me and my harem began our game of volleyball, and we were really having fun, and Lincoln and his harem were countering our spikes, and Lincoln and his harem won, and we shook hands and hugged, then, we got jumped by the future wives in our harems and we kissed romantically and passionately.

Then, we went to The Green Hill Zone in Sonic's world, and Nico and his harem and Naruto and his harem had their date by playing a game of basketball, and me and my harem and Lincoln and his harem cheered for them both, and we saw their formations, and they were awesome, and in the end, it was a tie between Nico and Naruto, and they shook hands and hugged, and just like with me and Lincoln, they got jumped by the future wives in their harems and they kissed romantically and passionately.

Finally, we went to Mario Stadium in the world of Mario, and Lincoln and his harem and Nico and his harem had their date by playing a game of baseball, and me and my harem and Naruto and his harem cheered for them, and we saw Lincoln using tactics in order to get an advantage on Nico and his harem, and when Lincoln went up to bat, Nico threw the baseball hard with his immense brute superhuman strength, and Lincoln hit the baseball hard with his immense brute superhuman strength, and he sent it flying out into space, and we were stunned, and that allowed Lincoln and his harem to win, and Lincoln and Nico hugged and shook hands, and they got jumped by the future wives in their harems and they kissed romantically and passionately. Then, as soon as the sun's about to set, Lincoln, Naruto, Nico, and I made clones of ourselves, and we and the clones went to the girls in our harems, and we picked them up in our abnormally massive and powerful muscular arms, and as the sun turns orange, we passionately kissed and hugged with supercharged and intense passion. Then, we came back home to the Estate, and we were back in their original clothes.

TLPS Mr. Wolf: Hey, guys, how was your dates?

Lincoln: It was awesome. First, me and my harem and J.D. and his harem played a game of volleyball on Sirena Beach in the world of Mario.

Me: Then, Naruto and his harem and Nico and his harem played a game of basketball in The Green Hill Zone in Sonic's world.

Nico: Finally, me and my harem and Lincoln and his harem went to Mario Stadium in the world of Mario, and we played a game of baseball, and take a look at the winning hit from Lincoln.

Nico showed the video of Lincoln hitting the baseball hard with the bat and with his immense brute superhuman strength, and he sent it flying out into space, and we were stunned, and that allowed Lincoln and his harem to win. Lynn and the athletes in our teams were stunned with awe, and Lynn ran up to Lincoln, and they hugged.

Lynn: Whoa, Lincoln, that was one awesome home-run!

Lincoln: Thanks, Lynn.

Margo Roberts: We've got to get your brother to join the baseball team, Lynn. With him on the team, the visiting baseball teams will lose.

Lynn: Now, now, Margo, that'll be for Lincoln to decide.

We were stunned by Lynn's sudden maturity.

TLPS Mr. Wolf: Who are you and what have you done with Lynn?

We laughed.

Lincoln: This is still Lynn, TLPS Mr. Wolf. But, ever since her dark side has been forever cleansed from her, she's become even more mature and more responsible.

Luna Loud: Yeah, that surprised us at first, but we're proud of what's happened to her. Even Pops was crying at the sudden blossoming of maturity from Lynn.

Rita: But, it's not just Lynn, it's from all of you. (Smiles and with Tears in her eyes) I'm so proud of all of you!

Then, Lincoln and all of his siblings went up to Rita, and they hugged her.

Lincoln: Thanks, Mom. But, we're still continuing to grow and mature in the process.

* * *

Next up was Sheila's third Ambassador Mission.

Me: This is gonna be interesting. And I can't wait to go to Colombia.

Nico: You'll really rough up a lot of Cartels down there.

Unicorn then appeared.

Unicorn: Can I go with you this time, Sheila?

Sheila: You sure can.

Kairi Yano: I wonder if the Cartel we're going to face has any treasure.

Me: As a matter of fact he does.

Nico: I just found out from Nicole that a powerful Sword was stolen from an Aztec Temple that located 150 miles southwest of Bogota. It's called The Sword of The Emerald Quetzalcoatl. It's a powerful mystical sword that is said to control all of nature and only those that are pure of heart can wield it. But it also has a terrible curse too for those that are evil. Legend has it that if anyone wicked hearted steals the sword from the temple it was in they have 7 days to live and they will be forever bound to the sword and cursed to the blade and forbidden to enter the afterlife.

Me: Whoa! That is a terrible curse. But I like it.

Nico: Yep. Also that sword was stolen from the temple 7 days ago. And talk about perfect timing. According to the scanners, the sword will kill the Cartel you're going after in 4 hours.

Me: Awesome!

Sheila: Yeah! Ready guys?

Kairi Yano: We sure are.

Me: Lets go!

We were off to South America.

We arrived in Bogota, Colombia.

Lupin and the gang saw us.

Lupin III: Hey guys.

Me: Hey Lupin.

Sheila: Lupin, meet my archenemy.

Unicorn: Awesome to meet the famous Arsene Lupin III. I'm Milos Masaryk but everyone calls me Unicorn and I was the archenemy of Iron Man before Sheila.

Lupin III: Awesome to meet you. What powers to you have?

Unicorn: Formidable hand-to-hand combatant and marksman, Highly proficient in the use of knives, Superhuman strength, stamina, and durability via radiation treatments, Flight via rocket belt, and Energy projection, force field generation and magnetic levitation via emitter on brow of suit.

Lupin III: Amazing!

Jigen: That is impressive.

Me: Yep and you remember the LupinRangers right?

Lupin III: We sure do and it's awesome to see you guys again.

Kairi Yano: Same here Lupin.

Me: They are the helpers of the legacy of your great grandfather Arsene Lupin I. But they went up against an evil interstellar alien crime lord syndicate called the Ganglars.

Kairi Yano: That's right.

Me: Yep.

Kairi Yano: Anyway, we heard that our target doesn't have long to live.

Me: Nope.

Lupin III: Why is that?

Me: Because he has a mystical sword that can only be wielded by those that are pure of heart. It's called The Sword of The Emerald Quetzalcoatl, it's a mystical sword that was stolen from a temple that was located 150 miles southwest of here and legends say that if someone wickedhearted takes the sword they only have 7 days to live and he only has 2 hours to live now.

Lupin III: That must be our target Don El Salvador.

Me: I heard about him. He is one of the most evil Drug Cartels here in Bogota, Colombia and he is on the top of Interpol's most wanted list. But it looks Interpol is not going to have him because of the sword.

Jigen: Nope.

Unicorn: When we see him, we should put him out of his misery immediately.

Me: Absolutely.

Sheila: I agree.

Me: Lets get him guys.

We went to Don El Salvador's mansion.

Noel: Perhaps we should get ready right now.

Touma: My thoughts exactly.

Me: Lets do it!

LupinRangers: KEISOU CHANGE!

They transformed!

Kairi Yano: (SNAPS FINGERS) LUPIN RED!

Touma: (SNAPS FINGERS) LUPIN BLUE!

Umiko: (SNAPS FINGERS) LUPIN YELLOW!

Noel: THE SOLITARY PHANTOM THIEF! LUPIN X!

All: PHANTOM THIEVES OF JUSTICE! LUPINRANGERS!

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind them and they were ready!

Me: YEAH!

We arrived at his mansion.

Don El Salvador was looking at the Sword of The Emerald Quetzalcoatl. It was a gold sword with emeralds all over it and on the blade and it had the symbol of Quetzalcoatl on it and Aztec Runes on it that said "Wicked Evil Ye Not Worthy."

Don El Salvador: (Spanish Accent) Soon you will make me rich.

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted through the ceiling and then a phoenix cry was heard and we came in!

Me: Don El Salvador, your reign has come to an end.

Kairi Yano: Here's an advanced notice, we're taking your treasure.

Me: And we're gonna kick your big ugly fucking ass!

Sheila: Yeah what he said!

Unicorn: Also, we hear that you're gonna die shortly. So, how about you let us, or at least me, put you out of your misery? What do you think?

Don El Salvador: What do you mean?

Me: Well how do we put this That sword you have can only be wielded by those that are pure of heart and anyone that's wicked will be doomed to die in 7 days after it was stolen. I'm not lying. My daughter Nicole is an archaeologist and a treasure hunter and she knows everything about ancient and mystical treasures. That sword is going to kill you unleash you surrender it to us.

Sheila: That's right. Just give us the sword and we'll be on our way.

Don El Salvador: How this? (Pulls out Machine Gun) SAY HELLO TO MY LITTLE FRIEND!

He fired at us and I grabbed all the bullets all out of thin air with lightning fast speed and he ran out of ammo.

Me: (Drops the slugs) I believe these are all yours. Why do they always want to play the hard way.

Unicorn: (to Kairi Yano) What do you say we put him out of his misery?

Kairi Yano: With pleasure.

Me: Lets get him!

We went at him and smashed him all over.

Me: Lupin you'll like this technique. Watch this. MOONLIGHT STYLE NINJA ART: THE MUMMER'S DANCE!

I floated into the air and moonlight shined down on me as the song The Mummer's Dance by Loreena McKennitt played.

Ooh, ooh, ooh, ooh

Ooh, ooh

Ooh, ooh, ooh, ooh

Ooh, ooh

When in the springtime of the year

When the trees are crowned with leaves

When the ash and oak, and the birch and yew

Are dressed in ribbons fair

When owls call the breathless moon

In the blue veil of the night

The shadows of the trees appear

Amidst the lantern light

We've been rambling all the night

And some time of this day

Now returning back again

We bring a garland gay

Who will go down to the shady groves

And summon the shadows there

And tie a ribbon on those sheltering arms
In the springtime of the year
The songs of birds seem to fill the wood
That when the fiddler plays
All their voices can be heard
Long past their woodland days
We've been rambling all the night
And some time of this day
And now returning back again
We bring a garland gay
And so they linked their hands and danced
'Round in circles and in rows
And so the journey of the night descends
When all the shades are gone
A garland gay we bring you here
And at your door we stand
It is a sprout well budded out
The work of our Lord's hand
We've been rambling all the night
And some time of this day
And now returning back again
We bring a garland gay

We've been rambling all the night

And some time of this day

And now returning back again

We bring a garland gay

I fired waves of moonlight and it formed into wolves and they hit Don El Salvador and knocked him down.

Sheila then went and grabbed the sword and then it glowed in a bright green light! And then the Aztec Runes turned into "Warrior of Pure Heart, Ye Are Worthy" and she had a green emerald toga and green leaves around her head and she looked amazing!

Me: Wow! Sheila you look awesome!

Kairi Yano: Wow! It chose you! Way to go!

Me: You also lifted the curse Sheila. Now we can arrest him. When someone pure of heart gets the sword they remove the curse from the sword that the sword caused to the previous victim.

Sheila then slapped the cuffs on Don El Salvador.

Lupin III: So, Sheila. Now that we've got the sword, can you tell me what your reversion to human feels like?

Sheila: It feels like I'm being molded like putty and bread dough.

Jigen: Ouch.

Inspector Zanigata and his men busted in and they saw Don El Salvador on the ground.

Me: He's all yours inspector.

Inspector Zanigata: Well I'll be. We've been after Don El Salvador for over 20 years now. Great job guys.

Lupin III: It was easy pops.

Sheila: He was doomed if we didn't get this sword back.

Me: It's a strange story.

I told him everything and he was shocked.

Inspector Zanigata: Wow! That is quite a story and a tale.

Me: I know. This was an awesome and memorable heist.

Inspector Zanigata: It sure was. Awesome job.

Kairi Yano: (to Don El Savador) Furthermore… adieu!

POOF!

We vanished in a puff of smoke.

Don El Salvador: NOOOOOOOOOOOOOOOOOOOOOOOOOOOOO!

He was defeated and disgraced and delivered to the cops.

We went back home.

Lupin and his gang went on their way. It was a great heist.

we arrived back home.

Nico: Hey guys. Wow! We saw all over the news that Don El Salvador was beaten by you guys. Awesome job.

Me: Thanks Nico. But we got the sword and also look at Sheila.

Sheila showed off.

Rarity: Wow Sheila that outfit is simply cest magnifique!

Nico: Wow! Sheila that is an awesome outfit. An Emerald Toga is perfect for you.

Eric Loud: It sure is Babe and you look great.

Sheila: Thanks. The sword chose me when I got it from Don El Salvador.

Nico: Wow and that means you are pure of heart.

Sheila: I guess so.

May: Who should come with you next time?

Sheila: The PatRangers and Irma Lair next time.

Irma Lair: That's a great idea. Dad won't be able to go with because he will be really busy that day.

Nico: That's perfect. But great job guys.

---

Later we got word that there were sightings of Transformers.

Elena: Where did the reports say the strange vehicles were?

Nico: Right on the south side of the city.

Eli: The Force is telling me that they are Decepticons.

Nico: Oh boy.

Optimus Prime: I hope they are new comrades.

Nico: If they are they will either be perfect for the Masters of Evil or for us.

May: Yeah.

We arrived at the South Side of the City and we then saw what looked like a Chevy Suburban, a Carbon Motors E7 Police car and a modified Eurofighter Typhoon jet.

Nico: Wait a second. I recognize those three.

We landed.

Nico: We know it's you guys. You can reveal yourselves now Crankcase, Crowbar and Hatchet.

They transformed and they were CRANKCASE, CROWBAR AND HATCHET from the movie DARK OF THE MOON!

Me: Whoa the Dreads!

Nico: It's all right. We're not going to hurt you all. My name is Nicolas Chan. But you can call me Nico.

Live Action Crankcase: Pleasure to meet you.

Crowbar: (to Sam Witwicky) I remember you, kid. Bumblebee's not here to save you this time.

Live Action Crankcase: (to Live Action Ironhide) We've got a score to settle, Ironhide. I remember you sending him flying into that auto shop!

Ash: Now, let's just calm down and-

Live Action Ironhide: Forget it, Ash. There's only one way they'll listen to reason.

Nico: Crankcase calm down. Now let me tell you that I am now your new leader too.

Nico showed his Decepticon Leadership Medal.

Live Action Crankcase: That's a Decepticon Leadership Medal! How did you get that?

Nico: This is a whole different universe than the one that you came from. The war between the Autobots and The Decepticons is over and you have us to thank for it here. It's a strange but awesome story and now I've been elected as the new leader of the Decepticons and I'm leading them on the road to redemption.

Me: It's true. But I take it you heard about all the things going on in your universe too because of Sentinel Prime.

Live Action Crankcase: Oh man! Tell us everything.

Nico: Well it's not pretty.

Nico went over everything that happened because of Sentinel Prime and how the world turned against ALL the Transformers and is killing anyone that sides with them and more and it was horrible.

Live Action Crankcase: That's terrible!

Hatchet: I take it you guys found out about Sentinel working with us?

Leadfoot: Yeah, we did.

Crowbar: What kind of asshole tells people that all Cybertronians are bad?!

Me: Someone that is ABSOLUTELY XENOPHOBIC and pure evil!

Cindersaur: Well, that would be Harold Attinger of Cemetary Wind. But Barricade told us that the Optimus from your world killed him.

Live Action Crankcase: Wait. Barricade's here too?!

Live Action Barricade: I sure am. Good to see you three again.

Live Action Crankcase: It sure has been a while.

Me: Yeah.

Nico: Sentinel Prime feels really bad about what he did and because of his crimes he is now an Autobot Traitor and is now part of our frenemies in exile. But because of his actions the wounds of betrayal are really deep in the Autobot forces and when we go to your universe on April 28th, we're gonna have our work cut out for us when we try to repair the relationships with the Autobots and everyone on that Earth.

Me: It's not gonna be an easy task but we can do it.

Outback: Didn't you guys have the same vehicle mode?

Live Action Crankcase: Well, we thought that would make us stand out. So, Crowbar and Hatchet scanned new vehicle modes.

Nico: That is a good reason.

Eli: Very easy to tell you guys apart now.

Me: It sure is.

Nico: But Crankcase, Crowbar and Hatchet you all will be great additions to the team.

Live Action Crankcase: We are honored.

Nico: But when April 28th rolls around it's gonna be the most difficult task we've ever had trying to get Autobots and Humans back together as friends. But we've handled challenges like this many times before.

Me: That's right.

Live Action Crackcase: Good.

Crowbar: Seriously, where IS the Bumblebee of our world?

Indigo Zap: Unfortunately, he's one of the Autobots that probably won't wind up here.

Me: He's still on Earth in your universe.

Maria: (to Lincoln) On Starlight's first mission, you should probably go with her in your muscular form. No telling what kind of state Live Action Bumblebee's in right now.

Lincoln: I agree. Thanks Maria.

Nico: We got to be ready for anything when we go into that Universe.

Me: I agree too. Nico better go too since he is the leader of the Decepticons and there might be potential recruits for our ranks too. There may still be Decepticons roaming about that aren't affiliated with Megatron.

Nico: Agreed.

We were watching TV. But, then, Lincoln's deep sapphire blue eyes glowed even more, as he sensed a dark energy, and he then saw the vision of who that dark energy belonged to, it was none other than the Marvel comics version of Abdul Alhazred, the creator of The Necronomicon.

Nico: Uh oh, Lincoln, trouble?

Lincoln: Afraid so, Nico, and we're not going to like it one bit: the villain that we're going to face after we help The Rescue Bots and the Burns Family on Griffin Rock later on today is the Marvel Comics version of Abdul Alhazred.

We gasped in shock.

Me: Oh man, I've heard about him. Plus, I was quite stunned when I found out that Marvel Comics had created their own version of the Mad Arab from H.P. Lovecraft.

Lincoln: But, he's also very dangerous like the one from Lovecraft. Just like his Lovecraft counterpart, he was born in Saudi Arabia in the 8th Century A.D., and he created The Necronomicon, and over the centuries, he had mastered the dreaded Necronomicon and its dark powers, and he has a seemingly endless number of mystical, magical, and psionic abilities, he also possesses massive strength and durability, which makes him bulletproof, and with The Necronomicon, he can summon the demons to attack.

Lincoln proceeded to tell us about the Marvel Comics version of Abdul Alhazred, and we weren't going to like him one bit.

---

Abd-el-Hazred

History

8th century

Abdul Alhazred was born in the 8th century in Saudi Arabia, and during the same century, he created the legendary Necronomicon, a powerful black magic tome patterned after the Darkhold,or inspired by it,though it was theorized that the Darkhold, like the Necronomicon, the Oracles of Zoroaster, and other mystic scrolls and books, was in fact simply a collection of imperfect copies of the ancient writings etched on the walls of R'llyeh by ancient beings.

Pellucidar

At some point, Alhazred's spirit became trapped in the realm Pellucidar, a pocket dimension formerly accessed within subterranean Earth. It has been hypothesized that he died in Pellucidar or that his spirit was transported there by the Great Race of Yith. Alhazred's spirit was stored within the crystal of the reptilian Mahars of Pellucidar.

Wolverine

While trying to take over Tyger Tiger's syndicate in Madripoor, Abdul hired a group of various mercenaries to kidnap Tyger Tiger and Archie Corrigan, which included: Stump, Sheik, Scarface, Dumas, Rhys, and Barrett (aka Chief). When Abdul encountered Wolverine, he sent demons against him. His plan backfired and Abdul was banished to the realm of his demons.

---

When Lincoln was finished, we were really shocked at the crimes of Abdul Alhazred.

Nico: Whoa. He's just as bad as his Lovecraftian counterpart, but he didn't meet the same end as his Lovecraftian counterpart.

Me: He's got to be dealt with once and for all.

Georgina Montgomery: Then, allow me to be the one to deal with him.

Lincoln: Georgina, are you sure?

Georgina Montgomery: I'm positive, Lincoln. But, I'll also need help from you and Peyton.

Lincoln then knew exactly what Georgina had planned when Abdul Alhazred shows up, and he smiled.

Lincoln: Of course, Georgina.

Peyton Touhey: This is going to be one crazy and epic fight against him.

Lincoln: But, we can't underestimate him, Peyton, Abdul Alhazred is a dangerous opponent with the mastery of The Necronomicon, along with mastery of many other magical powers, along with his massive strength and durability.

Nico: This should be good, and I've got one thing to say to you guys: make sure Abdul Alhazred gets The Black Gates for good, and destroy that accursed Necronomicon.

Lincoln: Right, Nico. The Necronomicon is filled with all kinds of forbidden knowledge, and no one is capable of understanding what kinds of dark forces were infused into its pages, and if they try to look into the book, they'll be driven mad.

Me: Just like with what happens to those who look into the eyes of the Lovecraftian deities, and I've also got The Bracelet of Cthulhu on my right wrist, and it merged with my left large gold cuff Bracelet of The Champions of The Universe.

Lincoln: That's right, but you only use it whenever it's necessary, and that thing is still dangerous. I still haven't forgotten that you used it on Mac Gargan A.K.A. Scorpion and on Daisy's former dad in Dakota City.

Nico: Neither have I. (Shudders in Fright) Hearing the words and chants of Cthulhu drives those who hear it mad, as foretold in the book, The Call of Cthulhu.

Lincoln: Alright, it's settled, once our mission on Griffin Rock ends, Georgina, Peyton, and I will deal with Abdul Alhazred, and send him to The Black Gates, and destroy The Necronomicon.

Mojo Jojo, Deker, Abis Mal, Nergal, Motor Ed, Radioactive Man, Po Kong, Gizmo, Private H.I.V.E., and The Wrecking Crew then

appeared.

Mojo: Can me, Deker, Abis Mal, Nergal, Motor Ed, Radioactive Man, Po Kong, Gizmo, Private H.I.V.E., and The Wrecking Crew go with you guys?

Thunderball: (to the Dreads) Glad to have you guys on board.

Live Action Crankcase: Same here. It's gonna be awesome to be here.

Nico: Yep and it's time for Georgina's special mission. We're going to Griffin Rock in Maine.

Me: Awesome! It'll be great to see Cody and the Rescue Bots again and it'll be awesome for them to meet all the Transformers we know.

Nico: Same here. But I sense that something is not right there.

Eli: I feel it too. After Georgina and J.D. came back from Georgina's last Ambassador Mission I sensed a huge disturbance in the force. It was a very evil presence that emerged from the sea.

Nico: Well we better head out then.

We were off.

We were flying to Griffin Rock, Maine.

Georgina: It'll be so awesome to see Cody and his family and the Rescue Bots again.

Me: It sure will. We owe them big time for helping us out in the Yost Universe.

Nico: Boy we sure do.

Napalm Man: So, Nico. Which Gene Slammer do you think you'll meet on your next rescue?

Nico: I'm hoping to meet a Predator Alien Gene-Slammer next and I'm hoping to meet a Ruimtever Gene-Slammer next.

We gasped.

Shanan: Whoa! A Gene-Slammer of the Celestialsapien's natural predator! This will be interesting to see.

Nico: It sure will.

Ben: Wow! First ever Nemetrix Predator Gene-Slammer.

Me: Wow!

We arrived in Griffin Rock, Maine.

Eli: Wow so this is Griffin Rock, Maine.

Laney: Wow it sure is a nice place.

Fluttershy: It sure looks like an amazing place to visit and have fun.

Me: Yep.

Abis Mal: There are the Rescue Bots right now!

We saw them fighting a 5 Alarm Fire at a building.

Nico: Lets go help them out.

We flew and got to the building and we pulled out a bunch of people.

Cody Burns: WOW! Team Loud Phoenix Storm!

Georgina: Hey Cody! Awesome to see you!

Cody Burns: You too Sis!

Nico: (To the civilians in the building) We got you. Hang on.

We got them out and Maria, Bai Tza and Laniya fired waves of water and extinguished the blaze and everyone cheered wildly for us.

Nico: YEAH!

Aligned Heat Wave: (to Aligned Optimus) Optimus, it's good to see you and Bumblebee again.

Aligned Optimus: Same to you Heat Wave. You have done a great job helping us out in the Yost Universe.

Me: Yeah we owe you guys big time for that.

Cody Burns: Thanks J.D. and it was awesome.

Nico: You all did a great job.

Aligned Blades: Yeah it was really fun.

They saw all the Transformers with us.

Aligned Heat Wave: Whoa! Are they all the Transformers you all know?

Nico: Yep they sure are.

I looked at Nico and saw that he was hiding a look like he was concerned about something.

Aligned Blurr: Sideswipe! Long time no see!

Aligned Sideswipe: Been a while Blurr. You're looking great.

Nico: You guys are doing a great job so far.

Aligned Heat Wave: Thanks Nico.

Me: We owe you guys big time for helping us in the Yost Universe.

Aligned Heat Wave: It was the least we can do.

Mayor Luskey came.

Nico: Mayor Luskey, I hope you haven't been causing trouble.

Mayor Luskey: Of course I haven't, Nico, my boy! Tell me. Do you plan to become the next J.D. Knudson anytime soon?

Nico: (laughs nervously) Um, that question is making me very uncomfortable.

Lemon Zest: How about you ask him something else?

Me: Wait. I was just about to ask that Mr. Mayor. Sorry Nico I didn't want to ask you that in front of everyone. But Nico let me tell you this. You and I are completely different in personality terms. You went through a terrible past because of the Digimon Emperor and all that but deep down you have a really caring and giving and awesome heart. But before you came along I always liked to get things done fast and with sheer brute force and when you came into the team you made us all an amazing force to be remembered and loved and a force to be reckoned with. You are a great leader and you are doing a much better job than I ever thought I was. And I'm proud to have given you my position as leader of the team. But one thing is for sure, you are NOT going to become like me in personality terms. You are a leader that shows great compassion, hope, skill, love and above all, you show the true giving nature of your heart even to your worst enemies because you care for them and show mercy. I on the other hand showed little of that because I got blinded by my ambitions very easily. But after everything you went through and everything that happened you are by far a much better leader than me and I will always be honored to be your second in command and your best friend and an awesome brother.

Nico had tears rolling down his face.

Nico: (Sniffles) J.D. that is so touching.

Nico and me hugged.

Kade: Wait. J.D. isn't leader anymore?

Octane: Yeah, funny story about that.

Kade: Well it was fun while it lasted but how come?

Graham: Did J.D. lose his leadership position because he kept his emotions bottled up?

Gizmo: Nah. There's actually a reasonable explanation behind the whole story.

Aligned Bulkhead: Besides, I helped in getting his emotions out.

Me: Yeah after I got the reprimanding of a lifetime. Nico displayed an incredibly awesome display of leadership skills during some of our huge major battles last year and he showed that he is right.

I then told him about the nightmare he had and that the time was right for him to be made new leader and for me to be made second in command and it was a great decision on my part.

Kade: Wow! That was amazing.

Graham: Wow! Nico you more than earned the right to be crowned leader after everything you have accomplished.

Kade: I liked it when you were switching back and forth with leaders.

Nico: That's okay. I think it's great I'm leader. But yeah. I appreciate that.

Huxley Prescott: Is it true that Doctor Morocco might return?

Kade: Seriously? Hundreds of fake news out there and you pick that topic?

Lori: Actually, he literally might be telling the truth.

Kade: Don't tell me you believe him!

Lynn: Believe me. We don't have to be happy about believing him.

Deker: How about we take this conversation to the firehouse? (to the Rescue Bots) That IS your base, right?

Aligned Heatwave: Yes it is.

We went to the firehouse.

Me: Who is Dr. Morocco?

Cody Burns: You would not like this guy J.D. His name is Dr. Thaddeus Morocco.

He told us all about him.

---

Doctor Thaddeus Morocco is the main antagonist of Transformers: Rescue Bots series. He is a mad scientist who is more interested in wealth than in helping others, and has manipulated events from behind the scenes to make sure he comes out on top.

He was voiced by Tim Curry, who also portrayed Ben Ravencroft, It in Stephen King's It, the Goblin King in Scooby-Doo! and the Goblin King, Hexxus, Maestro Forte, Kilokahn, Drake in The Pebble and the Penguin, General Von Talon, Dr. Frank-N-Furter, Professor Calamitous, Taurus Bulba, Darth Sidious (in Clone Wars), and El Malefico. From Season 2 onwards, Jonny Rees took the role after Curry suffered a stroke in 2012.

Born sometime in the 19th century, Morocco made his career in science by stealing the work of others, including an incredible cellular regeneration chamber that he used to artificially extend his life by rejuvenating his body periodically up until the series.

In 1939, he became a member of the scientific community in Griffin Rock, and was involved in creating the time machine, but the project was dropped due to a lack of power source strong enough to power the machine. However, he soon witnessed the arrival of several Rescue Bots who traveled back in time, and believes that their powers and abilities can be put to good use for his own purposes.

In the present, Dr. Morocco became bent on either discrediting or destroying the Rescue Bots, and to do so, he would to have engineer a series of incidents that would give him an opportunity to be in the top, such as: infecting the town's mainframes with a virus and and framing Doc Greene, resulting the latter to be fired and for Morocco to be appointed as the new lead scientist. Another example was when he used a stolen weather machine to have everyone evacuate the island, allowing him to figure out about the Rescue Bot's origins as Autobots. He also created his own line of robots called MorBots, designed to have the Rescue-Bots' capabilities and to serve their master. However, the Rescue Bots and their friends managed to thwart him, though he escapes every time until one day, he was forced to surrender by the Autobot High Tide, who had him imprisoned. Morocco attempted to escape, but his best friend Jules Verne takes him to the future, where Jules erases Morocco's memory before showing him around in future Paris.

When he was done we were shocked!

Nico: Whoa! This guy is bad news!

Me: No kidding! And he was thrown into a deep sea trench off the coast of Griffin Rock and you thought that was the end of him? Whoa.

Nico: That's still impossible. He would have to be an immortal robot in order to live for that long.

Me: Yeah he was born 170 years ago. That is incredible that he was able to live for so long.

Nico: It sure is.

We arrived at the Fire Station.

Nico: Wow! Just like I remember.

Me: Awesome.

Eli: So this is the firehouse you all work at.

Cody Burns: Yep. Cool huh?

Centaur Man: It's fitting that your base is where firefighters usually work at.

Aligned Heatwave: It's home.

Nico: Yep. Awesome.

Nergal: How about I make you guys pizza for lunch?

Nico: Good idea! And Francesca Giordano can help too.

Francesca Giordano: (Italian Accent) Grazi Nico.

Me: Man I'm starving.

Eli: Me too.

They got to work and it was gonna be awesome.

Nergal was making lots of awesome pizzas all at once and Francesca was shocking off her awesome moves from her family and how she comes from a great pizza chef line. She was doing dances and spins and acrobatics for her moves to get ingredients and more and they were so awesome.

Jeanne Sorensson: That is just as awesome as ever for Francesca.

Nico: Yep.

We were in awe and amazement.

They both made amazing pizzas for all of us and we cheered.

We got to eating.

Poromon got out 3 beer bottles.

Cody Burns: What are those?

Poromon: Three bottles of beer!

Brawl saw labels on the bottles.

Brawl: (reads the labels) "Not for anyone under age 13". Why did you label them for today?

Poliwag: Because there are 3 more people in the room besides Cody.

Me: And Cody is under age 13 but he doesn't drink.

Cody Burns: Nope. But I'm not gonna drink that stuff.

Me: I don't want to either.

Nico: Yeah it's crazy.

Cody Burns: Also Poromon, Poliwag and the mascots drink?

Nico: Yeah it's crazy. Poromon is one of the Digimon that like to drink.

Me: It's true.

Aligned Chase: (to the Aligned Autobots) I would like to say that it will be an honor to fight alongside you all after today.

Radioactive Man: You should be honored. Before, Optimus and Bumblebee's team only helped you out on occasion.

Nico: Yep.

Aligned Sideswipe: That's true and it was awesome.

Me: It sure is.

Sakura Avalon: I think it's really cool seeing how you all help so many people in need.

Eli: That shows that you are awesome protectors of people.

Cody Burns: It sure is. But I heard there's trouble going on in another universe.

Nico: Yeah. It's not good.

Aligned Heat Wave: Optimus, it truly is an honor to fight alongside you on the front lines. But, is it okay if we leave the killing to you guys?

Matoombo: Absolutely. I can tell you guys aren't ready to kill scumbags just yet.

Ibara Shiozaki: I am definitely okay with that. Killing is against my religion and I can't do it.

Nico: That's understandable. We will gladly take care of that.

Me: Awesome. And Dr. Morocco is someone that has avoided the Grim Reaper for far too long.

Grim: (Jamaican Accent) That is right mon. He is on the Underworld's hit list of people that have cheated death for far too long.

Me: Well it looks like we have some unfinished business for you Grim. But look on the bright side, at least we aren't doing a mission involving one of Billy's stupid hairbrained shenanigans this time.

Nico: That's true.

Eli: Yeah.

Nico: Don't worry Grim, Morocco is not worth killing to us and we're going to beam him over to the Masters of Evil Prison for him to spend eternity there.

Grim: Ah even better. Thanks mon.

Nico: Anytime.

Wrecker: Wait. Didn't you guys take Ronan out in the Yost Universe?

Aligned Blades: Actually, we helped fight him. Georgina was the one who killed Yost Ronan. It was actually a miracle we were able to fight him at all!

Bulldozer: That surprised us too.

Nico: But at least he is gone.

Georgina: It was awesome fighting Ronan.

Me: And what's coincidental is that I used the very same tool to fight him the first time on the Planet Xander to send him flying away. I used the Power Infinity Stone on him again.

Nico: Awesome.

Chief Burns: Now, what's this about another universe?

William: Oh, just the humans of that world having enough of

Cybertronians after an incident in Chicago.

Kickback: Nothing new, really.

Me: It's a really complicated and strange story and it involves a rogue Autobot from that universe named Sentinel Prime. It's best that he tells you.

Sentinel Prime then drove up and transformed.

Sentinel Prime: You all called.

Me: Hey Sentinel. Cody and everyone would like to hear what happened in your universe.

Sentinel Prime: Of course.

Sentinel Prime revealed everything and it was HORRIFYING and more.

Graham: So, all because of one invasion, the humans of the Live Action world turned on the Autobots?!

Piledriver: I know, right?!

Private HIVE: They oughta be court-martialed for that. Especially after everything the Autobots have done for that world!

Nico: I agree with you there Private HIVE. What happened in that world was completely unforgivable. But also Sentinel Prime here feels really bad about what happened. The years of war really got to him and it warped his mind. But thank goodness he is not like a certain big-chinned dickheaded version of him that we all know and despise.

Me: The animated version of Sentinel Prime.

Sentinel Prime: Thank goodness I'm not like that one.

Then on a TV Screen we saw someone that we thought Griffin Rock would never see again, DR. THADDEUS MOROCCO!

Veon: Is that Morocco right there?

Dani Burns: Yep. That's him.

Me: He sure looks like someone I would never want around here. He looks like a very stereotypical bad guy and the monocle makes him stand out like one that's for sure.

Morocco: (on the TV) Greetings, people of Griffin Rock. It is I, Dr. Thaddeus Morocco. Did you all really think that you all saw the last of me?! But worry not. I will spare your island in exchange for one thing. (shows a picture of Georgina) Bring Georgina Montgomery to me. You have 8 hours. After that, if I don't have this woman, Griffin Rock will pay dearly!

Kade: (the transmission ends) How stupid does he think we are?

Quickshadow: Georgina, as your partner, I am not about to give you up to that fiend!

Me: Me neither!

Georgina: If he wants a fight we'll give him one!

Cody Burns: What does he want with Georgina?

Me: Hmm. My guess is he plans to extract her Stonebiter have and use them as an unstoppable army to destroy the world.

Po Kong: If you ask me, he's thinking too small.

2003 Leo: He's not. Me and my brothers know first hand what an out of control Stonebiter looks like.

Nico: Yeah and he is really playing with fire there.

Shanan: He's right on that. Sangurahuan Rockgolems are very powerful and obey no one. They will destroy anyone that they meet.

Laney: That's nuts.

Me: Yeah it sure is.

Nico: Yep. Lets show you all a demonstration of our power by showing you our usual battles as we call them.

Cody Burns: Awesome!

Nico: Yep. Maria call it in.

She did so and then Stinky Butt, Anti-Wanda, Cavalier, Eris, Mammoth, Raven Branwen, Condiment King, 2016 Morbucks, Professor XXXL and Artie Ziff appeared.

Nico: Stinky Butt, Anti-Wanda, Cavalier, Eris, Mammoth, Raven Branwen, Condiment King, 2016 Morbucks, Professor XXXL and Artie Ziff.

Stinky Butt: Looks like all of the Aligned Cybertronians are here.

Anti Wanda: They sure are!

Nico: Yep.

Cavalier: Just in time for us to defeat Morocco.

Eris: (to Nico) Thanks for recruiting Robotnik for us.

Nico: No problem. It was awesome to see him again after all this time.

Mammoth: I still like to call him Dr. Eggman though.

Me: Whatever works perfect for him.

?: I think it's cool.

Then a figure came out and it was CHRISMISERY ORG from episode 41 of Gaoranger!

---

The greatest actor among the Orgs, Rasetsu enlisted him in a plan to turn children into his favorite drink, Dream Juice. To accomplish that, Chrismisery Org assumes the guise of Christmas Org (クリスマスオルグ Kurisumasu Orugu), giving presents to children as a sign of good will, but actually giving them the stockings that would trap the children to begin the process. Furthermore, he tricked Kakeru into thinking the Orgs are tired of fighting. As a result, Kakeru befriends the Org by giving him his G-Phone. Once the trap is sprung, Chrismisery Org assumes his true form and attacks the other Gaorangers until Kakeru manages to break free before using the Hyakujuuken with extreme prejudice on the Org. Tsue Tsue revives Chrismisery Org, who died at the hands of GaoIcarus in spite of aiding Rasetsu in his master plan.

---

Eli: Chrismisery Org! I remember you! You were sent to turn children into your favorite drink, Dream Juice and you even tricked Kakeru into thinking that the Orgs want to be friends and are tired of fighting.

Chrismisery Org: That's right Eli.

Me: So you're a Japanese Wild Force Monster. Awesome.

William: You know, we could use you for a Christmas surprise at the end of this year.

Chrismisery Org: I know. But right now, I'm just glad I finally get to battle you Rangers.

Cole Evans: I know, right? You would've made a great Christmas episode. Most of the other teams got to celebrate Christmas like that too.

Me: That was awesome. And also you would have made a great Christmas Monster for us last year too.

Chrismisery Org: Yeah no kidding.

Me: And I agree with Cole. Darn shame you weren't part of the series back then from February 9th to November 16th, 2002. What a ripoff. If only it was just a few episodes longer.

Nico: Yeah. Cody you and Heatwave are going to like this.

Stinky Butt: We have your own archenemies.

Out came SUPERSPEED SUE and ONSLAUGHT!

Hiro: Superspeed Sue!

Nico: And Onslaught.

Superspeed Sue: It's gonna be awesome having Cody as my archenemy.

Stink Butt: We just found him. He wanted to join us.

Nico: I see.

Me: Also Dennis aren't you that Bounty Hunter that was sent to kill SpongeBob and Patrick by Plankton?

Dennis: That's right.

Me: Oh boy.

We got the usual battles underway.

## Luke Loud, Applejack, Apple Bloom, Earth Skylanders, Ripping Friends, Sugarcoat and Lemon Zest VS Cavalier

Cavalier was next.

Cavalier: (to Luke) I heard you all met a Red-Eyes Darkness Dragon Gene-Slammer. What's her name?

Luke Loud: Her name is Ruby Kirlian and she is an amazing girl that helped Lincoln when he stood up to Lori when she was in one of her bossy moods.

Applejack: Yeah you should have seen what he did.

Apple Bloom: It sure was brutal. One day, Ruby was walking through the neighborhood and enjoying the day. But, then, she heard the sound of destruction coming from The Loud House, and when she got inside, Ruby soon saw the cause of it: it was Lori, and worst of all, she and Lincoln are really fighting each other, because he wasn't going to put up with Lori's bossy attitude anymore. When Lori heard those words, she went on a full-blown temper attack, and in the process, she and Lincoln were fighting each other, and in the process, Lori destroyed everything in the house. Ruby was so horrified at the chaos, and she saw the blows and bruises on them both. Lori was about to kill Lincoln in a fit of rage, but that got Ruby so mad, and she grabbed Lori by her shirt, and she punched her in the face, and knocked her down. Then, the rest of the sisters and Mr. and Mrs. Loud came out of their rooms, and tied Lori up in nylon rope. After that brutal fight, Ruby took Lincoln to his room to get bandaged up, and she told him that he was really brave to stand up to Lori and tell her he wasn't going to put up with her bossy attitude anymore. But, then, Lincoln hugged me, and she hugged him back, and Ruby saw the tears in his eyes, and he was crying. Lori really crossed the line with her bad temper and bossy attitude, but Ruby wouldn't be the one to rip her a new one: she heard the loud voices of anger from Mr. and Mrs. Loud and the rest of Lincoln's sisters coming from downstairs, and they were scolding Lori badly. Long story short, Lori got grounded for eight months, and she had to clean up the entire house, and her allowance would be used to purchase replacement items for those she'd destroyed in her bad temper attack and fight with Lincoln.

He was shocked.

Cavalier: By George! That must've been a really brutal confrontation back then.

Flashwing: Boy it sure was! It was terrible!

Crag: It sure was and thank goodness that Lincoln is gonna be all right. But because of what Lori did her sisters and brother lost all trust in her and she had a lot to make up for.

Cavalier: I wouldn't blame them one bit.

Sugarcoat: Me neither. That was nuts.

Lemon Zest: Me neither. That was crazy!

Cavalier: It sure was. Shall we get started?

Cavalier pulled out a white glove and slapped Luke across his face.

Luke Loud: I accept your challenge.

Crag: Come on fellas!

Ripping Friends: IT'S RIPPING TIME!

They went and smashed and pulverized Cavalier and fired waves of water, earth, rock, crystal and apples and smashed him down.

Lexx: Yeah it would kill her like how a Jinchuriki would.

Twilight Sparkle: Yeah I did some science research on Georgina's blood and found out that Stonebiter's DNA and blood merged with Georgina's. Separating them would mean killing them both.

Starshine Sparkle: That would not be a good thing.

Sunny Starscout: It will be a cold day in oblivion before we let Morocco get his hands on Georgina.

Spyro: Yeah no way are we going to let that happen.

Static Shock: Especially after how Georgina knows Peyton and Cody.

Levi: And it won't be a very pretty sight from what I am safe to assume.

Tornado Bolt: You would have to be one crazy monster to live for that long.

Stealth Elf: No kidding. That is nuts.

Magma Gloom: The scariest one was those Brownie Eating Zombies that appeared 3 years ago.

Weddinmon: What did Billy do to cause them to appear?

Toxic Horror: He accidentally added evil powder to brownie mix and mistook it for salt. That goodness these zombies weren't after brains.

Crysta: It sure is amazing.

Laney: I agree.

Laura Wynn: Also Morpho when you faced Ren and his crew what did that feel like for you?

## Laniya Momoshiki the Water Dragon Gene-Slammer, Bai-Tza, Maria, Girl Jordan, Genki and Holly VS Undine

Baddie Undine was next.

Baddie Undine: This is always fun.

Laniya Momoshiki: (Japanese Accent) It sure is. I don't know the full extent of what happened in your world with Moo and his history. What happened that lead to so many monsters becoming so evil?

Baddie Undine: It was terrible. Moo was the most evil monster ever known.

Baddie Undine told them all about Moo.

Master Moo (also known as Moo) is the main antagonist of the Monster Rancher anime series and Monster Farm Lagoon. His original form is a furred, colossal dragon-like behemoth. Moo is an evil being that was never meant to exist due to him being a collective hatred of sentient beings that was given physical form.

He was voiced by Jūrōta Kosugi in Japanese and Paul Dobson in English.

## Background

Moo is a gigantic Dragon-Type monster that scientists of Pendant Civilization engineered for war centuries ago and intentionally engineered as the most powerful out of all genetically enhanced monsters. As with the rest of monsters in series, Moo was based on monsters that had powers of their own, but amplified and enhanced by scientists for war. However, Moo's bitterness from experiments that turned him into living weapon, and the fact that the said experiment driven by hatred within his creators, led him turned against his masters. For the same reason, his hatred gave him new powers to sense and channel negative emotions from other sentient beings as well as turned regular monsters into first Baddies.

Desperate, scientists from both sides join forces to ask the all-powerful Phoenix called Suzaku for help. Suzaku decided to lend them a hand to stopping Moo, but before that, he had the scientists modify his body so his abilities enhanced to the point where he can exorcise the entire planet of Baddies.

Suzaku fought Moo valiantly, but they ended up trapped in a seemingly everlasting battle, which forces the scientists to make a device to turn all monsters into Mystery Disks called Final Gate. Though aware with risks from the device, Suzaku and the scientists agreed that they had no other choice. So to ensure the success of the device, Suzaku used himself as the beacon to lure Moo into the device's range. Once the device activated, all rampaging monsters turned back into Mystery Discs, whereas Moo become separated with his body as his soul confined within one of Pendants' inactive flying castles alongside his own troops. Suzaku the Phoenix however, suffer greater loss: His spirit that separated from his body split into 5 and separated, with each residing within 5 Mystery Discs that later become main monster protagonists, namely Mocchi, Suezo, Tiger, Golem, and Hare.

## Possessing Holly's Father

Eventually, Holly's father found the Mystery Disk containing Moo, and Moo was merged together with him and gained humanoid form. He then gathered several followers, each bearing a crest called the Baddie Crest. The Baddies were the evil monsters that served Moo. The strongest of Moo's servants were the Big Bad Four: Pixie, Gali, Gray Wolf, and Naga. Afterwards, Moo searched fort the Magic Stone as he terrorized the world (which was in the possession of Holly) and wanted to use it to find and regain his original body.

The Searchers (the protagonists, consisting of Genki, Holly, Mocchi, Suezo, Golem, Tiger, and Hare) fought Pixie, and she eventually switched sides. Afterwards, Moo found and kidnapped Holly to take the Magic Stone. Although the others rescued her with the help of Vulcan and the Pirate Dragons, Moo found the way to his original body and arrived at the area.

## Retrieving and Return to Original Body

While the Baddies dug through the ice for Moo's original body, the Searchers fought Gali and Gray Wolf. Gali was killed by Mocchi using his Mocchi Cannon attack, and Gray Wolf was killed in 1 on 1 combat with his brother Tiger, who sent his horn through his Baddie Crest. Right after Gray Wolf's defeat, Moo found his original body. His Baddies dug the dragon-like body free of the ice, while Naga attempted to kill the Searchers.

By the time Moo merged with his original body with both Final Gate and the storyteller monster named Monol, the Searchers had already fought Naga, resulting in Naga getting hit with a Mocchi Cannon, hanging onto the edge of his castle on the cliff, and letting go and falling to his death. Moo attempted to invade a village, but was weak against sunlight due to his original body not get used with sunlight and has frozen for so long. When the sun rose, he was seriously weakened, and retreated back to his hideout.

For most of the following episodes, Moo remained severely injured inside his hideout, and sent Evil General Durahan after the Searchers. Many of Durahan's servants were defeated, but he wanted the Magic Stone for himself. Once he got the stone, he betrayed Moo and nearly killed him, but by this time Moo was almost back at full strength. However, his assistant Lilim betrayed him for Moo. The Searchers and Durahan and Lilim fought on Durahan's ship, and in the end, a Weed got the stone and took it to Moo. Durahan's troops, who now served Moo instead of Durahan, shot down Durahan's ship. Durahan killed Lilim before dying himself when the ship crashed.

## Rematch with Suzaku the Phoenix

Moo got the Magic Stone and became immune to the sun. He attacked the Searchers just as they found the frozen Phoenix, and mortally wounded Pixie, but was prevented from killing her in a bizarre turn when he saw the true evil of his soul, after absorbing too much hatred. Moo completely lost his mind (symbolized by his original form being trapped in darkness and destroyed, and his eyes turning yellow) and began to go berserk, destroying everything in sight, even his own castle and the Baddies. Pixie was healed when Big Blue fused with her to form Granity, sacrificing his existence in the process. Monol informed the Searchers that the Phoenix was really Mocchi, Suezo, Golem, Tiger, and Hare, and so Genki fused them together.

The Phoenix fought Moo and grabbed onto him. Seeming to regain a part of his mind, Moo realized that he and the Phoenix were destined for eternal combat, and that he couldn't let the Phoenix nor himself exist. At this, the Phoenix and Moo destroyed each other, vanishing in an explosion of light.

## Resurgence and Final Battle

In Season 3, the role of antagonist shifts to General Durahan, who is resurrected as a head by a Weed (who in turn becomes a cyborg), and attempts to absorb Moo's soul, which was trapped inside a disk after his death. In the final episode of Season 3, Durahan and his servants, Gobi, Mum Mew, Poison, and Weed, are fused with Moo's soul to form a gigantic warrior, with Moo dominant. Moo sucks the

Searchers and Holly's father inside him, during which Mocchi, Suezo, Golem, Tiger, and Hare fused into the Phoenix again. Moo still seemed able to gain the upper hand, but when Durahan and the others give the Phoenix their energy, he is able to attack Moo's soul within, destroying it. The evil is last seen rising into the air and exploding. Thus, Moo was destroyed for good.

Legacy

Although Moo is gone for good, a sample of his DNA revealed to still preserved somewhere in Pangaea as revealed in events of Monster Rancher EVO. People from Warp Dimension later took Moo's DNA and created the cybernetically enhanced clone of him, Second Moo. The creator of Second Moo also stole an artifact originally intended to control original Moo-an anima recorder called Moo's Horn. They then set Second Moo loose on protagonist and he/she must defeat him as the final level boss.

When she was done she was shocked and horrified!

Laniya Momoshiki: That is terrible! A monster of Apocalyptic Porportions.

Maria: Yeah and J.D. destroyed him by merging with the Phoenix. It was awesome.

Laniya Momoshiki: How did that happen if I might ask?

Maria: It was an awesome and epic adventure.

Maria went over what happened during the events of Chapter 1083

The U.S.S. Valorous Phoenix was flying through the endless voids of space.

Me: Captain's Log, Stardate 2838.9: The U.S.S. Valorous Phoenix is en route to a mysterious planet located in the Cartwheel Galaxy, 500 million light-years away from Earth. Our mission is to investigate this world and find out what is going on and deal with the source of its problems.

Maria: So, are we going to a planet with an alien farm?

Me: We won't know until we get there. But something is telling me that it's gonna be an amazing world.

Nico: I can tell.

Lisa Loud: We have arrived at our destination.

Me: On screen.

We saw that we were at a planet that looked like Earth and it was a beautiful place. It had a single continent and it was covered in plants, forests, deserts and more.

Me: Wow!

William: What is this place?

Me: It's amazing.

Shanan: I know this planet. It's called Pangaea.

Me: Pangaea, you mean the supercontinent that was made during the Triassic Period, 235 million years ago?

Shanan: Exactly. But this is the planet Pangaea. It's home to a world of Monsters and Humans. But the monsters were made by humans and they have a terrible past.

Me: What do you think it is?

Shanan: We'll find out.

Me: Lets land.

We landed and we were on the planet. It was a beautiful world and it was loaded with all kinds of forests and more.

Me: Wow! It looks so much like Earth.

Then I sensed a tremendous power.

Me: Whoa! Do you guys feel that?

Nico: Yeah. What in the world is emitting that terrible energy?

Me: I don't know. But whatever it is, it's not good. It's evil whatever it is.

Laney: I'm sensing 5 energy signals just as strong and two powerful energy signals just like it. There's also one that's just as strong with them. (Points to the north) That way.

Me: Lets go see.

We went to see. We flew across the landscape and we saw that it was amazing.

Me: Wow. It's so much like Earth. It's breathtaking.

Nico: It sure is a beautiful planet.

Lincoln: Look there.

We saw a campfire and we saw 2 humans, a boy named Genki Sakura and a girl named Holly and we saw 5 monsters. We saw a Golem, a wolf creature called a Tiger, a Hare, Suezo and a Mocchi. And they were in front of a black monolith monster named Monol.

Me: (Gasp) I know this planet. It's the world of Monster Rancher.

Laney: Wow!

We landed.

Me: Hello there.

Genki: Wow! Team Loud Phoenix Storm!

Holly: Wow! It's such an honor to meet you all.

Me: Same here.

Vince: It's a pleasure to meet you all.

Tiger: We have heard so many amazing things about you all.

Mocchi: Chi.

Suezo: It's a pleasure to meet all of you.

Hare: Yeah.

Golem: Golem heard so much about you all.

Me: We get that all the time. We came all the way from Earth to see what is going on here.

Monol: It's part of my story. It's one that is part of a terrible mistake that has plagued this world.

We concentrated and we were taken on a journey into the past. We saw the planet Pangaea years ago.

Monol: Once long ago, there was a planet. And on that planet only one continent. A land called Pangaea. The people of Pangaea have created an advanced civilization. No, in fact an extremely advanced civilization.

We saw that the people of Pangaea lived in a city that was thousands, maybe millions of years more advanced than anything we have on Earth right now. It was far beyond the absolute pinnacle of prosperity.

Monol: These ancients developed a technology that allowed them to create monsters in a laboratory and then store there genetic information. Sealing it in CD-Roms.

We saw them seal a baby hare into a disk and it was an amazing process.

Genki: When the world was one continent. I almost feel like I'm right there. Back in that ancient civilization.

Me: Same here.

Nico: Cool.

Monol: In time this technology became commonplace and was taken for granted. And the monsters, the miraculous result of this wondrous technology became household pets. Created and used for peoples amusement. But not only monsters were created, the technology was used to create whatever believed would make people happy.

We saw that the ancients created all kinds of amazing ships, robots and all kinds of everyday tools unlike anything we have ever seen before.

Monol: Whatever they believed would please them. At the peak of the civilization, it's people believed they were gods. But despite their technology, they were not able to foresee the disasters that attacked the land.

Not even the people of Pangaea despite their advanced civilization were safe from Mother Nature's fury. Volcanoes erupted, tornadoes blew and tsunamis swept away everything in their path.

Me: So not even the people of Pangaea were safe from Mother Nature's fury.

Monol: Correct. All their advancements and civilized conveniences were soon forgotten. The thin veneer of civilization was stripped away and the people became savage.

We saw a huge war break out between a bunch of monsters and humans and it was brutal.

Monol: Fights became battles. And battles became wars. At first it was called The Final War.

We saw an orbital laser destroy much of the civilization with a massive blast that destroyed much of the city.

Monol: But as it went on, 30, 50, 100 years, the cause of the war faded from memory. No one remembered why they were fighting.

Only the bitter feelings transferred from one generation to the next and the war continued.

The war raged on with incredibly and indiscriminate fury between monsters and humans like no other.

Monol: One day, countless years after the war had begun, a new monster was created. It was called Moo.

We saw a huge dragon monster and it was a terrifying monster called MOO!

Moo was a monster of unimaginable power and terror.

Me: Whoa!

Genki: Tiger is Moo really that big?

Tiger: He is huge and he is terrifying. Someone to stay away from.

We saw the monsters fight Moo. Moo fired a blast of fire from his mouth and obliterated the planes with ease.

Monol: Moo's strength could not be matched. Although he was a living being, he had been created for no purpose but to destroy the enemy. It was thought that whoever achieved control of Moo would win the war.

But then we saw Moo turn on his creators and he blasted them all to smithereens.

Monol: But Moo became his own master. He obeyed no other commands but his own. He had learned how to draw forth and amplify the darkness in the hearts of other monsters.

The monsters under his control were poisoned with his evil and he created his army of minions.

Monol: The scientists who had survived turned their efforts to the creation of a creature capable of stopping Moo. That creature was the Phoenix.

We saw them create a new creature and in a vortex of fire arose the creature of good: THE PHOENIX!

---

Phoenixes are already powerful enough, but the wisdom and power of the Phoenix from the anime series surpasses all others. More than likely, this Phoenix is Suzaku, the legendary Phoenix lord who has been mentioned in legends all over Pangaea for thousands of years.

Legend states that early on in Pangaea's history, before the the Dark Times started, there was a powerful firebird called the Cinder Bird who lived somewhere in Brillia. It was known to show up in times of trouble to help stop powerful monsters who were out of control. The Jills called on it for help when one of their kind became cursed and went on a killing spree. The Cinder Bird came to them and showed the evil Jill the kindness in its heart, turning the Jill good once again and igniting the bird. Many believe that each time the Cinder Bird would help someone, it would burn brighter and longer (Jill tells the Searchers this story in Episode 46).

Another legend says that a mortal king called upon Suzaku to save his ailing daughter. She had a peculiar talent-the ability to communicate telepathically with monsters. Suzaku saw fit to heal the girl using his blood, but made the king promise that if he ever needed her help, the princess would be at his disposal.

Coming of The Dark Lord

Not too long after, a powerful monster calling himself the Dark Lord tried to rise to power using humans' technological modifications on monsters. This was Xevion, who hundreds of years later tried to rise again. What he hadn't counted on was that Suzaku chose this time to call in his favor from the mortal princess. Together, they raised an army of monsters and humans that opposed Xevion and sealed him in a disc (This story is revealed in Monster Rancher 4).

The Dark Times

Unfortunately, this showed humans the capability of using monsters not just as pets, but as weapons of war. Seeing his error in bringing humans into the monsters' quarrel, Suzaku approached the king about his daughter's safety. Together they agreed, and Suzaku sealed the princess inside a mystery disc and hid it away to keep her safe. This disc was found hundreds of years later by a young Shrine master named Cesare, who unlocked it and raised the girl as his daughter, Rio. Unfortunately, nothing could prevent the natural disasters that occurred around the world, creating tension between the existing clans.

Soon, the humans and monsters began fighting territory wars against each other, and it escalated so much that the Pendant civilization began creating more powerful monsters to use as weapons. Moo was their last and most powerful attempt, but he proved to be too much for them. Instead of fighting for their side, he began amassing his own army, using the monsters' hatred for their captors to fuel his cause. Knowing that Suzaku was their only hope, the scientists begged for his help and the Phoenix lord agreed. He allowed them to modify him for the battle, making him a beacon for the Final Gate to latch onto. The Phoenix faced Moo in combat, long enough for the scientists to separate Moo's mind from his body. Unfortunately, that meant that the same happened to Suzaku, and because he was the beacon, his soul recieved the most damage, being split into five pieces. It was believed that the five pieces of the Phoenix's soul fell from the sky and embedded themselves in five mystery discs, which later were revealed as Mocchi (the Phoenix's courage), Suezo (Phoenix's pride), Golem (Phoenix's kindness), Tiger (the Phoenix's anger), and Hare (Phoenix's intelligence). They fuse together into the Phoenix 's frozen body to bring it back to life.

## Defeating Moo

But even for this, the Phoenix had a plan. Even though the king from long ago had fallen in the battle against Moo, Suzaku entrusted his descendants with several magical relics called Gaea Stones that would allow them to reunite the pieces of his soul if he was ever again needed. One of these descendants was Holly, who listens to the legends of her people and follows one of the stones throughout the anime series on a quest to revive the Phoenix to stop Moo's new reign of terror. She is finally able to reunite the pieces of the

Phoenix, and finds its body frozen in a glacier in Brillia. Using Genki's courage, they ignite the legend once again and battle Moo until their bodies burn up and their souls revert to their previous forms.

After the battle, the Phoenix's essence continued to live inside the five monsters, until it was used to destroy Moo's soul at the end of the anime series. Holly believed that Suzaku's essence was burned up in the battle, but true to form Suzaku rose once again during the events of Monster Rancher 4, being summoned by Rio to help prevent Xevion's return.

---

It was beautiful and majestic. The baddies battled it but they were helpless against its power.

Monol: But Moo and the Phoenix did battle.

It was a powerful battle.

Monol: The scientists created The Final Gate, the way to separate Moo's mind from his body. It was a dangerous machine, one that would affect all monsters. But the people believed they had no choice. It was the only way to stop Moo.

Me: So this was a last resort.

Monol: Yes. The ancient people of Pangaea had a terrible decision to make. If they were to rid themselves of Moo, they knew their solution would harm all monsters. But they had no choice. Otherwise they would all be destroyed.

They activated the machine and it fired a massive blast of rainbow energy. The blast hit Moo and the Phoenix.

Monol: And so Moo's body and mind were separated.

We saw a black blob of darkness come out of Moo's body through his mouth.

Monol: He was destroyed. But so was the Phoenix.

We saw a blob of rainbow light come out of Phoenix as well.

Monol: And all the other creatures.

The machine overloaded and fired a massive blast of energy into the sky and it sent powerful waves that turned all the monsters back into disks.

Monol: The cost was incomprehensible.

But the machines power was so strong that it destroyed much of the land in a massive apocalypse of cataclysmic proportions. Destroying much of Pangaea and obliterating all traces of the ancient civilization. The earth shook, volcanoes erupted everywhere and much of the continent sank beneath the sea.

Monol: That is my story.

Me: Holy shit.

Nico: Unbelievable.

Vince: That is terrible.

Lincoln: This is the price they paid for letting their pride cloud their judgement.

Holly: I didn't know. No one every told me.

Me: It's awful. But now I can see why we were called here. Moo has returned after all these years and we have been brought together to stop him once and for all.

Monol: That's right. You all have the power to destroy him.

Me: Something is telling me that his work is not yet finished.

Monol: That's right.

Me: He has come back because he is gonna finish what he started in the past.

Nico: Then we have to stop him.

Vince: That's right.

Me: Genki, we will find the Phoenix and help you all destroy Moo once and for all. All right team listen up!

I got on the rock.

Me: Moo has come back to destroy this planet with his army of evil and we will not let him do that. We're going to find the Phoenix and make sure that Moo dies once and for all.

Everyone cheered.

Nico: We're with you all the way J.D.

Vince: You can count on us partner!

Me: Awesome!

Genki: You can count us in too J.D.!

Holly: Yeah!

Golem: Golem agree.

Me: All right.

I concentrated and sensed for the energy signal of the Phoenix. Then I found it.

Me: Found it! It's coming from the north.

Holly: That way leads to Mount Kairus.

Me: Then that's where we're heading to. But it's gonna be a perilous adventure.

Genki: A lot of Baddies are gonna be after us and they will stop at nothing to kill us.

Me: And if that happens, they will regret it.

Nico: Yeah.

Lincoln: Yeah lets get them!

Qin: We're with you all the way.

Me: Lets head out!

And so the great Quest to find the Phoenix began. We started by arriving at a lake and we saw a beautiful water mermaid monster called an Undine.

Genki: Wow! You're an Undine.

Me: The water elementals of Alchemical Mythology.

Tiger: She's a Baddie!

I saw a Baddie Crest on her shoulder on her dress.

Me: Oh no.

Undine: Master Moo is gonna kill you all!

Me: Not if I can help it!

I fired a massive wave of water at her and Undine fired a massive wave of water as well and the waves of water collided with a tremendous splash!

I then teleported behind her and grabbed her in a hug hold.

Me: Undine, I didn't want to have to do this to you, but it's the only way to save you from yourself.

Undine: Let me go!

Me: I'm going to purify you!

I flared up my rainbow aura and it was sucking out the darkness that Moo poisoned her with and she was freed from his influence. Her Baddie Crest was gone. But then I suddenly felt an incredibly massive energy increase unlike anything I've ever felt before. It felt like when I absorbed all the hatred from the Kisenian Blossom minion and it was 100 times more powerful than that. When it was done, my rainbow aura was now 100,000 times more powerful than ever and it looked like I had a massive rainbow inferno surrounding me and it was overflowing with incredible life energy.

Me: Whoa! What power!

Nico: Whoa! J.D. your power skyrocketed exponentially!

Me: Moo's darkness that he poisoned Undine with is many times more powerful than that of the Kisenian Blossom minions that I absorbed.

Vince: Unbelievable.

Laney: Wow! What power!

Maria: That is intense.

Me: I didn't even know Moo's hatred was that strong. It's like I absorbed energy from the most powerful ultimate evil in the universe.

Lincoln: No kidding.

Undine: What? What happened?

She got up and saw us.

Undine: Wow. You're Team Loud Phoenix Storm!

Me: That's right.

Undine: You have saved me from myself. I am forever in your debt.

Maria: We did what we had to do.

Me: Undine, would you like to come with us? We're going to find the Phoenix so we can destroy Moo once and for all.

Undine: I would be honored J.D.

Me: How would you like to be partnered with Maria?

Undine: I would like that.

Maria: I'm Maria Rockell, 2nd In Command of Team Loud Phoenix Storm's Redemption Squad.

Undine: Pleasure to meet you.

We got our search back underway and then we had an encounter with Tiger's brother GREY WOLF!

Genki: A Grey Wolf!

Grey Wolf: That's right. Hello brother.

Tiger: Grey Wolf stop this madness! I don't want to fight you!

Lana: I got this!

Lana flew and went onto his back.

Grey Wolf: Get off me you little runt!

Lana: No! I'm going to purify you.

Lana then flared up her blue aura and she sucked out all of the darkness that Moo poisoned him with and she had freed him from his influence. But then, Lana had a rainbow aura flare up and we felt her energy increase exponentially! When it was done, Lana's powers had been enhanced 100,000-fold and her power was now stronger than ever!

Nico: Wow! Lana your power is now enhanced dramatically!

Lana: Incredible! Now I know how J.D. felt.

Grey Wolf got up.

Grey Wolf: You saved me. I am forever in your debt Lana Loud.

Lana: I'm glad I could help you Grey Wolf.

Later we continued on and we met Granity, Genki's friend that he knew as Pixie from before she was tainted by Moo. We then encountered a Pixie, a bunch of monsters came to help us take down Moo once and for all. We saved a lot of Moo's minions from themselves by purifying them and removing the darkness that Moo poisoned them with and we got more powerful by absorbing the darkness they were poisoned with and it made us far more powerful than ever. We also had Poison, Big Blue, and many others. We arrived at Mount Kairus and inside it we found the bodies of THE PHOENIX and MOO! They were frozen in solid ice!

We were shocked and amazed!

Me: Whoa! Phoenix!

Nico: And Moo.

Monol: Yes. When the soul of the Phoenix separated from its body it was divided and it merged with 5 monsters. Those monsters are with you right now.

Tiger: That's right. Those monsters are me, Golem, Mocchi, Suezo and Hare.

Me: Whoa!

Nico: So in order to revive it we have to fuse you 5 into it.

Monol: That's right. Tiger, Mocchi, Suezo, Hare and Golem each carry a piece of the soul of the Phoenix: Mocchi the Phoenix's courage, Suezo the Phoenix's pride, Golem the Phoenix's kindness, Tiger the Phoenix's anger, and Hare the Phoenix's intelligence.

Me: Wow. I have an idea. But it's gonna be risky.

?: And I will have my body back as well!

We turned and we saw MOO! But he was in his humanoid form!

Me: So you are Moo!

Nico: You are not welcome here Moo!

Naruto: I can't believe that you are out to destroy everything in this world. It's pure evil.

Me: That's right bro.

But then I sensed another presence inside him.

Me: (In my head) (Gasp) I sense that Moo's evil spirit has possessed a man and he has taken over him. If I can remove that man from Moo, he'll be free. (Out loud) Who is the man that you have control over!?

Holly: That's my father!

We gasped in shock!

Me: Moo has your father!?

Nico: Oh man!

Me: Why have you taken her father!?

Moo: (Evil Laugh) Why else? So I can feel her loathing. Betraying my own flesh and blood will only strengthen my evil soul.

Me: Your evil soul is one filled with lies and evil. It's all nothing but an endless void of darkness. One big void of lies.

Moo: (Evil Laugh) You think it's all lies, but it's all true. I feed on hatred and it builds my power.

Me: What a coincidence, so do we. And it only makes our light far more powerful than ever. Now let Holly's father go!

I fired a powerful blast of light energy and it hit him and pulled him out of Moo and he was back to his normal self!

Holly: Father!

Holly's father: Holly! Thank goodness.

Me: Now you are next Moo.

Professor Calamitous, Ebon and Larxene then appeared.

Me: Calamitous, Ebon and Larxene.

Professor Calamitous: Yes it is us.

Larxene: Now you will face our wrath 100-fold.

Calamitous: Lincoln, we just want to congratulate you for winning the race with Lightning.

Lincoln: Thanks, Calamitous.

Eddy: The King finished the race with them as well.

Me: Yep. And he retired that day.

?: It was a good race though.

We saw a figure came out and it was GENERALISSIMO from episodes 20 and 21 of Operation Overdrive!

---

A monster who assisted Kamdor and Miratrix in a museum robbery to retrieve what they thought was another jewel of the Corona Aurora. The jewel just turned out to be an "ordinary" rare ruby. The Rangers came in and Kamdor, Miratrix and the monster does battle with the Rangers, he battles all of the Rangers at once at first and later does battle with Ronny and Rose, but was quickly out match when Mack and Tyzonn came into battle, this monster was destroyed by Tyzonn using the Drive Detector.

---

Mack Hartford: Generalissimo!

Generalissimo: Its been a while rangers.

Me: I remember you! You assisted Kamdor and Miratrix in a museum robbery to find the Jewel of the Corona Aurora. But that jewel was just a really rare ruby.

Generalissimo: That's right. You watched us on TV haven't you?

Me: Never missed an episode.

Ed: So, what kind of monster are you?

Generalissimo: A monster that resembles new chalk and a sextant.

Eddy and Ed then laugh at that last word.

Generalissimo: What's so funny?

Me: They think a Nautical Navigation device called a Sextant is funny.

Generalissimo: I see.

?: He's not the only one.

We saw another figure come out and it was FRO! The third enemy that Sailor Moon destroyed.

---

Furau フラウ is a youma working under Jadeite, who was dispatched after he found a new source of human energy which is "expended on an emotion called love". The two antagonists begin a midnight airing of a write-in talk show on a Tokyo radio station (FM no. 10) called "Midnight Zero", where listeners were encouraged to send in their love letters. Under the human disguise of a radio station manager, Furau would steal the energy from humans by mailing flower brooches charged with dark energy to fortunate listeners who had their letters read by the Midnight Zero's host, J-Dite (Jadeite).

As the popularity of the Midnight Zero grew with female listeners, more victims were affected by the brooches. The first victim Usagi noticed as being under the effect of the brooch was her teacher, Haruna Sakurada, who fell asleep whilst trying to teach her class. A subsequent victim was Naru Osaka followed by Usagi herself as she makes an unsuccessful attempt to wake her friend up. After being revived by Luna, Usagi is persuaded by her to investigate the radio station, only to be attacked by Furau, who has shed her disguise and shoots from her breath bursts of dark energy. As the fight spreads to the roof, Sailor Moon uses her Moon Tiara Action to attack Furau. Initially, Sailor Moon misses but the Moon Tiara Action destroys Furau when it circles back, slicing her into two.

---

Shanan: Flau. I had a feeling you will be the one that was next.

Flau: Nice to see you again Shanan.

Shanan: For the last time.

Qin: Who or what is she?

Shanan: Flau is a Necmona from the dark planet Necmo VIII. It's a dark planet located in the same system as Morga's planet Elasmita Prime. Necmona's have the power to shoot breath blasts of dark energy that explode on contact and they are very skilled warriors.

Flau: I'm really impressed that you know about my powers and race Shanan. You revealed what I was the last time we fought.

Shanan: And you are a very formidable foe.

Me: Nice.

Then my Signer mark started glowing.

Me: Uh oh. Dark Signer coming.

Roman Goodwin then appeared in a flash of red light.

Me: Roman Goodwin.

Roman Goodwin: Indeed.

Troy: Time to take this monster down!

Megaforce Rangers: Legendary Ranger Mode: Lightspeed Rescue!

The Megaforce Rangers turned into the Lightspeed Rescue Rangers.

Me: Lets dance!

I powered up to the max and I was now in my Super Angel-Ebonwu 100,000 Elemental Moonlight Phoenix form at full power!

We powered up to our full power.

Moo: You pions can never stand up to the likes of me! I am invincible!

Me: (Divine Voice) **So are we.**

We powered up and went at them.

---

Battle 1: Ebon

---

Lily was facing Ebon.

Lily: Lets do this Ebon.

Ebon: With pleasure.

Lily fired massive blasts of water and drenched him all over the place and then she kicked him in the face and sent him crashing into the ice wall. Knocking him down.

Lily: Moo is a much more of a threat right now Ebon. Lets work together to take him down.

Ebon: Agreed.

---

Battle 2: Calamitous

---

Lisa Loud was facing Professor Calamitous.

Lisa Loud: Lets dance Calamitous. Moo is a much more dangerous threat right now.

Professor Calamitous: Agreed. Lets dance.

Lisa went at him and kicked him in the face and knocked him down.

Lisa Loud: Now comes the big fight.

## Battle 3: Larxene

Volcana and Lincoln were facing Larxene.

Volcana: Larxene, we have much bigger fish to fry. Moo poses an incredible threat to the entire universe.

Lincoln: So we're gonna make this quick and then you can help us fight Moo.

Larxene: Agreed.

Lincoln and Volcana fired blasts of fire and lightning and they hit Larxene and knocked her down.

She got back up.

## Battle 4: Roman Goodwin

Bertrand and Nico were facing Roman Goodwin.

Nico: Roman, Moo poses an incredible threat to every living thing in the entire universe and we have to stop him at all costs.

Roman Goodwin: I understand.

Bertrand: Lets dance.

Nico and Bertrand punched him in the face and knocked him down.

---

Battle 5: Generalissimo

---

The Megaforce Rangers were facing Generalissimo and they blasted him all over with incredible power and he fell down and exploded in a massive fiery explosion of incredible power.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Troy Burrows: Yeah! That's a mega win!

Gia Moran: But we're not out of the woods yet.

Noah Carver: Right. Lets get Moo!

---

Battle 6: Flau

---

Shanan and Sailor Moon were facing Flau.

Shanan: We're gonna end this quickly Flau.

Flau: Lets see if you can back those words up.

She jumped and fired a massive blast of dark energy breath and Shanan and Sailor Moon dodged it as it hit the ground and exploded.

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Shanan and Sailor Moon fired a massive blast of energy and it hit Flau and obliterated her in an instant.

---

Battle 7: MOO!

---

We all regrouped and we were facing Moo.

Me: **You are gonna pay for your crimes Moo.**

Moo: We'll see about that.

I teleported and punched him in the face and kicked him in the stomach and then I grabbed him.

Me: **Now you will never spread your hatred anywhere again!**

I began sucking out all of his hatred and it was over 500 million times more powerful than all the hatred we absorbed from all the other monsters! My aura flared up and the amount of energy it had was insurmountable! It just kept on increasing at an exponential rate at an incredible magnitude. But then Moo blew me away with a blast of wind and then he fell down weak.

Moo: This can't be happening!

Me: **It is Moo. Now you will face the power that you despise more than anything and that's love, goodness and courage.**

Moo: I will never go down without a fight!

Moo then did something drastic! He turned into a blob of darkness and went back into his body! He was now fully resurrected!

Moo was back!

Me: **We only have one chance to beat him guys.**

Genki: That's right. J.D. we have to use our courage, love and power of friendship to stop Moo forever.

Me: **Right.**

I used my magic to have the soul fragments of Phoenix leave

Mocchi, Suezo, Golem, Tiger and Hare.

Me: **Now to use the power of the Courage and love within us to resurrect the Phoenix!**

Genki: Right!

Genki then started glowing in a massive pink aura and it was incredibly strong and powerful! All over the planet, monsters and humans glowed in massively powerful pink auras and they poured in their courage and love to us and it flowed into the Phoenix! We did the same and our auras flowed into the Phoenix and it broke out of the ice and screeched as it was revived!

Me: **Whoa!**

Phoenix then looked at me.

Phoenix: (In a female voice) J.D. Knudson of Team Loud Phoenix Storm.

Me: **Wow. You are a beautiful phoenix.**

Phoenix: Thank you. I am glad you revived me. You and I must merge together if we are ever to defeat Moo once and for all. It's the only chance we have to destroy him for good.

Me: **I understand Phoenix. Lets do it.**

I put my hand on her head and then in a blinding flash of light we merged into one powerful being!

(IMPERATRIX MUNDI BY JO BLANKENBURG PLAYS AT 1:35)

My wings became those of the Phoenix and they were made of pure fire and they crackled with powerful flames, I had the Phoenix's powerful plumage in my hair and I had a helmet that looked like the phoenix's head. I had arm bands that were of the Phoenix's feathers and they had blades that looked like the Phoenix's wings. I also had powerful tail feathers that looked like those of the Phoenix's and they were glowing and overflowing with pure life energy and fire and love. I had leg bands that were those of the Phoenix's Talons. I also had a sword on my right hip that looked like the Divine Sword - Phoenix Blade and I was enveloped in a red fiery aura that was radiating with the power of the love of countless forces of good from all over the universe. I opened my eyes and they were glowing green sclera around my rainbow eyes. The power I had was unbelievably strong and my power has now far surpassed what it was before when I became Super Angel-Ebonwu 100,000 Elemental Moonlight Phoenix! I had now transcended beyond the ultimate power that I used to destroy Thanos. I have now become a SUPER ANGEL-EBONWU-PHOENIX 1,000,000 ELEMENTAL MOONLIGHT PHOENIX! This was my ultimate power!

Nico: Whoa! J.D.!? Is that really you!?

Me: (In a Divine Fiery Voice) **Yes Nico it is still me. Me and the Phoenix have become one. We merged together to become one. It's our only chance we have to destroy Moo for good.**

Goku: Whoa! J.D. your power is completely unreal!

Vegeta: Incredible!

Piccolo: Your energy is absolutely unreal!

Kanaloa: (Hawaiian Accent) Wow! It's amazing! I've never felt an incredible power like this! It's amazing!

Hunter: Ja! J.D. you are full of surprises.

Me: **Thank you guys. Now lets take down Moo for good. He has tormented this planet for far too long.**

Nico: Lets get him!

We regrouped.

Cody Burns: Wow! You guys are awesome in those battles!

Nico: Thanks Cody.

Marah: Now that the usual battles are done, can we get going to where Morocco is already?!

Nico: We can and we're going to make sure Morocco pays for messing with us.

Me: With you all the way buddy.

Nico: Awesome. Get ready Morocco. (Eyes Glow Red) You are going to rue the day you messed with us and we're going to make sure you are stopped for good!

We were off to his lair.

We arrived at Dr. Morocco's lair on the back of the island and it was a creepy castle.

Nico: This must be it. What a creepy castle and I thought Dr. Frankenstein had it rough.

Eli: No kidding.

We went up to the castle and in front of the entrance was QUINT QUARRY!

Quint Quarry: Well if it isn't the famous Team Loud Phoenix Storm.

Me: You're Quint Quarry. Aren't you the famous big game hunter that uses awesome technology to capture your prey to give to zoos?

Quint Quarry: That's right and it's an honor to meet you all.

Me: Same here.

Quint Quarry: Sorry, Team Loud Phoenix Storm. But Morocco's paying me handsomely to stop you from getting to him.

?: Not gonna happen!

Then Marty as Eon Kid appeared and punched him down.

Rice: Marty! Ally, Buttons!

Eon Kid: Awesome to see you Rice.

Ally: We'll handle this guy. You all face Morocco.

Nico: Thanks guys. We owe you all big time.

Rice: Let me help you guys!

Eon Kid: Okay Rice.

Me: Go get him but don't kill him. He's not worth killing.

Rice: Right.

We went into the castle.

Hsi Wu then appeared as we went in.

Maria: Thanks for coming, Hsi Wu.

Hsi Wu: No problem Maria. No one messes with Georgina.

Me: Good.

In a big laboratory we saw DR. MOROCCO!

Hsi Wu: There he is. I'll face him and then you do the entrance.

Nico: Right.

He went over to him.

Aligned Heat Wave: Guys, in case we don't survive this, I want you all to know that it's been an honor fighting alongside you. You're not just a team to me. (smiles) You're a family.

Motor Ed: (cries tears of joy) Dude, that was so sweet! Seriously!

Ed: Aw, is someone crying?

Motor Ed: These are manly tears, dude!

Nico: Shh. Lets get ready.

Eli: Right.

Morocco: Ah Hsi Wu the Demon Sorcerer of The Sky. How nice of you to pay me a visit. To what do I owe this honor?

Hsi Wu: Alright, Morocco. What exactly do you want with Georgina?

Morocco: Simple, my demonic friend. I wish to seperate her Gene Slammed form from her.

Hsi Wu: You mean Stonebiter, right?

Morocco: Exactly! After I get that out, I'll clone it. That way, I'll have an army of mutants stronger then even the Rescue Bots!

Hsi Wu: You don't have any idea what you are up against Morocco. Stonebiter doesn't obey anyone but Georgina and he is part of her and her only. You will never match up to her. Right guys!?

then the spirits of the Remnant Defenders appeared and swirled around Dr. Morocco and converged around him and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out above Morocco and fireballs rained down and destroyed all his equipment and a phoenix cry was heard and then we came out.

Nico: Dr. Thaddeus Morocco, so we meet at last.

Morocco: The famous Team Loud Phoenix Storm and the famous Nicholas Chan how nice of you all to join us. And I see you have Ms. Georgina Montgomery with you all. How wonderful.

2003 Leo: The Foot Scientists were unable to control Stonebiter the first time. What makes you think you can control an army of them?!

Morocco: Because I'm not foolish enough to make any errors. Unlike that foolish Utrom Shredder. (to Georgina) I never thought you'd want to keep your mutant half. You never even asked to be Gene Slammed in the first place!

Eddy: Hey, she doesn't want a normal life if it means you using Stonebiter for your own purposes, you quack!

Nico: You even touch one single hair on her and we will kill you where you stand!

Peyton: Yeah! No one touches her!

Morbots, human size and Transformer size, appeared.

Morocco: Like my MorBots? I even made ones that are human sized.

Me: Nice toys.

I fired an energy blast and destroyed the MorBots with ease.

Me: They were not worth the hair on Rolf's back.

Morocco: That's not all that brought. Batlings!

An army of Batlings appeared.

Carter Grayson: Batlings!

Erica: Now you're talking.

Nico: Now it's time to take you down.

Nico fired a wave of lightning and smashed many Batlings down.

Then the Batlings all jumped onto the Rescue Bots.

The Rescue Bots lay defeated at the hands of the MorBots and Batlings.

Dr. Morocco: (laughs evilly) Well, I may not need that army of Stonebiters after all. Not after I've destroyed you Rescue Bots permanently!

POW!

I smashed a Batling down.

Aligned Bulkhead: (kills Batling with Wrecking Ball) Guys, the Rescue Bots need our help!

Goergina and Cody then got an idea.

Georgina: (to everyone watching) Everyone out there! Lend the Rescue Bots your strength! They get stronger with your support!

Cody Burns: When we go "Rescue Bots", shout "Roll to the

Rescue"! Okay?

Georgina and Cody: Rescue Bots…

All: ROLL TO THE RESCUE!

Georgina and Cody: Rescue Bots…

All: ROLL TO THE RESCUE!

Georgina and Cody: Rescue Bots…

All: ROLL TO THE RESCUE!

At these words, Aligned Heat Wave found the strength to get back up.

Aligned Heat Wave: They're right. What are we doing giving up? We can't do that! Not now! Not ever!

With that, Heat Wave punched a nearby MorBot, making it fall on top of a Batling.

CRASH!

Nico: Awesome!

Aligned Heat Wave: Thanks to everyone for your help.

Aligned Chase: We certainly have come a long way from when we first arrive here.

Boulder: Yep. We went from being Robots in Disguise to heroes.

Aligned Blades: (cries tears of joy) I promised myself I wouldn't cry!

Aligned Blurr: I never thought the Entire Earth would be aware of our existence and not hate us for it.

Salvage: You guys helped us. Now, we're gonna return the favor!

Me: Lets power up and get him!

Nico: You got it!

Georgina: Let me transform with you guys!

Suddenly something snapped inside Georgina's mind and her eyes glowed neon red.

Georgina: I am not going to let this monster destroy so many lives just to get Stonebiter and I won't let this monster get away with his crimes.

She then started screaming like a madwoman and then…

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive explosion of rock and energy exploded out and the ground was shaking extremely violently as she was releasing her ultimate power!

Vegeta: (GASP) IT 'S UNREAL!

Nico: WHAT POWER!

Goku: INCREDIBLE!

It's an attack of the deceased

They've been facing poison gas

7, 000 charge en masse

Turn the tide of the attack

And force the enemy to turn back

And that's when the dead men are marching again

Osowiec then and again

Attack of the dead, hundred men

Facing the lead once again

Hundred men

Charge again

Die again

Osowiec then and again

Attack of the dead, hundred men

Facing the lead once again

Hundred men

Charge again

Die again

Two combatants spar

Hindenburg against the Tsar

Move in 12 battalions large

Into a Russian counter-charge

They'll be fighting for their lives

As their enemy revives

Russians won't surrender, no

Striking fear into their foe

And that's when the dead men are marching again

Osowiec then and again

Attack of the dead, hundred men

Facing the lead once again

Hundred men

Charge again

Die again

Osowiec then and again

Attack of the dead, hundred men

Facing the lead once again

Hundred men

Charge again

Die again

And that's when the dead men are marching again

Osowiec then and again

Attack of the dead, hundred men

Facing the lead once again

Hundred men

Charge again

Die again

Osowiec then and again

Attack of the dead, hundred men

Facing the lead once again

Hundred men

Charge again

Die again

That's when the dead men are marching again and again

That's when the dead march again

He fired waves of Chemicals and they formed into the Soldiers from the Battle of Osowiec Fortress in 1915 during World War I and they blasted and destroyed and dissolved many Batlings all over the place.

Hunter: (German Accent) Wunderbar Nico. Lets see how they like this! MOONLIGHT WOLF STYLE NINJA ART: WALPURGISNACHT!

Hunter floated into the air and the Full moon shined down on him as he was singing Walpurgisnacht by Faun.

In den Abendhimmel steigen

Heute Nacht die Zauberweisen

Wildes Volk und Liliths Art

Lauernd Winde heimlich fahrt

Lasst uns zu den Feuern streifen

Raunend nach den Sternen greifen

Gutes und auch böses Wort

Tragen wir heut' fort und fort

In den Weiden werden unsere Träume klingen

Und die Winde werden unsre Lieder singen

Lasst uns mit den Funken übers Feuer springen

In der Walpurgisnacht!

Hört die Geigen, hört die Geigen

(Hey yo)

Die Feuer sind entfacht!

(Hey yo)

Folgt dem Reigen, folgt dem Reigen

In der Walpurgisnacht

Ungestüm im Spiel der Geigen

Dreht sich unser nächtlich' Reigen

Und wir treten wild und frei

Diesem alten Zauber bei

Einmal nur im großen Kreise

Tanzen wir auf jene Weise

Bis das erste Morgenlicht

Unser Traumgewebe bricht

In den Weiden werden unsere Träume klingen

Und die Winde werden unsre Lieder singen

Lasst uns mit den Funken übers Feuer springen

In der Walpurgisnacht!

Hört die Geigen, hört die Geigen

(Hey yo)

Die Feuer sind entfacht!

(Hey yo)

Look how the light of the town

The lights of the town are shining now

Tonight I'll be dancing around

I'm off on the road to Galway now

Look how she's off on the town

She's off on a search for sailors though

There's fine fellas here to be found

She's never been one to stay at home

… Home you'll go and it's there you'll stay

And you've work to do in the morning

Give up your dream of going away

Forget your sailors in Galway

… Téir abhaile riú, téir abhaile riú

Téir abhaile riú Mhearai

Téir abhail gus fan sa bhaile

Mar tá do mhargadh déanta

… Come now and follow me down

Down to the lights of Galway where

There's fine sailors walking the town

And waiting to meet the ladies there

Watch now he'll soon be along

He's finer than any sailor so

Come on now pick up your spoons

He's waiting to hear you play them WHOOO!

… Here today and she's gone tomorrow

And next she's going to Galway

Jiggin' around and off to town

And won't be back until morning

… Téir abhaile riú, téir abhaile riú

Téir abhaile riú Mhearai

Téir abhail gus fan sa bhaile

Mar tá do mhargadh déanta

… Off with a spring in my step

The sailors are searching Galway for

A young lady such as myself

For reels and jigs and maybe more

Stay here and never you mind

The lights of the town are blinding you

The sailors they come and they go

But listen to what's reminding you

Handsome men surrounding you

Dancing a reel around you

… Home you'll go and it's there you'll stay

And you've work to do in the morning

Give up your dream of going away

Forget your sailors in Galway

… Téir abhaile riú, téir abhaile riú

Téir abhaile riú Mhearai

Téir abhail gus fan sa bhaile

Mar tá do mhargadh déanta

… Listen to the music flow

I'm falling for the flow of home

I'm home to dance till dawning

… Téir abhaile riú, téir abhaile riú

Téir abhaile riú Mhearai

Téir abhail gus fan sa bhaile

Mar tá do mhargadh déanta

… Stay a while and we'll dance together now

As the light is falling

We'll reel away till the break of day

And dance together till morning

… Téir abhaile riú, téir abhaile riú

Téir abhaile riú Mhearai

Téir abhail gus fan sa bhaile

Mar tá do mhargadh déanta

Téir abhaile riú, téir abhaile riú

Téir abhaile riú Mhearai

Téir abhail gus fan sa bhaile

Mar tá do mhargadh déanta

Do Mhargadh de - do mhargadh déanta

Wolverine: That scent, there's no mistaking it. You can come out now, Abdul Alhazred.

A massive, 6'10" tall, and very muscular figure came out, and it's none other than the Marvel Comics version of Abdul Alhazred, The Mad Arab.

Nico: Whoa, so that's the Marvel Comics version of Abdul Alhazred, he sure does look dangerous, and I also sensed a dark energy coming from him.

Lincoln: Mastery of the dark forces of The Necronomicon and other dark forces definitely leaves an aura of darkness around them, and the centuries of mastering The Necronomicon have given him powers that no ordinary mortal can comprehend, and he needs to be stopped.

Georgina Montgomery: And that's what I intend to do, I've had enough of this madman to last an eternity.

Suddenly, Georgina Montgomery's red eyes turned neon red, and she was surrounded by a brown energy aura with rocks and lava surrounding her, she unholstered her massive Sword of The DNA Spliceteam from her back, and as she approached Abdul Alhazred, she left brown energy, rocks, and lava with every step.

Georgina Montgomery: Abdul Alhazred, the crimes that you've committed against the world since the 8th Century A.D. can never be forgiven, you have lived for far too long, and now, I will put an end to you once and for all, and I will erase your soul from existence forever.

Suddenly, Georgina Montgomery was surrounded by a massive vortex of brown energy with rocks, lava, and grey stones surrounding the vortex, there was the image of Stonebiter running around the vortex, and in the vortex is a grey phoenix. Then, as the vortex faded, Georgina Montgomery emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Georgina Montgomery grew to 6'5" in height, she had the body of a goddess, she has brown and grey highlights in the bangs of her long flowing black hair, she has neon red eyes, and a a brown energy aura with rocks and lava surrounding her, she has the image of Stonebiter holding the Earth Kanji in its hands emblazoned on her forehead, she has on Golem earrings with green crystals for the eyes and the Earth Kanji in its hands, and her Crystal Necklace of The Buddha with green crystal links and a Golem with green crystals for the eyes and the Earth Kanji in its hands for the pendant. Georgina Montgomery has on a long sleeveless dark grey blouse with a brown phoenix on it, brown blouse with rocks on it, black pants, dark grey high heels, and a long brown sleeveless trenchcoat with lava and rocks on the coattails and on the back is Stonebiter surrounded by rocks. Suddenly, Georgina felt a sharp pain on her back, and then, massive black angel wings with brown tips on the large black feathers, sprouted out from her back.

Suddenly, Georgina Montgomery's massive Sword of The DNA Spliceteam was surrounded by a kaleidoscope of brown energy, rocks, and lava, and when it emerged, it was transformed into Stonebiter's Earth Golem Sword of Stone Justice, it's a new large sword with a 6'5" massive, wide, double-edged, man-sized grey blade with the image of Stonebiter etched on it, large brown Golem heads with red gems for eyes for the crossguard, large grey gem for the hilt, longer black handle, and four large brown Golem heads with red gems for eyes and in their open mouths for the pommel. Georgina Montgomery has on her brand-new large gold cuff

Bracelets of the Champions of The Universe with brown gems on her wrists, gold Belt of Elemental Bravery with a gold Golem head with a large brown gem inside its open mouth for the belt buckle, large brown Spellbook of The Gods and The Universe and large brown Universal Spellbook of The Elemental Forces on her left hip and Eater of Sins revolver holstered on her right hip. There's a dark grey kanji below Stonebiter that said, "Georgina Montgomery, Gene-Slammer and Partner of Stonebiter, Dear Friend and Ally of The Underground Girls and The Turtles, Loving Girlfriend of Peyton Touhey, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Destroyer of Ch'Rell, The Ultrom Shredder, and Master of Earth, Lava, and Golems" Georgina Montgomery has transformed into SUPER ANGEL INFINITY EARTH GOLEM LAVASTORM ANGEL OF UNDERGROUND GREED AND EARTH JUSTICE!

We were amazed by Georgina Montgomery's Super Angel Infinity transformation, and when Peyton Touhey saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Abdul Alhazred saw it, he tried to unleash his demons and put her under his control, but she transformed into Stonebiter, and her Stonebiter form had also transformed, as well. Stonebiter had glowing lava rocks going down its spine, volcanoes on its shoulders, glowing lava rock claws on its fingers, massive grey angel wings, rock armor covering its massive forearms, chest, and stomach. Then, Stonebiter transformed back to Georgina Montgomery, who's still in her Super Angel Infinity Earth Golem Lavastorm Angel of Underground Greed and Earth Justice form.

Nico: (Stunned) Whoa, first Georgina had transformed into her Super Angel Infinity form, and her Stonebiter form has also gained a transformation, as well. That's so awesome.

Me: You said it, Nico, that's so awesome.

Peyton Touhey: Wow, Georgina, you look beautiful. How do you feel?

Georgina Montgomery: (Divine Echoing Cosmic Voice of The Underground Earth and Earth Justice) **I feel incredible, Peyton, and now, shall the three of us deal with Abdul Alhazred?**

Peyton Touhey: (Smiles) Let's take him down.

Peyton Touhey unholstered his massive Defender of Perim sword from his back and Lincoln unholsters his massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and they joined Georgina Montgomery.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Abdul Alhazred, your centuries of mayhem and terror are about to come to an end.**

Georgina Montgomery, Peyton Touhey, and Lincoln went after Abdul Alhazred, who fired dark magic at them, but they dodged them, and they fired powerful blasts of rainbow energy, brown and blue energy, elemental energy, elemental forces, rocks, magic, Thunderbirds, Phoenixes, Golems, and Buffalo, and they exploded with incredible power as they hit Abdul Alhazred. Then, Georgina proceeds with her plan, as she and Peyton continued to fight Abdul Alhazred, and Lincoln understood that with Georgina and Peyton are continuing to fight the Mad Arab, it would allow him to do his trademark trick. Georgina transformed into her improved Stonebiter form, and with Peyton at her side, they pummeled Abdul Alhazred, and Stonebiter fired lava from the volcanoes from its shoulders, and it burned him, and he was blindsided. But, it also destroyed The Necronomicon, and Georgina changed back.

Georgina Montgomery and Peyton Touhey: **NOW, LINCOLN!**

Then, Lincoln grabbed Abdul Alhazred by the neck, and the 17-year-old, 7'0" tall, handsome, white-haired, and extremely muscular teen hoisted him up with his incredibly immense brute superhuman strength, and he began sucking out all of Abdul Alhazred's seemingly endless number of mystical, magical, and psionic abilities, along with his massive strength and durability, and his muscle mass, and Lincoln and the rest of us gained an immense power boost, as we made all of Abdul Alhazred's powers and abilities our own, and we also assimilated his abilities. When Lincoln was done, the Mad Arab was reduced to being a thin and weak toothpick, and Lincoln tossed him into the air.

Lincoln: **Georgina, Peyton, would you two like to do the honors?**

Georgina Montgomery: **You got it, Lincoln. Let's end this monster once and for all, Peyton.**

Peyton Touhey: Let's do it, Georgina.

Georgina Montgomery and Peyton Touhey: **PERIM OVERWORLD UNDERGROUND ROCK MAELSTROM KAMEHAMEHA!**

Georgina Montgomery and Peyton Touhey fired two massive Kamehameha waves made of brown and blue energy with ocean waves, rocks, lava, golems, and sea creatures surrounding them, and as they hit Abdul Alhazred, they exploded with incredible power, and the resulting explosion killed him. Then, as his spirit appeared, Lincoln marked Abdul Alhazred's forehead with a kanji, and he was confronted by the spirits of those who died at his hands since the 8th Century, and he was found guilty, and his spirit was erased forever.

We cheered wildly, as Georgina Montgomery, Peyton, and Lincoln holstered their massive swords on their backs and Georgina and Lincoln power down, and Georgina Montgomery's new body, clothes, weapons, jewelry, and angel wings are permanent, and the same went with her new and improved Stonebiter form. We ran up to Georgina, and we hugged her.

Nico: (Smiles) Georgina, you, Peyton, and Lincoln did an awesome job in putting an end to Abdul Alhazred.

Georgina Montgomery: Thanks, Nico.

Lincoln: I knew what her plan was, after reading her aura, and her plan was really amazing. Once she and Peyton blindside him and also, destroy The Necronomicon, I appeared and grabbed him by his neck, and I sucked out and absorbed all of Abdul Alhazred's seemingly endless number of mystical, magical, and psionic abilities, along with his massive strength and durability, and his muscle mass, and in the process, I and all of us gained immense power boost, as we made all of Abdul Alhazred's powers and abilities our own, and we also assimilated his abilities.

Nico: And it culminated with Peyton and Georgina destroying him with two massive Kamehameha waves, and you marking his forehead with the kanji that condemned him to The Black Gates, and after being found guilty, he was erased from existence forever. Awesome, and it looks like you've also unlocked another power, Lincoln.

Lincoln: Yeah, I now have the power to read the aura of someone, and I can also tell by the color of their aura by the emotions they display.

Me: Cool.

Vince: Now, that's really awesome. I can't wait to see what other powers you've also unlocked and acquired when you got exposed to the massive amounts of cosmic radiation, Lincoln.

Lincoln: Same here, Vince, and you, J.D., and Carol have definitely given me a lot of training in that field.

Me: Glad we could help you out, big guy.

Nico: Hey, yeah, that's right, I remembered that day after you came back from your date at Autumn Mountain, you went to J.D., Vince, and Carol, and asked them to help train you in that particular field, since they're among the many who got their powers from cosmic radiation, and you also gained omnipotent powers from the exposure to cosmic radiation, along with sucking out and absorbing The Beast's omnipotent powers and abilities, as well.

Lincoln: That's right.

Then, we saw The Burns Family hugging Georgina Montgomery, and Peyton went up to Georgina, and they kissed, and we cheered for them.

Lincoln: One day, I'm betting on Peyton proposing to Georgina.

Nico: Same here, big guy.

Sheila Castille: I'm proud of Georgina.

Sarah Gunnerson: And I'm also proud of Peyton, this is really awesome and sweet.

Nico: We all are. This was an awesome and unforgettable adventure. Great job today everyone. You all did amazingly well.

Me: Thanks Nico.

Georgina: (To the viewers) Hope you all liked this awesome and fun adventure like we have. The Rescue Bots are part of the team and Griffin Rock are now going to be put into our protection.

Nico: It sure is. And we've now seen the last of Morocco. Lets go home everyone.

We went back home and enjoyed the rest of the day and later went to sleep.

After almost a year we have now fully completed the Aligned Transformers Universe and now all of the Aligned Transformers are now part of the team and it's awesome. We completed Prime, Robots In Disguise and now Rescue Bots. Transformers Prime was really awesome and that one aired from November 29, 2010, to July 26, 2013 and it was so awesome. Robots In Disguise was a great series and that one had many awesome and amazing Transformer Villains in it and they were great! That one aired from March 14, 2015 - November 11, 2017. Transformers Rescue Bots was a great show and it was amazing how the Autobots were heroes in that one with lots and lots of rescues too. So cool. That one aired from February 18, 2012 - October 22, 2016 and it was so awesome. The first part was for my favorite childhood show The Adventures of Sonic The Hedgehog and it was so awesome and amazing. I love how Sonic foiled the plots of Dr. Robotnik and in the end he says "I HATE THAT HEDGEHOG" every time he is defeated and that always makes me laugh. That show aired from August 20, 1992 -

November 24, 1996 and it was great. The second part was for the 2001 Transformers Cartoon called Robots In Disguise and that was a really awesome version of Transformers and the toys were awesome too. That series aired from September 8, 2001 to March 30, 2002 and it was a great story too. Yesterday's chapter was for the awesome and really funny Billy and Mandy episode called The Really Odd Couple and that was a really funny one and it was a darn shame that such a disgusting thing like a stink bomb can ruin such a magnificent and awesome friendship. That episode aired on June 27th, 2003 and it was so awesome. The first part of that chapter was for the battles with The Sound 4 and an Evil Sasuke which we haven't done in a long time and I'm sorry you haven't seen those. But we're saving those for really awesome battles in the future. The second part of that chapter was for the iconic and scary 1960 Birthmovie of the Slasher Horror Movie Genre called Psycho and that movie was a scary one. But Anthony Perkins did a really great job in that movie back 62 years ago. But it's just absolutely terrible that the human brain can turn into someone's own worst enemy because of mental illness and everything like that. But I have no sympathy for a monster like Norman Bates. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be in a Land version of The Fry Cook Games and he and Nicole are going to participate in the first ever Fry Cook Games and Nico is going to represent Lynn's Table and he is going to be facing Ophelia Shroud who is gonna be representing the Pasta Bowl and she is gonna be in for a wild competition. They are also going to meet a Ruimtever Gene-Slammer and her name is Carly Qin and she is from Nico's Cooking Class and she is as great a fry cook as SpongeBob. Nico is gonna show Ophelia how a true Fry Cook makes awesome food. Next Rescue for Lincoln is gonna be in the awesome 2015 movie The Good Dinosaur and Lincoln and his group is gonna meet a 30,000-Year White Turtle Gene-Slammer who is also an immortal cave girl named Arlene Montgomery and she is an immortal cavegirl that lived for over 30,000 years. And they are also going to take down Thunderclap. Also the next chapter is gonna be for the awesome Ed Edd N Eddy episode called Rent An Ed and we're going to be in for a really funny adventure as Ed breaks everything and we help the Ed's fix it. We're going to follow the whole episode from minute one and it's gonna be awesome and funny.

See you all tomorrow

# Rent-A-Phoenix

This chapter is a parody of The Ed Edd N Eddy episode Rent An Ed.

At an amazing fast food stadium it was time for the start of the first ever Gotham Royal York Fry Cook Games.

Johnny: Welcome, sports fans, to the 1st Ever Gotham Royal York Annual Fry Cook Games.

[Horns are played as Harold the Flame Runner runs into the stadium, holding a small torch. He runs up the stairs to a huge hamburger.]

Harold: I declare these Fry Cook Games… open! [A gust of wind blows by and puts out the flame on the torch. The scene cuts to the "Please Stand By" screen. The screen cuts back to the stadium as the horns blow again and Harold runs back into the stadium, but this time, he is shielding the torch with his hand and panting. He runs back up the stairs to the huge hamburger.] I declare these Fry Cook Games… open! [lights the huge hamburger, then a second later, he starts being on fire]

Johnny: So begin the 1st Ever Fry Cook Games. I'm Johnny Logan, and it's a beautiful day here at Gotham Royal York's Fast Food Coliseum.

[A clip plays showing a woman tossing a large drinking straw into a large plastic cup like a javelin]

Johnny: They come from everywhere microwaves hum, [A clip of a man throwing an uncooked patty onto a grill like a discus] patties sizzle, [A clip of a man bouncing on top of a large cube of gelatin and landing on a mat is shown] and heat lamps keep the fast food spirit warm… and soggy. But the real story is the bitter rivalry between former competitors Lynn Loud Sr. of Lynn's Table and Ophelia Shroud of The Pasta Bowl.

[Pictures of both Lynn Loud Sr. and Ophelia Shroud appear. A clip of Lynn Sr. lifting up two barrels of pickles is shown like lifting dumbbells]

Johnny: Who could forget the year Lynn Sr. won gold for this 500 pickle clean-and-jerk?

[Lynn Sr. is shown on a podium on the number one step, while Ophelia is below him on the second]

Johnny: Not Ophelia.

[Ophelia sprays Lynn Sr. with a hose. A clip of Ophelia flipping around while hanging onto two onion rings is shown]

Johnny: Or when Ophelia won the hearts of millions by becoming the youngest ever for performing this perfect onion ring routine… with a broken leg?

[A cast is around Ophelia's left leg. Ophelia is shown in the number one spot on the podium this time, with Lynn Sr. below her]

Johnny: Lynn Sr. wasn't moved.

[A blast of energy hit Ophelia from Lisa who was in the audience.]

Johnny: And now, late word is that this year, the Lynn's Table will be represented by a new competitor, on what is perhaps the greatest day of his young life. [A picture of a shadowy figure of a body with a question mark over it appears. The figure turns around and is revealed to be Nico, wearing a sweatband and sports uniform. Nico is standing next to Lynn Sr., who is sitting on a bench staring at a stopwatch]

Nico: This is perhaps the greatest day of my young life, Mr. Lynn.

[Nico starts jogging in place]

Nico: I can't believe I'm representing the Lynn's Tables in the 1st ever Fry Cook Games on Land and Lily won this event underwater.

[A spotlight shines down on him and he puts his hand on his heart]

Nico: To bring home the gold is to bring honor and glory to our favorite restaurant Lynn's Table.

Lynn Sr.: I believe in you 100% Nico and you can do it! Also everyone is here to cheer for you.

We were all in the audience for him and the Masters of Evil were watching the event on TV and rooting for Nico.

Nico: Thanks Mr. Lynn.

Lynn Sr.: Go win the gold kiddo!

Nico: Aye, aye, Mr. Lynn!

[Nico starts doing pushups]

Nico: Thanks for coming with me, Nicole.

Nicole: No problem Nico. This is gonna be so cool seeing you compete in the Fry Cook Games.

Nico: I'm so excited for this and the Winter Olympics ended 3 days ago.

Nicole: Boy that's true. Wow.

Nico: Nicole, I promise we'll start using the Book of Vile Darkness again more often.

Nicole: I have a feeling. But this still is quite an honor that you are going to compete in the first ever Fry Cook Games here in Gotham Royal York.

Nico: Boy it sure is! (Starts Jumproping) This is gonna be so cool! If Lily can win this whole competition than so can anyone.

Nicole: I agree.

Me: Wow this is gonna be so awesome! Mr. Krabs, Plankton don't you think this is amazing that Nico is in this awesome competition?

Mr. Krabs: It sure is lad. And I'm really excited for Nico.

Plankton: I heard that Lily won the Fry Cook Games before.

Varie: She sure did and we are so proud of her. She represented the Krusty Krab.

Me: Yep. That was so awesome.

Nico was training hard.

Lynn Sr. sniffs the air.

Lynn Sr.: What's that smell in the air? I smell Ophelia Shroud!

[Camera zooms over to Ophelia Shroud, who is standing in the entranceway of the stadium.]

Ophelia Shroud: Oh yeah?! Well, I smell… [sniffs herself] Pew! He's right. I got to tone down on the perfume.

[Lynn Sr. runs over, his feet twinkling. Ophelia Shroud does the same. Ophelia Shroud makes a Broadway pose as corresponding music plays. Ophelia Shroud makes a similar pose, holding a cane and a top hat. Ophelia Shroud plays a piano, while Shroud blows into a tuba, messing up the rhythm]

Ophelia Shroud: I love messing things up.

She and Lynn Sr. went up to each other.

Ophelia Shroud: Are you ready to do or die, Mr. Loud?

Lynn Sr.: Always ready, Ophelia. Always ready.

Ophelia Shroud: Good. Because today, the Pasta is going to kick YOUR BUTT!

Lynn Sr.: That's what you think, but I got me a champion. Nico! Show her! [Nico does a karate routine, using two spatulas as nunchucks, then giggles innocently when he finishes] Look at him. In his prime. You ain't got no chance!

Ophelia Shroud: We'll see about that Loud!

Nico came up to her.

Nico: Haven't seen you for a while, Shroud. Sorry for abruptly sending you to jail. I had no problem foiling your plans each time. But Lincoln was the one who made the call. You understand, right?

Ophelia Shroud: Yeah I do. Perhaps serving chum wasn't the best idea for a restaurant.

Nico: Good. May the best man win.

Nicole: We're ready for this though. This is gonna be so awesome.

Nico: It sure is.

Me: I have a feeling this is gonna be awesome.

Nico went over to Lynn Sr.

Nico: I have a feeling this competition is gonna be tough. But at least Ophelia is gonna become a good friend hopefully.

Lynn Sr.: Friend? Not in here, she will.

Nico: What do you mean?

Me: Are you sure they won't be friends Plankton?

Plankton: Not at all J.D. If Ophelia Shroud is in every way like me then she won't quit.

Eli: She won't?

Plankton: She's plotting Nico's downfall right now!

Nico: She is?

Lynn Sr.: She's gonna stab you in the back.

Me: She wouldn't!

Plankton: Of course she would. Just look at her. A white hair devil: The hair of evil!

Lynn Sr.: She's making a mockery of your profession. Are we gonna let some pretender take away what belongs to the Lynn's Table?

Nico: NO!

Plankton: She's gonna get mean!

Ophelia Shroud: I'm mean!

Lynn Sr.: Get angry!

Nico: I'M ANGRY!

Plankton: Now she's gonna get out there!

Lynn Sr.: And win…

Plankton: That…

Lynn Sr.: Medal!

Ophelia Shroud: (FEROCIOUS ROAR!)

Nico: (EXTREMELY FEROCIOUS ROAR!)

Nico and Ophelia Shroud both roar ferociously.

Me: This is gonna be awesome.

Maria: Nico will have no problem winning. After all, Ophelia isn't even friends with him to begin with.

Me: Not in the least.

[Scene cuts to the first event]

Johnny: Our first event: The deep fry pole vault. [A deep fryer labeled "Fry King" sits in front of two high poles.]

Me: Whoa! This is gonna be sizzling.

[Nico stands in front of Lynn Sr., holding a long pole]

Lynn Sr.: Win this one for Lynn's Table kiddo!

Nico: FOR LYNN'S TABLE! [Nico flips over the poles and the deep fry and splats down on the circle drawn in the ground.

SPLAT!

[The crowd gasps. Nico forms a number one sign and the crowd cheers]

Me: ALL RIGHT NICO!

Ophelia Shroud: THIS IS FOR THE PASTA BOWL! [Ophelia flips over the poles, but lands on the handle of the deep fryer, flinging the oil right at the crowd and turning a cart full of fresh fish into a bunch of fish sticks . A vendor walks up and turns on a heat lamp]

Lou: Fish sticks! Get your fish sticks here!

Lola: I'll take it all my good man.

Lola gave him a huge amount of money and came back with the Fish Sticks.

Me: Awesome win for Nico.

May: How do you know Nico won that one?

Me: Said so on the scoreboard.

The score was at 1 to 0 Nico.

May: Oh.

[Scene cuts to the second event. Nico and Ophelia are standing in front of a tall ladder that leads to a diving board, perched above a bowl of chocolate syrup]

Johnny: The next event: The chocolate high dive.

Me: This is gonna be awesome.

Nico: Make way for the champion Ophelia.

[Nico climbs up the ladder]

Johnny: For his dive, Nico will be attempting a full Cookies and Cream fudge pop with two sticks.

[Nico holds up two popsicle sticks he uses Madame Rouge's shapeshifting powers to turn into a sponge and he sticks them into the top of his head]

Nico: (To the viewers) It wouldn't look right if I was a human with popsicle sticks in me.

Johnny: And now, absolute silence.

[The crowd stops chattering. Nico jumps off the diving board]

Nico: I scream for ice cream! [Nico flips around a couple times, then leaps toward the bowl. He lands in the chocolate syrup, getting coated in it, then hops out of it and into a sandbox full of mint chips]

Johnny: Perfect entry! And Mint chips? That's unexpected.

[Nico lands in the circle]

Johnny: He stuck it!

We cheered wildly.

[Nico turns around toward the camera and grins]

Johnny: And just look at that even coating.

[Nico walks upside-down past Ophelia using the popsicle sticks for legs]

Nico: Top that, 4-Eyes.

Nicole: That was awesome.

Nico: Anyone wanna lick me?

May: I DO!

May went over and licked him clean!

Nico: (LAUGHS) Okay May you did it!

We laughed.

Me: It's Ophelia's turn!

[Ophelia then hops up onto the diving board with the lower half of her body inside an ice cream cone]

Johnny: Ophelia will be resurrecting an old favorite. The single scoop Orange cone with a chocolate dip.

[Ophelia slowly leans off the edge until he falls off the diving board]

Johnny: Just look at that concentration.

KRASPLASH!

[Ophelia splashes into the bowl, with chocolate syrup flying everywhere]

Johnny: Ooh, a little shaky on that entry.

[A live action Orange cone with a chocolate dip is shown]

Johnny: But just look at that form!

[Ophelia hops up to Nico grinning while Nico is very angry about losing]

Ophelia: Take that, Big boy!

Nico: Laugh while you can, 4-Eyes. It's not over yet.

Ophelia: That's what you think, but it's not over yet.

[A clip of highlights from the games is shown, beginning with Nico tossing a patty. Ophelia skates on a large grill with butter on her feet. Ophelia tosses a large bottle of ketchup up in the air. Nico and Ophelia race on a track carrying trays full of food; the two fly up in the air on two large spatulas. They both do a dance wearing colorful outfits and fruit hats, Ophelia's being 12 and Nico's being 27. The clip ends. A large arena on top of a hamburger is on screen. Johnny is still reporting]

Johnny: It's not over yet! With the score tied, we go to our final event! Bun wrestling.

Me: Oh this is gonna be good!

May: Oh no.

Me: Boy they are dead even in all these events.

Maria: This is gonna be awesome.

William: I think a Gene Slammer's gonna crash the event.

Me: Lets hope not.

Johnny: Who will take home the gold? Lynn Sr. of the Lynn's Table?

Lynn Sr.: [rubbing Nico's shoulders] Don't forget, he called big boy.

[Nico picks up a metal chain, bites off and chews up the middle of it. He bares his teeth, revealing the metal chain to now be attached to them like braces]

Johnny: Or Ophelia Shroud of the Pasta Bowl

Ophelia Shroud: I will never forgive him for calling me 4-Eyes!

[Heavy metal music plays. The bell rings. Nico tears off his blue robe, showing off his extremely large, muscular body. Ophelia rips off her own green robe, underneath which she is wearing a business suit. She tears off the business suit, also revealing an extremely large, muscular body. The two dive at each other, screaming, until they collide. They wrestle and continue to wind up in twisted positions. They spin around and wind up wrestling with themselves. They realize this, and dive back at each other. Ophelia sits on top of Nico, holding his foot]

Ophelia: Forget the Pasta Bowl. This is personal.

[Ophelia takes off Nico's shoe and licks his foot slowly. Nico screams in agony.]

Me: EW! Ophelia you don't even want to know where those feet have been!

[The two wrestle again. Nico sits on Ophelia's chest and screams as he lifts up a pencil with the eraser side pointing toward Ophelia. He slowly brings it down to her name tag and erases the "Ophe" in "Ophelia", leaving "lia" and putting in an "e" turning it into "Leia"]

Ophelia: [screams, then yells out] My name's… not… LEIA!

[Ophelia tackles Nico in a puff of smoke and the two wrestle once more. But then Nico rolled with her and threw her out of the arena and smashed her head first into the crowd.]

DING DING DING!

Johnny: NICO WINS! LYNN'S TABLE WINS! LYNN'S TABLE WINS!

We all erupted into explosive cheering!

May: Nice job, honey!

Me: Way to go buddy!

Nico: That was AWESOME!

A roar was then heard and the a creature came out and it was a Ruimtever!

Nico: A Ruimtever!

Nicole: Right on cue.

Nico: Yep.

Ruimtever: (In a girl's voice) (Chinese Accent) That was amazingly well done Nico!

Nico: That voice. Carly Qin?

Ruimtever: It's been a while Nico.

Nicole: Looks like you're in full control.

Ruimtever: I sure am.

William: For a minute, I thought you would be out of control.

Nico: Looks like you thought wrong William.

Eli: Pay up bud.

William grumbled and gave him $100.00.

Eli: We had a bet going and I said that I would be hoping that she would not be feral.

Nico: Oh.

Carly Qin reverted back and she was a beautiful girl with purple hair and she had amazing angel wings and was dressed in purple clothes.

Nico: Awesome and Carly is a real angel.

Laney: That is amazing. Those wings are incredible.

Carly Qin: Thank you Laney.

Leni: Lately, Gene Slammers Nico rescues don't end up naked. That means I don't have to waste materials.

Me: That is a good thing.

Nico: Yes it sure is.

Eli: At least it is making the jobs of the Fashion Brigade easier.

Me: That's true bro. But Nico really overpowered Ophelia in the whole contest. They were both evenly matched except in wrestling. She had no idea that you are a wrestling champion.

Nico: No she sure didn't.

Nicole: What's your favorite memory of Nico?

Carly Qin: I have a lot of them but my favorite is when me and Nico made star room furniture in woodworking class. We made an entire bedroom that has a solar system mobile style bed, chairs, desk and table in the shapes of each of the 9 planets.

Nico: That took a lot of work and engineering ingenuity.

Me: But that sounds like a really cool bedroom.

Nico: Yep and the Bed was the sun.

Eli: Neat.

Nico had the Gold Medal placed around his neck and it was awesome.

Nico and Carly hugged.

Nico: I really missed you.

Carly Qin: Me too Nico.

Qin Chen: And it's awesome having you back Carly.

Carly Qin: Same here Qin.

We had an awesome time at the Fry Cook Games. And it was a great day.

Lincoln: Wow, we're in the world of the 2015 movie The Good Dinosaur, and I know what we're going to do here, not only am I going to rescue the sixteen girls there, but we're also going to take down Thunderclap, and we got word that the Gene-Slammer for The 30,000-Year White Turtle is here too.

Nico: That's right, big guy. This should be good, and thanks for taking Ophelia Shroud back to prison, Lincoln.

Lincoln: You're welcome, Nico, and this time, she's not getting out ever again. After everything that she tried to do in trying to get her hands on my dad's recipes and the secrets of Lisa's inventions so she can rule the world, she deserves to stay there until the day she dies.

Earlier in the day, we found out that Nico defeated Ophelia Shroud in the Fry Cook Games, and after he won the competition, he bound Ophelia Shroud in a rainbow energy straitjacket, so she can't try to escape. Then, as soon as Lincoln arrived, Lincoln sprouted out one of his massive, long, and powerful deep sapphire blue werewolf tails, and it had a large suction cup proboscis. He plunged it on Ophelia Shroud's head, and then, he sucked out all of the information from her brain, and he sucked out and drained all of her intelligence, and he gained an immense intelligence boost, and turned her into a brainless drool monkey. Then, Lincoln beamed her to The Uranus Prison, this time, Ophelia Shroud was then put in a separate cell in Solitary Confinement, and she was chained to the wall with rainbow energy chains and Neutronium Chains.

Me: Now, we're finally rid of Ophelia Shroud, and this time for good.

Lincoln: You said it, J.D. And thanks for joining me on this rescue, Shanan.

Shanan: You're welcome, Lincoln. This is going to be one awesome rescue.

?: HELP!

Suddenly, Lincoln heard the sound of sixteen girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the sixteen girls, but they, along with Arlo and Spot, have been cornered by Thunderclap, and he's going to kill them.

Lincoln: Guys, I found the sixteen girls, but they, along with Arlo and Spot, have been cornered by Thunderclap, and he's going to kill them.

?: Why, that overgrown vulture! Let's clip his wings.

Then, we saw the 30,000-Year White Turtle head for us.

Lincoln: That voice, Arlene Montgomery, I knew it was you. But, we'll have to catch up later, right now, we've got a miserable Nyctosaurus to take down.

We rushed on over, and Lincoln fired a powerful barrage of rainbow energy balls and elemental forces, which hits Thunderclap and his gang of ferocious Pterosaurs, but Thunderclap survived, but his gang of ferocious Pterosaurs were killed. When Thunderclap saw us, he was enraged.

Thunderclap: How dare you get in the way of my dinner?!

Lincoln: Kitchen's closed, you overgrown rat with wings!

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms and unholster their massive swords, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sima Yi, Sun Quan, and Jiang Wei got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's

sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholster their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, and Me, Nico, Eli, and Nicole also unholstered our massive swords and transformed, and we went at Thunderclap, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic steel orbs, stars, rainbow flames, rainbow crystals, orange flames, blue flames, ice, and green flames at him, and they exploded with incredible power as they hit him.

This enraged Thunderclap, but before he could attack again, we saw a spear impale Thunderclap in his stomach, and then, Lincoln cuts Thunderclap down, and he was killed, and was given The Black Gates, and he and his army of vicious Pterosaurs were erased from existence. We cheered wildly as we holster our weapons and power down.

Lincoln: That's it for that evil monster. (To Arlene Montgomery) And it's so good to see you again, Arlene Montgomery.

Arlene Montgomery: You too, Lincoln. It's been a long time.

They went up to each other, and they hugged, and Arlene Montgomery was also very surprised at how much stronger and at how much taller and much more muscular Lincoln's gotten since she last saw him.

Lincoln: It sure has been a long time that I haven't seen you, and I've grown a lot since then.

Arlene Montgomery: Yeah, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Wow, Lincoln, you know her?

Lincoln: Yeah, I do, Nico. This is Arlene Montgomery, and you guys are going to be in for a surprise: Arlene's an immortal cavegirl that lived for over 30,000 years.

This floored Nico, Eli, Nicole, Shanan, and I, along with those of us who hadn't joined the team, but not Lincoln's siblings, and we were really amazed.

Everyone: Wow!

Nico: (Amazed) Whoa, an immortal cavegirl?! That's incredible.

Me: (Amazed) That's so awesome!

J.D. 3: You said it, J.D.

Lincoln: Now, let's get you back to normal, Arlene. Boys, cover your eyes, Nicole, if anyone peeks, you know what to do. Hold still, Arlene, this is going to hurt.

Me, Nico, Eli, and the rest of the boys had covered our eyes as Lincoln snapped his fingers, and Ruby Kirlian was reverting back to normal. Arlene Montgomery is a beautiful 17-year-old with long jade green hair going to the upper part of her back, jade green eyes, fair skin, she's 6'5" in height, she had the body of a goddess, and she also now has massive blue angel wings, as she reigned in the power of 30,000-Year Turtle.

Lincoln: How do you feel, Arlene?

Arlene Montgomery: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Arlene Montgomery a new wardrobe, a short-sleeved royal blue blouse with a jade green phoenix and dark blue skirt with the 30,000-Year Turtle on it, royal blue pants, royal blue leather ankle-high combat boots, and a long royal blue sleeveless trenchcoat with water and turtles on the coattails and The 30,000-Year Turtle on the back, and on her back is a large 30,000-Year Turtle-themed sword with a 6'5" massive, wide, double-edged, man-sized royal blue blade with The 30,000-Year Turtle etched on it, large jade green turtle heads with red gems for the crossguard, large blue gem for the hilt, longer black handle, and four large jade green turtle heads with red gems for the eyes and four large red gems in its mouths for the pommel.

Arlene Montgomery: Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Arlene Montgomery's neck with jade green gems on the gold lightning bolts and blue crystals links from her new Crystal Necklace of the Buddha.

Arlene Montgomery: (Surprised) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Arlene.

Arlene Montgomery had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the sixteen girls, and when Lincoln saw them, he immediately recognized them. The sixteen girls are Eve Neuschwanstein, Roukakuji Riru, Kurumi, Seto, and Setsuna from Needless, Ahagon Umiko, Hazuki Shizuku, Iijima Yun, Sakura Nene, Shinoda Hajime, Suzukaze Aoba, Takimoto Hifumi, Tooyama Rin, and Yagami Kou from New Game, and Juri Han from Street Fighter.

Lincoln: Oh wow, it's Eve Neuschwanstein, Roukakuji Riru, Kurumi, Seto, Setsuna, Ahagon Umiko, Hazuki Shizuku, Iijima Yun, Sakura Nene, Shinoda Hajime, Suzukaze Aoba, Takimoto Hifumi, Tooyama Rin, Yagami Kou, and Juri Han.

Helena McTroy: From Needless, New Game, and Street Fighter, awesome.

Nicole: Lincoln, you need to free Juri Han from her dark side before she tries to attack us.

Lincoln already fired a blast of light, which separated Juri Han from her Dark Side, Dark Juri, and he put her in an indestructible diamond prison, and put her in the room in The Pluto Prison, where she'll never be free.

Lincoln: Already done, Nicole. Are you girls okay?

Juri Han: Yeah, we're okay, thanks to you.

Then, when Juri Han and the other fifteen girls saw who it was that saved them from Thunderclap and separated her from Dark Juri, their faces turned atomic red upon seeing the 17-year-old 7'0" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanjis "Savior of The Loud House, Powerful Student of Many Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, and The Unifier of The Three Kingdoms" on the left legs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts with a large deep sapphire blue gem in the shape of a Thunderbird on top of a silver Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around

his feet on the floor are eight golden crosses with angelic runes.

Juri Han: Wait, you're Lincoln Loud of Team Phoenix Storm.

Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made fifteen clones of himself, but before he and the fifteen clones went up to the girls, Juri Han ran up to Lincoln, and hugged his waist, and cried, as Lincoln leaned down, and he wraps his abnormally massive and powerful muscular arms around Juri Han and he hugged her, and he leaned down and kissed her, and the other fourteen girls went up to the other fourteen girls and picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Eve Neuschwanstein: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, sixteen Thunderbird Necklaces of Eternal Love appeared around the necks of Eve Neuschwanstein, Roukakuji Riru, Kurumi, Seto, Setsuna, Ahagon Umiko, Hazuki Shizuku, Iijima Yun, Sakura Nene, Shinoda Hajime, Suzukaze Aoba, Takimoto Hifumi, Tooyama Rin, Yagami Kou, and Juri Han with colored gems and crystals on the gold lightning bolts. We returned to the Estate, we told everyone what happened, and they were shocked when they found out the villain we went after was Thunderclap.

But, when Lincoln showed what we did to Thunderclap, they all cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Arlene Montgomery have a lot of catching up to do, now that she's back in town, and we now have Arlo and Spot as new members of the team.

---

After getting rid of Thunderclap this time for good, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Arlene Montgomery saw Lincoln working out like crazy, they had atomic red blushes on their faces.

Arlene Montgomery: Whoa, Lincoln's really grown to be a 17-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Arlene, and now, I can also fight and defend myself.

Arlene Montgomery: That's incredible.

Nico: It sure is, Arlene. And it's so awesome to find out that you're an immortal cavegirl who lived for 30,000 years. We met J.D.'s immortal caveman ancestor from 75,000 years ago two years ago, and it was so awesome. And I can guess that you became an immortal cavegirl when you were exposed to a meteor's powerful energy, and you became immortal, just like K'rull the Eternal and Vandal Savage.

Arlene Montgomery: That's right, Nico, and the only one I told about this was Lincoln. One day, I was with Lincoln helping him with an important project in Art Class, this time, it's on the Funerary Art that originated from Egypt. But, as we were getting started, Lynn busted in and forced Lincoln to help her in her sparring, but he told her "no", and that he and I were working on a project for school. But, this made Lynn mad, and she wanted to pummel him. But, I got in the way, put her arm in an armlock, and I tossed her into her room, and she crashed into her bed. Lincoln was really amazed at just how strong I was, and then, I told him that I was an immortal cavegirl who lived for over 30,000 years, and I became immortal due to getting exposed to a meteor's powerful energy, and after I was done, he was really stunned with awe and amazement.

Maria Rockell: Now, that's really, really awesome.

Lincoln: You said it, Maria. Just wait until Arlene Montgomery meets K'Rull The Eternal, he'll truly be amazed.

William Dunbar: Along with Vandal Savage. I don't know if Vypra had recruited him into The Masters of Evil yet.

Nico: Actually, she hadn't recruited him yet. But, you just gave me a good idea for her, William.

Lincoln: Yeah, it sure is a good idea, and for his archenemy, I hope that the next Gene Slammer for me to rescue is the Gene Slammer for The Megarock Dragon.

Me: Ooh, now that's a good one.

We got a shower afterwards, and then, Lincoln, his harem, and his kids, Rihoko Amaha, Thunder Sparkle, Phoenix Shimmer, Little Cheese, Butterfly Rose & Mirage Daffodil, Storm Rainbow, Emerald Shine, Topaz Light, Thunderbird Apple, Lightning Fritter, Starlight Aurora, Fireheart Flame, Strawberry Pancake & Strawberry Shake, Lemon Zest, Raspberry Torte, Blueberry Pie, Plum Pie, Orange Slices, Cherry Pie, Apple Pie with Unit J50G/Glitch, Sweet Tarts with Snowstalker, Phyllis with Venus the Plant, and Sour Patch, were getting ready for a family trip to Pinna Park in the world of Mario.

Lincoln: Alright, everyone, are we ready?

Thunder Sparkle: We're ready, Dad.

Lincoln, his harem, and his kids leave the World Tree Estate, and they head for the world of Mario. When they arrived in Pinna Park, it's an amazing large amusement park island located just off the coast of Isle Delfino's mainland, and forms the "tail fin" of the dolphin-shaped island.

Phoenix Shimmer: Wow, what is this place, Dad?

Lincoln: This, Phoenix Shimmer, is Pinna Park. Mario told me about this place, and I figured that this would be the perfect place for all of us to have some family fun.

Little Cheese: It's perfect, Dad. Alright, everyone, let's have some fun.

Lincoln, his harem, and his kids got started, and they had a lot of fun by going on the Ferris Wheel, the Pirate Ship, The Yoshi-Go-Round, and The Clam Cups. Then, they had lunch in the lunch area, and for lunch, Lincoln made some BLT sandwiches, Caesar Salad with zesty Italian Dressing, Macaroni and Cheese Bites, and he also made mixed fruit smoothies. Then, as soon as the sun's about to set, Lincoln made clones of himself, and he and the clones went to the girls in his harem, and they picked them up in their abnormally massive and powerful muscular arms, and as the sun turns orange, they passionately kissed and hugged with supercharged and intense passion, and the kids cheered for them. Then, they came back home to the Estate.

Nico: Hey, big guy, how was your date?

Lincoln: It was so awesome, Nico. We went to Pinna Park in the world of Mario for some family fun.

Nico: Pinna Park? Oh wow, that's awesome. You guys definitely had some fun there, including the kids.

Thunder Sparkle: We sure did have fun, Uncle Nico.

Me: Next time, you should also invite your siblings and your parents to head to Pinna Park.

Lincoln: Good idea, J.D., and next time, we'll head for Dairy Land in Gotham Royal York, I heard that they made a ton of improvements to it, and added some new rides.

Lily Loud: I heard about that from Clyde, Liam, Rusty, Zach, and Stella, this should be good. And did anyone find out who threw that spear at Thunderclap during Lincoln's rescue this morning?

Nico: No, I don't think so, Lily.

?: (Strong and Deep Voice) Actually, I can answer that for you, that was from me.

We turned around, and we saw who it was that threw that spear at Thunderclap, it was an immortal caveman version of Lincoln, he is 21 years old, but in reality, he's lived for over 35,000 years, he has long wild white hair going down to the bottom of his neck, fine hair covering his abnormally massive and powerful forearms, and chest hair covering the middle of his abnormally massive and powerful wide pecs, black stubble covering the sharp jawline of his face, tanned skin, deep sapphire blue eyes, and rows of straight teeth, he is very tall at 7'0" in height, he has abnormally massive and powerful upper and lower body muscles and eight-pack abs, an orange loincloth around his muscular waist and held up by a belt, and brown leather boots with fur trim around the ankles. When we saw him, we were awestruck.

Nico: (Amazed) Whoa, no way.

Me: (Amazed) An immortal caveman version of Lincoln, that's awesome.

Arlene Montgomery: You said it, J.D.

Lincoln: (Amazed) Incredible, and it's an honor to meet you.

Lincoln 4: You too, Lincoln.

Lori Loud: So, you were the one who threw that spear, which impaled Thunderclap in his stomach?

Lincoln 4: That's correct, Lori. Sorry about that.

Laney: That's okay, but thank you for the assistance, Lincoln 4.

Lincoln 4: You're welcome, Laney.

Lincoln: What can you tell us about yourself, Lincoln 4?

Lincoln 4: Well, I can tell you that my story's just as similar as J.D.'s immortal caveman self, Arlene Montgomery, Vandal Savage, and K'Rull the Eternal, but, I'd lived for over 35,000 years, and during that time, I've hunted and scavenged the land for food and survival, but one day, a meteor crashed into the land, and my curiosity had got to me as I went up to it. Then, I was suddenly bathed in its powerful energy, and it changed me forever, and for the last 35,000 years, I've wandered the land, and I've seen many of history's events play out throughout that time, and I've also trained in the arts of combat, and I've fought against many brave warriors, but I've also seen the pain and suffering of all those around me. So, I dedicated myself to protecting the innocent, and that's what I've done for the last 35,000 years.

We were amazed by his history.

Nico: (Amazed) Whoa.

Lincoln: You said it, Nico, that's incredible that you've seen the events of history throughout those 35,000 years that you've lived.

Lincoln 4: But, immortality does also have a price: those I've met had died, but I wouldn't give into despair and sadness, I decided to keep their memories alive in my heart.

Me: Nice one.

Lincoln 4: And there's also another reason why I'm also here: I'm here to merge with Lincoln, and I'm also going to help him throughout his journey.

Lincoln: That's the same thing that Lincoln 2, my counterpart/ancestor from 250 trillion years ago, and Lincoln 3, my counterpart who's a member of The Alliance of Light, have said.

Lincoln 2: (Through the Rainbow Thunderbird on Lincoln's forehead) And we'd be honored to have you join us.

Lincoln 3: (Through the Rainbow Thunderbird on Lincoln's forehead) And we're ready for you to join us, Lincoln 4.

Lincoln 4: Alright, then.

Lincoln 4 turned into a spirit and entered into Lincoln's body, and the 17-year-old, 7'0" tall, white-haired, handsome, and extremely muscular teen's deep sapphire blue eyes glowed brighter, along with the Rainbow Thunderbird with gold lightning bolt on his forehead, and we felt a massive power boost coming from Lincoln, and his rainbow energy aura with elemental forces had flared up to such an extreme level, as Lincoln 4 merged with Lincoln. Then, everything had settled down.

Lincoln: Whoa, now that was a rush.

Then, the Rainbow Thunderbird started glowing.

Lincoln 4: (Through the Rainbow Thunderbird on Lincoln's forehead) Yes, but it worked.

Me: Alright, and now, you three can also communicate and talk with us whenever you want.

Lincoln 2: He's right, and we can also help out Lincoln with any of the creatures that we had faced off against on our journeys, as well.

Nico: Yeah, that's a good idea, and you can also tell us about those creatures, as well.

Lincoln: And the only way to tell which one of my counterparts/ancestors are speaking, the golden lightning bolt on the Rainbow Thunderbird emblazoned on my forehead will change colors. For Lincoln 2: it'll turn neon gold, for Lincoln 3: it'll turn neon blue, and for Lincoln 4: it'll turn neon red.

Me: Just like with the symbol of The Ebonwu Squadron and rainbow phoenix emblazoned on my forehead, along with the emblazoned mythological creatures on the foreheads of Lincoln's siblings, nice.

Suddenly, Lincoln unholstered his massive Sword of Universal Bravery and Elemental Hope from his more wider and more muscular back, and we saw something happen: we saw The Elemental Gems that Lincoln acquired after his rescue in The Hidden Sand Village have appeared, and now, they are embedded around the symbols of the elemental forces of Fire, Ice, Water, Wind, Lightning, Earth, Light, Darkness, Crystals, Wood, Metal, Stars, Time, Gravity, and Magic.

Lincoln: Whoa.

Nico: Just like with the Infinity Stones that are inside J.D.'s sword, the Elemental Gems that you acquired after your rescue in The Hidden Sand Village are now embedded in your massive sword, Lincoln. Now, that's awesome.

TLPS Mr. Wolf: The villains are going to be in for one nasty surprise if Lincoln faces them.

Lincoln: That's right, those irredeemable by their actions will soon face judgement by my hand, and their souls will burn forever in eternal damnation.

Lincoln raised his improved massive Sword of Universal Bravery and Elemental Hope, and lightning struck down behind him, along with the elemental forces of Fire, Ice, Water, Wind, Lightning, Earth, Light, Darkness, Crystals, Wood, Stars, Time, Gravity, and Magic around a Phoenix, Thunderbird, Buffalo, and Angel. We were amazed by the display behind Lincoln.

Me: Holy crap.

Nico: Now, that's what I call one awesome display.

Lincoln holstered his new and improved massive Sword of Universal Bravery and Elemental Hope on his more wider, burly, and more muscular back.

---

The Mascots and the Trinity of Violence were in the living room.

Poromon: Alright, you guys, I got eight more crates of ipecac from Quagmire's house after we killed him. Now whoever goes the longest without puking gets the last slice of pizza in the fridge. [Poromon, Poliwag, Manaphy, and Horsea drink the bottles] Okay, here we go.

Lynn: I got a bad feeling about this.

Lori: Me too.

Poliwag: But I'm happy that Nico won the Fry Cook Games.

Manaphy: Me too.

Poromon: FYI, that slice of pizza was from one of the ones that Francesca made for us yester-HULLLEEEEEEEEEEEEEEHHHHHH!

Poliwag: Ooh, one down, I know someone who won't be having any… BLEEEEHHHHHHHHHHHHH!

Manaphy: I'm startin' to feel funny.

Horsea: Well, I feel fine, I guess I'm gonna… HUHLEEEEEEEEEEEEEEEEEHHHHHHHHHHHH!

Manaphy: Oh, boy! That means I win! I get to eat… HULEEEEEEEEEEEEHHHHHHHHHHHHHHH!

They were puking all over the place!

Lori: OH MAN!

Lynn: NOT GOOD!

Poliwag: LEEEEEEEEHHHHHHHH! Oh… Oh, God, why didn't anybody tell me… HULLLLLLLEEEEEEEEEEEEEHHHHHHHHH!

Poromon: Oh, my God, my insides are on fir… LEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEHHHHHH!

Poliwag: No, please… no more… no more, no… LEEEEEEEEEEEEEEEEEEEEHHHHHHHHHHHH!

Manaphy: Poromon, I'm scared! GAAAAAAAAAAAAAAAALLLLLL!

Lynn: YOU GUYS SHOULD NOT HAVE DONE THIS!

Lola: YEAH IT WAS A REALLY STUPID IDEA!

Horsea: Get the phone! Call nine-one-on… HULEEEEEEEEEEEEEEEEEEEHHHHH!

Poromon: Lola! Lynn! Lori! Please get Nico in here…

HULEEEEEEEEEEEEEEEEEEEEEEEEEEEEHHHHHH!

Horsea: Okay. I think it's all gone. I think it's…
HULEEEEEEEEEEEEEEEEEEEEEEEEEHHHH!

Poliwag: I don't wanna, I don't wanna…
HULLLLEEEEEEEEEEEEEEEEEEEHHH!

Lori: FOR PETES SAKE STOP VOMITING ALREADY!

Lola: YEAH!

Lois Griffin: Who wants Chowder?

Lois came in with a pot of chowder.

Nico: HOLY MOTHER OF GOD! WHAT HAPPENED HERE?!

Poromon, Poliwag, Manaphy, and Horsea:
HUUULLLLLLEEEEEEEEEEEEEEEEEEEEEEEHHH!

Me: Oh god not this again!

Nico: Cleanup on aisles 4, 5, 6, 7, 8, 9, 10, 11 and 12!

We got to cleaning up the vomit.

Me: You guys were having an ipecac drinking contest for the last piece of Francesca's pizza!?

Riku: Not this again! I had to learn that the hard way with that piece of pie.

Nico: Guys I know Francesca's pizza is good but you should never have an Ipecac drinking contest for it.

Me: It is good stuff though. Francesca's pizza.

Nico: Poromon, I'm not banning you from beer. But I AM banning you from ipecac unless it's an emergency!

Me: That's right. This stuff is dangerous and it has caused a lot of problems in the past. Where did you even get this much ipecac

anyway?

Poromon: We found it in Quagmire's house.

Nico: Figures.

May: (to the Trinity of Violence) Thanks for not drinking any ipecac.

Lori: We literally don't even like the stuff.

Nico: Yeah that stuff is dangerous.

Me: It sure is.

Qin: But it's just absolutely stupid that Peter, Chris, Brian and Stewie would even do something like that before.

Nico: Yeah no kidding.

Georgina: If you guys need me, I'll be bonding with Cody.

Nico: Okay Georgina. Have fun.

Me: Yep.

Nico: Lets head for the Park. The Ed's have something they want to show us.

Me: Good idea.

Maria: Can me and May go with Georgina and Cody?

Nico: Go for it.

May: Thanks.

Nico: You're welcome.

Me: Have fun guys.

We were off.

Nico: So, Eddy. What do you, Double D, and Ed want to show us?

Eddy: You're going to see.

Drumroll began.

[A sign reading "Cirkus Eds" is hung on the swingset. Eddy pops up in front of it.]

Eddy: "Ladies and germs!" [The kids are sitting in some makeshift bleachers.] "The moment you've been waiting for, Circus Eds is proud to present, all the way from Reno, the one, the only, the Flying Eduardo Brothers!"

[Jonny claps as Nazz yawns.]

Me: This looks interesting.

Ed: "You've got them in the palm of your hand, Eddy!"

Eddy: "Follow my lead, boys." [He leaps down from his friends' heads.] "Hup hup!" [He stands on his head.] "Hip!" [Eddy returns to earth.] "Ho ho!"

Ed: "Zippety do-dah!" [He spins only to face plant on the ground.]

CRASH!

Edd: "Um… knit one, perl two?" [He does jumping jacks without jumping.]

Rolf: "Why is Double-D Ed-boy calling the Chestnut Elves?"

Sarah: "This stuff stinks!"

Kevin: "Snoresville!"

Ed: "Okay, um. Watch this, little sister." [Ed throws his friends in the air. He catches them on his feet and proceeds to juggle them using just his feet.] "I saw this on TV." [The kids cheer, and Edd and Eddy land on one end of the teeter-totter.]

Edd: "My, how athletic!"

Me: Boy that was very acrobatic.

Nico: Not bad.

Eli: Yeah.

Ed: "Hi dee ho!"

[Ed is perched at the top of a very tall slide.]

Eddy: "Thattaboy, Ed!"

Kevin: "The dork is toast!"

Ed: "Toast?"

Eddy: "Hup hup."

Edd: "No no!"

Ed: "Hup hup!" [He leaps off the slide and plunges towards the ground.]

Jonny: "Nice form, huh Plank?"

Jimmy: "Jeepers."

Nazz: "He's dropping like a rock!"

CRASH!

[Ed hits the teeter-totter and plows straight through it, carving a hole in the playground. He pops his head out.]

Ed: "Ob-la-di, ob-la-da."

Edd: "Twinge, hurt, bruise, sting!"

Me: That must've hurt.

Kevin: Eddy, you know this gonna end badly like last time, right?

Eddy: We know.

Me: I thought they did a great effort though.

Nico: Ed was really acrobatic.

Eli: He sure was.

Rolf: Try something else Ed boys.

The kids left.

Eddy: "Hey, wait! We still gotta shoot Ed out of a cannon!"

Ed: [scanning the skies] "Guys?"

Edd: "Fortunate for us they didn't ask for a refund, Eddy."

Eddy: "Like they'd get it." [The other half of the seesaw collapses under him.]

Me: That's got to hurt.

Edd: "We'll need it in order to pay a repairman to fix this teeter-totter."

Lana: No worries Double D. I got this.

Lana went and fixed the Teeter-Totter good as new.

Eddy: "Double D! You're a genius. Everything breaks sooner or later. And we can fix it! For a token fee of course."

Ed: [still believing the stunt worked] "Guys?"

Edd: "I'm tired, Eddy. Couldn't we just-"

Eddy: "Nope." [He carries Edd away.]

Ed: "Eddy? Double D? Stop fooling around and fall down, guys!"

Nico: Come on Ed.

I pulled him out of the ground.

Meanwhile, Georgina, May, Cody and Maria were walking around the city.

May: Thanks for letting me and Maria go with you and Cody, Georgina.

Georgina: Anytime. This is gonna be fun.

Cody Burns: Where are we going?

Georgina: To the mall.

Maria: Awesome! I hope we run into more gene-slammers.

May: That would be cool.

Maria: Georgina, you know that if you wear clothes that aren't the ones that transformed with you the other day, they're gonna rip, right?

Georgina: Yes I do know that and it's crazy.

Maria: Yeah it sure is.

Cody Burns: If I got gene-slammed I would want to turn into a Phoenix.

Maria: A phoenix Gene-Slammer. That would be awesome to see.

May: A very interesting idea.

Maria: It sure is.

May: How does it feel to be the first Underground Girl to transform during a special mission?

Georgina: It feels really awesome. The power it had was awesome and amazing.

May: The power is amazing.

Cody Burns: It was awesome. Morocco got what he deserved.

Maria: You got that right.

We were walking around the neighborhood.

William: Remind me what we're doing with these tools?

Me: We're trying to find a bunch of things to repair and fix for people.

Nico: It's interesting.

Eli: Yeah.

We went to Jimmy's house.

[Jimmy looks into an oven where some sailor-shaped cookies are baking.]

Jimmy: "Yummy, my sailor cookies are perfectly baked and ready for dunking." [He tries to pull the oven door open.] "What's this?" [Jimmy heaves at the door.] "It's stuck!" [Smoke comes from inside the oven.] "My cookies! S.O.S.! Mayday! Man the lifeboats!"

Eddy: [kicking Jimmy's door open] "No joke when it's broke, don't be blue, let Ed's Quick Repair Service fix it and you won't sue!"

Edd: "You should have hired someone to fix that rhyme, Eddy. Sheesh."

Luan: I thought it was a good rhyme and really awesome.

Me: It sure was.

Ed: "I smell cookies! Yum yum yum!"

Me: We'll fix it for you Jimmy.

Eddy: Yeah we'll fix it.

Jimmy: "Anything, just name it! Fix my oven, Eddy!"

Eddy: "You'll have to wait downstairs. Insurance stuff, you know." [He pushes Jimmy out and looks at the oven.] "Yep. It's broken alright."

Me: Hmm. Lets see. Must be a locking mechanism.

Edd: "Very good, Eddy. Now that you've unraveled the riddle, how do you plan to-" [A hollow bang comes.] "Eddy, no! Ed, stop!" [Eddy and Ed are bashing the oven with various pieces of furniture.]

Jimmy: [hearing the noise] "Laborers scare me."

Edd: "HOLD IT! Can I interject? Call me crazy, but if we start by turning off the-"

Me: I got it.

I turned it off and the oven cooled down.

Me: There.

Nico: That did the trick.

Eddy: Okay. So, maybe we're not good at fixing things.

Me: But you are good at BUILDING things.

Eddy: That's true.

Nico: At least we fixed Jimmy's oven.

We pulled out Jimmy's sailor cookies.

Nico: A little burned not too bad.

Jimmy: Do you all want any?

Me: I'll try one.

He dipped a sailor cookie in chocolate and we tried them and they were delicious.

Nico: Mmm! Delicious.

Me: Good cookies.

Jimmy: They are delicious. Also Nico congratulations on winning the Fry Cook Games.

Nico: Thanks Jimmy. That was so fun.

Pinkie Pie: It sure was fun!

Eddy: These are nice cookies. But now, what are we supposed to fix?

Nico: We'll find something.

We got to searching.

---

Back at the mall Maria and the group were shopping around the mall. Also they had lots of bags full of awesome things.

Cody Burns: So many bags.

Georgina: We love to shop Cody.

May: Huh? Hey look there.

They saw 5 girls all wearing different color versions of the same outfits they have on and then they turned into VALKYRIES!

Maria: Whoa! Those girls are Valkyries!

Maria pulled out 5 Duel Monster Cards: Valkyrie Dritte, Erda, Brunhilde, Zweite and Erste.

Maria: Awesome! They turned into the 5 Valkyries of Valhalla from Duel Monsters.

May: That is cool. And they are going after those robbers that hit that jewelry store. Lets help them out.

Georgina: They must be Gene-Slammers. Lets go.

They went to get the robbers.

And smashed them down and tied them up.

Georgina: Hey there! And how's your day been today?

Valkyrie Brunhilde: Wow Georgina Montgomery, Maria Rockell and May Chan. It's an honor.

They reverted back.

Dritte: Same here. Thank you for helping us apprehend these rapscallions.

Brunhilde: Oh sorry we should introduce ourselves. We are the Valkyrie Quintuplets. I'm Brunhilde and these are my sisters Dritte…

Dritte: Charmed.

Brunhilde: Erda…

Erda: Pleasure to meet you all.

Brunhilde: Zweite…

Zweite: Hey there.

Brunhilde: And Erste.

Erste: Awesome to meet you.

Georgina: Same here. Oh this is Cody Burns. He just joined the team yesterday.

Brunhilde: Pleasure to meet you.

May: It's so awesome that you're named after the great Valkyries of Valhalla.

Maria: You're also awesome Duel Monsters.

Maria showed the cards to them.

Brunhilde: That is so cool that we have the powers of Duel Monsters.

Maria: When did you girls get Gene Slammed?

Brunhilde: We got gene-slammed last week and we became fully powered in just 3 days. We came to a really big understanding.

Maria: And I love your matching clothes. They go great with your hair.

Erste: Thanks Maria.

May: You would make awesome additions to J.D.'s harem. And you would be perfect in a team for our friend Thor.

Brunhilde: We're glad you think so. And it would be an awesome honor to be helpers of the great God of Thunder.

---

Back with us I sneezed.

Me: (SNEEZES)

Nico: Bless you.

Me: Someone must be talking about me.

Jonny: [offscreen] "Aah! Eee! Oooh! Aaah!" [He falls out of the tree by which the Eds have congregate, and his head gets wedged between two branches.] "I did it again, huh, Plank?"

Eddy: "Climbing trees again, Jonny boy?"

Jonny: "Give me a hand, guys, I'm stuck!"

Me: Geez this must happen to you a lot Jonny.

Nico: I'll get you out of there.

Nico flew up and pulled the branches apart and freed him.

Jonny: Whew! Thanks Nico.

Nico: Jonny, do you know anything we can fix?

Jonny: As a matter of fact I got a small leak in my faucet.

Nico: Lets go take a look.

We went into Jonny's house.

We went into the kitchen and looked for the leak.

Nico: Hmm. Looks like the sink is okay.

Suddenly we felt a rumble.

Ed: Here it comes! [He pulls the plumbing from the walls.] "Weird bottle, huh?"

Eddy: "What, again? Ed, you're a-"

Nico: ED! YOU ARE CRAZY!

Edd: [very worried] "Sick, I think I'm gonna be sick. We don't have the proper tools to fix this!"

Eddy: [barely keeping calm] "It's under control, relax. We've got the ultimate tool."

Nico: Let me fix that!

Lana: I'll help.

Nico and Lana got to work and fixed the entire plumbing good as new.

Nico: There. Better and awesome.

Lana: Good job Nico.

[The sound of an engine firing up is heard, and Edd and Eddy gasp. Ed has collected the spare plumbing.]

Ed: "Can I build a birdhouse with this stuff?"

Edd: "Ed? Where did you eviscerate that heat radiator from?"

Ed: "There." [He points at a pipe which is spewing steam.]

Edd: "Oh dear! Quick, do something, shut it off!"

Nico: WHEW! Man is it hot.

Ed: "Boy, it is hot in here. Are you hot, Eddy? Sweat is trickling down my neck."

Eli: Me too. Feels good.

Edd: "I'm melting. It's becoming a sauna in here."

Eddy: "A sauna! That's it! A spa! Why fix things when we can fix people? Sauna, sweat, and makeovers! Cashola in the bank-ola!"

Nico: A spa it is.

William: I've got a bad feeling about this.

Nico: Me too.

Later they got to work.

[A wooden sign is hung on the tree.]

Sarah: "Cheaz La Sweet? What's that?"

Jimmy: "That's 'Shae La Sweat,' Sarah. Sweat's good for your skin! C'mon, let's cleanse our pores!"

Sarah: [following Jimmy in] "Sweat stinks."

[Jimmy walks up to the door. Before he can open it, Eddy throws it open.]

Eddy: "Mon grate, welcome to Cheaz La Sweat!"

Jimmy: "Hey Eddy."

Eddy: "Comon vu, au grauton? Look, see, la facial! And the grand piece of resistance, la sauna!"

Jimmy: "My dream come true!"

Nico: (French Accent) Oui oui we have a great selection of spa treatments for you all.

Eddy: "Cough up la fifty cents, oui oui?"

Jimmy: "Yes yes!"

Eli: (French Accent) Grab towels over there.

Sarah: "Lovely, thank you."

Edd: "Freshly laundered towels, only twenty-five cents!" [Sarah and Jimmy each go by but leave no money.] "Um, each?"

Sarah: "This better be good."

Jimmy: "Fancy."

Ed: "Come again!" [He is tied to a support beam and acting as a towel rod.]

Eddy: "Any damage? What'd ya break, Ed?"

Ed: "I've been a good towel rack, Eddy."

Eddy: "I know you have, Lumpy. Let's just make sure you stay good." [He tightens the knots binding Ed in place.]

Nico: Lets hope Ed doesn't break anything.

Edd: "Okay then. You've ordered our Stately package. The opulent hair treatment for Jimmy, and the exfoliating facial for Sarah." [He puts an applicator in a jar of peanut butter.]

Sarah: "What's that stuff?"

Edd: "A secret blend of organic minerals to help that haggard skin."

[Eddy grabs the jar and pours the whole spread onto Sarah's face.]

Edd: "Seems efficient."

Sarah: "Hey, my skin feels tingly-tingle!"

Jimmy: "I told you, Sarah!" [A glob of peanut butter lands on his curls.] "Be gentle."

Eddy: [working the spread in] "One baguette, hold the mayo!" [He shapes Jimmy's curl into a horn.]

Jimmy: [admiring his new look] "It's so brave! I love it!"

Eddy: "Next, La Sauna! Double D?" [kicks the chair and knocks Sarah and Jimmy off]

Edd: [escorting them in] "Mind your heads, please. La Sauna cleans and purifies the skin." [He pulls back a shower curtain and shows them into another area.] "You have company."

[Inside are Kevin, Rolf, and Nazz.]

Rolf: "Close the curtain, as it is colder than my Nana's wooden leg!"

Edd: "Um, Sorry, Rolf. Room for two?" [Sarah and Jimmy enter.]

Sarah: "Jimmy?"

Edd: "Relax and enjoy." [He exits.]

Nico: Have a good relaxing time.

Rolf: "This hot steam makes Rolf's flesh shed tears of impurity. Aah."

Sarah: [lifts her hand off Rolf's sweat] "Yuck!"

Nazz: "My pores are screaming."

[Rolf turns the steam up and stands in front of it.]

Rolf: "Ooh! Aah! Fresh! Ha ha!"

[Rolf's towel falls off.]

WHOOPS!

[Edd is pacing outside the sauna.]

Jimmy: [from inside the sauna] "How embarrassing!"

Nazz: [leaping out] "Rolf, you're so gross!"

Jimmy: [comes out with Sarah] "Run away!"

Kevin: "You're on your own, dude!" [laughs]

Eddy: [confused] "Can somebody tell me what's going on?"

Rolf: [opening the sauna curtains] "I must protest the rudeness of your guests!"

Me: What happened?

Edd: "What just happened?" [He sees the naked Rolf and hides under his hat.] "Make yourself decent, Rolf!"

Nico: MY EYES BURN!

Mandy: I'm blind!

Eli: PUT SOME CLOTHES ON ROLF!

Eddy: "You're scaring the customers away, Rolf! Put your towel on!"

CRASH!

[Ed bursts through the wall, the beam still tied to him.]

Ed: "Towel rack at your service!"

Eddy: "Now look what you did!"

Edd: [peeking from under his hat] "I can't bear to look. Has Rolf-IS THAT THE SUPPORT BEAM TO THE HOUSE?!"

Ed: "What's a support beam?"

Me: Uh oh.

Eli: Not good.

[The house begins to shake.]

Edd: "This has been quite a day…"

[The house develops cracks all over its structure and collapses in upon itself.]

KRASMASH!

I formed a force field around us and protected us as the house collapsed. The whole house was completely destroyed.

Nico: WHOA! What a mess!

Kevin: I don't know what's been more crazy. The mascots throwing up because of ipecac or what just happened.

Nico: Tell me about it. But don't worry we can fix this.

Me: Just leave this to me.

I snapped my fingers and I fixed the house and made it better than ever.

Jonny 2X4: Thanks J.D.

Me: You're welcome Jonny.

We had a crazy day but it was really eventful. I was introduced to the Valkyrie Quintuplets and they were amazing Gene-Slammers and more. The Mascots learned a really hard lesson today. Georgina and friends got a lot of awesome stuff at the mall too. We enjoyed the rest of the day and went to sleep after having a really fun day after such an awesome adventure in Maine.

THE END

---

Another awesome adventure done.

This was a really great chapter. The episode Rent An Ed from Ed Edd N Eddy is one of my favorite and really funny episodes of the shows second season. It was so awesome and funny. The sister episode it had Shoo Ed made me laugh so hard that I wet my pants. The episode aired on August 18th, 2000 and it was so funny. The first part of this chapter was a land version of the awesome SpongeBob episode The Fry Cook Games and that was in every way like the Olympics. And the Olympics just ended last week and they were awesome. The Fry Cook Games are for where the best restaurants compete in an awesome Olympics style competition and it was awesome and funny. First ever time we did this on Land and I think it's awesome. The episode aired on September 28th, 2001 and it was awesome and as you all recall I did a Fry Cook Games chapter in honor of the Creator of SpongeBob, Stephen Hillenburg who died of A.L.S. in 2018 and that was a sad day for all the crew of SpongeBob. The second part was for the 2015 movie The Good Dinosaur and that was a really great movie. I never saw it but it was a great movie that took place in a time where the Chicxulub Extinction Event didn't happen and that was really cool. That was an awesome movie though. The opening scene was based on the Family Guy part where Peter, Stewie, Chris and Brian drank Ipecac and threw up left and right all because they were going for the last piece of pie in the fridge. So gross, stupid and funny. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be in the Dragonball Z movie Cooler's Revenge and that is gonna be interesting as Nico faces Frieza's brother Cooler who is gonna be out for revenge on Nico for him killing Frieza. Also Nico, me and Ash & Pikachu are going to face him and it's gonna be an awesome and EXPLOSIVE Rescue as they also meet a Dermochea Gene-Slammer. Dermochea is the natural predator of the Amperi and they look like electrified Loggerhead Sea Turtles. Her name is Natalia Denchikov and she is from Estonia and went to Nico's Geography and history classes. The next rescue for Lincoln is gonna be in Canterlot High School and Lincoln and his group are going to face Abacus Cinch and show her how wrong she is hurting Twilight the way she did and if possible recruit her into the M.O.E. Also they are going to meet a Megarock Dragon Gene-Slammer named Chloe Nottingham from England and she is going to reveal how she stopped Lola do one of the worst things ever during the Exercise

Scene. Also the next chapter, get ready to laugh your heads off as we do another humiliation session against Flip, Lewis Travolta, Billy McLean, Sammy's former evil sister Amy and another awesome guest we have coming to endure the torture. It's a surprise.

See you all tomorrow.

# Humiliation Extravaganza

HOLD ON TO YOUR SIDES!

---

Flying over the mountains was me, Nico and Ash & Pikachu. We got word of a massive and powerful energy signal coming from the mountains and it was not good whatever it was.

Nico: Ash, I want to thank you and Pikachu for coming with me.

Ash: It was no problem Nico. It's gonna be awesome going on one of your rescues.

Pikachu: Pikachu.

Me: This is gonna be interesting to see and I wonder what this energy signal is.

Nico: I don't know but I have a really bad feeling about this.

Me: I do too.

Ash: But we'll all face it.

Nico: I can't believe Poliwag, Poromon, Horsea, and Manaphy drank ipecac the other day.

Me: I know and I don't know what the hell those cuties were even thinking drinking that stuff. People get seriously hurt from it.

Nico: No kidding. Peter, Chris, Stewie and Brian drank it in a contest and it hurt them really bad too.

Me: Yeah it sure did.

Ash: But at least we put that stuff in a safe place where they will never get to it.

Me: Thank goodness.

Nico: Even still, Ash, Poromon and Poliwag are still my best friends. Like with you and Pikachu.

Ash: That's true.

Me: Yep. (Senses something) We're close. It's right up ahead at that waterfall!

We looked and we saw that the energy signal was coming from a figure and it was FRIEZA'S BROTHER COOLER!

---

Cooler is the older brother of Frieza, the first son of King Cold, and the titular main antagonist of the 1991 film Dragon Ball Z: Cooler's Revenge, with an emulation of him acting as the antagonist of the 1992 sequel Dragon Ball Z: The Return of Cooler. Like Garlic Jr., he too is an anime-only character that never existed in the manga.

He was voiced by Ryūsei Nakao in Japanese and Andrew Chandler in English.

Cooler appears in the fifth Dragon Ball Z movie: Cooler's Revenge. The movie opens with Frieza destroying Planet Vegeta. In his ship, Cooler notices a space pod coming from the planet, a space pod containing the Saiyan baby Kakarot. Cooler tells his men to let it go, as he believed that it was Frieza's fault that someone escaped. Years later, Cooler learns that his brother was killed by a Saiyan and with his armored squadron travels to Earth to exact revenge for shaming their family name.

Once there he finds Kakarot, now Son Goku, and tries to blast Gohan, Goku's son but Goku gets in the way of the blast and fires at the pursuing Cooler before he and Gohan are washed away by the river. Cooler's men congratulate him on his victory but he states that Goku is still alive since he was able to fight back after taking a blast to the back. Instead of destroying the planet to vaporize his foe, Cooler declares he won't be satisfied unless Goku is brought before him so he could finish him off to punish him. He has his men search the planet for Goku.

Krillin finds and takes Goku away while Gohan goes to get a Senzu bean to heal his father. After getting the bean, Cooler's forces catch up to him, but Piccolo comes in to save him easily killing two of the members until Cooler seriously wounds him and has Salza pursue Gohan.

Eventually, Gohan gets to Goku and gives him the bean but Salza destroys the rest and wounds Gohan and Krillin. As he goes to finish Goku, the latter has recovered and confronts a surprised Salza threatening him if he doesn't leave Earth. However, Cooler arrives and reveals that he had beaten Piccolo as Goku calls out to his friend while believing Cooler is Frieza. Goku then learns from Salza that Cooler is really Frieza's brother, as he understands why they are like in cruelty. After Cooler blasts away the wounded Piccolo, Goku powers up knocking aside Salza as he begins to fight Cooler in rage. Cooler is amused and they fight for a while as Cooler understands how Goku gave Frieza trouble and reveals that he has one more form than Frieza, and transforms into a monstrous version of himself with an extreme power.

After transforming, Cooler fights Goku effortlessly and has no problem fighting Goku in his Kaio-ken form either before beating him to the ground and slamming him into a wall. Cooler begins destroying things all over and in the process, wounds a bird. This makes Goku think about what will happen to the people he loves if Cooler wins, and he transforms into a Super Saiyan. After Goku transforms, he admonishes Cooler's unnecessary killings, telling him not to take his sadness out on others.

Cooler tells Goku he is doing what he wants and states his belief of the strong surviving and the weak dying as Goku declares they'll play by Cooler's method in fighting. Goku attacks Cooler who sees that he cannot keep up with the Saiyan, he laughs in amusement at finally understanding why his brother was killed so he summons up a ball of energy, to destroy the planet which would kill Goku. However to his shock, Goku uses a Kamehameha wave and pushes the blast back at Cooler sending him to space, straight into the sun.

As he dies, Cooler wonders why Goku wasn't destroyed with the rest of his people before he realizes that Goku was that same Saiyan baby in the space pod that he allowed to escape Planet Vegeta 20 years ago, and that by mocking his brother, he was the real fool as he allowed the space pod go allowing the same Saiyan to grow up and defeat him.

Dragon Ball Z: The Return of Cooler

An emulation of Cooler appears Dragon Ball Z movie: Return of Cooler as the main antagonist. Goku is told to go to the planet New Namek by Dende, who senses that something is wrong there. Goku is confronted by a metallic Cooler on New Namek. Meta-Cooler reveals that he plans to use the Namekians as a bio-fuel for the sentient planet-sized machine, the Big Gete Star, as the original Cooler's remains have combined with it.

After fighting him a little while, Goku discovers that Meta-Cooler will just regenerate after he is attacked. Goku, even after turning Super Saiyan, has trouble fending off Meta-Cooler. Then, as Meta-Cooler was choking Goku, Vegeta arrives and begins to help Goku fight Meta-Cooler. Vegeta goes Super Saiyan and together they are able to defeat Meta-Cooler.

Goku and Vegeta are quickly outmatched when thousands of Meta-Coolers attack, and brought to the core of the metallic planet, where the star leeches their energy. Goku wakes up, and concentrates a ball of energy. Meta-Cooler creates a giant body of metal, but Goku throws the energy at him, Meta-Cooler is hit by the blast, which causes the star to explode, finally ending what remains of Cooler.

Ash: What the!?

Nico: Is that Frieza?

Me: No that's his older brother, Cooler. Master Goku told me all about him and he is really bad news. But he does have a small sense of honor as he let Goku live when Frieza destroyed Planet Vegeta.

Nico: He'll make a great and worthy addition to the M.O.E. then.

Me: I hope he doesn't turn out to be like his brother.

Nico: Lets find out.

We flew at him and then…

POW!

Nico smashed him in his face and smashed him into a rock and Cooler got up and saw us.

Cooler: Well well so you are the Saiyan that destroyed my brother.

Nico: That's right. Nicolas Chan, Leader of Team Loud Phoenix Storm and former Second in Command of the team. Pleasure to finally meet you in person Cooler.

Cooler.: Indeed. So you killed Frieza.

Nico: That's right. For destroying the entirety of my home planet. He also killed my entire race.

Me: But you picked the wrong people to mess with.

Ash: That's right.

Nico: BTW, before we beat the crap out of each other, did you seen anyone else besides us today?

Cooler: As a matter of fact yes I did. It looked like a Dermochea but she was no threat so I let her live.

Nico: I see. So that's good she left you alone. Your brother put up one helluva fight when we faced each other on planet Namek. But you should know that he was a completely ruthless monster.

Cooler: So I see. In fact I'm impressed you were able to defeat my brother so easily. Frieza, yes. I can see how he would have trouble with you. My brother was a pest. I would have killed him myself sooner or later. He was always trying to beat me. Trying to prove that he was the best and he definitely had the edge.

Me: Like certain people that we know.

Cooler: Indeed. But then it happened: I transformed. As you know I'm in the 3rd transformed state but I found a 4th beyond it.

Me: A 4th form!?

Nico: Oh man!

Ash: This is gonna be big!

Cooler: You all should be privileged. You will be the first 3 to ever witness this form. First you will see and then you will die!

Then his power flared up intensely with incredible fury and his energy levels were skyrocketing fast! His shoulders grew and he got more muscular and his head grew spikes on it like a crown and then his eyes glowed red and his arms grew blades.

Me: UNBELIEVABLE!

Nico: WHOA! What power!

Ash: Incredible!

Me: His power is unreal! I would say he"s at 470,000,000 in this state!

Nico: That is intense!

Cooler: Yes.

Nico: Very impressive. Frieza didn't show us this form when I fought him.

Me: No he didn't.

Cooler: Time to die! He had a mouth armor plate appear over his mouth..

Nico: You wanna kill us? Well, you're gonna have to catch us first!

Me: SOLAR FLARE!

I unleashed a massively blinding flash of intensely bright white light as bright as the sun and we flew away. Then he was catching up to us and then I teleported and kicked him in the face.

Nico: Time to let loose our power.

Nico went Super Saiyan 3 and I went Super Angel Infinity Friendship God!

Nico: You picked the wrong people to fight!

Nico fired a blast of energy and it hit Cooler in his chest and exploded!

MASSIVE EXPLOSION!

Cooler emerged from the smoke and then suddenly a massive blast of powerful blue lightning appeared out of nowhere and hit him in the back and electrocuted him and boy did it hurt.

We saw the ground and there was the Dermochea.

Dermochea: (In a girls voice) (Estonian Accent) TAKE THAT YOU FIEND!

Nico: I had a feeling it was Natalia Denchikov.

Nico teleported and smashed his knee into Cooler and knocked the wind out of him.

Nico: Honestly, you're not doing too bad. I was expecting ice powers since your name is Cooler. But-

Cooler: I don't know if you've been in a fight before, but there's usually not this much talking.

Nico: You might be right. But there IS talking in battles.

Me: That's right. You should know that we are far more powerful than you think and we get stronger and stronger with each passing

Battle and it's always fun.

Ash: Yeah it is!

Nico: But you need a much better line of work instead of trying to avenge your brother. Like this! KAAAAAAAA MEEEEEEE HAAAAAAAAAA MEEEEEEEEEEE HAAAAAAAAAAAAAAAAAAAAAAA!

Nico fired a powerful rainbow Kamehameha Wave and it hit Cooler and obliterated him into nothing in an instant!

Me: Take that!

Cooler's spirit then appeared.

Nico: You did spare Goku and for that I'm grateful unlike your brother. So you will be in a much better profession. ALDRUON ENLENTHRANEL VOSOLUN LIRIS NOR!

Cooler was imprisoned into the Book of Vile Darkness.

Me: That did it.

We landed and went over to the Dermochea and she reverted back and we saw that she was a blue hair girl in blue clothes and had amazing blue eyes.

Nico: Natalia it's awesome to see you again.

Natalia Denchikov: It's awesome to see you too Nico. And J.D. it's an honor to meet you.

Ash: What's your favorite memory of Nico?

Natalia Denchikov: I have a lot of them but we went to geography history classes and our projects were on maps of Estonia and the history of Peter the Great.

Nico: Those were awesome and we made perfectly accurate maps and made a diorama of the Battle of Poltova for Peter the Great from 1709. That was a really awesome battle.

Me: That was one of my favorite battles to learn from in Russia's history.

Natalia Denchikov: That was a good battle back then but also J.D. are you the one that busted Leena Klammer?

Me: Yes that's right. How did you know about that?

Natalia Denchikov: Because before I got gene-slammed into a Dermochea, I was in pursuit of her.

She held up an INTERPOL Agent Badge.

Me: You're an Interpol Agent?

Nico: That is awesome.

Natalia Denchikov: When we got word that Leena escaped from the Saarne Institute she rose quickly to the top of INTERPOL's most wanted fugitives list. But you did us a really big favor and captured her and sent her to prison for good.

Me: The first time was back 4 years ago. She is now in the Saturn Insane Asylum's Arkham Section.

Nico: Thank goodness she will be there for good.

Nico and Natalia hugged.

Nico: I really missed you.

Natalia Denchikov: Me too Nico. Me too.

Ash: This is amazing. Now we have 2 Gene-Slammers that are Predator Aliens.

Me: We sure do.

Pikachu: Pika.

We later went back home.

After Nico's rescue, Lincoln, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, Sima Yi, Jiang Wei, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), Musashi Miyamoto (Samurai Warriors), and Davis Motomiya are heading to Canterlot High School, and not only is Lincoln going to rescue the fifteen girls there, but we got word that Abacus Cinch is back from the dead, but we're going to show her how wrong she was in hurting Twilight the way she did, and if possible, recruit her into The Masters of Evil.

And for this one, Lincoln invited all of The Masters of Evil for this one, as soon as he told them that Abacus Cinch has returned from the dead.

Lincoln: Ah, we're here in Canterlot High School, and I know what we're going to do here, not only am I rescue the fifteen girls there, but we got word that Abacus Cinch is back from the dead, but we're going to show her how wrong she was in hurting Twilight the way she did, and if possible, recruit her into The Masters of Evil.

Nico: That's right, big guy. I can't believe that Abacus Cinch has come back again.

Me: Remember when The Evil Dazzlings came back during one of Lincoln's rescues? Looks like we're going to be dealing with those monsters yet again.

Lincoln: Luckily, last year, I sent the message to Princess Celestia to be on the lookout for Equestria's most dangerous enemies, who've returned from the dead, and want revenge on us.

Stella Nox Fleuret: That was really a smart idea, Lincoln.

Lincoln: Thanks, Stella, and I want to thank you, Davis, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, and

The Masters of Evil for joining us on this rescue.

Davis: You're welcome, Lincoln. This is going to be one epic rescue.

TLPS Mr. Wolf: And we got word that the Gene Slammer for The Megarock Dragon is here, so that means, Lincoln was right about that yesterday.

Nico: He sure was, TLPS Mr. Wolf.

Suddenly, we saw an army of Batlings appear, but they were under the control of Abacus Cinch, but before they could attack, they were eventually cut down. Then, when we saw the figure, we were in for a shock, it was Ravus Nox Fleuret.

Lincoln: Ravus Nox Fleuret? But, how on…?

Ravus Nox Fleuret: I know you have questions for me, Lincoln, along with all of Team Loud Phoenix Storm, but we'll have to talk later.

?: HELP!

Suddenly, Lincoln heard the sound of sixteen girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the sixteen girls, but they've been cornered by Abacus Cinch, and she's going to kill them.

Lincoln: You're right, Ravus, we'll talk later. I've found the sixteen girls, but they've been cornered by Abacus Cinch, and she's going to kill them.

?: (British Accent) That heartless so-called headmaster, let's get her!

Suddenly, we saw the Megarock Dragon appear before us.

Lincoln: That voice, I knew it was you, Chloe Nottingham, but like with Ravus, we'll talk later. Right now, let's put a stop to Abacus Cinch.

We rushed on over, and Lincoln fired a powerful barrage of rainbow energy balls and elemental forces, which hits Abacus Cinch, and it allowed the sixteen girls to get away. When Abacus Cinch saw us, she was enraged.

Abacus Cinch: Team Loud Phoenix Storm and The Masters of Evil?! But, how, those Batlings should've killed all of you. No matter, I will kill all of you for ruining everything!

Lincoln: No, Abacus Cinch, we're going to show you how wrong you were in hurting Twilight the way you did.

Ravus Nox Fleuret: But, not before we give you a proper beating for all the trouble you caused.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms and unholster their massive swords, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sima Yi, Sun Quan, and Jiang Wei got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholster their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Davis, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, and Me, Nico, Eli, and Nicole also unholstered our massive swords and transformed, and we went at Abacus Cinch, and fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, steel orbs, stars, rainbow flames, rainbow crystals, orange flames, blue flames, ice, and green flames at her, and they exploded with incredible power as they hit her.

Then, Twilight Sparkle, who's in her Super Angel-Alicorn Infinity form, attacked Abacus Cinch, and then, she knocked her down. We cheered wildly as we holster our weapons and power down.

Abacus Cinch: No! No, impossible! How could I lose yet again to any of you?!

Lincoln: Enough, Abacus Cinch. Do you really think that exploiting and manipulating your students and hurting one of my future wives would help in making sure your legacy endures? No, what you did in creating Midnight Sparkle caused your downfall and The Shadowbolts turned against you as soon as your actions were exposed.

Twilight Sparkle also joined with Lincoln.

Twilight Sparkle: Lincoln's right, what you did to me and The Shadowbolts was cruel and manipulative of you.

The words reached Abacus Cinch, and she saw that what she did was wrong.

Abacus Cinch: As the headmistress of Crystal Prep, I should've followed the rules and regulations that were put into place when the school was built and opened long ago. But, instead, I exploited, abused, and manipulated my own students, and all for my own selfish ambitions. As such, my actions can't be forgiven, I deserved to get sent to The Warp last year, so go ahead, and send me to The Black Gates.

Lincoln: No, Abacus Cinch, you've already been punished enough when we killed you and banished you, along with the Armageddon 23 to The Warp last year when the War for Equestria had broken out, and if possible, you'll be recruited into The Masters of Evil.

Vypra: But, you'll be under strict watch under me, Abacus Cinch.

Abacus Cinch accepted the offer, and our rescue was a success.

Lincoln: And another rescue is a success. (To Chloe Nottingham) And it's so good to see you again, Chloe Nottingham.

Chloe Nottingham: (British Accent) You too, Lincoln. It's been a long time.

They went up to each other, and they hugged, and Chloe Nottingham was also very surprised at how much stronger and at how much taller and much more muscular Lincoln's gotten since she last saw him.

Lincoln: It sure has been a long time, I haven't seen you when you were eleven, and I've grown a lot since then.

Chloe Nottingham: (British Accent) Yeah, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Wow, Lincoln, you know her?

Lincoln: Yeah, I do, Nico. This is Chloe Nottingham, she came to Royal Woods from England, she's also one of my friends from History Class, and she knows all about England's amazing history.

Nico: Awesome.

Stella Nox Fleuret: Alright. And Ravus, you also owe us an explanation.

Noctis Lucis Caelum: Yeah, when we faced off against you and your compatriots, Lincoln absorbed you and your allies.

Ravus Nox Fleuret: Actually, Your Majesty, I have an explanation for that one: you see, the Ravus that was with Verstael, Caligo, Aranea, Loqi, and Glauca the day Lincoln, his family, and The Louds' Scottish Ancestors came to Eos was actually my Dark Side.

Lincoln suddenly remembered that the Ravus that was there had red eyes.

Lincoln: Hey, yeah, I remembered seeing that the Ravus that was with your former allies had red eyes, but the question is how did you get separated from your Dark Side?

Sherlock Hound: (British Accent) Allow me to answer that for you, Lincoln, it was on the day that I'd used that spell and disabled the Magitek weapons of the Imperial Army, but the spell also disabled the custom Magitek prosthetic arm on Ravus. That night, after our race on Tattooine, I went to Eos, and I met with Ravus, and after I explained everything, Ravus Nox Fleuret decided to sever his ties to Niflheim for good, and I separated his dark side from him, and had him placed back at their base, but I also put a curse on him: as soon as Sparda took over, Dark Ravus would be unable to fight back.

We were stunned.

Lincoln: Whoa, that was one crazy plan. But, you also knew that you couldn't keep it a secret for much longer, since J.D. and Nico would find out about that.

Sherlock Hound: (British Accent) Precisely.

Lori Loud: I got to admit, it was literally a crazy plan you formed, but next time, don't keep secrets from us, okay?

Sherlock Hound: (British Accent) I promise.

Stella Nox Fleuret: But, I'm glad that you're back, Ravus.

Ravus Nox Fleuret: Same here, Stella. Now, then, you should get your friend back to normal, Lincoln, and I'll keep my eyes closed, and the same goes for the rest of the boys.

Lincoln: Right. Hold still, Chloe, this is going to hurt.

Me, Nico, Eli, and the rest of the boys had covered our eyes as Lincoln snapped his fingers, and Chloe was reverting back to normal. Chloe Nottingham is a beautiful 17-year-old with long dark brown hair going to the upper part of her back, crimson red eyes, fair skin, she's 6'0" in height, she had the body of a goddess, and she also now has massive brown angel wings, as she reigned in the power of the Megarock Dragon.

Lincoln: How do you feel, Chloe?

Chloe Nottingham: (British Accent) Good. (Realizes she's in her

birthday suit) But, I'm also in my birthday suit.

Lincoln gave Chloe Nottingham a new wardrobe, a sleeveless crimson red jersey with the number 23 and a brown phoenix on it, black sports shorts with the Megarock Dragon on it, black leather ankle-high combat boots, and a long crimson red sleeveless trenchcoat with dragons and rocks on the coattails and The Megarock Dragon on the back, and on her back is a large Megarock Dragon-themed sword with a 6'5" massive, wide, double-edged, man-sized crimson red blade with The Megarock Dragon etched on it, large brown dragon heads with red gems for the crossguard, large red gem for the hilt, longer black handle, and four large brown dragon heads with red gems for the eyes and four large red gems in its mouths for the pommel.

Chloe Nottingham: (British Accent) Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Chloe Nottingham's neck with crimson red gems on the gold lightning bolts and brown crystals links from her new Crystal Necklace of the Buddha.

Chloe Nottingham: (British Accent)(Surprised) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Chloe.

Chloe Nottingham had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the sixteen girls, and when Lincoln saw them, he immediately recognized them. The sixteen girls are Hydra Bell from Blood Lad, Yamana Mira, Lieselotte Sherlock, Kurata Yui, Kazama Levi, Kannazuki Arin, Fudou Akio, Asami Lilith, Ilia, Kasuga Hijiri, Lugh, Master Liber, Selina Sherlock, and Sora from Trinity Seven.

Lincoln: Oh wow, its Hydra Bell, Yamana Mira, Lieselotte Sherlock, Kurata Yui, Kazama Levi, Kannazuki Arin, Fudou Akio, Asami Lilith, Ilia, Kasuga Hijiri, Lugh, Master Liber, Selina Sherlock, and Sora.

Helena McTroy: From Blood Lad and Trinity Seven, awesome.

Lincoln: Are you girls okay?

Hydra Bell: Yeah, we're okay, thanks to you.

Then, when Hydra Bell and the other fifteen girls saw who it was that saved them from Abacus Cinch, their faces turned atomic red upon seeing the 17-year-old 7'0" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that

read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanjis "Savior of The Loud House, Powerful Student of Many Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, and The Unifier of The Three Kingdoms" on the left legs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts with a large deep sapphire blue gem in the shape of a Thunderbird on top of a silver Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Hydra Bell: Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made fifteen clones of himself, and he and the fifteen girls went up to the girls, and picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Hydra Bell: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, sixteen Thunderbird Necklaces of Eternal Love appeared around the necks of Hydra Bell, Yamana Mira, Lieselotte Sherlock, Kurata Yui, Kazama Levi, Kannazuki Arin, Fudou Akio, Asami Lilith, Ilia, Kasuga Hijiri, Lugh, Master Liber, Selina Sherlock, and Sora with colored gems and crystals on the gold lightning bolts. We returned to the Estate, we told everyone what happened, and they were shocked when they found out the villain we went after was Abacus Cinch, who's returned from the dead, and they also found out that Ravus Nox Fleuret is now with us, and that the one that Lincoln had absorbed was his Dark Side.

But, when Lincoln showed what we did to Abacus Cinch and he and Twilight Sparkle showed her how wrong she was in hurting Twilight the way she did, they all cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Chloe Nottingham have a lot of catching up to do, now that she's back in town, and Ravus Nox Fleuret is now a member of The Redemption Squad.

---

After stopping Abacus Cinch, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Chloe Nottingham saw Lincoln working out like crazy, they had atomic red blushes on their faces.

Chloe Nottingham: (British Accent) Whoa, Lincoln's really grown to be a 17-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Chloe, and now, I can also fight and defend myself.

Chloe Montgomery: (British Accent) That's incredible.

Nico: It sure is, Chloe. So, what memories did you have with Lincoln.

Chloe Montgomery: (British Accent) There's one memory I had with Lincoln, and it's one involving me in stopping Lola from doing one of the worst things ever. One day, Lincoln and I were working on a history assignment for History Class, and we chose doing the history of The Tudors in England, and it was a perfect choice. But, then, Lola barged in and ordered Lincoln to steam and dry clean all of her dresses, but Lincoln told her "no". But, Lola got so angry, she went all-out ballistic and got out a pair of scissors and she was about to stab Lincoln in the arm, but I side-swept Lola and she dropped her scissors and fell on her butt. Then, I grabbed her by her dress and dragged her downstairs, and told Mr. and Mrs. Loud about what Lola did, and as a result, Lola was grounded for nine weeks with no TV, no sweets, no pageants, and no tea parties. When the rest of the sisters found out, they wanted to pummel her, but the parents took care of her.

We were shocked after what Chloe Nottingham told us.

Me: (Shocked) Whoa.

Nico: (Shocked) She also tried to do that to Lincoln long ago, but Chloe stopped her. But, with Lana, she made her mark and Lana got injured badly. That little animal.

TLPS Mr. Wolf: Jeez. What Dark Lola forced her to do to Lincoln just proves what kind of animal she really is.

Lincoln: Yeah, spoiled, out-of-control, temperamental, sadistic, bloodthirsty, bossy, and bratty.

Me: Whoa, that's a lot of words to describe Dark Lola.

Lori Loud: We all had those kinds of words to describe her, but we couldn't say them around her when she still had her Dark Side in her, or she'll go ballistic and do some extremely serious harm.

We got a shower afterwards, and then, Lincoln, his harem, and his kids, Rihoko Amaha, Thunder Sparkle, Phoenix Shimmer, Little Cheese, Butterfly Rose & Mirage Daffodil, Storm Rainbow, Emerald Shine, Topaz Light, Thunderbird Apple, Lightning Fritter, Starlight Aurora, Fireheart Flame, Strawberry Pancake & Strawberry Shake, Lemon Zest, Raspberry Torte, Blueberry Pie, Plum Pie, Orange Slices, Cherry Pie, Apple Pie with Unit J50G/Glitch, Sweet Tarts with Snowstalker, Phyllis with Venus the Plant, and Sour Patch, were getting ready for a family trip to Dairy Land, but they're not the only ones going, we're also joining in.

Lincoln: Alright, everyone, are we ready?

Nico: We're ready, big guy.

We then left the Estate, and we head for Dairy Land, and we saw just how much the place has really improved.

Lincoln: Wow, Dairy Land has really gotten a serious upgrade, and they also added some new rides here, awesome.

Me: Alright.

Nico: Let's have some fun, gang.

We got started, as we went on the Milk Shaker and Fly Me to the Moo, then, Lincoln went up to the new Test Your Strength game, and he hits the platform with a mallet in hand with his immense brute superhuman strength, and when it hits the bell, it rang and sounded, and Lincoln won the stuffed cow dolls for his kids, then, he won the prizes for his harem at the Ball Bottle game, as he threw the balls at the bottles and they were knocked down by his immense brute superhuman strength.

Then, Ed Cowart and Cattleya saw a little boy who was wandering through the park, and when they saw him, Cattleya knew who it was: it was her son, Rana.

Cattleya: Rana.

Rana: Mom.

They ran to each other, and they hugged, and they had tears in their eyes.

Cattleya: Rana, I missed you so much.

Rana: I missed you too, Mom.

Cattleya then introduced Rana to Ed Cowart, and they're dating, and Rana got along great with Ed Cowart. We also went to The Cattle Battle ride, and Lincoln got on, and he stayed on the remote-controlled cow for five minutes, and we cheered for him, we went to the Shake Lab, and mixed up some flavorful milkshakes, and they tasted delicious, we also went on Whipped Scream, and when we got off, we went hurling into the trash cans, and we also went on the other rides in Dairy Land. We then returned home, and we had a ton of fun.

Me: That was a ton of fun.

Lincoln: You said it, J.D., and Dairy Land's undergone a complete makeover, and we've had a ton of fun today.

Nico: We sure did, and we also went on Whipped Scream.

Lynn: Yeah, and we did hurl our guts out, gross.

Eli: Plus, I heard the staff here had given a complete overhaul in security, since in the past, they had reports of Flip coming here and setting up his business so he could make some money and rip people off.

Lincoln: What an ugly, mutated, tub of lard. And speaking of Flip, you guys know what today is?

Nico: (Smirks) Oh yeah, today's another humiliation session against Flip, Lewis Travolta, and Billy McLean.

Lincoln: (Smirks) And J.D. told us we're also including Sammy's former evil sister, Amy, and we have another awesome guest we have coming to endure the torture.

Nico: Another awesome surprise guest, ooh, this should be good.

---

Later it was time for Sheila's final Ambassador Mission.

Tom Lair: Say hi to the Inspector for me, sweetie.

Irma Lair: I will daddy.

Keiichiro: It'll be awesome helping Lupin and his gang.

Me: It's always fun.

Nico: You're gonna be having a lot of it too because this heist before the big mission on April 2nd is gonna be a doozy. It's located in Prague in the Czech Republic and it's said that an Italian Mob Boss that is hiding out there has stolen the legendary Sapphire Jeweled Whip of Cliodhna, the Goddess of Water in Irish Myth and legends say that this whip is so powerful that it has the power to manipulate and control water.

Me: Whoa! That sounds like a powerful artifact.

Sakuya: No kidding.

Me: I'm looking forward to this one.

Sheila: Same here. Lets head out.

We were off.

We arrived in Prague, the Capital City of the Czech Republic.

Lupin III: Hey everyone.

Me: Hey guys.

Sheila: Lupin, meet the daughter of my partner on the force.

Irma: Awesome to meet you. Irma Lair, daughter of Chief Tom Lair.

Jigen: Pleasure to meet you Irma.

Me: Irma is also a member of the Guardians of Candrakar. Her element is Water and she has mastery over the force of water.

Lupin III: Wow she's perfect for this heist we're going for.

Keiichiro: She sure is.

Me: Oh sorry these are the PatRangers, members of the Global Special Police Organization.

Keiichiro: Awesome to meet you. Keiichiro Asaka.

Sakuya: Sakuya Hikawa.

Tsukasa: And I'm Tsukasa Myoujin.

Jigen: Pleasure to meet you.

Goemon Ishikawa XIII: Same here.

Sheila: Before we go after our target, I'll transform into Shredlegs.

Keiichiro: My team will morph as well.

Irma: And I'll turn into my Guardian form.

Lupin III: So, I'll get to see a triple morph feature?

Me: Yep. This is gonna be awesome. First will be Sheila's transformation. Good think I have spare clothes for her just in case.

Keiichiro: Way to think ahead.

Noel: It sure will be awesome.

Sheila: Okay here goes.

Sheila concentrated and then she was transforming. She had her eyes split into 3 more sets of eyes and then she crouched down on all fours and grew 2 more legs and grew a shell and her teeth turned into fangs and she lost her hair and her clothes ripped and she turned into SHREDLEGS!

Lupin III: WHOA!

Jigen: That is cool!

Me: Yep.

PatRangers: KAITOU CHANGE!

They transformed!

Keiichiro: PAT1!

Sakuya: PAT2!

Tsukasa: PAT3!

Noel: THE PROUDLY GLITTERING POLICE OFFICER! PATREN X!

All: INTERSTELLAR DEFENDERS OF PEACE! PATRANGERS!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind them and they were ready!

Irma: (SWIRLS OF WATER) WATER!

Me: Don't forget me.

I went Super Angel.

Me: What do you think?

Lupin III: That WAS AMAZING!

Jigen: Wow! What a show.

Me: Yep. Shredlegs is what is called a Uintahzian Rockspider and they come from the planet Uintahzia in the Andromeda Galaxy.

Shredlegs: Yep.

Me: Now we can get down to the business of our target.

Lupin: Sheila, while we're heading to our target, can you tell me about your favorite parts of your Shredlegs transformation and your reversion to human?

Shredlegs: Sure. I like climbing up buildings and tying up criminals with webbing and it's so awesome. Also I like it when I grow extra legs when I transform and I like it when I stand up reverting back.

Me: Yep.

Lupin III: Awesome.

Me: Also this is our Target.

I pulled out a Wanted Poster and it was for an Italian Mafia leader named Don Cicero Rosenthal.

Me: Don Cicero Rosenthal, one of INTERPOL's most notorious and most dangerously wanted fugitives.

Lupin III: I've heard of him. He was responsible for raiding the entire worlds Black Market of priceless and mystical artifacts.

Me: That's right and INTERPOL shut down his entire operation 3 weeks ago and he was on the run ever since. Our satellites have picked up that he's hiding out here in Prague and we are going to not only capture him but also get a powerful artifact he has with him called the Sapphire Jeweled Whip of Cliodhna. It's a whip that is said to have been blessed by the Irish Goddess of Water herself and grants incredibly powerful Cosmic Hydrokinesis to the wielder.

Jigen: Wow that is amazing.

Shredlegs: It sure is.

Keiichiro: He is gonna be hard to find though.

Me: Not with my powers he won't.

We were on our way to find Don Rosenthal. Then we saw Inspector Zanigata.

Me: Oh hello Inspector.

Irma: (to Inspector Zanigata) Sorry my dad couldn't be here, Inspector.

Inspector Zanigata: No worries Irma but thank you all for helping me catch Rosenthal.

Me: Anything to help our international officer friends.

Lupin III: This is gonna be awesome Pops.

Inspector Zanigata: It sure will.

Me: He's in that building there. My powers are never wrong.

We were heading for an Abandoned Building.

Shredlegs came down and Don Rosenthal saw her!

Don Rosenthal: (Italian Accent) A giant spider?!

Keiichiro: A giant spider is the least of your worries!

The spirits of the Loud Brothers appeared and swirled around Don Rosenthal and then converged and then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted through the ceiling and a phoenix cry was heard and we came out.

Me: Don Cicero Rosenthal. So we meet at last.

Don Rosenthal: Lupin!? And J.D. Knudson!?

Me: That's right!

Keiichiro: BY ORDER OF THE GSPO WE ARE TAKING YOU DOWN BY FORCE!

Me: And kicking your big fat ugly spaghetti eating fucking ass 6 Ways To Sunday!

Don Rosenthal: Where are my men!?

I pointed up and they were all webbed up in cocoons of web.

Don Rosenthal: You'll never take me alive!

Sakuya: Yes, we will! (puts Trigger Machine Splash on VS Changer)

Me: Even if we have to break every single bone in your body!

Sakuya formed Trigger Machine Splash into SPLASH BUSTER!

Irma and Sakuya fired a massive blast of water and smashed him into the wall and then the Sapphire Jeweled Whip flew out and it landed in Irma's hand.

Irma Lair: Wow!

She formed a whip of water and lashed Don Rosenthal and knocked him down.

We tied up Rosenthal and he was delivered to the cops.

Me: That was a little too easy.

Lupin III: It sure was. And Irma got a new weapon out of it.

Irma: I sure did and this was so much fun!

Me: It sure was. And we captured one of INTERPOL's most wanted fugitives.

PatRangers: MISSION ACCOMPLISHED!

Lupin III: Yeah!

Sheila: Time for me to revert back.

Me: Okay. (Glares at Lupin) Fujiko told me you like to look at girls that are in the nude so don't you dare sneak a peak at Sheila or you will face the wrath of my daughter Nicole!

I gave him the I'm Watching You Finger Gesture.

Lupin then covered his eyes and so did all the guys and me and Sheila reverted back and she stood up and I gave her new clothes and she put them on and she was in clothes again.

Sheila: Thanks J.D.

Me: Sorry Lupin but we have an extremely fierce No-Pervert Policy. Whenever my daughter sees a pervert doing things like look at a woman perversely or any thing that defiles a woman's dignity, she beats the living shit out of them.

Keiichiro: Yeah Nicole enforces that Policy very fiercely and she HATES all perverts with a massive bloodboiling vengeance.

Lupin III: I see what you mean.

Me: Yeah just wanted to warn you all on that.

Inspector: Thanks for telling us that.

Lupin III: Sheila, I know this might sound weird. But during these last few days, I've grown to see you as the little sister I've always wanted.

Sheila: Really?

They hugged.

Sheila: Thanks Lupin.

Me: We have had this happen to many of us on several Ambassador

Missions and it's awesome that the people we meet view our members as family. That's what we are on Team Loud Phoenix Storm, One awesome and powerful family.

Lupin III: That is awesome.

Jigen: It sure is.

We later went back home.

May: Welcome back guys. How did it go?

Me: Went really awesome and well. Sheila's final ambassador mission was a success.

Nico: Awesome. We saw on the news that Don Rosenthal was captured. Awesome job.

Me: Thanks Nico. And Irma got a really awesome weapon too.

Irma: Yep. And Rosenthal is gonna be locked up behind bars for a long long time.

Me: Yep.

Nico: Good riddance.

Laney: Thank goodness.

Nico: Nanette, your Ambassador missions are next.

Nanette: And that's in the world of My Hero Academia.

Ibara Shiozaki: In my home world next.

Me: That is gonna be a really awesome challenge. From what we learned from Lincoln we have many potential new recruits coming.

Nicole: We sure do dad. So me and you will go with Nanette on these missions.

Me: Good idea Nicole. We'll need the Book of Vile Darkness for when we go after any of their dangerous enemies.

Nicole: Good thinking.

Nico: Yeah. Their enemies are all dangerous to the brink. Especially Tomura Shigaraki.

Me: Yeah he sounds dangerous but awful.

Eli: But we'll be ready for them.

---

Drill Man: Hey, Poromon. You feeling better, buddy?

Poromon: Yeah I sure am.

Drill Man: Good. We're going to the beach you want to come with?

Poromon: You bet I do!

We were all getting ready for an awesome day at the beach.

Nico: Are we all set for the beach?

Eli: You bet we are Nico!

Me: We're always ready for a fun time at the beach.

May: Same here.

The Mascots were ready.

Nico: You 4 behave now.

Poliwag: We will.

Nico: Awesome! Lets head out!

We were off to the Beach!

---

TREASURE TROVE COVE BANJO KAZOOIE PLAYS!

---

We arrived at the beach and we were ready to have some fun.

Nico: Here we are.

Kelsey Winslow: (to the mascots) Now, what did we learn the other day?

Poromon: No Ipecac unless it's an emergency.

Nico: And?

Poliwag: No stupid contests for awesome food.

Nico: And?

Manaphy: No covering the floors with throwup?

Nico: Exactly. But that last and was an extra one.

Horsea: Oh.

Nico: Lets have fun!

We got to having fun. Me and the Dazzlings were having weightlifting contests and it was awesome. Maria and May were playing in the water, Rainbow Dash was surfing with Stacy Bolton, Otto Rocket and friends, Applejack and Rarity were searching for Buried Treasure with Nicole, Fluttershy was searching for awesome animals on the beach, Pinkie Pie was building sandcastles with Lola, Lana and Lisa and everyone was having fun.

Headstrong: (to Sheila) I'm just glad that your last mission ended on a good note.

Sheila: I am too Headstrong. And I can't wait for the April 2nd Mission.

Me: (Lifts a 10,000 pound weight) Me too Sheila. We're so happy for you and Eric.

CLANG!

I put the weight down and everyone cheered.

Sheila: That is gonna be so awesome.

Sonata Dusk: (Lifts a 5,000 pound weight) A wedding ambush mission is gonna be awesome to see.

CLANG!

She put the weight down.

Larry the Lobster: It's definitely something we'll all look forward to.

Me: You said it Larry.

Sheila: At least it ended on a better note than Sydney's did.

Me: No kidding. I hope Iron Man and the heroes of that universe are holding out well. We got 26 days left till then.

Eli: Yeah no kidding there.

Pipes: It sucks that we haven't met Live Action Ratchet yet.

Nico: One day we will Pipes.

Me: Yeah. Anyway me and the Dazzlings signed up for the beaches Anchor Toss Competition. It's today. Want to watch us?

Nico: You bet J.D.!

We then went to the Anchor Toss Contest sight.

Sports Guy: Welcome to the Gotham Royal York Beach 8th annual anchor toss competition. [everyone is getting ready]

Me: This is gonna be awesome.

Sports guy: Could I get some mustard on that? Oh. First up, Don the Whale. [Don the Whale throws the anchor and it lands.]

CLANG!

[Guy comes up to measure distance]

Measurer: 200 yards. [crowd cheers]

Me: Wow that was far.

Sports guy: Let's see an instant-replay. [another anchor comes flying in on top of the measuring guy and hits him.]

CLANG!

Sports Guy: Amazing! Up next, Larry the Lobster. [Larry throws his anchor. The measuring guy runs away from the anchor but it follows him and crushes him once again]

CLANG!

Measurer: 210 yards!

Me: Nice one Larry!

Sports guy: Here goes, Sandy Cheeks. [Sandy throws it up in the air and kicks it away. Measuring guy runs around trying to avoid getting hit by the anchor but the anchor crushes him anyway]

CRUSH!

Measurer: 510 yards!

Me: WHOA!

Sports guy: Wow! Fabulous! Next up is Sonata Dusk.

Me: Go Sonata!

Sonata threw her Anchor and it flew far and the Measuring guy ran far and then…

CRUSH!

Measurer: 625 yards!

Nico: Wow! What a throw!

Sports Guy: That was awesome! Next up, Aria Blaze.

Aria threw the Anchor really far and the Measuring Guy screamed and ran and then…

KRASMASH!

OUCH!

Measurer: 720 Yards!

Me: Awesome throw Aria!

Sports Guy: Awesome! Next up Adagio Dazzle!

Adagio threw her anchor REALLY far and the measurer screamed and ran far and then…

KRASMASH! OUCH!

Measurer: 950 yards!

Sports Guy: Amazing! Next up is J.D. Knudson!

Everyone was chanting my name.

Me: Watch this.

I threw my anchor into the air and spun around and kicked it and it flew far and then the measurer screamed and ran and then…

KRASMASH! OOOH! OUCH!

Measurer: 1,575 Yards!

Everyone cheered wildly for me!

Nautilator: Nice job, guys!

Me: Thanks Nautilator. We had fun with this one.

Sonata Dusk: We sure did.

I was given a trophy and it was awesome.

Nico: I think we had a lot of fun here. Lets head to Lynn's Table and get some grub.

Eli: Good idea. I'm starving.

Then Stinky Butt, Anti-Wanda, Cavalier, Eris, Mammoth, Raven Branwen, Condiment King, 2016 Morbucks, Professor XXXL and Artie Ziff all appeared.

Condiment King: Can me, Stinky Butt, Anti-Wanda, Cavalier, Eris, Mammoth, Raven Branwen, 2016 Morbucks, Professor XXXL and Artie Ziff go with you guys? I'll even bring my condiments for lunch.

Nico: You all sure can. Lets head for Lynn's Table.

We were getting ready to head to Lynn's Table, but before we were about to leave, Lincoln's deep sapphire blue eyes glowed even more, as he sensed a dark energy, and he saw a vision of who that dark energy belonged to, it was our old enemy, X.A.N.A., and he's taken on the form of William when he was possessed and turned into his servant, and he returned from the dead for one thing: revenge on us for destroying him and sending him to The River of Fire. When we saw that, it definitely meant trouble.

Nico: Uh oh, Lincoln, trouble?

Lincoln: Afraid so, Nico, and we're not going to like it one bit: X.A.N.A.'s returned from the dead, and he's taken on the form of William when he was possessed and was turned into his servant, and wants one thing: revenge on us for destroying him and sending him to The River of Fire.

We gasped in shock, including Jeremie, Aelita, Sissi, Ulrich, Yumi, Odd, and William, but for William, he's more pissed off than shocked.

William Dunbar: That bastard, doesn't he ever quit?!

Lincoln: No, he doesn't. And I've been working on something for just this occassion.

Then, Lincoln went up to his room, and he put in a combination in a vault, and it opened the vault's door, and inside it was a bomb. He came back downstairs with his special bomb in hand.

William Dunbar: Lincoln, what is that?

Lincoln: This, William, is a special elemental bomb I've created, and it has the elemental forces of Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Gravity, and Magic, along with a powerful poison that'll affect X.A.N.A.'s powers and disable them for the next 72 hours, and that'll give you enough time to kill him.

Nico: Whoa, now that's awesome.

Lincoln: And, just like with Skeletor, we'll Hakai X.A.N.A. and send him to The Warp, consider it as a final act of mercy from Team Loud Phoenix Storm to X.A.N.A.

Me: Perfect.

Lisa Loud: And you intend to see just how effective this new bomb you created will be when X.A.N.A. shows up?

Lincoln: That's right, Lisa, and plans will also be in place to create another one like it when Venjix dares to return again.

Luna Loud: (Laughs) Looks like Lincoln's got a little bit of Lisa in him.

Lincoln gives the special elemental bomb that he made to William Dunbar.

William: I can't wait to see just how effective this bad boy is when I toss it at X.A.N.A.

Suddenly, William Dunbar's massive Defender of Lyoko and Sword of The Redemption Squad swords have unholstered themselves from their backs, and they were surrounded by a kaleidoscope of light and water, as the sounds of mermaids and angels singing were heard, and the swords were merging into one. When the kaleidoscope of light and water faded, the merged sword was transformed into Tlāloc's Water Sword of Oceanic Redemption, it's a brand-new large sword with a 6'9" massive, wide, double-edged, man-sized ocean blue blade with the image of the Aztec God of Water, Tlāloc, etched on it, along with Aztec glyphs around him, and the symbols from William's two swords on top, large jaguar heads with ocean blue gems for the eyes for the crossguard, large turquoise gem for the hilt, longer black handle, and four large jaguar heads with ocean blue gems for the eyes and inside their mouths.

Nico: (Stunned) Whoa.

Lincoln 2: I knew that this powerful blade looked familiar. William, the blade you see before you is known as Tlāloc's Water Sword of Oceanic Redemption, it's a brand-new large sword that was created when your massive Defender of Lyoko and Sword of The Redemption Squad swords merged together, and you also have water powers.

William Dunbar: Whoa, that's awesome.

Suddenly, the sword called out to William Dunbar, and he grabbed the new large blade's longer black handle. Then, we saw something happen: William's black eyes turned ocean blue, and his long black hair grew to reach the bottom of his neck. Suddenly, we saw William grow to 7'0" in height, and we saw all of his upper and lower body muscles growing abnormally massive and powerful at a very incredible rate, and it caused his black-striped long-sleeved shirt to rip, and his long jeans tore and turned into shorts, and his shoes had ripped off, and we saw that William now has powerful upper and lower body muscles and eight-pack abs. When we saw what happened to William, we were really stunned, William Dunbar has turned into a very muscular hunk, and when Maria Rockell saw it, she had an atomic red blush on her face and hearts in her eyes.

Nico: Whoa, now that's awesome!

Lincoln: Incredible.

William: Whoa, what on Earth happened?

We also heard William's voice become deeper after his transformation, and Lincoln made a mirror out of water, and when

William saw just what happened to him when he grabbed his brand-new sword, he was amazed.

William: (Stunned) Whoa, now I look really awesome. X.A.N.A.'s now in big trouble when he comes.

William snapped his fingers, and he was now dressed in an ocean blue loincloth, large long black pants with ocean waves on the legs, large black leather ankle-length combat boots, large ocean blue weighted bands with silver phoenixes on his massive biceps and thighs, and eight large ocean blue orbs orbiting around his legs, and he had his massive Tlāloc's Water Sword of Oceanic Redemption holstered on his now wider and more muscular back, and his elemental blaster holstered on his right hip.

William: Alright, now I'm ready.

Nico: Okay, let's head for Lynn's Table.

We headed for Lynn's Table for lunch and for another humiliation session, and William's also ready for when X.A.N.A. shows up to take revenge on us for ruining his plans long ago.

Sonata Dusk: I'm glad you guys liked the show.

Maria: We sure did.

Nico: It was great.

Sonata Dusk: (to Nico) Nico, which Gene Slammer do you think will appear on your next rescue?

Nico: I'm hoping to meet a Psycholeopterran Gene-Slammer next.

Me: Whoa! A Gene-Slammer for the Necrofriggians Natural Predator.

Ben: That will be awesome to see.

Me: It sure will. So it'll have to be someone that knows hypnosis that goes with you next.

Nico: Yep.

Professor XXXL: I also brought snow cones!

Nico: Perfect.

We arrived at Lynn's Table and went in.

Nico: Good morning Lynn's Table Crew!

Lynn Sr.: Hey guys! Have fun at the beach?

Me: We sure did.

I then saw Billy McLean and everyone for the Humiliations asleep.

Me: Watch this one.

I tiptoed over to Billy and I had a bell in my hand and then I slammed it over him and then.

BONG BONG BONG BONG BONG BONG BONG BONG BONG BONG BONG BONG BONG BONG BONG!

I banged the bell with a hammer and Billy was shaking in silly fashion.

Then I honked him on his nose and then gave him a cigar and lit it and then ran and then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

It exploded in his face and he was really burned all over the place.

Everyone laughed at him.

Nico: (LAUGHS) That was great!

Lynn Sr.: Your usual guys?

Nico: You know it Mr. Lynn.

Lynn Sr.: Coming right up!

I rejoined everyone.

Search Man: How are we supposed to do these humiliations with you guys asleep?!

Me: It's the element of surprise and it gives me funny ideas for them when that happens.

Search Man: Oh.

Me: Also I have a special surprise for you all.

I went over to the posts and then in came DISGRACED CREATOR OF THE LOUD HOUSE: CHRIS SAVINO!

Nico: Is he?

Me: Yep. Disgraced creator of the Loud House, Chris Savino. (To the viewers) Now you might be thinking "J.D. what caused you to do this to Chris Savino?" Well I'll tell you. After he got fired from his job he was blackballed from ever doing animation for 1 year. But during the entirety of the Loud House he has fallen from grace and became one of the most hated creators of any show around. Mostly because he directed his hatred towards Lincoln and made his sisters turn him into a burden according to the Internet Fanbase. But we're going to give the fans of the show what they want and have us humiliate him for everything he did to Lincoln in the series.

Artie Ziff: Can you give us examples on how Savino abused Lincoln?

Me: Gladly. Chris Savino made Lynn into a monster and made the infamous episode of No Such Luck and the internet fanbase absolutely hates that episode with a vengeance. It's one of the reasons why we got him fired. Also he made Brawl In The Family where the Louds were all fighting over something so ridiculously Petty like a dress and also locking Lincoln out of his room and taking his stuff.

The Loud Girls looked down and were guilty.

Me: There's more, there was The Sweet Spot incident The Polar

Bear Energy fiasco, Where the Louds were fighting over money and Lynn Sr. made that treasure hunt to get the family to stop fighting and Lincoln found a quarter in the sofa and the girls wanted it and let see… That's about all I can think of and some of those incidents I wasn't here with back then and also the No Such Luck episode didn't happen thank goodness.

Nico: That's a relief.

Me: Yep. (To the viewers) Chris Savino is beyond a shadow of a doubt the king of all douchebags and he brought all this on himself when he touched a woman inappropriately. Sorry if that sounded a little out of context but it did really happen. And Chris's hatred towards Lincoln is what landed him in this mess in the first place.

Chris Savino: Life isn't sunshine and rainbows, you know! I put Lincoln through all that to develop his character!

Me: Bullshit! It's called abuse! Look it up in the dictionary!

Hornet Man: We get it. Sometimes, we all have to go through events that are emotionally and physically painful. But what you put the Louds through was beyond emotionally painful!

May: It was even emotionally painful then the 20 Days of Darkness!

Me: We learn from our mistakes and I made the Loud Family into a much better family than what you would have done Chris. You may have made so many shows into great shows but you will never be a worthy creator of any other show. (To the Viewers) Chris was one of the background designers for many shows including The Powerpuff Girls, Ren & Stimpy, Dexter's Laboratory, Rocko's Modern Life, My Little Pony, I Am Weasel, Cow & Chicken, Samurai Jack, Whatever Happened To Robot Jones, many awesome shows that we know and have seen, know and love and so much more. But it was The Loud House and Kick Buttowski: Suburban Daredevil that he created and The Loud House had many bad episodes in the 1st 2 seasons from 2016 to 2018 where he was making Lincoln a burden to his family.

Nico: Wow.

Chris Savino: Oh shut up!

Anti-Wanda: Let me start off first!

Nico: Go for it.

Anti-Wanda went up to Chris Savino and then…

FFFFFFFFFFAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAARRRRRRRRR

She farted blue fire right in his face!

We laughed at him.

Nico: That was funny.

Me: Also we have someone for Sammy to vent her anger out on.

Sammy saw Amy tied to the pole for the humiliations.

Sammy: Perfect! This is gonna be good.

Sammy went up to her and Amy was enraged.

Birdbrain: The Ridonculous Race isn't far now.

Nico: Nope it sure isn't.

Amy: YOU MADE ME INTO A FOOL SAMIE!

POW!

She punched her in the face.

Sammy: It's Sammy you fucking bitch! And I will never be your sister ever again not after everything you did to me and dad!

Me: You killed her dad and that makes you a cold-blooded murderer!

Nico: YEAH!

Mammoth: My turn!

Mammoth went up to Billy McLean.

Mammoth: Chew on this!

He pulled out a bunch of objects and smashed Billy McLean all over the place with everything including the Kitchen Sink.

Me: YEAH!

Eddy: Watch this!

He went over to Flip.

Eddy: Hey Jughead! OVER HERE!

[Eddy pulls his pants down and moons Flip, who turns green from nausea.]

Ed: "Whoa! I am turning into a werewolf, Eddy!"

We laughed hysterically!

Sixshot: (gives paintball gun to Sammy) Here, Sammy. You can use this.

Sammy: Thanks Sixshot. (Points it at Amy) Take this you bitch of a whore!

She fired waves of red paint and blue paint and drenched her.

Joe Swanson: Lets see how Chris likes this. Go get him Gary.

Lunatic Gary went up to Chris Savino and yelled in his face.

Lunatic Gary: YOUR MOTHER'S A FUCJING WHORE!

Laney: YEAH!

2016 Morbucks: It's funny when he's not yelling at us.

Nico: It sure is.

Me: Also I think Chris left his brain in a dumpster and crows ate it.

Chris Savino growled at me.

Me: Ooh! I got one. He doesn't know all about the crazy beatdowns that Ed, Edd and Eddy got from the kids in the cul-de-sac. Peach Creek kids, go wild.

Kevin: LETS TEAR HIM APART!

They went over to Chris Savino and MERCILESSLY AND VICIOUSLY AND BRUTALLY PULVERIZED, THRASHED, MANGLED, MUTILATED, BEATENED, SMASHED AND MASSACRED CHRIS SAVINO INTO PULP!

The beatdown was 100,000 times worse than what happened to Eddy and Edd on Halloween.

It went on for 45 minutes!

Turbo Man: I'll go next.

William: What do you have in mind?

Turbo Man: Watch.

He pulled out a hook and then went over to Billy McLean and attached it to his underwear and then pulled his underwear and gave Billy a nasty wedgie as he ran.

Me: (To the viewers) "Billy collects underwear and gives it to the poor." [Turbo Man rides off, dragging Billy's underwear along. Billy grabs the pole to keep from being pulled off.] "Pretty stupid, huh everyone?" [The tension becomes too great, and Billy is pulled away from the pole he was tied to.]

Billy: [being dragged] "SLOW DOWN, TURBO MAN! I WAS JUST KIDDING! STOP! PLEASE!"

[Billy's underwear snaps and he bounces on the floor before landing in a heap.]

BAP BAP BAP!

Ed: "Look at him bounce, everyone!"

We were laughing hysterically!

Eris: I want a turn next!

Me: Unleash the Goddess of Chaos and Discord.

Discord: Oh I am most going to look forward to this one. (Has popcorn appears and has a Finger Glove with "Eris Is #1" on it)

Eris pulled out a golden apple and she threw it and it turned into a swarm of piranhas and mauled Amy all over the place with incredible savagery.

Nico: OUCH! Nice!

Discord: (Whistles in cheers) 2 Thumbs way up for Eris! (His thumbs turned into rockets and launched and they exploded into fireworks) Oh I love a good bout of chaos.

Amorpho: Let me go next. (chuckles) It's moments like these where my shapeshifting powers come in handy.

Amorpho turned into a gorilla and smashed and pulverized Lewis Travolta and Chris Savino all over.

Nico: Ooh! I have an idea!

Nico did a clam call and numerous clams suddenly appeared in balls of water and then they fired pearls at Billy McLean like a bunch of machine guns and then a bunch of them fired numerous huge basketball sized pearls at Chris Savino and smashed his head in.

Me: That was awesome Nico!

Nico: Yep.

He fired gas peppers from his butt and they hit Billy, Amy, Chris, Lewis and Flip in their faces and burned their eyes REALLY BAD!

Me: How about some fire to go with that!?

I fired a blast of fire and it hit the 5 of them and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

It exploded and burned them REALLY BADLY!

Fuzzy Lumpkins: Me and my boys will go next!

Nico: Your boys?

Fuzzy Lumpkins: Furry, Fluffy and Hairy!

3 more Lumpkins came out and they were his sons.

Nico: Go get them!

They went over and smashed and pulverized Amy, Chris, Lewis and Flip all over and then dogpiled on Billy and crushed him.

Raven Branwen: I didn't even know you had sons.

Fuzzy Lumpkins: Y'all never asked.

Nico: That's cool. (Sees our food coming) Oh take five. Time for grub.

Lynn Sr.: Order up.

Me: (Eating) Mmm! Nothing like having a good meal after so much fun.

Nico: I'm glad they were watching. It was awesome being in the Fry Cook Games.

Varie: That was so fun.

Nico: Yep.

Livewire: You're right, Hornet Man. Events that are emotionally and physically painful are needed to help us grow as people.

Vandal Savage

Vandar Adg, better known as Vandal Savage, is an immortal supervillain and an antagonist from DC Comics. He is the archenemy of both Immortal Man and Resurrection Man. He is also appears as an enemy of The Justice League and the Teen Titans as a whole.

Savage is immortal and inextinguishable, so he has plagued the Earth with crime and violence since before the beginning of recorded human history. He is a capable tactician with immense technological prowess and one of DC's most persistent villains, having fought hundreds of heroes throughout history. He is the main antagonists of the Justice Society series and one of the main antagonists in the Justice League series alongside Darkseid and Anti-Monitor. He was the main villain of several story arcs most notably Justice League Doom.

In 2009, Vandal Savage was ranked as IGN's 36th Greatest Comic Book Villain of All Time. He first appeared in Green Lantern vol. 1 #10 (Winter 1943).

In the days of prehistory, 50,000 BC, Savage was a caveman named Vandar Adg, leader of the Cro-Magnon Blood Tribe. He was bathed in the radiation of a mysterious meteorite, which gave him incredible intellect and immortality. An observer from the Bear Tribe would later approach that same meteorite and become Savage's eternal nemesis, the Immortal Man, possessing the power to resurrect as a new persona every time he is killed. According to Lex Luthor, there may be evidence to suggest that Savage was the first cannibal on record. Though the Calculator mistook this to be a joke, Luthor was apparently serious, and Savage has not shown much regard for human life.

In the pre-Crisis universe, Savage was native to Earth-2, but as seen in Action Comics #516, thousands of years in the past a sorcerer revealed to him both the future existence of the Justice Society (even showing him a battle he would have with them, with Hourman in their ranks), and the existence of Earth-1.

Savage's first mark in the "history" of the DC Universe came when he and a select group of people successfully undermined and destroyed the lost city of Atlantis. That group of people became known as the Illuminati, with Savage serving as its leader, then and ever since.

He claims to have ruled hundreds of civilizations under hundreds of names: Khafre, Alexander the Great, Julius Caesar (though he has also claimed to have participated in the murder of Julius Caesar), Genghis Khan, Blackbeard, and Vlad the Impaler, to name a few. He has also worked as close friends and advisers to the likes of Erik the Red, Napoleon Bonaparte, Ra's al Ghul, Otto von Bismarck, and Adolf Hitler.

During the Golden Age, Savage battled the Justice Society of America. He attempted to capture the members of the Justice Society out of revenge, but was thwarted by the Golden and Silver Age Flashes (Jay Garrick and Barry Allen). Savage would continue to make various attacks on the Justice Society in later stories. He was also one of the founding members of the Injustice Society, and briefly formed a group of villains called Tartarus. He is one of the main antagonists in the JLA: Year One storyline, working against the recently-formed JLA, and harboring a deep hatred towards superheroes and the invading alien Appelaxians. During one confrontation with the aliens, Savage claims to have designed Stonehenge itself, which the aliens have just partially demolished. Savage also mentions that he shut down the Justice Society with "a few well-placed senators."

## Immortal Man

Ultimately, Savage's enemy the Immortal Man erased himself from existence to save the world during the Crisis on Infinite Earths, and Mitch Shelley, the Resurrection Man, an amnesiac with similar powers, took over as Savage's nemesis. However, Savage's list of foes is not limited to those two characters. Having lived so long, Savage has butted heads with possibly every single hero featured in the DC Universe, past, present, and future, most notably the Justice Society of America and the Justice League of America.

Original Green Lantern Alan Scott (in comics, his very first opponent) has been portrayed as one of Savage's main enemies, as well as the original Flash, Jay Garrick. It has been revealed that Savage refers to Hawkman - who has been reincarnated for a few millennia - as "the cockroach". At present, in DC universe, Savage is about 52,000 years old, although different numbers have been given in the past, from one million years in his first depiction, to 37,000 years in recent issues of JSA: Classified.

## DC One Million

In this series, it is learned Savage has a base deep inside the Egyptian Sphinx. A confrontation with Martian Manhunter leaves him with a burnt out eye, which seemingly afflicts him far into the future.

Savage will possibly meet his end after he has lived to the year 85,271 A.D. (as seen in the DC One Million storyline), when he is sent back in time to 20th century Montevideo, Uruguay, by a pair of doctored timetravelling gauntlets, seconds before it is obliterated by a Rocket Red armorsuit carrying a huge nuclear payload, an action that was, ironically, ordered by Savage himself (Savage was hoping to use the gauntlets to move only through space and arrive at the 853rd century Metropolis). At this point, the timetravelling hero Chronos is heard in the background, gloating about having conned Savage in retaliation for a previous adventure when Savage had him stranded in time. This is, however, only one possible future for Savage.

## Villains United

Vandal Savage was seen in the final two issues of Villains United. Originally Savage was a member of Lex Luthor's Society, but he quit the Society and told Lex not to contact him for any reason after Luthor blew him off to welcome some less than competent new recruits. It is also plausible that Vandal quit because his daughter Scandal Savage was working against the Society as part of the

Secret Six. When the Society lodged a final ambush against the Six, Savage threatened to kill Luthor if he didn't call off the attack, saying that he couldn't allow anyone to harm his daughter.

This was shown to be due more to ulterior motives than fatherly love, as in issue three of the Secret Six miniseries it was revealed Savage wants his daughter to produce an heir with Catman, and he's been putting bounties on the Secret Six's heads as a warning of what will happen to her lover, Knockout, if she refuses him.

## Flash and JSA

Savage was seen as leader of a doomsday cult. He attempted to use a device to pull an asteroid into the Earth, but was thrown into space with the asteroid itself when the Flash reversed the polarity of the device. Eventually the asteroid fell back on Earth with Savage, who found his power greatly diminished and having lived through what he called the worst year of his life. His immortality completely drained, he's still able to survive otherwise fatal wounds, but a brain tumor and a strong decay of his biological function are leading him to a fast death, with an estimated life span of eleven days. Savage tried to capture Alan Scott by baiting him with a grotesque (and disguised) Wesley Dodds clone, who, in fact, was his own clone. After a failed attempt to steal Scott's DNA, Savage was left alone in the rubble of his former secret base. Realizing that his clone could be considered his own offspring, and that the blood of his descendants has always renewed his strength, Savage cooked and ate his clone, renewing his energies at least for another year.

Savage returns in the first story arc of the new Justice Society of America, the mastermind behind a group of Neonazi superpowered villains targeting the heirs of several Golden Age superhero bloodlines, in the belief that eliminating the bloodlines will eliminate the heroes' legacies and allow him to continue his goal of reshaping the world according to his own desires. In issue #4, after a battle with Wildcat and his newly-discovered son, Savage is defeated when hit by a fire truck. He later reappears in Atlantis where he's revealed to have been behind the atrocities in Sub Diego and Black Manta's occupation of the city.

## Salvation Run

Vandal Savage was one of the villains imprisoned on the "Hell Planet" of Salvation Run. He claims to have puzzled out the mechanical workings of the planet and used this knowledge to locate a "safe zone" without any of the predators that roam the rest of the intends to mate with the female supervillains in his group, and produce an immortal progeny.

He has placated some of the more willful of the females (like Phobia and Cheetah) by promising each of them that they will be his queen when he rules the planet. Ultimately, Savage escapes back to Earth along with the rest of the imprisoned villains following an attack by Parademons sent by Desaad (who used the planet as a training ground).

Final Crisis

After returning to Earth, in Final Crisis Vandal Savage is placed on the new Society's inner circle by Libra. As he says to Lex Luthor, Vandal is willing to follow Libra in exchange for his heart's desire, an end to his boredom.

In Final Crisis: Revelations, the Order of the Stone (the followers of Cain) comes in possession of the Spear of Destiny. Later, a group of followers led by Sister Wrack enter Vandal Savage's tent. They plunge the Spear of Destiny into Vandal's body. Thus Cain is reborn in him, and agrees to lead the Followers into punishing the Spectre for branding him because of his ancient crime. Using the Spear, Cain is able to separate the Spectre from his human host, and make him his slave. Cain's plans are undone by Renee Montoya, who manages to steal the Spear and reunite the Spectre with his host. The Spectre, forbidden by God to kill Cain, instead sentences him to walk the Earth, unable to disguise himself, being forever reviled and persecuted by the rest of the human race and denied rest until God says otherwise.

The superhero team known as the Outsiders come into conflict with a mysterious group calling themselves the Insiders, who are tracking down the fragments of the meteorite that granted Savage his immortality. It is ultimately revealed that the Insiders were members of Savage's tribe who were also exposed to the meteorite and gained immortality. Savage (still possessing the Mark of Cain) forms a temporary alliance with fellow immortal Ra's al Ghul to thwart the group's plan.

Whether true or not, Vandal Savage has come to believe he literally is the Biblical Cain. The mark he still bears hampers his ability to do his business and thus he attempts to pass it off - to either the Question or the Huntress. It is hinted that the Rage entity resides in Savage.

## Kevin 11,000

Kevin 11,000 is the mutation that 43-year-old Kevin has assumed in his adulthood after absorbing the powers of at least 11,000 aliens imprisoned in Null Void.

In the future, Kevin has been trapped in the Null Void for over a decade. While he was there, Kevin had been absorbing around 11,000 aliens to acquire their powers. During one of his breakouts, Kevin fathered a son named Devlin. He tricked his own son into believing that he's reformed and that he wanted to "Spend some quality time with his son," and that all he had to do was to find and open the Null Void Projector.

After Devlin tricked Ken Tennyson into showing him where the Null Void Projector was, Devlin opened the projector, releasing Kevin. When Ben found out, Kevin showed his true form. Kevin proved to be more than a match for both Ben, and Ken. When Devlin found out that he was tricked by his own father, Devlin decided to team up with the Tennyson and fight his father.

When Ben witness Kevin beating up Ken and knocking him unconscious, he transforms into Way Big and beats up Kevin to, presumably, near death. When Ben and Ken walked away, Kevin got back up, proclaiming that, that was nothing. Eventually, Ken manages to toss a Null Void Bomb right underneath Kevin, trapping Kevin inside the bomb, and presumably sending him back to the Null Void.

## Ayano Aishi

Ayano Aishi, also known as Yandere-chan, is the main protagonist of the unfinished video game Yandere Simulator. She is a high school girl who is hopelessly obsessed with her classmate Taro Yamada, who she refers to as her "Senpai", and wants to win his affections by violently removing all of her competition.

She is voiced by Michaela Laws, and her evil laugh is provided by YouTuber Moesaurus.

Ayano describes her life as feeling empty and hollow before meeting Taro. Ayano is convinced that the only way to fix her depression is to confess her love to Taro, but she is too shy. She later learned from her mother Ryoba Aishi that her relationship with Ayano's father was very similar to Ayano and Taro's, and Ryoba convinces Ayano that she must eliminate her competition in order to win her Senpai's affections.

However, Ayano is horrified to learn that her classmate Osana Najimi also has feelings for Taro, and plans to confess to him. Ayano is contacted by a mysterious individual known as Info-chan, who wants to ruin Osana's life, and together Ayano and Info-chan begin working on how to remove Osana and all other rivals from Ayano's way, including blackmail, kidnapping, incrimination, driving them to suicide, or murdering them outright.

The game remained in development for years, with no signs of being finished. After a series of unfortunate events, including a breakup between developer "YandereDev" and publisher tinyGame, the game's ban from Twitch, issues with YandereDev's mental health, and the trend of "cancel culture" finding the game's content offensive, the game is not likely to ever be completed.

Pink Ranger Slayer was next.

Pink Ranger Slayer: It's amazing how many Immortal Cavemen we know. And they all got immortality from the same source.

Fiona Hernandez: I know and that is so amazing. Arlene, Krull, Vandal Savage and J.D.'s caveman self, they got immortality from meteorites that had a mysterious energy and it gave them true immortality.

Apple Bloom: That is so amazing!

Sweetie Belle: I don't know how that's even possible myself.

Scootaloo: Me neither but that is so awesome.

Diamond Tiara: It sure is and you would have to be blessed by the gods themselves to get immortality or have to be mutated by radiation like that.

Silver Spoon: That is so strange.

Misty Tredwell: It must be because of radiation from another planet that gave them immortality like that. We'll have to look at the Greenland Meteor and see what causes this radiation and where it must come from.

Pink Ranger Slayer: That's a good idea. Lets do it!

They fired waves of fire and elements and smashed her down.

Fiona Hernandez: FIRE WINS!

Cutie Mark Crusaders: CUTIE MARK CRUSADERS VICTORY! YAY!

Weddinmon: That is very coincidental.

Frozen Fright: Yeah it sure is awesome.

Thunder Terror: What really has me stumped is how the radiation from meteors like the ones that gave them their immortality like that can actually give them true immortality like that. It's absolutely strange.

Magma Gloom: It's a huge mystery.

Toxic Horror: Yeah it's like it's not from this world.

Aylene Carter: We can only dream on that.

Littlefoot: That would be cool though.

Cera: I think it would be amazing like with Spear and Fang.

Ducky: Oh yes yes yes.

Petrie: Me agree too.

Laney Sonnya Romanov: (Speaking Korean) 우월한 세력이 될 것은

불이 아니라 당신이 이것을 계속하면 당신에게 일어날 것은 당신의 죽음입니다! 당신의 분노와 분노와 좌절이 당신을 엄청난 곤경에 빠뜨리는 것 외에는 아무 것도 할 수 없다는 것을 깨닫지 못하는 것! 당신의 분노가 불쾌하고 파괴적으로 심각한 결과를 초래할 것이라는 사실을 깨달아야 합니다! (It's not fire that is going to be the superior force, it's your death that will happen to you if you keep this up! What you don't realize that your rage and anger and frustration are going to do nothing but get you into a huge heap of trouble! You need to realize that your anger is going to lead to some nasty and devastatingly serious consequences!)

Sam S.L.: She's right Lady Flamicorn. Unless you calm down and control this anger in you it will only lead you on a path to your own destruction.

Lady Rainicorn: (Speaking Korean) 좋아요. 내가 콜레릭의 불에 의해 타락했을 때 당신은 나일 수도 있지만, 항상 이렇게 위험할 정도로 화를 내고 화를 내진 않았을 것입니다. 그것은 나에게 끔찍한 경험이었고 나는 내 가족과 모든 사람들을 너무 사랑해서 그런 광기에 굴복했습니다! (That's right. You may be me when I was corrupted by the Fires of Choleric but I would never be this dangerously mad and angry all the time. It was a horrible experience for me and I love my family and everyone too much for me to give into such madness!)

Finn: Jake would never want you to become this way!

Flame Princess: And neither would I because I love Lady Rainicorn like a sister!

Lady Rainicorn: 오 불꽃공주님 감사합니다. (Oh thank you Flame Princess.)

William Dunbar: I knew there's no mistaking that voice from anywhere. You can come out now, X.A.N.A.

A figure came out, and it was none other than X.A.N.A., who'd taken on the form of William, as seen by the Eye of X.A.N.A. on his forehead, and in the black uniform when he was under his control, and wielding his X.A.N.A.-themed Zweihänder.

Lincoln: Should've known you'd show up yet again, X.A.N.A., but now, this will soon be your last day in this world, and you're also going to pay for casting doubt on me, Luna, Luan, Laney, Lisa, and Lily, you homicidal excuse for a computer virus!

X.A.N.A.: I WILL DESTROY EVERY LAST ONE OF YOU!

X.A.N.A. William tried to fire a blast of purple lightning at us, but William threw the elemental bomb that Lincoln gave him, and it exploded and X.A.N.A. was attacked by the elemental forces of Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Gravity, and Magic, along with the powerful poison. X.A.N.A. tried to attack, but he couldn't.

X.A.N.A.: What did you do to me?!

Lincoln: That bomb that William threw at you attacked you with the elemental forces of Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Gravity, and Magic, along with a powerful poison that affected your powers and disabled them for the next 72 hours.

William Dunbar: Which gives me more than enough time to kill you.

Suddenly, something inside William Dunbar's mind snapped as his ocean blue eyes turned neon ocean blue, and he was surrounded by an ocean blue energy aura with ocean waves and jaguars, he then unholstered his massive Tlāloc's Water Sword of Oceanic Redemption from his now wider and more muscular back, and as he approached X.A.N.A., he left ocean blue energy, ocean waves, and jaguars with every step.

William: X.A.N.A., I will never forgive you for everything that you've done to my friends, and what you did in turning me into your puppet. I thought we were finally rid of you when we sent you to The River of Fire. (Getting Angry) But, as always, you refuse to stay dead and you decided to return yet again… , YOU HAVE CROSSED ONE LINE TOO MANY, X.A.N.A., AND I'LL MAKE SURE YOU NEVER RISE AGAIN!

Maria Rockell: Uh oh. X.A.N.A.'s crossed one line too many, and now, William's going to make him pay for everything that he's done.

Suddenly, William Dunbar screamed like a madman and then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive explosion of energy blasted out around him and the ground was shaking violently and he was surrounded by a massive vortex of ocean blue energy with water, ocean waves, and jaguars surrounding it, there was a jaguar running around the vortex, and inside the vortex is a red phoenix. Then, as the vortex faded, William Dunbar emerged, but he was changed forever.

The 7'0" tall and extremely muscular William Dunbar remained the same, along with his new clothes and large eight ocean blue orbs orbiting around his legs, he has neon ocean blue eyes and an ocean blue energy aura with water and ocean waves, and jaguars surrounding him and he has ocean blue highlights in the bangs of his longer neck-length black hair, William Dunbar has a jaguar holding the Water and Eternity Kanjis in its paws emblazoned on his forehead, he has silver jaguar head stud earrings with ocean blue gems for eyes and the Water and Eternity Kanjis on its heads and he has on his large Crystal Necklace of The Buddha with ocean blue crystals for the links and a silver jaguar head with ocean blue gems for eyes and the Water and Eternity Kanjis on its head for the pendant across his bare chest. Suddenly, William Dunbar felt a sharp pain on his wider and more muscular back, and massive black angel wings with ocean blue blue tips on the large black feathers had sprouted out on William Dunbar's wider and more muscular back.

William Dunbar had out his massive Tlāloc's Water Sword of Oceanic Redemption sword in his large left hand and elemental blaster in his right hand, and he has on his new large gold cuff Bracelets of the Champions of The Universe with ocean blue gems on his wrists, long ocean blue trenchcoat flaps with ocean waves and jaguars on the coattails around his ocean blue loincloth and held up by his new large gold Belt of Elemental Bravery with a golden jaguar head with ocean blue gems for eyes and a large ocean blue gem in its open mouth for the belt buckle on his waist, large ocean blue Spellbook of The Gods and The Universe and large ocean blue Universal Spellbook of The Elemental Forces on his left hip and Eater of Sins revolver holstered on his right hip, and an Indigo Lantern Corps ring on his right ring finger. William Dunbar has a jaguar with ocean waves surrounding it and an angel's golden halo with angel wings around it tattooed on his wider and more muscular back, and the tattoo he has on his chest is glowing and there's an ocean blue kanji below the jaguar that said, "William Dunbar, Trusted Member and Trusted Ally of The Lyoko Warriors, Leader and Founder of Team Loud Phoenix Storm's Redemption Squad, Former General and Destroyer of X.A.N.A., Loving Boyfriend and Future Husband of Maria Rockell, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Emissary of Tlāloc and Tefnut, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Jaguars, Swords, Blasters, and Water."

William Dunbar has transformed into SUPER ANGEL ETERNITY INFINITY RAINSTORM REDEMPTION JAGUAR ANGEL OF OCEANIC COMPASSION AND RAINSTORM JUSTICE!

We were amazed by William Dunbar's Super Angel Eternity Infinity transformation, and when Maria Rockell saw him, she had an even brighter atomic red blush on her face and hearts in her eyes. But when X.A.N.A. William saw it, he fell into a homicidal rage and tried to attack, but William Dunbar fired a powerful blast of ocean blue energy with ocean waves and jaguars, and it hits X.A.N.A., and sent him flying into a wall.

Maria Rockell: Whoa, William, you look so much more handsome and extremely ripped. How do you feel?

William Dunbar: (Divine Echoing Cosmic Voice of The Aztec Rainstorm and Oceanic Redemption) **I feel incredible, babe, and now, to take care of X.A.N.A. and get rid of the demons of the past.**

William Dunbar went at the powerless X.A.N.A. William, and he fired powerful blasts of ocean blue energy, water, jaguars, and elemental blasts from his blaster at X.A.N.A. William, and they explode with incredible power as they hit him. Then, they clashed with their swords, but William took the advantage and disarmed X.A.N.A. William, and then, he fired a powerful wave of ocean blue energy, and it completely obliterated X.A.N.A. William forever. Then, the spirit of X.A.N.A. himself appeared.

William Dunbar: **You are never welcome here again, X.A.N.A., and consider this a final act of mercy from Team Loud Phoenix Storm to you.**

William puts his large right hand to X.A.N.A.'s faceless form.

William Dunbar: **HAKAI!**

Suddenly, X.A.N.A. glowed purple, and as he was screaming in excruciating pain, he was Hakaied and banished to The Warp forever. We cheered wildly for what William Dunbar did, as he'd holstered his new massive Tlāloc's Water Sword of Oceanic Redemption sword on his wider and more muscular back and his elemental blaster on his left hip and powered down, and William Dunbar's new body, clothes, weapons, jewelry, and angel wings are permanent. Then, as he turned to head back to us, Maria Rockell ran up to him, and hugged his waist, and he then responded by wrapping his now abnormally massive and powerful muscular arms around her and hugged her. Then, he leaned down to her face, and they passionately kissed, and we cheered for them, then, they came back to us.

Nico: Alright, William, awesome job in getting rid of X.A.N.A.

William: Thanks, Nico, and the thanks should also go to Lincoln, that elemental bomb he made was definitely a success.

Lincoln: You're welcome, William, and because of the success of the first elemental bomb, it'll also be perfect for when Venjix dares to show his ugly face in the future.

Nico: Hmm, and that elemental bomb you made, Lincoln, just gave me an awesome idea. But, I'm not going to reveal what it is.

Lincoln: We get you, Mum's the word.

Luna Loud: And the elemental bomb Lincoln made is also our added form of payback on X.A.N.A. and Venjix for putting doubt on us. What we've been doing is right, monsters like X.A.N.A. and Venjix are beyond redemption, and they deserve their rightful punishment.

Lincoln: You got that right, Luna, and we've since been free of the doubt those two have put on us. It just proves what kinds of lowlife scumbags those assholes really are.

Nico: Not arguing with you on that one, big guy.

Everyone: Same here.

Me: Today was definitely an awesome day, Lincoln made Abacus Cinch see the error of her ways and he rescued more girls for his harem and was reunited with another Guardian Angel, we had fun at Dairy Land, we had another successful humiliation session against Flip, Lewis Travolta, Billy McLean, Amy, and Chris Savino, and we're now finally rid of X.A.N.A. for good.

Nico: You got that right, J.D. But great job everyone.

Sammy: Thanks Nico. (To the viewers) This was a really funny adventure and it was so awesome how we humiliated Chris Savino too.

Me: It sure was Sammy. (To the viewers) It's crazy that we're doing this to the Loud House's own creator but I figured this adventure would fit perfectly to blow off some steam on those that have a lot of pent up rage towards Chris for his treatment of Lincoln. I'm sorry this was slandering in some way but it's what he had coming.

Nico: That's true.

Eli: But this was funny though.

Me: Yep. Don't worry this will be the last time Chris is with this world though.

Nico: Good.

We later went back home and enjoyed the rest of the day and went to sleep.

THE END

---

Another awesome adventure done.

This was the funniest humiliation ever. Also yes I know that Chris Savino is the creator of the Loud House but the Internet Fan Base saw over the course of 2 years from 2016 to 2018 that Chris was making Lincoln into a burden to the family and making his sisters treat him like dirt and it's horrible. I'm sorry to ruin his name like this but it's something I wanted to get off my chest and help the Internet Fanbase that hates Chris get it off their chests too. Many people call Chris a douchebag now for what he did because of the infamous episodes of The Loud House: The Sweet Spot, Sleuth Or Consequences, Green House, No Such Luck, Brawl In The Family and many more Animation Atrocities that he did. It's not right that he hates Lincoln in every way. Also Chris got fired for sexual harassment and he should have been sent to prison and blackballed for life. But this was a really funny chapter. The first part was for Cooler's Revenge from Dragonball Z and that was awesome and action packed. The second part was for Equestria Girls and we went to stop Abacus Cinch and have her be part of the M.O.E. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be in the world of W.I.T.C.H. and Nico, me, Emerald Sustrai, the Guardians and Nerissa are going to stand before the Oracle and talk to him about how I resurrected Nerissa and helped her get rid of her darkness. And we're going to give her a pardon. We're also going to meet a Psycholeopterran Gene-Slammer named Athena Rollins from Australia. And she is Nico's Australian Explorer friend. Lincoln's rescue is gonna be in the world of The Lord of The Rings and Lincoln and the group are going to face Gollum and help Frodo destroy the Ring. They are also going to meet a Lava Golem Gene-Slammer named Gina Smitters and she has a really big revelation about Pablo and Anderson, the bullies that Taylor knew and it's SOMETHING EXTREMELY HORRIBLE! It will be revealed during the Exercise scene. # FANTASIA IN PERIL

Flying through the skies of Candrakar, Nico, me, Emerald Sustrai and the Guardians including Nerissa were flying to meet the Oracle.

Nico: Thanks for coming with me, Emerald.

Emerald Sustrai: Anytime Nico. And it's good we're all going to back Nerissa up.

Me: It sure is. And I am with you all to provide support. Just in case things go south.

Halinor: I hope the Oracle will forgive Nerissa after everything that happened.

Me: We can only hope Halinor.

Nico: Yeah.

We arrived at the Oracle's castle.

In the Oracle's chambers, Emerald saw visions of us fighting alongside Rango, the Beyblade Gang, the Zenkaigers, and another version of the X Men.

Emerald Sustrai: Another version of the X Men?

Nico: Wow we have a lot of adventures coming our way.

Me: We sure do.

Cassidy: This is gonna be amazing.

Me: The Beyblade Gang I know because I helped them out against many of their enemies before and destroyed some of them as well as have them make new friends from all over the world.

Nico: Awesome.

The Oracle then came.

Oracle: Ah Team Loud Phoenix Storm welcome.

Me: Hello Oracle. Good to see you again.

Nico: We actually came because we have had a rather interesting development happen with us.

Oracle: Nerissa is back with you.

Me: Yes she is and I brought her back because I knew there was good inside her but I was too blind to see it.

Nico: Let's recap of when we first met the Guardians. In late 2018, Megan was having phone conversations with Cornelia. Some of them were even very helpful.

Me: They sure were and then we met Will and friends and then embarked on a powerful battle that threatened to tear all of Earth apart and we destroyed Nerissa lets see 3 times. 1 when we first had Will and friends join us, second against Team Magma and the third when we destroyed Necrafa on Gemina.

Nico: Yep.

Emerald Sustrai: That is amazing.

Halinor: Unforgettable.

Nico: And in addition, Nerissa also had Shriek backing her up.

Me: She sure did.

Nerissa: Yes. Oracle I'm sorry I did everything I did. I had this terrible darkness that was inside me and the power of the Heart of Candrakar unlocked this terrible evil that made me into a monster that was hellbent on destroying Earth. I'm sorry I did all those things to Candrakar and to Earth.

Nico: J.D. resurrected Nerissa because he knew there was good in her still but was too blind to see it.

Cassidy: That's right. I'm sorry about what Nerissa did. I did my best 40 years ago to look out for her. But I failed.

Me: Cassidy it's not your fault.

Nerissa: No it's mine. I let my powerlust get ahold of me and it turned me into a monster. I take full responsibility for my actions and I will accept any form of punishment you can give me Oracle.

Me: Nerissa is really sorry Oracle. I brought her back so she can have a chance at redemption. It was what my heart was telling me.

Nerissa: It's true.

Nico: But please keep her young.

Me: We actually like Nerissa young.

Nerissa: (Blushes)

Oracle: Oh you made the right call J.D. Your heart was leading you on the right decision and you made a good call J.D. You liberated Nerissa from this demon that was inside her and you have earned the respect of Candrakar and in light of these responsibilities that Nerissa has taken for her misdeeds she will be granted a full pardon of everything she did.

Nerissa was happy.

Nico: I'm glad she has a clean slate.

Halinor: Me too Nico.

Me: Oh uh you know that Nico is…

Oracle: The new leader of Team Loud Phoenix Storm and yes I am very happy for him. We were watching your adventures ever since you destroyed Phobos for good and we couldn't be anymore prouder of Nico. He has earned the position of Leader fair and square.

Nico: Thank you Oracle.

Me: He had to work really hard in our biggest missions in 2021 to get the position fairly and he earned it.

Nico: Now, can you tell me if you saw anyone else here before we arrived?

Oracle: Actually yes.

?: You must mean me.

A Psycholeopterran flew in.

Nico: Whoa! A Psycholeopterran.

Me: The natural predator of the Necrofriggians.

Kadma: So amazing to see one.

Psycholeopterran: (In a Girl's Voice) (Australian Accent) Well it's great to see you again Nico.

Nico: Athena Rollins. I had a feeling it was you.

Athena Rollins: Awesome seeing you mate.

Me: You're from Australia. It's awesome to meet a native of our friends in Australia.

Athena Rollins: Same here J.D. and it's an honor to meet you mate.

Me: Same here.

She reverted back and she was a beautiful blue hair girl with blue eyes and had blue clothes on.

Athena Rollins: It's great to meet you all too.

Cassidy: Same here Athena and I love your blue hair.

Athena Rollins: Thank you kindly. It's part of the new look I got.

Emerald Sustrai: What's your favorite memory of Nico?

Athena Rollins: I have lots of them. I like going on awesome jungle adventures. But my favorite was when me and Nico battled it out in the jungle with a ruthless Poacher Gang. After a nest of extremely rare Firefeathered Hawks.

Nico: I remember that! That was so cool.

Me: Firefeathered Hawks? Whoa those are one of my favorite birds. They are now back to Least Concerned on the World Wildlife Federations Animals lists.

Nico: Yep and it was awesome to save them.

Will Vandom: Fluttershy will love you for saving those birds Nico.

Irma Lair: That was a great adventure.

Emerald Sustrai: That is amazing.

Athena and Nico hugged.

Nico: I really missed you.

Athena: I missed you too mate.

Me: So awesome.

Cornelia: This was an awesome day here in Candrakar.

Me: It sure was.

We later went back home and told everyone about what happened and it was amazing.

Nico: That's right, big guy, and we're also going to also wipe out Sauron's army for good. This is going to be one epic battle and rescue.

TLPS Mr. Wolf: That's right, Nico, and we got word that the Gene Slammer for the Lava Golem Duel Monster is here, but I can't help but get the feeling she has an extremely horrible revelation about Taylor's former friends, Pablo and Anderson.

Taylor (Loud House): I'd hate to find out what those assholes have done before I joined them.

Lincoln: Whatever it is, we'll hear about it later, and thanks for joining us on this rescue, Taylor.

Taylor (Loud House): You're welcome, Lincoln.

?: HELP!

Suddenly, Lincoln heard the sound of sixteen girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the sixteen girls, along with Frodo, but they've been cornered by Gollum, and he's going to kill them and get back the One Ring.

Lincoln: Guys, I found the sixteen girls, along with Frodo, but they've been cornered by Gollum, and he's going to kill them and get back the One Ring.

?: That psychotic and deranged monster, let's rip him to shreds.

We then saw the Lava Golem appear before us.

Lincoln: That voice, I knew it was you, Gina Smitters. But, we'll have to talk later, right now, let's head out and kill Gollum and help Frodo destroy the One Ring.

We rushed on over, and Lincoln fired a powerful barrage of rainbow energy balls and elemental forces, which hits Gollum, and it allowed the sixteen girls and Frodo to get away, and Lincoln helped Frodo throw the One Ring into the volcano, and it was destroyed forever. When Gollum saw what we did to the One Ring, he roared in rage.

Gollum: My Precious, what have you done?!

Lincoln: We destroyed your Precious, and now, the only thing you and the entirety of Sauron's Dark Army are getting is a one-way trip to The Black Gates for all those you've killed to get your grubby hands on the One Ring, Gollum.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms and unholster their massive swords, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sima Yi, Sun Quan, and Jiang Wei got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholster their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Taylor (Loud House), Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, and Me, Nico, Eli, and Nicole also unholstered our massive swords and transformed, and we went at Gollum and the entirety of Sauron's dark army, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, steel orbs, stars, rainbow flames, rainbow crystals, orange flames, blue flames, ice, and green flames at them, and they exploded with incredible power as they hit them.

The powerful barrage destroyed Sauron's dark army, and gruesomely injured Gollum. Then, Lincoln gave a powerful one-handed downward swing of his massive Sword of Universal Bravery of Elemental Hope, and cuts down Gollum, and killed him. Then, as the spirits of Gollum and Sauron's dark army appeared, all of them were marked with a kanji on their foreheads, and they were condemned to the Black Gates, and their evil spirits were all erased from existence forever. We cheered wildly as we holster our weapons and power down.

Lincoln: Rest in Hell forever, Gollum, along with Sauron's dark army. (To Gina Smitters) And it's so good to see you again, Gina Smitters.

Gina Smitters: You too, Lincoln. It's been a long time.

They went up to each other, and they hugged, and Gina Smitters was also very surprised at how much stronger and at how much taller and much more muscular Lincoln's gotten since she last saw him.

Lincoln: It sure has been a long time, I haven't seen you when you were eleven, and I've grown a lot since then.

Gina Smitters: Yeah, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Wow, Lincoln, you know her?

Lincoln: Yeah, I do, Nico. This is Gina Smitters, she moved to Michigan from Oregon when she was little.

Helena McTroy: And get this, Gina Smitters is a very powerful and brutal force to be reckoned with and she's also one of the strongest and fiercest of Lincoln's Guardian Angels.

Nico: Whoa. So, anyone who messes with Lincoln…

Lincoln: She'll break every last bone in their body. Now, let's get you back to normal, Gina. Boys, cover your eyes, Nicole, keep an eye on them, and if anyone peeks, you know what to do. Hold still, Gina, this is going to hurt.

Me, Nico, Eli, and the rest of the boys had covered our eyes as Lincoln snapped his fingers, and Gina was reverting back to normal. Gina Smitters is a beautiful 17-year-old with long orange hair going to the upper part of her back, orange eyes, fair skin, she's 6'5" in height, she had the body of a goddess, and she also now has massive orange angel wings, as she reigned in the power of the Lava Golem.

Lincoln: How do you feel, Gina?

Gina Smitters: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Gina Smitters a new wardrobe, a short-sleeved orange blouse with an orange phoenix on it, black sports shorts with the Lava Golem on it, orange leather ankle-high combat boots, and a long orange sleeveless trenchcoat with golems and lava on the coattails and The Lava Golem on the back, and on her back is a large Lava Golem-themed sword with a 6'5" massive, wide, double-edged, man-sized crimson orange blade with The Lava Golem etched on it, large golem heads with red gems for the crossguard, large orange gem for the hilt, longer black handle, and four large golem heads with red gems for the eyes and four large red gems in its mouths for the pommel.

Gina Smitters: Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Gina Smitters' neck with orange gems on the gold lightning bolts and orange crystals links from her new Crystal Necklace of the Buddha.

Gina Smitters: Surprised) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Gina.

Gina Smitters had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the sixteen girls, and when Lincoln saw them, he immediately recognized them. The sixteen girls are Aries Spring, Quitterie Raffaelli, Yunhua Lu, and Polina Livinskaya from Astra Lost in Space, Utsumiya Hime, Higgins Saz, and Comodo Mahama from Brain Powered, Horikita Suzune, Kushida Kikyou, Sakura Airi, Hoshinomiya Chie, Chabashira Sae, Ibuki Mio, Ichinose Honami, Karuizawa Kei, and Tachibana Akane from Classroom of the Elite.

Nicole: From Astra Lost in Space, Brain Powered, and Classroom of the Elite, awesome.

Lincoln: Are you girls okay?

Aries Spring: Yeah, we're okay, thanks to you.

Then, when Aries Spring and the other fifteen girls saw who it was that saved them from Gollum and Sauron's dark army, heir faces turned atomic red upon seeing the 17-year-old 7'0" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

Aries Spring: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made fifteen clones of himself, and he and the fifteen girls went up to the girls, and picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Aries Spring: (Seductively and rubs her right hand on Lincoln's

massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, sixteen Thunderbird Necklaces of Eternal Love appeared around the necks of Aries Spring, Quitterie Raffaelli, Yunhua Lu, Polina Livinskaya, Utsumiya Hime, Higgins Saz, Comodo Mahama, Horikita Suzune, Kushida Kikyou, Sakura Airi, Hoshinomiya Chie, Chabashira Sae, Ibuki Mio, Ichinose Honami, Karuizawa Kei, and Tachibana Akane with colored gems and crystals on the gold lightning bolts. We returned to the Estate, we told everyone what happened, and they were shocked when they found out the villain we went after was Gollum, along with Sauron and his dark army.

But, when Lincoln showed what we did to Gollum, along with Sauron and his dark army, and the One Ring, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Gina Smitters have a lot of catching up to do, now that she's back in town, and now, we're rid of Gollum, Sauron, and his dark army for good.

* * *

After stopping destroying Gollum and Sauron and destroying the One Ring, this time for good, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Gina Smitters saw Lincoln working out like crazy, she had an atomic red blush on her faces.

Gina Smitters: Whoa, Lincoln's really grown to be a 17-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Gina, and now, I can also fight and defend myself.

Gina Smitters: That's incredible.

Nico: It sure is, Gina. So, what's this extremely horrible revelation you have about Pablo and Anderson?

Gina Smitters: You're not going to like it, Nico, and the same goes with Taylor. This all happened two years ago, Mom, Dad, and I were walking home from a restaurant in Gotham Royal York, but then, we were ambushed by Pablo and Anderson. They wanted to rob and kill us, and they had knives in their hands, and they were completely driven by bloodlust. They stabbed my father and mother in the stomach, and they also were about to stab me, but I fought back by breaking Anderson's arm, and I punched Pablo so hard in the stomach, he coughed up a massive amount of blood. Then, I grab those two heartless psychopathic assholes by their necks and tossed them into trashcans, and they fled in fright. Then, I got out my phone and called 911 and the police, and Mom and Dad were loaded into an ambulance and were on their way to the hospital, and the cops cuffed and arrested Anderson and Pablo. But, those assholes got away when their heartless asshole fathers killed the cops who were taking them to the jail.

We gasped in pure shock, and Taylor was extremely horrified.

Me: (Horrified) My God.

Nico: Those fucked-up assholes, I knew they were really heartless, and we already found out how heartless and psychotic their asshole dads are.

Taylor (Loud House): (Horrified) I can't believe what those monsters tried to do. Now, I'm really glad I severed my ties to those heartless psychopaths, they truly are nothing but pure evil to the core.

Lincoln: Though it goes against our code to even kill them, I think I have a better and much horrible punishment for them. I'm going to send those two straight to The Malevolent Insanity Realm, and I'll make them experience so much horror and suffering, they'll be reduced to quivering in darkness for all eternity.

We gasped at the punishment that Lincoln's planned for Pablo and

Anderson.

Nico: Lincoln, that's really cruel, horrible, and sadistic. (Smirks) I love it, big guy.

Gina Smitters: (Smirks) I never thought you'd have a sadistic side towards bullies and irredeemable assholes, Lincoln, and the punishment you chose, that's perfect. I hope they piss their pants badly.

Lincoln: They'll do more than that, Gina.

Me: Hang on, big guy, let me get the Disks that I put Anderson in.

I went into my room, and got the Disk where I put Anderson in. Then, Lincoln's deep sapphire blue eyes turned blood red, and Anderson was sent to The Malevolent Insanity Realm, and we then hear him screaming in pure undeniable horror. Then, Lincoln cast his glare at Pablo, who was still in his cell in the Gotham Royal York Maximum Security Juvenile Detention Center, and he too was also sent to The Malevolent Insanity Realm, and he also screamed in pure undeniable horror.

Nico: (Smirks) Remind me never to cross you, big guy.

We got a shower afterwards, and Lincoln and his harem were getting ready for their date, this time, it's at Melemele Island in the Alola Region, but they're not the only ones going, Ed Cowart, Cattleya, and Rana, along with The Gene Slammers and their boyfriends, are also joining in.

Lincoln snapped his fingers, and the 17-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo, angel, and elemental forces on it, along with his large weighted orange bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

Ed Cowart snapped his fingers, and the 7'0", black-haired, handsome, and extremely muscular man was dressed in large dark blue swim trunks with a phoenix, angel, and dark flames on it, along with his large weighted dark blue bands with silver phoenixes on his massive biceps and thighs, his jewelry, large dark blue sandals, and eight large dark blue orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

The Gene Slammer girls' boyfriends were dressed in large swim trunks and sandals in their favorite colors, and they also had their weapons holstered in case of trouble, and Rana was dressed in a pair of black swim trunks.

Lincoln's harem, The Gene Slammer girls, and Cattleya were were dressed in two-piece bikinis in their favorite colors, sandals, along with their jewelry, and they also had their weapons holstered in case of trouble.

Lincoln: Alright, everyone, shall we?

Ed Cowart: We're ready, Lincoln, and you girls are going to like the spot that we chose.

Lincoln, his harem, Ed Cowart, Cattleya, Rana, the Gene Slammers, and their boyfriends left the Estate, and they headed for Melemele Island, one of the four islands in The Alola Region.

Gina Smitters: Wow, what is this place?

Lincoln: This, Gina, is Melemele Island, one of the four islands in The Alola Region. Ed Cowart and I chose this spot as the perfect place for our date.

Lincoln, his harem, Ed Cowart, Cattleya, Rana, the Gene Slammers, and their boyfriends head onto Melemele Island, and they got started by swimming in the large body of water, and on the island, they saw the Alola Pokemon that live there. Then, they had lunch on the beach, and for today's lunch, Lincoln made some grilled cheese sandwiches with grilled chicken pieces in them, and they were good. Then, as soon as the sun's about to set, Lincoln made clones of himself, and he and the clones went to the girls in his harem, then, Ed Cowart went up to Cattleya, and the Gene Slammer girls' boyfriends went up to the Gene Slammer girls, and they picked them up in their abnormally massive and powerful muscular arms, and as the sun turns orange, they passionately kissed and hugged with supercharged and intense passion. Then, they came back home to the Estate, and they were in their original clothes.

Nico: Hey, guys, how was your date?

Lincoln: It was awesome, Nico, we went to Melemele Island in the Alola Region.

Nico: Whoa, you guys went to Melemele Island in the Alola Region? That's awesome.

Lincoln: It sure was, Nico, and the Alola Region is still at peace.

Me: After we got rid of Team Aqua and Team Magma, I'm glad to hear about that. Say, Lincoln, who do you think the next Gene-Slammer girl for your rescue tomorrow is going to be?

Lincoln: Good question, J.D. Well, for the rescue tomorrow, I'm going with the Gene Slammer for the Duel Monster, St. Joan.

Marinette: The Gene-Slammer for the Duel Monster inspired by Joan of Arc, now that would be something to see, and I hope you don't mind if me and Joan of Arc join in that rescue tomorrow, right, Lincoln?

Lincoln: Not at all, Marinette.

Me: This should be a good rescue for tomorrow.

Nico: Yep.

We had a great time.

---

At the estate I had Nico and Eli and everyone gathered.

Me: Now as you all know ever since our mission with the battle with HIM on that alternate Earth, I made a really interesting discovery at the estate.

I pressed a button and a hologram machine came up and it showed an image of the estate.

Me: This is an image of the estate. But look what's right underneath it.

I pressed a button and it showed a massive pocket underneath it that was a massive cave that was also a massive city as big as New York City, Gotham Royal York, Los Angeles, Hong Kong and Shanghai combined.

Nico: Wow! Look at that.

Me: This is our emergency evacuation city underneath the city under the estate. I found it after that mission.

Laney: That is amazing.

Lana: It sure is cool.

Me: Yep.

Ramon Hernandez: Did we ever tell you guys about how we got all the Clow Cards?

Twilight Sparkle: No you sure didn't.

Ruby Rose: I'm sure it's amazing.

Me: You'll love it. It started a while back in mid 2019.

I went over what happened in Chapter 790

---

In the basement I was putting all our clothes in the washer and I turned it on.

Me: Okay.

I then sensed a strange and powerful energy coming from somewhere.

Me: What the?

I went to where it was coming from and it was coming from somewhere in the wall.

Me: It's somewhere behind this wall.

I felt around the wall for something and then I stepped on a hidden button on the floor.

Me: Huh?

The wall opened and out came a hidden bookcase.

Me: A hidden bookcase.

I went over to it and there was a wide selection of books to choose from.

Me: Wow. Look at all these books.

I saw that they were all books on magic.

Me: It's all books on magic.

I then saw one book that was different. I pulled it out and it was called the Book of Clow. The name was vaguely familiar. I opened it and there was a bunch of cards inside the pages and I picked one up and looked at it. It was called The Windy. But then something magical happened. A Strange symbol appeared below my feet and I was in a vortex and I was holding onto the Windy card and the book. But the rest of the cards in the book flew out of the book and scattered all over the city. When it was done, I was shocked and stumped.

But then the book glowed and out came a little bear with wings and a tail.

Me: Whoa!

Kero: It's a pleasure to meet you J.D. Knudson.

Me: You too uh?

Kero: Oh I'm sorry. I'm called Keroberos. But everyone calls me Kero.

Me: Keroberos? (GASP!) I remember now. You are one of the helpers of the most powerful sorcerer in the world. The legendary Clow Reed!

Kero: That's right. How did you know?

Me: I've done a lot of history research. If you are here then you must've chosen me to bring back the Clow Cards before they cause a lot of tremendous harm.

Kero: That's right. You are very wise beyond your years J.D.

Me: Well you would be amazed at what I know. Lets just say that when I was given my powers, all the powerful secrets of the universe are now inside me.

I reveal everything to Kero and he was amazed.

Kero: Whoa! So you are the leader of your own team!?

Me: Yep. We are called Team Loud Phoenix Storm and we have a massive mission to defend all of the entire universe from all evil.

Kero: I will gladly help you out J.D. But when you feel the presence of a Clow Card, you have to be ready for anything. Expect the Unexpected.

Me: Yes. I know that rule all too well. I was taught it ages ago. But we have to let everyone all over the estate know about what happened. And lets get you some cake. You must be hungry.

Kero: AW YEAH! CAKE!

Francis: What's this card doing on the ground?

Francis picked it up and it was called The Wood.

Me: Oh thanks Francis. I've been looking for that one. I'll explain in a bit.

We went to the kitchen and I grabbed some cake and we told everyone what was going on.

Varie: The Clow Cards are here in the estate?

Lucy: Gasp. I've read so much about the Clow Cards and how powerful they are. The mighty sorcerer Clow Reed made them.

Me: That's right.

Lincoln: So now we're not only after the Shen Gong Wu, but we're also after the Clow Cards as well.

Me: Yep. And we have to find all of them or it spells catastrophic disaster for the world.

Laney: And what are the two cards you have now?

Me: I have the Windy and the Wood.

I revealed the Windy Card. 風

And the Wood Card. 木材

Me: Windy is one of the 4 Elemental Force Cards and we have to find them for Kero's full power to be fully restored. The Wood from what I remember is a gentle Clow Card and she would never harm a fly.

Laney: So we have how many Clow Cards to find?

Kero: There's 52 of them.

Me: We have a lot of work to do. They could be anywhere and with 52 cards there's no telling what could happen.

Lincoln: So we not only have to cleanse the entire universe of the Fragments of Xehanort's evil and find all the Shen Gong Wu, but now we have to find the Clow Cards.

Me: Bingo.

FLASHBACK ENDS

Eli: That is awesome.

Twilight Sparkle: I didn't know you had the Clow Book in the estate.

Nico: That was really awesome too.

Lana: Some of the Clow Cards were easy to find. Others were used by various villains.

Nico: It's true. Those were tough to get to.

Lily: I found the Glow Card in our backyard and that was awesome.

Laney: It was amazing and the Flower Card is one of my favorites.

Me: She is an amazing dancer and likes to brighten places up with flowers.

Lola: That was a beautiful one. And that was at that French Festival too.

Me: The most interesting one was the Sweet Card. That one was making our cakes disgustingly sweet and she was REALLY going at it in cooking class.

Nico: I remember that. It was awful. But the funniest one was the Bubbles Card. That one covered J.D. and make him squeaky clean.

Me: Boy it sure did and that one had a sweet smelling scent too.

Demolishor: By the time we ended the Anti Fairies, we already got all the Clow Cards.

Me: Yep. That was on September 13th, 2019 and then the next day came the final test and that was with Yue. I was being tested to see if I was worthy of being the ultimate master of the Clow Cards.

Nico: Yep.

Laney: That was amazing. We had to take the battle to another planet to avoid having people get hurt.

Nico: Yep. Better to be safe than sorry.

Me: Yep.

Kero: Those were all awesome adventures though.

Sakura Avalon: Every adventure is awesome.

Me: It sure is. And our journey is never over as long as evil exists.

Eli: That's true.

Kero was eating a whole Chocolate Custard cake.

Eli: Kero sure loves cake.

Me: Kero LOVES Cakes and he can't get enough of the stuff. I have never known anyone that loves sweets like Kero does next to Lola.

Gina Smithers: Lola loves cakes and all sweets like Kero does.

Lola: You got that right Gina.

Mary Knudson: And I love sweets that much too.

Me: Yep.

Eddy: (to Yue) I suggested that instead of a fight, we show a clip montage of J.D.'s various deeds to prove that he's worthy. That would've made a good clip chapter.

Swerve: What a waste.

Maria: Horsea even did puppy eyes to beg you not to fight J.D.

Me: Well the customs of Yue and all of the Clow Cards don't work like that. Yue wanted to test the full extent of my power by going all out in a fight and to make sure no one got hurt we had to take the fight to another planet.

Nico: That's true. I remember that. That was epic and awesome.

Me: And it was all on September 14th, 2019.

Eli: Wow that was awesome.

Sakura Avalon: It sure was.

Me: Yep.

Eli: Who was the most dangerous enemy of Sakura's that you faced bro?

Me: That's an easy one. Her name was Su Young. She was a fortune teller that read peoples fortunes on the surface of water. A really amazing ability to predict the future. But she was one nasty woman.

Kero: Yeah. Clow Reed never spoke about it back then. But the story was that one day, Su Yung bumped into him on the street and they fell in love with each other that very moment. At the time, Clow Reed's magic was growing increasingly powerful. As he and Su Yung got closer, he taught her how to use magic. But she began to use her magic for evil instead of good. Clow Reed was the only one powerful enough to stop her. And as she plotted to destroy him, he learned of her plans and created another dimension in which to imprison her for all eternity.

Me: Yeah it was terrible. It started out as love at first sight but the power began to corrupt her and she was imprisoned in a dimension beyond space and time for all eternity.

Kero: That's right. It's a very complicated spell guys.

Eli: A spell that can create dimensions out of the reach of time and space? How unusual.

Kero: That's right. And Clow Reed knew that she could've escaped from a mortal prison using her magic.

Me: Her power was so strong that no prison on Earth could hold her. So Clow Reed made a dimension beyond the reach of time and space to trap her there forever.

Eli: And with an infinite number of dimensions across the infinitely vast reaches of the fabric of time and space, it could've been any one of them.

Me: That's right Eli and that Dimension became her tomb and when we defeated her we imprisoned her into the Book of Vile Darkness.

Kero: That's right. I remember that.

Nico: Same here. That was so awesome and epic. Her power and mastery over water was incredible.

Sakura Avalon: It sure was.

Luminous: Overall, our Clow Cards journey was worth it.

Brittney: It was worth it. But I was told by the spirits that one day we'll go on another journey with a new set of Clow Cards called The Clear Cards.

Nico: The Clear Cards?

Me: That's interesting. What are they?

Brittney: They are cards made by Sakura herself. They look like the Clow Cards but they are Translucent.

Sakura Avalon: That's right.

She told us about them.

* * *

The Clear Cards are new cards that started to appear after the Sakura Cards had turned blank and clear. It was revealed, in Chapter 23, that new cards were created by Sakura herself without realizing it, due to the growth of her magical powers.

Unlike either the Clow Cards or Sakura Cards, they do not begin with "The" before the name of the card. In addition, the Clear Cards have two kanji in their Chinese/Japanese name, as opposed to one in the Clow Cards and Sakura Cards (with the exception of The Hope, which also has two kanji).

---

When she was done we were amazed.

Nico: Wow this will be interesting. How many are there?

Sakura Avalon: 30.

Me: Whoa! Nico maybe we can find them on your rescues or the Ambassador Missions.

Nico: Not a bad idea.

Eli: This will be fun.

Nico: Yep. Anyway it's time for our next mission.

Me: And you will like this one. We're going to meet my friend Bastian Balthazar Bux.

Nico: Wow. Wait a second. Isn't he from the movie The NeverEnding Story?

Me: Yep from 1984.

Nico: Wow.

Then Toyman, Scorcher, Firepower, Evil Star, Key, Overdrive, El Diablo, Villamax, Wolf and Weather Wizard appeared.

Toyman: Can me, Scorcher, Firepower, Evil Star, Key, Overdrive, El Diablo, Villamax, Wolf and Weather Wizard go with you guys?

Nico: You all sure can. J.D. knows Bastian Balthazar Bux.

Key: From The NeverEnding Story!? Whoa this is gonna be an awesome adventure.

Me: Yep. I know where he's at.

Nico: We'll follow you J.D.

Me: Okay.

We were off to the middle of the city.

---

We were walking through the city.

Me: His house is not that far away. Now guys I have something you need to be aware of. Bastian is being tormented by three bullies named Ethan, Todd and Lucas and they hate Bastian with a terrible passion and want to make him suffer.

Nicole: I know those kids dad. They are trouble and are awful.

Gina Smithers: I'll deal with them if we see them.

Me: Thanks Gina. But not only that, Bastian is going through some rough times. His mother died in a car crash and it really devastated him and his dad.

Nico: Oh no. That's terrible.

Me: Yeah. So we're going to try and heal him by bringing his mom Laura back. He needs her more than ever.

Rarity: Oh poor boy.

Nico: We understand J.D.

Babs Seed: Nico, which Gene Slammer do you think will appear on your next rescue?

Nico: I'm hoping to go for a Kiusanan Acanthasteric Gene-Slammer next.

Me: A gene-slammer for the Orishan's natural predator. Good choice.

Shanan: It sure is Nico.

We arrived at the apartment building of the Bux residence.

Me: Here we are.

We went in.

We went up the stairs.

Nico: J.D. how do you know Bastian?

Me: We met 3 days after I met Lincoln and his family. I defended him from those bullies and he introduced me to his dad and told me all about what happened and with his mom. It dealt a huge scar on him.

Nico: That's awful. I'm sorry that happened to him.

Me: Yeah.

We arrived at the Bux door.

Me: Here we are.

I knocked on the door and Bastian opened the door.

Villamax: Hi. You must be Bastian.

Bastian: Team Loud Phoenix Storm.

Me: Hey Bastian. Good to see you again.

Bastian: I missed you J.D.

Me: Sorry I haven't seen you in a while though. Except at school. We've been so busy with everything and saving the world.

Bastian: So I have seen.

We went in and his dad saw us.

Barney Bux: Hey J.D. been a while.

Me: Hello Barney. Nice to see you again.

Nico: Awesome to meet you.

We then got to talking with Bastian and we saw that he was sad.

Spring Man: You must be very sad.

Bastian: I just had another dream about mom.

Me: I'm sorry Bastian. If it's any consolation many of us know what you are going through.

Jeri Katou: Yeah I lost my mom.

Static Shock: Same with me. The pain never stops.

Bastian: That's true.

Nico: I'm sorry Bastian.

Key: You want to eat something to feel better?

Bastian: Sure.

Me: Barney I think it's time you hear about what's going on with Bastian. He has to tell you this or he will only feel worse.

Barney Bux: What is it?

Bastian: (Signs)

Nicole: You can tell him Bastian. We're here for you.

Bastian: I'm being bullied at school and on the way there.

Barney Bux: What!?

Nico: There's these three kids named Ethan, Todd and Lucas and they hate Bastian with a terrible passion and want to make him suffer.

Me: They throw him in the dumpster and steal his lunch money.

Barney Bux: Bastian why didn't you tell me you were going through this?

Bastian: I didn't want you to worry.

Me: Bastian your dad cares about you and so do we. We're your friends too.

Eli: That's right Bastian. Those monsters will never hurt you as long as we have anything to say about it.

Twilight Sparkle: That's right Bastian. We look out for each other like a big family.

Me: We sure do. I'm sorry you are going through all this.

Zhalia: We need to pay those bullies a visit.

Me: Actually if I know Ethan, Todd and Lucas they will be coming right to us when we go to school.

Gina Smithers: This will be good.

Me: Barney we'll walk Bastian to school. (In my head) But the adventure is only just beginning.

We then walked to school and then we heard voices and out came Ethan, Todd and Lucas.

Lucas: Hey Bux, got any cash for us today?

Me: How about you three put an egg in your shoe and beat it?

Ethan: Who will stop us?

Gina Smithers: Me. You have no idea who you are messing with.

Todd: We'll see.

Me: Stay with us Bastian.

Gina Smithers: And another thing, your fathers are pathetic convicts that don't care about anyone.

Ethan: (Enraged) WHY YOU LITTLE!?

Ethan threw a punch at her but then she grabbed his punch.

Gina Smithers: Time for you to feel the heat.

Ethan's hand suddenly lit on fire and he screamed in pain and was badly burned.

They ran and screamed.

Gina Smithers: YEAH YOU BETTER RUN! AND DON'T LET US CATCH YOU PICKING ON BASTIAN EVER AGAIN!

Overdrive: How about I use my powers on a Monster Truck and chase them around?

William: Good idea! I want to see them run for their lives in terror.

Nico: No guys. They aren't worth it.

Me: Gina burning Ethan's hand is more than enough satisfaction for the time being.

Overdrive: Yeah you're right.

Nicole: I'll still be telling their parents about what they were doing. And so will Barney,

Bastian: Yeah.

I then sensed something coming from a book store.

Me: Now there's a store I remember.

We went over and went in.

Me: Hello?

Man: Get outta here. I don't like kids!

Me: Now there's a voice I haven't heard in a while. Carl Conrad Coreander.

Mr. Coreander: Well J.D. Knudson! Its been a long time.

Me: It sure has. How have you been?

Mr. Coreander: Been busy. How about you?

Me: Busier than ever saving the world and the universe. Oh this is my team and a lot has happened since we last saw each other.

Mr. Coreander: Pleasure to meet you all Team Loud Phoenix Storm.

Nico: Same here.

Me: Guys this is Mr. Carl Conrad Coreander. He is the owner of this book store and he has so many amazing books.

Twilight Sparkle: Wow it's amazing.

Nico: Pleasure to meet you Mr. Coreander.

Luxord: Any interesting books here?

Mr. Coreander: Lots of them. But there's one here that you will be fascinated with.

Bastian saw a book with a symbol on it.

Bastian: The NeverEnding Story.

Vince: Wow its been a long time since we saw that one.

Varie: Boy it sure has.

Me: Wow that's amazing. I heard some of us went into that world on one of our babysitting adventures.

Nico: I wasn't here when that happened but that sounded cool when I was told about it.

Laney: That was really fun.

Bastian: I think it's cool.

Jared: It sure was and that was when I had my Babysitting Adventure.

Nico: Right! I wasn't with the team back then. That was so awesome though.

Wolf: Any minute now, trouble's going to start.

Me: Well lets hope it doesn't happen too soon. May we borrow this book Mr. Coreander?

Mr. Coreander: Sure J.D.

Me: We'll be back with it.

We then went back to the estate.

Me: I sense trouble going on in this book.

We were getting ready to head to the world of The NeverEnding Story, but before we were about to leave, Lincoln's deep sapphire blue eyes glowed even more, as he sensed a dark energy, and he saw a vision of who that dark energy belonged to, it was none other than the enemy of Maya Fallegeros, Black Orchid, and Kim Wu, Gargos, The Shadow Lord and the main antagonist of the Killer Instinct series. When we saw that, it definitely meant trouble.

Nico: Uh oh, Lincoln, trouble?

Lincoln: Afraid so, Nico. (To Maya, Kim Wu, and Black Orchid) Maya, Kim Wu, Black Orchid, you three aren't going to like it one bit: the villain that I just saw was none other than Gargos.

The three Killer Instinct girls gasped in shock.

Maya Fallegeros: Lincoln, are you sure?

Lincoln: There's no doubt in my mind, Maya. The Shadow Lord has come out of The Astral Plane, and he wants to destroy everything.

Nicole: I've heard about Gargos, and that monster's the most dangerous villain in the Killer Instinct series, and he's major league bad news.

Lincoln: Maya, Kim Wu, and Black Orchid told us about him, and I'll tell all of you about Gargos as well.

Lincoln proceeded to tell all of us about Gargos, and we weren't going to like him one bit.

Gargos

Gargos is a diabolical half-god who, alongside Eyedol, has been one of the primary antagonists of the Killer Instinct franchise ever since he appeared as the final boss of the 1996 arcade game Killer Instinct 2. Although Gargos hasn't appeared in every KI title, his name or influence are always mentioned and he has strong ties to Jago.

Gargos made his return to the KI series after twenty years as a playable character in the Season Three of Killer Instinct (2013), and features once again as the game's end boss in its Shadow Lords mode. In each of his iterations, he is shown to be the eternal rival of the demon warlord Eyedol.

Biography

Appearance

In Killer Instinct 2, Gargos appears as a large, bulky, red-skinned gargoyle with pupil-less yellow eyes. He has iron bracelets on both wrists, his ears are pointed, and he has sharp claws on his hands and feet.

In Killer Instinct (2013), Gargos features a far more diabolical appearance. He now has reddish-purple skin, but also a tan chest and horn-like protrusions on his arms. His face undergoes a drastic redesign, giving him curled ram horns reminiscent of the Satanic idol Baphomet, with blank green eyes, bared fangs, no nose, and tusks jutting out from the sides of his lipless mouth. He has digitigrade legs with two large claws on each foot. His wings appear torn and tattered and emanate a green aura from the ends.

Gargos' retro costume is reminiscent of his original appearance in KI2, except that he perpetually bears a mocking grin on his face, and has become much taller and less bulky than his 1996 iteration.

## Personality

A devilish and god-like entity which is unfathomably powerful within its astral domain and profoundly corruptive anywhere else, the demon king Gargos has a singular obsession with attaining the ultimate power in the universe and enslaving the bodies and souls of all sentient beings; from those inhabiting the mortal realms to the ones dwelling within the astral plane itself. A diabolical personification of dominance and abasement, the Shadow Lord consumes all in his infernal path of conquest.

During the events of Shadow Lords, Gargos is shown to be particularly focused on finding the most powerful of the remaining astral beings who escaped him in the ancient past-the holy dragon spirit Yeouiju.

## Powers & Abilities

As the tyrannical Shadow Lord of legend, Gargos has attained untold power by absorbing the essence, or souls, of the numberless mortal and astral beings he has slain. A wandering plague upon existence itself, the demonic half-god can create dimensional portals which enables him and his servants to bypass the limitations of physical space; travelling vast distances in an instant, summoning his minions to his location, and allowing him to reach for his victims out of nowhere. This ability to drain the powers of his prey typically manifests itself as "soul-stealing", causing Gargos to gain Shadow Meter.

Despite his size, Gargos' wings enable him to fly both great distances in order to close the gap between him and his opponent or to put distance between them. His Instinct Mode allows him to transform his entire body into pure stone, making him impervious to the impact of his opponents' attacks (i.e.: no stagger or knockdowns on light or medium attacks) but at the cost of it greatly reducing his movement. He can then "erupt" his stone skin into shards which will inflict harm to his enemy and violently knock them back.

In Shadow Lords mode, Gargos boasts many unique astral powers such as rapid healing, ressurection, immense damage output, ability to inflict full damage on a blocking opponent, permanent Instinct Mode, etc. These powers can only be countered by defeating the four Omens that herald Gargos' arrival on the Earth. In the original universe, Gargos had a more limited, but still powerful, moveset that included claw-based attacks and spewing fireballs at his opponents, even from the air.

## Killer Instinct (1994)

Gargos was first mentioned in Killer Instinct (1994) as the "Tiger Spirit" which is worshiped by a reclusive order of Tibetan warrior-monks in the Himalayas. When a young Jago emerges as the order's most skilled combatant, the disguised demon lord bestows the unsuspecting monk a portion of his dark powers, and entices him to enter into the Killer Instinct tournament and slay Gargos' archenemy and eternal rival, Eyedol. Though Jago participated in the tournament and defeated Ultratech's first Fulgore prototype, it was his long lost half-sister Orchid who killed Eyedol in Killer Instinct 2 's storyline, paving the way for Gargos' uncontested dominion over the human world.

In Jago's original 1994 arcade ending, Gargos appears to him in the guise of the Tiger Spirit and empowers his unwitting pawn yet further as a reward for Eyedol's destruction.

## Killer Instinct 2

### Story

The Tiger Spirit, the Supreme Warlord, the Ultimate Servant of Chaos. He has had many names and many appearances to match, all equally deadly. Returning to the ancient world with neither Eyedol nor those responsible for his banishment around to threaten him, Gargos takes his place once more at the head of his devoted cult amidst the shadows. He revives a servant in the form of Spinal, tells his pawn Jago of his true intentions, and begins his campaign. Swiftly recovering the strength lost during his 2000 year exile, he sets his sights on a reign of unopposed fear and brutality.

## Killer Instinct (2013)

Though Gargos did not yet appear during the Seasons One and Two of Killer Instinct (2013), his presence already loomed strongly. Jago's story revolves around the warrior-monk searching for ways to cleanse his spirit of the demon lord's lingering influence, lest Gargos takes control over his soul and twist him into an agent of chaos and death. Shadow Jago, Season One's hidden boss and a playable character since Season Two, embodies this grim fate, in which Jago's will has succumbed and he is possessed by Gargos' servant, Omen. When Shadow Jago activates his Instinct Mode, a demonic gargoyle's face rather than the image of the Tiger Spirit manifests, clearly meant to invoke Gargos.

In Season Two, the new character of Omen is introduced as the herald of Gargos, who has been sent to "prepare the world" for the return of his master. Omen sets out to achieve this by first possessing Jago, and then using the warrior-monk's body to assault two of the Earth's appointed guardians: the immortal Watchman known as Tusk and the young Dragon warrior called Kim Wu. As Shadow Jago, Omen attempts to murder them both and steal their consecrated weapons from them. While Omen succeeded in possessing Jago, he fails to assassinate either Tusk or Kim Wu, having to flee from Tusk and ultimately being defeated by Kim Wu.

Gargos was subsequently confirmed as the 6th playable character of Season Three, and was officially released on May 27th, 2016. An unplayable version of Gargos, which boasts unique special powers and abilities, additionally features as KI 2013's final boss in Shadow Lords mode.

## Story

There is another dimension - the Astral Plane. It is ruled by the evil tyrant Gargos. Long ago the other Astral beings resisted this Shadow Lord, but he slew them all and stole their powers. Good creatures known as Guardians fled from Gargos and his minions, escaping to other dimensions, and they sealed the Astral Plane behind them so that the corruption of Gargos could never taint another world - until the sorcerer Kan-Ra re-opened that door, manipulated by Gargos' powerful mind control. Now Gargos is invading the Earth with his army of duplicate fighters called Mimics. This twisted demigod must be stopped, or he will enslave the human race forever.

---

When Lincoln was done, we were indeed horrified at Gargos' dark actions.

Me: My God, Gargos is indeed a dangerous monster who needs to be destroyed.

Nico: You said it, J.D. Gargos desires only power and of course, universal domination. He needs to be destroyed and wiped from existence forever.

Wang Yi: Then, allow me and Lincoln to be the ones to put an end to Gargos forever.

Nico: Alright, Lady Wang Yi, you and Lincoln show no mercy to Gargos.

Lincoln: Trust me, Nico. Gargos deserves no mercy for all those numberless mortal and astral beings he has slain. He's nothing more than a plague on all of existence, and he deserves only one thing: a horrible death, and he'll also be sent to The Black Gates forever.

Me: Awesome.

Nico: Alright, everyone, let's get going.

We then headed off for the world of The NeverEnding Story, and later on, Wang Yi and Lincoln are going to fight against the diabolical Shadow Lord, Gargos, and end his miserable life for all eternity, along with his obsessive desire to rule the universe.

I then concentrated and then in a flash of light we were all in Fantasia! It was a beautiful and magnificent place.

Me: WHOA!

Varie: Wow! So this is Fantasia.

Nico: Incredible!

Eli: Wow! It's magnificent.

Me: It's the world of dreams.

Kirby: Amazing.

Eli: But I sense a huge evil force at work. Something is seriously wrong here.

Nico: J.D. you have experiences with this don't you?

Me: Yes I do as a matter of fact in spiritual terms. I watched the movie The NeverEnding Story constantly back when I was growing up.

Nico: Wow.

Rubberband Man: Things look fine so far.

Nico: Lets head to the Ivory Tower.

Me: Here we go.

Eli: Hold on Bastian.

We were off to the Ivory Tower!

We flew and then we saw the Ivory Tower.

---

In the first film, the Ivory Tower is first shown from a distance, witnessed by the Night Hob, Teeny Weeny, and the Rock Biter, the latter one proclaims in awe, "I never knew it was that beautiful".

All of the inhabitants of Fantasia arrive at the top of the Ivory Tower to seek help from the Childlike Empress, but Cairon, the Empress's herald, informs them all that the Empress is dying, but that a warrior named Atreyu might be their only hope of stopping the Nothing, the force that threatens Fantasia. When Atreyu arrives, Cairon bestows him with the AURYN, the symbol of the Empress.

The Ivory Tower is seen again, floating through a galaxy-like void alongside other fragments of Fantasia; the Nothing has consumed almost everything in the world. Atreyu, riding on Falkor the Luckdragon, arrives at the Ivory Tower, believing he has failed the Empress, since, in order to save her, a human child has to bestow upon her a new name. She reveals that he has not failed, as the human child he has made unknowingly made contact with is the one reading the book: Bastian Balthazar Bux. Bastian, who is reading this, initially does not believe this, but as the Nothing starts to slowly destroy the Ivory Tower and knocks out Atreyu, Bastian, at the last moment, gives the Empress the name "Moonchild." He chooses this name because in the novel, he is drawn to the Empress' eyes which remind him of 2 large moons.

When he meets the Empress, she is holding a single grain of sand; all that remains of Fantasia. Bastian is given the power of unlimited wishes, which he uses to restore Fantasia.

---

Me: Wow!

Nico: Wow so that's the Ivory Tower. Incredible.

Laney: So beautiful.

Me: And it's the home of the Child Like Empress.

We arrived and then we saw Cairon come out.

Cairon: Friends I know why you are all here. The Nothing is destroying our world. I also know that you have come to beseech the Empress for help. But I, I have terrible news. The Empress herself has become deathly ill.

We gasped.

Nico: Oh no.

Me: Uh oh.

Cairon: There seems to be a mysterious link between her illness and the Nothing. She's dying. So she cannot save us. But there just might be one chance. The Plainspeople who hunt the purple buffalo have among them a great warrior and he alone has a chance to fight the Nothing and save us. He is our only hope. His name is Atreyu.

Nico: Atreyu.

Bastian: Atreyu.

A young warrior named Atreyu came forward.

Nico: Is he?

Me: Yep that's him. Atreyu may not look like it but he is a skilled one.

Cairon: If you really are the Atreyu we sent for you would be willing to go on a quest?

Atreyu: Yes of course. What kind of a quest?

Cairon: To find a cure for the Empress and to save our world. No one can give you any advice except this. You must go alone. You must leave all your weapons behind. It will be very dangerous.

Atreyu: Is there any chance of success?

Cairon: I do not know. But if you fail, the Empress will surely die. And our whole world will be utterly destroyed.

Me: That's a huge mission. What a burden on his shoulders.

Nico: No kidding. We can't let him go alone.

We went up to him.

Nico: Cairon.

We went up to Atreyu.

Atreyu: Guys?

Marie K.L.: Been a long time Atreyu.

Me: Pleasure to finally meet you in person Atreyu. We are Team Loud Phoenix Storm.

Everyone gasped in shock when they heard our name.

Nico: We have changed a lot and grown in numbers too.

Atreyu: I can see that and it's an honor to meet you all.

Me: Same here. My son Jared told me everything about what happened here and it was scary but terrible about everything The Nothing is doing.

Eli: No kidding.

Nico: Yeah. But Atreyu we can't let you handle this burden alone. It's too much for one warrior to handle.

Cairon: It's just for Atreyu only.

Nico: I'm sorry Cairon but Atreyu is our friend and we consider him as part of our family too. We all go together as one and as one big team and we get the job done faster when we are a team.

Me: That's right. There's Strength in Numbers and Divided we are weak but United we are strong.

Nico: That's right.

Cairon: I understand.

Atreyu: Thank you guys. We have a lot to catch up on.

Me: Many things have changed for us.

Atreyu was later given the Auryn and so were we and it was a cool medallion.

We were off.

Scorcher: Where do we go first?

Me: From the looks of things we just follow Atreyu!

We flew far and fast.

Shocker: Think we should also bring Bastion's mom back.

May: I think that would brighten his mood.

Nico: We'll worry about that later.

But little did we know that we were being pursued by a very familiar evil presence that we haven't faced in 4 years was coming right for us.

Eli sensed something.

Eli: (In his head) Something is coming and it's evil.

Firepower: Ateryu, you do know where you're going, right?

Atreyu: Yes we're going to find Morla the Ancient One for advice.

Me: Uh oh!

Nico: What is it?

Me: We're going to the Swamps of Sadness to speak to him.

Lana: Not good.

Me: (GULP)

We flew on and we then arrived at the TREACHEROUS AND DEADLY SWAMP OF SADNESS!

---

The Swamp of Sadness is a deadly swamp that symbolically represents pure depression, and is an early location in Fantasia in The Neverending Story.

It is where the giant turtle Morla, the Ancient One, lives, and where he informs Atreyu of the remaining distance for his journey to reach the Southern Oracle, ten thousand miles away.

Legends say that whoever lets despair overtake him or her will sink into the swamp.

Artax, Atreyu's horse, was the swamp's most unfortunate victim. Grieving, and barely able to go on, Atreyu is sinking into the swamp when Falkor the Luckdragon swoops in and rescues him, just as Gmork, the Nothing's evil wolf-like servant, is almost upon him.

The Nothing devours all of Fantasia, save for a single grain of sand and the Childlike Empress. Bastian uses his imagination to restore Fantasia to its former glory, and Atreyu is seen riding Artax across his homeland in the Grassy Plains. The Swamp of Sadness was not seen again in the new Fantasia.

---

We were scared of the swamp.

Me: This place always gives me the creeps.

Nico: No kidding. I always get scared seeing this place.

Eli: Same here.

Me: Stay close everyone and don't give into despair even though we absorb negative energy.

Nico: I got this.

Nico encased us in a floating bubble and we floated over the swamp in it.

Crimson: This is gross!

Nico: Well what did you expect Crimson?

Me: I think that's the Shell Mountain there.

We saw the Shell Mountain and we floated over and we looked around and we saw the mountain rise up and then we saw MORLA THE ANCIENT ONE! HE WAS A HUGE TURTLE!

Me: WHOA!

Nico: WOW!

Atreyu: Are you Morla the Ancient One?

Morla: (Yawns) Not that it matters but yes.

Me: We're sorry to interrupt your sleep. We are Team Loud Phoenix Storm and we have come to ask for some information. The Nothing is destroying all of Fantasia and we need to save the Child Like Empress.

Morla: That is something. But I'm afraid we don't know what to do. But you can ask the Southern Oracle.

Nico: Then that's where we need to go.

Me: 10,000 Miles away.

Evil Star: Why do I get the feeling we're just going on a wild goose chase?

Nico: No he's telling the truth and that's where we need to go.

Me: Hold on tight everyone.

I then used Instant Transmission and teleported us to the home of Engywook.

Me: Engywook's home. He's studying all about the Southern Oracle.

Nico: Smart thinking.

Engywook came out.

Engywook: Ahh you all are here.

Me: Engywook I presume?

Engywook: That is right.

Me: An honor to meet you.

Kevin Levin: We kinda need your help.

Me: We're looking for the Southern Oracle.

Nico: Fantasia is teetering on the razor's edge of death and we need to consult the Southern Oracle to help us.

Engywook: Of course. Right this way.

We went up to a telescope and we looked on and saw a strange glowing yellow gate.

Atreyu: Is that the Southern Oracle there?

Engywook: Oh no. It's the 1st of the 2 gates you must pass through before you reach the Southern Oracle.

Me: I remember this. Those Sphinxes are hard to get by. They fire powerful energy blasts from their eyes and kill anyone no matter what kind of armor you have.

Nico: Whoa. Lethal.

Laney: Is that knight going to try it?

We saw a knight riding up to the gate.

Me: Looks like you're all going to see it in action.

The knight rode on and then he got closer and closer and then the Sphinxes eyes opened and then..

WHOOSH WHOOSH!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

They fired energy beams that hit the knight and killed him in an instant.

Nico: HOLY MACKEREL!

Lily: WHOA!

The knight was dead in an instant.

Nico: WHOA!

Eli: That was powerful.

El Diablo: Well, this shit got complicated fast.

Nico: Oh boy. No kidding.

Atreyu: We got to try it!

Me: Lets go!

We went to try it and we were walking towards the Sphinxes and they were glowing yellow statues and they looked amazing and cool.

Me: Wow.

Nico: Stay confident everyone.

We got closer and closer and it was gonna be a challenge.

Me: Oh wow.

We walked on and it was awesome seeing the statues and then we saw the knight that was down and we went up and we lifted his armor plate and saw that he was burned to a crisp!

Me: Whoa!

Nico: Toasted. Lets go!

We flew as fast as light and then the Sphinxes eyes opened and fired and we got out of the way of the blast and we were safe!

Me: WHOA! That was close! But now we must face the worst gate. The Magic Mirror Gate.

We were walking through snow and we weren't afraid we saw the Magic Mirror Gate and then we confronted our true selves and they were evil. But we weren't intimidated and we arrived at the Southern Oracle. They were glowing blue versions of the Sphinx Gate.

Nico: Whoa.

Southern Oracle: Do not be afraid. We will not harm you. We have been waiting to meet you a long time Team Loud Phoenix Storm.

Maria: Are you the Southern Oracle?

Southern Oracle: Yes we are.

Atreyu: Then you must know what can save Fantasia.

Southern Oracle: Yes we do.

Me: What is it?

Southern Oracle: The Empress needs a new name.

Me: A New Name from a human child?

Eli: Let me guess. From one of us?

Bastian: You mean me.

Southern Oracle: That's correct.

Me: Then we got to hurry. First we have to take care of something.

Nico: To the Sea of Possibilities?

Me: To the Sea of Possibilities.

We then had Atreyu and Bastian get on Falkor and we were off.

May: I hope we're not too late!

Nico: We are not gonna be too late.

We arrived at The Ruins in the Sea of Possibilities.

Nico: Here we are.

Me: This is where we go into battle.

Eli: The evil I sensed earlier is close.

Nico: The Nothing is coming.

Me: Follow me.

We went into the ruins and saw pictures on the walls.

Me: Wow.

Nico: I sense a huge energy.

RD Luna: Dudes, it's entrance time!

Nico: Right now.

We hid and then ran towards a Wolf Mural and then the spirits of the first 10 Years of Power Rangers swirled around it and then converged and then…

KRABBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off and a phoenix cry was heard as a growl was heard and we came out and we saw GMORK!

---

Gmork is the secondary antagonist of the first half of the 1979 German fantasy novel The Neverending Story by the late Michael Ende and the secondary antagonist of the 1984 fantasy film of the same name. He was the Nothing's former henchman.

He was voiced by Alan Oppenheimer in the film and the late Don Francks (who voiced Mok Swagger in Rock & Rule) in the animated series.

Gmork's main mission is to track down and kill Atreyu. He and other dual-matured creatures like him do not possess a world of their own like Fantasticans and humans do. Instead, he is able to travel between worlds, changing into a Fantastican or a human (depending upon the world), but in appearance only. Gmork's knowledge of Fantastica (Fantastia) interested the Manipulators, which is the reason they gave him his mission. However, Gmork himself never manages to catch up with Atreyu because the latter uses the magical powers of the poisonous bite of the monster Ygramul to wish himself to the Southern Oracle.

Finally, Atreyu meets Gmork in Spook City (where he is chained) and Atreyu employs the name Nobody to hide his identity in shame of his failure to complete his quest. Gmork confesses that he has been hunting a boy sent on a quest by the Childlike Empress to find her a new name, but lost him early on. Then Gmork met the Princess of Darkness named Gaya, who, upon hearing of his mission to help the Nothing, chained Gmork with an unbreakable magical chain and leapt into the Nothing, leaving him to starve. Gmork explains to Atreyu the nature of the Nothing, and that if a Fantastican enters it, they become a "lie" in the human world. Eventually, Gmork reveals the name of the boy he is pursuing and Atreyu reveals his identity, which makes the wolf laugh until he finally succumbs to starvation and dies.

In the novel, Gmork's evil lives on after his death. As Atreyu approaches the dead wolf, the carcass lashes out and grabs Atreyu in its jaws. However, being held by Gmork prevents Atreyu from being able to give in to the overpowering urge exerted by the Nothing to throw himself into it. He is freed from Gmork's grip by Falkor, who escapes with him to the Ivory Tower.

---

Me: Gmork!

Nico: Oh boy.

Gmork: If you come any closer, I will rip you to shreds!

Me: I'd like to see you try.

Weather Wizard: I've got something better for you right here!

Gmork: And you all whoever you are can have the honor of being my last victims.

Me: We don't die that easily. We are warriors.

Gmork: Ha. Brave warriors. Then fight The Nothing.

Nico: That's exactly what we intend to do.

Gmork: Foolish humans. Don't you know anything about Fantasia? It's the world of human fantasies. Every part, every creature of it, is a piece of the dreams and hopes of mankind.

Me: We actually know all about that. It's the place where dreams are made a reality.

Nico: That's right.

Atreyu: But why is Fantasia dying then?

Gmork: Because people have begun to lose their hopes and forget their dreams. So The Nothing grows stronger.

Atreyu: What is The Nothing!?

Gmork: It's the emptiness that's left. It is like a despair destroying this world. And I have been trying to help it.

Me: How could you do that!?

Atreyu: But why!?

Gmork: Because people who have no hopes are easy to control. And whoever has the control has the power.

THUNDERCLAP THUNDERCLAP THUNDERCLAP THUNDERCLAP THUNDERCLAP!

Nico: The Nothing is getting close.

Atreyu: Who are you REALLY?

Gmork: I am the servant, of the power behind The Nothing. I was sent to kill the only one, who could've stopped The Nothing, I lost him in the Swamps of Sadness. His name, was Atreyu!

THUNDERCLAP!

Me: Now it's personal!

We unsheathed our swords!

Atreyu: If we're about to die anyway I'd rather die fighting! Come for me Gmork! I AM ATREYU!

THUNDERCLAP!

Nico: LETS POWER UP AND GET HIM!

Then an energy cage formed around Gmork!?

Nico: What the!?

Laney: Looks like the usual battles are coming.

Me: I have an idea!

I flew up into the air and formed a huge Spirit Bomb!

Me: Bastian, infuse the Spirit Bomb with the new name of the Empress. It's our only hope!

Bastian: Right! MOONCHILD!

The Spirit Bomb Glowed powerfully with an intense blue aura and it sucked in The Nothing like a black hole!

Nico: WHOA! That is awesome!

Gmork: NO! THE NOTHING! IT'S BEING SUCKED IN!

Nico: Keep at it J.D. we'll hold him off and have our usual battles too!

Me: Right!

King Kai saw me use the Spirit Bomb like this and it was incredible!

King Kai: Wow! This is unbelievable! Not even Goku thought of using the Spirit Bomb like this. This is amazing.

Then Angel, Evilseed, See-More, David Cain, Eccentro, Ebon, Electro, Femme Fatale, Lightspeed Rescue Loki and New Wave appeared.

Nico: Angel, Evilseed, See-More, David Cain, Eccentro, Ebon, Electro, Femme Fatale, Lightspeed Rescue Loki and New Wave.

Angel: Looks like the fun is starting.

Nico: Yep.

Eccentro: What's J.D. doing?

Nico: He's using the Spirit Bomb to destroy The Nothing. Bastian infused it with the cure for The Empress.

Loki: That's clever! I made an energy cage to hold Gmork while we have the battles.

Nico: Thanks Loki.

Angel: Bastian, when this is over, we have a surprise for you.

Bastian: What is it?

Evil Seed: We can't tell you.

See More: Just be patient for a little while longer.

David Cain: (to Nico) We heard you visited Kandrakar.

Nico: We sure did.

Eccentro: What was it like there?

Nico: Peaceful without Phobos running the place. But we went and got Nerissa a pardon for her crimes.

Eccentro: That's great! I'm glad she now has a clean slate.

Nico: We are too.

?: That is good.

A figure came out and it was JADE GLADIATOR from episode 30 of Dino Thunder!

---

When Anton Mercer became Mesogog in Mercer's lab, he used an experimental plant and turned it into the Jade Gladiator. This monster was created even without the Geno-Randomizer. The Gladiator attacked Reefside and encountered four Rangers since Trent was busy fighting with his evil clone. The Jade Gladiator fought the Rangers, who used Thundersaurus Megazord. Their attempts were unsuccessful. The monster fought the Megazord and successfully defeated it with arrows from his plant bow. Jade Gladiator used his botanic power to bring back Deadwood, the Tree of Life, and brings to life a new monster: Skortch. The Rangers destroyed the monsters and Tommy formed the DinoStegazord. Then Trent arrived and the Rangers formed Thundersaurus Megazord again. After all five Dino Rangers joined together and defeated his creations, the Valkasaurus Megazord is formed and destroyed the Jade Gladiator once and for all.

---

Connor McKnight: Jade Gladiator!

Jade Gladiator: Been a while rangers.

Nico: I remember you! You were made as part of an experimental plant and you were sent to destroy Reefside and attack the rangers since Trent was busy fighting that evil clone.

Jade Gladiator: That's right Nico. Good memory.

Maria: It's awesome that you brought Deadwood back to life before.

Nico: It sure was.

Jade Gladiator: Is it true that he's part of the core 310?

Nico: Yep.

Jonny 2X4: And he's my archenemy. Pretty cool huh?

Jade Gladiator: It sure is and we have another 2 new recruits.

Then out came 2 figures and 1 was DOGADON from Donkey Kong 64 and NUCLEAR MAN!

---

Nuclear Man

The first Nuclear Man, created by Lex Luthor in the laboratory, looked almost like Bizarro in his appearance. This incarnation terrorized Metropolis at night, attacking a Night Club and inflicting casualties (such as frying a woman when she took a liking to him).

However, this Nuclear Man was rather weak and was easily destroyed by Superman when the Man of Steel kicked the supervillain into a power transformer after a brief duel using cars, garbage cans, and other street objects. After collecting remains of the deceased first Nuclear Man with the help of his nephew Lenny, Lex decided he needs much more energy in order to create the stronger entity. Sneaking the remains on board the Nuclear Missile horde Superman tossed into the sun, a second and more powerful Nuclear Man was born.

Movie

Nuclear Man was created by Lex Luthor from a strand of hair containing Superman's DNA, made into a "genetic stew" which was birthed into a living being when Superman threw the nuclear missile containing the device that had the "stew" into the sun. He had about the same powers as Superman, and had nuclear radiated claws which can poison a man. If he's not in sunlight, he will become powerless. In Superman's first encounter with Nuclear Man, he caused a number of disasters to distract Superman, such as causing a destructive tornado in Kansas, blowing out parts of the Great Wall of China, causing a volcanic eruption in Italy, trying to detonate a nuclear missile in the heart of Moscow, and dropping the Statue of Liberty into the heart of a city and pierced the Kryptonian's skin when he tried to save the Statue of Liberty, causing him to lose his powers and his health. As he continued to be Lex's pawn, he fell in love with Lacy Warfield. After Superman restores himself with the use of the energy module from his star ship, he had a rematch with Nuclear Man. Their fight brought them to the moon where Nuclear Man buries the Man of Steel in the moon, and kidnaps Lacy. Superman then stopped Nuclear Man for good by causing a sudden solar eclipse when he moved the moon in front of the sun, then dropped him into the heart of a nuclear reactor where he would become an abundant source of energy.

## Powers and Abilities

Nuclear Man (2nd) is extremely powerful: he is completely incapable of exhaustion, for one. He possesses superhuman strength that rivals Superman, as well as incredible speed, reflexes and durability. He is capable of rendering himself immune to Earth's gravity, and can also survive in the vacuum of space flawlessly. In a fight, Nuclear Man is extremely dangerous, being the only person in the Superman films up until Man of Steel to truly outmatch Superman in combat, and very nearly kill him. Nuclear Man's main ability are his intensely potent talons that can inflict a fatally poisonous injury upon whomever they come into contact with.

## Dogadon

Dogadon is a minor antagonist who serves as the second and fifth boss in Donkey Kong 64. He is fought by Diddy Kong in Angry Aztec, the second level of the game, and by Chunky Kong in Fungi Forest, the fifth level of the game.

Dogadon is first seen in the Angry Aztec boss arena where he fights Diddy Kong after the latter squashes another member of his species that is much smaller than him, which he reacts to in anger (it is unknown if they were related). He flies around different parts of the arena hurling fireballs at Diddy, which Diddy can avoid if he keeps moving. Meanwhile, there's a TNT barrel that keeps regenerating in the center of the arena, and whenever he periodically lands to scold him, that's Diddy chance to hurl it at him and cause him to fall into the lava. After being hit 3 times, Dogadon is defeated and leaves behind the second key to K. Lumsy's cage.

He later returns in a volcano in the Fungi Forest that acts as its boss arena where he fights Chunky Kong. At first, the fight works the same way as the first time around, with him hurling fireballs at Chunky that he must avoid by making sure to always be on the move whenever he's firing them, and Chunky being able to fight back by hurling a TNT barrel at him whenever he lands that keeps regenerating in the center of the arena. However, Dogadon quickly starts showing some new tricks, like a body slam that causes a small shockwave that Chunky must jump over to avoid, and more notably, after two hits, he creates a wall of fire that slowly moves across the stage towards Chunky, which is high enough that he can only avoid it with a very well-timed backflip. After he takes a third hit from a barrel, he angrily stomps on the arena, causing it to sink into the lava, giving Chunky a very limited amount of time to defeat it before it sinks completely. At this point, Chunky must keep throwing TNT barrels at him whenever he lands, but a variation occurs where instead of falling into the lava, Dogadon merely reels and a Chunky Barrel appears. Chunky must use the barrel to grow to Dogadon's size and then wail on him with a variety of punches, with his Primate Punch technique being the most effective. If Chunky manages to land enough punches before the arena completely sinks, Dogadon gets sent flying into the wall, then sinks into the lava, at which point he briefly emerges before seemingly burning up in it and leaving behind the fifth key to K. Lumsy's cage.

A cutscene shown when the Kongs enter Crystal Caves shows King K. Rool boldly pacing in his lair, stating that the Kongs would have no choice but to admit defeat when they tangled with his "fiery little pet". Dogadon slowly flies into the viewing area, and lands with his tail between his legs before he reports to his master of how horrible the two battles have been for him. He then expresses a desire to lie down due to not feeling well, with the view shutting out as he speaks.

Dogadon's last appearance is at about two minutes in the one-hundred and one percent secret ending, where a fifteen-second take shows him roaring at Diddy. Dogadon then notices a small, yellow

Gnawty behind him, and he flees behind Diddy. Dogadon is crying while the Gnawty makes squeaking noises at him. Diddy then shrugs.

---

Superman: Nuclear Man!

Nicole: And Dogadon from Donkey Kong 64! Wow! Its been a long time since I saw that one.

Nico: Awesome!

Eli: This is gonna be awesome.

Nico: Yep and Eel we owe you big time for helping us out with Herbie.

Eel: Think nothing of it Nico and I'm glad I can lend a hand. Now I can have my official fun with Laney Simmons.

Nico: Awesome.

We got the usual battles underway.

---

Skyla, Rainbow Dash, Scootaloo, Air Skylanders, Star Fox Team, Luminous and Nightshade VS Angel - Nico's rescue

---

Angel was first.

Angel: (to Skyla) Nico didn't really have to rescue anyone this time. All he had to do was set the record straight.

Skyla: That's right and it was all for getting Nerissa a clean slate.

Rainbow Dash: It was awesome that Nico got a clean slate for her and we're happy for her.

Scootaloo: Same here and it was awesome.

Whirlwind: It was great that they got Nerissa redeemed. And J.D. went with Nico and Emerald and so did the Guardians. Good call on that.

Fox McCloud: That was a good call.

Angel: It sure was and I'm glad Nerissa is redeemed. Lets do it!

They fired waves of wind, lightning, rainbows and energy and smashed her down.

Skyla: ALL RIGHT!

Rainbow Dash: That was AWESOME!

Mallow: It went really well and the group destroyed the One Ring and also destroyed both Sauron and Gollum.

Fluttershy: It was a great adventure and rescue.

Ash: Her name is Gina Smithers and she is a really awesome girl.

Pikachu: Pikachu.

Pinkie: Pie: She sure is and she is a powerful one.

Featherweight: But we found out a terrible revelation about Pablo and Anderson. This all happened two years ago, Mom, Dad, and Gina were walking home from a restaurant in Gotham Royal York, but then, we were ambushed by Pablo and Anderson. They wanted to rob and kill them, and they had knives in their hands, and they were completely driven by bloodlust. They stabbed Gina's father and mother in the stomach, and they also were about to stab her, but she fought back by breaking Anderson's arm, and she punched Pablo so hard in the stomach, he coughed up a massive amount of blood. Then, Gina grab those two heartless psychopathic jerks by their necks and tossed them into trashcans, and they fled in fright. Then, Gina got out my phone and called 911 and the police, and her Mom and Dad were loaded into an ambulance and were on their way to the hospital, and the cops cuffed and arrested Anderson and

Pablo. But, those morons got away when their heartless jerks of fathers killed the cops who were taking them to the jail.

See-More gasped!

See-More: That's horrible! Those guys are pure evil incarnate. They have no conscience at all. Gina went through like with what happened with Bruce Wayne.

Sprocket: Very similar.

SpongeBob: That's horrible.

Patrick: You're not kidding.

Sandy: And those sidewinders got a one way trip to the Malevolent Insanity world for a while.

See-More: Good riddance to bad rubbish. Taylor made the right call in severing her ties to those two chumps.

Ash: She sure did.

See-More: Thank goodness. Lets do it!

They fired waves of lightning, metal, gears, energy and bubbles and smashed him down.

Ash: ALL RIGHT!

Femme Fatale was next.

Femme Fatale: (to Alexis) It's amazing how J.D. knows Bastian, his dad, and Mr. Coreander. (laughs) I also liked how Gina burned Ethan's hand!

Alexis: And all this happened in the old days and that was so amazing. Also Gina is not just hot to the touch in metaphorical terms it's literal too. So amazing.

Rarity: That is really amazing darling. Whew! She is hot when she turns into a Lava Golem and hot when she uses her powers.

Sweetie Belle: Yeah it was amazing. Bastian's dad is gonna talk to the school about his problems now.

Femme Fatale: Thank goodness. Poor Bastian though.

Gill Grunt: Yeah he went through a rough life.

Kirby: Poor kid.

Francisca: But I'm glad J.D. is a good friend for Bastian.

Flamberge: And this was all before the team got together.

Zan Partizanne: Lots of amazing experiences. And Coreander is a great friend.

King DeDeDe: He sure is awesome and knows a lot of books.

Meta Knight: He's also one of the high-school teachers too. He works in the library.

Femme Fatale: That is amazing. I'm happy for J.D. and how he knows all about the NeverEnding Story and all that. Lets do it!

May: It will and also Gmork's pelt will go great in our room.

Applejack: I don't think Fluttershy's stare will work on Gmork.

Apple Bloom: No it won't. He's pure evil.

Flashwing: Yeah what a monster.

Sora: Being turned into a fur pelt is perfect for him.

Kairi: I agree. What a monster.

Maria: Wow! It sure is. Wow!

They saw me with a massive Spirit Bomb as big as the Moon and it was sucking in the entire Nothing like a vacuum.

Maria: Wow! I didn't know the Spirit Bomb had this kind of power. It's sucking in the darkness of The Nothing and destroying it completely.

Fiona Hernandez the Uria, Lord of Searing Flames Gene-Slammer,

# Apple Bloom, Sweetie Belle, Scootaloo, Diamond Tiara, Silver Spoon, RD Lola and Misty Tredwell VS Kimberly Ann Hart the Pink Ranger Slayer

---

Pink Ranger Slayer was next.

Pink Ranger Slayer: What was your favorite place here in Fantasia?

Fiona Hernandez: The Crystal Towers are one of my favorite places here in Fantasia and they are beautiful. The Landscape of Fantasia is really amazing and incredible to see. But the scariest place is The Swamps of Sadness and that place always made me feel uncomfortable. I watched The NeverEnding Story back when I was a little girl and that swamp always gives me the creeps. But the saddest scene was seeing Artax die.

Pink Ranger Slayer: Yeah that was sad. But at least Nico didn't let that happen.

Fiona Hernandez: Thank goodness. But that swamp is scary and every time I see it, it always sends shivers down my spine. One of the most treacherous and deadliest places I've ever seen and the amount of despair and sadness it had was mindbogglingly scary.

Apple Bloom: It sure was and it was like a swamp of evil.

Sweetie Belle: One of the most treacherous swamps we've ever seen.

Scootaloo: Much more treacherous than anything on Earth.

Diamond Tiara: That is crazy.

---

Weddinmon was next.

Weddinmon: Does Fantasia have its share of villains?

Marie Hernandez: As a matter of fact yes it does. The 2 worst ones are The Nothing and Gmork, who we are facing now. But there's a third one that we have to watch out for and monitor very closely and that's Xayide. She's a Dark Queen and she wants to overthrow the Empress and rule over Fantasia and turn Bastian into her mindless slave. She lives in Horok Castle. It's a castle that is in the shape of a human hand and it is creepy. But Xayide will never get away with her crimes as long as we have anything to say about it.

Frozen Fright: I've heard about Xayide and it's said that she is the first ever example of what a Nobody is like. She has no heart, no soul, no conscience, all emptiness.

Thunder Terror: Is she a member of Organization XIII that Xehanort forgot about?

Magma Gloom: I don't think so. Even though she is like a Nobody and has no heart and all that she is obviously not affiliated Organization XIII or Xehanort.

Toxic Horror: It's strange though that she is a Nobody here in Fantasia. How weird.

Louie PoisonSea: Hard to imagine that there's someone like that here in Fantasia.

Marie Hernandez: We'll have to keep a very strong and close eye on Xayide and strike at her when she makes a move.

Weddinmon: Agreed. Lets do it!

They fired waves of lightning and elements and smashed her down.

MArie Hernandez: LIGHTNING WINS!

Fearful 5: FEARFUL 5 WINS!

Maya Fallegeros: There's no mistaking that evil voice from anywhere. You can come out now, Gargos.

A gigantic figure with reddish-purple skin, tan chest and horn-like protrusions on his arms, curved ram horns reminiscent of the Satanic idol Baphomet on his head, blank green eyes, bared fangs, no nose, tusks jutting out from the sides of his lipless mouth, digitigrade legs with two large claws on each foot, and large torn bat wings appear torn emanating a green aura from the ends came out, and it was none other than Gargos, the tyrannical Shadow Lord of legend and tyrant of The Astral Plane.

Kim Wu: Gargos, I should've known you'd show up here. But, this will be the last time that we deal with you for good.

Gargos: Foolish mortals, I will never stop until this entire world is finally mine.

Wang Yi: No, Gargos. Your desire to conquer the Earth and your hold on The Astral Plane shall be brought to an end here and now.

Suddenly, Wang Yi's light grey eyes turned neon light grey, and she was surrounded by a violet and blue energy aura with ice, blue petals, and phoenixes, she got out her Talons of The Phoenix trishula, and as she approached Gargos, she left violet and blue energy, ice, blue petals, and phoenixes with every step.

Wang Yi: Gargos, the pain and suffering that you've caused to the numberless mortals and the other Astral Beings can never be undone, but I will see to it that you pay the price for your crimes in full, and your tyrannical reign will end here and now.

Suddenly, Wang Yi was surrounded by a massive vortex of violet and blue energy with ice and blue petals surrounding it, there was a phoenix flying around the vortex, and inside the vortex is a blue phoenix. Then, as the vortex faded, Wang Yi emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Wang Yi grew to 6'5" in height, she had the body of a goddess and she has blue highlights in the bangs of her long brown hair that went down to the bottom of her neck, she has neon light grey eyes and a violet and blue energy aura with ice, blue petals, and phoenixes surrounding her. She has a phoenix with the Ice Kanji in its claws emblazoned on her forehead, she has on silver phoenix earrings with violet crystals for the eyes and the Ice Kanji in its claws, and she also has a phoenix with blue crystals for the eyes and the Ice Kanji in its claws for the second pendant of her Thunderbird Necklace of Eternal Love with blue gems on the gold lightning bolts and violet crystals from her Crystal Necklace of The Buddha which merged with her Thunderbird Necklace of Eternal Love. Wang Yi has on a long-sleeved blue sweater with a violet phoenix on it, violet skirt with the Wei Phoenix on it, black pants, and blue ankle-length high-heeled combat boots, and she has on blue weighted bands with silver phoenixes on her biceps and thighs, and she has on a long violet long-sleeved silk coat with phoenixes and flower petals on the coattails, and on the back is a phoenix surrounded by flower petals and ice. Wang Yi felt a sharp pain on her back, and then, massive brown angel wings with blue tips on the large brown feathers sprouted out of her back.

Suddenly, Wang Yi's Talons of The Phoenix twin trishula was surrounded by a kaleidoscope of ice and blue flower petals, and when they emerged, they were transformed into Tengliu's Twin Trishula of Arctic Death and Rebirth, they're a new pair of twin trishula blades measuring at 5'4" in length with three long silver fork blades with ice blue phoenixes spreading their wings for the crossguards and blue crystals for eyes, longer black handles, and large silver claws grasping large violet gems for the pommels. Wang Yi has on her new large cuff Bracelets of the Champions of The Universe with violet gems on her wrists, Belt of Elemental Bravery with a gold phoenix head with a large violet gem in its open mouth for the belt buckle, large violet Spellbook of The Gods and The Universe and large violet Universal Spellbook of The Elemental Forces on her left hip and Eater of Sins revolver holstered on her right hip. There are blue Chinese characters below the phoenix that said, "Wang Yi, Lone Survivor of The Wang Family of Hanzhong, Angel of Vengeance, Loving Future Wife of Lincoln Loud, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Emissary of Tengliu, Member of The Kingdom of Wei, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Ice and Phoenixes."

王毅、漢中の王家の孤独な生存者、復讐の天使、リンカーン・ラウドの愛する未来の妻、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、魏の使者、魏の王国のメンバー、驚くべきそして驚くべき強力な教師の強力な学生、そして氷とフェニックスのマスター

Wang Yi has transformed into SUPER ANGEL INFINITY DIVINE ARCTIC ICE ANGEL OF VENGEFUL JUSTICE AND DIVINE LOVE!

We were amazed by Wang Yi's Super Angel Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Gargos saw it, he fell into a rage and fired a blast of shadow energy to kill her. But, Wang Yi fired a powerful blast of violet and blue energy with ice, blue flower petals, and phoenixes, which hit the evil Shadow Lord, and badly injured him.

Lincoln: Wow, Lady Wang Yi, you look beautiful. How do you feel?

Wang Yi: (Divine Echoing Cosmic Voice of The Arctic Phoenix and Vengeful Justice) **I feel incredible, Lincoln, and now, shall we put an end to Gargos once and for all.**

Lincoln: (Smiles) With pleasure.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Wang Yi.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's put an end to Gargos once and for all.**

Dynasty Warriors 7: Xtreme Legends - Teary Edge - Theme of Wang Yi

Wang Yi and Lincoln went after Gargos, who fired powerful blasts of shadow energy at them, but they dodged them, and they fired powerful blasts of rainbow energy, violet and blue energy, elemental forces, blue rose petals, icicles, Thunderbirds, Phoenixes, Angels, and Buffalo, and they exploded with incredible power as they hit Gargos. Then, with their weapons, they slashed at Gargos, and they left nasty scars on him that'll never heal. Then, Lincoln grabbed and tore Gargos' wings off his back with his immense brute superhuman strength, and Gargos screamed in excruciating pain, and blood was spurting out from the stubs.

Lincoln then sprouted his eleven massive, powerful, and long deep sapphire blue werewolf tails with eleven slobbering black wolf heads with glowing blue eyes on the tips, and he sent them at Gargos, and they bit down on the Shadow Lord's arms, legs, and sides of his stomach, and we saw the wolf heads slowly draining, siphoning, and sucking out all of Gargos' powers, along with the powers of the numberless mortal and astral beings that he has slain from his body, and we saw the energy visibly flowing down from their heads and necks and into Lincoln, as his rainbow energy aura with elemental forces was flaring up even more, as he gained an immense power and energy boost, and he made Gargos' powers his own, and we also assimilated Gargos' powers. Lincoln tossed the now powerless Shadow Lord into the air, and he and Wang Yi went at him.

Wang Yi: **Let's put an end to Gargos once and for all, Lincoln.**

Lincoln: **You got it, Lady Wang Yi.**

Wang Yi and Lincoln: **ARCTIC PHOENIX SLASHSTORM OF VENGEANCE!**

Lincoln and Wang Yi unleashed a powerful blue energy slashstorm from their blades, and Gargos was overwhelmed by the barrage, and then, they fired two powerful energy beams, which exploded with incredible power, and the overwhelming explosion killed Gargos. Then, as his spirit appeared, Wang Yi marked his forehead with a kanji, and Gargos was found guilty by the numberless souls of the mortal and astral beings Gargos had slain, and his evil spirit was erased from existence forever. We cheered wildly for what Wang Yi and Lincoln did as they holster their weapons and power down, and Wang Yi's new body, clothes, weapons, jewelry, and angel wings are permanent.

Then, Wang Yi ran up to Lincoln, and hugged Lincoln's waist, and Lincoln wrapped his abnormally massive and powerful muscular arms around Wang Yi in a hug, and his extremely massive and powerful muscular body was comforting her, along with his immense and infinite body heat.

Wang Yi: Thank you for helping me with getting rid of Gargos, Lincoln.

Lincoln: (Smiles Warmly) You're welcome, Lady Wang Yi.

Then, with Wang Yi still in his abnormally massive and powerful muscular arms, Lincoln leaned down to Wang Yi's face, and they kissed passionately as she then wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird, Phoenix, and Angel flying in the air, and we also saw a herd of Buffalo running across the field, and the display of the elemental forces, and we cheered for them.

Nico: Now, that's truly awesome.

Me: You said it, Nico.

Then, Wang Yi and Lincoln walked back to us.

Nico: Lincoln, you and Lady Wang Yi did an awesome job, thanks to you, Gargos has been destroyed forever, and you guys have saved the universe and all of existence from a really dangerous threat.

Lincoln: Thanks, Nico.

Wang Yi: Lincoln and I indeed showed Gargos no mercy, for what he did to the numberless astral beings and innocent people, he had to suffer the consequences, and I showed him why I'm known as an angel of vengeance.

Lincoln: An Angel of Vengeance who rises to defend the innocent from those who seek to do them harm.

Nico: You got that right, Lincoln, and good job today, everyone.

Eli: Thanks, Nico.

Lincoln: Yeah, we saved Fantasia from The Nothing and Gmork, and we also disciplined the nanny goats who hurt Bastian, and as another added bonus, Lady Wang Yi and I destroyed Gargos, and ended his obsessive desire for world domination, and avenged the numberless astral beings and mortals that he'd slain. Gargos has failed this entire universe.

Me: You got that right, big guy.

Nico: Like all tyrants, Gargos was destined to fall, and his desires for world domination were also destined to be destroyed for good, along with The Nothing and Gmork, and erased from existence when they were sent to The Black Gates.

Me: Yep.

Nico: Lets get to the Ivory Tower and help the Empress fast!

We flew to the Ivory Tower.

We arrived at the Ivory Tower and we went into the Throne and stood before The Child-Like Empiress.

Me: Child-Like Empress. Thank goodness you're better.

Ebon: You okay, Empress?

Empress: I'm fine. Thanks to all of you.

Me: It was our pleasure.

Electro: And don't worry. The Nothing really is nothing now.

Femme Fetale: Gmork's dead as well.

Me: Yeah. He's now a Fur Pelt.

May: That's going in mine and Nico's room.

Loki: (to Bastian) Now, I think there's that special surprise we promised.

Bastian: What is it?

New Wave: Well, we'll let either Nico or J.D. do the honors?

Nico: J.D. can do it.

Me: I think you need this more than anything Bastian. What happened to your mom was horrible and I'm sorry. But it's time for you to be healed mentally, spiritually and physically. (Snaps Fingers)

Suddenly a powerful beam of white light shined down and then the divine singing of angels was heard as a figure came down and it was Bastian's mother Laura Bux and she was back.

Bastian: (Voice Breaking and Tears rolling Down his face) Mom? Mom!? MOM!

He went and hugged his mom for the first time in a while and he was so happy and he cried in happiness.

Laura Bux: Bastian wow you have grown so much. I missed you so much.

Bastian: (Crying) I missed you too mom!

Atreyu: Wow.

Eli: That's my bro Atreyu.

Nico: But great job today everyone. Lets head home.

We later went back home and we told Barney Bux about what happened and more and it was incredible! Barney was so happy to have Laura back. Then we got the three bullies Ethan, Lucas and Todd expelled and more.

Bastian Bux: (To the viewers) This was an awesome adventure and it was awesome that my mom is back. J.D. is a true friend and he repaired my entire life and made it all much much better.

Me: I'm glad I could help Bastian. You did nothing deserve being bullied and all that.

He then hugged me and it was awesome. We later went back home and enjoyed the rest of the day after building a portal to Fantasia. We then went to sleep.

Another awesome fanfiction done.

The NeverEnding Story is one of my favorite great movies from my early childhood and I have known that movie since I was 5-years-old and that movie was so awesome. It was made in 1984 and it was so awesome! For over 38 years that movie has captivated the minds of many people and it was horrible that The Northing and Gmork was destroying the world of dreams. But thank goodness we stopped him. Noah Hathaway, Barret Oliver and Tami Stronach all did a great job in that movie back then and it was so awesome how they captivated our minds back then. The NeverEnding Story will always be one of my treasured movies from my youth and it was awesome that we all got into this adventure since Chapter 311. Sorry it took so long for me to do this one but I hope you all liked this one. The first part was for W.I.T.C.H. And no villains were there to destroy. We were trying to give Nerissa a pardon for her crimes and she was just overcome with power and I just went with my heart. The second part was for The Lord of The Rings and we were there to destroy Sauron and Gollum for good. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be in the awesome movie Little Monsters and we're going to kill Zombies in that one. Nico gave me the idea for this one and it's gonna be brutal facing Zombies in this Australian Black Comedy movie. Nico and Lily and me are going in that one and we're going to meet a a Kiusanan Acanthasteric gene-slammer named Nicholette Landsdown and she is from Nico's Greenhouse Gardening Classes and she knows so much about plants. Also for Lincoln's Rescue we're going into the world of Constantine and we're going to stop Lucifer from taking John Constantine and then get Gabriel to stop the madness she did in that movie. Also we're going to meet a St. Joan Gene-Slammer named Joan Delenney and she is the holiest of Lincoln's Guardian Angels and during the exercise scene she is going to reveal how Lincoln was framed for pulling the fire alarm and it was up to her to save him from going to prison and being expelled from School. Get ready for an awesome adventure as we go stop the Tattletale Strangler from trying to kill SpongeBob in a chapter for SpongeBob Meets The Strangler and this time we're going to put that snitch-strangling monster behind bars FOREVER!

See you all tomorrow.

# Revenge of The Tattletale Strangler

This chapter is a Parody of The Spongebob Episode SpongeBob Meets The Strangler

Flying over the Outback of Australia, Nico, Lily and me were flying over the beautiful lands of Australia, home to kangaroos, emus, kiwi birds, Ayers Rock and more.

Me: Wow! Australia is so beautiful.

Lily: Boy it sure is.

Nico: Thanks for coming with me, Lily. Even though you probably don't approve of my leadership.

Lily: Actually I do approve of your leadership Nico. And you are doing a magnificent job with it.

Nico: Thanks Lily.

Lily: So what's going on?

Nico: We got word that zombies are popping up all over a town in Melbourne and we are going there to teach that fucklipped pervert Teddy McGiggle some manners.

Me: I heard he's like Koichi Shido in every way.

Nico: You heard right.

Me: That monster!

Nico: Yep.

Nico went over his history.

---

Nathan Schneider, better known as Teddy McGiggle, is the main antagonist of the 2019 zombie comedy film Little Monsters.

He was played by Josh Gad, who also played LeFou in the 2017 remake of Beauty and the Beast.

Teddy first appears on television being watched by Felix as his uncle David Anderson (the film's protagonist) is laying down on the couch but the uncle is not interested in the show. He then fully appears in the flesh at the student's field trap where David has volunteered to chaperone, only to have done it to be near the teacher Miss Caroline.

When zombies escape from a U.S. testing facility and overrun the farm, the class tries to seek shelter in a gift shop but Teddy had locked himself in and reveals his true nature by selfishly locking them out, not caring about the children. However, David manages to get in through the roof and gets in a fight with Teddy which ends with David winning and getting the class inside. Once he regains consciousness, he starts acting hostile and rude to the kids, which angers Miss Caroline into threatening him into behaving.

When a military helicopter arrives, Teddy uses the roof to gets it's signal but falls off the roof and to get targeted by the zombies. He begs to be let in but they refuse because of what he did earlier. However, David has a change of heart and decides to rescue him. Teddy confesses that he is an alcoholic sex addict that actually hates children, is only interested in their beautiful mothers, and his real name is Nathan Schneider. The next day as the military plans to bomb the gift shop, the survivors plan to escape and Teddy suggests they use his McGiggle mobile but jokingly demands a BJ in return from Miss Caroline, who punches him for that comment. When the kids start panicking, a now fully mature David plans them Sweet Caroline and successfully cheers them up while Teddy puts on his façade and claims that they are going in the McGiggle mobile.

On the roof, Teddy cowardly whimpers about the zombies but David claims that it could be redemption for all the women he had affairs with. While they are battling the zombies, Teddy only targets the zombified children and arrogantly brags about having been with their mothers. When he and David reach the McGiggle mobile, Teddy betrays David by locking him out and flipping him off before mockingly waving goodbye, angering and disgusting David. However, zombies appear in the van and attack Teddy by disemboweling him. He begs for help but David no longer sees any good in him and refuses to help him. An angry Teddy hopes that David dies but the right side of his cheek is ripped off, killing him and avenging the innocent lives that he left behind to die. His wish for David to die was later in vain because Felix saved David by driving a tractor towards the zombies and the class manage to escape on it before the military kill all the zombies and bomb the gift shop where Teddy's corpse and the mobile are also destroyed.

It's unknown what happens to his show but it might get canceled because of his death. It is unknown if David will ever divulge Teddy's betrayal or not.

---

We were shocked and horrified!

Nico: Yep. What a coward and a heartless monster.

Me: He is going to be turned into Zombie Food when we're done with him.

We arrived at a farm.

Nico: They're invading a farm? They must be thinking too small.

Me: Either way we got zombies.

I put on my Zombie Apocalypse survival gear and pulled out some guns and weapons and more and Nico did the same and so did Lily.

Nico: Time to kick some zombie keister!

Lily: It's buttkicking time!

We flew in. We saw David and Ms. Caroline.

Nico: There's David and Miss Caroline!

Me: Awesome! Hope he likes trashtalking as much as me.

Nico: Yeah!

We went over to them.

David (Little Monsters): FUCK YOU ZOMBIES!

BANG BANG BANG BANG!

We blasted the Zombies to bloody pulp.

Nico: Someone called for some fucking heroes?

David (Little Monsters): Team Loud Phoenix Storm! Nice of you to fucking drop in.

Me: We fucking get around.

Nico: We need to get into the gift shop.

Miss Caroline: That's going to be a problem considering Teddy McGiggles isn't letting us in!

Nico: Let me handle him.

Me: He's gonna wish he was never fuckig born.

Lily: Big time!

Nico: We've dealt with fucking scumfuckers like him and they all died.

David (Little Monsters): Good. Fuck him up.

Nico: Lets go fuck him up.

Lily: With pleasure!

We flew into the supermarket and we saw TEDDY MCGIGGLES.

POW!

Nico punched him in the face and knocked him down.

Nico: You had that coming fuckwipe!

Teddy McGiggles: I don't appreciate you punching me in the face!

Nico: Well, I don't appreciate you leaving David, Miss Caroline, and all these kids out there to die!

Me: Yeah you big motherfucking sack of fucked up haggis!

Teddy McGiggles: Like I give a flying fuck about them!

Children: Bad word! Bad word! 'Cause you said a bad thing, now--

Teddy McGiggles: SHUT THE FUCK UP! Teddy McGiggle's gonna fill you guys in on some fast-breaking news. Bad word song? That existed at a time when people weren't having their faces ripped of by motherfucking zombies. Fuckity fuck-fuck fuck! You fucking little duckies!

Nico: HEY! While I do agree with most of what you just said, these kids did nothing to be yelled at.

Me: YEAH! SO FUCK YOU MR. I-KNOW-NOTHING-ABOUT-FUCKING-NOTHING!

Miss Caroline: (to the kids) Teddy McGiggles just needs a cuddle! (to Teddy McGiggles) Come here. Let's have a word.

Me: No. Let ME have a word with-

Miss Caroline: J.D., please. Leave this to me. We just need him to cooperate with us long enough to get to safety. In the meantime, you, Lily, Nico, and David should keep the kids happy.

Me: Okay. But if he steps out of line I'm blowing his fucking head off after I give him a fucking castration where I block his fucking balls off!

Nico: So, David. You seeing anyone?

David: Not really. Not since my previous girlfriend cheated on me. Not that I blame her. Ever since then, my life's been a wreck. (sighs) I'm sorry, Nico. You must think I'm pretty pathetic.

Nico: No. I don't think that at all. You just need a friend. That's all.

David: You're right Nico. It's true. I just need a friend.

Nico: And you know what? I think you and Miss Caroline would make a great couple.

David: You really think so after how Sarah cheated on me?

Nico: I'm no matchmaker but Miss Caroline isn't Sarah. Sarah didn't wait long enough to see the real you. Miss Caroline? She's seen enough of the real you already. Who's actually a nice guy. Unlike the LeFou lookalike.

David: Wow. I'm glad you think that Nico.

Nico: I have a habit of picking up on these things like J.D. does.

?: That's my pal. Always a great giver in his heart.

A Kiusanan Acanthasteric then appeared.

Nico: Whoa a Kiusanan Acanthasteric.

Nicholette Landsdown: I had a feeling that you would be hear Nico.

Nico: Nicholette Landsdown? Wow its been a while.

Nicholette reverted back and she was a girl with red hair and red clothes.

Nicholette: I've been stuffing my face with zombies and in my Gene-Slammer form they were really tasty.

Nico: Awesome.

Felix: The naked man punched Uncle Dave on the nose 'cause Aunty Sara has a slutty v***.

Nico: Felix, first off, you probably weren't supposed to see that.

David: That's actually my fault.

Nico: It's fine. At least you're taking responsiblity. (to Felix) And second, you probably shouldn't call Sara your aunt after today. Love the Darth Vader costume.

Felix: Thanks.

Nico: You're welcome.

David: Thanks.

Nico: So, let me get this straight. Teddy McGiggles said that we can get out of here using the McGigglemobile?

David: That's what he said. I'm going with him.

Nico: I'm going with you, David. I've got a bad feeling that Teddy might try to pull a fast one on us.

Me: I got that same feeling too.

Lily: If he tris to pull something he is gonna wish he was never born.

Nico: Right.

We hid in his car.

Teddy used his keys to unlock the door to the McGigglemobile. But just as he opened it, Nico used Deadshot's guns to shoot him in the shoulder.

BANG!

Teddy: (in pain) What the Hell?!

Nico: You think I didn't figure out that you'd try to betray us?!

Teddy: I thought Miss Caroline said-

Nico: She said we just needed your cooperation just long enough to get out of here. Besides, you're too much of a loose cannon to be with us.

Me: And as a man of my word!

I pulled out an elephant gun and pointed it at his crotch and then…

KRABANG!

I blew his entire crotch and manhood completely off and turned it into a bloody mess!

Nicholette Landsdown: Nice shot.

Nico: Hold on. There's a zombie with the Frogsie puppet inside. Let me kill it.

Me: Be my guest.

Nicholette Landsdown: Want me to help Nico?

Nico: Sure Nicolette.

Nico and Nicolette fired a powerful blast of high pressure water and it hit the zombie and blew it into nothing.

Nico: YEAH!

Nico decided to keep the puppet.

David: You're keeping the puppet?

Nico: Oh, c'mon! The puppet's cute!

David: Point taken. But now, which should we use to get the Hell out of here? The van? Or the tractor?

Me: I got a better idea.

Lily: We can use our ship.

Nico: Awesome!

I pressed a button on my device and then the U.S.S. Valorous Phoenix came and beamed the survivors and us on board.

Me: There we go.

Nico: And Teddy can kiss my fucking ass. Where is he?

Me: I left him for dead.

He was bleeding badly from the wound to his manhood and then a bunch of zombies came and he screamed as they ate him and ripped him apart.

Nico: Good riddance.

Lily: So, Nicholette. What's your favorite memory of Nico?

Nicholette Landsdown: I have so many of them but my favorites are in gym class and Earth Science class. We were up against a rival school and we were playing dodgeball and I showed them my awesome dodgeball skills by running up the walls and throwing dodgeballs at everyone with the force of a cannon blast.

Nico: WHOA! I remember that.

Me: You and I have something in common Nicholette. I am a pro at dodgeball and I am very acrobatic in dodgeball. I keep my opponent in dodgeball guessing my moves by running around with awesome stunts and acrobatics.

Lily: Yep. J.D. and Kick are both unstoppable forces in dodgeball.

Nicholette: So awesome!

Nico and Nicholette hugged.

Nico: I really missed you.

Nicholette: Me too Nico.

Me: That was an awesome rescue.

Lily: It sure was.

Me: First time meeting one of Nico's friends with something in common to me.

Lily: Yep.

Me: Lets go home.

We were off.

After Nico's rescue, Lincoln, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, Sima Yi, Jiang Wei, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), Musashi Miyamoto (Samurai Warriors), Marinette, Joan of Arc, and Leon are heading into the world of the 2005 movie Constantine, and not only is Lincoln going to rescue the ten girls there, but we're going to stop Lucifer from taking John Constantine and then get Gabriel to stop the madness she caused in that movie.

Lincoln: Whoa, we're in the world of the 2005 movie Constantine, and I know what we're going to do here, not only am I going to rescue the ten girls there, but we're going to stop Lucifer from taking John Constantine and then get Gabriel to stop the madness she caused in that movie.

Nico: That's right, big guy.

Me: I watched that movie long ago, and I absolutely hated what Gabriel had done, all because of her disdain for humanity, and she tried to unleash Mammon to bring the demons to Earth, and Lucifer absolutely loathes John Constantine, and swore that he'd personally collect his soul when he dies.

Eli: So, we've got to get the hateful half-breed Angel to stop the madness she caused, along with stopping the Prince of Lies from collecting John Constantine's soul.

Lincoln: That's right, Eli, and I want to thank you, Joan of Arc, and Marinette for joining me on this rescue, Leon.

Leon Loud: You're welcome, Lincoln.

TLPS Mr. Wolf: And we got word that the St. Joan Gene-Slammer's here, this is going to be one epic battle between Heaven and Hell.

We saw that the demons have already been unleashed by Gabriel, and Lincoln then spotted Lucifer, who was about to take John Constantine, but Lincoln cuts down Lucifer, and as soon as his spirit appeared, Lincoln marked his forehead with a kanji, and his spirit was forever erased from existence. Then, Lincoln healed John Constantine's slit wrists and cured him of his cancer.

John Constantine: Ah, Team Loud Phoenix Storm, nice to see you guys again.

Lincoln: You too, John. But, we also have something to tell you: the one who's causing this chaos is Gabriel, who has disdain in her heart for humanity and is resentful at God's favoritism for humanity and forgiveness for even the most wicked, she intends to unleash Hell on Earth by freeing Mammon, who will kill everyone on Earth.

Me: So, we have to stop her and get her to stop the madness she's about to cause.

Sherlock Hound: (British Accent) But, first, we had to stop Lucifer from taking your soul, and Lincoln also cured you of your cancer. Now, all that's left is to stop Gabriel.

?: HELP!

Suddenly, Lincoln heard the sound of ten girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the ten girls, but they've been cornered by Gabriel, and she's going to kill them.

Lincoln: Guys, I found the ten girls, but they've been cornered by Gabriel, and she's going to kill them.

?: That heartless fallen half-breed Angel. We have to stop her now!

We then saw the Duel Monster, St. Joan, appear before us, and we were amazed.

Lincoln: That voice, I knew it was you, Joan Delenney, but we'll have to talk later, right now, we've got to stop Gabriel and get her to stop the madness she's caused.

We rushed on over, and Lincoln fired a powerful barrage of rainbow energy balls and elemental forces, which hits Gabriel in her back, and that allowed the ten girls along with Angela to get away before she could kill her. When Gabriel saw us, she was enraged.

Gabriel (Constantine): How dare you pathetic humans get in my way?! I will destroy all of you!

Lincoln: We're not letting that happen, Gabriel, your resentment towards God and disdain towards humanity has gone too far, and we're here to put a stop to that, but you have to stop this madness that you've caused.

Gabriel (Constantine): I answer to no one, not even to bastard mortals like yourselves!

Lincoln: Then, you've left us no choice.

Everyone: WE ARE JUDGEMENT, AND HEAVEN IS NIGH!

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms and unholster their massive swords, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sima Yi, Sun Quan, and Jiang Wei got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's

sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholster their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Leon Loud transformed into his Super Angel 750,000,000,000 form, Marinette got out her massive Sword of The Miraculous, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, and Me, Nico, Eli, and Nicole also unholstered our massive swords and transformed, and we went at Gabriel, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, steel orbs, stars, rainbow flames, rainbow crystals, orange flames, blue flames, ice, and green flames at them, and they exploded with incredible power as they hit her.

Then, Gabriel was eventually convinced to stop the madness that she caused, but because of what she did in causing this madness, she was eventually abandoned by God, her wings were burned off, and she was now mortal, and that allowed Constantine to punch her in the face, knocking her out and Lincoln put her into a Containment Card, and locked in a vault in his room forever. We cheered wildly as we holster our weapons and power down.

Lincoln: That's it for both Gabriel and Lucifer. (To Joan Delenney) And it's so good to see you again, Joan Delenney.

Joan Delenney: You too, Lincoln, it's been a long time.

They went up to each other, and they hugged, and Joan Delenney was also very surprised at how much stronger and at how much taller and much more muscular Lincoln's gotten since she last saw him.

Lincoln: It sure has been a long time, I haven't seen you when you were fourteen, and I've grown a lot since then.

Joan Delenney: Yeah, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Wow, Lincoln, you know her?

Lincoln: Yeah, I do, Nico. This is Joan Delenney, she's known as the holiest of my Guardian Angels, and you and Joan of Arc are in for one major surprise, Marinette: Joan Delenney is the reincarnation of Joan of Arc from 1431, and she has an amazing history dating back to the Hundred Years War in the 15th Century.

We were floored at the revelation, including Joan of Arc herself and Marinette, who idolized Joan of Arc.

Marinette: (Surprised) Whoa, so Joan Delenney is the reincarnation of Joan of Arc from 1431, wow, that's so awesome.

Joan of Arc: Indeed it is, Marinette, it's a pleasure to meet you, Joan Delenney.

Joan Delenney: You too, Joan of Arc, my ancestor.

Lincoln: Let's get you back to normal, Joan. Boys, cover your eyes, hold still, Joan, this is going to hurt.

Me, Nico, Eli, and the rest of the boys had covered our eyes as Lincoln snapped his fingers, and Joan was reverting back to normal. Joan Delenney is a beautiful 17-year-old with long blonde hair going to the upper part of her back, light blue eyes, fair skin, she's 6'5" in height, she had the body of a goddess, and she also now has massive white angel wings, as she reigned in the power of St. Joan, and she had a sword holstered on her right hip.

Lincoln: How do you feel, Joan?

Joan Delenney: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Joan Delenney a new wardrobe, a short-sleeved purple blouse with a gold phoenix on it, purple blouse with St. Joan on it, purple pants, purple leather ankle-high combat boots, and a long purple sleeveless trenchcoat with angels and light on the coattails and St. Joan on the back, and on her back is a large St. Joan-themed sword with a 6'5" massive, wide, double-edged, man-sized silver blade with St. Joan etched on it, large white angel wings for the crossguard, large blue gem for the hilt, longer black handle, and a large blue gem surrounded by white angel wings for the pommel.

Joan Delenney: Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Joan Delenney's neck with blue gems on the gold lightning bolts and purple crystals links from her new Crystal Necklace of the Buddha.

Joan Delenney: (Surprised) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Joan.

Joan Delenney had a smile on her face and tears in her eyes, as Lincoln then wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them, as the lights of Heaven shined down on them and angels sang. Then, we went up to the ten girls, and when Lincoln saw them, he immediately recognized them. The ten girls are Louise and Alicia from Endride, Himehagi Yuu, Kikushima Yuka, Maya, Randou Eiko, Sakuragi Takami, Umezaki Maki, Narusawa Ayumi, and Fukami Youko from Geobreeders.

Lincoln: Oh wow, it's Louise, Alicia, Himehagi Yuu, Kikushima Yuka, Maya, Randou Eiko, Sakuragi Takami, Umezaki Maki, Narusawa Ayumi, and Fukami Youko.

Helena McTroy: From Endride and Geobreeders, awesome.

Lincoln: Are you girls okay?

Louise: Yes, we're okay, thanks to you.

Then, when Louise and the other nine girls saw who it was that saved them from Gabriel, their faces turned atomic red upon seeing the 17-year-old 7'0" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanjis "Savior of The Loud House, Powerful Student of Many Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, and The Unifier of The Three Kingdoms" on the left legs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts with a large deep sapphire blue gem in the shape of a Thunderbird on top of a silver Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Louise: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made nine clones of himself, and he and the nine clones went up to the girls, and picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Louise: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, ten Thunderbird Necklaces of Eternal Love appeared around the necks of Louise, Alicia, Himehagi Yuu, Kikushima Yuka, Maya, Randou Eiko, Sakuragi Takami, Umezaki Maki, Narusawa Ayumi, and Fukami Youko with colored gems and crystals on the gold lightning bolts. We returned to the Estate, we told everyone what happened, and they were shocked when they found out the villains we went after were the disdainful fallen Angel, Gabriel, along with Lucifer.

But, when Lincoln showed what we did to Gabriel, along with Lucifer, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Joan Delenney have a lot of catching up to do, now that she's back in town.

---

After stopping Gabriel from unleashing Hell on Earth and Lucifer from taking John Constantine, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Joan Delenney saw Lincoln working out like crazy, she had an atomic red blush on her faces.

Joan Delenney: Whoa, Lincoln's really grown to be a 17-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Joan, and now, I can also fight and defend myself.

Joan Delenney: That's incredible.

Nico: It sure is, Joan, and I heard from Helena McTroy that you saved Lincoln when someone tried to frame him for pulling the alarm and get him sent to prison and expelled from school, can you tell us about it?

Joan Delenney: You won't like it, Nico, and this also involved someone within my family, who'd fallen into madness. When Lincoln was eating lunch, somebody distracted Lincoln from his peanut butter and sauerkraut sandwich.

Unknown kid: Hey, Logan.

Lincoln: Who, me?

Jack Delenney's hand fingers some peanut butter from the sandwich.

Joan Delenney: Later, when Lincoln was coming back from lunch, Jack tripped him, and I sensed that he had something very evil planned for him

Lincoln: Ow!

Jack Delenney: (Disguised Voice) Here, I'll help you!

Lincoln: Thanks. Must've been a bump in the hallway.

Jack Delenney: No problem.

The alarm gets pulled, Lincoln is shoved into the closet, and we see the hand drop the pencil. Then, a trial was underway. Joan Delenney was the only one who came to Lincoln's defense, and everyone was against him, including his own friends and sisters.

Joan Delenney: So you see, every piece of evidence was actually set up. But there's also one piece of evidence that couldn't possibly have come from Lincoln.

Mollie: And what kind of evidence is that, Joan?

Joan Delenney: The Toby's Market pencil!

She stabs it in a chocolate bar, and everyone gasps and Jack breaks his own pencil.

Joan Delenney: Everyone knows Lincoln. His sisters have gotten him in trouble more times this year alone than many of us combined, and everyone knows that Lincoln and his family were banned for life last fall from Toby's Market when his sisters were running amok all over the store and knocked over all the stuff all over the shelves with their shenanigans! Anyway, even though Lincoln and his family have been there many times in the past, it's not likely he would have one of their pencils, since he hasn't been near there ever since. So why would Lincoln have a Toby's Market Pencil? Because someone planted it outside the broom closet with a motive to frame him and send him to prison in his place and get him expelled, that's why. And who was that someone? Someone who hates Lincoln. Someone who has reason to harm him. Someone who wants to make his life look bad. It was none other than my soon-to-be former little brother, Jack Delenney.

Everyone gasped in shock, and they eventually glared at Jack Delenney.

Jack Delenney: OK, fine, I did it! I confess, I planted the peanut butter and sauerkraut, I made the shoeprints, I left the pencil at the scene of the crime!

Joan Delenney: But why, Jack? Why would you do something so despicable?

Jack Delenney: Because 3 months, 2 weeks, and 4 days ago, Lincoln borrowed my favorite pencil. The pencil I got last summer at Toby's Market, and then, when he finally returned it, it had chew marks all over it! And he sharpened it down to the metal parts! I couldn't sleep, I couldn't eat. All I could think about was Lincoln writing with my pencil, Lincoln chewing on my eraser and Lincoln… Sharpening, sharpening, SHARPENING!. And when he finally returns it, he says "Oh here, Jack"… like it was no big deal!

Jack Delenney screamed like a little girl.

Jack Delenney: I couldn't take it just lying down. I had to do something. So I got this plan involving the fire alarm. I'd pull it, and then I'd frame Lincoln for the crime! All I needed to do was plant the right clues. The peanut butter and sauerkraut, the shoeprints and to top it all off, the pencil! Bingo! He'd be branded, expelled, and sent to prison for life! (LAUGHING DIABOLICALLY).

EVERYONE WAS SHOCKED AND FLOORED! JACK WAS ABSOLUTELY INSANE!

Joan Delenney: So, that's why you did it?! Pardon my language, but, you're fucking insane, Jack! What you did was completely petty, and you tried to ruin my best friend's life and turn his friends and family against him. You are indeed worse than The Devil himself, and because of what you tried to do to Lincoln, we are no longer siblings. Lynn, Girl Jordan, tie him down!

Lynn and Girl Jordan apprehended Jack Delenney, and tied him up, so the mad student couldn't escape.

Principal Huggins: In light of recent evidence and by request of the student jury, the court finds Lincoln Loud innocent!

Everyone cheered.

Principal Huggins: But, as for you, Jack Delenney, for what you've done in trying to frame Lincoln for your own selfish desire for petty revenge and causing havoc, you are hereby expelled from school, and you will be placed under arrest by the police. Take him away, officers!

The officers took Jack Delenney away, and he screamed like a madman, swearing bloody revenge on Lincoln, the Louds, and all of humanity. Lincoln was happy and he went over to Joan and hugged her.

Lincoln: Thank you, Joan. You saved my life.

Joan Delenney: I was happy to do it Lincoln. As your guardian angel I won't let anyone hurt you, not even your sisters. I am Judgement and Heaven is Nigh.

A halo appeared over her head and white angel wings appeared on her back as an angelic choir sang.

When Joan Delenney was finished, we had tears in our eyes for what she did in saving Lincoln, but we were also enraged at Jack Delenney's crazed actions.

Me: Wow, Joan really is the holiest of Lincoln's Guardian Angels.

Nico: You said it, J.D. What she did in defending and saving Lincoln proved it, and she really is the reincarnation of Joan of Arc, that's way too beautiful.

Eli: She's also just like Aerith, Nunnally, Lucretia Crescent, and Ariel, wow.

Lincoln: It was thanks to Joan that she saved me from her insane and evil former brother's actions and crazed desire for revenge.

Me: So, what happened to Jack Delenney after the trial?

Joan Delenney: We then went down to the jail cell where Jack Delenney was sent to after the trial, and we were really mad at him. Not only were we disappointed in him, but we'd seen that he was now completely insane and full of pure evil, and as a result, we pressed charges against him, and I testified against him in court, and as a result, Jack was found guilty for his crimes, and he was sent to a maximum security prison out of the state of Michigan, where he got a sentence of Life Without Parole, and we also disowned him, and like I told him, he was indeed worse than The Devil himself.

Nico: Good, he's nothing but scum. But, we don't know the location of the prison.

Sylvester the Cat: I think I know where the prison's at, Nico.

Sylvester the Cat looked on the computer, and he found the prison where Jack Delenney was sent to: it was located in the city of Westfinster, the place where cartoon cat Heathcliff lives at.

Me: Whoa, the prison's in Westfinster, and if I'm not mistaken, that's where the hilarious cartoon cat, Heathcliff, lives at.

Nico: Awesome. Sylvester, how did you know where the prison is at?

Sylvester the Cat: I have some old friends who live there, and they only told me and Furrball about it, a few years ago.

Furrball: And it's not only Heathcliff, but also, the Catillac Cats, Hector, Wordsworth, Mungo, and Cleo, who were the ones who told me and Sylvester.

Lincoln: We'll have to pay a visit to Westfinster later on. Right now, we've got to get ready for our beach date, this time, it's close to home.

We got a shower afterwards, and Lincoln, Juri Han, Isabella "Ivy" Valentine, Princess Allura (Voltron: Legendary Defender), Jessica Shannon, Hilda, Toph Bei Fong, Julie Makimoto, Sari Sumdac, Yuna Kamihara, Nanami Simpson, Tatsumaki, Peni Parker, Shantae, Akko Kagari, Colette Brunel, Ryuko Matoi (TLPS Universe), R. Mika, Menat, Makoto (Street Fighter), Ibuki, Mai Shiranui, Frosta, Perfuma, Entrapta, Kei, Yuri, Reika Kirishima, Chronoa, and Joan Delenney were getting ready for their date, this time, it's at Grand Haven, Michigan.

Lincoln then snapped his fingers, and the 17-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo, angel, and elemental forces on it, along with his large weighted orange bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

And Juri Han, Isabella "Ivy" Valentine, Princess Allura (Voltron: Legendary Defender), Jessica Shannon, Hilda, Toph Bei Fong, Julie Makimoto, Sari Sumdac, Yuna Kamihara, Nanami Simpson, Tatsumaki, Peni Parker, Shantae, Akko Kagari, Colette Brunel, Ryuko Matoi (TLPS Universe), R. Mika, Menat, Makoto (Street

Fighter), Ibuki, Mai Shiranui, Frosta, Perfuma, Entrapta, Kei, Yuri, Reika Kirishima, Chronoa, and Joan Delenney were dressed in two-piece bikinis in their favorite colors, sandals, along with their jewelry, and they also had their weapons holstered in case of trouble.

Lincoln: Alright, ladies, shall we?

Jessica Shannon: We're ready, Linky.

Lincoln, Juri Han, Isabella "Ivy" Valentine, Princess Allura (Voltron: Legendary Defender), Jessica Shannon, Hilda, Toph Bei Fong, Julie Makimoto, Sari Sumdac, Yuna Kamihara, Nanami Simpson, Tatsumaki, Peni Parker, Shantae, Akko Kagari, Colette Brunel, Ryuko Matoi (TLPS Universe), R. Mika, Menat, Makoto (Street Fighter), Ibuki, Mai Shiranui, Frosta, Perfuma, Entrapta, Kei, Yuri, Reika Kirishima, Chronoa, and Joan Delenney head out of the World Tree Estate, and they arrive at Grand Haven, Michigan.

Nanami Simpson: Wow, what is this place?

Lincoln: This, Nanami, is Grand Haven, Michigan. This place is known for its sandy beaches, the shop- and restaurant-lined boardwalk that runs along the harbor to Grand Haven State Park beach and the south pier, and home to the 1839 Grand Haven Lighthouse, and the seasonal Grand Haven Musical Fountain features synchronized light and water shows. I've always wanted to go here, and now, we've gotten the chance.

Lincoln and the girls went to the sandy beaches, and they also dive into the waters of Lake Michigan, and they were swimming. Then, they went to the one of the restaurants that line up the boardwalk, for lunch. Then, they decided to watch one of the synchronized light and water shows at the seasonal Grand Haven Musical Fountain, and it was so awesome. Then, as soon as the sun's about to set, Lincoln made clones of himself, and he and the clones went to Juri Han, Isabella "Ivy" Valentine, Princess Allura (Voltron: Legendary Defender), Jessica Shannon, Hilda, Toph Bei Fong, Julie Makimoto, Sari Sumdac, Yuna Kamihara, Nanami Simpson, Tatsumaki, Peni Parker, Shantae, Akko Kagari, Colette Brunel, Ryuko Matoi (TLPS Universe), R. Mika, Menat, Makoto (Street Fighter), Ibuki, Mai Shiranui, Frosta, Perfuma, Entrapta, Kei, Yuri, Reika Kirishima,

Chronoa, and Joan Delenney, and hey picked them up in their abnormally massive and powerful muscular arms, and as the sun turns orange, they passionately kissed and hugged with supercharged and intense passion. Then, they came back home to the Estate, and they were in their original clothes.

Nico: Hey, guys, how was your date?

Lincoln: It was so awesome, Nico, we went to Grand Haven, Michigan.

This brought the rest of The Loud Family and the rest of us into the room.

Lori: What, you guys literally went to Grand Haven, Michigan?!

Lincoln: Yep, and we had a ton of fun there.

Me: I remembered hearing about the place, it's known for its awesome sandy beaches, the shop-and restaurant-lined boardwalk that runs along the harbor to the Grand Haven State Park beach and the south pier, and home to the 1839 Grand Haven Lighthouse, and the seasonal Grand Haven Musical Fountain features synchronized light and water shows.

Lincoln: That's right, J.D., and we also watched one of the shows at the seasonal Grand Haven Musical Fountain, and it was so awesome.

We saw the video that Joan Delenney recorded, and we were really amazed.

Lily Loud: Wow, that's so awesome. I know where we're going for spring break vacation, Grand Haven, Michigan.

The Louds cheered.

Lynn Sr.: Champ, you've become the first of The Louds to visit Grand Haven, and this is a big honor. I actually went there on a date with Rita, and we had fun there.

Rita Loud: And it was truly the most romantic vacation ever.

Me: I didn't know that's where you went on your date Mr. Lynn.

Lynn Sr.: Yeah and it was so fun.

After Lincoln and the girls got back from their date, we were heading for the city of Westfinster, and not only are we going to only meet Heathcliff, Riff-Raff, Cleo, Sonja, Wordsworth, Mungo, Hector, and their friends, but we're also going to have a nasty confrontation with Jack Delenney, the former little brother of Joan Delenney, and convicted felon and insane lunatic, who's been in prison since he was convicted for trying to frame Lincoln.

Lincoln: Alright, guys, we're heading to Westfinster, and of course, not only are we going to meet Heathcliff and his friends, but we're also going to confront Jack Delenney, and we're going to rip him a new one.

Nico: Ooh, this is going to be good. After what you did yesterday in sending Pablo and Anderson to the Malevolent Insanity world, I can tell this is going to get crazy.

Sylvester the Cat: True, Nico, and I hope you don't mind that I brought the rest of the toons as well.

Lori Loud: Not at all, Sylvester. Besides, I can't wait to see the look on that insane lunatic when he sees us.

Luna Loud: Same here, dude.

We then headed off to Westfinster, and we were amazed by the place.

Lincoln: Wow, so this is Westfinster. This place sure is awesome.

Me: You said it, big guy. And I saw the 1984 series Heathcliff and The Catillac Cats on TV when I was a kid, and he was one crazy and funny cat, just like Garfield.

Garfield: But, he's got a reputation as a rowdy cat who's terrorized the neighborhood, and he's gotten into fights with cats and dogs alike, and make no mistake about it, he's really tough and he's known as a notorious prankster, it'll be a bad sign if you're on the wrong side of Heathcliff.

Me: Yeah, you got that right, Garfield.

?: Hey, you guys have already made it.

Suddenly, we saw the hilarious cartoon cat, Heathcliff, arrive at our location, along with Sonja.

Lincoln: Heathcliff, just the cat we've been wanting to see.

Heathcliff: You too, Lincoln, and it's a pleasure to meet you all.

Me: You too, Heathcliff. I've seen your antics on TV, and you are known as one hilarious and funny cat. And you also sound just like Bugs Bunny's voice actor, Mel Blanc.

Heathcliff: Thanks, J.D., it's good to know I've had fans, and I also see that you also got the Looney Tunes and the Tiny Toons with you guys.

Nico: That's right, and we're also on our way to meet Hector, Wordsworth, Mungo, Cleo, and Riff-Raff at the Junkyard. Then, we're also on our way to the Westfinster Maximum Security Prison for one reason.

Heathcliff: Uh oh, you mean, Jack Delenney, right? That no-class, insane creep, what he tried to do to Lincoln proved to be a line that he's crossed for the last time.

Lincoln: Yep, now, let's head for the Westfinster Junkyard to get the Catillac Cats, and then, we get to the prison.

Suddenly, we saw a white and red 1950's Cadillac Eldorado heading our way, and we saw who it was inside the car: the Catillac Cats, Riff-Raff, Hector, Wordsworth, Mungo, Cleo, and the junkyard dog, Leroy.

Eli: Aha, and here comes the Catillac Cats now.

The car stopped, and the gang came out.

Riff-Raff: Team Loud Phoenix Storm, you guys made it, and it's an honor to meet you all.

Hector: And when we found out you're going to tell off Jack Delenney, we had to get a move on to join you guys.

Wordsworth: A monster as evil him deserves no mercy from any of us.

Mungo: Yeah, we'll pulverize him.

Leroy: And we know it goes against your code, but do you think you can send him to The Malevolent Insanity world, Lincoln?

Lincoln: That's a good idea.

Cleo: Now, we should head out. Luckily, the jail's not far from here.

We then follow the cats, and we arrived at Westfinster Maximum Security Prison, and we checked in with the warden, who guided us to the cell. When we arrived, we saw hateful messages all written in blood, "Kill Lincoln and The Loud Family", "Destroy My Family", "Unleash Pain and Suffering Across the Land", along with all kinds of horrific images, and right in the center is Jack Delenney, who's now nineteen years old, but with long and wild blonde hair, pale skin, red eyes filled with overwhelming hatred, evil and insanity, cut marks on his arms, and in a short-sleeved prison uniform.

Me: So, that's Jack Delenney. Yeesh, he's indeed the insane psychopath that Joan Delenney had put away for good.

Nico: What a spiteful little monster.

Lincoln then fired a blast of water, which hits Jack Delenney, and when he saw us here, he went mad with rage and insanity, as he gripped the iron bars and snarled and growled like a wild animal.

Jack Delenney: How dare you all show your faces to me?!

Lincoln: You haven't changed ever since you got put away in prison five years ago, Jack. But, this had proved one thing: you are still nothing more than a bitter, spiteful, insane monster who tried to frame me, get me expelled, and sent to prison, and for what, all for petty revenge. You really make me sick.

Hector (Heathcliff): And we've paid a visit to him before, and we left claw marks on him. Even Mungo flattened him.

Jack Delenney: I could've finally gotten away with the perfect crime, and destroyed you, Lincoln. But, thanks to my stupid older sister, I'm now in prison for the rest of my life!

Joan Delenney: Which is exactly where you belong, you little monster!

Jack Delenney screamed with insane rage.

Jack Delenney: I should've killed you long ago, bitch! I NO LONGER EVEN HAVE A SISTER AFTER YOU RUINED EVERYTHING FOR ME, YOU'VE RUINED MY WELL-DESERVED REVENGE!

Jack Delenney ranted for an hour, until Hector threw a mean punch, and socked Jack Delenney in the eye.

Hector (Heathcliff): You really make me sick, you did all that and for petty revenge on Lincoln, you really are even worse than The Devil. You walk the path of a coward, creeping your way through the dark, that's a lonely path, and it's one that'll follow you to the grave. Jack Delenney, may you suffer for eternity with not a kindred soul to give you solace!

We were stunned at what the alley Siamese cat just said to Jack Delenney.

Lincoln: Whoa.

Me: You got that right, big guy.

Riff-Raff: I've known Hector all my life, and never have I seen him get that mad.

Heathcliff: Same here.

Jack Delenney went even more insane with rage. Suddenly, a light shined down on the prison, and we saw a vortex of flame suddenly appeared out of nowhere, and then as the vortex of flame faded, we saw something come out of the vortex. It's a sasumata pike in the form of Keiji Maeda's fifth weapon from Samurai Warriors 2: Xtreme Legends, Winged Serpent, measuring at 11'6" in length with the massive golden fork blade surrounding the gold lion's head and with angel wings around it, longer black handle with gold markings, and on the other end is a massive gold weight for the pommel on the other end of the pike. This new weapon is known as Heaven's Maw of Judgement.

Nico: Whoa, that's one awesome sasumata pike.

Lincoln 2: I knew that pike looked familiar, Hector, that pike that appeared before you is known as Heaven's Maw of Judgement, this pike looked exactly like Keiji's fifth weapon, Winged Serpent, but if you take a closer look, the large gold lion's head has angel wings around it.

Joan Delenney: That's incredible.

Suddenly, the pike was calling out to Hector, and he grabbed the longer black handle, and then, we'd seen what happened: Hector's black eyes turned green, and his blue headband burned off, letting his long wild dark brown hair flow down to the bottom of his neck. Suddenly, we saw the Siamese alley cat grow to 7'0" in height and his long black tail grew a little longer, and we saw all of his upper and lower body muscles growing abnormally massive and powerful at a very incredible rate, and it caused the top of his beige jumpsuit to rip, and only the bottom half of the jumpsuit remained, and we saw that Hector now has powerful upper and lower body muscles and eight-pack abs, and he's become a full-blown muscular hunk.

Hector (Heathcliff): What the, what on Earth happened?

Lincoln made a mirror of water, and when Hector saw what happened, he was stunned.

Hector (Heathcliff): Whoa, now that's incredible.

But, when Jack Delenney saw it, he went full-blown insane, but

Hector punched him hard in the face with his now immense brute superhuman strength, and gave him a black eye.

Lincoln: I think we've seen enough. Jack, you're lucky we're not going to kill you, but you deserve a lot worse.

Lincoln's deep sapphire blue eyes turned red.

Lincoln: WELCOME TO YOUR WORST NIGHTMARE!

Lincoln sent Jack Delenney to the Malevolent Insanity world to join Pablo and Anderson, and he also screamed in horror. Heathcliff did his signature cackle at what Lincoln just did.

Heathcliff: So, it looks like we're done here.

Lincoln: Yeah, say, would you guys like to join us?

Heathcliff: You bet, Lincoln.

Hector (Heathcliff): Because of what just happened to me, I'm also going to need a lot of training now. But, first, I'll need a new outfit.

Hector snapped his fingers, and he was now in a new outfit: a crimson red long-sleeved jacket with silver gauntlets on his forearms, silver rings around his wrists, and white gloves on his hands, silver chestplate with a golded lion head on it, a crimson red long trenchcoat coattails held up by a black belt with a gold lion head, red loincloth around his waist, black pants, and silver armor covering the legs.

Riff-Raff: Wow, now that's one awesome looking outfit, Hector.

Heathcliff: Yeah, now then, shall we get going?

We then head on home, and we now have Heathcliff and his friends as new members of the team, and Hector had gotten some intense training with us, and from Keiji Maeda (Samurai Warriors) as soon as he got his new weapon, and he's gotten a lot stronger and stronger and stronger still.

Later we were getting ready for Nanette's first ever Ambassador Mission to the world of My Hero Academia.

Nico: This is it, Nanette. The moment you've been waiting for.

Nanette: This is gonna be so awesome!

Me: It sure is and I can't wait to meet all of Ibara's friends.

Nico: This will be interesting. But J.D. don't banish all the villains to the Warp or use Black Gates on them. We can only seal them into the Book of Vile Darkness. They look like worthy candidates for the Masters of Evil.

Me: Right understood.

Nicole: That's why I'm going with on this one.

Me: Yep.

Nanette: I've been looking forward to this one.

Me: Me too Nanette.

Nicole: Same with me.

Nanette: Lets head out.

We were off to the world of My Hero Academia.

We arrived at the world of MHA and we were at UA High School.

Me: Wow so this is U.A. High School and it's a school for heroes in training. How cool is that?

Nanette: It sure is. I am excited for this one.

Nicole: Me too.

We went into the school and it was amazing. Then we saw Izuku Midoriya.

Izuku: Hi, welcome to UA High School. Are you a new teacher?

Nanette: Oh no. I don't work here. But you must be Izuku Midoriya. We heard so much about you. My name is Nanette Albright.

Me: My name is J.D. Knudson, 2nd in Command of Team Loud Phoenix Storm.

Nicole: And I'm Nicole Knudson.

Izuku: Oh wow! It's an honor to meet you and we heard all about your friend Nico becoming leader. Congratulations to him.

Me: Thanks Izuku. And we have Ibara with us now on her Ambassador Missions. It's going to be awesome having her join us.

Izuku: I'm glad. Is she doing all right?

Nicole: She's doing great and she is going to be a great addition to the team like you and many of your friends will when we come here later in the future.

Me: We're projecting April 7th when we come here.

Izuku: Awesome! What quirk do you have J.D.

Me: My quirk was actually given to me. I wasn't born with powers like everyone here in this world. I was given them through another source. I got my powers through Cosmic Radiation, radiation from outer space. I have omnipotent powers.

Nicole: It's true Izuku. Dad is a god among man and he has the power to do anything.

Me: Yep. So my power is all of the powers.

Izuku: Wow! That is incredible! Let me introduce you all to my friends.

Nanette: Sure.

We were then introduced to a lot of students:

Izuku Midoriya (緑谷 出久, Midoriya Izuku) / Deku (デク)

Voiced by: Daiki Yamashita(Anime and Vomic), Akeno Watanabe (Anime; young), Yuna Taniguchi (Vomic; young) (Japanese); Justin Briner, Lara Woodhull (youngEnglish)

The main protagonist of the series, he is a timid, selfless, and Quirkless teenage boy who dreams of becoming a superhero. Ochaco: Wow! J.D. Knudson!

Kaoruko: It's an honor to have you here.

Me: Same to you all. This is my daughter Nicole and my friend Nanette. We are actually here on an ambassador mission. It's part of a special diplomatic mission program we made for future upcoming missions.

Yuga: That is interesting.

Shoto Todoroki: But it's an honor to meet you all.

Bakugo: (to Nanette) For some reason, I sense something inhuman inside you.

Shoto Todoroki: For once, can you not be your normal insulting self.

Bakugo: No! I'm being serious! Something really is inhuman inside her!

Me: He's telling the true Bakugo. And we heard a lot about you and you definitely would get along great with Master Vegeta. Nanette is actually part of our teams DNA Spliceteam.

Nanette: I have the ability to turn into a creature I named Thunderlegs.

Nanette told everyone about her background and how it all happened and more and how she went from a waitress to a gene-slammer and it was terrible and more and everyone was shocked.

Tenya: That's insane!

Tsuyu: Yeah no kidding.

Nicole: It was crazy huh?

Me: Yeah but you'll see how her power works later.

Toru: But that is amazing.

Me: It sure is. Wow you have invisibility. (Turns on Infrared Vision) I can see you with my infrared vision. But have you ever thought about turning off your invisibility while in school?

Toru: I don't know how.

Me: Concentrate. You control the power and it doesn't control you.

Toru concentrated and she changed to visible and she was a sea foam green hair girl.

Nicole: Cool!

Toru: Thanks J.D.

Me: You're welcome.

Tsuyu Asui: So, Nanette. Can you explain to us more about your background story?

Nanette: I sure can. I was born into a rich family and we owned a really awesome and high class luxurious restaurant. I was saving up my money to go to college and I worked as a waitress. I was off to college when I got attacked and the next thing I knew I was gene-slammed and everything went black and then I was in an underground city.

Me: And the rest is pretty much history from there.

Bakugo: That's rough.

Me: It was.

Nanette: Anyway who wants to see J.D.'s power?

Me: I want to show off to you all and help you all take down some of your enemies while we're here.

Izuku: Wow! We would like that.

Me: Lets head to the roof.

We were heading to the roof.

Bakugo: (to me) I get it. You want to teach me a harsh lesson about my attitude. Well, you're already late to the party.

Nanette: What do you mean?

Bakugo: You know how All Might's the strongest hero of this world? Well, because I was fucking stupid and got myself kidnapped by the League of Villains, All Might was forced to retire. Some people are even openly saying that it's my fault All Might retired. So, go ahead and do your fucking worst. It can't be any worse then what some people are saying about that topic.

Tenya Ida: I need to go to the bathroom. Let me know how the aftermath of this conversation plays out. (goes to the bathroom)

Me: Actually that was my first intention when Lincoln told us everything about what happened between you and All Might but now I don't want to anymore because you learned your lesson on that.

Nicole: You learned it the hard way and you aren't the only one that had to learn it the hard way. You are in every way like Master Vegeta and he had to go through a lot of hardships himself like you did. But in the end he became a friend to Master Goku and an awesome partner.

Me: Yep. Maybe it can be the same for you and Izuku.

Nanette: That's right. You and Izuku were childhood friends and you still have that friendship no matter what.

Me: True friendship comes from your heart. Never through your fists or how much power you have.

Izuku: That's right.

Eijiro Kirishima: Dude, are you showing off to us to make up for the fact that you're not leader anymore?

Ochaco Uraraka: (facepalms) Do you have a death wish, Eijiro?!

Tenya Ida: I'm back. What did I miss?

Izuku: Well…

Izuku whispered what Eijiro said and Tenya glared at the redhead.

Tenya: You could've chosen any question to ask and you chose to remind J.D. that he's not leader anymore?!

Eijiro: I had to act fast. You were in the bathroom. I didn't know if you were going one or two! And I didn't have any other questions in mind to ask!

Tenya: Was I supposed to text you what questions to ask when I'm taking a sh¡t?!

Eijiro: I would've appreciated it!

Tenya: I'm not gonna text you what questions to ask when I'm taking a sh¡t, Eijiro!

Eijiro: Oh, okay, fine! I guess I'll have to guess what to ask every time you go to the bathroom.

Tenya: We're trying to get J.D. on our side, and you thought the right way to do that was to remind him that he's not leader anymore?!

Eijiro: I don't want to sound like a jerk, but I just asked an innocent question, and now I feel like you're angry at me.

Tenya: N… no, I'm not angry at you, Eijiro. And I don't think you're a jerk. But I AM starting to think you're an idiot.

Me: All right everyone lets calm down. Fighting amongst ourselves is not going to get anything done. Besides I'm always on your side. I never abandon any of my friends.

Eijiro: Thank goodness. And we are honored.

Me: Having friends and being a team is one of the most important factors in any mission great or small. I didn't get this powerful through sheer strength and power alone. I got as powerful as I am through hard work, teamwork, training in excruciatingly painful ways through blood, sweat and tears and built up bonds by going through intensely brutal and awesomely difficult challenges that all heroes have to endure.

Nanette: That's right. We all did. And even if we have all that power underneath all those powers we're still human.

Me: Yep. And also everyone there is one rule that we absolutely must follow when we are heroes: With Great Power Comes Great Responsibility.

Izuku: Wow.

Bakugo: That's interesting.

Me: Yep. But unlike all of you I wasn't born with my powers. I was given them through Cosmic Radiation, Radiation from Outer Space and it mutated me and gave me omnipotent power and I have been made into a god among man. And my powers are all so strong that they can do incredibly powerful damage. They can do a lot of things both good and bad. That's why I follow that rule with an incredible passion.

Nicole: It's true. Dad went through a lot of hardships with his powers.

Nanette: Yep.

Izuku: How exactly are you going to show off your power?

Tsuyu: I've got some empty soda cans.

Me: I can use those later for shooting. But get ready because I'm going to show you my more powerful transformation ever.

Bakugo: Transformation?

Me: Now get ready for a show. Watch this ladies and gentlemen.

I then flared up my aura and went to the ultimate full extent of my power and I was unleashing my ultimate power. The skies darkened and storms and lightning struck all over and my energy was increasing dramatically!

Bakugo: UNREAL! WHAT POWER!

Ochaco: INCREDIBLE!

Tenya: AMAZING!

Then the ground started shaking incredibly violently as the elemental forces all swirled all around me and then a massive phoenix of fire formed above me and it screeched with power! All the villains saw it and then one of them came for the UA Academy. Then in a massive flash of light I unleashed my ultimate transformation and I emerged as a SUPER ANGEL ETERNITY ELEMENTAL FRIENDSHIP GOD!

Me: (Divine Echoing Cosmic Elemental Friendship Voice of Hope and Justice) **Well here it is. What do you think?**

Shoto: Wow! What power!

Bakugo: Incredible!

Me: **Now watch this.**

I held out my hand and fired an energy blast and it flew far and went for the forest and then…

KRABBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive and powerful explosion shook the land and a massive mushroom cloud could be seen for miles.

Bakugo: UNBELIEVABLE!

Izuku: Wow! That was awesome! What did you hit?

Me: **The old hideout where all your villain enemies were at.**

Then I sensed something and then I punched a kid and it was TOMURA SHIGARAKI!

---

**Tomura Shigaraki** (in Japanese: 死柄木弔, *Shigaraki Tomura* ), born as **Tenko Shimura**, is the main antagonist of the anime/manga series *My Hero Academia* . He serves as the archenemy of Izuku Midoriya.

He is the leader of the League of Villains, whose overall goal is to become Japan's next greatest villain. For a while now, Tomura had no clear conviction and relied on his master, All For One, to provide every resource he needed. His initial objective was to destroy the society of heroes, specifically All Might who he held great hatred for.

Ever since All For One's imprisonment, however, Tomura has slowly begun to learn and develop into a more independent villain and formed a conviction where he desires to destroy everything he despises, ultimately wanting to bring down society as a whole. Upon defeating Re-Destro and his Meta Liberation Army, Rikiya submitted to his commands and made Tomura the grand commander of the Paranormal Liberation Front.

He is voiced by Kōki Uchiyama and Arisa Sekine as a child in Japanese and Eric Vale and Emily Fajardo as a child in the English.

In the past, Tenko Shimura was a young boy, born to Nao and Kotaro Shimura. Tenko lived a normal, but strict life with his family. He loved heroes and would often play with his friends and discuss about them, but because his father detested heroes, due to his mother abandoning him, Tenko would be punished for bringing up any topic relating to heroes. At the same time, Tenko was developing a rare, but unusual Quirk that would cause itchiness.

At some point, Tenko and his older sister Hana snuck into their father's office where they came across a picture of their paternal grandmother, Nana Shimura. They learned that she was a hero and decided to keep it a secret among each other. Kotaro eventually found out, however and decided to punish Tenko by slapping him and voicing his hatred of heroes (by extension his mother). That night, Tenko would sit outside in the dark and cry, as no one in his family tried to help and comfort him. He was left alone with his dog, who was the only form of comfort that he had at the moment, until he accidentally killed his dog with his Quirk.

Due to his inexperience with his Quirk, Tenko proceeded to kill his entire family, starting with his sister, who had come to apologize but had been killed by accident. His mother and maternal grandparents later witnessed the scene in horror, only for them to be killed in the process. His father eventually came to see the massacre that took place and Tenko begged him for help, as the area around them was destroyed. A crying Tenko ran to his father for help. However, Kotaro attacked him in order to get him to stop. Unfortunately, Tenko's instincts were roused up to the point where he proceeded to attack and kill his father with full intent, while destroying his family home. At that point, Tenko's humanity had disappeared and became a whole new entity. Tenko recalled feeling satisfied at ending his father's abusive treatment.

He was later left alone in the streets with vague memories of his past until he was approached by the man that would become his sensei, All For One. When All For One took him in, he revealed that Tenko had killed his family and the only things that remained of them were their hands. This revelation brought Tenko into despair, but All For One assured him that he will be able to teach him how he can control his feelings of anger and hatred and that he must direct them towards the society of heroes.

Tenko later found himself getting into trouble with two crooks on the street. He later came home in tears, but All For One encouraged him to let out his true potential and pursue what he truly wants to do.

Tenko later came back to those same crooks with the hands of his family members attached to him and killed the crooks. All For One later collected their hands and offered them as gifts to Tenko. Tenko then proceeded to attach their hands to him.

It was from here where All For One decided to rename the young boy "Tomura", a word that signals the sorrow of death and parting but also to celebrate a new age of Tenko Shimura. He then gave him his last name, "Shigaraki", granting Tenko his new name; Tomura Shigaraki. From this point on, All For One began to raise the young boy as his new successor and the new face of evil.

## Unforeseen Simulation Joint Arc

Tomura secretly slipped in through the media crowd and destroyed the gate, allowing them to slip in. He and the other villains first appeared at the training site where the students were practicing. When he did not see All Might, he was frustrated and decided to use his force to attack all the other heroes there as a way to draw All Might's attention. He fought Eraserhead, impressed that the latter can hold his henchmen off and called him cool. However, Nomu was responsible for defeating him. Seeing that All Might wasn't around, he tried to attack the students but All Might eventually appeared.

Amused at All Might's appearance, he watched as All Might fought Nomu but soon watched as the latter sent Nomu flying. He was encouraged by Kurogiri who had seen that Nomu had weaken All Might and tried to attack him as well but Izuku intervened but Tomura was unable to kill him because more heroes appeared. After being wounded from a gunshot, Tomura decided to retreat with Kurogiri.

While they were able to retreat, he complained to Kurogiri that they were unsuccessful in their objectives to take out All Might and ended up losing their men, including Nomu. He was instructed by an individual to start looking for new men for the organization.

## U.A. Sports Festival Arc

Later on, Tomura watched the Sports Festival on his computer and was carefully observing Izuku during the event.

## Vs. Hero Killer Arc

After the Sports festival, he met with the Hero Killer Stain. He decided to let him join the League of Villains since they were in desperate need of a new member. The two then got into a skirmish where Stain pinned him down. However, Tomura remained defiant and Stain was surprised by Tomura's declaration of wanting to destroy the society revolving around All Might.

After discussing the values of the League of Villains, Stain asked to go to Hosu to continue his work. Kurogiri then teleported Tomura, Stain and himself to city of Hosu. As Stain took off to try and cleanse Hosu of the "fake" heroes, Tomura began complaining about Stain and his motives. He decided that he wanted to unleash a few Noumu's upon the town to destroy it.

As the Noumus were getting defeated by the heroes and Stain fell in battle against a few heroes, Tomura got infuriated and decided to leave the town. The next day, he read the news and was frustrated that Stain got recognition from fighting the heroes and that his Noumus did not get any recognition from the media.

## Final Exams Arc

Tomura later was introduced to new members of the League of Villains, Himiko Toga and Dabi. Tomura was very unpleased by their praise of the Hero Killer and attempted to kill them, but was prevented by Kurogiri from doing so. Eventually, Tomura leaves the room out of spite.

Tomura later decides to confront Izuku at a public mall in his civilian appearance. He took the teen as hostage and asked him a couple questions about himself and the Hero Killer. Izuku states that while his and the Hero Killer's motives were because of the inspiration of All Might, he could understand what the Hero Killer was aiming for as he never gave up on his dream, while Tomura ultimately abandoned his cause.

Tomura then begins to realize why he's constantly failing, and it's all because of All Might. Coming to this realization, he concludes that all of Stain's ideals and convictions have been nothing more but a stepping stone for him. He decides to leave when Izuku's friend, Ochaco Uraraka, questions him. He left the mall thinking about his grudge against All Might.

## Forest Training Camp Arc

Tomura commissioned the Vanguard Action Squad to attack the Yuuei students at night when they were on their summer school trip to enhance their powers. He ordered them to capture Katsuki Bakugou and placed a hit for Izuku Midoriya and other students at U.A. The attack ultimately resulted in many students getting minor to major injuries (some of which would have to get hospitalized), Katsuki and Ragdoll getting captured, and the trip coming to an abrupt close.

## Hideout Raid Arc

Tomura wanted Katsuki to join the side of the villains. He was a bit frustrated when Katsuki declined his offer and states that All Might was his hero and that he would always support him. Tomura decided that he did not have time to deal with Katsuki's defiance and sought power from his master to convert him to the dark side. As he was about to attack Katsuki, All Might and the other heroes broke in to rescue Katsuki. At the sight of All Might's appearance, Tomura recalled his past and yelled at All Might out of spite. Tomura's master took each of the villains and Katsuki with a black sludge substance and teleported them to a destroyed warehouse on the other side of town.

As Tomura's master tried to fight All Might who came to save Katsuki. Tomura tried to capture Katsuki again but he was saved by the combined efforts of Izuku, Tenya, and Eijirou. Tomura's master decided to teleport Tomura and the rest of the villains away from the area where he was fighting All Might for their safety. Tomura was unwilling to leave, concerned for All For One's condition but All For One told him that he should continue his plans. When his master was defeated in his fight against All Might, Tomura was furious.

## Hero License Exam Arc

After their crushing defeat, Tomura and the League of Villains form a new hideout for themselves and remain hidden out of the public eye for the time being. Eventually, they are later approached by the the leader of the Eight Precepts of Death, Kai Chisaki.

## Shie Hassaikai Arc

Chisaki told Tomura about his failures and how his lack of tactician allowed the heroes to arrest Muscular and Moonfish, including the arrest of Stain. Chisaki wanted Tomura to join his organization and that together he would have a greater power to take down the hero-dominated society. His meeting with Chisaki became harsh as Chisaki killed Magne for attacking him and severed Mr. Compress's arm. Tomura tried to kill Chisaki to avenge his comrades but killed one of his men instead when Chisaki used him as a human shield, much to Tomura's disgust.

Despite their conflicts, Tomura decided to have the League of Villains join in the Eight Precepts. He sent Himiko Toga and Twice to Chisaki's headquarters to help Chisaki against the heroes who plan to invade his house, secretly trusting them to betray Chisaki and ruin his plans, indirectly allowing the heroes to stop him.

After Chisaki's defeat, Tomura leads the League of Villains to attack him, with Tomura allowing Compress to compress one of Chiskai's arms as pay back for the loss of his arm while Shigaraki decays the other as payback for his actions against the League, leaving Chisaki quirkless. Shigaraki took his quirk removal drugs and stated that they will be the new overlords.

## Meta Liberation Army Arc

Prior to the events of the Hero Billboard Chart JP, Tomura and the rest of his league continued searching for more recruits, while Tomura personally has been trying to get in contact with All For One's doctor. Spinner, frustrated with the current state of league, demands what direction is Tomura exactly heading towards. Before he could respond, the two are interrupted by the arrival of the Gigantomachia, who has been looking for the league as well.

To see if he truly is a worthy successor, Gigantomachia engages him and the other villains in a battle, only to find himself beating them with ease, causing him to break down in tears. Eventually, the doctor speaks through the radio that Gigantomachia's been carrying around, subduing him with the voice of All For One and transporting the league to his hideout. The doctor introduces himself with the alias Daruma Ujiko and reveals that he's been producing a stronger variation of the Nomus known as High-End. Ujiko calls out Tomura for being a piece of trash that's accomplished nothing and asks what exactly does he plan to do as All For One's successor.

Tomura explains to him that he's felt nothing but anger and loneliness ever since he was a child and ultimately wishes to destroy the very things that he despises. He believes that with Ujiko's talents, he will be able to accomplish great things for the league. Ujiko laughs at how much of a pipe dream Tomura's goal is, but ultimately accepts his offer, believing that villains are the ones who make pipe dreams into a reality. Ujiko then sends the league back to Gigantomachia, in which Tomura reintroduces himself as the "future king".

A month has passed and Tomura continues to work on earning Gigantomachia's trust in him. As Gigantomachia would continuously attack him and the others, Tomura did not get any sleep. That did not appear to bother him, however, and instead developed him into more of a thrill seeker. He eventually gets in contact with Rikiya Yotsubashi, who challenges him to either face him in battle or to fall in the hands of the heroes.

Tomura, along with the rest of his companions, arrived in Deika City, where they are confronted by Curiousand Koku Hanabata. The two executives signal their army to attack the league, resulting in a battle between the villains. Tomura focuses on taking down them individually, as well as the other league. During the chaos, Tomura recalls a childhood memory of him and his sister, Hana, who showed him a picture of his grandmother and told him about how she was a hero. Despite his exhausted conflict with Gigantomachia, Tomura was able to take out a large group of the Meta Liberation Army by spreading his Quirk around them.

Meanwhile, Twice confronts Rikiya in the watchtower, where he's keeping Giran held captive. Twice then proceeds to create clones of other members of the league, including Tomura. The clones then attempt to attack Rikiya but are quickly defeated when he utilizes his Quirk. The real Tomura, however, manages to bring the whole building down, leaving him confronted with Rikiya alone. Tomura then attempts to disintegrate him by touching the ground, but Rikiya manages to avoid his attack. Rikiya then manages to land a hit on him, causing Tomura to lose two of his fingers on his left hand.

When Rikiya states how meaningless and hollow his ambitions truly are, Tomura frees himself from his grasp by decaying his finger and proceeds to go berserk, as the hands of his family that adorned his upper body are destroyed, causing him to recall various aspects of his past that constantly develops him into a more dangerous being. From here on, Tomura decides to let go of his past sorrows and unleash the true evil within him as he crushes the hand of his father.

With his newfound strength, Tomura proceeds to come into clash with Rikiya once more, destroying the city around them in the process. With the sudden turn of events, Rikiya decides to unleash one of his devices from the Detnerat Company to defeat Tomura once and for all; Cresto.

Despite Rikiya's best efforts, Tomura laughed manically and manages to overwhelm his opponent by proceeding to destroy the city around him with his sheer power, causing Rikiya to lose his armor and eventually come in contact with the decay when reaching the ground. With nothing left to continue on the battle, Rikiya is left laying on the ground, as Tomura watches over him, reminding him how he started this conflict. Trumpet, Spinner, and Gigantomachia eventually arrive to the scene, along with the Meta Liberation Army, who attempt to help Rikiya, but are scared when Tomura smiles at them. Trumpet was shocked his quirk was overwritten by fear while Rikiya calls off the army. Instead, Rikiya decides to surrender all of his resources and submit to Tomura's command, much to Tomura's amusement. Gigantomachia also acknowledges Tomura as All For One's Successor after seeing his great power in action.

In the aftermath, Tomura is announced to be the Grand Commander of the newly formed Paranormal Liberation Army. He makes the members of the League of Villains and high ranking members of the Metal Liberation Army into sub commanders. It is also revealed that one of the hands survived the destruction and Tomura now wears that hand over his face, though it holds no significant meaning. After the initial announcement, Tomura collapses and is contacted by Doctor Ujiko, who offers him the power he promised and requests that Tomura make a special delivery for him.

## Endeavor Agency Arc

Tomura is next seen with Doctor Ujiko as he prepares to undergo surgery. Before beginning, Ujiko asks Tomura why he seeks more power, as he's become destruction incarnate after awakening his Quirk. Tomura explains that his newfound power isn't unbeatable, and that he isn't going to underestimate the heroes again and intends to utterly destroy them the next time they meet. Ujiko is amused by Tomura's answer and informs him that the operation he's about to go through will grant him power greater than All For One himself and even allow him to obtain the very Quirk he created: One For All. However, the process will take four months to complete and he'll experience endless pain the entire time, something Tomura has no issue with.

## Paranormal Liberation War Arc

A month after Tomura Shigaraki started the operation to become more powerful, he was seen still going through it, with it being extremely agonizing and gruesome as Dr. Ujiko had assured him. The Doctor was impressed that the process seemed to be going better than he originally planned as he excitedly cheered Tomura on from the sidelines as numerous tubes and wires were shown sticking out of his spine and head, while a bigger mechanical tube operated on his midsection which had been completely torn open, all accompanied by copious amounts of blood. Despite the painful process, Tomura was fully conscious throughout it, laughing madly.

Less than a month before his surgery was completed, Tomura had been relocated to a large tube underneath Jaku Hospital, with Ujiko overseeing the completion of the process while using a clone of him created by Twice to handle everything else. When the Heroes launched a raid on the hospital, Ujiko ordered Johnny to warp him and Tomura out, only for the Nomu to be crushed by Mirko barging into the lab. While the High-Ends attack Mirko, Doctor Garaki flees the battle, hoping they will buy enough time for Tomura's operation to finish, which is at 71% completion.

However, Tomura's operation immediately gets interrupted once the other Heroes in Jaku Hospital back up Mirko during her struggle against the incomplete High-Ends. Kyudai desperately begs Mirko to stop her assault but the Rabbit Hero ignores him as Tomura's operation reaches 74% completion, telling the other Heroes that they cannot allow him to awaken.

Soon, Present Mic manages to destroy most of Kyudai's equipment with his voice, including Tomura's operation tank. This releases Tomura's unconscious body at a 75% completion state. X-Less then restrains Tomura's body and notes that he isn't breathing and his heart has stopped. Kyudai reveals he put Tomura into a state of suspension to lighten the burden of stabilization and that the container was meant to accelerate the stabilization process, support his system, and resuscitate him when necessary, all the while crying about how he lived for Shigaraki's sake.

While unconscious, Tomura experiences a facsimile of his warped past. Tomura explores the illusion and encounters many visions of his deceased family members that he accidentally murdered. He also encounters his father Kotaro, the man who was responsible for his unintentional Quirk awakening. Tomura then destroys the fake illusion of Kotaro, only to see a shadowy abyss swallowing everything up. Tomura walks forward and realizes that the man standing in front of him is an illusion of All For One.

Tomura walks forward but visions of his family, including Nana Shimura, try to stop him from falling into darkness. Unfortunately, Tomura coldly destroys the remaining bits of his humanity away and accepts All For One's empty embrace. Once the vision ends, Tomura snaps out of his subconscious dream and finally awakens from his deep slumber. Tomura slowly rises from the ground and mutters that he feels cold before unleashing his Decay Quirk and disintegrating the entire hospital and a large portion of the city; killing many heroes and civilians in the process. He then observes the destruction left in the wake of his attack, noting that Ujiko's operation was a success and he now has full control over his Decay. Tomura picks up Ujiko's phone and contacts Gigantomachia, ordering him to gather all the members of the Paranormal Liberation Front and come to his location as he's finally going to destroy everything in their path. However, Endeavorsuddenly appears to fight Tomura.

Suddenly, Tomura has an epiphany and believes that his father was right all along: quoting how he said that heroes only hurt their families to help others. He tells them about his philosophy that heroes ignore those who they believe they can't save (as Tenko had been in the past), and only protect the "common trash" who are overly reliant on heroes to protect them. Filled with hatred and disgust towards a system which has always rejected him, Tomura says this is why he became a villain and says the system is what makes heroes and villains. Suddenly, Endeavor fires a blast of fire, thanking him as his monologue allowed his flames to cool down, but he is completely unfazed by the flames.

Gran Torino tries to tackle Tomura, but the latter decays his leg and slams him into the ground. Gran Torino recognizes the villain's familiar face as a Shimura, thinking about how Nana Shimura gave up Kotaro when he was a child so All For One wouldn't exploit their connection, which in turn made Kotaro resent heroes and influence Tomura into being who he is today, a reflection of his father. Gran Torino remembers Nana crying as he comforted her, questioning the choices that they made before Tomura, the result of the Shimuras' mistakes, impales Gran Torino in the chest.

During the battle, All For One starts to possess Tomura's body, causing him to utter strange statements such as referring to Izuku as "little brother", confusing Tomura. The controlled Tomura grabbed Izuku, causing the hero to see into his mind as he fought with All For One over control of his own body. Tomura resentfully told All For One that he wanted to start his own path of villainy to be greater than his and he would not be his pawn, but All For One told him that he meant a lot to him and that he would be "the next me". Suddenly, the vestiges of Nana Shimura steps in to fight All For One, who tells her that Tomura's hatred towards her is causing the will of One For All to crumble away, but she and the other users resist their will, making Izuku and Tomura separate from each other.

---

Me: **Tomura Shigaraki.**

Izuku: Not this monster again!

Tomua Shigaraki: So the famous J.D. Knudson is here.

Me: **That's right.**

Tomura Shigaraki: You're right about one thing, Bakugo. It IS your fault that All Might retired.

Bakugo: See what I mean?!

Nanette: Yes. Yes, I do.

Tomura tried to grab Bakugo using all five fingers on his right hand. But Shoto placed his right hand on the ground, sending a wave of ice at Tomura that freezed Him on contact.

Shoto: (smirks) Chill out.

Me: **And he dies now.**

Izuku: What!? You're going to kill him!?

Me: **I know it's wrong but in our team we have to kill the worst enemies we have to make sure they never return.**

Nicole: It's true but we have to in order to make sure they never cause trouble again.

Me: **And Tomura killed his entire family and they hated his guts. Except for his siste. He will just keep killing everyone that gets in his way no matter what. But he will be in a better place.**

I fired an energy ball and it hit the ice and Tomura and he exploded and was completely obliterated in an instant.

Nicole: And he is going to work for a better place.

His spirit appeared.

Nicole: ALDRUON ENLENTHRANEL VOSOLUN LIRUS NOR!

She put him into the Book of Vile Darkness.

Me: **Good riddance.**

Nicole: Yeah.

I powered down.

Izuku: Wow! You destroyed Tomura like he was nothing.

Me: That was for starters.

Shoto: Your power is amazing J.D.

Me: So is yours Shoto. I'm amazed you have fire and ice powers. In fact all of you have amazing powers and you all have such great potential to be part of our team and I can tell you all have come so far as well and I'm proud of all of you.

Ochaco: Thanks J.D.

Me: You're welcome.

Shoto: I actually knew that you were going to kill him. That's why I froze him for you.

Nanette: Really?

Shoto: Some of us have been going over past battles that were posted online.

Izuku: Say what now?

Shoto: (sighs) Izuku, don't take this as an insult. But you really have to pay attention to these sorts of things.

Me: We have also archived many of our amazing battles. But thanks Shoto for keeping him in place for me.

Shoto: You're welcome.

Me: But Tomura was just for starters. I have a message to send to all of your enemies.

I had my glowing red eyes ready and in the Paranormal Liberation

Front headquarters my glowing red eyes appeared.

All For One: WHAT THE!?

Me: (Echoing Voice of Divinity) **PARANORMAL LIBERATION FRONT! I SENSE THAT YOU'RE WATCHING! CONSIDER THIS MY ULTIMATE WARNING TO YOU! I AM J.D. KNUDSON, FORMER LEADER OF TEAM LOUD PHOENIX STORM AND I AM COMING FOR YOU ALL! I AM GOING TO KILL EVERY SINGLE ONE OF YOU ALL AND MAKE YOU ALL PAY THE ULTIMATE PRICE FOR ALL YOUR CRIMES! NOTHING YOU SEND AGAINST ME WILL STOP ME AND ALL MY FRIENDS! AND WHEN WE FINALLY BATTLE ON APRIL 7TH, YOU WILL FACE THE ULTIMATE WRATH OF OUR POWER AND BELIEVE ME, VICTORY WILL BE OURS LIKE ALWAYS! WE WILL KILL ALL OF YOU ONE BY ONE AND YOU ALL WILL PAY THE ULTIMATE PRICE FOR EVERYTHING YOU'VE DONE TO THE HEROES OF U.A. ACADEMY IN THE NAME OF YOUR SICK LITTLE GAME TO DESTROY ALL OF HUMANITY AND ALL THE HEROES OF THIS WORLD! WE'RE COMING FOR YOU, YOU MOTHERFUCKERS!**

My red eyes then fired lasers and killed 75% of the Paranormal Liberation Front in one fell swoop and their spirits were sealed into the Book of Vile Darkness.

We later returned home.

Nico: How did it go guys?

Me: Really well Nico.

Nicole: We wiped out 75% of the Paranormal Liberation Front and dad sent a warning that we're coming for them and we're going to make them pay.

Nico: Great. Those fuckers will think twice about messing with us when we face them on April 7th.

Me: And I'm happy to report that Nanette's first Ambassador Mission went off perfectly.

Nanette: It sure did and everyone says hello Ibara.

Ibara Shiozaki: Tell them I said hello too Nanette.

Nico: I'm glad you guys had a good time. Well done.

May: Who should come with you next?

Nanette: Ed Grant next and then after that will be Beast Man.

Nico: Awesome. A great and successful mission.

---

At the museum we were looking at all the famous artifacts and in the dinosaur and prehistoric life exhibit we saw something interesting.

Kabuto: Hello? What's this?

Nico: What is it Kabuto?

Kabuto: It's the Greenland Meteor.

Nico: That's the meteor that Kru'll the Eternal got his immortality from.

Curator: It's a huge mystery. We don't know how that happened to him and what the radiation is that came from it.

Nico: Hmm. We need to take this back to the lab for analysis. Can we borrow this meteor for extensive testing?

Curator: Certainly just bring it back when you're finished.

Nico: Of course.

We took the meteor back to the lab and we got to work.

Cassidy: Is it dangerous?

Nicole: So far no.

We were looking at the meteor and it was amazing. It was over 10,000 years old and it was full of an incredible energy. But this energy was unlike anything we've ever seen.

Shanan: Hmm. This energy is familiar to me. I've seen it before.

Shanan was thinking hard on what it was.

Scrapper: Is it gonna affect us?

Nicole: We're already immortal so it won't affect us.

Shanan: (GASP) Now I remember! This meteorite came from the planet Sephanoth. It's a gas giant planet located 7 light-years away from here and it's got a ring loaded with meteorites that are full of radiation that is full of regenerative properties that also grant immortality.

Nicole: That's incredible.

Eli: It sure is.

We then called Kru'll in and we told him about it.

Kru'll: So my meteorite comes from another planet outside of the solar system?

Me: Yep.

Nico: That is amazing.

Tailgate: So, now what do we do with it?

Nico: Well now that we know what this energy is and where the meteor came from lets give it back to the museum. It'll be safer there.

Me: Good idea.

Eli: But that is all amazing.

Kru'll: It sure is something.

David Anderson: Can I join your next mission? Think of it as my way of saying thanks for helping to straighten my life out.

Itachi: It was no problem.

Me: It was our pleasure.

Joan Delenney: We're glad you are on a new path.

Me: Same here.

Nico: Well our next mission is gonna be underwater so we're going to Bikini Bottom. We got word that the Tattletale Strangler escaped from prison.

Eli: Oh boy. Not good.

Then Angel, Evilseed, See-More, David Cain, Eccentro, Ebon, Electro, Femme Fatale, Lightspeed Rescue Loki and New Wave appeared.

Femme Fetale: Can me, Angel, Evilseed, See-More, David Cain, Eccentro, Ebon, Electro, Loki and New Wave go with you guys this time?

Nico: You all sure can. We're going to Bikini Bottom. We got word that The Tattletale Strangler escaped from prison and we need to stop him.

Ebon: Uh oh.

Lily: We haven't faced him ever since the Krabby Patty Zombie Outbreak.

Nico: It has been a while.

Yagura: Nico, which Gene Slammer do you think will appear on your next rescue?

Nico: Hmm. I'm hoping for a gene-slammer for a Biosovortian.

Ben: One of Lodestar's kind next.

Me: Magnetically attractive. (Rimshot)

Luan: (Laughs) Good one J.D.!

Eddy: (Laughs) Good one!

Me: Thanks.

We were getting ready to head to Bikini Bottom, but before we were about to leave, Lincoln's deep sapphire blue eyes glowed even more, as he sensed a dark energy, and he saw a vision of who that dark energy belonged to, it was Tom Lucitor, an old enemy of Lucy Loud, Star Butterfly, Marco Diaz, and their friends, and he's returned from the dead and he wants revenge. When we saw that, it definitely meant trouble.

Nico: Uh oh, Lincoln, trouble?

Lincoln: Afraid so, Nico, and Star, Marco, you guys aren't going to like it one bit: Tom Lucitor has come back from the dead, and he wants revenge not only on Marco, but also on Lucy for what she did in stripping him of his powers and giving them to Marco.

Star, Marco, their friends, and Lucy Loud gasped in shock.

Star Butterfly: What, Tom Lucitor's back?! I thought we were rid of him for good.

Marco Diaz: Well, it looks like we're going to have to deal with him again, but this time, I'll be the one to get rid of him for good.

Lucy Loud: That monster doesn't deserve to live a single moment further.

Suddenly, Marco Diaz's massive Defender of Mewni and Earth sword unholstered itself from his back, and it was surrounded by a kaleidoscope of fire and light. When the kaleidoscope of fire and light faded, the merged sword was transformed into Huitzilopochtli's War Sword of Fiery Justice, it's a brand-new large sword with a 6'9" massive, wide, double-edged, man-sized crimson red blade with the image of the Aztec God of War, Huitzilopochtli, etched on it, along with Aztec glyphs around him, and the symbol from Marco's Defender of Mewni sword on top, large crimson red skulls with turquoise blue gems for the eyes for the crossguard, large turquoise blue gem for the hilt, longer black handle, and four large crimson red skulls with turquoise blue gems for the eyes and inside their mouths.

Nico: (Stunned) Whoa.

Lincoln 2: I knew that this powerful blade looked familiar. Marco, the new blade you see before you is known as Huitzilopochtli's War Sword of Fiery Justice, it's a brand-new large sword that was created when your massive Defender of Mewni and Earth underwent that transformation.

Marco Diaz: Whoa, that's awesome.

Suddenly, the sword called out to Marco Diaz, and he grabbed the new large blade's longer black handle. Then, we saw something happen: Marco Diaz's black eyes turned dark brown, and his long brown hair grew to reach the bottom of his neck. Suddenly, we saw Marco Diaz grow to 7'0" in height, and we saw all his upper and lower body muscles growing abnormally massive and powerful at a very incredible rate, and it caused his red long-sleeved hoodie to rip, and his long blue jeans tore and turned into shorts, and his shoes were still intact, and we saw that Marco Diaz now has powerful upper and lower body muscles and eight-pack abs. When we saw what happened to Marco Diaz, we were really stunned, Marco Diaz has turned into a very muscular hunk, and when Star Butterfly saw it, she had an atomic red blush on her face and hearts in her eyes.

Nico: Whoa, now that's awesome!

Lincoln: Incredible.

Marco Diaz: Whoa, what on Earth happened?

We also heard Marco Diaz's voice become deeper after his transformation, and it caused an even brighter atomic red blush on Star's face to appear. Lincoln made a mirror out of water, and when Marco Diaz saw just what happened to him when he grabbed his brand-new sword, he was amazed.

Marco Diaz: Whoa, now I look really awesome. Tom Lucitor's now in big trouble when he comes.

Marco Diaz snapped his fingers, and he was now dressed in an red loincloth around his waist, large long black pants with orange flames on the legs, large black leather ankle-length combat boots, large crimson red weighted bands with silver phoenixes on his massive biceps and thighs, and eight large crimson red orbs orbiting around his legs, and he had his massive Huitzilopochtli's War Sword of Fiery Justice holstered on his now wider and more muscular back.

Marco Diaz: Alright, now I'm ready.

Nico: Okay, let's head for Bikini Bottom.

We headed for Bikini Bottom, and Marco Diaz's also ready for when Tom Lucitor shows up to take revenge on Lucy Loud for killing him long ago.

## BIKINI BOTTOM

---

We arrived in Bikini Bottom.

Eccentro: How about we stop by the Krusty Krab first?

Nico: Good idea.

We were walking to the Krusty Krab. At the Krusty Krab, SpongeBob was about to punch in.

SpongeBob: [standing in front of the punch clock, waiting for it to reach 8:00] Wait for it… [SpongeBob gets impatient. The second hand stops a second before 8:00, shocking SpongeBob. The second hand then touches 12, becoming 8:00. SpongeBob happily punches in then jumps in the air. The scene pauses him in mid-air]

Automated Voice: On Time Percentage: 100%. [the scene starts again. Squidward walks up to the time clock]

Squidward: Another day, another migraine. [punches in] Heh, heh, mi… [scene pauses again]

Automated voice: On Time Percentage: 12%. [the screen un-pauses]

Squidward:… graine. Heh, heh, heh.

SpongeBob: Ahh, isn't it great working at the Krusty Krab, Squidward? Huh? Isn't it? Working here?

Squidward: Yeah, great.

SpongeBob: Yeah.

Squidward: Yeah.

SpongeBob: Aww, yeah.

Squidward: [getting annoyed] Yes!

SpongeBob: Hold that thought, Squidward. I'm doing the parking lot for early morning litter patrol. May Neptune shine brightly on my harvest. [laughs. SpongeBob walks out with a bag and a long, pointy tool] Litter. [picks up trash] Looks like someone missed the trash basket, huh, Mr. Candy Wrapper? [laughs] Kids these days.

We arrived.

Nico: Hiya SpongeBob. On litter patrol?

SpongeBob: Oh hey guys. I sure am.

Eli: Awesome.

SpongeBob: [another piece of trash falls to the ground next to him. He gasps and he picks up the trash] I've never seen such an epidemic! Well, at least it's all over now. [more trash keeps falling to the ground around him and he picks them up quickly. He breathes, exhausted, as one more piece of litter falls down attached to a parachute. He gets infuriated] Where is all this litter coming from?!

Lana: From someone that has a strong hatred towards the world.

[SpongeBob notices someone tossing trash out of a car. SpongeBob's eyes turn to a crumpled paper falling to the ground]

Eli: I think it's coming from him.

SpongeBob: Not on my watch. [walks up to the car] Sir, I will have you know it's against the law to litter.

Strangler: Heh, what're you gonna do, call the police? [police arrive]

Me: Wow that was fast.

SpongeBob: Yes. [police begin to handcuff the Strangler. They walk past him in single-file and continue cuffing him]

Me: That's funny how they handcuffed his eyeballs.

Squidward: How's it going, Lieutenant?

SpongeBob: Well, let's just say I hope our litterbug there saved room for his just desserts. [laughs] Yeah, just desserts.

Squidward: Whatever. Huh? [notices the Strangler] SpongeBob, don't you know who that is?

SpongeBob: Who?

Squidward: That's the Tattletale Strangler.

SpongeBob: Who?

Squidward: The Tattletale Strangler! [shows SpongeBob a "WANTED" poster of the Strangler] He's promised to strangle anyone who turns him in! [Strangler growls. SpongeBob and Squidward are scared]

I growled ferociously at him and held a dagger up to my neck and made the throat slash gesture with it.

Nico: We're not scared of you girly boy!

G1 Breakdown: Spongebob, can we talk to you and Squidward for a moment?

Maria: Inside the Krusty Krab where it's safe?

G1 Breakdown: Yep.

SpongeBob: Sure.

We went inside.

Loki: Spongebob, I don't think you understand the kind of danger you're in right now!

Nico: Yeah that guy is gonna totally rip you apart with his bare hands!

Me: He's totally going to kill you!

Eli: Yeah!

Then we saw that he was gone.

Mixmaster: Oh shit. He got out of the police car!

Nico: Oh boy. SpongeBob if I were you I would get a bodyguard and quick

SpongeBob: Right. I need a bodyguard! [runs into the Krusty Krab] Mr. Krabs! There's a maniac after me! I need a bodyguard!

Mr. Krabs: [laughs] I wasn't five-time 'Golden Claws' in the navy for nothin'. When he sees me moves, he'll be running scared. So, where is this little bully? Down at the park? The sodey shop? What does he look like, eh, boy?

SpongeBob: This would be him, Mr. Krabs. [takes out the wanted poster of The Strangler]

Mr. Krabs: [gasps in fear] The Tattletale Strangler?! [his appendages go into his body] Go away, SpongeBob! Take your death cloud with you! [scene cuts to SpongeBob showing the wanted poster to people. Shows it to Larry, who turns into a real lobster on a plate, then a construction worker who pogos off on his jackhammer, and some guys at the Tough Tavern who run off, some screaming "Hold me! Hold me!", leaving SpongeBob distraught]

SpongeBob: Ugh, that's it. I gotta get out of town 'til I can find a bodyguard.

Me: We can always keep you at the estate till this is over.

See More: Nico, please me you've got a plan!

Nico: I do. But I'll explain it over lunch. I'm starving!

Me: Good idea. Lets get some grub.

Eli: Yeah I'm hungry.

Lily: Lunch at the Krusty Krab coming up.

We went and ordered a lot of Krabby Patties and we got to eating.

Me: (Eating) Mmm! Always good to eat first before we get to work.

Maud Pie: (Monotonously) It's always good to eat. But it would be amazing if we were dealing with a monster made of Amethyst. The largest amethyst geode weighs 2 and a half tons.

Me: That's the Empress of Uruguay. That's an 11 foot tall geode that weighs over 5,000 pounds.

Lola: Wow! That is a heavy rock!

Laney: No kidding.

Rarity: (Stammering) A 2 and a half 2 bedazzling gem!?

She was imagining herself hugging it.

Me: Anyway what's your plan Nico?

Nico: Qin, before I discuss my plan, I've decided that your Ambassador mission will be tomorrow.

William: What's it going to be?

Disk Wars Deadpool: Let's just say that it takes place in a version of Detroit.

Me: (GASP) Wade I know exactly what version you're talking about and that means me and Qin are going to Motorcity. You will love meeting my friends the Burners.

Qin: Who are they?

Me: A group of rebels.

I went over who they were.

---

Mike Chilton (voiced by Reid Scott) - The leader of the Burners and the main protagonist of the series. Mike is a cool, quick-witted, funny, gutsy, kind, impulsive 17-year-old who does things his own way and usually has things under control. He takes very few things seriously, except for his mission of taking down Kane, and easily keeps his team ready for whatever Kane throws their way. He used to work as Kane's cadet before Kane's cruel nature drove him to quit and fight against him as a Motorcity rebel.

Julie Kane (voiced by Kate Micucci) - The Burners' infiltration expert and inside connection to KaneCo., using her "internship" there to gather info on Kane's plots. She is highly skilled and has a strong sense of patience that allows her to see the best in people. Unknown to her Burner teammates, she is actually Kane's daughter, though she makes it no secret that she is against her father's wicked crusade.

Chuck (voiced by Nate Torrence) - Mike's best friend and computer expert for the Burners. Thanks to his large brain, Chuck can always find an escape route or solution to whatever problem the Burners are in, and is usually improving the Burners' computer and security systems. Although he's usually terrified of whatever dangerous situation Mike has put him in, he's incredibly loyal. He's the only Burner who can't drive, and fears rejection from the others if they ever found out.

Dutch Gordy (voiced by Kel Mitchell) - The Burners' creative technological genius. Having escaped Kane's futuristic empire, Dutch is wary of Deluxe and hates to go back, even to fight Kane.

He is initially mistrustful of others, but is likable after getting to know him and his knowledge and loyalty makes him a steadfast teammate. Dutch is an artist at heart and values solitude when pursuing his passion, but he's always ready to upgrade the Burners' hot rods with one of his latest weapons or gadgetry.

Texas (voiced by Jess Harnell) - Loveable yet somewhat stupid, Texas is a violent, gung-ho powder keg who is dedicated to the Burners and his fierce determination usually makes him the first one on the battlefield when a fight breaks out. Texas is never the voice of dissent and tends not to think twice before charging in and smashing something with any body part that's armed and ready. He is noted to be Mike's self-appointed second-in-command and dreams of one day leading the Burners, but would never question Mike's authority without a reason. He often speaks in 3rd person and yells his name when attacking foes.

Jacob (voiced by Brian Doyle-Murray) - A hippie type in his mid-60s and Kane's former partner (a relationship that ended when Kane got all megalomaniacal). He's full of scientific and technological knowledge, which is often buried under organic food talk.

R.O.T.H. - Dutch's cube-shaped robot assistant who has helped the team on a number of occasions. He was one of Kane's attack bots until Dutch reprogrammed him as his helper. He has been shown to have a phobia of metal-destroying things, like miniature robots that disintegrate metal.

---

Qin: Cool! And who are they trying to take down?

Me: You would not like this guy one bit. His name is Abraham Kane. He's a megalomaniacal multi-billion dollar business entrepreneur that turned all of Detroit into a dystopian futuristic society and he rules over the city with an iron fist.

I went over his history.

---

Abraham Kane is the main antagonist of Motorcity, as well as the evil billionaire owner of KaneCo. who desires to lay waste to Motorcity to expand his own empire, Detroit Deluxe, and complete his conquest of Detroit.

He is voiced by Mark Hamill, who famously voiced The Joker and Fire Lord Ozai.

Founder and CEO of KaneCo, Abraham Kane transformed a dying Detroit into the utopian Detroit Deluxe. The only downside was that Kane is a megalomaniacal madman set on crushing any opposition, especially Motorcity.

---

When I was finished we were shocked.

Qin: That's horrible!

Me: Yeah. He is a monster and we overthrew him long ago and made Motorcity and Detroit one. It was 1 year before I moved to Michigan officially.

Nico: That's cool that you know the Burners, J.D.

Me: Yep.

Nico: Anyway, here's my plan. Spongebob, the Strangler's bound to get close to you in disguise.

Evilseed: We need to irritate him while pretending you're not onto him.

SpongeBob: I can do that. It'll be awesome.

Nico: Great. We'll hide from the shadows and watch and wait for the right moment.

RD Sam: And Spongebob? Make sure to make the Strangler's time with you insufferable as possible.

SpongeBob: Okay.

We hid in the rocks.

SpongeBob: Now I really need a bodyguard.

Strangler: Bodyguard, huh? I might be able to help you out. [SpongeBob walks over]

Me: (Whispers) There he is.

Eli: Yep.

SpongeBob: You don't understand, mister. I need protection from the scariest guy in town. Here's his picture. [holds up the wanted poster. The Strangler reveals himself wearing a fake mustache]

Strangler: Heh heh, he doesn't look so tough.

SpongeBob: I tattled on him, and now he wants to strangle me with his diabolical hands! I hope they're not dirty. [Strangler looks at his filthy hands and laughs. Before he can strangle SpongeBob, a bus stops next to them and the Strangler puts his hands behind his back and smiles, as the bus drives off]

Strangler: Huh? Uh-oh. Uh, there's too many witnesses around here. [walks up to SpongeBob] Listen, kid. I could be your bodyguard. Here's my card. [Shows SpongeBob his drawn-over fake ID card]

SpongeBob: Hmm, looks good to me. You're hired! I feel safer already. What's next? [a 5¢ price tag is hanging from the Strangler's fake mustache]

Strangler: Well, the maniac could be anywhere, wearing a disguise. He could be that old man. [points to an old man with a walker] Or that baby. [points to a baby in a stroller]

SpongeBob: Or that pebble. [points to a small rock on the ground] Or that stick. [points to a stick] Or that receipt for the Phony Baloney Mustache Emporium. [points to a white piece of paper]

Strangler: Huh? Uhh, that's mine. [picks it up and puts it in his pocket]

SpongeBob: Oh, bodyguard, my body is in your guarding hands. What do we do first?

Strangler: Well, I suggest we go to a nice, quiet, secluded location, uh, like behind an old dumpster or a dark alley…

SpongeBob: We could go to my house and turn off all the lights!

Strangler: Perfect. That way no one can hear you being strangled… err, I mean, uhh, protected. [laughs as the lights grow dim] Perfect. [laughs]

SpongeBob: Yes, excellent. [laughs with the Strangler until the lights turn on again] Ah, but first, I gotta do a few errands.

Strangler: Uhh, okay, but let's make it quick.

SpongeBob: Quick is my middle name. [scene cuts to the grocery store] Let's see… paper towels. This one says "best paper towel around," this one says "best paper towel in town." Hmm… in town… around… in town… around… what do you think, bodyguard?

Strangler: Whatever gets us to your house quicker.

SpongeBob: I'll take both! [scene cuts to 'Dry Cleaning While-U-Wait']

Dry Cleaner: Here you go, Mr. SquarePants. [hands him his clothes]

SpongeBob: Hmm.

Dry Cleaner: Is there something wrong?

SpongeBob: I'm not sure if these are my pants. [Strangler groans. Scene cuts to the perfume store where SpongeBob sprays some perfume on his wrist and holds it up to the Strangler] How about this one, bodyguard? Too overbearing?

Strangler: Can we just go to your house?! [scene cuts to SpongeBob's house]

SpongeBob: Here we are. SquarePants Manor. Bodyguard, let me just take this opportunity to say you're the best bodyguard a fella could hope to have.

Strangler: All right, enough of the sappy talk! Open the door so I can strangle you… I mean, uhh, choke you… I mean, uhh, crush your windpipe… gah, I mean…

SpongeBob: Protect me?

Strangler: Thanks.

SpongeBob: Don't mention it, Strangler. [gasps] I mean, bodyguard. Now where'd I put my key? [searches his pocket for the key as the Strangler gets angry]

---

French Narrator: (French Accent) Twenty minutes later…

---

[SpongeBob is still searching for his key. The Strangler gets even more angry]

SpongeBob: Well, I can't find 'em. You wanna take a look?

Strangler: Oh, forget the key! Let's climb through this window. [struggles reaching for the window] I can't reach it. Do you think you could hop up on my shoulders, kid? [SpongeBob is wearing cleats]

SpongeBob: Sure. With these spiky cleats, anything is possible. [jumps onto the Strangler] Yah!

Strangler: Cleats?! [SpongeBob's feet land on the Strangler's eyeballs. The Strangler screams in pain] Get your feet out of my eye sockets! [SpongeBob starts tugging at his legs]

SpongeBob: I'm trying, but my cleats are stuck in your corneas! [Strangler runs around in pain]

Electro: (laughs) Man, this is getting funny to watch!

Me: (Laughs) That is funny.

Nico: (Laughs) It sure is.

Eli: But that must really hurt. Ouch.

Leozack: The Strangler's probably wishing he never chose Spongebob as his target!

Nico: Yeah no kidding. That's funny.

Eli: It sure is.

Luna Loud: Shall we do the entrance dudes?

New Wave: Not yet. We want to further drive him up the wall first.

Nico: Exactly. When they both get inside, the surprise parties are next!

---

French Narrator: Six hours later…

---

[Strangler is still running around until he pulls SpongeBob's feet out of his eyes. Scene cuts to the Strangler with bandages on his eyes]

SpongeBob: Don't be mad, bodyguard. Let me just grab the key I keep under the mat and we can get inside. [The Strangler's eyes open widely. The Strangler growls in anger and a nuclear explosion comes out of his head] There you are, you little rascal. Now, to put the key in the lock, which should activate the tumblers, thus opening the door. [Strangler sneaks up behind SpongeBob ready to strangle him. SpongeBob opens the door and walks in] Step inside…

Strangler: [closes the door] Close the door…

SpongeBob: Well, here we are.

Strangler: I've finally got you all alone! [laughs evilly]

SpongeBob: I know, isn't it great? [laughs. Strangler picks up SpongeBob] Ooh.

Strangler: Now, you're gonna get yours… tattletale! [lights turn on]

All of SpongeBob's friends: Surprise! [all of SpongeBob's friends are in his house cheering. They drop a sign that says "Congratulations, SpongeBob! 100% On Time!"]

SpongeBob: A surprise party to celebrate my perfect on-time percentage at work? [Strangler nervously places his hands behind his back] Oh, how'd you guys know?

Patrick: It's on the invitations you sent us. [holds an invitation up] Let's boogie! [everyone parties. The Strangler sits down in SpongeBob's chair. Scene cuts to the end of the party]

SpongeBob: Bye, everybody, thanks for coming! Bye Mr. Krabs, bye Plankton, bye Sandy, bye Larry, bye Pearl, bye Mrs. Puff, bye Squidward, bye, eh, the rest. [everyone else leaves and he walks back into the house and laughs] Ahh, alone at last.

Strangler: [wakes up] What? Huh? Huh? What? Huh? [SpongeBob closes the door] So, we're all alone now?

SpongeBob: Just you, me, and the floorboards. [Strangler and SpongeBob begin laughing again] Yeah. [there's a knock on the door. SpongeBob opens it]

All: Happy birthday, SpongeBob!

SpongeBob: How did you guys know today is my birthday?

Patrick: We just do what the invitations say. Let's boogie some more! [everyone parties again and the Strangler walks back to SpongeBob's chair. Scene cuts to the end of the party]

SpongeBob: Thanks for coming! [closes the door and laughs] Alone again.

Strangler: Is it true? Everybody's gone?

SpongeBob: Uh-huh.

Strangler: No, no more parties today? You got everything you need now? Nobody's left? We're completely alone?

SpongeBob: Oh yeah.

Me: We didn't know it was his birthday.

Nico: Me neither. We forgot. Oops.

Eli: That's all right.

Borth: Hold still, bodyguard. Majar has to punch a mosquito on your shoulder.

Majar intentionally punched the Strangler's shoulder.

Majar: Aww. I missed!

TARTAR SAUCE!

Patrick: Great parties, huh?

David Cain: (playing dumb) Patrick? What are you doing back?

Patrick: Just complimenting the parties.

Strangler: Oh… sorry, Tubby, you've gotta go. [carries Patrick away]

SpongeBob: Wait! We can trust Patrick. He's my best friend.

Strangler: Well, I can't take any chances. For all we know, he could be the Strangler.

Patrick: I'm the Strangler? Oh, I should've known! I gotta turn myself in! [runs and breaks through the wall]

SpongeBob: So, Patrick's the Strangler. Gee, you think you know a guy.

Strangler: [growls] He's not the Strangler!

SpongeBob: He's not?

Strangler: [rips off his fake mustache; yelling] I am!

Alister: (smirks) You sure? You don't look a thing like the Strangler.

Me: (Whispers to Nico) How much longer man?

Nico: (Whispers to me) Not long.

SpongeBob: Hey, how'd you do that without shaving cream?

Strangler: Oh, it's a fake, you idiot! I bought it at the party store! [everyone comes back inside]

Squidward: Did someone say "party"? [Strangler screams and runs out through the wall]

Strangler: I can't take it!

SpongeBob: [runs after him] Wait, bodyguard, I need protection! [Strangler gets into a taxi]

Strangler: Step on it! I'm being chased by a maniac! [SpongeBob chases after the taxi]

SpongeBob: I'm not safe! Come back! [taxi goes to the Bikini Bottom Airport and an airplane takes off]

Strangler: Finally, away from that guy.

SpongeBob: [on the airplane a row behind Strangler] Good idea, bodyguard. They'll never find us up here. [Strangler jumps out of the plane screaming, he opens his parachute, but it is actually SpongeBob] Good thinking, bodyguard. The Strangler could have been on that plane. [Strangler takes out a giant pair of scissors and cuts the strings off the SpongeBob parachute and plummets right into the Park]

CRASH!

Angel: Let me fly over to where he dropped down.

Nico: Okay.

She flew and found him in the park in a fish imprint hole.

Angel: Whoa what a fall. Ouch.

Skarr: NOW, can we do our entrance?

Nico: Lets go!

Strangler got up and he was really mangled up and then the spirits of the gods of the elements came and swirled around him and smashed him all over and then converged and then…

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above him and a phoenix cry was heard and we came out.

Nico: Busted buster!

Laney: You are in a lot of trouble strangler!

Strangler: You all knew it was me the entire time?!

Ebon: You should've been more careful of who you targeted.

Nico: Especially if he was a member of the Neptune Crusaders and a part of us!

Me: Better get ready Strangler because it's Buttkicking time!

Then Titanium Toenail, Brass Knuckles, Bronze Kneecap, Iron Lung, Gator Ghoul, Dumbbelltron, Samon Shakekisutanchin, Pterodactyl Ghost, Merman and Ice Demon appeared.

Nico: Titanium Toenail, Brass Knuckles, Bronze Kneecap, Iron Lung, Gator Ghoul, Dumbbelltron, Samon Shakekisutanchin, Pterodactyl Ghost, Merman and Ice Demon.

Brass Knuckles: That was a clever plan you guys made.

Nico: Thanks.

Titanium Toenail: It really drove the Strangler up the wall.

Me: Literally.

Bronze Kneecap: And you guys had two awesome parties.

Me: Yep.

Iron Lung: (to Nico) We heard you killed some zombies this morning.

Nico: Oh yeah and left a Shidou freak for dead.

Samon Shakekisutanchin: Is it true that you got your own puppet as well.

Nico: Yep.

?: That was awesome.

A figure came out and it was KRAW from episode 31 of SPD!

---

As Cerebros, he works for Broodwing and is responsible for bringing the Dino Thunder Rangers: Conner McKnight, the Red Dino Ranger, Ethan James, the Blue Dino Ranger and Kira Ford, the Yellow Dino Ranger from the past. He is also responsible for redirecting the trajectory of a meteor to hit the Earth. His true identity is found out by Bridge when he uses his psychic power to scan him. Kraw is brought in by the B-Squad Rangers using S.W.A.T. Mode.

---

Sky Tate: Kraw!

Kraw: Been a while rangers.

Me: I remember you! You brought the Dino Thunder Rangers to the future and you were also responsible for sending a meteor to Earth.

Kraw: That's right. Good memory.

Me: Never missed an episode.

Maria: Considering your disguise before, did you also have the makings of a real scientist too?

Kraw: Hey, I'm allowed to learn what a real scientist does, right?

Nico: Yep you are allowed to do that.

Me: Awesome team up though.

We got the usual battles underway.

## Jack Atlas, Sunset Shimmer, Pipsqueak, Fire Skylanders, Ed, Edd, Eddy, Tempest Shadow and Itachi Uchiha VS Brass Knuckles - Nico's Rescue

---

Brass Knuckles was first.

Brass Knuckles: (to Jack) Not only did Nico kill zombies on his rescue. But he also helped David turn his life around.

Jack Atlas: He sure did and that was both a funny and amazing rescue.

Sunset Shimmer: And Nico was reunited with Nicholette Landsdown and that is amazing.

Pipsqueak: (British Accent) It sure is and it's amazing that Nicholette loves adventures.

Sunburn: She sure is gifted.

Ed: Napkin please.

Eddy: Shut up Ed.

Edd: But her adventures are really intriguing.

Eddy: They sure are.

Tempest Shadow: Nico is so lucky to know Nicholette.

Brass Knuckles: He sure is. Lets do it!

They fired waves of fire and light and smashed him down.

Jack Atlas: ALL RIGHT!

Sunset Shimmer: That was great!

Fluttershy: That was scary.

Tornado Bolt: Yeah it sure was and it was awesome.

Stealth Elf: That was so awesome.

## Stella Zhau, Pinkie Pie, Featherweight, Tech Skylanders, Emma (ELGVTWD), Alice (Resident Evil), Breakdown and Drag Strip VS Bronze Kneecap - Meeting a St. Joan Gene-Slammer

---

Bronze Kneecap was next.

Bronze Kneecap: (to Stella) I heard you guys met a St. Joan Gene-Slammer. What's her name?

Stella Zhau: Her name is Joan Delenney and she is a true saint and she saved Lincoln's life when her evil brother Jack Delenney framed him for pulling the Fire Alarm and he nearly got him expelled and sent to prison. But Joan stood up for him and got Jack expelled. Pulling the Fire Alarm illegally is a Federal Offense.

Pinkie Pie: Yeah that was intense.

Featherweight: But Jack got what he deserved.

Sprocket: He sure did.

Emma (ELGVTWD): He's now the state of California's problem now.

Alice (Resident Evil): That's for sure.

Bronze Kneecap: Wow! What she did shows that she is a true angel from heaven. I heard she is Joan of Arc reincarnated.

Stella Zhau: She sure is and she came back after 591 years as Joan Delenney.

Bronze Kneecap: That is amazing. Lets do it!

They fired waves metal, gears, lightning and fire and smashed him down.

Stella Zhau: YEAH BABY!

Pinkie Pie: BEST USUAL BATTLE EVER!

---

## Liam, Applejack, Apple Bloom, Earth Skylanders, Woody, Clay Bailey, Mixmaster and Scrapper VS Iron Lung - Joan Delenney being a Reincarnation of Joan of Arc

---

Iron Lung was next.

Iron Lung: (to Liam) I liked that Joan Delenney was a reincarnation of Joan of Arc. I bet Marinette was honored to meet her.

Liam: You bet your hot-diggity derrière she was and it was amazing.

Applejack: It sure was something. Joan of Arc was an amazing girl back all those years ago.

Apple Bloom: She fought in the Hundred Years War at age 12 in 1424 and died unfairly at age 19 in 1431.

Iron Lung: That was awful though. 116 years of fighting for the control of the throne of France and she was burned at the stake unjustly for heresy.

Flashwing: That was terrible. But she was canonized as a saint in 1920.

Woody: That was something. And that happened 591 years ago.

Clay Bailey: Yeah that was amazing.

Iron Lung: That sure is something. Her trial is considered the most famous in history. Lets do it!

They fired waves of earth, rock, crystal, apples, snow and lightning and smashed him down.

Everyone: YEEHAW!

Liam: That was so fun!

Scootaloo: It sure was.

Whirlwind: No kidding. That is so amazing.

Sakura Avalon: You're not kidding there. So amazing.

Kero: That is very complicated for me.

Mass Master: Same with me.

Energizer: Me too.

---

The Ice Demon was next.

Ice Demon: (to Thetis) (Shivering Voice) Wasn't the Tattletale Strangler faced during the Krabby Patty Zombie Invasion? If that's the case, then he had some involvement in the creation of the Neptune Crusaders.

Thetis: Yes the Neptune Crusaders did face him during that time. And I think that is amazing. Man talk about ironic. The Krabby Patty Zombie Invasion and The Tattletale Strangler both had a hand in making the Neptune Crusaders.

Rarity: That is most amazing there darling.

Sweetie Belle: It sure is something and I think that's so cool.

Gill Grunt: Just like how Mojo Jojo inadvertently made the Powerpuff Girls, the Tattletale Strangler gave us the Neptune Crusaders.

Ashi: That was really ironic.

Ice Demon: No kidding. Lets do it!

They fired waves of water, ice and jewels and smashed him down.

Pterodactyl Ghost was next.

Pterodactyl Ghost: (to Maximum Ride) I heard Nanette had her first ambassador mission. How was it?

Maximum Ride: It went really well and Nanette, J.D. and Nicole all met Ibara's friends and took down Tomura Shigaraki and destroyed 75% of the villains that Izuku and his friends all faced.

Starlight Glimmer: It was so awesome and now we have less competition for when we go there on April 7th.

Cozy Glow: And we have more potential recruits for you all in the future.

Hex: This will be a great adventure in the future.

Fang: It sure will be good.

Gazz: I am looking forward to this one.

Izzy: Same here.

Angel (Maximum Ride): Me too.

Nudge: Same with me.

Pterodactyl Ghost: And that is all on a world where 80% of the population all were born with superpowers. That is amazing and awesome. Lets do it!

Gator Ghoul was next.

Gator Ghoul: (to Becca) It's awesome that J.D. made a threatening message to the Paranormal Liberation Front. But I've got a feeling that on April 7th, we're gonna fight someone even more worse and powerful then they are!

Becca Chang: I have that same feeling too and this will be an awesome time in the future where Ed's poison will come in handy for this.

Twilight Sparkle: It sure will be handy for the April 7th adventure.

Starshine Sparkle: What the villains all did in that world is unforgivable.

Sunny Starscout: And they will all pay for it.

Spyro: They sure will and it won't be pretty.

Tom Majors: We need to make sure they all suffer and pay.

Sarah Gunnerson: And we will.

Gator Ghoul: This will be good. Lets do it!

---

Merman was next.

Merman: (to Yumi) It's awesome how you guys met Ibara's friends. Are they really awesome as she said they are?

Yumi: They sure are and it's amazing that they have such incredible powers and all that.

Princess Luna: They were born with amazing gifts and J.D.'s teachings made them more powerful than ever. Same with Nanette's teachings too.

Moondust: Now the villains there are probably going to think twice before messing with J.D.

Blackout: His power is too strong for them.

Valon: (Australian Accent) Yeah those blokes are gonna think twice before messing with us too.

Tea: You got that right.

Mai Valentine: What they are doing to their world is horrible.

Joey Wheeler: Yeah and we need to take the fight to them and make them pay!

Yugi: Yeah those guys crossed a huge ine.

Eli: But the Force is telling me that we're going to face All-For-One when we go there.

Merman: He must be really bad news.

Pharaoh Atem: He is. Lincoln told us all about him and he is dangerous. That's why Ed's poison will be useful for this.

Merman: Thank goodness. Lets do it!

They fired waves of darkness and elements and smashed him down.

Yumi: DARKNESS FALLS!

Princess Luna: A true victory of the night!

---

Ben 10,000: You're not kidding there and he deserves to be locked up forever.

Princess Celestia: He should be banished to the moon.

Amber Morning; Yeah he should but that's too extreme.

Spotlight: I agree there. But Prison is better for him.

Nicole Knudson: He is rotten to the core.

Daring Do: You got that right.

Rainbow Dash: Not awesome.

Dumbbeltron: Yeah no kiddin. Lets do it!

They fired waves of light, lightning, elements and energy and smashed him down.

Ben 10,000: That was a grand victory!

Princess Celestia: That was so awesome!

---

---

Pink Ranger Slayer was next.

Pink Ranger Slayer: It's absolutely amazing that there is a world where 80% of the population was all born with superhuman powers and abilities.

Fiona Hernandez: It's really incredible. This is gonna be one kickass adventure when we go there on April 7th.

Pink Ranger Slayer: I agree. And I'm really looking forward to this one. You guys are gonna have a massive number of recruits after that.

Fiona Hernandez: Boy we sure are. This will be the largest number of recruits for the team that we got ever since the team was coming together. How amazing is that?

Apple Bloom: I think it's really amazing myself.

Sweetie Belle: It sure is cool. And Lincoln's knowledge of the world of My Hero Academia really has been beneficial in Nanette's Ambassador Missions.

Cutie Mark Crusaders: CUTIE MARK CRUSADERS VICTORY! YAY!

## Marie Hernandez the Gene-Slammer of Hamon, Lord of Striking Thunder, Frozen Fright, Thunder Terror, Magma Gloom, Toxic Horror, Louie PoisonSea, RD Lincoln and Elena VS Weddinmon

Weddinmon was next.

Weddinmon: I can't believe that Tomura Shigaraki was that dangerous.

Marie Hernandez: I know and it was because of his father that this happened to him! He was pure evil and he destroyed not just his entire family but himself as well because of his hatred towards people with powers!

Frozen Fright: So in a way I feel sorry for Tomura because of his hatred towards his dark past.

Thunder Terror: I would normally feel sorry for Tomura but not this time.

Magma Gloom: Every villain in the world of My Hero Academia is different. Especially that Himiko Toga girl. She is crazy!

Toxic Horror: Yeah she's totally screwed up in the head.

Louie PoisonSea: I feel sorry for her too. I think she would make a great member for the Redemption Squad and for the M.O.E.

Weddinmon: Just like Carly and Misty. Well we'll have to see what J.D. thinks. Lets do it!

They fired waves of lightning and elements and smashed her down.

Marie Hernandez: LIGHTNING WINS!

---

Marcel was next.

Marcel: Are you familiar with the world of My Hero Academia?

Nicole Hernandez: As a matter of fact yes I am. Me and my sisters were shown the world of that series by Nico and it was amazing. 80% of the people in that world were all born with superhuman powers and abilities and I think that is so amazing. But what the villains are going to do is absolutely disgusting. But there's one villain that me and my sisters all feel sorry for and that's Himiko Toga. Something caused her to go off the deep end and I think it stems from her childhood.

Star Swirl: That could be it Nicole. Maybe we can have you and your sisters go with Nanette and Ed Grant with J.D. and Nicole to help her out.

Rockhoof: (Scottish Accent) Aye. That would be a great idea now.

Somnambula: (Egyptian Accent) I think there's still a piece of herself that can help her be saved.

Mistmane: She deserves a chance at Redemption.

Flash Magnus: Same here. Something happened and she needs help.

Mage Meadowbrook: We got to do something.

Gusty: No kidding.

Clover the Clever: Yeah.

Carly Atlas: It's not too late for her.

Lincoln and his harem: SPONGEBOB EPISODE FINAL SMASH: BUBBLE BLAST!

They fired a barrage of bubbles at the Tattletale Strangler's eyes which stung like crazy!

The blasts then hit him and exploded and sent him crashing into a police paddy wagon and they took him away.

Nico: Take that strangler!

Spongebob: Thanks for warning me guys.

Ice Demon: No problem, Spongebob.

Joan Delenney: I think I'm going to love it here.

Pterodactyl Ghost: You sure will.

Nanette: I just hope Izuku and the others are ok.

Gator Ghoul: I'm sure they're fine.

Merman: After all, they got a lot stronger thanks to you and JD's teachings.

Dumbbeltron: But Ibara should still come on one of Nanette's missions.

Me: Good idea. It'll be awesome for her to tell everyone how she is doing with us.

Nico: That's a great idea. And Fiona, Marie and Nicole, you have permission to go with Nanette, Nicole and J.D. on their next ambassador mission and help Himiko.

Fiona Hernandez: Thanks Nico.

Me: Yeah and to be honest I feel sorry for Himiko too.

?: I will have my revenge on you for ruining my revenge on Marco Diaz, Lucy Loud!

Marco Diaz: Oh boy, there's no mistaking that voice from anywhere. You can come out now, Tom Lucitor.

A figure came out, and it was none other than Tom Lucitor, who's returned from the dead, and wants revenge on Lucy Loud and Star Butterfly and her friends.

Star Butterfly: You just don't even know when to quit, do you, Tom? I broke up with you, and now, I'm with Marco, can't you even learn to take no for an answer?!

Tom Lucitor: You will pay for breaking up with me, Star Butterfly, and once I get done burning you and your friends to death, you're next, Lucy Loud!

Me: Not if we kill you first you 3-Eyed Demonic Freak!

Tom Lucitor fired a powerful barrage of fireballs at us, but we absorbed the fireballs, and it made us more powerful than ever.

Nico: Seems like he hasn't learned his lesson, well, it looks like there's nothing left but to get rid of him for good.

Tom Lucitor: Why?! Why can't I kill you all?!

Suddenly, something inside Marco Diaz's mind snapped as his blood red eyes turned neon blood red, and he was surrounded by a blood red energy aura with flames, magic, skulls and eagles, he then unholstered his massive Huitzilopochtli's War Sword of Fiery Justice from his now wider and more muscular back, and as he approached Tom Lucitor, he left red energy, flames, magic, skulls, and eagles with every step.

Marco Diaz: Tom Lucitor, you have caused me and my friends so much grief for the last time, you can try and kill me and slake your petty thirst for revenge. (Getting Angry) But, when you also include my friends, family, Star, and Lucy Loud among your victims for your own selfish bloodlust and desire for revenge… , YOU'VE CROSSED ONE LINE TOO MANY, YOU THREE-EYED, SHORT-TEMPERED, DEMONIC PIECE OF CRAP, AND I'LL MAKE SURE YOU NEVER RISE AGAIN!

Star Butterfly: Whoa, Marco's definitely let his rage loose, and now, Tom Lucitor's about to be burned alive.

Eli: HIT THE DECK!

We then ran for cover. Suddenly, Marco Diaz screamed like a madman!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive explosion of energy and fire swirled out around him and his power was increasing fast! He was screaming like a madman and the ground was shaking violently and it was incredible!

Me: INCREDIBLE!

Vegeta: (GASP) IT'S UNREAL!

Nico: WHAT POWER!

Star Butterfly: Marco.

Then Marco was surrounded by a massive vortex of blood red energy with flames, magic, skulls, and eagles surrounding it, there was an eagle flying around the vortex, and inside the vortex is a red phoenix. Then, as the vortex faded, Marco Diaz emerged, but he was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:35 TO 2:14)

The 7'0" tall, handsome, and extremely muscular Marco Diaz remained the same, along with his new clothes and large eight blood red orbs orbiting around his legs, he has neon blood red eyes and a blood red energy aura with flames, blood, skulls, magic, and eagles surrounding him and he has blood red highlights in the bangs of his longer neck-length dark brown hair, Marco Diaz has an eagle holding the Fire and Eternity Kanjis in its claws emblazoned on his forehead, he has gold eagle stud earrings with blood gems for eyes and the Fire and Eternity Kanjis in its claws and he has on his large Crystal Necklace of The Buddha with blood red crystals for the links and a gold eagle with blood red gems for eyes and the Fire and Eternity Kanjis in its claws for the pendant across his bare chest. Suddenly, Marco Diaz felt a sharp pain on his wider and more muscular back, and massive dark brown angel wings with blood red tips on the large dark brown feathers had sprouted out on Marco Diaz's wider and more muscular back.

Marco Diaz had out his massive Huitzilopochtli's War Sword of Fiery Justice in his large left hand, and he has on his new large gold cuff Bracelets of the Champions of The Universe with blood red gems on his wrists, long blood red trenchcoat flaps with flames and eagles on the coattails around his blood red loincloth around his waist and held up by his new large gold Belt of Elemental Bravery with a golden eagle head with blood red gems for eyes and a large blood red gem in its open mouth for the belt buckle on his waist, large blood red Spellbook of The Gods and The Universe and large blood red Universal Spellbook of The Elemental Forces on his left hip and Eater of Sins revolver holstered on his right hip, and a Green Lantern Corps ring on his right ring finger. Marco Diaz has an eagle with flames surrounding it and skulls and blood around the eagle tattooed on his wider and more muscular back, and he has a blood red kanji tattooed his chest that said, "Star Butterfly and Marco Diaz: Match Made in Heaven" and there's a blood red kanji right below the eagle that said, "Marco Diaz, Interdimensional Friend to Many, Powerful Martial Artist, Defender of Mewni and Earth and Destroyer of Mewni's Many Enemies, Loving Boyfriend and Future Husband of Star Butterfly, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Emissary of Huitzilopochtli, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Eagles, Swords, Fire, Blood, Magic, and Skulls."

Marco Diaz has transformed into SUPER ANGEL ETERNITY INFINITY BLOOD FIRESTORM EAGLE ANGEL OF FIRESTORM JUSTICE AND AZTEC BLOOD WILL!

We were amazed by Marco Diaz's new Super Angel Eternity Infinity transformation, and when Star Butterfly saw him, she had an even more brighter atomic red blush on her face and hearts in her eyes. But when Tom Lucitor saw it, he fell into a homicidal rage, and fired a powerful blast of fire at Marco Diaz, but Marco Diaz absorbed it, and he became more powerful than ever.

Nico: Holy crap, Marco's transformed, and Tom Lucitor's in a ton of trouble now.

Star Butterfly: Wow, Marco, you look so much more handsome and extremely ripped. How do you feel?

Marco Diaz: (Divine Echoing Cosmic Voice of The Aztec Firestorm and Blood Justice) **I feel incredible, Star, and now, if you'll excuse me, I'm going to take care of your homicidal ex-boyfriend, and I've got a surprise for you later.**

Me: Show no mercy on him Marco!

Marco nodded.

Marco Diaz went after Tom Lucitor, who continued to throw powerful blasts of fire at Marco, but he kept on absorbing them, and it made him even more powerful than ever. Then, Marco fired powerful blasts of blood red energy, fire, skulls, magic, and eagles at Tom Lucitor, and they exploded with incredible power as they hit him. Then, Marco attacked him with new Huitzilopochtli's War Sword of Fiery Justice, and left some nasty bloody slashes on him, and the blood on the blade was absorbed into it, along with using some powerful martial arts techniques and kicks and punches. Then, Marco grabbed Tom Lucitor and he'd hoisted him up, and he began absorbing and sucking out all of Tom Lucitor's fire powers and he along with all of us made them our own. Then, Marco tossed him up into the air with his immense brute superhuman strength.

Marco Diaz: **And now, this is the end for you, Tom Lucitor. AZTEC BLOOD FIRESTORM KAMEHAMEHA!**

Marco Diaz fired a powerful Kamehameha wave made of blood red energy with skulls, eagles, flames, and magic, and as it hits Tom Lucitor, it exploded with incredible power, and the resulting explosion killed him, and his spirit was Super Hakaied and banished to Oblivion forever, but Marco Diaz had also put a curse on Tom Lucitor's spirit, which'll mean if Tom Lucitor returns for revenge again, the next time he gets destroyed, it's The Black Gates for him. We cheered wildly for what Marco Diaz did, as he holstered his new massive Huitzilopochtli's War Sword of Fiery Justice on his wider and more muscular back and powered down, and Marco Diaz's new body, clothes, weapons, jewelry, eight large blood red orbs orbiting around his legs, and angel wings are permanent. Then, as he turned to head back to us, Star Butterfly ran up to Marco, and hugged his waist, and he then responded by wrapping his now abnormally massive and powerful muscular arms around her and hugged her. Then, he had leaned down to her face, and they passionately kissed, and we cheered for them, then, they came back to us.

Nico: Awesome job in getting rid of Tom Lucitor, Marco.

Marco Diaz: Thanks, Nico. Now, it's time for my surprise.

Marco turned to Star Butterfly, and he kneeled on one knee. Then, he took out a small black box and put it behind him. HE WAS POPPING THE QUESTION!

Marco Diaz: Star, on the day you first came to Earth, I was tasked to keep you safe especially from Ludo, his army of monsters, and many other threats. But, then, over time, our friendship blossomed into something more, and I started developing feelings for you, and you also developed the same feelings for me. But, now I want to take this one step further.

Marco then took out the box, and he opened it, and inside it was a beautiful gold ring with a heart-shaped pink gem and star-shaped yellow gem surrounded by small diamonds, and inscribed on the gold sashes around the two gems are the words: "Star Butterfly and Marco Diaz: Earth and Mewni Eternal Love United Together For Eternity".

Marco Diaz: Star Butterfly, will you marry me?

Those words brought tears to Star's eyes and a smile on her face, and we also had the same tears in our eyes and smiles on our faces.

Star Butterfly: Yes, I do, Marco Diaz. I will marry you.

Marco got up, and he placed the ring on Star's right ring finger, and they hugged, and then, Marco leaned down to Star's face, and he kissed her on the lips, as she wraps her left arm around his wider and more muscular back, and placed her right hand on his massive wide right pec, and we cheered wildly for them.

Nico: So, that's Marco's surprise?! That's really awesome!

Me: And I can't wait for the wedding in the future.

Lincoln: Same here, and Star's parents know Marco will take good care of Star.

Venus Butterfly: I'm so happy for Star and Marco.

Zoe Weather: Same here, Venus.

Hercules Weather: I knew that one day, their romantic relationship would soon turn to thoughts of marriage in the future. And now, that dream came true in the form of a marriage proposal, so awesome.

Nico: And Marco will decide where to have the wedding in the future. But, that wedding in the near future is bound to be epic.

Me: You said it, Nico.

Nico: Yep. But great job everyone! This was a great mission and I'm so happy for Marco and Star. I knew they were made for each other.

SpongeBob: (To the viewers) Just remember folks, never mess with dangerous criminals and always be careful with who you meet and fall in love with.

Nico: Absolutely. Great job today everyone. Lets head home and Marco and Star congratulations on your engagement.

Marco: Thanks Nico.

Me: After everything you and Star accomplished you more than earned this.

Star Butterfly: Absolutely.

We went back home and enjoyed the rest of the day and went to sleep. The Tattletale Strangler was found guilty of his crimes and sentenced to eternity in the solitary confinement section of the Neptune Prison.

THE END

Another awesome fanfiction done.

SpongeBob Meets The Strangler was a really silly and awesome and funny episode from Season 3 of SpongeBob Squarepants and it was so funny how SpongeBob was annoying the hell out of the strangler. Nobody likes a tattletale but the strangler went to great lengths to kill all tattletales and make sure they all pay for turning him in to the cops. The episode aired on October 11th, 2004 and it was 3 days before my 17th birthday. How cool was that. The first part was for the 2019 Black Comedy movie called Little Monsters and that was a crazy movie about zombies. Lot of trash talk in that movie but it was really silly. Nico wanted to do that rescue for a while. The second part was for the movie Constantine with Keanu Reeves and that was a great movie! I thought it was amazing how Constantine went through all that to save the balance of Heaven and Hell and stop Gabriel from unleashing Hell on Earth. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be in the world of The Legends of Zelda The Windwaker and Nico and Pyrrha Nikos are going there to rescue Toon Link's little sister Aryll and others including a Biot-savartian Gene-slammer named Ophelia Nasturtium and she is Nico's gardening partner. They will be going to the Forsaken Fortress for the rescue and save them. Lincoln's Rescue is gonna be in the world of Donkey Kong Country 2 and they will be facing Kaptain King K. Rool and save Irena Malkovich the Flame Cerebrus gene-slammer from Canada and she is gonna have one helluva nasty and horrifying revelation about Sammy's evil twin sister Amy and it will show a much more evil side of her. The next chapter is gonna be an original chapter where we go to a planet made entirely out of barbecued meat. MMM BARBECUE (DROOLS). This is gonna be a salivating chapter and we're going to fight the Scraplets from Transformers Prime and also eat meat too for lunch.

See you all tomorrow.

# Mystery of The Planet of Meat

MMM BARBECUE

---

Flying over the oceans of the world of the Legend of Zelda was Nico and Pyrrha Nikos and they were flying over many islands.

Pyrrha Nikos: Wow! The World of Legends of Zelda looks like a much happier and better place now that Ganondorf is gone.

Nico: Who knows how long that will last.

Pyrrha Nikos: But he will meet his end when the time comes.

Nico: Thanks for coming with me, Pyrrha.

Pyrrha: Anytime Nico. This is gonna be so awesome going with you on one of your rescues. I have a feeling I know why we're here. To rescue Link's sister Aryll.

Nico: Yep.

Pyrrha Nikos: This will be fun.

Nico: Pyrrha, do you recommend Pumpkin Pete's cereal for eating?

Pyrrha: I sure do and it's why I'm on the front of the box. I endorse the company that makes it and it's awesome.

Nico: We'll have to try it sometime.

Pyrrha: You were just curious about that I'll bet.

Nico: Yep.

Pyrrha: I see.

Nico: There's the island.

They saw THE FORSAKEN FORTRESS!

---

Forsaken Fortress is the first dungeon Link visits in The Wind Waker. It is an ominous island, and most people tend to avoid it. The stone fortress is well-guarded with cannons, searchlights, and hordes of Miniblins, Bokoblins, and Moblins, who patrol the area and attack any would-be invaders. The Helmaroc King makes his home on the Forsaken Fortress as Ganondorf's servant. It is also the place where Link's sister, Aryll, is held prisoner along with Mila and Maggie until they are rescued.

Before the Great Flood, the Forsaken Fortress was the Gerudo's Fortress. Tetra briefly mentions to Link that the fortress previously belonged to another clan of pirates.

---

Nico: Whoa!

Pyrrha: There it is. Wow it sure gives me the creeps.

Nico: Me too.

Pyrrha: This is gonna be interesting.

Nico: If you see any metal, you should probably use your Semblance on it.

Pyrrha: Right.

Nico: And if you see any guards, destroy them.

Pyrrha: You got it.

They went onto the fortress and it was a creepy and foreboding place.

Nico: Wow.

They walked on and it looked deserted.

Nico: What a scary place.

Pyrrha: No kidding. Link was very brave to take this place on.

Nico: He sure was.

Pyrrha then saw a metal door and she used her Semblance on it and ripped it off and it had a treasure chest in it.

Nico: A treasure chest. Lets see what's in it.

They opened it and it had a sword in it and it was THE SWORD OF DIN! It was a sword of fire and it had intense flames enveloping the blade.

Nico: WHOA!

Pyrrha: That sword is amazing.

Nico: Yeah. You want it?

Pyrrha: Okay.

She took the sword and they pressed on.

Nico: Let's still keep an eye out for any danger.

Pyrrha: Okay.

They walked on and kept their eyes out for any danger. Along the way Nico got the Staff of Nayru and they found the Spear of Farore. The three weapons of The Triforce. Then they reached the top of the fortress tower and it had guards all over.

Nico: Guards. Lets get them.

Pyrrha: Lets.

They went over and slashed and burned and blasted the guards all over and blew them to pieces.

Nico: Take that!

?: (Techno Voice) Nico?

They saw a Biot-Savartian and a bunch of prisoners.

Biot-Savartin: (In a girls voice) Wow boy are we glad to see you.

Nico: That voice. Ophelia Nasturtium?

Ophelia Nasturtium: That's right.

Nico: Wow it's awesome seeing you here.

Aryll: Thank goodness you guys saved us.

Pyrrha: Lets get you all out of here.

They got the prisoners out.

Pyrrha: What's your favorite memory of Nico?

Ophelia Nasturtium: Lots of memories.

She reverted back and she was a girl with black hair and had yellow eyes and had yellow and black clothes.

Ophelia Nasturtium: I like to garden and me and Nico were in Botany class together and we did a lot of projects on plants and even grew fruit and vegetable trees.

Nico: Yep. Ophelia also has another amazing quality about her and that's she has plant powers.

Pyrrha: That's amazing.

Nico: Yep.

Ophelia Nasturtium: Yep. Now I also have magnetic powers too.

Nico: So awesome.

Aryll: That is cool.

Nico: Yep.

Nico and Ophelia then hugged.

Nico: I really missed you.

Ophelia Nasturtium: Same here. I could go for an awesome salad when we get home.

Pyrrha: Awesome.

They went back home and later told us about how it went and it was incredible.

Suddenly, Lincoln heard the sound of fourteen girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the fourteen girls, along with the Flame Cerberus Gene-Slammer, but they've been cornered by Kaptain King K. Rool and his crew, and he's going to kill them all.

Lincoln: Guys, I found the fourteen girls, along with the Flame Cerberus Gene-Slammer, but they've been cornered by Kaptain King K. Rool and his crew, and he's going to kill them all.

Hector (Heathcliff): Alright, then, let's go crazy!

Hector and Keiji Maeda (Samurai Warriors) cuts down more of Kaptain King K. Rool's crew with their Ogre Horn and Heaven's Maw of Judgement sasumata pikes, and then, Lincoln delivered one powerful one-handed downward swing, and he cuts down Kaptain King K. Rool, and he and his crew were then turned into Kremling-skin leather boots for Lincoln's harem, and the spirits of Kaptain King K. Rool and his crew were Super Hakaied and sent to Oblivion forever. We cheered wildly as we holstered our weapons and power down.

Lincoln: That's it for another pair of Kremlings. (To the Flame Cerberus Gene-Slammer) And it's good to see you again, Irena Malkovich.

Irena Malkovich: (Canadian Accent) You too, Lincoln, it's been a long time.

They went up to each other, and they hugged, and Irena Malkovich was also very surprised at how much stronger and at how much taller and much more muscular Lincoln's gotten since she last saw him.

Lincoln: It sure has been a long time, I haven't seen you when you were fourteen, and I've grown a lot since then.

Irena Malkovich: Yeah, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Whoa, Lincoln, you know her?

Lincoln: Yeah, I do, Nico. This is Irena Malkovich, she came to Michigan from Montana, Canada when she was twelve years old, she knows a lot about pyrotechnics, she's also a talented Firebending Dancer and fighter, and she also had a nasty encounter with Sammy's former evil twin sister, Amy.

Nico: Uh oh, I knew this is going to be bad news about one of the Total Drama Sore Losers, and it's against that bitch, Amy.

Lincoln: We're going to hear about that later, now, let's get you back to normal, Irena. Boys, cover your eyes, hold still, Irena, this is going to hurt.

Me, Nico, Eli, and the rest of the boys had covered our eyes as Lincoln snapped his fingers, and Irena was reverting back to normal. Irena Malkovich is a beautiful 17-year-old with long orange hair going to the upper part of her back, orange eyes, fair skin, she's 6'5" in height, she had the body of a goddess, and she also now has massive orange angel wings, as she reigned in the power of Flame Cerberus.

Lincoln: How do you feel, Irena?

Irena Malkovich: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Irena Malkovich a new wardrobe, a short-sleeved orange blouse and purple shirt with a gold phoenix on it, orange blouse with the Flame Cerberus on it, purple pants, orange leather ankle-high combat boots, and a long orange sleeveless trenchcoat with hellhounds and flames on the coattails and Flame Cerberus on the back, and on her back is a large Flame Cerberus-themed sword with a 6'5" massive, wide, double-edged, man-sized orange blade with Flame Cerberus etched on it, large orange dog heads with purple gems for eyes for the crossguard, large purple gem for the hilt, longer black handle, and four large orange dog heads with purple gems for eyes and in their open mouths for the pommel.

Irena Malkovich: Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Irena Malkovich's neck with orange gems on the gold lightning bolts and purple crystals links from her new Crystal Necklace of the Buddha.

Irena Malkovich: (Surprised) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Irena.

Irena Malkovich had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them.

Then, we went up to the fourteen girls, and when Lincoln saw them, he immediately recognized them. The fourteen girls are Princess Apricot and Damia from Bosco Adventure, Asabuki Kogane, Ougi Kinoa, and Taneomi Shizuru from Bubuki Buranki, Janai the Sunfire Elf Princess and Aanya from The Dragon Prince, Toshima Ayaka, Katsushika Juria, Taitou Fujiko, Suginami Rushie, Shibuya Sachi, and Adachi Shiori from Dorei-Ku: The Animation.

Lincoln: Oh wow, it's Princess Apricot, Damia, Asabuki Kogane, Ougi Kinoa, Taneomi Shizuru, Janai the Sunfire Elf Princess, Aanya, Toshima Ayaka, Katsushika Juria, Taitou Fujiko, Suginami Rushie, Shibuya Sachi, and Adachi Shiori.

Nicole: From Bosco Adventure, Bubuki Buranki, The Dragon Prince, and Dorei-Ku: The Animation, awesome.

Lincoln: Are you girls okay?

Janai the Sunfire Elf Princess: Yes, we're okay, thanks to you.

Then, when Janai the Sunfire Elf Princess and the other thirteen girls saw who it was that saved them from Kaptain King K. Rool and his crew, their faces turned atomic red upon seeing the 17-year-old 7'0" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanjis "Savior of The Loud House, Powerful Student of Many Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, and The Unifier of The Three Kingdoms" on the left legs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts with a large deep sapphire blue gem in the shape of a Thunderbird on top of a silver Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Janai the Sunfire Elf Princess: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made thirteen clones of himself, and he and the thirteen clones went up to the girls, and picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Janai the Sunfire Elf Princess: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, fourteen Thunderbird Necklaces of Eternal Love appeared around the necks of Princess Apricot, Damia, Asabuki Kogane, Ougi Kinoa, Taneomi Shizuru, Janai the Sunfire Elf Princess, Aanya, Toshima Ayaka, Katsushika Juria, Taitou Fujiko, Suginami Rushie, Shibuya Sachi, and Adachi Shiori with colored gems and crystals on the gold lightning bolts. We return to the Estate, we told everyone what happened, and they were shocked when they found out the villain we went after was Kaptain King K. Rool and his crew.

But, when Lincoln showed what we did to Kaptain King K. Rool and his crew, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Irena Malkovich have a lot of catching up to do, now that she's back in town.

---

After getting rid of Kaptain King K. Rool and his crew, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Irena Malkovich saw Lincoln working out like crazy, she had an atomic red blush on her faces.

Irena Malkovich: (Canadian Accent) Whoa, Lincoln's really grown to be a 17-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Irena, and now, I can also fight and defend myself.

Irena Malkovich: (Canadian Accent) That's incredible.

Nico: It sure is, Irena. So, what's this about the nasty and horrifying revelation about Sammy's evil former twin sister, Amy, that Lincoln mentioned?

Sammy: Yeah, when Lincoln mentioned that, I decided that I also want to hear it.

Gwen (Total Drama): Same with all of us.

Irena Malkovich: (Canadian Accent) You won't like it, Nico, along with you and the Total Drama crew, Sammy. Years ago, back in Montreal, I was with the Total Drama Crew in high school, but then, I had found out something very bad from Sammy: my parents were attacked brutally by Amy and her evil mother, and she'd found out that Amy and her evil mother wanted more victims to rob and kill, and I still remembered finding out about what those bitches did to Sammy's dad. They were sure that they had gotten away with it, but what they didn't know was that we had cameras recording in and out the house, and I gave the videos to the police, and they got the words that my parents are awake, and I was so happy to hear about the news. They issued an arrest warrant for them, but Amy and her evil mother shot the cops who were sent to arrest them, and they died. We decided not to stay there in Canada anymore, so that's why we moved to Michigan, not only for a new life, but to get away from Amy and her evil mother.

We gasped at that really nasty and horrifying revelation about Amy.

Me: (Horrified) My God.

Nico: I knew Amy was a bloodthirsty, sadistic, psychotic bitch, along with her mother, and we knew they killed Sammy's dad, but to find out they almost killed Irena's parents, so they could not only rob them of their money, but also their lives to slake their thirst for blood, that's just fucking sick.

Gwen (Total Drama): Amy's nothing more than bad news from the very beginning, and I hope that she rots in prison until the day she dies for what she did to Sammy, her dad, and to Irena's parents.

Courtney: What they almost did to Mr. and Mrs. Malkovich, that's really horrifying, and that crime still haunted Montreal to this day.

Lincoln: Amy should've been arrested and put in prison long ago, and her evil mother put to death at the same time. But, they evaded the law for far too long.

Me: And the law eventually caught up to them, and they got the fates they deserved, Amy was sent to prison for the rest of her life by our hands, and Amy's evil mother was sentenced to the same thing to Amy's mom. They both got life without parole. Canada doesn't do the death penalty anymore.

We then got a shower afterwards, and suddenly, a bright light shined down on the Estate, and we'd covered our eyes. Then, as the bright lights faded, we uncovered our eyes, and to our surprise, the world of The Dragon Prince has merged with ours.

Lincoln: Wow, Janai, Aanya, look, your world has merged with ours.

Janai the Sunfire Elf Princess: Incredible.

Aanya: Which means, I can't wait to see Callum and his girlfriend, Rayla the Moonshadow Elf again, you're going to love meeting them, Lincoln.

Hector (Heathcliff): But, this also means, we're going to deal with Viren, and we're going to slay him for good.

Me: That's right. Viren is a dangerous and powerful dark mage who needs to be destroyed.

?: You got that right.

We then saw two figures walk up to us, they were Callum and his girlfriend, Rayla the Moonshadow Elf.

Janai the Sunfire Elf Princess: Rayla.

Aanya: Callum.

Callum: Aanya, Janai.

They ran up to each other and hugged. Then, they told them everything, and that Lincoln was the one who rescued them, and they're now part of his harem, and they cheered for them, and they also know Lincoln will take good care of them. Then, we also met Soren, who was Viren's son, but he had severed his ties to his father long ago and fought against him, and we also had to save Claudia from her father's distorted view of the world, and when she saw what she had done was bad, she broke down and cried, and Lincoln comforted her. Then, we set off for Viren's castle, and it was like a dark fortress from the darkest depths of Hell. We snuck in, and we then saw our target: Viren, and he had an army of Moonshadow Elf assassins.

Viren: Soon, I will have my revenge on Callum and his friends for ruining my ambitions, and soon the world will soon be mine!

Just then, a nebula with shining stars in the skies had appeared out of nowhere, and then, elemental elves made of Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, and they attacked the Moonshadow Elf assassins, and destroyed them all. Then, the sound of a Thunderbird screech and Phoenix cry were heard, and an explosion had erupted out of nowhere, and as the dust settled, we appeared.

Viren: So, the famous Team Loud Phoenix Storm, along with Callum and Rayla have arrived?

Lincoln: That's right, Viren, and we're here for one thing: to take you down and end your reign of terror for good.

Rachel Alucard: And I've had it up to hear with you to last an

eternity.

Suddenly, Rachel Alucard's blood red eyes turned neon blood red, and she was surrounded by a blood red energy aura with blood, darkness, and vampire bats, and as she approached Viren, she left blood red energy, blood, darkness, and vampire bats with every step. Suddenly, Rachel Alucard was surrounded by a massive vortex of blood red energy with blood and darkness surrounding the vortex, there's a colony of vampire bats flying around the vortex, and in the vortex is a black phoenix. Then, as the vortex faded, Rachel Alucard emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Rachel Alucard grew to 6'5" in height, she had the body of a goddess and has blood red highlights in the bangs of her long blonde hair tied in pigtails by black ribbons, she has neon blood red eyes and a blood red energy aura with blood, darkness, and vampire bats surrounding her. She has a vampire bat with the Dark Kanji in its claws emblazoned on her forehead, she has on vampire bat earrings with blood red crystals for the eyes and the Dark Kanji in its claws, and she also has a vampire bat with blood red crystals for the eyes and the Dark Kanji in its claws for the second pendant of her Thunderbird Necklace of Eternal Love with blood red gems on the gold lightning bolts and blood red crystals from her Crystal Necklace of The Buddha which merged with her Thunderbird Necklace of Eternal Love. Rachel Alucard has on a Gothic Lolita frilly black gown and jacket, red ribbon bow tie, red bat symbol design cross from the front to the back on her dress, another red cross on her shawl and bottom half, black pony heel boots with a red cross, a red ribbon on her right ankle, and long black long-sleeved coat with vampire bats on the coattails and the symbol of the Alucard Family on the back, and her red bat familiar, Gii, was by her side as always.

Suddenly, Rachel Alucard's black cat familiar, Nago, in the form of an umbrella, and Rachel Alucard's massive Destroyer of the Novus Orbis Librarium sword were surrounded by a kaleidoscope of blood red energy, storms, darkness, and vampire bats, and when they emerged, the large black umbrella curved cane handle is covered in silver, and it has blood red gems hanging. Rachel Alucard has on her new large gold cuff Bracelets of the Champions of The Universe with blood red gems on her wrists, gold Belt of Elemental Bravery with a gold vampire bat head with blood red gems for eyes and a blood red gem in its mouth for the belt buckle, large black Spellbook of The Gods and The Universe and large black Universal Spellbook of the Elemental Forces on her left hip and Eater of Sins revolver holstered on her right hip. There's a blood red kanji below the symbol of the Alucard Family on the back that said, "Rachel Alucard, Aristocratic Heiress and Head of the Alucard Family, Friend of Ragna the Bloodedge and Many, Loving Future Wife of Lincoln Loud, Former Observer, Destroyer of Yuuki Terumi's Delusional Plans, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Vampire Bats, Familiars, Magic, Blood, and Darkness."

レイチェル・アルカード、貴族の相続人であり、アルカード家の長であり、ブラッドエッジのラグナの友人であり、リンカーン・ラウドの愛する未来の妻、元オブザーバー、照海優希の妄想計画の破壊者、悪の殺し屋、混乱した、殺人、冷酷、そしてサディスティックな野郎、驚くべき強力な教師の驚くべき強力な学生、そして吸血コウモリ、使い魔、魔法、血、そして闇のマスター

Rachel Alucard has transformed into SUPER ANGEL INFINITY CRIMSON ARISTOCRAT VAMPIRE BAT ANGEL OF DARKNESS LOVE AND FAMILIAR JUSTICE!

We were amazed by Rachel Alucard's Super Angel Infinity transformation, and when Lincoln saw it, he had an atomic red blush on his face and hearts in his eyes. But, when Viren saw it, he fell into a rage and transformed into his true form, as his eyes turned black, and his skin turned pale, and he fired a powerful blast of dark magic, but Rachel Alucard fired a powerful blast of blood red energy from Nago's eyes, and they hit Viren, and he hits the wall.

Lincoln: Wow, Rachel, you look beautiful, how do you feel?

Rachel Alucard: (Divine Echoing Cosmic Voice of Vampiric Darkness and Blood Bat Love) I feel incredible, Linky, and now, shall we put an end to this evil dark mage?

Lincoln: (Smiles) You got it.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Rachel Alucard.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Let's put an end to this monster once and for all.

Rachel Alucard and Lincoln went after Viren, who fired blasts of dark magic at them, but they dodged the attacks, and Rachel Alucard and Lincoln fired powerful blasts of blood red energy, rainbow energy, elemental forces, darkness, storms, blood, Thunderbirds, Phoenixes, Buffalo, Angels, vampire bats, and magic, and they exploded with incredible power as they hit the dark mage. Then, Lincoln and Rachel Alucard fired powerful blasts of red energy, and as they hit Viren, they began sucking out all of Viren's magic and knowledge of magic, and they along with the rest of us made them our own. Then, Rachel Alucard and Lincoln fired two powerful blasts of energy, which hits Viren, and they exploded with incredible power, and the resulting explosion killed Viren. Then, as soon as his spirit appeared, Lincoln and Rachel Alucard marked his forehead with a kanji, and after being found guilty by those he killed, Viren was erased from existence forever. We cheered wildly for Lincoln and Rachel Alucard, as Lincoln holstered his massive and improved Sword of Universal Hope and Elemental Bravery on his wider and more muscular back, and he and Rachel Alucard power down, and Rachel Alucard's new body, clothes, weapons, and jewelry are permanent.

Rachel Alucard: And now that Viren is dead, the land is now at peace. Thank you for helping me with taking care of Viren, Lincoln.

Lincoln: (Smiles Warmly) You're welcome, Rachel Alucard.

Lincoln wrapped his abnormally massive and powerful muscular arms around Rachel Alucard's waist, and he brought her into an embrace, which took her by surprise and that brought an atomic red blush to her face. Then, as Lincoln leaned down to her face, they kissed passionately as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird, Angel, and Phoenix flying in the air, and we also saw a herd of Buffalo running across the field and vampire bats flying in the air, and the display of the elemental forces. We had tears in our eyes and a smile on our faces.

Me: Wow, now that's so awesome.

Nico: You said it, J.D.

Then, Lincoln and Rachel Alucard came back to us. Suddenly, Rachel Alucard felt a sharp pain on her back, and massive black angel wings with blood red tips on the large black feathers sprouted out of her back.

Nico: Whoa.

Lincoln: Whoa is right, Nico. Rachel, you now have angel wings.

Lincoln made a mirror of water, and when Rachel Alucard saw her new angel wings, she was amazed.

Rachel Alucard: Wow. I now have angel wings of my own, and in my favorite colors, black with blood red tips.

Lincoln: You look like a true Angel of Darkness, Rachel.

Me: She sure does, big guy.

Callum: And now, we're rid of Viren for good.

Rayla: Now, the Moonshadow Elves will no longer believe in Viren's lie.

Soren: I'm glad that I cut my ties to my father, what he's done can never be forgiven, and what he did to my sister, that crossed a serious line.

Claudia: I can never forgive my father, but now that I'm free from the distorted view of the world that my former father had instilled in me, I can now start a new life.

We then returned home, and Callum, Rayla, Soren, and Claudia were made new members of the team, and now, we're finally rid of Viren for good, and he'll never return to torment anyone ever again.

* * *

Later it was time for Qin's first Ambassador mission.

Nico: Alright, Qin. Now it's your turn for Ambassador missions.

Qin: I'm really excited for this!

Me: Me too Qin. You ready for some brother and sister bonding too?

Qin: You bet I am bro and at least we don't have to go far for this one.

Me: Just a short hop away from here.

Nico: Yep and if you see Kane be sure to smash his face in for us.

Me: And we're going to go after him on April 14th. This will be good.

Qin: It sure will but we will smash his face in.

Me: Lets roll.

We were off to Detroit.

We arrived at Detroit Deluxe and WOW! It was a massive and huge city from the future and to our surprise it and Motorcity was now one and it was so awesome. No longer did Motorcity have to live underneath it. It was now one with the city.

Qin: WOW! So this is Detroit Deluxe?

Me: Yep. It's amazing isn't?

Qin: It sure is! WOW! It looks like a city from the very distant future.

Me: That was my first reaction too Qin and it is really something. It's amazing that Kane made this and turned it into a Utopian Society on top and wanted to destroy Motorcity

underneath. That is terrible.

Qin: No kidding.

We flew in and walked around and the city was amazing.

Me: This is absolutely incredible.

Qin: Boy it sure is.

Mike: Hey there. I don't think I've seen you around here before.

Qin: Oh are you Mike Chilton?

Mike Chilton: That's me.

Me: Long time no see Mike.

Mike Chilton: J.D.! Wow! It's awesome to see you!

We hugged.

Me: You are doing really well Mike.

Mike Chilton: Same to you J.D. We heard you made Team Loud Phoenix Storm and Nico is now Leader after what happened.

Me: You heard right. Oh sorry this is Qin Chen, she is here on her first Ambassador Mission. It's part of a special diplomatic mission program we made for future missions. We're coming here on April 14th to bring Kane to justice. We're going to throw him in jail where he belongs.

Mike Chilton: Awesome to meet you Qin.

Qin: Same here. We were told a lot about you Mike.

Mike Chilton: I'm glad. After we defeated Kane he went into hiding.

Me: We'll find him and smash him into pulp.

Qin: We sure will.

Mike: Qin, don't take this this wrong way. But there's something… off about you.

Qin: Yeah I know what you mean and you are talking about my Komodo Dragon half.

Me: Qin was gene-slammed with Komodo Dragon DNA by one of the Paradigm Brothers. Many people that we have met have been slammed by the Paradigm Brothers.

Mike Chilton: That's terrible! What does Gene-Slammed mean?

Me: Spliced with DNA from animals and turned into hybrid creatures. But we also have Team Rocket's scientists doing the same thing with many creatures and more.

Mike Chilton: That is nuts! That's REALLY playing with fire and tampering with the laws of mother nature.

Me: That's right and the Paradigm Brothers are all dead because of that. Mess with the laws of Mother Nature and there will be terrible consequences. How are all your friends doing?

Mike Chilton: Awesome. Lets go see them.

We went to the hideout of Mike Chilton and we saw Julie Kane, Chuck, Dutch Gordy, Texas, R.O.T.H. And Jacob.

Julie Kane: J.D.!

Chuck: Wow! Awesome to see you here!

Dutch Gorby: Welcome back man!

Me: Hey guys. You're all looking great.

Texas: Thanks J.D. I do look my best. Oh and who is this pretty flower with you.

Qin: My name is Qin. Qin Chen.

Me: Qin is here on her first ambassador mission with you guys. It's part of a special diplomatic mission program we have.

Jacob: That's amazing J.D.

Chuck: If Kane finds out you're back in town, it won't be long before his goons come after us.

Me: Let them come. I'm not the same as I was before when we fought the first time. I've gotten stronger and more powerful since then.

Mike Chilton: Really?

Me: Yep.

Qin: Team Loud Phoenix Storm is the most powerful force in the entire universe and no one has been able to beat us. We never lose.

Me: Lets not get overconfident Qin. But yes we all have won every battle we faced.

Julie Kane: That's amazing! You really have come a long way since you helped us J.D.

Jacob: What do you guys plan to do with Kane when you all come here?

Me: We're gonna throw him in jail for good. I have this made by the President of The United States.

I pulled out a paper and it was a Warrant for his Arrest.

Me: This is a warrant for him to be arrested on April 14th when we all come here.

Julie Kane: Wow!

Chuck: He deserves to be thrown in jail when the time comes.

Qin: He sure will be too. (Senses something) I sense something.

Qin fired a blast of fire and it hit a trash pile and exploded and out came ABRAHAM KANE!

Me: Abraham Kane.

I went over and grabbed him!

Me: Surprised to see me after all this time Kane?

Kane: You have a lot of nerve coming back here J.D.! You ruined everything for me!

Me: And I show no remorse for doing so. You had it coming for a long time.

Kane: You know something, J.D.. You really have been a thorn on my side ever since we first met.

Me: Yeah and I'm glad I've been a big thorn in your side because now I'm going to become a nail and I'm going to stab myself all the way through your black heart when we fight!

Kane: Even more so then Chilton. And years later, here you are. Only, you're not leader anymore, are you?

Me: That's right but you'll see who the new leader is soon enough.

Mike tried to help me but some of Kane's guards approached him.

Guard 1: Freeze! Put your hands in the air!

Mike thought fast and threw a wrench at the guard's throat.

Mike: Those cops from Robot Chicken were right to open fire at Luigi when he was holding a wrench all along.

I fired a blast of energy and blew the guards of Kane apart in one blast.

Kane: You've changed a lot J.D.! What happened to you?

Me: If I told you then I would have to kill you.

Tooley: Hey, boss. What do you want me to do?

Kane: Make yourself useful and go fight Chilton and his friends! Including that new fire girl!

Tooley: How am I supposed to do that?

Kane: The Hell if I know! Use your imagination!

Mike: (in his head) When it's time to take Kane down, we'll offer Tooley a better job.

Me: (In my head) I will make sure Nico gets that idea. Tooley would make a great member for the M.O.E. (Out Loud to Kane) Consider this my only threat Kane. When we fight you had better be ready to face me and all my friends with everything you got because we're going to be coming for you and there will be no mercy on your minions. And you're going to be Prisoner #16234216 by the time were done with you Kane.

Kane: I thought you were going to kill me!

Me: You're not worth the hair on my balls to waste energy on or banish you to the Warp.

Kane: That's wrong to say.

Me: So what. Before you leave I will give you an ultimatum. You have until April 14th to decide on this. You can either leave Michigan and the United States and never return or fight us and lose and go to prison for eternity for your crimes. You have until April 14th. Now get lost!

He ran and got out of sight.

Qin: That was awesome!

Mike Chilman: Yeah it was.

Me: Just like old times.

Mike: (sighs) Okay, Qin. Now that Kane's backed off for now, you wanna tell us about your background story?

Qin: (Sighs) It's something I don't like talking about. It's terrible.

Chuck: What happened?

Me: She doesn't like to talk about it.

Qin: Yeah sorry.

Mike Chilman: Oh I'm sorry. You can tell us when you are ready.

Qin: Thanks Mike.

Me: But it's great to see you all again. Aldo we don't live too far away. Did you see that massive tree?

Julie Kane: We sure did and wow! That tree is huge!

Me: That's our estate. Strange story on that.

Qin: It's true and it's amazing. The view of the planet from 100 miles up is amazing.

Chuck: That's cool!

We had a great time and later went back home.

Nico: Hey guys. How did it go?

Me: It went awesome.

I told everyone everything and it was awesome.

Eli: Whoa! Way to go bro.

May: Qin, you should probably choose who goes with you next wisely. I've got a feeling that Kane's gonna send someone to go after you guys.

Qin: Good idea and I'll have Chris Taylor and Captain America go with me next.

Me: Good idea.

Nico: It was great of you to see Mike and friends again J.D.

Me: It sure was and I gave Kane an Ultimatum: Leave or fight and we beat him and he goes to prison.

Nico: Knowing him he will wait until the last second.

Me: That's exactly what I'm anticipating.

Eli: Same with me bro. We'll be ready for him.

Nico: Yep.

Qin: It was awesome to meet Mike and crew. And J.D. really showed Kane that he is not bluffing.

May: That is so cool. And he called J.D. a massive thorn in his side? Wow. J.D. and Kane have a really terrible history.

Me: Yep. It was one year before I moved to Michigan.

Nico: So awesome.

Eli: Yeah.

---

Later we were walking back from the store when Halinor smelled something.

Halinor smelled alcohol.

Halinor: For God's sake, Poromon, we told you and Poliwag-

Poromon: It's not us this time! We swear!

Me: She's right. I smell something but it's not us coming from us.

We then saw KIDS THAT WERE AS DRUNK AS HELL!

Me: OH MY GOD!

Nico: These kids are drunk!? What the!?

Sakura Haruno: Look at these drunk kids!

Me: Looks like they're drinking Lemonade spiked with something.

Apeface: Excuse me. Little boy. Can you tell us who sold you that lemonade?

Kid: (Hic) (Slurred Speech) What's it to ya? He is over there.

We saw a man running a lemonade stand and it had lemonade with VODKA PUT IN IT!? THAT'S CRAZY!

Nico: Vodka in Lemonade!? That guy is in big trouble with us.

Broadside: Yo! The Hell are you doing?!

Man: Why I uh…

Me: You're contributing to the delinquency of minors that's what! You're poisoning these kids with alcohol!

Man: I'm just uh..

Nico: Save it! In fact you need to have a talk with these kids parents. (Whistles)

Then out came AN ANGRY MOB OF THE DRUNK KIDS PARENTS! AND THEY WERE ARMED WITH PITCHFORKS, TORCHES AND WEAPONS.

Me: He's in for it now.

Poromon: This is why I only offer beer on special missions.

Time Force Dash: And that's good. I think?

Nico: Oh it is. Get him!

The angry mob went at the man and he ran for his life down the street.

Nico: Heh.

Eli: Where will he go?

Nico: Oh he won't get far. Sheila and Tom are waiting for him at the end of the street.

Me: Awesome.

Nico: Anyway it's time for our next mission and believe it or not guys it's on a really strange planet 63,234 light-years from here.

Then Brass Knuckles, Titanium Toenail, Bronze Kneecap, Iron Lung, Gator Ghoul, Dumbbelltron, Samon Shakekisutanchin, Pterodactyl Ghost, Merman and Ice Demon appeared.

Brass Knuckles: Can me, Titanium Toenail, Bronze Kneecap, Iron Lung, Gator Ghoul, Dumbbelltron, Samon Shakekisutanchin, Pterodactyl Ghost, Merman and Ice Demon go with you guys?

Nico: You all sure can and we're going to a really strange planet. We don't know what this world is but it's a weird one. Lisa deploy the U.S.S. Valorous Phoenix.

Lisa Loud: You got it.

As we're getting ready to head to the planet, Lincoln's deep sapphire blue eyes glowed even more, as he sensed a dark energy, and he saw a vision of who that dark energy belonged to, it was none other than our old enemy, Johann Shmidt A.K.A. Red Skull, and he's returned from the dead, and he wants revenge on us for killing him. When we saw that, it definitely meant trouble.

Nico: Uh oh, Lincoln, trouble?

Lincoln: Afraid so, Nico, and guys, we're not going to like it one bit: our old enemy, Red Skull, has returned from the dead, and he wants revenge on us for killing him.

We gasped in shock.

Me: What, that ruthless Nazi leader and founder of HYDRA has returned?! That bastard just doesn't know when to quit, does he?

Nico: I remembered you guys telling me about it, that you faced off against Red Skull long ago, and I was also surprised that your Grandpa Dean had a history with that monster.

Me: It's all true, Nico, and Red Skull has sworn revenge on my family ever since. But, his desires for world domination will be brought to an end yet again.

Xiao Qiao: Then, let me and Lincoln deal with that meanie.

Lincoln: But, we're not going to be the only ones, would you like to help out, J.D.?

Me: Do I ever, Lincoln, plus, Red Skull's going to be in for one nasty surprise when he sees what's happened to me.

Nico: (Smirks) Okay, and I have only one thing to say to you three: make sure that evil Nazi and the founder of HYDRA suffer dearly for everything that he's done during World War II.

Lincoln: (Smirks) You got it, Nico.

Nico: Alright, everyone, let's board the U.S.S. Valorous Phoenix, and head for the planet.

She did so and we got into the ship and we were off into space.

* * *

The U.S.S. Valorous Phoenix was flying through space.

Nico: Captain's Log, Stardate 5621.2: The U.S.S. Valorous Phoenix is en route to a mysterious planet located at the opposite side of the galaxy and we are going to investigate what this planet is and see what needs to be done there.

Sandpit: Nico, which Gene Slammer do you think you'll meet on your next rescue?

Nico: I'm hoping to go for a Mekfootan Gene-Slammer next.

Ben: One of Toepick's kind next. That will be interesting to see.

Nico: It sure would and it will be awesome to see it scare the living crap out of a criminal I hate.

Me: So Shrek will probably go with you.

Nico: Maybe.

Titanium Toenail: Wake me up when we're there.

Nico: Okay.

Titanium Toenail fell asleep.

Lincoln: I'm hoping to meet a Queen's Knight, King's Knight and Jack's Knight Gene-Slammer next.

Nico: The Knight Trio next. That will be interesting to see.

Laney: It sure will.

Lana: Yep.

Jack Spicer: Are we there yet?

Nico: Not yet.

Lisa and Bart: Are we there yet?

Homer: No.

Lisa and Bart: Are we there yet?

Homer: No.

Lisa and Bart: Are we there yet?

Homer: No.

Lisa and Bart: Are we there yet?

Homer: No.

Lisa and Bart: Are we there yet?

Homer: (Annoyed) No!

Lisa and Bart: Are we there yet?

Homer: No!

Lisa and Bart: Are we there yet?

Homer: No!

Lisa and Bart: Are we there yet?

Homer: (MAD) NOOOOOO!

Bronze Kneecap: Seriously, are we there yet?

Lisa and Bart: Are we there yet?

Homer: NO!

Lisa and Bart: Are we there yet?

Homer: NO!

Bart: Are we there yet?

Homer: (ENRAGED AND LOSES IT) NOOOOOOOOO!

He strangled Bart!

Nico: We're here!

We arrived at the planet and it was a red world and it was strange.

Spark Man: Is this Mars?

Nico: Nope. This is the planet we were going to find.

Me: Sure looks strange.

Nico: Lets land.

We landed on the planet and then we got out and to our shock, surprise and hunger we saw that the entire planet WAS COMPLETELY MADE OF MEAT! The trees were giant drumsticks, the bushes were ribs and ham and the lakes, rivers, ponds and streams were all made of gravy, the leaves on the drumsticks were all made of fish, porkchops and steaks and the fruit trees were all drumstick trees with burgers and whole roasted chickens for fruit and the vines were sausages!

Me: WHOA!

Nico: IT'S A PLANET OF MEAT!

Gator Ghoul: (licks his chomps) So much meat!

Ed: LETS GET SOME GRAVY!

Laney: Oh wow! This is an amazing planet!

Nico: (DROOLS) Wow! What a sight!

Eli: (SLURPS) MAN AM I HUNGRY!

Me: ME TOO!

Wood Man: Let's dig in!

Nico: First lets see if there is anyone here to find.

Eli: Okay.

We went out and we were amazed. The sky was red and the clouds were shaped like meat.

Flint Lockwood: Wow! This is so amazing!

Sam Sparks: I wonder if there are anymore planets like this.

Nico: That would be awesome! And I have a feeling there are planets like that.

Samon Shakekisutanchin: Too bad there's no salmon!

Nico: Actually there is. It's on the trees. See?

He saw that Nico was right.

Samon Shakekisutanchin: Wow! Thank goodness.

Me: Boy the people of Earth are gonna flip when they see a world like this.

Eli: They sure will! (SQUISH!)

Eli stepped in a puddle and it was full of baked beans!

Eli: Wow! Some of the water here is baked beans.

Nico: That is funny.

Dominique: I bet there are hot wings for Nico to eat.

Nico: I have a feeling there is.

Nico smelled the air and it was all full of meaty goodness.

Rolf: Rolf would love to call this world home.

Nico: (Laughs) Who wouldn't? This is a carnivores paradise.

Lana: That is awesome.

Pterodactyl Ghost: I'll go in the air to find out more about this planet.

Nico: Be careful.

He flew off into the air.

Nico: I hope the food here is safe to eat.

Ed was eating some ham from the trees.

Ed: (EATING) YUM! It's delicious.

Nico: Then in that case lets have lunch.

Me: Good thing I brought our picnic table.

I pulled out a cap and pressed it and threw it and then…

BBOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM!

Our picnic table came and we got ready.

Blast Man: Time for lunch to be served!

Ed: I smell chickens Eddy.

Eddy: We're on a meat planet monobrow. What did you expect?

Ed: A bus driver?

We gathered lots of meat and Nico got the barbecuer all fired up and it was awesome.

Ed: I love chickens Eddy!

Merman: We know, Ed. There's plenty of it here.

Nico: More than enough to feed the entire planet of Earth 100 quadrillion times over.

Eli: No kidding.

Pterodactyl Ghost came back and he was covered in clouds.

Pterodactyl Ghost: Nothing out of the ordinary. Except that the clouds are made of garlic mashed potatoes.

Nico: That's interesting.

Maria: What's that little guy doing over there?

Paragus: Careful! I sense a dangerous energy in it.

We saw what looked like a strange robot.

Me: That robot looks weird.

Nico: It looks familiar.

Eli: I got a bad feeling about this.

Nico: Wait a second. THAT'S A SCRAPLET!

Bulkhead: Scraplet! SCRAPLET!

Ice Demon: What's a Scraplet?

Ratchet: The most dangerous vermin to ever crawl upon the face of Cybertron.

William: This? Are you kidding me?

Lori: You're giant robots, Scrappy here is literally teeny.

Aligned Sideswipe: You have no idea the damage that teeny thing can do!

Lola: Aw, he wouldn't hurt anything.

But when the scraplet saw the Transformers, its eyes spliced revealing a big mouth with big sharp teeth.

Lori: WHOA!

Eli: What NASTY TEETH you have!

Eli fired a blast of Force Lightning and it hit the Scraplet and blew it apart into scrap metal.

Nico: Whoa! There's got to be many more of them.

Bulkhead: Now do you believe us? All scraplets do is dismantle machinery and eat anything metal. Especially living metal.

Blackfire: Well, bug squashed, game over. Right?

Drift: No. When it comes to scraplets there is never just one.

Me: There's bound to be more of them.

Nico: He's right. I met these monsters in the Aligned Transformers world when I went there and they come in hundreds maybe millions.

Eli: At least they don't eat meat and organic stuff.

Aligned Grimlock: This is gonna sound weird coming from me. But we should get outta here!

Me: (groans) Oh, come here, you big chickens!

Nico: No, J.D. This isn't like how Shaggy and Scooby usually get when they are cowardly. The Autobots have a good reason to be afraid of the Scraplets.

Aligned Bumblebee: Nico's right. J.D., you haven't seen a swarm of these things devour a Bot. I have and they pick you apart from the inside out, going for the small, juicy bits first. Fuse by fuse, circuit by circuit. Till there is nothing left and I mean nothing. Not even your optics. (shudders) Believe me, me and the others were nearly killed by them during the war in our world.

Me: Thank God that I'm not a robot then.

Miko: No problem. We'll help you guys beat them again.

Maria: You sound confident.

Jack Darby: Well, me, Miko, and Raf helped take them down before.

Dumbbelltron: I should probably be careful, shouldn't I?

Me: WAIT A SECOND! Sari you're a robot right?

Sari Sumdac: Yes! I'm a android.

Nico: Uh oh.

May: Where's Pinkie Pie's Parasprite Polka Music when you need it!?

Bleez: Look, if you guys don't want to come with, we won't force you. But if you do, we would really appreciate it.

Lynn: In the meantime, we'll find where they all are so we can do our entrance.

Pterodactyl Ghost: You're all in luck. I saw a massive nest of them located 10 miles west of here.

Nico: Then that's where we need to go.

Me: Right. But at least we had lunch.

Shaggy: (to the Cybertronians) Me and Scoob know how you guys feel. But eventually, you guys are gonna have to face your fears.

Aligned Sideswipe: Easy for you to say! You and Scooby run at the sight of any scary monster!

Shaggy: Well, don't be me and Scoob! Be better! (sighs) Be much better.

Nico: I agree. Leave the cowardly antics to Shaggy and Scooby. (Sigh) Man if only there were Scooby Snax that were made for Cybertronians.

Eli: That would be interesting.

Skywarp: (sighs) You guys are right. We can't keep running from the Scraplets. But just promise us you won't get any of us killed.

Lori: We literally promise.

Lola: Now, c'mon. We have to do our entrance.

Nico: Lets go.

We were off. We trekked through the meat jungle and it was REALLY FULL OF MEAT!

Nico: Man I'm getting much more hungry.

Eli: Me too.

We then saw a Cybertronian Ship. It was a Cybertronian Atlantis Ship!

Nico: That's a Cybertronian Atlantis ship!

Optimus Prime: It's strange seeing that here on a planet made of meat.

Lori Jimenez: I've never seen one here before.

Me: That is amazing that there's one here.

Iron Lung: I don't like how they're looking at me!

Nico: Lets get them!

We flew at them.

Then the spirits of the elements of metal. land, sea and air swirled around the Scraplets and then they blasted the Scraplets into scrap metal and then converged and then…

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above the Scraplets and fireballs rained down onto them and destroyed many of them and then a phoenix cry was heard and then we came out to face them.

Ed: I think I swallowed a turtle.

Eddy: Shut up Ed.

Nico: Time to reduce these Scraplets to shrapnel!

Me: Jetstorm, Runway Sonar, powerlink!

They formed into The Star Saber!

Me: STAR SABER!

Nico: Lets see how they like this.

Nico fired waves of lightning and blasted the Scraplets all over.

Then Wiggum, Springfield Mafia, Cantwell, Krusty, Snake Jailbird, Rich Texan, Patty & Selma, Springfield Bullies, Cargill and Comic

Book Guy appeared.

Krusty: Hey Hey Kiddies! (Laughs Goofily)

Nico: Wiggum, Springfield Mafia, Cantwell, Krusty, Snake Jailbird, Rich Texan, Patty & Selma, Springfield Bullies, Cargill and Comic Book Guy.

Chief Wiggum: Look at all this meat!

Maria: I know, right?

Nico: It's a kind of planet that always makes me hungry.

Fat Tony: We should take some home with us as a victory feast.

Cantwell: That's a good idea.

Me: I agree.

Comic Book Guy: (to Nico) We heard you went to Legend of Zelda The Windwaker.

Nico: We sure did.

Snake: What did you find there?

Nico: We rescued my friend Ophelia Nasturtium here and we also found the weapons of the 3 Goddesses.

Me: That was so awesome.

Serpentina then appeared for round 2.

Nico: Serpentina. Here for another round?

Serpentina: Yep.

Nico: Awesome.

Serpentina: Man, Hekatoid would've loved to come here!

Nico: He sure would.

Me: This is one amazing world.

Eli: Always makes me hungry.

Serpentina: We have some new recruits for you all.

4 figures came out and they were THE ROBBING LEECH, Rebecca Carstairs A.K.A. WITCHFIRE, PROFION and ABACUS CINCH!

Robbing Leech or Headsucker

The **Headsucker** is a one-time villain from the *Cartoon Network* original series, *The Powerpuff Girls*, only appearing in the episode " *The Headsucker's Moxxy* ". He is a short, parasitic man, who can absorb people's knowledge by sucking on their heads.

Biography

In " *The Headsucker's Moxxy* ", The Headsucker went to the bank, but the banker told him that the bank was closed. As the banker was walking to his car, he noticed that the man was following him, putting him in a state of paranoia. The banker ran for dear life, but then tripped over a fire hydrant, and saw that The Headsucker wasn't even following him at all, and he then realized he was acting foolish. Just then, The Headsucker leaped out of the corner and chomped the guy on the head, and the screen horrifically cut to black.

The following day, the bank had been robbed and police were trying to find out who it was. The banker was the only person in Townsville, who knew the combination to the safe and the safe was opened by somebody who knew the combination. The banker swore he didn't steal from the safe, but he still had no idea who did. He said that he didn't remember much from that night, and it was soon shown that he had bite marks on his head and they didn't know where it came from. This must have been because he was brainwashed.

That night, a security guard was guarding a highly protected jewel at the Townsville Museum. Just then, the Headsucker attacked him and sucked his brain. He used the knowledge he obtained to turn off the security code to the security system to the crystal and he stole it. The next day, the results were pretty much the same. The security guard was the only person who knew the code, but he didn't remember anything from that night, and he had bite marks on his head, identical to the bite marks on the head of the banker.

Just then, a pirate captain arrghed in pain and anger and The Powerpuff Girls went to the beach to see what all of the hubbub was about. The pirate said that his buried treasure, of which only he knew the coordinates to, had somehow been dug up and stolen. He soon revealed that he had bite marks on his head, just like all of the other victims of this mysterious headsucker.

The Powerpuff Girls figured out that there was a pattern to all of the crimes this guy was committing. All of his victims had a secret that only they knew, and this secret was to help them access valuables. They knew that The Sapphire Sultan was coming to Townsville that night to disclose information to The Mayor of Townsville, regarding the secret location of his priceless sapphire. They knew that this was where he would strike next. They were right, but they arrived too late, as The Headsucker had already brainwashed the sultan and stolen his sapphire, by the time they got there. The Powerpuff Girls thought of a way to trick The Headsucker, by luring him into attacking The Mayor, by pretending he was actually a smart guy, who knew all the secrets of Townsville.

Sure enough, The Headsucker targeted The Mayor of Townsville and tried to suck the knowledge out of his brain. However, due to The Mayor being a complete and total idiot with nothing in his brain, The Headsucker gained no knowledge from him, giving The Powerpuff Girls the ability to beat him senseless right then and there. An action packed fight occurred and The Headsucker tried to suck the brains of The Powerpuff Girls, but he failed and when he did, he was taken to jail.

When The Narrator closed the episode, he started to lose his train of thought and then claim that his head hurts, implying that he was attacked by The Headsucker.

Witchfire

## Power Company

Rebecca Carstairs is a famous singer, fashion model, and actress who also happens to be a talented witch. She recently became a partner in the San Francisco based corporate superhero team known as the Power Company, in order to raise her Q rating. She was inspired to become a superhero after a chance encounter teamed her up with Wonder Woman to fight Nekron.

During the run of The Power Company, Witchfire discovered that she was not in fact the real Rebecca Carstairs, but actually a homunculus based on Carstairs. This revelation left her highly curious about the nature of her own existence, and she attempted to contact Zatanna and Madame Xanadu for information on her actual origin. This has never been fully resolved.

More recently, Witchfire was gathered with other mystics in the Oblivion Bar during the Spectre's attack on Earth. In the subsequent crisis events, she was joining the Phantom Stranger's army of mystics to help round up the Seven Deadly Sins, who had escaped when the Spectre destroyed the Rock of Eternity. She was briefly possessed by Lust and attempted to force herself on Blue Year Later

Witchfire was later again seen as a client of the Oblivion Bar from Shadowpact,[1] along with Traci Thirteenand Bork. She was also one of the magic-users enlisted by the Phantom Stranger to guard the barrier over Riverrock, Wyoming while the Shadowpact were stuck.

## Profion

**Profion**, also known as **Mage Profion** and **Lord Profion**, is the main antagonist in the 2000 action adventure fantasy film *Dungeons & Dragons*, based on the popular fantasy tabletop roleplaying game *Dungeons & Dragons* . He is an evil Mage, as well as a tyrant who greatly opposed Commoners, ordinary folks whom most, if not all, has knowledge or abilities that are related with magic. Both his and his followers' evil nature and their hatred against Commoners whom they see as slaves were the reason why some people, including protagonist Ridley, initially greatly despise Mages in the first place.

He was portrayed by Jeremy Irons, who also played Scar in *The Lion King*, Simon Gruber in *Die Hard With a Vengeance*, John Tuld in *Margin Call*, Alan Rikkin in *Assassin's Creed*, Rodrigo Borgia in *The Borgias*, and Humbert Humbert in the 1998 film adaptation of *Lolita* .

## Background

Much of Lord Profion's past is not explored in the film, only that he is a wicked Mage who lives in the Empire of Izmir, a medieval metropolitan land divided long ago from the Commoners, of whom Profion and the other Mages (especially mages who are his followers) look down upon. Profion seeks to rule the Empire in the iron fist as much as his predecessors, if not more, but finds an opposition in form of the wiser young empress, Savina.

## Dungeons and Dragons Failed Experiment and Persuading the Councils

In a bid to outperform Savina upon learing that she gained the possession of a scepter that enables her to control gold dragons only known as Scepter of Izmir, Profion creates a staff of his own which supposedly able to replicate the same feat. After giving the staff a finishing touch with appropriate amount of dragon magic, he decides to test it on a captured dragon within his castle. However, the staff fails as soon as the captive dragon breaks free from its control, prompting him to kill it in frustration and subsequently allowing its blood to set the sewers aflame, attracting the attention of baffled citizens.

Not wanting to be deterred by such failure, Profion improvises by holding a meeting with the Councils of Izmir to discuss the controversial views of Empress Savina, who wishes to free the Commoners. By swaying more of his peers to join his cause in maintaining the Empire's ways, Profion gained more time to formulate his next plans.

## The Search for Rod of Savrille

In order to find a way to rid Savina, Provion sends his imp familiar to spy on her progress. The imp overhears Savina's conversation with

Vildan, one of her supporters and the mage-in training Marina's mentor, which revolves around the Rod of Savrille, a powerful ancient staff which is more powerful than hers and enable the control over Red Dragons said to be stronger than her brood of Gold Dragons. Excited by its reports, Profion sends his sorcerous henchman Damodar to find clues to the whereabouts of Rod of Saville.

## The Empire of Izmir

Displeased with Damodar's failure to capture Marina, Snails, and Ridley due to small intervention with Elwood the dwarf, Profion punishes Damodar by magically conjured a tentacled monster into his head that endows him the ability to painfully and forcefully read other people's memories. After sending his familiar imp again to guide Damodar and ensure his success during his quest, Profion holds another meeting with Empress Savina and the entire royal council of Izmir Empire for the last time just as Damodar killed Snails. With neither sides able to find an agreement, the Councils of Izmir splintered into two factions that wage war against one another; one that led by Profion and another by the young Empress.

## The Battle for Izmir

As the huge battle broke out at Sumdall, the capital city of the Empire of Izmir, Damodar eventually obtains the Rod of Saville from Ridley and hands it to Profion. Damodar demands him to release the monster within his head, and Profion complied by dispelling the beast before bringing his newly freed second-in-command with him to test the Rod's power together at the roof of Sumdall. With Rod of Saville in his possession, the wicked Mage summons the dreaded Red Dragons to turn the tide of the battle against Savina's gold dragon. The battle escalates further by the time Ridley kills Damodar before confronts Profion himself in a duel.

Profion easily overpowers Ridley and all of his newly arrived companions in a short fight. Just as the ruthless Mage holds them at his mercy, Ridley grabs the Rod of Savrille and successfully uses it to stop the red dragons, surprising Profion who didn't expect the thief's newfound ability to perform such feat as much as him. However, realizing that the Rod's magic is corrupting him into the very being he despised, Ridley heeds the Rod's undead maker Mage Savrille's warnings about the scepter by furiously destroying the staff much to Profion's dismay and breaking the curse that has consumed Savrille.

Death

Empress Savina then arrives with her trusted golden Scepter of Izmir and corners Profion. The loss of Rod of Savrille, coupled with the prospect of the young empress' victory over Mages' tyranny he fight for, caused Profion to angrily summon a skeletal imp to have it pin the Empress down into her knees and torture her, all while speaking illegible incantations. Enduring the assaults, Savina musters enough strength to summon one of her surviving gold dragons to interject the mad Mage's huge tantrum from behind and unceremoniously devour him, ending his tyrannical reign once and for all.

Princess Cadance: And Abacus Cinch!

The Robbing Leech went at me and roared and I grabbed him and his mouth looked like that of a lamprey's mouth!

Me: WHOA! His mouth looks like that of a Lampreys!

Blossom: He's not called the Robbing Leech for show. He sucks out information from your head to steal what you have.

Me: Like a leech. While leeches suck out blood, the Robbing Leach steals information from your head to steal what you have.

Blossom: Yep and he leaves a horrible calling card. His bite mark on your head.

Nico: Ouch! Wait a second.

Nico remembered that he saw a nasty circle shaped bite wound on the head of the man that was selling Vodka Spiked Lemonade!

Nico: Oh man! So the Robbing Leech sucked out his brain and made him a brainless moron.

Laney: Ouch! That must've hurt.

Me: Yeah. But Leech you don't want to suck information out of MY Head.

He nodded in agreement.

Brittney: Profion you are from the world of Dungeons and Dragons.

Profion: That's right and you all will be perfect to test my power on.

Nico: We'll see. Cinch they decided to give you a shot.

Abacus Cinch: Yes they sure have.

Nico: I see.

We got the usual battles underway.

---

The Springfield Mafia was next.

Legs: (to Sora) What was Lincoln's rescue this time?

Louie: And are there planets made of cheese, vegetables, candy, bread and any other foods?

Sora T.: That is a strong possibility and it would be awesome if there was a planet of pizza and spaghetti which would be perfect for the members of the Italian Mafia.

Fat Tony: (Laughs) That is true.

Sora T.: Yeah and to answer Legs' question Lincoln's rescue was in the world of Donkey Kong Country 2 and we pulverized Captain King K. Rool and his Kremlings and rescued a bunch of girls there.

Phoenixmon: It was awesome and the team was there the first time to embark on an awesome adventure to recruit Donkey Kong and the DK Crew as well as going on a great rescue and we also met Celica there too.

## Lisa Simpson, Twilight Sparkle, Starshine Sparkle, Sunny Starscout, Magic Skylanders, Sideshow Bob and Jack Spicer VS Cantwell - Meeting a Flame Cerebrus Gene-Slammer and A Meat Planet not being for a vegetarian like Lisa

---

Cantwell was next.

Cantwell: (to Lisa) Did you guys really meet a Flame Cerebrus Gene-Slammer today. (apologetically) And I'm sorry if this meat planet isn't suitable for you since you're a vegetarian.

Lisa Simpson: I'll be all right and yeah this world is not the kind of place for me because of my distaste for meat. Also to answer your question yes we did meet a Flame Cerebrus Gene-Slammer and her name is Irena Malkovich and she is from Canada.

Twilight Sparkle: We found out from her a horrible revelation about Amy from Total Drama. It's not pretty.

Starshine Sparkle: Yeah it's terrible. Years ago, back in Montreal, Irena was with the Total Drama Crew in high school, but then, she had found out something very bad from Sammy: her parents were attacked brutally by Amy and her evil mother, and she'd found out that Amy and her evil mother wanted more victims to rob and kill, and Irena still remembered finding out about what those bitches did to Sammy's dad. They were sure that they had gotten away with it, but what they didn't know was that we had cameras recording in and out the house, and Irena gave the videos to the police, and they got the words that her parents are awake, and Irena was so happy to hear about the news. They issued an arrest warrant for them, but Amy and her evil mother shot the cops who were sent to arrest them, and they died. They decided not to stay there in Canada anymore, so that's why they moved to Michigan, not only for a new life, but to get away from Amy and her evil mother.

Cantwell was shocked and horrified.

Cantwell: That's horrible! I'm sorry that happened to her.

Sunny Starscout: Yeah it was scary! Amy and her mom are pure evil incarnate!

Spyro: Yeah they are totally heartless monsters! Sammy made the right call severing her ties to her evil mom and sister and they deserve to be locked up with the key thrown away.

Cantwell: I agree. They should have gotten the chair. But it's too bad that Canada abolished the death penalty. Lets do it!

They fired waves of energy and magic and smashed her down.

Lisa Simpsons: ALL RIGHT!

Twilight Sparkle: That was amazing!

---

Fiona, Rainbow Dash, Scootaloo, Air Skylanders, Fuse Man and Spark Man VS Snake Jailbird - A meat planet is not for vegetarians

---

Snake was next.

Snake: (to Fiona) Dude, I don't think this meat planet is ideal for vegetarians. Like Beast Boy and Lisa for example.

Fiona: Same with Jared and he is a true herbivore. But you got to admit this is really cool seeing a planet made entirely out of meat.

Rainbow Dash: It sure is awesome and I think this is so cool.

Scootaloo: I think it's so awesome.

Whirlwind: I agree too. It's amazing. Nico was in heaven because of the hot wings and Ed loved the Gravy lakes.

They laughed.

Snake: That is funny. Lets do it!

They fired waves of lightning, wind and rainbows and smashed him down.

Fiona: ALL RIGHT!

Rainbow Dash: That was AWESOME!

---

Whitney, Fluttershy, Tornado Bolt, Life Skylanders, Wood Man and Plant Man VS Comic Book Guy - For someone like Comic Book Guy he would love eating all the meat on the planet

---

Comic Book Guy was next.

Comic Book Guy: (to Whitney) For someone like me, I would love eating all the meat on this planet. I actually could still do that after all the scraplets are dead.

Whitney: You sure could and it's an amazing place. I have a feeling we stumbled onto a solar system with planets made of food.

Fluttershy: I think it's really amazing. But I'm not that fond of meat because I'm also a vegetarian. I'm sorry.

Tornado Bolt: But seeing a planet like this is really something and the clouds are all made of Mashed Potatoes.

Stealth Elf: That is so amazing and cool.

Comic Book Guy: I have a feeling there might be more planets like this to see in the future. Lets do it!

They fired waves of flowers, leaves and grass and smashed him down.

Whitney: That was great!

Fluttershy: That was fun.

---

Mandee, Starlight Glimmer, Cozy Glow, Undead Skylanders, Caitlyn and Dominique VS Selma & Patty Bouvier - Scraplets causing many problems to everyone on Cybertron

---

Me: I knew there's no mistaking that voice from anywhere. You can come out now, Red Skull.

A figure came out, and it was none other than our old enemy, Johann Shmidt A.K.A. Red Skull, Nazi member and founder of HYDRA.

Me: Should've guessed you'd return from the dead, Red Skull, you just don't even know when to quit, do you?

Red Skull: As long as my hatred for you and all of humanity exists, I will never die! I will destroy all of you, even if it's the last thing I do.

Lincoln: That's never happening, you genocidal Nazi bastard! This is where you and all of HYDRA will die here and now!

Xiao Qiao: And I've had it up to hear with you to last an eternity.

Suddenly, Xiao Qiao's brown eyes turned neon brown, and was surrounded by a crimson red energy aura with flames, orange petals, and tigers, she got out her Qiao's Eternal Grace double Iron Fans, and as she approached Red Skull, she left crimson red energy, flames, orange petals, and tigers with every step. Then, Xiao Qiao was surrounded by a massive vortex of crimson red energy with flames and orange petals surrounding it, there was a tiger running around the vortex, and inside the vortex is a red phoenix. Then, as the vortex faded, Xiao Qiao emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS 1:45 TO 2:14)

Xiao Qiao grew to 6'5" in height, she had the body of a goddess and has red highlights in the bangs of her light brown hair tied in a ponytail, she has neon brown eyes and a crimson red energy aura with flames, orange petals, and tigers surrounding her, she has a tiger holding the Fire Kanji in its paws emblazoned on her forehead, she has on tiger earrings with crimson red gems for eyes and holding the Fire Kanji in its paws, and she also has a tiger with crimson red gems for the eyes and the Fire Kanji in its paws for the second pendant of her Thunderbird Necklace of Eternal Love with red gems on the gold lightning bolts and crimson red crystals from her Crystal Necklace of The Buddha which merged with her Thunderbird Necklace of Eternal Love. Xiao Qiao has on a red and white short-sleeved shirt with a gold phoenix on it, crimson red skirt with the Wu Tiger on it, red pants, and black ankle-length combat boots, and she has on crimson red weighted bands with silver phoenixes on her biceps and thighs, and she has on a long crimson red sleeveless silk coat with flames and a tiger on it, and on the back is a tiger surrounded by flames. Xiao Qiao felt a sharp pain on her back, and then, massive crimson red angel wings with red tips on the large crimson red feathers, had sprouted out of her back.

Suddenly, Xiao Qiao's Qiao's Eternal Grace double Iron Fans were surrounded by a kaleidoscope of fire and crimson red energy, and when they emerged, they were transformed into Yang Asha's Eternal Love and Grace, they're a pair of large red Iron Fans with a gold tiger painted on the red Iron Fans and pandas on them. Xiao Qiao has on her new large gold cuff Bracelets of the Champions of The Universe with crimson red gems on her wrists, gold Belt of Elemental Bravery with a gold tiger head with a large crimson red gem in its open mouth for the belt buckle, large crimson red Spellbook of The Gods and The Universe and large crimson red Universal Spellbook of The Elemental Forces on her left hip and Eater of Sins revolver holstered on her right hip. There's a gold kanji below the tiger that said, "Xiao Qiao, Younger Sister of Da Qiao, Dear Friend to Many, Loving Future Wife of Lincoln Loud, Emissary of Yang Asha, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Master of The Iron Fans, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Orange Flowers, Flames, Pandas, and Tigers."

小喬、大喬の妹、多くの親愛なる友人、リンカーン・ラウドの愛する未来の妻、ヤン・アシャの使者、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、鉄のファンのマスター、驚くべき強力な学生驚くべき強力な教師の、そしてオレンジ色の花、炎、パンダ、そして虎のマスター

Xiao Qiao has transformed into SUPER ANGEL INFINITY DIVINE ORANGE FLORAL PANDA FIRESTORM TIGER ANGEL OF DIVINE BEAUTY AND FIERY LOVE!

We were amazed by Xiao Qiao's Super Angel transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Red Skull saw it, he fell into a homicidal rage and tried to attack, but Xiao Qiao fired a powerful blast of crimson red energy with orange flower petals, flames, pandas, and tigers, and it hits the evil Nazi, and he hits the wall.

Lincoln: Wow, Xiao Qiao, you look beautiful, how do you feel?

Xiao Qiao: (Divine Echoing Cosmic Voice of The Firestorm Panda and Divine Beauty) **I feel incredible, Lincoln, and now, shall we put an end to that monster Red Skull for good?**

Lincoln: (Smiles) With pleasure.

Me: Count me in.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and I unholstered my massive Universal Sword of Elemental Harmony and Eternal Hope from my wider and muscular back and I transformed into Super Angel Eternity Elemental Friendship God, and joined Xiao Qiao.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **This is the last time we'll deal with you, Red Skull.**

Me: (Divine Echoing Cosmic Elemental Friendship Voice of Hope and Justice) **Along with all of HYDRA!**

Xiao Qiao, Lincoln, and I went at Red Skull, and we fired powerful blasts of rainbow energy, crimson red energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, orange rose petals, Thunderbirds, Phoenixes, Angels, Pandas, and Buffalo, and they exploded with incredible power as they hit Red Skull. Then, we engaged in a brutal hand-to-hand combat, as Lincoln and I punched and kicked Red Skull with brutal fury, and Lincoln had landed a strong punch to Red Skull's stomach, and he coughed up massive amounts of blood, and then, Lincoln paralyzed Red Skull by attacking his spine, crippling him for life.

Then, we went at Red Skull, and we unleashed a powerful storm of energy slashes, which cut and tore Red Skull to shreds, and he died. Then, as his spirit appeared, we marked his forehead with a kanji which also affected his fellow HYDRA operatives in Oblivion, and then, they were found guilty by the souls of those they've killed, and their evil spirits were erased from existence forever. We cheered wildly as we holster our weapons and power down, and Xiao Qiao's new body, clothes, weapons, jewelry, and angel wings are permanent.

Xiao Qiao: That'll teach that red-faced meanie! Thanks for helping me in taking care of Red Skull, Lincoln, you too, J.D.

Lincoln: (Smiles Warmly) You too, Xiao Qiao.

Suddenly, Xiao Qiao wraps her arms around Lincoln's waist, and he wrapped his abnormally massive and powerful muscular arms around Xiao Qiao's waist, and brought her into an embrace, which took her by surprise and that brought an atomic red blush to her face. Then, as Lincoln leaned down to her face, they kissed passionately as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird, Phoenix, and Angel flying in the air, and we also saw a herd of Buffalo and a pack of tigers and pandas running across the field and the display of the elemental forces behind them, and we cheered for them.

Me: Now, that's what I call awesome and sweet.

Nico: You said it, bro, and you also got a few more blows in on Red Skull, before you three gave him the old Black Gates and sent him and every HYDRA asshole to Oblivion for good.

Me: That's right, Nico, and now, we're finally rid of HYDRA for good, and their decades-long desire for world domination has finally been brought to an end for good.

Nico: Yep. And this was one of the most amazing and awesome and delicious adventures ever.

Me: You got that right.

Nico: What should we call this planet?

Me: How about Carnivora.

Eli: Ooh I like that.

Nico: Good name. (Pulls out a flag) I hereby claim this planet of meat in the name of Earth and in the name of Team Loud Phoenix Storm and for all Meat Lovers everywhere. Henceforth calling this world Carnivora!

He stuck the flag into the ground.

We cheered.

Nico: I'm glad. Lets go home everyone.

Lynn: Aw do we have to? It's an awesome planet and I don't want to leave?

Nico: (Laughs) The meat is really good but we have to go home.

We went back home and Carnivora was beamed to the Solar

System. We then enjoyed the rest of the day and went to sleep.

But little did we know, something was coming! Out in space a meteor was heading to the Earth and it entered the Earth's Atmosphere and it flew down and then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

It crashed in the jungles of Africa in a cave and the meteor split open and then a shadow arose from it and it had glowing red eyes and gurgled.

Another awesome fanfiction done. This was a tasty one.

NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Nico's next rescue is gonna be in the world of the Superman episode The Mad Scientist. That was one of my favorite episodes of Superman from my childhood and it was the very first Superman cartoon ever created. And Nico and Lucy are going to stop him and stop his Electrothanasia-Ray from destroying all of Metropolis. They are also going to meet a Mekfootan Gene-Slammer named Catherine Torres, a homeless girl that was forced onto the streets by her insane mother and Nico took care of her. We're also going to use th Electrothanasia-Ray for our own benefits. Lincoln's next rescue is going to be in the world of Dragonheart 2: A New Beginning and Lincoln and his group are going after Griffin and stop him from enslaving humanity. They are also going to meet the Cherenkov Sisters who are Lina Cherenkov - Queen's Knight Gene-Slammer, Mina Cherenkov - King's Knight Gene-Slammer and Nina Cherenkov - Jack's Knight Gene-Slammer. They are Lincoln's friends from The Ukraine and they have an awesome history with Lincoln and are also great friends with Laney Loud. They also have a story about how they stopped Chandler from poisoning Lincoln with arsenic. The next chapter as you all have seen at the end is gonna be for a Land Version of the SpongeBob episode called

Planet of The Jellyfish and this is gonna be a REALLY STRANGE and awesome episode. Get ready for an out of this world adventure as we faced aliens that are like the ones from Invasion of The Body Snatchers and the Jellians.

See you all tomorrow.

# INVASION OF THE MUCUSONIANS

This chapter is a land version of the SpongeBob episode Planet of The Jellyfish

---

Flying over the Metropolis sector of the city was Nico and Lucy Loud and they were heading out on an awesome rescue.

Nico: Thanks for coming with me, Lucy.

Lucy Loud: I'm glad I can help Nico and I went on a rescue before. I heard that something big is going down with a mad scientist here.

Nico: Yep and I just received this threatening message and thank goodness it's not one from J.D. this time around.

Nico pulled out a piece of paper.

Nico: (Reading) "Beware you Fools! My Electrothanasia-Ray strikes tonight at 12. Total destruction will come to those who laughed at me and failed to heed my warnings. Beware - I strike at midnight."

Lucy Loud: This guy sounds like he is trouble in capital letters.

Nico: He is. And Kal told me all about this mad scientist. He was the VERY FIRST villain he took down after General Zod.

Lucy Loud: This will be amazing to face one of Superman's first enemies.

Nico: Lucy, with this rescue, I think I've now been accompanied by you and the rest of your siblings.

Lucy Loud: You sure have and it's amazing.

Nico: Yep. But this guy is dangerous. Lets see what it says about him.

Nico pulled up his info.

The Mad Scientist is an evil scientist and the titular main antagonist in the first 1941 Superman cartoon Superman (also known as The Mad Scientist). He spoke in a cackling tone.

He was voiced by the late Jack Mercer.

Biography

In the original short, he lives in a big observatory-like building on the outskirts of Metropolis with his pet crow. His goal is to wreak havoc on all of Metropolis one building at a time using his Electrothanasia-Ray laser cannon. He kidnapped Lois Lane to witness his rampage by starting off with a tower bridge, sending dozens of cars and pedestrians into the river below, as told on the radio. The Mad Scientist then targets the entire Daily Planet building, but the arriving Superman saves the building from tilting, uses his strength to destroy the laser cannon, and rescued Lois Lane from the imminent explosion of the Mad Scientist's lair caused by the destruction of his weapon. Before the lair exploded, the Mad Scientist's pet crow escapes while Superman takes the Mad Scientist and flew away from the explosion with him and Lois. In the end of the short, Superman turns Mad Scientist to the authorities, who then sentenced the Mad Scientist to lifetime in prison for his crimes, much to his anger.

The Mad Scientist is seen again in a Superman comic book, the very first 'imaginary story' DC ever published. In this instance, comic book Clark is taking comic book Lois to the theatre, only to realize that a Superman cartoon precedes the main feature, and that comic book Lois will see screen Superman changing to and from Clark Kent. Through tricks and the use of his powers, Clark manages to keep Lois from any scene that gives away the big secret (though only her, not the other members of the audience, for some reason). The story of the cartoon they are watching involves the Mad Scientist escaping from prison, once more threatening Metropolis and challenging Superman. By cartoon's end, screen Superman has once more bested his foe (the closest those cartoons got to villains like Ultra and Luthor) and comic book Clark has once more kept his secret from Lois, albeit at the cost of Clark's standing in her eyes eroding even further. Both Supermen wink at the audience as the story ends.

When he was done reading he was shocked!

Nico: JEEZ! He's totally hellbent on destroying the city! According to this he's a particle scientist that got kicked out of the scientific community for his insane experiments on making lasers that will destroy anything. They called him a nasty lunatic. They pulled his funding after that and he went into hiding and the people ignored his threats and called them empty. He's totally insane.

Lucy Loud: Gasp! We got to stop him right now.

Nico: It'll be just like living one of Superman's awesome adventures. He's in that observatory up there. Lets go!

They flew to the observatory.

Nico: Lucy, if something does happen to you and your siblings today, I promise that I'll save you guys!

Lucy Loud: Thanks Nico. I appreciate that.

They flew into the observatory and then smashed through the ceiling and they saw THE MAD SCIENTIST!

Nico: We're pulling the plug on you!

Mad Scientist: I would like to see you try Nico!

POW!

Nico punched him in the face and Lucy fired a blast of dark lightning at him and electrocuted him all over.

Nico: You will never destroy the city as long as we have anything to say about it!

Mad Scientist: You fools laughed at me!

Nico: Then how is this?

Nico fired a blast of energy and it formed into ghosts that laughed at him and humiliated him all over the place and IT ENRAGED AND INFURIATED HIM!

Mad Scientist: (BALLISTIC RAGE) YOU MONSTER!

Nico: Oh shut up!

Nico punched him in the face and knocked him down and Lucy fired a beam of black lightning and it hit him in his eyes.

?: Take that!

A Mekfootan came out!

Mekfootan: (In a girl's voice) I have just the final touch.

Nico: I knew it was you Catherine Torres.

Mekfootan: Awesome to see you again Nico.

The Mekfootan went up to the Mad Scientist and she opened the face grate and revealed a HORRIFYING FACE AND THE MAD SCIENTIST SCREAMED IN FEAR TO THE POINT WHERE HE FAINTED!

FWOMP!

Nico: If he wanted people to take his threats seriously, he should've backed them up just like he did. Just like he did the first time. I wonder how he was able to escape from prison anyway.

Lucy Loud: That is a good question.

Catherine Torres reverted back and she was a girl with light green hair and she had green and black clothes on.

Nico: Catherine it's awesome to see you here.

Catherine Torres: Same here Nico. I missed you so much.

Lucy Loud: It's a pleasure to meet you too Catherine.

Catherine Torres: Same to you Lucy.

Lucy Loud: How did you and Nico meet?

Catherine Torres: Well it was after I was kicked out of my home. My mom suffered from paranoid schizophrenia and her mind is completely broken beyond repair. She kicked me out of my home and I was forced to live on the streets and Nico found me and took me to his home and took care of me.

Nico: Yep and it was awesome.

Lucy Loud: What's your favorite memory of Nico?

Catherine Torres: I don't really have many of them. I never went to school and my mom hated so many things I did because of her mental illness. (Crying) It was horrible!

Nico hugged Catherine and comforted her.

Nico: It'll be all right Cat. It'll be all right.

Lucy Loud: I feel bad for Catherine even though my black heart is always full of sadness.

Nico: It's not Cat's fault. Her mother is to blame for all this but I don't think she can help it. She has the worst form of Paranoid Schizophrenia that anyone has ever seen. It's so bad that the doctors have deemed her as completely incurable and they sent her to an insane asylum for life.

Lucy Loud: That's bad.

Nico: Yeah. You know what? I think one of our best memories together was when I took care of you Cat.

Catherine Torres: (Sniffles) That is true. And I'm forever grateful for that.

They hugged.

The mad scientist was committed to the Saturn Insane Asylum for eternity.

Nico: That's right, big guy.

Me: As if dealing with Einon wasn't bad enough, now we have to deal with Griffin who's planning to enslave humanity. But, we'll be rid of them both.

Sherlock Hound: (British Accent) Yes, and there's reports that the Gene Slammers for The Queen's Knight, King's Knight, and Jack's Knight are here as well, and they have something to tell us, and it involved them and Laney and a particular incident with Chandler when he still had his dark side in him.

TLPS Mr. Wolf: Knowing that little sleazy, psychotic, sadistic, murderous monster, it's definitely bad.

Lincoln: You got that right, and thanks for joining us, Lars.

Lars Loud: You're welcome, Lincoln.

?: HELP!

Suddenly, Lincoln heard the sound of ten girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the ten girls, but they've been cornered by Griffin, and he's going to kill them, and even more bad news, Einon has returned yet again from the dead.

Lincoln: Guys, I found the ten girls, but they've been cornered by Griffin, and he's going to kill them, and even worse still, Einon has returned yet again from the dead.

Me: What?! Doesn't that guy ever quit?!

Lincoln: Those voice, I knew it was you, Lina, Mina, and Nina Cherenkov.

Laney: No way, the Cherenkov sisters are here?! We haven't seen them in a long time!

Lincoln: We'll have plenty of time to catch up with them later, Laney. Right now, let's put an end to both Griffin and Einon forever.

We rushed on over, and Lincoln fired a powerful barrage of rainbow energy balls and elemental forces, which hits Griffin and Einon, and that allowed the ten girls to get to safety. When Griffin saw us, he was enraged, and Einon fell into an even more psychotic rage as soon as he saw me again.

Lincoln: Sorry, Griffin, but your dreams of enslaving humanity are about to come to an end here and now.

Me: You've got some nerve coming back yet again, Einon. You really are nothing more than a nasty headache that doesn't go away that easily, it seems more drastic measures needs to be taken.

Wordsworth: You're dead meat, you freaks!

Nico: That's telling them, Wordsworth.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms and unholster their massive swords, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sima Yi, Sun Quan, and Jiang Wei got out their weapons, The Samurai Warriors got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholster their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Lars Loud transformed into his Super Angel 750,000,000,000 form, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Hector got out his massive Heaven's Maw of Judgement sasumata pike, and Me, Nico, Eli, and Nicole also unholstered our massive swords and transformed, and we went at Gabriel, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, steel orbs, stars, rainbow flames, rainbow crystals, orange flames, blue flames, ice, and green flames at Griffin and Einon, and they exploded with incredible power as they hit them.

Then, Lincoln and I cuts down Griffin and Einon, and they exploded in a powerful explosion. Then, as soon as their spirits appeared, Lincoln marked Griffin's forehead with a kanji and I marked Einon's forehead with a kanji, and as soon as they're found guilty by those they've killed, their spirits were erased from existence for good. We cheered wildly as we holster our weapons, and powered down.

Lincoln: That's it for Griffin, and this time, Einon is never coming back ever again. (To the Cherenkov Sisters) And it's so good to see you girls again, Lina, Mina, and Nina.

Laney: Same here.

Lina Cherenkov: (Ukrainian Accent) You too, Lincoln.

Mina Cherenkov: (Ukrainian Accent) Same here, Laney.

Nina Cherenkov: (Ukrainian Accent) It's been a long time.

Lincoln and Laney went up to the Cherenkov sisters and hugged them, and they were very surprised at how much stronger and at how much taller and much more muscular Lincoln's gotten since they last saw him, and Laney's become a tall and beautiful woman.

Lincoln: It sure has been a long time since we last saw each other, and as you can see, Laney and I have grown a lot since then.

Lina Cherenkov: (Ukrainian Accent) Yeah, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Mina Cherenkov: (Ukrainian Accent) And Laney's now become a tall and beautiful woman, that's so awesome.

Nico: Whoa, Lincoln, Laney, you guys know them?

Lincoln: Yeah, we do, Nico. The Queen's Knight is Lina Cherenkov, The King's Knight is Mina Cherenkov, and the Jack's Knight is Nina Cherenkov.

Laney: The Cherenkov Sister came to Michigan from the Ukraine, and they have an awesome history with Lincoln and they're also great friends with me, and I teamed up with them and stopped Chandler from poisoning Lincoln with Arsenic long ago.

We gasped in shock.

Nico: He tried to poison Lincoln with Arsenic?!

TLPS Mr. Wolf: Why, that little… !

Lincoln: Easy, TLPS Mr. Wolf. Remember, we took care of Dark Chandler when you transformed, and we fought him when you took the battle to Jiang Dong. But, we'll hear about it later, right now, let's get our Ukrainian friends back to normal. Boys, cover your eyes. Hold still, Lina, Mina, and Nina, this is going to hurt.

Me, Nico, Eli, and the rest of the boys had covered our eyes as Lincoln snapped his fingers, and Lina, Mina, and Nina were reverting back to normal.

Lina Cherenkov is a beautiful 19-year-old with long pink hair going to the upper part of her back, pink eyes, fair skin, she's 6'5" in height, she had the body of a goddess, and she also now has massive pink angel wings, as she reigned in the power of Queen's Knight.

Mina Cherenkov is a beautiful 19-year-old with long orange hair going to the upper part of her back, orange eyes, fair skin, she's 6'5" in height, she had the body of a goddess, and she also now has massive orange angel wings, as she reigned in the power of King's Knight.

And Nina Cherenkov is a beautiful 19-year-old with long blue hair going to the upper part of her back, blue eyes, fair skin, she's 6'5" in height, she had the body of a goddess, and she also now has massive blue angel wings, as she reigned in the power of Jack's Knight.

Lincoln: How do you feel, girls?

Lina Cherenkov: (Ukrainian Accent) Good. (Realizes she and her sisters in their birthday suits) But, we're also in our birthday suits.

Laney: My brother's already on it, Lina.

Lincoln first gave Lina Cherenkov her new wardrobe, a short-sleeved pink blouse and pink shirt with a silver phoenix on it, pink skirt with the Queen's Knight on it, pink pants, pink leather ankle-high combat boots, and a long pink sleeveless trenchcoat with knights and light on the coattails and Queen's Knight on the back, and on her back is a large Queen's Knight-themed sword with a 6'5" massive, wide, double-edged, man-sized pink blade with Queen's Knight etched on it, large pink cross with pink gems for the crossguard, large pink gem for the hilt, longer black handle, and a large pink gem surrounded by angel wings for the pommel.

Then, he gave Mina Cherenkov her new wardrobe, a short-sleeved orange blouse and orange shirt with a silver phoenix on it, orange skirt with the King's Knight on it, orange pants, orange leather ankle-high combat boots, and a long orange sleeveless trenchcoat with knights and light on the coattails and King's Knight on the back, and on her back is a large King's Knight-themed sword with a 6'5" massive, wide, double-edged, man-sized orange blade with King's Knight etched on it, large orange cross with orange gems for the crossguard, large orange gem for the hilt, longer black handle, and a large orange gem surrounded by angel wings for the pommel.

And, he gave Nina Cherenkov her new wardrobe, a short-sleeved blue blouse and blue shirt with a silver phoenix on it, blue skirt with the Jack's Knight on it, blue pants, blue leather ankle-high combat boots, and a long blue sleeveless trenchcoat with knights and light on the coattails and Jack's Knight on the back, and on her back is a large Jack's Knight-themed sword with a 6'5" massive, wide, double-edged, man-sized blue blade with Jack's Knight etched on it, large blue cross with blue gems for the crossguard, large blue gem for the hilt, longer black handle, and a large blue gem surrounded by angel wings for the pommel.

Lina Cherenkov: (Ukrainian Accent) Wow, I love the new outfits and large swords you made for us, Lincoln.

Suddenly, three Thunderbird Necklaces of Eternal Love appeared on the necks of Lina Cherenkov, Mina Cherenkov, and Nina Cherenkov with pink gems on the gold lightning bolts and pink crystals links from her new Crystal Necklace of the Buddha for Lina, orange gems on the gold lightning bolts and orange crystals links from her new Crystal Necklace of the Buddha for Mina, and blue gems on the gold lightning bolts and blue crystals links from her new Crystal Necklace of the Buddha for Nina.

Lina Cherenkov: (Ukrainian Accent) (Surprised) Whoa, are these…?

Lincoln: Yep, those are Thunderbird Necklaces of Eternal Love, which means you, Mina, and Nina are now part of my harem and my many future wives, Lina.

Lina, Mina, and Nina Cherenkov had smiles on their faces and tears in their eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around them and he leaned down and he kissed them on the lips, and they returned it, and we cheered for them. Then, we went up to the ten girls, and when Lincoln saw them, he immediately recognized them. The ten girls are Akane from Double Circle, Nanao Eriko, Rose, Ai, Aikawa Mao, Bianca, Etou Misaki, Kai, Sapphire, and Maruga from Dragon Crisis.

Lincoln: Oh wow, it's Akane, Nanao Eriko, Rose, Ai, Aikawa Mao, Bianca, Etou Misaki, Kai, Sapphire, and Maruga.

Helena McTroy: From Double Circle and Dragon Crisis, awesome.

Lincoln: Are you girls okay?

Akane: Yeah, we're okay, thanks to you.

Then, when Akane and the other nine girls saw who it was that saved them from Griffin and Einon, their faces turned atomic red upon seeing the 17-year-old 7'0" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanjis "Savior of The Loud House, Powerful Student of Many Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, and The Unifier of The Three Kingdoms" on the left legs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts with a large deep sapphire blue gem in the shape of a Thunderbird on top of a silver Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Akane: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made nine clones of himself, and he and the nine clones went up to the girls, and picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Akane: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, ten Thunderbird Necklaces of Eternal Love appeared around the necks of Akane, Nanao Eriko, Rose, Ai, Aikawa Mao, Bianca, Etou Misaki, Kai, Sapphire, and Maruga with colored gems and crystals on the gold lightning bolts. We return to the Estate, we told everyone what happened, and they were shocked when they found out the villain we went after was Griffin, and they also gasped in even more shock when they also found out that Einon had returned yet again from the dead.

But, when Lincoln showed what he did to Griffin and what I did to Einon, they all cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and the Cherenkov sisters have a lot of catching up to do, now that she's back in town, and not only are we rid of Griffin, but now, we're finally rid of Einon for good, and those two are never ever coming back.

* * *

After getting rid of Griffin and Einon this time for good, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Lina, Mina, and Nina Cherenkov saw Lincoln working out like crazy, they had atomic red blushes on their faces.

Lina Cherenkov: (Ukrainian Accent) Whoa, Lincoln's really grown to be a 17-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Mina Cherenkov: (Ukrainian Accent) What a manly, handsome, and attractive hunk of a man.

Nina Cherenkov: (Ukrainian Accent) And with those abnormally massive and powerful muscles, he could turn someone who messes with his friends, family, and loved ones into a human pretzel.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, girls, and now, I can also fight and defend myself.

Lina Cherenkov: (Ukrainian Accent) That's incredible.

Nico: It sure is, Lina. So, what's the story about you three and Laney teaming up to stop Chandler from poisoning Lincoln with Arsenic?

Lina Cherenkov: (Ukrainian Accent) You won't like it, Nico. This took place long after Chandler got busted for impersonating Girl Jordan and framing her and Rusty Spokes, Chandler was so enraged and furious at Lincoln and that his plan was foiled for good, he decided to kill Lincoln by resorting to poisoning him with Arsenic.

Mina Cherenkov: (Ukrainian Accent) We found out that he'd gotten some Arsenic from his psychotic dumbass dad, Anthony McCann, who's serving Life Without Parole for the murder of a family in Royal Woods a couple of years ago, and when he found out that his son wanted to poison Lincoln and kill him, he enjoyed seeing the evil inside his son. That really made us sick to our stomachs, he truly is a totally pathetic and worthless asshole.

Nina Cherenkov: (Ukrainian Accent) We then told Laney about it, and when we were done, she was so enraged, she agreed to help us. We saw Chandler about to pour the Arsenic into Lincoln's drink in the cafeteria, but we busted in and grabbed the Arsenic, and we also tied Chandler up in nylon rope. We then told Principal Huggins about it, and he was so horrified that Chandler tried to use Arsenic to poison and kill Lincoln. Lina then called the cops, and they put Chandler in handcuffs and took him to a holding cell in the Royal Woods Police Department, and they also arrested Anthony McCann earlier in the prison. Chandler was released to his mother's custody, but he got a severe grounding of nine months, and as for Anthony McCann, for providing Chandler with Arsenic, he was then convicted of conspiracy to commit First-Degree Murder, and he got an additional Life Sentence.

We gasped in pure shock.

TLPS Mr. Wolf: So, not only did Chandler tried to poison and kill Lincoln, Anthony McCann was the one who provided Chandler with Arsenic, it seems evil did leave its mark on Chandler. But, J.D.

removed the evil in Chandler.

Sherlock Hound: (British Accent) And if someone wanted to get rid of someone without getting any blood on their hands, Arsenic was the ideal lethal substance. But, Laney and the Cherenkov Sisters saved Lincoln.

Lincoln: They sure did, and that proved just what kind of murderous monster Chandler was because of his dark side, and Anthony McCann had left his mark of evil on him. He's definitely earned his bad reputation as the most hated man in all of Michigan, he's a remorseless, bloodthirsty, power-hungry, sadistic, callous, heartless, inconsiderate excuse of a human being.

Nico: The lowest form of human life, he's nothing but scum. I hope he dies a horrible death in prison.

Me: That's what I'm hoping for, Nico, since Michigan abolished the Death Penalty in 1846. So, this is the most appropriate punishment.

We then got a shower afterwards, and suddenly, a bright light shined down on the Estate, and we'd covered our eyes. Then, as the bright lights faded, we uncovered our eyes, and to our surprise, the world of Dragon Quest has merged with ours.

Lincoln: Wow, Jade, Meena Mahabala, Maya Mahabala, Michelle, Daisy, Aurora, Alena, Bianca, Jessica, your world has merged with ours.

Jade (Dragon Quest): Wow, that's incredible. But, this also means, we should head out to take down Marcello now before he plots something.

Lincoln: Good idea, Jade, and Ruby Rose is going to transform to fight him.

Ruby Rose: That's right, Linky.

Lincoln: Alright, everyone, we've got a heartless knight to take down and have him executed for his crimes.

We then met up with the Dragon Quest VIII Hero, Yangus, Angelo, Red, Morrie, King Trode, Princess Medea, Munchie, and they were happy to see Jade, Meena Mahabala, Maya Mahabala, Michelle, Daisy, Aurora, Alena, Bianca, and Jessica again, and they also found out that they're now the future wives of Lincoln, and they know he'll take good care of them. Then, we head for Marcello's castle, and we saw Marcello himself.

Marcello: I will make Angelo pay for sparing me, I will make him suffer dearly before I take his life!

Suddenly, he saw an army of knights made of Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, and they charged at Marcello, and viciously attacked him with their swords. Then, the sound of a Thunderbird screech and Phoenix cry were heard, and an explosion had erupted out of nowhere, and as the dust settled, we appeared.

Marcello: So, the famous Team Loud Phoenix Storm has arrived? Perfect, now I can finally destroy you all!

Lincoln: Don't even try it, you heartless monster! We're here for only one thing: to take you down and this time, you're going to die here and now.

Ruby Rose: And I've had it up to hear with you to last an eternity.

Suddenly, Ruby Rose's rose red eyes turned neon rose red, and she was surrounded by a rose red energy aura with red rose petals, darkness, and phoenixes, she unholstered her massive Defender of Remnant scythe and her Crescent Rose scythe, and as she approached Marcello, she left rose red energy, red rose petals, darkness, and phoenixes with every step. Suddenly, Ruby Rose was surrounded by a massive vortex of rose red energy with rose petals and darkness surrounding the vortex, there's a phoenix flying around the vortex, and in the vortex is a dark red phoenix. Then, as the vortex faded, Ruby Rose emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Ruby Rose grew to 6'5" in height, she had the body of a goddess and has blood red highlights in the bangs of her long flowing rose red hair, she has neon rose red eyes and a rose red energy aura with red rose petals, darkness, and skulls surrounding her. She has a phoenix with a rose and the Dark Kanji in its claws emblazoned on her forehead, she has on phoenix earrings with rose red crystals for the eyes and the Dark Kanji in its claws, and she also has a phoenix with rose red crystals for the eyes and the Dark Kanji in its claws for the second pendant of her Thunderbird Necklace of Eternal Love with rose red gems on the gold lightning bolts and rose red crystals from her Crystal Necklace of The Buddha which merged with her Thunderbird Necklace of Eternal Love. Ruby Rose has on a Gothic Lolita frilly black gown and ruby red jacket with Rose emblem pin, red skirt with red rose petals on them, black pants black pony heel boots with silver rose belt buckles, and long black long-sleeved coat with phoenixes and rose petals on the coattails, and the Rose emblem on the back. Suddenly, Ruby Rose felt a sharp pain on her back, and then, massive rose red angel wings with black tips on the large rose red feathers sprouted out of her back.

Suddenly, Ruby Rose's signature Crescent Rose scythe and her massive Defender of Remnant scythe were surrounded by a kaleidoscope of ruby red energy, red rose petals, and darkness, and the two scythes are now merging together. Then, as the kaleidoscope faded, it was transformed into Bloody Rose Scythe of Dark Justice, it's a new massive scythe measuring at 10'6" in length with a massive curved rose red scythe blade with three red roses and a skull on one end of the new scythe's longer black handle and on the other end is a large rose red skull with a rose for the pommel. Ruby Rose has on her new large gold cuff Bracelets of the Champions of The Universe with rose red gems on her wrists, gold Belt of Elemental Bravery with a gold rose with a rose red gem in the center for the belt buckle, large rose red Spellbook of The Gods and The Universe and large black Universal Spellbook of the Elemental Forces on her left hip and Eater of Sins revolver holstered on her right hip. There's a rose red kanji below the rose and the symbol of Remnant on the back that said, "Ruby Rose, Loving Daughter of Summer Rose and Taiyang Xiao Long, Loving Half-Sister of Yang Xiao Long, Loving Niece of Qrow Branen, Loving Future Wife of Lincoln Loud, Destroyer of The Evil Queen of The Grimm, Slayer of

Ruby Rose has transformed into SUPER ANGEL INFINITY CRIMSON BLOOD ROSE DARKNESS ANGEL OF ROSE LOVE AND DARK JUSTICE!

We were amazed by Ruby Rose's Super Angel Infinity transformation, including Weiss, Blake, Yang, Summer Rose, and Qrow, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Marcello saw it, he fell into a murderous rage and tried to attack her, but Ruby Rose fired a powerful rose red energy blast with red rose petals, darkness, and phoenixes.

Summer Rose: (Amazed) Wow, my daughter's transformed, and she's become a beautiful woman.

Taiyang Xiao Long: (Amazed) I'm so proud of my little girl.

Yang Xiao Long: Wow.

Lincoln: Wow, Ruby, you look beautiful, how do you feel?

Ruby Rose: (Divine Echoing Cosmic Voice of Rose Ruby Darkness and Phoenix Justice) I feel incredible, Linky, and now, shall we put an end to this evil knight?

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Ruby Rose.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Let's put an end to this monster once and for all.

Ruby Rose and Lincoln went after Marcello, and they fired powerful blasts of ruby red energy, rainbow energy, elemental forces, darkness, rose petals, Thunderbirds, Phoenixes, Buffalo, Angels, skulls, and magic, and they exploded with incredible power as they hit the evil knight. Then, Ruby Rose attacked him with her brand-new massive scythe, and left scars on him, and Lincoln also attacked him with his improved massive Sword of Universal Hope and Elemental Bravery, and left more scars on him. Then, they fired massive energy beams which hits Marcello, and they exploded with incredible power, and the resulting explosion killed him, and as soon as his spirit appeared, Ruby Rose marked his forehead with a kanji and after being found guilty by those he killed, Marcello was erased from existence forever. We cheered wildly for Lincoln and Ruby Rose, as Lincoln holstered his massive and improved Sword of Universal Hope and Elemental Bravery on his wider and more muscular back, and Ruby Rose holstered her new scythe on her back, and he and Ruby Rose power down, and Ruby Rose's new body, clothes, weapons, angel wings, and jewelry are permanent.

Ruby Rose and Lincoln: In the words of Nico, Marcello, you have failed this entire world!

Nico: That's telling him, guys.

Ruby Rose: Thank you for helping me take care of Marcello, Linky.

Lincoln: (Smiles Warmly) You're welcome, Ruby.

Lincoln wrapped his abnormally massive and powerful muscular arms around Ruby Rose's waist, and he brought her into an embrace, which took her by surprise and that brought an atomic red blush to her face. Then, as Lincoln leaned down to her face, they kissed passionately as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird, Angel, and Phoenix flying in the air, and we also saw a herd of Buffalo running across the field and rose petals falling around them, and the display of the elemental forces. We had tears in our eyes and a smile on our faces.

Summer Rose: I'm so happy for them.

Taiyang Xiao Long: Same here, Summer. I already know Lincoln will take good care of her, Weiss, Yang, and Blake.

Qrow Branwen: And if Jacques dares to return, I hope Lincoln and Weiss give that asshole The Black Gates for good.

Then, Lincoln and Ruby Rose came back to us.

Lincoln: If Jacques does return, that's what we'll give him, and like I told the many evil members of my future wives' families, when I get married to my future wives in the future, I won't have to worry about dealing with them.

Nico: Yeah, and that's one thing Lincoln won't have to deal with: and that's evil, murderous, and sadistic in-laws.

Me: Yeah, look at what's happened to them, many of them were either killed and Super Hakaied or in the case of Gabriel Tinsley, he was sent back to prison, but this time, Cursed with Eternal Life Without Eternal Youth and Plagued by the Demons of their past forever.

Taiyang Xiao Long: Sheesh, so Lincoln also has to deal with his future wives' evil relatives, as well? That's pretty rough.

Nico: True, but the evil relatives of Lincoln's future wives are beyond redemption, and there's only one fate that awaits them: prison or death.

We then returned home to the Estate, and now, we're finally rid of Marcello for good, and he's never coming back for more.

---

As we're getting ready to head out, Lincoln's deep sapphire blue eyes glowed even more, as he sensed a dark energy, and he saw a vision of who that dark energy belonged to, it was none other than

Adam Taurus, the vengeful former leader of The White Fang terrorist group, and he wants revenge on us for throwing Fennec and Corsac in prison. When we saw that, it definitely meant trouble.

Nico: Uh oh, Lincoln, trouble?

Lincoln: Afraid so, Nico, and Blake, you, Ruby, Weiss, and Yang aren't going to like it one bit: the figure I saw was none other than Adam Taurus.

We gasped in shock.

Blake Belladonna: Adam Taurus is back? But, how?

Lincoln: He must've gone into hiding after the war against Salem when she was still the Dark Queen of The Grimm. But, when he heard the news of what happened to Corsac and Fennec, he decided to come out to get revenge.

Ruby Rose: Then, we've got to stop him and send him to prison.

Lincoln: That's exactly what we're going to do.

Twilight Sparkle: Blake, what can you tell us about Adam Taurus? It seems you have a bit of a history with him.

Blake Belladonna: You won't like what I'm going to tell you about him, Twilight.

Blake Belladonna proceeded to tell the new recruits about the history of Adam Taurus and we weren't going to like it.

---

Adam Taurus

Adam Taurus was a character in RWBY. Once a former worker for the Schnee Dust Company and previously the leader of the White Fang's Vale branch, he became the High Leader of the White Fang after murdering the former leader Sienna Khan in a coup, but was ousted from the White Fang after their defeat in "Haven's Fate". After his failure at the Battle of Haven and his subsequent expulsion from the White Fang, he began relentlessly chasing his ex partner, Blake Belladonna, only to be overpowered and killed by her and Yang Xiao Long in "Seeing Red". He served as the main antagonist of Volume 6 alongside Caroline Cordovin.

Described as both a mentor and former romantic partner, Adam made his first appearance in the "Black" Trailer as a deuteragonist where he worked together with Blake to attack a train carrying a Dust shipment but was abandoned by her at the end of the trailer. He later made his first proper appearance in the show at the end of "Breach". His weapons of choice were Wilt and Blush, a sword and a rifle that doubles as a scabbard.

## Appearance

Adam was a tall Faunus with a lean built and auburn hair that spikes backward in a windswept way. While most of his hair was red, he had streaks of brown. A noticeable trait of his appearance was the mask he wore, which obscured his entire upper face above his nose. Behind his mask was a scarred Schnee Dust Company brandmark across his left eye, which was bloodied with a gray iris and a singed eyebrow, as opposed to his remaining blue eye and brown eyebrow. His Faunus heritage was a bull, as he had two reddish-black horns, one on each side of his head, also seemingly slanted back.

### Original (Volumes 1-4)

Adam wore an asymmetrical black, long-sleeved, double-breasted stylized high-collared blazer with slit sleeves along with red thorn sigils adorned with a white crest that lined up on his left shoulder. His suit jacket had crimson lining atop his red shirt, with red thorn sigils atop a black flap attached to the bottom of the left hem and his wilting rose emblem on the back over an emblazoned white sigil resembling the curved stems and flower of the deadly nightshade plant. His blazer was half-buttoned, exposing a red shirt with a black line running parallel to his collar under it.

His mask was whitish-tan with red, Japanese style, horn-like symbols decorating the front and two slits on each side presumably to allow for vision. This is a redesigned version of the Grimm masks typically worn by most members of the White Fang.

He wore long black dress pants, black shoes with red soles and black gloves with red sigils resembling the Greek letter Ω (Omega), the last letter in the Greek alphabet.

He wore a black belt with white domino marks on it. His color palette generally consists of black and red, similar to the colors scheme used by Ruby Rose.

### Past (Volume 6 Adam Character Short)

The designs on Adam's jacket and the red Omega emblems on his gloves were not shown when Adam encouraged the members of the White Fang during the raid on a Dust processing plant. The wilting rose emblem on his jacket and a white symbol on the left side were later added when he defended the White Fang from an attack on their convoy alongside Ghira Belladonna, Ilia Amitola, Sienna and several White Fang members. The red floral design on the front of Adam's jacket and the corresponding white design on the back of it were not originally there. They, including the Omega emblems on his gloves, were added after Blake reassures Adam that he still has her and prior to his mission with Sienna and Ilia.

### Post-Timeskip and Final (Volumes 5-6)

Adam's outfit was updated to a form-fitting, double-breasted three-tone black and gray leather tunic jacket with red interior lining and two-layers of flares that hung the entire bottom of his jacket around his thigh, befitting his more militaristic mindset after the Fall of Beacon. His rounded collar up to the shoulders of his jacket was black with the two-tone gray colors at the rest of his jacket, which also included a zipper for his left breast pocket, and two more at the sleeves, which also possessed black cuffs.

His dress pants were a matching gray to the tunic and mounted a maroon belt at the right thigh. The back of his tunic retained his red wilting rose emblem with white nightshade stem and flower sigils. Completing this outfit were plain black gloves exposing his wrists, along with twin maroon crisscrossing belts that hung Wilt and Blush on his left, and a black and red-lined drape retaining the red thorn sigil on his right. Finally, he still wore his red-soled black shoes.

Sometime after leaving the White Fang headquarters following the Battle of Haven, he replaced his Grimm mask with a black blindfold.

---

When Blake Belladonna was finished, all of us and the new recruits were horrified about the dark past of Adam Taurus.

Twilight Sparkle: Oh man, that was really dark.

Fluttershy: Indeed, that was truly horrifying.

Lincoln: You're right about that, but it still doesn't justify his crimes against Remnant, and to make it a lot worse, he was also the leader of The White Fang, and he terrorized all of Remnant, and all for revenge. He needs to be stopped and put in prison, and stripped of his powers.

Blake Belladonna: Lincoln, if it's not too much trouble to ask, but can you, Ruby, Weiss, and Yang help me in putting a stop to Adam?

Lincoln: (Smiles Warmly) Of course, Blake, and it's not too much trouble.

Nico: Whoa, this sounds quite personal.

Qrow: It is, Nico, you see, Blake was once part of The White Fang, and she and Adam had a personal history. But, Blake severed her ties with Adam and The White Fang, and they became enemies.

Nico: Ouch.

Me: But, this'll be brought to an end very soon, Nico. Lincoln, Ruby, Weiss, Blake, and Yang are going to put a stop to Adam Taurus, and once Lincoln strips him of his powers, Adam Taurus will be thrown in prison forever.

Nico: I hope it's the prison back on Remnant.

Lincoln: That's exactly where he's going, Nico.

---

Later it was time for Nanette's 2nd Ambassador Mission and it was gonna be an awesome and interesting one.

Nico: I hope you guys meet All Might this time.

Me: I think we will and it'll be awesome to meet him. It'll be an awesome honor to meet the man that gave Izuku his powers.

Nanette: It sure will.

Ed Grant: I'm really excited for this.

Fiona Hernandez: We all are.

Marie Hernandez: This is gonna be so awesome.

Me: Yep and also I'm going to resurrect all the heroes that were killed by the villains to show everyone.

Nico: That will be awesome for all the heroes that they lost to be returned to them. Many of them were like mentors and role models to the heroes of U.A. High.

Nanette: They sure were. The Paranormal Liberation Front really crossed the line when they killed them.

Me: Yep.

Nicole: And soon those villains will be dead.

Nico: Yep.

Me: Lets head out.

We were off to U.A. Academy.

We arrived at U.A. High.

Ed Grant: Wow! This is U.A. High?

Nanette: Yep it sure is.

Nicole Hernandez: It sure looks awesome.

Nicole Knudson: You haven't seen anything yet.

We went in and everyone saw us.

Me: Hey guys!

Izuku: Hey J.D., Nanette, Nicole what's up?

Nanette: Guys, meet my boyfriend.

Ed Grant: Awesome to meet you all. I'm Ed Grant.

Me: And these three are the Hernandez Sisters.

Fiona Hernandez: Awesome to meet you all. I'm Fiona Hernandez.

Marie Hernandez: I'm Marie Hernandez.

Nicole Hernandez: And I'm Nicole Hernandez.

Ochaco Uraraka: Awesome to meet you all and I love your matching dresses. They go great with your hair colors.

Nicole Hernandez: Thanks Ochaco.

Marie Hernandez: We are also known as the Sacred Beast Sisters and we are called that because we are the Gene-Slammers of the Mighty 3 Sacred Beast Cards.

Fiona Hernandez: Yep. They are 3 monsters named after 3 terms in Christianity.

Shoto: Wow! That is amazing.

Bakugo: It sure is.

Ochaco: It's also awesome to meet you Ed.

Ed Grant: Same here.

We then saw a big guy in blue with blond hair.

Me: Wow!

Izuku: Guys, I'd like you to meet All Might.

All Might: So you are the famous J.D. Knudson of Team Loud Phoenix Storm. It's truly an honor to meet you in person. We heard so many incredible things about you.

Me: Same here and it's an honor to meet you All Might.

Nicole Knudson: Izuko told us so much about you and how big of a famous role model you are to him.

All Might: I'm glad he looks up to me.

Momo Yaoyorozu: He does.

Me: I also heard so much about all the heroes that have fallen to the villains here and for their losses you all have my condolences. But I actually have the power to bring people back.

Everyone gasped.

Shoto: You can do that J.D.?

Me: I sure can.

Nicole Knudson: It's one of the reasons why dad is known as a god among man. He has done this many times before.

Fiona Hernandez: It's true everyone.

Shoto: So, Nanette, while J.D.'s busy reviving the fallen, do you want to tell us what your transformation into Thunderlegs feels like?

Nanette: I sure can. It starts with me feeling lightning surge through my body and then it feels like I'm being pulled and stretched and molded all over and it was excruciatingly painful.

Nicole Knudson: That's pretty accurate.

Shoto: Wow.

Me: Now here is the fun part. Watch. (SNAPS FINGERS)

Me: And I killed him after Shoto froze him in ice. Also we're going to try and help Himiko Toga. She deserves to have a chance at redemption. She is not really bad. She just has problems because her quirk is unstable and it made her insane.

Bakugo: How do you even know that Himiko Toga wasn't killed by that threatening message of yours?

Nanette: Because J.D. actually only wiped out the villains who are nameless and generic.

Me: And they posed no threat. Ochaco we'll need your help with this. We need you to hold Himiko in place with your powers while the Hernandez Sisters handle the rest.

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was smashed into the ground and then I unsheathed my sword and slashed Incite's head clean off and he bursted into flames and went into the Book of Vile Darkness.

?: NOOO! KOKU!

Me: I knew you would be coming Himiko Toga.

We looked and saw HIMIKO TOGA!

---

**Himiko Toga** is a major antagonist from the manga/anime series of *My Hero Academia* . She is affiliated with the League of Villains, and a member of the organization's Vanguard Action Squad. She is a suspect on the run for serial murders involving blood drainage.

Like Dabi and Spinner, she was inspired by Stain and his ideology and decided to join the League, which was believed to harbor the Hero Killer's cause. However, unlike the other two, she is only interested in Stain's ideals, simply because of bloodshed and murder.

She is voiced by Misato Fukuen in the Japanese version, and Leah Clark in the English dubbed version.

Background

Himiko Toga was born in her family as the oldest daughter of out of her siblings. At a very young age, she found a deceased bird covered in blood. Finding the dead animal both pretty and cute, she could not help herself but drink its blood. Later wanting to share her joy with her parents and make them happy, she presented the dead bird to them with a bloody smile. Her parents were upset with her twisted nature. Worried how society would view their daughter and how that would reflect on them as parents, the two subjected Himiko to Quirk reformation where she was forced to suppress her natural instincts and not develop her Quirk.

Since Himiko's admiration of blood was caused by her Quirk and a natural part of who she was, this only caused her instincts to grow. In middle school, she was considered to be a very bright and friendly girl by her classmates and teachers until she was found drinking the blood of a boy named Saito that she fell "in love" with. Everyone looked at her with nothing but horror and disgust and as a result, she ran away from her middle school graduation.

Since then, she has been on the constant run from the law and became a suspect of a series of serial blood loss cases. Her parents also publicly cut all ties with their daughter after the incident, claiming that she was always a lost cause and branded her as a "creepy demon child", trying to deflect blame on their parenting by claiming that she was just born bad.

## Vs. Hero Killer Arc

Himiko Toga was one of the few villains gathering together to the League of Villains, once Stain and his ideology were made public to the media.

## Final Exams Arc

Himiko first appeared at Tomura Shigaraki's base with Dabi as new recruits for the League of Villains. Here Toga expresses her psychotic desire to become like Stain and kill him. Tomura was not impressed by their praise of the Hero Killer, and tried to attack them out of spite, but his and their attacks were deflected by Kurogiri. Despite the hostile encounter, Tomura accepted them both into the League of Villains.

## Forest Training Camp Arc

Himiko later appeared with a few other villains in the Vanguard Action Squad. Their objectives were to attack the U.A. students at the camp while they trained. During the attack, Himiko encountered Ochaco and Asui. She had a device that was being used to take blood from her targets. As the fight continued, Himiko held a conversation with Ochaco about a crush that she had. As the confrontation continued, Himiko retreated in the woods as the other U.A. students came to their location.

As she left the scene, she glanced at Izuku in his beaten up appearance from Muscular and blushed. She made it to the exit point of the forest where she waited for a villain to bring Katsuki Bakugou with them. Kurogiri appeared and he was able to help the members of the Vanguard Action Squad retreat from the scene and capture Katsuki.

## Hideout Raid Arc

Himiko, alongside the rest of the league, kept Katsuki under them intending to make him join the League of Villains. With the help of the heroes and the U.A students, they were able to retrieve Katsuki from the villains. All For One also transported the villains out of the way to deal with All Might.

## Hero License Exam Arc

After All For One's defeat, the League of Villains scattered all over the place, in order to stay hidden from the police. On her own time, Himiko took the DNA of a girl named Camie Utsushimi and infiltrated the U.A students during the Hero License Exam. From there, she encountered Izuku Midoriya and attempted to capture his blood, while also wanting to know more about him. Eventually, she managed to make her escape with his blood and went back to the League of Villains caught.

## Shie Hassaikai Arc

Himiko reunited with everyone else in the league's new hideout. Twice brought over Kai Chisaki, believing him to be a new recruit, in which Himiko noted how different he is compared to them. When Chisaki departured with the Shie Hassaikai after a chaotic fight, Himiko asked if she could stab him, but Tomura refused.

Himiko and Twice were later briefly recruited as members of the Shie Hassaikai by Chisaki, after a meeting with Shigaraki. Before she meets up with Chisaki, she asks Tomura why she has to be stuck with partnering Chisaki. Tomura believes that she and Twice are capable and places his trust in them, assuring them with a smile.

When the heroes infiltrate and attack the Yakuza base, Himiko and Twice begin to make their move. As Mimic uses his Quirk to separate Rock Lock from his group, Himiko manages to fool him with a clone of herself made by Twice. She then sneaks up behind him and stabs him, sucking up his blood. When Aizawa and Mioriya arrive, Toga disguises herself as Rock Lock and attempts to play off as him. However, Aizawa was able to erase her Quirk, destroying her disguise. Aizawa then engages into a brief fight with her, having her wrapped around his cloth and pinned down. Himiko, however, was able to escape by maneuvering herself and get a stab in his shoulder. Aizawa manages to shrug her off after cutting her cheek with the knife she used. The two are then separated by Mimic once more.

Himiko eventually meets up with Twice, in which she helps keep his sanity stable by wrapping up his head with a bandage. Disappointed and uninterested in the Yakuza as a whole, Himiko abandons the group with Twice, ultimately wanting them to suffer in pain and humiliation. Eventually, the two managed to reach to the surface. Disguised as Midoriya, she falsely leads the heroes to Chisaki and Eri's location. Planning to capture Eri, she and Twice send a clone of Mr. Compress to capture her with his Quirk, but ultimately fails. Later on, she and Twice watch as Midoriya battles Chisaki at his full potential, remarking at how strong he is.

After Chisaki's defeat and arrest, Toga wanders around the street with Twice (who is still trying to maintain his sanity together). She then comes in contact with the real Mr. Compress and helps guide him to where exactly Chisaki is being escorted to. Mr. Compress reveals what he and the rest of the league plan to do with him, much to her pleasure.

## Meta Liberation Army Arc

After leading a massacre on the Creation Rejection Clan, Himiko and the other villains continued to keep a low profile while at the same time Tomura tried to get in contact with All For One's doctor. Himiko later takes part in a battle with Gigantomachia, who was seeking for the league to see who the successor of All For One is. After a brutal beating, Himiko and the rest of the league are taken away and introduced to the doctor, who addresses himself as Daruma Ujiko. After a conversation between Daruma and Tomura regarding his convictions, the league is sent back to deal with Gigantomachia.

A month has passed and while Tomura, Compress and Twice battle Gigantomachia, Himiko scouts the area with Spinner. When Spinner asks why she still remains with the league, despite their ideals not matching with Stain's, Himiko replies to him that he simply loves Stain and wishes to become the people she loves. Eventually, the two meet up with the other villains again and headed out to the city after Tomura received a phone call from Rikiya Yotsubashi to save Giran.

With Dabi later meeting up with the league, they headed out into the city where they encounter Rikiya's army and are forced into a battle with them. Himiko in particular battles one of the main executives, Chitose Kizuki, who exploits Himiko's past and her true nature through an interview, while at the same time putting her through a brutal battle. Eventually, Himiko shifts her face to that of Ochaco's and tags Chitose, as well as her followers. She then activates Ochaco's Quirk, causing them to float then releasing them, causing them to drop on the ground in a bloody mess.

Himiko later fled the scene in order to recover from her injuries but collapses from fatigue and blood loss. Twice eventually discovered her, who believed she was on the verge of death. He attempted to escape with her, but is prevented from doing so when Skeptic summons a clone group of Twice to capture the two. The clones attempt to kill Himiko while at the same time try to recruit Twice to join the Meta Liberation Army, but Twice eventually regains his sanity and forms a clone army of himself to save Himiko. Twice then measures and clones Himiko in order to perform a blood transfusion to save her life, whilst Twice's other clones go to assist the League.

Toga later recovers from her injuries at the hospital, revealing to Twice, who was mourning at a picture of her, that she is very much alive. She later watches Re-Destro's speech and comments on Tomura still having one of his hands (the only one that survived). Himiko and the rest of the League then walk to the stage as the League of Villains and Meta Liberation Army unite to become the Paranormal Liberation Front, with Himiko becoming a lieutenant of its Carmine Regiment.

## Endeavor Agency Arc

A while later, Himiko fully recovers from her injuries with her eye remaining intact. She is present at Hawks' report that Endeavor would be taking on two new interns and she muses on one of them being Izuku, she soon thanks Hawks for the report and discusses their goal alongside the rest of her allies. Himiko then brings up Tomura's plan to destroy everything once he gains a handling on his

powers.

## Paranormal Liberation War Arc

After four months, Himiko is assigned as a commander of the Carmine Regiment alongside Skeptic, despite not liking him for trying to kill her and Twice. The villains are initially unaware of the heroes raid until they see the Gunga Mountain Villa mansion splitting apart and destroyed by Cementoss' Quirk.

Unprepared for the attack, the Paranormal Liberation Front send their lower-ranked soldiers to fight while the lieutenants evacuate. Himiko and Mr. Compress end up getting ambushed and nearly captured by a hero who restrains them both with his Quirk. However, Twice arrives and kills the hero with a knife to the back of the head. As the two villains get back on their feet however, Twice explains that he is unable to create anymore clones and begins melting, signifying the original Twice's death. Twice's clone approaches Himiko and gives her handkerchief back that she used to patch up his mask back at the Shie Hassaikai Raid, while explaining that Hawks had betrayed them and apologises for trusting him. Realising her friend has perished, Himiko embraces the clone and thanks Twice for saving her life.

Enraged by Twice's death, Himiko disguises herself as the same hero who attempted to capture her and goes on a blind killing rampage, slaughtering every hero in sight. She laments that it is hard to live and that all she wants is a world where she can be her, and that the heroes keep taking everything away from her. As Himiko's disguise wears off, Gigantomachia retrieves her and the other PLF lieutenants.

Following Tomura's orders, Gigantomachia heads for Jaku City while attempting to throw Mt. Lady out of the way. During this, Himiko and the others comment on what had just happened but the behemoth soon grabs all of them. The students of U.A. manage to subdue Gigantomachia while Red Riot climbs up the giant's arm and prepares to throw a sedative into his mouth, Himiko reacts quickly and throws a knife which shatters the sedative. However, Red Riot reveals to have another jar of sedative and throws it to the giant's mouth.

As more Pro Heroes join the battle, Gigantomachia manages to overwhelm the opposing forces and tears through multiple cities while destroying everything in his wake as the remaining PLF members follow behind.

As Gigantomachia presses forward, Mr. Compress sees Himiko viewing the distance and deduces that she is searching for "those U.A. scamps [she] loves so much." Himiko questions as to where heroes draw the line and asks if Twice was not considered a person in their eyes and if they plan to kill her as well. She then goes to find Midoriya or Uraraka to question them, despite Compress warning her of the dangers. Spinner speaks up saying that she isn't the only one who is shocked over Twice's death and tells her that although that doing as one pleases is "the villain way", that she should come back to them safely. Himiko thanks Spinner with a smile.

Himiko soon finds Uravity and Froppy, using her Quirk she disguises herself as an elderly woman and pleads for Uraraka to help her trapped husband. As Uraraka follows Himiko and comments on how fast this old woman can run, she replies by saying that she loves her husband. Himiko soon drops her disguise, much to Uraraka's shock and leads her into an abandoned house.

Himiko comments on how cute Midoriya and Asui are while the zero-gravity hero searches for her. Fully-clothed, Himiko ambushes Uraraka from behind and holds her down while questioning Uraraka as to what they plan on doing with her. Ochaco incredulously asks her if she lured her all the way out just to ask her that, and questions if she killed the old woman she disguised as for her blood. Ochaco angrily says that she wants to save as many people as she can and that if Himiko gets in her way, she won't hesitate to apprehend her.

Himiko glares at Ochaco in response as the latter manages to throw her off of her. Himiko comments that she is much stronger than last time, she then charges at Uraraka while explaining her way of thinking that she loves others and is unable to resist seeing them bleed out but knows that others don't think like her and can't accept her as a result. Because of this, Himiko finds it hard to live in society. She then explains how used Ochaco's Zero Gravity Quirk against Curious and her underlings, murdering them all in the process. Uraraka is horrified at this information and attacks Himiko with her wires only for Toga to dodge and strike back at her, knocking Uraraka into another room then wrecking everything inside. Uraraka stands up in anger, saying that she'd never use her Quirk to kill anyone and demands to know why Himiko wanted to talk with her.

Uraraka then notices Himiko pick something up and, much to her horror, realises that its the All Might keychain Izuku gave her for Christmas. Uraraka pursues Himiko around the house, demanding for her keychain back. Himiko questions as to if it's something precious to her which Uraraka confirms.

Himiko then mentions that Twice was somebody she cared about as well, and sees that Uraraka is the same as her for liking Izuku, who Himiko correctly guessed gave her the keychain. Uraraka retorts she has chosen to push those feelings down as she uses her new Super Move: Zero Satellite to drop wires and objects down on Himiko. Himiko dodges Uraraka's attacks and responds by saying that she has been doing the same since she was a child and that suppressing her feelings only made them grow further. Ochaco replies by saying that if the way Toga chooses to live harms people then she must also live with the consequences. Himiko responds by saying that she thought so, as tears begin to form in her eyes, which catches Uraraka off-guard.

Toga prepares to throw her knives at Uraraka, but Tsuyu storms in and strikes Himiko with her tongue. Tsuyu asks what Toga is doing here but the three are all distracted when Gigantomachia's movement makes the house shake. Himiko takes this opportunity to escape while Tsuyu prepares for if she plans to attack them again. Uraraka confirms that she ran away however, as she picked up her keychain left on the floor and wondered why Himiko was crying.

---

Me: There you are.

Ochaco: I got this!

She used her quirk and her gravity made her stay in place.

Ochaco: This is for your own good Himiko. You need help.

Himiko Toga: I don't need help!

Fiona Hernandez: Actually you do!

Fiona, Marie and Nicole got into a Triangle Formation around Himiko and they flared up auras of red, yellow and blue.

Fiona, Marie and Nicole: Our Father, who art in heaven, hallowed be thy name; thy kingdom come; thy will be done on earth as it is in heaven. Give us this day our daily bread; and forgive us our trespasses as we forgive those who trespass against us; and lead us not into temptation, but deliver us from evil. Amen. HOLY PURIFYING SOUL CLEANSE FORMATION!

The triangle lit up in a massive and huge flash of light and Himiko screamed as she felt the darkness leave her forever and then we saw a demonic evil appear and it was obliterated and erased from existence forever and Himiko was on the floor weak and tired. The power of the technique erased her quirk and replaced it with one that is stable and pure and much better for her.

Nicole Knudson: Did it work?

Fiona Hernandez: It did.

Me: Himiko?

Himiko got up and looked at me and I held my hand out to and she took it and got up.

Himiko Toga: What happened? I have got the worst ever headache.

Me: We purified you and saved you from yourself. Your quirk was too unstable for you and it was destroying your sanity. So we purified you and cleanse you of your evil and saved you from yourself.

Himiko Toga: Tell me what happened. What did I do while I was insane?

Nicole Knudson: You aren't going to like it.

Nicole told her everything and she was shocked beyond all words and then she broke down crying and then she hugged me and I comforted her

Tenya: Maybe she should join the Masters of Evil.

Nicole: She can join both the Redemption Squad and the Masters of Evil and we can have her be Vida Rocca's archenemy.

Fiona Hernandez: She's the Pink Mystic Force Ranger and she would be a perfect match for her.

Nicole Hernandez: I agree.

All Might: You all were absolutely amazing though. You have come a long way in your journeys.

Nicole: We all did. But the journey is never over. As long as evil exists in the universe the war will never be over.

We later came back.

Nico: Hey guys. How did it go?

They saw Himiko with us.

Nico: Oh man. Did you save her?

Me: We did.

Fiona Hernandez: It was a successful save.

We told everyone everything and it was amazing.

Nico: Whoa! You all did great. Awesome job.

Me: Everyone was happy to have everyone brought back after what happened.

Nicole Knudson: Yep and we killed another villain. Trumpet.

Nico: Good.

May: In addition to who comes with Nanette in the 3rd mission, we should also have some of us do a little friendly battle competition with Izuku and his friends there.

Me: Good idea May.

Nico: That will be awesome.

Nanette: I'm bringing Beast Man next and Nico if you want to come you can.

Nico: I would be honored.

Eli: I can go too.

Me: Awesome.

Later we were watching TV.

Miranda (W.I.T.C.H): So, Mr. Krabs. Is it true you went paranoid over Plankton once?

Mr. Krabs: Aye lass and let me tell you it was crazy.

Lily: It was the anniversary of when Plankton tried to steal the Krabby Patty Secret Formula and Mr. Krabs was REALLY on edge to make sure Plankton didn't get it.

Mr. Krabs: Yeah. It was crazy. Lily can tell ye the tale.

Lily: It was shortly after we destroyed the Chum Bucket and sent him to prison the first time. It was a story of what I call Plankton Paranoia.

FLASHBACK - After the Events of Chapter 230.

Mr. Krabs is marching around like a military drill sergeant while wearing a solider helmet.]

Mr. Krabs: Now we all know what this day is.

SpongeBob: Today is the day when Plankton tries to steal the Krabby Patty formula, sir! [continuously whacks Squidward with the mop while talking]

Squidward: [angrily] Like he does every day. [takes the mop from the scared SpongeBob who realizes his error]

Lily: Or used to but not anymore.

Mr. Krabs: But this time, he's not going to catch me with me spatula down! [laughs] Ooh? [flips his spatula right side-up] SpongeBob, you're on guard duty, boy!

SpongeBob: Yes, sir, Mr. Krabs! [hops in the mop wringer bucket and heads to the front door]

Mr. Krabs: Lily you help SpongeBob out.

Lily: Yes sir!

Squidward: And I'll go undercover. [grabs a pillow and a blanket and goes to sleep as usual]

[Mr. Krabs glares down at Squidward before hearing SpongeBob.]

SpongeBob: Hup, two, three, four! Hup, two, three, four! Krabby Patties are the best! They'll put hair on your chest!

[A female customer looks into her dress and hair pops out.]

Female customer: [gasps] Oh!

Lily: That's cool.

Lily looked and saw that she had hair on her chest too.

Lily: Nice.

---

French Narrator: (French Accent) Three hours later…

[SpongeBob is very tired from patrolling the front door.]

SpongeBob: [weakly] Krabby Patties are the best… They'll put hairs… into your nest [flops down to the floor]

[Squidward wakes up from his "undercover" and gets whacked with the mop.]

Squidward: Ow.

Mr. Krabs: [picks SpongeBob up] Any sign of Plankton?

SpongeBob: Uh, afraid not, Mr. Krabs.

Lily: None at all sir.

Squidward: Maybe he's on vacation.

Mr. Krabs: Don't be silly! We always take our trips together, [his eyestalk enlarges at Squidward] to keep an eye on each other. What's taking that crook so long? [looks at his watch] Hm… Maybe the door is stuck. [oils the hinges on the door and sees a line of customers coming] Ah, for-these customers are blocking the way! [flips the road and sends the customers hurling into passing garbage truck; sighs] There we go. Nice, open path. [his path is nice and sparkly] Hm? Mm… Hey! Well, maybe he just needs a little incentive. [cuts to the Krusty Krab displaying the secret formula on a pillow; the sign blinkers the words "Secret Formula" with arrows pointing at it] There we go. [peaks over the cash register and looks at his watch; he slowly begins to worry] Maybe he doesn't want me formula anymore. [gasps as he sees the formula missing] He took the bait! We're going to red alert! [pushes the alarm button and the alarm goes off; the lights in the restaurant blink red and blue; then it covers itself with a protective shield and spins into the ground. Mr. Krabs peaks out of the ground through the telescope] Batten down the hatches! Furl the deck! Stop that greedy green goober!

[The customers moan and groan from all the spinning. SpongeBob runs around with a pile of bricks. He trips over Nat Peterson and sends the bricks flying to the window. Squidward dodges the bricks.]

Squidward: [sighs in relief but gets hit in the face with the brick] Ow.

[SpongeBob bends the kitchen door down, wraps it up and stuffs it in his head.]

Patrick: Doggone it! [shakes the bottle with the secret formula] Can I get some ketchup over here? Please?

Mr. Krabs: [slides down the rail while SpongeBob walks the dazed Squidward.] False alarm.

[The restaurant comes back out of the ground. The customers recover from the spinning and quickly run out due to motion sickness.]

Lily: I'll get the ketchup for you Patrick.

Patrick: Thanks Lily.

Whistle: [blowing] Closing time!

[SpongeBob and Squidward remove their hats and prepare to go home. Mr. Krabs jumps in front of them, blocks the door and grabs his employees.]

Mr. Krabs: And just where do you think you two are going?

Squidward: [pulls himself free] It's customary to go home at closing time.

SpongeBob: Aren't you going home, Mr. Krabs?

Mr. Krabs: [puts SpongeBob down and laughs] Oh, I'm not budging. Plankton is gonna try something. I don't know when. I don't know where.

Squidward: Probably… here.

Mr. Krabs: Well, yeah. But when he does, I'll be waiting for him. [cackles and rubs his claws in a greedy motion]

[SpongeBob and Squidward exit the front door and quietly leave. Mr.

Krabs turns off the light.]

Mr. Krabs: I'll be waiting right here.

---

French Narrator: The next morning…

---

Lily, Squidward and SpongeBob come in.

SpongeBob: [enters the restaurant] Morning! Hm? [takes his hat while Squidward takes his] I guess Mr. Krabs went home after all.

Mr. Krabs: No, I'm still here… [reveals himself to be camouflaged to the floor] Waiting for that blasted Plankton!

[SpongeBob and Squidward become startled with Mr. Krabs. Mr. Krabs gets up. His eyestalks shrink to look like chameleon eyes and rolls away. The scene changes to Squidward trying to take a customer's order.]

Lily: Very clever strategy.

Mr. Krabs: Thanks lass.

Gwen Tennyson: Wait a second!

FLASHBACK PAUSES

Gwen Tennyson: You were paranoid of Plankton even after he got taken down the first time?!

Mr. Krabs: Yeah.

Lily: Here's where it gets crazy. We almost had to send Mr. Krabs to a Psych Ward for this.

FLASHBACK RESUMES

Customer: Yeah, I'll take-

Mr. Krabs: [opens the customer's mouth] Me patty formula?! Huh? I knew it! You in there, Plankton?! [shakes the bones out of the customer's body]

SpongeBob: Mr. Krabs, that's not Plankton!

Lily: (Sternly) Drop him now!

[The customer's whole skeleton falls out of the body. Mr. Krabs drops the customer's body.]

Customer: [gets up and grabs his body, now angry] I will never set foot in this establishment again! [whacks Mr. Krabs with his skeleton foot for his actions] From now on, I'm using the drive-thru! [leaves]

[Mr. Krabs gasps and sees Mrs. Puff walking out with a Krabby Patty. He fishes Mrs. Puff with the fishing hook.]

Mr. Krabs: Aha! Trying to sneak a Krabby Patty to Plankton, eh? [takes the patty from Mrs. Puff]

Mrs. Puff: But, Eugene, it's just a to-go order.

Mr. Krabs: [mocking gibberish] Well, from now on, all patties are to be eaten on the premises! [sets Mrs. Puff down]

Lily: Mr. Krabs I am surprised at you! How could you do that to Mrs. Puff!?

Squidward: What are you gonna do now, ban pockets?

Lily: Shut up Squidward!

Mr. Krabs: Capital idea, Mr. Squidward.

[Mr. Krabs uses a reef blower to steal money from a customer's pockets. It even sucked up his clothes. Mr. Krabs puts a barrel onto the customer's body.]

Mr. Krabs: There'll be a $50-a-barrel surcharge from now on! [sucks in more clothes and money with the reef blower and gives them more barrels; Old Man Walker is about to leave, but Mr. Krabs stops him] Whoa, hey, slow down there, Grandpa. Let me see here. [scans him with the scanner, removes his hat and reveals a stack of patties on his hat] Aha! Another one of Plankton's spies!

Old Man Walker: [nervously] I just wanted some for later.

Mr. Krabs: [violently stamps him with a "BANNED" stamper] You're banned! [kicks him out and sees a baby sucking on a Krabby Patty] Hm… So Plankton's recruiting baby burglars now! [removes the patty from the baby's mouth and the baby cries] Put a cork in it! [stuffs the baby's mouth with a cork and shoves both the baby and the mother in a barrel that says, "BANNED"] You're banned! [continues to violently stamp the customers with the "BANNED" stamper] You! You're banned! You're banned! Banned! [one customer's head gets a nasty bump from the stamper] Banned! [Tom's teeth say the word, "BANNED"; Mr. Krabs lifts his restaurant and bashes the customers away; he speaks through the Krusty Krab sign] You're all banned! [barricades the door while breathing heavily]

Lily: MR. KRABS! What the heck is wrong with you!? YOU ARE ACTING LIKE AN ABSOLUTE MANIAC!

SpongeBob: Mr. Krabs, I don't think Plankton's coming.

Mr. Krabs: Nonsense! [hears a knock at the door and gasps] See? It's that stinker Plankton now! What do you want?

Sandy: [off-screen] Uh… A Krabby Patty?

Mr. Krabs: [Suspicious] Why?

Sandy: [off-screen] I'm hungry.

SpongeBob: Mr. Krabs, that's just Sandy.

Lily: Yeah let her in.

Mr. Krabs: [peeks through the hole and sees Sandy waving innocently] I'm not falling for it. [sticks his eyestalk through the hole and looks at Sandy] That's the worst squirrel suit I've ever seen. [shakes a spray can and sprays the word "BANNED" on Sandy's suit; gibbers as he begins to lose his sanity]

Lily: Mr. Krabs you are losing your mind!

SpongeBob: [feeling a bit creeped out by Mr. Krabs' behavior; whispers to Squidward] Do you think Mr. Krabs is acting… strange?

[Mr. Krabs climbs up the ceiling, snaps his claws, and his mouth foams while he gibbers.]

Squidward: He seems fine to me.

POW!

Lily punched Squidward in the face.

Lily: No he is not Squidward! He is losing his marbles! Plankton is in jail now and he is going to stay there forever. I'm calling the nuthouse.

Plankton: Flipping Fish Fossils!

FLASHBACK PAUSES

Plankton: Geez, Krabs, I didn't think you'd get THAT paranoid of me!

Cybertron Dirt Boss: And you even got paranoid of yourself!

Nico: Yeah.

Mr. Krabs: Yeah I wasn't in my right state of mind and I completely forgot that Plankton was in prison.

Nico: Yeah. So what happened after that?

Lily: Well that's when I had enough and I wasn't going to let Mr. Krabs' paranoia ruin the good reputation of the Krusty Krab.

FLASHBACK RESUMES

Mr. Krabs was crazy.

Lily: And I had plans for everyone for lunch.

Mr. Krabs: Plans?! Aha! You're all working for Plankton! Get out of me restaurant you tricky treacherous traitors!

Just as he was about to put the banned stamp on them Lily grabbed his arm and kicked him in the stomach and sent him crashing into the wall.

SpongeBob: (GASP)

Squidward: (GASP)

Mr. Krabs: (INSANE RAGE) WHY YOU FILTHY BILGE RAT!

Lily: YOU UNBAN EVERYONE RIGHT NOW!

Mr. Krabs: I WILL KEELHAUL YOU FOR THIS!

Mr. Krabs lunged at Lily and she then grabbed him and tied him up and put him in a straitjacket and then the paddy wagon came and took Mr. Krabs away.

Lily: You need a lot of rest and help Mr. Krabs. It's for your own good. Plankton is in prison and he Chum Bucket was destroyed! You are out of control and need some rest.

SpongeBob: We don't like doing this to you Mr. Krabs but it's for your own good.

They took him away.

FLASHBACK ENDS

Lily: We had to send him to 2 months of electroshock therapy because of that. And that's how Mr. Krabs was saved from himself.

Nico: Geez.

Punch: I think J.D. and most of us can relate to being paranoid of villains.

Me: I am not-

Maria: Don't deny it, J.D. How many times have you let paranoia cloud your judgement?

Me: Too many. I lost track.

Nico: I can name one and that was with Barodius.

Varie: Voldemort, Nerissa, Thanos, Squidward, The Sullen 6, many villains.

Me: Okay okay I get the point. But I never took it to the extreme like Mr. Krabs did.

Mr. Krabs: I just can't believe I was like that.

Plankton: That was crazy Krabs.

---

Later in the jungles of Africa, me, Lincoln and Lily were going Crystal Hunting for specimens of gems and crystal.

Me: So far we're finding really beautiful specimens. You finding anything Lily?

Lily: I sure am.

Lincoln: So far nothing, but all of this failure is tiring me out. I'm just gonna take a nap on that tree over there.

Me: Okay Lincoln. I'll go see if there are any crystals by that creepy, scary, evil-looking cave over there.

Lily: That cave sure gives me the creeps.

Me: Me too.

[Evil Alien Slime Overlord is shown]

[Evil Alien Slime Overlord makes a tentiicle and it turns it into a Mucusonian; right after that, the Overlord makes 4 more tentiacles to realise more Mucusonians. Lincoln is shown sleeping. One of the Mucusonians engulfs Lincoln's entire body and creates a Mucusonianized clone of Lincoln. It looked like Lincoln but with glowing red eyes. Some Mucusonian's take the real Lincoln away.]

I went over.

Me: Hey Lincoln. Have a nice nap?

Mucusonian Lincoln: Yes. I did. Thank you.

Me: You all right Lincoln?

Mucusonian Lincoln: I'm fine J.D. Lets head home.

Me: Okay.

We Later went home and went to have a nap. But little did we know that this was going to be a wild and crazy day!

Nico, May and Jindrax walked into the Estate.

May: Have you guys noticed the Louds acting strangely?

Jindrax: I have. And J.D.'s nowhere to be found. I didn't think he and the Louds would react that badly when Punch and Maria criticized them their tendency of being paranoid because of past villains we took out.

Nico: Okay, you guys really have to grow up. Yeah, I get it! We're awesome! And we're undefeated. But you shouldn't give me the cold shoulder just because we criticized you guys. I know it hurts. But when someone criticizes you, it can be helpful to help you grow into better people. It doesn't matter if someone criticizes your methods, or behavior, or leadership skills.

Jindrax: Nico, you know that you're talking about yourself, right?

Nico: (sighs) Yeah, I know. Look, guys, I'm sorry about the small part of criticizm that Punch and Maria gave you guys. Can the 13 of you forgive me?

It was then that Nico realized something.

Nico: Well, fuck. There's no one here. I was talking to no one this whole time!

May: That's weird. Where is everyone?

Twilight Sparkle: Yeah it's crazy. Where is everyone?

I came out and yawned.

Me: (looking normal) Hey, guys.

Maria: J.D., thanks goodness you're here.

Me: I've been here the whole time why and I've been thinking about everything you and I have been really paranoid lately.

Nico: Well that's good. Where's everyone else?

Me: I don't know. I just woke up after taking a small nap and then the next thing I knew they were gone. The Loud Kids mostly. They just vanished.

Eli: That is too weird.

Nico: Where could they be?

Varie: It's not like them to vanish like this.

Nico: (Embarrassed) Wait. Does that mean you heard everything I just said?

Me: Yes and you're right I have been getting paranoid a lot and it was getting crazy.

Nico: It was. Sorry I said all that.

Me: No worries. Hakuna Matata.

Nico: Good. Now we have to find everyone.

Then Cargill, Wiggum, Springfield Mafia, Cantwell, Krusty, Snake Jailbird, Rich Texan, Patty & Selma, Springfield Bullies, and Comic Book Guy

Cargill: Can me, Wiggum, Springfield Mafia, Cantwell, Krusty, Snake Jailbird, Rich Texan, Patty & Selma, Springfield Bullies, and Comic

Book Guy go with you guys this time?

Dolph: Man, it sure isn't the same without the Louds.

Legs: At least the parents are still here. As well as Lyra, Liberty, and Lee.

Nico: That's good.

Cantwell: It's not just the Louds that vanished. The Loud's friends are gone too. Clyde, Liam, Stella, Chandler, Rusty, Mrs. Johnson and Zach are gone. Girl Jordan is still here.

Nico: Weird. It's like they just vanished into thin air.

Me: But I'm still here.

Nico: That's good. Where could they have gone? This isn't like them.

Me: It's like they all just plum vanished right off the face of the Earth. Lucy was with you on your rescue and Lincoln and the group did his rescue earlier this morning. How strange.

Robin Food: So, Nico. Which Gene Slammer do you think will appear on your next rescue?

Nico: I'm hoping to go for an Animal Gene-Slammer next and I think this would be cool. I want to go for a Chicken.

Me: Ooh want to eat some eggs?

Nico: (Laughs) Yep.

Eli: That would be cool.

Nico: I didn't think Clyde, Liam, Stella, Chandler, Rusty, Mrs. Johnson and Zach would join the Louds in avoiding me all because of that small criticism.

Jimbo: Dude, you need to relax.

Kearney: Besides, I'm sure there's a good explanation.

Me: Yeah dude there has to be a reason.

Eli: It's not like them to just vanish without a trace like this.

William: Nico, first of all, I don't think the Louds and their friends vanished because of you.

Nico: Thanks, William.

William: And second, I think we should continue our planning in Equestria. Whatever's going on probably hasn't reached there.

Windsweeper: Good idea!

Me: Lets go.

We went to Equestria and in Twilight's Castle we got to planning.

Rainbow Dash: This is not like Linky to just vanished like that!

Pinkie Pie: (Crying) I MISS LINKY!

Starlight Glimmer: Now girls calm down. We got to at least find him.

Me: Come on girls we all can find him. We just got to put our heads together and then we'll think of something.

Louie: Don't worry. We know just the solution.

Rarity: Which is?

Fat Tony: When in doubt, use Eli's Force abilities.

Eli: Okay. (Concentrates)

Applejack: It has to work.

Eli: Found him. He's at Lynn's Table. But I sense that all his sisters are and all his friends are there too. But there's a terrible and evil force there too.

We gasped.

SpongeBob: Something about this look very familiar.

Runabout: What do you mean?

SpongeBob: I just have this feeling of deja-vu.

Nico: Well we better get over there and check it out.

We were off to Lynn's Table.

We arrived at Lynn's Table and nothing looked out of the ordinary.

Me: Everything looks normal.

Eli: Yeah. But I've got a bad feeling about this.

We went in and saw a line.

Me: Looks like the lunch rush is here.

Mucusonian Clone: One Ultimeatum, hold the nacho cheese.

Mucusonian Lori: One Ultimeatum, hold the nacho cheese.

Mucusonian Lincoln: [holds out a tray with an Ultimeatum Burger] One Ultimeatum, hold the nacho cheese.

Mucusonian Lori: [takes the tray with the Ultimeatum and gives it to the Mucusonian Clone] Thank you, come again.

Mucusonian Clone and Mucusonian Lori: Braaap!

[The next customer, who appears normal walks up]

Martin: I would like one Ultimeat-

Mucusonian Lori: [takes out another Ultimeatum] One Ultimeatum, hold the nacho cheese. BRAAAP!

Martin: Ugh. Actually I want one with extra nacho cheese!

Patty: There they are. We were worried for nothing.

Selma: No. Look closer!

[Mucusonian Lori and the rest of the Mucusonian Clones begin hissing and pointing at the lone, normal man]

Martin: W-what's wrong, dudes?

Mucusonian Lynn Sr.: [comes out of Lynn Sr.'s' office] I'm sorry, valued customer. We are currently out of the condiment you call nacho cheese.

Nico: Okay that is weird.

Me: Yeah we brought in a whole shipment of nacho cheese for everyone.

Shanan: But those eyes are familiar. They look normal but their eyes are red. Like with pure evil.

Eli: I don't like this.

Skalor: J.D., before all this happened, did you notice something strange?

Me: Hmm. Now that you mention it. Lincoln has been acting a little weird ever since we got back from the jungle yesterday.

Eli: Uh oh.

We went to the kitchen.

Me: Lincoln?

Nico: Are you doing okay?

Mucusonian Lincoln: I am here to replace you and all of your kind!

Me: Where have I heard that line?

Cantwell: J.D., what DID happen in the jungle yesterday?

Me: We were going crystal hunting in the jungles of the Congo and we came across an ominous looking cave and Lincoln decided to take a quick nap and then the next think I knew he was acting strange. He had these really weird red eyes and then he was talking like how the customers were talking.

Nico: Weird.

Eli: Lets go check and see if there's nacho cheese.

Nico: Okay.

We went into the freezer.

We then saw a massive number of boxes full of nacho cheese.

Me: Here it is.

Beastbox: I knew there was nacho cheese!

Nico: Lets see.

Nico grabbed a box.

Nico: [hears a strange noise] Huh? Is somebody in there?

We looked into the back and spots the Evil Alien Mucus Overlord, Mucusonians, and all of the citizens including Lincoln and his sisters and friends trapped in pods.

We gasped!

Nico: Monsters!

Me: Oh no! Lincoln and his sisters!

Eli: And Mr. Lynn and Ms. Rita, Lincoln's friends!

Nico: It's just like that movie I watched last night! Those things have captured everyone and put them into creepy pods.

Shanan: Oh no! I didn't expect THEM to show up! Those are Mucusonians from the planet Fluidia! They are shapeshifting aliens that want to replace everyone as the most superior species in the universe. They are very dangerous creatures.

Me: It's just like what happened with the Jelliens and in the movie Invasion of The Body Snatchers!

Nico: Oh man! We got to retreat and form a plan of attack!

We retreated back to the estate.

Nico: This is really bad guys!

Rarity: (CRYING) I NEVER THOUGHT LINKY WINKY WOULD BE TURNED INTO AN ALIEN! (CRYING)

Himiko Toga: Not the first day I had in mind.

Snake: I'm really sorry, dude.

Nico: Well we can't let these aliens take our planet. We got to stop them.

Shanan: Well we're in luck. The one thing they don't like above anything else is nacho cheese sauce.

Nico: Strange.

Numbuh 1: We can help with that. We dealt with lice and they didn't like nacho cheese either.

Nico: Lets suit up.

Gilda: Wait. Girl Jordan still hasn't been abducted, right?

Nico: No she's with Carol Ferris and helping her out with a rogue group of aliens.

Gilda: Oh.

Girl Jordan than flew in.

Girl Jordan: Whew! That was a big adventure. Oh hey guys.

Nico: Thank goodness you're back G.J. We got problems.

Girl Jordan: What is it?

We told her everything and she gasped in shock!

Girl Jordan: Oh man! We got to save everyone!

Nico: And we will. Nigel, suit us up.

Numbuh 1: You got it!

They gave us Nacho Cheese Sauce firing rifles and flamethrowers.

Cargill: How was helping Carol?

Girl Jordan: It was awesome! We had to help face the aliens on Bleez's home planet of Havania.

Bleez: Wow that's cool.

Nico: It sure is.

Twilight Sparkle: Glad you helped her out.

Nico: Me too. We got to go and stop these aliens.

Girl Jordan: Wait. How do I know you guys are the real deals?

Bugly: Remember the first time you fell in love with Lincoln?

Girl Jordan: Yes why?

Me: Well these aliens are easily distinguishable.

Kate Lloyd: Thank goodness. Unlike the Thing they show themselves with glowing red eyes.

Nico: Look at our eyes. Are they glowing?

They weren't glowing.

Girl Jordan: Okay good you all are real.

Krusty: And we already know that YOU'RE real.

Nico: Yeah you were away from the Earth when this went down so you are clear.

Girl Jordan: Good. And these aliens don't like nacho cheese?

Me: Just like how the Jelliens hate mayonnaise.

Eli: And they picked the wrong planet to mess with!

Barricade: You know, in my world, there was this Pretender named Alice in our ranks who could turn into a human girl.

Nico: That's right!

Me: I remember seeing Alice. She was a great infiltrator.

Eli: That is cool.

Chill Bill: Time to use our entrance and get the Louds out!

Nico: Lets do it!

We rushed for the restaurant.

Nico: Here we go.

We bursted in and then went for the freezer.

The Mucus Overlord was laughing and then the spirits of the Springfield dirtbags swirled around him and then they converged and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted through the wall of Nacho Cheese boxes and a phoenix cry was heard and we came out.

Nico: You will not take our planet without a fight snot bucket!

Me: Let my friends go!

Mucusonian Overlord: NEVER!

Me: Then taste this!

I fired Nacho Cheese blasts and it hit the pods and the people inside them woke up and and they cracked open and the people fell out and crashed onto the floor and then the Mucusonian clones of them dissolved into slime.

Lincoln: (Groans) What happened? I've got the worst ever headache.

The overlord growled and the people all saw the Mucusonian Overlord!

Lincoln: What is that!?

Nico: We'll explain later! Right now we need to save the world from this monster.

Then a DARKSIDE CAME OUT!

Sora: A Darkside heartless!

Darkside: That's right keyblader.

Comic Book Guy: A sentient Heartless?!

Darkside: Of course I am. I've been helping the aliens abduct everyone here to bring darkness to this world.

Me: You will never touch this world! Xehanort is dead! He created you and he was going to use you to destroy the entire universe and flood it with nothing but eternal darkness.

Nico: That's right!

Lincoln: And you are not welcome here freak!

Lincoln blasted the Sentient Darkside and destroyed it!

Nico: Take that!

Then Crimson Dynamo, Dr. Polaris, The Spot, Skalamander, Turtle, Touch & Go, Firebrand, Girder, Plastique and Beast Man appeared.

Nico: Crimson Dynamo, Dr. Polaris, The Spot, Skalamander, Turtle, Touch & Go, Firebrand, Girder, Plastique and Beast Man.

Beast Man: Crazy huh?

Nico: Wait! How do I know you guys are real!

Crimson Dynamo: Nico, of course we're real!

William: Tell us something only you guys would know.

Mr. Touch: Well, last year, in the Christmas party, I witnessed Nico and William kiss May and Maria respectively under the Mistletoe.

Maria: They're the real deal, alright.

Dr. Polaris: And we don't have any glowing red eyes.

Me: (Slyly) Now who is the one that's being paranoid?

Nico: (Blushes in embarrassment) Sorry.

Plastique: (to Nico) We heard you faced that unknown scientist.

Nico: We sure did.

Skalamander: Did you keep his weapon?

Nico: Yep and sent him to the Saturn Nuthouse forever.

Skalamander: Good.

Then Benglo appeared for Round 2.

Nico: Back for round 2 Benglo.

Benglo: Yep.

Lincoln: Awesome.

May: Did the aliens try to abduct you?

Benglo: (laughs) Relax. They didn't lay a finger on me.

Nico: Good.

We got the usual battles underway.

Crimson Dynamo was first.

Crimson Dynamo: (to Akira) Nico should be honored. He got to fight one of Superman's first villains on his rescue today.

Akira: He sure did and it was so cool! This was the first ever villain that Superman took down after he defeated Zod.

Pinkie Pie: It was amazing!

Featherweight: That was so cool.

Sprocket: It sure was cool.

Heatblast: It sure was awesome.

Crimson Dynamo: I remember watching that back when I was just a boy and it was awesome. That Electrothenasia-Ray he built was a deadly machine. That was the first ever Superman cartoon from what I recall. Good memories. Lets do it!

They fired waves of fire, metal, gears and lightning and smashed him down.

Akira: ALL RIGHT!

Pinkie Pie: BEST USUAL BATTLE EVER!

Tyler Bowman: It was great! We took down Einon and Griffon and Black Gate them for good.

Starlight Glimmer: That was so awesome.

Cozy Glow: It sure was and it was awesome.

Hex: They didn't stand a chance.

Ghostfreak: No way will we let Einon live or Griffin enslave humanity.

Mr. Touch: No way we won't.

Mr. Go: Lets do it!

They fired waves of stars, lightning, magic, bones and energy and smashed them down.

Tyler Bowman: ALL RIGHT!

Starlight Glimmer: That was so amazing!

---

Jessica Shannon, Rainbow Dash, Scootaloo, Air Skylanders, Stinkfly, Windsweeper and Dirt Boss VS Neal Emerson A.K.A. Dr. Polaris - Meeting gene-slammers for Queen's Knight, King's Knight and Jack's Knight

---

Dr. Polaris was next.

Dr. Polaris: (to Jessica) I heard you guys met gene-slammers for Queen's Knight, King's Knight and Jack's Knight. What are their names?

Jessica Shannon: They are the Cherenkov Sisters and they are from The Ukraine. Their names are Lina, Mina and Nina Cherenkov.

Dr. Polaris: Hey that is cool! They have the same form but with L, M, and N at the beginning of each of their names.

Disk Wars Wasp: We all thought it was cool too.

Rainbow Dash: And that is awesome that they all have those names.

Scootaloo: They are also the ones who helped saved Lincoln's life from Chandler when he was about to poison him with arsenic!

Dr. Polaris: Chandler was about to poison Lincoln!? How?

Scootaloo: It was crazy! This took place long after Chandler got busted for impersonating Girl Jordan and framing her and Rusty Spokes, Chandler was so enraged and furious at Lincoln and that his plan was foiled for good, he decided to kill Lincoln by resorting to poisoning him with Arsenic. Mina and her sisters found out that he'd gotten some Arsenic from his psychotic dumbass dad, Anthony McCann, who's serving Life Without Parole for the murder of a family in Royal Woods a couple of years ago, and when he found out that his son wanted to poison Lincoln and kill him, he enjoyed seeing the evil inside his son. That really made us sick to our stomachs, he truly is a totally pathetic and worthless asshole. The Cherenkov Sisters then told Laney about it, and when they were done, she was so enraged, she agreed to help them. They saw Chandler about to pour the Arsenic into Lincoln's drink in the cafeteria, but they busted in and grabbed the Arsenic, and they also tied Chandler up in nylon rope. They then told Principal Huggins about it, and he was so horrified that Chandler tried to use Arsenic to poison and kill Lincoln. Lina then called the cops, and they put Chandler in handcuffs and took him to a holding cell in the Royal Woods Police Department, and they also arrested Anthony McCann earlier in the prison. Chandler was released to his mother's custody, but he got a severe grounding of nine months, and as for Anthony McCann, for providing Chandler with Arsenic, he was then convicted of conspiracy to commit First-Degree Murder, and he got an additional Life Sentence.

He gasped!

Dr. Polaris: That is horrible! I can't believe Chandler would resort to Murder For Hire like that!

Whirlwind: And that was because of his dark side in him. He was a bloodthirsty animal!

Stinkfly: Yeah that is sick!

Dr. Polaris: No kidding! And his father was in prison? I didn't know his father was a convicted criminal.

Jessica Shannon: I don't think any of us knew about it.

Dr. Polaris: That is strange. Lets do it!

They fired waves of lightning, wind, rainbows and slime and smashed him down.

Jessica Shannon: OH YEAH!

Rainbow Dash: That was AWESOME!

* * *

Plastique was next.

Plastique: (to Shope) It's good that the Hernandez Sisters saved Himiko. But what's her Quirk now?

Shope: It's elemental powers and we call the quirk Elementa. She now has the power to use the powers of the elemental forces as blasts.

Plastique: That is cool!

Twilight Sparkle: Yeah it sure is and I think it's really awesome!

Starshine Sparkle: Yeah that is so cool.

Sunny Starscout: The Hernandez Sisters really are true angels.

Spyro: I think it's awesome. The Sacred Beast Cards are infused with the powers of the 3 Sacred Beasts and they are based on creatures and terms of Christianity.

Grey Matter: That was awesome and cool.

Plastique: It sure is amazing. Lets do it!

They fired waves of magic and energy and smashed her down.

Shope: TAKE THAT!

Twilight Sparkle: That was amazing!

## Chris Taylor, Fluttershy, Tornado Bolt, Life Skylanders, Wildmutt, Skalor and Tentakil VS Skalamander - Aliens abducting the Louds

Skalamander was next.

Skalamander: (to Chris) Can't believe aliens would abduct the Louds. But at least they didn't abduct J.D.

Chris Taylor: That is a good thing. But we had no idea this was happening.

Fluttershy: Yeah we were totally oblivious to these aliens on Earth.

Tornado Bolt: It was scary.

Stealth Elf: Yeah that was crazy and awful. It's like facing the Jelliens and the aliens from Invasion of The Body Snatchers all over again.

Wildmutt: (In Vulpimancer Language)

Fluttershy: Wildmutt said that he agreed and it was scary too.

Skalamander: That is amazing and I agree too. Lets do it!

---

Spot was next.

Spot: (to Ed) I heard of Aliens not liking ice cream. But never Nacho Cheese Sauce.

Ed Grant: Well the Jelliens didn't like Mayonnaise and and the Mucusonians no liking Nacho Cheese sauce provided a very crucial clue as to what we can use against them..

Applejack: Yeah that was crazy though.

Apple Bloom: It sure was.

Flashwing: At least we can use their weakness against them.

Diamondhead: I agree there.

Stygian: (British Medieval Accent) I most agree with thou.

Spot: I agree too. Lets do it!

They fired waves of earth, rock, crystal and apples and smashed him down.

Ed Grant: TAKE THAT!

Applejack: YEEHAW! That was great!

---

Firebrand: (to Kevin) Hard to believe the Mad Scientist messed with Superman the first time. And I bet he failed just as miserably back then too.

Kevin Reynolds: Well he carried out his threat the first time and was jailed for life by him when he was beaten the first time by Superman.

Rarity: But it was amazing that this was the same mad scientist that caused Metropolis so many problems before.

Sweetie Belle: It was amazing that it was the same guy.

Gill Grunt: Yeah it sure was cool.

Ripjaws: I think so too.

Firebrand: That is something. Lets do it!

Hikaru: No kidding. Just like what happened in Invasion of The Body Snatchers back in the 1960s. How wild and freaky.

Princess Luna: That is so amazing that there are aliens like this.

Moondust: Thank goodness they aren't like The Thing though. That was gruesome.

Blackout: That was terrifying too.

Fiona Hernandez the Uria, Lord of Searing Flames Gene-Slammer, Apple Bloom, Sweetie Belle, Scootaloo, Diamond Tiara, Silver Spoon, RD Lola and Misty Tredwell VS Kimberly Ann Hart the Pink Ranger Slayer

---

Pink Ranger Slayer was next.

Pink Ranger Slayer: That's good that you saved Himiko like that. But what caused her to go insane like that?

Fiona Hernandez: Well we don't know what lead to her becoming so mentally unstable like that but I think it might have something to do with the Genetics of her quirk. I think her Quirk that she was born with was too unstable for her and it made her mentally unstable. But before we purified her and gave her a new quirk I managed to get a sample of her blood that we can use to run some tests on and analyze to see how this quirk affected her. I think it might have something to do with a mutation in the genetic structure of her DNA because of the Quirk.

Pink Ranger Slayer: That is a really strong possibility. But thank goodness she was cured.

Fiona Hernandez: Thank goodness but in my opinion I think that her body did not like that quirk, Transform, one bit and it made her totally unstable as a result. Which lead to her mental instability like what would have happened to the Terrific Trio. But I'm no nuclear scientist or geneticist so I wouldn't know.

Apple Bloom: That is a strong possibility.

Sweetie Belle: But thank goodness she won't hurt anyone again. But I don't know how we'll explain this to her parents.

Scootaloo: Yeah she was made an orphan because of her quirk.

Diamond Tiara: Poor Himiko.

Silver Spoon: It was not her fault all this happened. She was born with a REALLY BAD QUIRK and it ruined her both mentally and physically.

Misty Tredwell: I would gladly adopt her and help her out in any way I can.

Pink Ranger Slayer: She would love that Misty and I'm sure that J.D. would too. Lets do it!

They fired waves of fire and elements and smashed her down.

Fiona Hernandez: FIRE WINS!

Cutie Mark Crusaders: CUTIE MARK CRUSADER VICTORY! YAY!

## Marie Hernandez the Gene-Slammer of Hamon, Lord of Striking Thunder, Frozen Fright, Thunder Terror, Magma Gloom, Toxic Horror, Louie PoisonSea, RD Lincoln and Elena VS Weddinmon

Weddinmon was next.

Weddinmon: How many heroes were all killed by those villains in the world of MHA?

Marie Hernandez: I think the number is staggering. What those monsters all did really was horrible! But no one has killed many more heroes than Stain has. He killed hundreds of heroes and if he ever comes back he is getting a one way ticket to oblivion for sure.

Frozen Fright: Yeah he was a totally honorless and ruthless monster and he deserves to be destroyed.

Thunder Terror: Yeah no kidding! That Stain guy was BAD TO THE BONE!

Magma Gloom: You got that right but our target for when we go there is a villain named All For One and he is said to be a Quirk Stealer.

Toxic Horror: We won't let him touch anyone else again.

Louie PoisonSea: Yeah he needs to be destroyed.

Weddinmon: He is a ruthless monster. It's good that J.D. brought all the heroes back. The villains are gonna be in for a shock. Lets do it!

They fired waves of lightning and elements and smashed her down.

Marie Hernandez: LIGHTNING WINS!

Fearful 5: FEARFUL 5 WINS!

---

Marcel was next.

Marcel: How did you all cure Himiko and give her a new quirk like that?

Nicole Hernandez: Being the sisters of the 3 Sacred Beasts we have access to all the powers of the Angels and they are amazing. It was really amazing how we purified Himiko.

Star Swirl: That was amazing.

Rockhoof: (Scottish Accent) Aye. It sure was amazing.

Somnambula: (Egyptian Accent) But what is really sad is that her parents abandoned her. She needs to have her parents back.

Mistmane: When we get the results of what was happening because of her quirk we need to tell them what was causing it.

Flash Magnus: Yeah poor Himiko needs to have her parents back. But I think Misty Tredwell and J.D. will gladly look out for her in their steed.

Mage Meadowbrook: I agree with that too.

Gusty: Yeah and thank goodness the Hernandez sisters cured her.

Clover the Clever: Thank goodness.

Nicole Hernandez: I don't think Himiko's parents understood the unstable complexity of her quirk and how it was destroying her.

Carly Atlas: I think think so either. I'm no doctor or geneticist but I think she needed a better quirk.

Marcel: I agree there on that. Lets do it!

They fired waves of darkness and elements and smashed him down.

Nicole Hernandez: DARKNESS WINS!

Star Swirl: That was fun!

# Operation Overdrive Rangers, Megaforce Rangers, Nico, Eli, Nunnally, Laney, Lana, Lola and Lily VS Benglo

Nico: Whoa these swords are cool.

Benglo: They are called the Defenders of U.A. High School and they are for the students of said school.

Nico held onto the swords.

Operation Overdrive Rangers: OVERDRIVE ACCELERATE!

They transformed and were ready!

Megaforce Rangers: LEGENDARY RANGER MODE! OPERATION OVERDRIVE!

The Megaforce Rangers turned into the Operation Overdrive Rangers too!

Nico: Lets get him! Drill Cannon!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was dead!

Nico: Benglo you have failed this city!

Troy Burrows: Rangers that's a Super Mega Win.

---

We regrouped and we were facing the Mucusonians!

Orion: You're about to meet your end just the Jelliens did!

Emma Goodall: Time to fight aliens with aliens!

Megaforce Rangers: LEGENDARY RANGER MODE! ALIEN!

The Megaforce Rangers turned into the Alien Rangers and Orion turned into Ninjor!

Nico: Lets inundate them!

We blasted the aliens with nacho cheese blasts!

Nico: Hey Aliens! What do you call a cheese that isn't yours!?

Mucusonian Overlord: I don't know. What?

Nico: NACHO CHEESE! (SQUIRTS HIM)

Luan: (LAUGHS) Good one Nico.

We blasted the Mucusonian with cheese.

Himiko Toga: Lets see what my new Quirk can do!

Himiko fired a powerful blast of fire and it hit the Mucusonian Overlord and burned him all over.

Nico: WOW!

Laney: That was awesome!

Himiko: Wow! Elemental Powers is much better than my old quirk!

Himiko fired waves of lightning and electrocuted the Overlord all over.

Nico: BLECH! WHAT A MESS!

Laney: But that was gross.

Girder: You guys okay?

Lincoln: We're fine. The only thing damaged is our pride.

Firebrand: What do you guys mean?

Luna: Dudes, those aliens abducted the 12 of us while we were caught off guard. We couldn't even do anything!

Luan: Now we know how most villains feel.

Shanan: You're right. Those aliens did catch you off guard.

Me: They kidnapped you while you were asleep.

Turtle: But at least we saved you guys, right?

Lori: (smiles) Yes, you guys literally saved us. Thank you.

Beast Man: You're welcome. Now, you can either let this get to you guys or you can learn from it.

Nico: Well said, Beast Man.

Me: Yep. Learn from it so it never happens again.

Himiko Toga: Yep.

Vida Rocca: At least those aliens paid.

Me: Yep. Patrick don't even think about eating the alien slop.

Patrick: Aww.

Spot: C'mon, guys. I'll open a portal to get us home.

?: I will destroy you all for what you did to Corsac and Fennec!

Suddenly, the eight large planets and stars orbiting around my legs,

Blake Belladonna: Oh crap, I was hoping never to hear that voice ever again. You can come out now, Adam Taurus.

A figure came out of the shadows, and it was none other than Adam

Taurus, the former leader of The White Fang terrorist group.

Me: Adam Taurus, I should've known you'd show up here, after you heard the news that Corsac and Fennec were arrested and sent to prison.

Adam Taurus: I knew that it was you who sent Corsac and Fennec arrested on Remnant, and now, I will destroy you all for what you did!

Adam Taurus tried to attack, only to get attacked by Blake Belladonna firing an energy blast, and hits him.

Blake Belladonna: You just don't even know when to quit, do you? The War for Remnant is over, but you refuse to stop until you've destroyed everything. Adam, I've had it up to hear with you to last an eternity.

Suddenly, Blake Belladonna's eyes turned neon yellow, she was surrounded by a black energy aura with cats, she unholstered her massive Defender of Remnant sword and her Gambol Shroud sword, and as she walked towards Adam Taurus, she left behind dark fire and dark energy with every step.

Blake Belladonna: Adam Taurus, the crimes you have committed against the people of Remnant have left nothing but deep scars of pain and sorrow for the people. And now, I'm going to put a stop to you and have you brought to justice for your crimes!

Suddenly, Blake Belladonna was surrounded by a massive vortex of dark energy and dark fire, there were cats running around the vortex, and there was a purple phoenix inside the vortex. Then, as the vortex faded, Blake Belladonna emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Blake Belladonna grew to 6'5" in height, she had the body of a goddess and has purple highlights in the bangs of her long black hair, she has neon yellow eyes and a dark energy aura with shadows and cats surrounding her, Blake Belladonna has a black cat with a blue jewel and the Dark Kanji in its paws emblazoned on her forehead, she has on cat earrings with blue jewels for the eyes and the Dark Kanji in its paws on her cat ears, and she also has a black cat with blue gems for the eyes and the Dark Kanji in its paws for the second pendant of her Thunderbird Necklace of Eternal Love with blue gems on the gold lightning bolts and purple crystals from her Crystal Necklace of The Buddha which merged with her Thunderbird Necklace of Eternal Love. Blake Belladonna has on a long long-sleeved white coat with cats on the coattails and on the back is the symbol of Remnant with cats around it, a sleeveless purple blouse with a blue phoenix on it, black pants with white flame and cats on them, black leather ankle-high combat boots.

Suddenly, Blake Belladonna's massive Defender of Remnant sword and her Gambol Shroud sword began merging together, and they were surrounded by a kaleidoscope of dark energy, cats, and shadows, and when it emerged, it was transformed into Belladonna's Black Cat Sword of Dark Justice, it's a new large sword with a 6'7" massive, wide, double-edged black blade with a cat etched on it, large black cat heads with gold gems for eyes, large blue gem for the hilt, longer black handle, and four large black cat heads with gold gems for the eyes and large blue gems in its mouths for the pommel. Blake Belladonna has on her new large gold cuff Bracelets of the Champions of The Universe with purple gems on her wrists, gold Belt of Elemental Bravery with a gold cat head with a large purple gem in its open mouth for the belt buckle, large black Spellbook of The Gods and The Universe and large black Universal Spellbook of The Elemental Forces on her left hip and Eater of Sins revolver holstered on her right hip. There's a black kanji below the cat that said, "Blake Belladonna, Amazing Member of RWBY, Amazing Friend of Ruby Rose, Weiss, and Yang Xiao Long, Loving Future Wife of Lincoln Loud, Former Member and Destroyer of The White Fang, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Darkness, Swords, and Cats."

Blake Belladonna has transformed into SUPER ANGEL INFINITY DIVINE DARKNESS FELINE ANGEL OF DARK JUSTICE AND DIVINE LOVE!

We were amazed by Blake Belladonna's Super Angel Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Adam Taurus saw it, he fell into an insane unstable rage and tried to kill her, but Blake Belladonna fired a powerful blast of dark energy with cats, shadows, and blue gems, which hits Adam Taurus, and he was sent flying back first into a wall.

Ruby Rose: Whoa, now, Blake's become the next one to transform, that's so awesome.

Lincoln: Wow, Blake, you look beautiful. How do you feel?

Blake Belladonna: (Divine Echoing Cosmic Voice of Divine Darkness and Feline Love) **I feel incredible, Linky, and now, shall we put a stop to Adam Taurus for good?**

Lincoln: (Smiles) With pleasure.

Ruby Rose: Count us in.

Yang Xiao Long: Yeah, I've had it with that unstable bull.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, Ruby Rose got out her new massive scythe and transformed into her Super Angel Infinity form, Yang and Weiss got out their weapons, and they joined Blake Belladonna.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **This is the last time we'll deal with you, Adam Taurus.**

Lincoln, Ruby, Blake, Weiss, and Yang went after Adam Taurus, and they fired powerful blasts of rainbow energy, rose red, yellow, blue, and black energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, Magic, Thunderbirds, Phoenixes, Angels, Pandas, Buffalo, and Black Cats, and they exploded with incredible power as they hit Adam Taurus. This enraged Adam Taurus, and he tried to attack, until Blake Belladonna kicked away his weapon and punched him right in the face, followed by Lincoln, Ruby, Weiss, and Yang giving him powerful punches and kicks, and really mangled him, and it caused him to fall to his knees. Then, Lincoln ties him up with powerful rainbow energy ropes, and he stripped him of his powers.

Adam Taurus: So, I've lost yet again. You better go ahead and kill me, because when I break out, I will hunt you all down and kill you all!

Blake Belladonna: **That's never going to happen, Adam, Lincoln already stripped you of your powers and we've confiscated your weapon. Besides, you're not worth killing, but, there's only one punishment for you.**

Blake Belladonna beamed Adam Taurus to the same prison where we threw Fennec and Corsac, and he was put in a cell in Solitary Confinement, and he was bound in a rainbow energy straitjacket, and he was chained to the wall with rainbow energy chains and Neutronium chains. We cheered wildly as Lincoln, Ruby, Weiss, Yang, and Blake holster their weapons and power down, and Blake Belladonna's new body, clothes, weapons, and jewelry are permanent. Suddenly, Blake Belladonna felt a sharp pain on her back, and then, massive black angel wings with purple tips on the large black feathers, had sprouted out from her back.

Blake Belladonna: I know this was personal for me, but thank you for helping me with this, Ruby, Weiss, Yang, and especially you, Lincoln.

Lincoln: (Smiles Warmly) You're welcome, Blake.

Suddenly, Blake Belladonna wraps her arms around Lincoln's waist, and he wrapped his abnormally massive and powerful muscular arms around Blake Belladonna's waist, and brought her into an embrace, which took her by surprise and that brought an atomic red blush to her face. Then, as Lincoln leaned down to her face, they kissed passionately as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird, Phoenix, and Angel flying in the air, and we also saw a herd of Buffalo and a pack of cats running across the field and the display of the elemental forces behind them, and we cheered for them. He also did the same with Ruby, Weiss, and Yang, as he wrapped his abnormally massive and powerful muscular arms around their waists, and he leaned down to their faces, and kissed them on the lips passionately, as we saw the same display behind them, and we cheered even more.

Me: Now, that's awesome.

Nico: You said it, bro, and we also arrested Adam Taurus, another enemy of Remnant, and sent him straight to prison.

Lincoln: That's right, Nico, and I'm sure there was an award for his capture.

Ruby Rose: We've already collected the reward for Adam's capture, Linky, and we'll have this spent on a romantic dinner for all of us at Lynn's Table.

Me: Ooh. Now, that sounds good.

Nico: (Smirks) Looks like Ruby had a plan for that one, and it was right under our noses.

Lincoln: (Smirks) And I'm never one to refuse a lady's offer.

Lori Loud: Looks like Lincoln's having dinner with Ruby, Weiss, Blake, and Yang tonight.

Lynn Sr.: And at my restaurant. As soon as we get back, I'd better get started with cooking and setting the place up tonight for them.

Eli: Looks like you better get ready for your date when we get back home, Lincoln.

Lincoln: I'm doing just that, Eli. After that really strange and out-of-this world mission with dealing with those invading aliens and sending Adam Taurus to prison, it'll be nice to end the day with an awesome late night date with Ruby, Weiss, Blake, and Yang.

Nico: Well Adam is back in prison for good. But this was a crazy adventure.

Me: No kidding. But at least we destroyed the Mucusonians.

Nico: But the question is how they all got here.

Laney: That is a good question.

Nicole: But at least they will never hurt anyone again.

Me: Yep.

Shanan: (To the viewers) And we have another adventure done and another Invasion of The Body Snatchers scenario averted. Thank goodness.

Nico: Yep. Great job everyone and I'm sorry I got paranoid.

Me: Same with me guys. I was letting my paranoid get a hold of me too.

Lori: I think we literally all felt the same way. So we're all even.

Me: Yeah.

Nico: Lets go get some grub. I think we all deserve a nice meal. But first lets clean up this mess.

We got the Mucusonian Slime cleaned up and destroyed and it was gone. We then enjoyed the rest of the day after a great meal. Then Nicole, Lisa and the scientists of the team got to work on why Himiko's quirk was destroying her sanity and more and then we later went to sleep.

Meanwhile in the 57th century, Marty and friends were getting ready to have us all go to that time and help him destroy the General once

and for all.

Marty: This is gonna be awesome having Team Loud Phoenix Storm help us.

Ally: It sure will. I'm ready to make the General pay for his crimes.

Marty: This will be great. LETS GET READY!

Marty turned into EON KID and in a flash of light the screen turned white.

Another fanfic done.

NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Nico's next rescue is gonna be at Sweet Apple Acres and he and Applejack are going to help around the farm. Because Big Mac is not feeling good. Poor guy. And they are going to meet a Chicken Gene-Slammer named Jeri Peking. She is a Kitsune that Nico knows from Martial Arts class and she is quite the fighter too. They are also going to help Applejack make her chores simpler by seeing how she does her chores the hard way and also making them easier so that she has more time for her favorite things. Also for Lincoln he and his group are going to the funny Ed Edd N Eddy episode Stiff Upper Ed and put a stop to Sarah and Jimmy's Rich Club as well as meet a Berserk Dragon Gene-Slammer named Sonnya Furya and she is a tough girl that REALLY SOCKED IT TO CHANDLER when he was picking on Lucy Loud as well as stopped Hawk and Hank and REALLY PULVERIZED THEIR BUTTS INTO PULP for picking on Lincoln and Lana. She also REALLY THRASHED Lynn for hurting Lincoln on many occasions. The next chapter as you saw is gonna be for Eon Kid and we're going into the future to destroy The General and make sure he never terrorizes the world again.

See you all tomorrow.

# The Apocalyptic 57th Century World

EON KID RULES!

---

At Sweet Apple Acres, Nico was there to help Applejack with getting her chores done but she had really longer methods for her chores.

Nico: Thanks for coming with me, Applejack.

Applejack: No problem sugarcube. I'm glad I'm able to help you out. But it's actually me that needs help.

Nico: What's the problem? And weren't you supposed to have a day at the spa?

Applejack: I'm sorry, but I just couldn't let those spa ponies go another minute puttin' up with problems they didn't even know they had! Somehow they just got used to a huge bottleneck of ponies standin' around waitin'. An' I took one good look at that spa jam, and I knew I had to do somethin'! Sometimes the simplest things can just derail a whole operation. [babbles while making weird faces] Whether it's a leaky pipe or doin' too much laundry. You can't just stick to the same old way of doin' things and expect them to get better. [clucking like a chicken] I mean, thinkin' you can is just plumb ridiculous. Right? [short laugh] It's funny when you realize the extra work they were doin' was actually makin' things worse!

Nico: I do know that feeling.

Applejack was on a barn pole.

She was hanging from a rope tied around her

[pigs squeal]

She was dangling a corn from a fishing pole.

[pigs stampeding]

She dropped slop into a trough.

Applejack: I mean, I guess it's possible to get stuck in a routine where you're doin' all this extra stuff and not realize it, but I can't for the life of me think of how!

Nico: Hmm. That's strange. But I think your problem might be you're doing too many things for the chores.

Applejack: Nico, I know we can do anything. But these chores are a job for good old hard work.

Nico: That's true. But what was the problem with the pig pen that you needed to do all that? Was all that really necessary though?

Applejack: What? Of course! Why would I be doin' it if it weren't? See, this gate here used to squeak so loud, the pigs would run to the other side of the pen and never come out! So I open and close it to let them know it's safe.

Nico: But it doesn't squeak anymore.

Applejack: Of course not! I fixed that ages ago. Then I realized puttin' a little fright into 'em got 'em all hustlin' out of the pen.

Nico: They don't look scared to me now.

Applejack: Well, no. They got used to it. Which is why I started doin' the chicken dance! To show 'em that if they didn't get to eatin' their food, the chickens would. 'Course, bein' a chicken, I couldn't very well open the gate. Gettin' the food bucket to spill into the trough was just a happy accident because one time I left it there by mistake.

Nico: It seems like everything you're doing is to fix things that aren't really problems anymore.

Applejack: Well, I'll be…

Nico: Hmmm… Maybe it isn't so hard to get stuck doing extra work after all.

Applejack: Huh. I wonder if I've been doin' that around here with anythin' else.

Nico: Well, there's only one way to find out! (Spins around and dons awesome farmhand clothes) Farmer Nico Chan at your service!

Applejack: (laughs) Nice alter ego!

Nico: Thank you. I help Liam on his farm from time to time. Lets get to work.

In the chicken coop, Applejack showed him that she put chicken feed in front of each chicken and then when they leave their nest to feed she would gather each chickens eggs.

Nico: Here's how they really do it.

Nico went outside and dumped some feed onto the ground and then used Equestrian magic to open the gate of the chicken coop and then the chickens came and ate the feed and Nico showed Applejack it's easier for Applejack now.

Then came the gardening and Applejack turned the valves on the faucets for each sector of the garden and water each crop one by one. Nico showed her that you don't do it one at a time. You water it all at once. Then Applejack showed him that she patches up chicken wire fencing with new wire. But Nico showed her that you don't do that and you replace chicken wire with new sections of it and put that in its place when it has holes in it instead. They got more and more chores done and it was awesome.

Nico: There. Now that your chores are streamlined we can get more time in for you.

Applejack: I'm glad you can help me out Nico.

Nico: Anytime. Applejack, are you happy we rescued Lincoln?

Applejack: I sure am sugarcube. It was great that I got to help save Lincoln too.

Nico: It sure was.

Then a chicken came up to Nico.

Nico: Aww are you still hungry?

Chicken: (In a girl's voice) (Japanese Accent) Actually I'm glad to see you Nico.

Applejack: (Screams) That chicken talked!

Nico: Wait a second. Jeri Peking?

Chicken: Awesome to see you Nico.

Applejack: Well fancy that. I had a chicken gene-slammer on my farm.

Nico: How long have you been living here?!

Chicken: 2 weeks actually.

She reverted back and she was a girl in red clothes and she had red hair. But her amazing feature was her red fox ears and 9 red tails.

Applejack: Wow! She has fox ears and 9 tails? Wow.

Nico: Yep she's a Kitsune.

Applejack: A what?

Nico: A Kitsune, they are the Fox Spirits of Japanese Folklore and we went to Martial Arts classes together and boy did we kick a lot of butt.

Jeri Peking: We sure did and it was so fun.

Applejack: Well fancy that.

Nico: It was fun.

Applejack: That is sure something.

Nico: Seriously, are you still hungry right now?

Jeri Peking: I sure am but not for chicken feed.

Applejack came with some apples.

Jeri Peking: Apples are perfect for me. And you have an amazing farm Applejack.

Applejack: Thank y'all kindly.

Jeri Peking: You're welcome and my favorite memory is when Nico was walking me home from school and a bunch of robbers came and we smashed their skulls in and turned them over to the cops. We were hailed as heroes for busting them.

Nico: I remember that.

Applejack: How did y'all know I was bout to ask that?

Nico: Kitsunes have psychic powers and they can read minds. They also have shapeshifting and fire powers.

Jeri Peking: It's true but I was gene-slammed into a chicken by those scientists at Team Rocket.

Nico: Oh.

Applejack: Those scientists had chicken DNA?

Jeri Peking: They sure did.

Nico: We looked up on their computers remember? They had every kind of DNA you can think of.

Applejack: Oh right I forgot about that.

Nico and Jeri then hugged.

Nico: I really missed you.

Jeri Peking: Me too Nico. Me too.

Nico: Oh Applejack where's Big Mac? Is he okay?

Applejack: Oh Big Mac is not feelin too good.

Nico: Oh that sucks. I hope he feels better.

They went in and saw Big Mac laying on a sofa and he was really sick.

Nico: Sorry you got sick Big Mac.

Big Mac: (Sneezes) Eeyup.

Jeri Peking: I've never been sick a day in my life.

Nico: You should consider yourself lucky Jeri. I got sick and that was awful.

Applejack: I remember hearing about that. That was too bad.

Nico: Yeah. But get well soon Big Mac.

They later went back home and told us everything that happened and it was awesome.

After Nico's rescue, Lincoln, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, The TLPS Cul-De-Sac Kids, Heathcliff, Sonja (Heathcliff), Riff-Raff, Hector (Heathcliff), Wordsworth, Mungo, Cleo, Leroy, and Liam are heading to The Simulator, and the place is Peach Creek, and not only is Lincoln going to rescue the twenty seven girls there, but we're also going to put a stop to Sarah and Jimmy's Rich Club, and we also got word the Berserk Dragon Gene Slammer is also here. The Simulator activated, and we were in Peach Creek.

Lincoln: Wow, we're back in Peach Creek, and I know what we're going to do here, not only am I going to rescue the twenty seven girls there, but we're also going to put a stop to Sarah and Jimmy's

Rich Club.

Me: That's right, big guy.

Nico: And we also got word that the Berserk Dragon Gene Slammer is also here, and from what we'd heard this morning after I came back was that Flip, Lewis Travolta, Billy McLean, and all of the other lowlife villains that we hate and are imprisoned were also brutally beaten up, when they laughed at you and your siblings because of that Mucusonian Invasion yesterday, and they said it was a dragon that did this.

Lincoln: The brutal beatings on those jerks, I know of only one person who's capable of beating up those lowlives in that kind of manner. And if those jerks try to bring up that incident again, I put a little curse on them.

Eli: Yeah, and we saw what it was: first, their mouths were zipped shut, then, they were put into straitjackets, and they were subjected to the forms of cartoon violence, such as bonking mallets on their heads, heavy objects falling on their heads, and of course, getting blown up by cartoon bombs and dynamite.

Nico: And the victims that became the first ones to get that curse were Flip, Billy McLean, and Lewis Travolta. We were still laughing hysterically at what Lincoln did to them, and I wouldn't be surprised if the other jerks whom we hate also had gotten the curse.

Lincoln: Same here, and thanks for joining us on this rescue, Liam.

Liam: No sweat, Lincoln. This is going to be one amazing rescue.

We then arrived at Simulator Ed's house, and we saw the Simulator Eds were near the entrance to the backyard, but it was taken over by Sarah and Jimmy, and turned it into a Rich Club, and we also saw that the Simulator versions of the kids were invited to join the Rich Club.

Lola Loud: This is going to be difficult to get into the backyard. We know that when Sarah still had her dark side in her, she's short-tempered, and if anyone gets her mad or if she didn't get what she wants, she'll explode and violently attack the target.

Lincoln: Right, Lola. And she and Jimmy set this Rich Club up, just so she and the other kids can kick the Eds out and make sure they stay out. So, here's how we're going to do this.

We gathered in a circle, and Lincoln began whispering his plan: first, Lola would disguise herself as a rich heiress, and once the Simulator versions of Sarah and Jimmy see it, they'll immediately open the door, but what they don't know is that we're following behind Lola hidden by an illusion. Then, as Lola is chatting with the Simulator versions of Sarah and Jimmy, along with the other Simulator versions of the kids, she then got Simulator Sarah to spill the beans as to why she and Simulator Jimmy had formed their Rich Club: to invite the other kids in and to keep the Eds out, and if they try to get in, she'll brutally beat them up badly.

Lola: That's all I wanted to hear, and I've got a little surprise for you all. Your Rich Club is hereby closed down.

Simulator Sarah and Jimmy heard those words, and Simulator Sarah was already seeing red.

Simulator Sarah: By whose authority?!

Then, the illusion disappeared, and we were there standing right beside Lola.

Lincoln: By ours.

Simulator Sarah saw this, and she was so furious, her face turned red, steam came out of her nose, and she lost her temper. But, Liam fired a powerful blast of ice, and put Simulator Sarah on ice, and it terrified Simulator Jimmy. Suddenly, Liam's massive Defender of Ice unholstered itself from his wider and muscular back, and it was surrounded by a kaleidoscope of marine blue energy, snow, ice, and lightning, and when it emerged, it was transformed into Qailertetang's Arctic Thunderstorm Sword of Thundersnow Justice, it's a brand-new large sword with a 6'10" massive, wide, double-edged man-sized marine blue blade with the image of Qailertetang, the Inuit Goddess of The Weather and ice crystals and snowflakes surrounding her etched on it, large marine blue seal heads with ice blue gems for the eyes for the crossguard, large ice blue gem for the hilt, longer marine blue handle, and four large seal heads with ice blue gems for eyes and in their open mouths for the pommel.

Liam: Holy cowpies!

Lincoln 2: You were right to say that, Liam, that new massive sword you see before you is known as Qailertetang's Arctic Thunderstorm Sword of Thundersnow Justice, it's evolved from your massive Defender of Ice sword, and it's also appropriate since you got your powers from Qailertetang.

Liam: Awesome.

Suddenly, the sword called out to Liam, and as soon as he grabbed the new massive sword's longer marine blue handle, Liam's marine blue eyes had glowed even more, and his abnormally large and powerful upper and lower body muscles grew, and he now had abnormally massive and powerful upper and lower body muscles, along with eight-pack abs, and then, he was then surrounded by a massive vortex of marine blue energy with with ice crystals and snowflakes surrounding the vortex, there was an ice dragon flying around the vortex, and inside the vortex was an ice blue phoenix. Then, as the vortex faded, Liam emerged, but he was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

The 7'0" tall, handsome, and extremely muscular Liam Hunnicutt remained the same, along with his clothes when he transformed into Super Angel 750,000,000,000 Sub-Zero Thundersnow Ice Dragon Angel of Hope and Justice remained the same, his large weighted marine blue bands on his massive biceps and thighs now have silver phoenixes on them, he still has his eight large marine blue orbs orbiting around his legs, his long orange hair that reached the bottom of his neck and neon blue highlights in the bangs of his hair remained the same, along with his rows of straight teeth, he has neon marine blue eyes and neon marine blue energy aura with ice crystals, lightning, and snowflakes surrounding him, he has a Yuki-Onna holding the Snow and Eternity Kanjis in her hands emblazoned on his forehead, he has on snow dragon earrings with ice blue gems for eyes and holding the Snow and Eternity Kanjis in its claws and his Crystal Necklace of The Buddha with marine blue crystals for the links and an Ice Dragon with ice blue gems for eyes and holding the Snow and Eternity Kanji in its claws for the pendant across his bare chest. Liam still has his massive marine blue angel wings surrounded by cold air and snowflakes for his new body.

Liam has his new massive Qailertetang's Arctic Thunderstorm Sword of Thundersnow Justice in his large left hand, he still has on his new large gold cuff Bracelets of the Champions of The Universe with marine blue gems on his wrists, long marine blue trenchcoat flaps with snow, ice, and lightning on the coattails around his marine blue version of He-Man 2002's loincloth around his waist and held up by his large gold Belt of Elemental Bravery, but it had a golden musk ox head with marine blue gems for eyes and a large marine blue gem in its open mouth for the belt buckle on his waist, brand-new large marine blue Spellbook of The Gods and The Universe and large marine blue Universal Spellbook of The Elemental Forces on his left hip and Eater of Sins revolver holstered on his right hip, and Blue Lantern Corps ring on his right ring finger. Liam now has a Yuki-Onna and an Ice Dragon surrounded by snowflakes and lightning bolts tattooed on his now wider, brawnier, and more muscular back, and there's a marine blue kanji below the Yuki-Onna and Ice Dragon said, "Liam Hunnicutt, Hardworking Farmer of Gotham Royal York, Awesome Friend of Lincoln Loud, Clyde McBride, Rusty Spokes, Zach, and Stella Zhau, Awesome and Loving Boyfriend of Carmen Rockell, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Emissary of Qailertetang, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Ice, Snow, Ice Animals, Musk Ox, and Thundersnow."

Liam Hunnicutt has transformed into SUPER ANGEL ETERNITY INFINITY SUB-ZERO THUNDERSNOW ICE DRAGON ANGEL OF HOPE AND JUSTICE!

We were amazed by Liam's Super Angel Eternity Infinity transformation, and when Simulator Sarah saw it, her eyes turned red with hate, and the ice melted. But, Lincoln had tied her up in a rainbow energy straitjacket with Neutronium chains, so she can't escape.

Lincoln: Now, are you going to let the Eds in and stop this so-called Rich Club, or do I have to go get your mother?

Simulator Sarah roared with rage, and tried to attack, but Simulator Angela came out.

Simulator Angela: No need, the Eds can join. But, because of what my daughter tried to do, I think it's safe that all of you should head on home, I'll handle her.

We then left the house, and we stopped Simulator Sarah and Jimmy's Rich Club, and Simulator Sarah got the most nasty paddling of her life for what she tried to do to us.

Liam: (Divine Echoing Cosmic Voice of The Thundersnow Yuki-Onna and Arctic Hope) Shucks, it's too bad our mission is over.

?: HELP!

Suddenly, Lincoln heard the sound of twenty six girls calling for help, along with the familiar sound of cackling. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the twenty six girls, but they've been cornered by The Kanker Sisters, and they're going to kill them.

Lincoln: Not quite, Liam, guys, I found the twenty six girls, but they've been cornered by The Kanker Sisters, and they're going to kill them.

?: Those kissy-faced banshees, let's rip them apart.

Suddenly, we saw the Berserk Dragon land in front of us.

Lincoln: I should've known it was you, Sonnya Furya, but we'll have to talk later, right now, let's get those stupid Kankers.

We rushed on over, and Lincoln fired a powerful barrage of rainbow energy balls and elemental forces, which hits The Kanker Sisters, and that allowed the twenty six girls to get away. When the Kankers saw us, they were mad.

Lincoln: You stupid Kankers don't even know when to quit, do you? It seems you three need another beating until you do learn your lesson. (Texas Voice) Let's hogtie 'em and run 'em out of town on a rail.

Liam: (Divine Echoing Cosmic Voice of The Thundersnow Yuki-Onna and Arctic Hope) **Another Texas saying. I think hanging around Applejack and Dixie has caused you to develop a cowboy tone in your voice, buddy.**

Applejack: Yeah.

Dixie Clemets: And in a now deeper and manlier voice, Hoowee, now that's really attractive!

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms and unholster their massive swords, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholster their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox

Fleuret got out their swords, The TLPS Cul-De-Sac kids got out their swords, Hector got out his massive Heaven's Maw of Judgement sasumata pike, and Me, Nico, Eli, and Nicole also unholstered our massive swords and transformed, and we went at The Kanker Sisters, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, tars, rainbow flames, rainbow crystals, orange flames, blue flames, ice, and green flames at The Kanker Sisters, and they exploded with incredible power as they hit them.

Then, Liam and Lincoln fired powerful blasts of ice lightning, snow, and ice at The Kanker Sisters, and they were frozen for good, and sent to the Neptune Cryo-Prison for Life. We cheered wildly as we holster our weapons, and powered down, and Liam's new body, clothes, weapons, jewelry, and angel wings are permanent.

Lincoln: That's it for those kissy-faced banshees. (To Sonnya Furya) And it's so good to see you again, Sonnya Furya.

Sonnya Furya: You too, Lincoln, it's been a long time.

They went up to each other and they hugged, and Sonnya Furya was very surprised at just how much stronger and at how much taller and much more muscular Lincoln's gotten since she last saw him.

Lincoln: It sure has been a long time since we last saw each other, and as you can see, I have grown a lot since then.

Sonnya Furya: Yeah, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'0" tall and very handsome and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Whoa, Lincoln, you know her?

Lincoln: Yeah, I do, Nico. This is Sonnya Furya, she's from Miami, and she's one incredibly tough girl, and if anyone messes with her or if anyone messes with me, Lucy, and Lana and she sees it, she will break every single bone in your body.

Nico: Whoa, and I'd hate to guess, but the ones who messed with you, Lucy, and Lana, and around Sonnya were Chandler, Hawk, and Hank, right?

Lincoln: Yep, but you'll hear the full story later. Let's get you back to normal, Sonnya. Boys, cover your eyes unless you want to get pummeled.

Sonnya Furya: Yeah, keep your eyes to yourselves.

Lincoln: Hold still, Sonnya, this is going to hurt.

Me, Nico, Eli, and the rest of the boys covered our eyes as Lincoln snapped his fingers, and Sonnya Furya was reverting back to normal. Sonnya Furya is a beautiful 17-year-old girl with long black hair going to the upper part of her back, pink eyes, tanned skin, she's 6'5" in height, she had the body of a goddess, and she has massive black angel wings, as she reigned in the power of Berserk Dragon.

Lincoln: How do you feel, Sonnya?

Sonnya Furya: Good (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Sonnya Furya her new wardrobe, a sleeveless black blouse and sleeveless red midriff shirt with a black phoenix on it, red skirt with the Berserk Dragon on it, red pants, black high heels, and a long black sleeveless trenchcoat with dragons and flames on the coattails and the Berserk Dragon on the back, and on her back is a large Berserk Dragon-themed sword with a 6'5" massive, wide, double-edged, man-sized black blade with the Berserk Dragon etched on it, the Berserk Dragon's wings for the crossguard, large red gem for the hilt, longer black handle, and a large red gem surrounded by angel wings for the pommel.

Sonnya Furya: Wow, I love the new outfit and sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Sonnya Furya's neck with black gems on the gold lightning bolts and red crystals links from her new Crystal Necklace of the Buddha.

Sonnya Furya: (Surprised) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and my many future wives, Sonnya.

Sonnya Furya had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed them on the lips, and they returned it, and we cheered for them. Then, we went up to the twenty six girls here, and when Lincoln saw them, he immediately recognized them. The twenty six girls are Albedo, Clementine, Narberal Gamma, and Shalltear Bloodfallen from the Overlord anime, Rem Galleu, Shera L Greenwood, Alicia Crystella, Celestine Baudelaire, Edelgard, Klem, Mei, and Sylvie from How Not To Summon a Demon Lord, Claire Rouge, Ellis Fahrengart, Fianna Ray Ordesia, Rinslet Laurenfrost, Terminus Est, Carole Nastassja, Greyworth Shellmice, and Restia Ashdoll from Blade Dance of Elementalers, Naruse Maria, Naruse Mio, Nonaka Yuki, Hasegawa Chisato, Nonaka Kurumi, and Zest from The Testament of Sister New Devil.

Lincoln: Are you girls okay?

TLPS Shalltear Bloodfallen: Yes, we're okay, thanks to you.

Then, when Shalltear Bloodfallen and the other twenty five girls saw who it was that saved them from The Kanker Sisters, their faces turned atomic red upon seeing the 17-year-old 7'0" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and

TLPS Shalltear Bloodfallen: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made twenty five clones of himself, and he and the twenty five clones went up to the girls, and picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

TLPS Shalltear Bloodfallen: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, twenty six Thunderbird Necklaces of Eternal Love appeared around the necks of Albedo, Clementine, Narberal Gamma, TLPS Shalltear Bloodfallen, Rem Galleu, Shera L. Greenwood, Alicia Crystella, Celestine Baudelaire, Edelgard, Klem, Mei, Sylvie, Claire Rouge, Ellis Fahrengart, Fianna Ray Ordesia, Rinslet Laurenfrost, Terminus Est, Carole Nastassja, Greyworth Shellmice, Restia Ashdoll, Naruse Maria, Naruse Mio, Nonaka Yuki, Hasegawa Chisato, Nonaka Kurumi, and Zest with colored gems and crystals on the gold lightning bolts. We exit The Simulator, and we told everyone what happened, and they were glad Sarah and Jimmy's Rich Club was stopped, but they were also very surprised when Liam transformed into his new Super Angel Eternity Infinity form, and they were shocked when they found out the villain we went after was The Kanker Sisters.

But, when Lincoln showed what we did to The Kanker Sisters, they all cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Sonnya Furya have a lot of catching up to do, now that she's back in town, and Carmen ran up to Liam, who picked her up in his now abnormally massive and powerful muscular arms, and they passionately kissed.

* * *

After putting a stop to Sarah and Jimmy's Rich Club in the Simulator, and of course, pummeling The Kanker Sisters again, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Sonnya Furya saw Lincoln working out like crazy, she had an atomic red blush on her face.

Sonnya Furya: Whoa, Lincoln's really grown to be a 17-year-old 7'0" tall, really big, and really strong man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Sonnya, and now, I can also fight and defend myself.

Sonnya Furya: That's incredible.

Nico: It sure is, Sonnya. I'd heard from Helena McTroy that you really socked it to Chandler when he was picking on Lucy Loud, as well as stopped Hawk and Hank, and really pulverized their butts into pulp for picking on Lincoln and Lana, and that you also really thrashed Lynn for hurting Lincoln on many occasions. Can you tell us the story?

Sonnya Furya: Of course, Nico, this happened on three occasions. One day, I was walking to class, and I saw Lucy being picked on by Chandler, and his thugs were beating up Lincoln, and I got so mad, I'd rushed on over, grabbed the thugs beating up Lincoln, and tossed them at Chandler, and then, I had pounced on them, and I brutally pummeled them into pulp. Those thugs wound up getting suspended for three weeks for what they did.

Another time, I was walking through Franklin Avenue, and I saw Hawk and Hank picking on Lincoln and Lana. This got me so mad, I rushed on over and really pulverized their butts into pulp, and I'd kicked them literally back to Hazeltucky.

And yet another time, I was heading for The Loud House, and then, I'd heard Lincoln screaming in pain, and when I kicked the door in, I saw Lynn viciously beating up Lincoln in another one of her so-called "sparring" sessions, and I got so mad at that walking gym bag, I pushed her off Lincoln, and I brutally thrashed her badly. Luna checked on her brother, and then she and Leni had to keep Lori and Lola away from trying to help Lynn by hogtying them up in nylon rope and tossing them back in their rooms. I told Mr. and Mrs. Loud of what Lynn did, and she got grounded for four weeks for what she did.

We gasped in shock.

Me: Whoa.

Nico: You said it. Sonnya's one tough girl, as she thrashed Chandler and his goons for picking on Lucy, pulverized Hawk and Hank's butts into pulp for picking on Lincoln and Lana, and really thrashed Lynn for hurting Lincoln on many occasions.

Lincoln: Like I said, Nico, anyone messes with her, she'll break every last bone in their body. It's a very fierce reputation Sonnya's earned, and it also drove a lot of fear into Chandler, Hawk, Hank, Lynn, Lori, Luan, Lola, and Lisa.

Yang Xiao Long: (Laughs) I like you already, Sonnya.

Ronnie Anne: (Gasps) Now, I remember her all too well. I may have had a reputation as the Queen of Mean, but Sonnya Furya, she's known by everyone as The Overlord of Pain, and Gina Smitters and Lori Estevez Salazar are known as The Twins of Pain. Those three separate are fierce and very powerful harbingers of pain to any idiot who tries to bully Lincoln, and that also goes for Lori, Lynn, Lola, Luan, and Lisa, but when those three Guardian Angels of Ferocity and Pain come together, you better make out your will.

Me: (Gasp) Brutal.

Nico: Dang. Three powerful and fierce Guardian Angels, and they have a fierce reputation in school as the Masters of Pain to bullies, and to Lori, Lola, Lynn, Luan, and Lisa, they're a triple-plus nightmare to them.

Sonnya Furya: Yeah, we get that a lot.

We then got a shower, and then, the alarm sounded, and when Lincoln checked the computer, he saw that Aamon is wreaking havoc.

Jade (Dragon Quest): Oh no, Aamon is here, and he's causing havoc in the city.

Lincoln: Let's head down there and put an end to that demonic priest, and Yang, you're the next one to transform.

Yang Xiao Long: Ooh, yeah, now you're talking.

We then head to the city, and we see that Aamon is already causing havoc. Then, Lincoln fired a very powerful blast of holy light, which hit the demonic priest and burned him. When Aamon saw us here, he was enraged.

Aamon: So, the famous Team Loud Phoenix Storm has arrived? Now, I can finally destroy every last one of you.

Lincoln: Don't even try it, you unholy demonic priest. Your days of causing havoc are now over.

Yang: That's right, and I've had it up to hear with you to last an eternity.

Suddenly, Yang Xiao Long's lilac eyes turned neon lilac, and she was surrounded by a yellow energy aura with yellow flames, darkness, and phoenixes, she got out her Defender of Remnant gauntlets and her Ember Celica gauntlets, and as she approached Aamon, she left yellow energy, yellow flames, darkness, and phoenixes with every step. Suddenly, Yang Xiao Long was surrounded by a massive vortex of yellow energy with yellow flams and darkness surrounding the vortex, there's a phoenix flying around the vortex, and in the vortex is an amber phoenix. Then, as the vortex faded, Ruby Rose emerged, but she was changed forever.

Yang Xiao Long grew to 6'5" in height, she had the body of a goddess and has red highlights in the bangs of her long flowing bright golden hair, she has neon lilac eyes and a yellow energy aura with yellow flames, darkness, and phoenixes surrounding her. She has a phoenix with the Fire and Dark Kanjis in its claws emblazoned on her forehead, she has on phoenix earrings with yellow crystals for the eyes and the Fire and Dark Kanjis in its claws, and she also has a phoenix with yellow crystals for the eyes and the Fire and

Dark Kanjis in its claws for the second pendant of her Thunderbird Necklace of Eternal Love with yellow gems on the gold lightning bolts and yellow crystals from her Crystal Necklace of The Buddha which merged with her Thunderbird Necklace of Eternal Love. Yang Xiao Long has on a bright yellow shirt with an orange phoenix on it, brown pants, brown leather ankle-high combat boots with silver flame belt buckles, and a long brown long-sleeved coat with phoenixes and flames on the coattails, and Yang's emblem on the back. Suddenly, Yang Xiao Long felt a sharp pain on her back, and then, massive golden yellow angel wings with black tips on the large golden yellow feathers sprouted out of her back.

Suddenly, Yang's signature Ember Celica gauntlets and Defender of Remnant gauntlets were suddenly surrounded by a kaleidoscope of golden yellow energy, yellow flames, and darkness, and those two gauntlets are now merging together. Then, as the kaleidoscope faded, they were transformed into the Golden Dark Fire Fists of Justice, they're a new pair of Dual Ranged Shot Gauntlets with golden armor covering the back of the hands and the fingers with chambers that hold not only her signature 24 shells, but also powerful elemental shells, as well. Yang Xiao Long has on her new large gold cuff Bracelets of the Champions of The Universe with golden yellow gems on her wrists, gold Belt of Elemental Bravery with a gold phoenix head with a golden yellow gem inside its mouth for the belt buckle, large golden yellow Spellbook of The Gods and The Universe and large gold yellow Universal Spellbook of the Elemental Forces on her left hip and Eater of Sins revolver holstered on her right hip. There's a red kanji below Yang's emblem on the back that said, "Yang Xiao Long, Loving Daughter of Raven Branwen and Taiyang Xiao Long, Loving Half-Daughter of Summer Rose, Loving Half-Sister of Yang Xiao Long, Loving Niece of Qrow Branen, Loving Future Wife of Lincoln Loud, Destroyer of The Evil Queen of The Grimm, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Phoenixes, Fists, and Darkness."

Yang Xiao Long's transformed into SUPER ANGEL INFINITY GOLDEN FLAME DARKNESS ANGEL OF PHOENIX LOVE AND DARK JUSTICE!

We were amazed by Yang's Super Angel Infinity transformation, including Weiss, Blake, Ruby Rose, Summer Rose, and Qrow, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Aamon saw it, he fell into a murderous rage and tried to attack her, but Yang Xiao Long fired a powerful golden yellow energy blast with yellow flames, darkness, and phoenixes at the demonic priest, and it hits him.

Summer Rose: (Amazed) Wow, my daughter's transformed, and she's become a beautiful woman.

Taiyang Xiao Long: (Amazed) I'm so proud of my little girl.

Qrow Branwen: My second little niece has also become a beautiful woman, she's grown up so fast.

Lincoln: Wow, Yang, you look beautiful, how do you feel?

Yang: (Divine Echoing Cosmic Voice of Golden Flame Darkness and Phoenix Justice) **I feel incredible, Linky, and now, shall we put an end to this demonic priest?**

Lincoln: (Smirks) You got it, Yang.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Yang Xiao Long.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's pulverize that piece of crap. Eli, if you would?**

Eli rang the bell.

DING! DING!

As soon as he did that, Yang Xiao Long and Lincoln went after Aamon, and they fired powerful blasts of golden yellow energy, rainbow energy, elemental forces, darkness, yellow flames, Thunderbirds, Phoenixes, Buffalo, Angels, bullets, elemental shells, and magic, and they exploded with incredible power as they hit the evil demonic priest. Then, Yang attacked him with her brand-new gauntlets, and she really tenderized him, and Lincoln also attacked him with his improved massive Sword of Universal Hope and Elemental Bravery, and left more scars on him. Then, they fired massive energy beams which hits Aamon, and they exploded with incredible power, and the resulting explosion killed him, and as soon as his spirit appeared, Yang marked his forehead with a kanji and after being found guilty by those he killed, Aamon was erased from existence forever. We cheered wildly for Lincoln and Yang, as Lincoln holstered his massive and improved Sword of Universal Hope and Elemental Bravery on his wider and more muscular back, and Yang relaxed her fists, and he and Yang power down, and Yang Xiao Long's new body, clothes, weapons, angel wings, and jewelry are permanent.

Yang and Lincoln: In the immortal words of Nico, Aamon, you have failed this entire world!

Fireworks went off behind them.

Nico: Ah yeah, that's telling him, guys!

Yang Xiao Long: Thank you for helping me take care of Aamon, Linky.

Lincoln: (Smiles Warmly) You're welcome, Yang.

Lincoln wrapped his abnormally massive and powerful muscular arms around Yang's waist, and he brought her into an embrace, which took her by surprise and that brought an atomic red blush to her face. Then, as Lincoln leaned down to her face, they kissed passionately as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird, Angel, and Phoenix flying in the air, and we also saw a herd of Buffalo running across the field and golden flames behind them, and the display of the elemental forces. We had tears in our eyes and a smile on our faces.

Qrow Branwen: And now, only Weiss is left to transform.

Taiyang Xiao Long: Yeah, first, Ruby transformed to fight that evil knight, Marcello, then, Blake transformed to fight Adam Taurus, and now, Yang transformed to fight against that demonic priest, Aamon. Now, Weiss is going to transform tomorrow, and I hope it's against that asshole, Jacques. After what he did to her, he deserves his judgement for all the pain he's caused.

Lincoln: I hope so too, Mr. Xiao Long. Plus, later on today, is Rice's special mission: going to the world of Eon Kid and destroying The General.

Nico: That's right, big guy. You've really been keeping track on when our special missions are coming.

Lincoln: That's right, Nico, and I sense that Rice is also going to transform, along with Razorfist, now all that's left is for me to find the villain she's going to fight.

Lori: And that's through your deep sapphire eyes glowing, and you getting a vision of who it is, along with sensing their energy. I hope for Rice, the villain she faces is another one of The Justice League's enemies.

Nico: We'll have to see about that later on, Lori. But, man, Lincoln's powers are really evolving, and they've evolved even more ever since that day he was exposed to cosmic radiation after his date at Autumn Mountain.

Me: You got that right, Nico. He's been getting stronger and smarter, and he's also been tracking a ton of villains who dare to show up uninvited or who've returned from the dead and want revenge on us.

Later it was time for Qin's second ambassador mission.

Qin: I'll bring Captain Cold with me next time.

Nico: That works just fine Qin.

Me: I have a feeling this is gonna be great.

Chris Taylor: Looking forward to thrashing whoever will show his face in Motorcity.

Me: Same with me.

I looked at Lincoln and some of his sisters and they were feeling down.

Me: Man the capture by the Mucusonians really roughed them up.

Spike: It sure did. I tried cheering them up.

Nico: You did your best Spike.

Twilight Sparkle: I'll talk to them and see if we can get them better.

Rainbow Dash: That capture was not fun guys.

Laney: (Sighs) It really damaged us.

Lana: Oh it'll be all right guys.

We were off and we arrived in Motorcity.

Mike Chilman: Hey guys!

Me: Hey Mike.

We fistbumped.

Qin: Mike, meet my boyfriend.

Chris Taylor: Awesome to meet you. Chris Taylor, member of the TLPS DISK Avengers.

Mike Chilman: Awesome to meet you too Chris and you and Qin are perfect together.

Chris Taylor: Thanks man.

DISK Wars Captain America: Awesome to meet you Mike. Steve Rogers but you know me as Captain America.

Mike Chilman: Awesome! It's an honor.

Me: Awesome story how we met Steve there. It was on another version of Earth and it was also after a powerful war that we had in another universe.

Mike Chilman: You mean the War with The Royal Defenders?

Me: Bingo. That was a really big war for us.

Mike: Qin, if you don't want to talk about your background history, then I'll respect that.

Chris Taylor: Well, while Qin can't tell you her tragic background history, she CAN tell you her happy background history.

DISK Wars Cap: Qin's actually one of Nico's childhood friends.

Me: It's true.

Qin: That's right. But you all have a right to know about my background.

Me: Qin are you sure you want to tell them?

Qin: I'm sure J.D.

Me: Okay. You guys are not going to like it.

Qin told them everything about how she came from a rich family and how she went from the lap of luxury to where she was an orphan because her father double-crossed the Russian Mafia and they went over and killed her parents and how I stepped in and brought the mafia to justice and it devastated her and she was forced onto the streets. But then she became a Komodo Dragon Gene-Slammer and it was horrible. But after the Perseid Meteor Shower, we found her and reunited her with Nico and it was sad. But the Aparoids brought her parents back and she was so happy.

When she was finished Mike and crew were shocked and horrified!

Julie Kane: Qin that is terrible!

Chuck: You went through a nightmare.

Jacob: Yeah no kidding!

Me: It was horrible for her.

Qin: But I'm better now.

Julie Kane: It's actually good you guys are here. Our target's a certain armored buddy of ours.

Me: You mean Red is here? Man its been a while.

Qin: Who is Red?

Me: He's a really dangerous hunter. He's a ghost from Mike's past and mine too. He's totally hellbent on vengeance on me and Mike.

I went over his history.

---

Red is a ghost from Mike's past.

Background

A year before forming the Burners, Mike was on a mission for Kane to destroy an old and supposedly abandoned building. But just before Mike ordered the building demolished, he saw that there were still people inside. He tried to stop Kane from demolishing the building, but Kane refused, revealing to Mike that he knew all along that there were still people inside. Mike realized how evil Kane truly was. Though Mike got everyone out of the building, the building was still demolished and the inhabitants lost their homes. Red was one of those inhabitants, and blamed Mike for his loss. He began to plan his revenge on Mike, and for the next year, he forged armor and trained to fight.

## Revenge

On the anniversary of the destruction, he decided to make his move and have his revenge on Mike, in which he proved to be a formidable fighter easily taking out most of the Burners, but in the end Mike prevailed but Red disappeared soon after.

## Joining Kane

Despite Kane having been the one responsible for the destruction of his home, his specific hatred for Mike made him swear allegiance to Kane and become his new right-hand man in exchange for an upgrade to his gear and vehicle. With his suit now being capable of releasing energy pulses and his car having a hover conversion and armor plating, he would use them to have his revenge. His new outfit, oddly enough has a peculiar resemblance to Mike's, even his silhouette resembles that of Mike's.

## First Mission

After Kane discovered a collection of rare vintage cars the Burners had found, he planned to incinerate them all in hopes of keeping them from being distributed to the denizens of Motorcity, and to make sure the incineration went without a hitch, he tasked Red with safeguarding them from the Burners. When the Burners appeared to try and take back the cars, Red intercepted them and easily defeated Dutch, Texas and Chuck, however Mike proved that he could still handle the powered up Red and both faced off on top of the tram that was escorting the cars. Eventually after a long battle and clever maneuvers from Mike and Mutt, he was able to crash Red's car and defeat him for the time being.

---

When I was done they were shocked.

Chris Taylor: Whoa! I didn't know he has such a bad history with you.

Me: Yeah.

Qin: Wow.

Chuck: So, Qin. While we're waiting for Red to show up, can you tell us what your Scalebreath transformation feels like?

Qin: Sure. When I first became Scalebreath it felt like I was being put through a sawmill and then reassembled in the most painful way imaginable. But as time went on it became a really powerful and exhilarating experience. Being part Komodo Dragon is really incredible.

Chuck: Wow!

Jacob: That is really descriptive and amazing.

Texas: As cool as me.

Me: Everything about you is amazing Texas.

Julie Kane: J.D. I'm sorry about all the pain Lincoln and his sisters went through because of those aliens yesterday.

Me: Yeah they were just totally caught off guard from it. Nico and everyone are doing their best to cheer them up.

Qin: Yeah.

Julie Kane: I hope they will be okay.

Me: They will.

I then sensed him.

Me and Qin faced Red!

Me: Hello Red. Its been a while.

Red: J.D.? What are you doing here? And who's the new girl?

Qin: I'm Qin Chen. Mike told me and J.D. to talk to you.

Red: (chuckles) Talk to me? I'm perfectly fine. I don't need an intervention from Mike or the both of you.

Qin: Don't you? You're siding with the same person who destroyed your home. We're not your enemy. Kane is.

Red: But Mike's the one who led Kane's men down there. And as they say, the enemy of my enemy is my friend.

Me: I know that old saying too well. Also to answer your previous question, I'm just here to catch up on old times.

Red: So I see. But Mike is still my enemy.

Me: But Mike's not really your enemy. Red, if you don't stop this path of vengeance, there's not going back. Vengeance is a double-edge sword and all it will lead you down is a path to your own destruction.

Red: Don't pretend like you're still leader, J.D. It's been over a year since we last talked. Things have changed!

Me: That's right. Things have changed and certainly for the better. Nico is a much better leader than I was.

Qin: That's right.

Red: (in realization) There was no disturbance, was there? This was all a set up. You guys just lured me here.

Chris Taylor: Well, you're not stupid like most villains, I'll give you that much.

Me: Red always was able to catch on pretty quickly.

Red watched in disbelief as Chris and Disk Wars Captain America walked into view and stepped up beside me and Qin. And, for the first time, he noticed me and Qin get into positions as if I was expecting a fight.

Red: So that's what this is. Mike doesn't have the balls to take me on. So instead, he sent you guys to do it for him.

Disk Wars Captain America: On the contrary, he told J.D. and Qin to try and talk some sense into you. He knew J.D. has success most of the time reasoning with people. But he wanted me and Chris here in case things turned… violent.

Qin: Red, don't make this any worse than it has to be.

Red: (not backing down) You guys don't wanna do this

Qin: (sighs) You're right, we don't. (face hardens) But you're not giving us any choice.

With a roar, Disk Wars Captain America rushed Red, pulling out his Shield. Red dodged Captain America's strike, using his armor to block the shield. Red then sent a kick towards

Captain America's abdomen, which sent the older man stumbling back. Qin formed a fireball but Red used fire extinguisher foam to put it out.

Red: Like the new toy? It's a stronger variant of fire extinguisher foam. It's strong enough to put out Heatblast and the Red Lost Galaxy Ranger.

Me: Very impressive. You got some new gadgets on you.

Qin: Red, listen to me. Is getting back at Mike really worth throwing away your humanity?

Red: You chose your side when you sided with Mike.

Me: Then we do this the hard way.

Qin teleported and kicked the shield out of his hands and I grabbed it and threw it back to Captain America. I then teleported and kicked him in the back of the head and smashed him down.

Disk Wars Captain America: Shield throw!

Captain America threw his shield at Red… only for him to catch it.

Red: Thanks for the shield.

Chris: Red, it's not too late to talk this out.

Red: You should've stayed out of my way, kid.

POW!

I punched him in the stomach and kicked the shield out of his hands and threw it back to Captain America.

Me: Red you need to pull that stick out of your butt and make time to listen to reason!

Red then went at me and I dodged his punches. Then he jumped back and fired lasers and I ignited my lightsaber and deflected the blasts back at him and they hit him and knocked him down. Then I tied him up with rainbow energy chains.

Me: Now listen Red. As you guessed, I'm not the same as I once was when we fought the last time. I've gotten far more powerful since then and the battles we had with many of our most dangerous enemies and many more enemies over these last few years have made me and my entire team far more powerful than ever and our friendships all made us more powerful too. I can easily kill you with just a single thought or a powerful energy blast.

Qin: He's not kidding Red. The power we have has made us all stronger than ever and we learn so many amazing moves and powers and helped so many people all over the universe and our bonds made us far more powerful. We went through many intense hardships and we wouldn't have gotten this far if it weren't for the support and help of many friends and everyone we met and helped.

Red: Well, I don't think I can fight much longer anyway now that you tied me up with these chains.

Captain America: At least you put up a fight much better then Kane did.

Me: And like I said, Kane isn't worth my time. Not with the power that I have now. That's why when we face him here on April 14th, we're going to send him to prison where he belongs for everything he has done.

Qin: And he deserves to be thrown in jail.

We later came back home and told everyone everything that happened and they were amazed.

Nico: Wow!

May: (to Disk Wars Captain America) You know, it's not everyday you see someone take your shield. Same goes for our Captain America.

Disk Wars Captain America: Yeah no kidding.

Me: But we now have a spy in Kane's ranks and he is gonna be in for a shock. In exchange for him working for us in Kane's ranks he will join the M.O.E. as one of our frenemies.

Nico: Nice plan. Like with Chameleon in the ranks of Team Dark Phoenix Storm.

Me: Yep.

Eli: This will be awesome.

Nicole Knudson came in.

Nicole Knudson: I got the test results for Himiko and it turns out we were right about her Quirk being unstable.

Nico looked them over and what he saw before her blood was purified was horrifying! Her Genetic structure because of her quirk was disintegrating and it was destroying her sanity and she needed blood to live or she would die within a few hours.

Nico: Whoa! This is really bad! Now I see why Himiko was dangerous.

Nicole Knudson: Yeah. Just like what happened with the Terrific Trio. The Gamma Radiation made their genetic makeup disintegrate too and it was only a matter of time before they were unstable too. But Himiko's quirk turned her into a psychotic monster.

Nicole Hernandez: Good thing me and my sisters cured her.

Himiko Toga: Wow! Thank goodness.

Nico: No kidding. Nanette your next Ambassador mission will be to find Himiko's parents and tell them our findings.

Nanette: Are you sure that's a good idea?

Nico: What choice do we have. We have to find them and tell them what happened. Fiona, Marie, Nicole, Eli and Beast Man will go with you too.

Nanette: Okay.

Volcana: (to Kairi Yano) Kairi, you remember the day we first met you, your team, and the Patrangers?

Kairi Yano: I sure do and that was awesome.

Me: Yeah. But you haven't been told about what happened before that happened.

Kairi Yano: What do you mean?

Me: It was because we were eating a lot of boxes of cereal and we were looking for a decoder ring. It was to unlock the Secret of The Universe.

Sakuya: The secret of the universe?!

Touma: It must've been a very important secret.

Lillie: Well, that's what we thought.

Nicole: We had to go up all the way to Gutterball Hill and there was an abandoned mine shaft there where the ghosts of canaries, and birds of all kinds live there and we went down into the mine and there was actually Grim's friend from high school that had a mad crush on him. Lubber.

Lubber: That's right and it was all part of my plan to not guard the secret.

Me: But that was a crazy secret. Lots of kids were cheated out of the secret. Mindy looked into the well and the secret of the universe wasn't all that it was cracked up to be. It only said "I was Only Kidding." Mindy saw the secret and was forced to guard the secret for eternity.

Umiko: (to Lubber) You were only kidding? The so called secret of the universe was "You were only kidding"?!

Tsukasa: You should be ashamed of yourself. Leading J.D. and the others on a wild goose chase.

Octane: Well, it wasn't entirely for nothing.

Me: We did Endsville a really big favor. Turns out they were REALLY sick and tired of Mindy being so superior to everyone. She called everyone losers and always dragged their names through the mud. We left the mine and then I fired a blast of energy into the mine and blew the entire hill down right on top of her and buried her alive.

Umiko: Whoa!

Tsukasa: Wow! I guess that was a good thing.

Nico: Yep. Everyone hated Mindy and now they are a much better place without that orange hair prima-donna.

Noel: I see what Lubber was trying to tell you all. The secret of the universe is to always be kind to others and not think of yourself as superior. Mindy refused to become kind and therefore paid the ultimate price.

Lubber: (laughs) No! I really was just kidding about that! I just wanted a good laugh!

Keiichiro: (frowns) That wasn't a really funny joke.

Sandstorm: At least you're free now.

Me: And Mindy paid for it in Lubber's place big time.

Nico: Yeah her mom and dad gave birth to a witch.

Lana: You got that right. Mindy is now a dirt clod.

Me: She went from a diamond to a dirt clump.

Eli: Yeah I never liked her. She was always making everyone look bad.

Me: But yeah Noel's assumption of the Secret of The Universe is really accurately put and wise too. Be kind to others and they will do the same for you. If you don't there will be horrible consequences.

Nico: Yep.

We saw Lincoln and half of the sisters still sad.

Me: Lincoln you can't keep moping like this. What happened was not your fault.

Catilla: You know what, Lincoln? You, Laney, Lisa, Lily, Luan, and Luna can keep moping all you want. But we're going on the next mission!

Lynn: Not without them!

William: Do they look like they're in the mood to go on a mission right now?!

Me: Guys just calm down. Let us talk with them.

We went over.

Me: Lincoln what happened was not you or your sisters faults. It happened without warning.

Nico: Yeah it just happened suddenly. I was just upset because we were being paranoid. I didn't mean for this to happen. It just happened.

Eli: Yeah guys. It's not your fault.

Nicole: And we found out where the Mucusonians landed and coincidentally it was in The Congo Jungle where you all found those crystals. They were hiding out in that cave waiting for the right opportunity.

Eli: Really? Whoa.

Crimson Dynamo, Dr. Polaris, The Spot, Skalamander, Turtle, Touch & Go, Firebrand, Girder, Plastique and Beast Man appeared.

Crimson Dynamo: Can me, Dr. Polaris, The Spot, Skalamander, Turtle, Touch & Go, Firebrand, Girder, Plastique and Beast Man go with you guys?

Nico: Yes you all sure can.

Mr. Go: Lincoln and half of the Loud Kids must've really been hit hard if they haven't recovered from what happened.

Nico: Yeah no kidding.

Eli: Poor guys.

Me: I know what will get them to cheer up.

Nico: Three Stooges?

Me: Yep.

Moe, Larry and Curly came.

Me: Hey Moe?

Moe: What is it?

HONK!

I grabbed his nose and honked it.

Moe: Oh! Why you!?

HONK! BONK! BOOF TWIST!

He honked my nose, bonked me on the head, boofed my stomach and twisted my ears.

Moe: See that?

He held out his fist and I slapped it and swung it and then it bonked Moe on his head!

Moe: OH! I'LL MOIDER YOU!

He grabbed me in a headlock and bonked me on the head several times and then bit me on the nose!

Me: OWOWOWOWOWOWOWOW!

The Loud Kids all laughed at me and it was funny!

Laney: (LAUGHS) That was awesome!

Luan: (LAUGHS) That's my heroes for you.

Curly: Glad you liked it. Nyuk nyuk nyuk nyuk nyuk.

Nico: Glad you guys are better.

Me: All it takes is a little slapstick comedy.

Moe: It sure does.

Me: Moe can't you let go of my head now?

Moe: Oh sorry.

He let go of me.

Eli: That was still funny.

Helios: Rice, you must be happy that we're gonna help Marty out.

Rice: Oh you bet I am Helios.

Nico: We owe them big time for helping us against Dr. Morocco.

Spectra Phantom: Nico, which Gene Slammer do you think you'll meet on your next rescue?

Nico: I'm hoping to meet a Vaxasaurian Gene-slammer next.

Me: One of Humongousaur's species next. I like it.

Aylene C.: So it'll be me and my friends or someone that knows a lot about dinosaurs.

Nico: Yep.

As we're getting ready to head out to the world of Eon Kid, Lincoln's deep sapphire blue eyes glowed even more, as he sensed an energy signal, and he saw a vision of who that energy belonged to, it was none other than Robert DuBois A.K.A. Bloodsport, a villain both the DC heroes and villains have dealt with, since he was a threat to both heroes and villains. When we saw that, it definitely meant trouble.

Nico: Uh oh, Lincoln, trouble?

Lincoln: Afraid so, Nico, and I don't think our fellow DC heroes and former villains on the team, along with the DC villains in the Masters of Evil are going to like it one bit: I've found the villain that Rice and Razorfist are going to fight, the bad news, it's Robert DuBois A.K.A. Bloodsport.

We gasped in shock.

Me: Oh man.

Nico: Robert DuBois A.K.A. Bloodsport. I've heard about him all too well, he's also one of those who'd joined the Suicide Squad, thanks to Amanda Waller, and he's a dangerous foe to The Justice League, and he's equipped with a lot of weapons, along with body armor, and he's trained in the lethal art of Dim Mak, it's a deadly martial arts strike that can kill a man in one blow, and translated into English, it means "death touch". But, I saw the 2021 movie The Suicide Squad, and he actually does have a good side.

Lincoln: Same here, so we're going to have him put in prison. Who knows, he could be a candidate for The Redemption Squad, since he does have a good side.

Nico: A candidate for The Redemption Squad? I like that idea, big guy.

Me: Same here, guys.

Nico: Alright, everyone, let's get going.

Me: Well at least you guys are feeling better.

Lincoln: Thanks guys.

Nico: You're welcome. Now lets go.

We were off to the future for Eon Kid.

---

57th Century - World of Eon Kid

---

We arrived in the world of Eon Kid!

Me: Here we are.

Laney: Wow so this is the world Marty and friends are from.

Maria: It's amazing.

Lana: It sure is amazing.

Nico: Wait look!

We saw a bunch of robots fighting Eon Kid and crew!

Maria: Fuck me! Those are the General's bots that they're fighting!

Dr. Polaris: I've got this.

Ophelia Nasturtium: Let me help too!

Ophelia and Dr. Polaris fired waves of magnetic energy and then it caused the robots to short out and then…

KRABBBBBBOOOOOOOOOOOOOMMMM! KRABBBBBBBBBBOOOOOOOOOOOOOOOOMMMMMMM! KRABBBBBBBBOOOOOOOOOOOOOOOOOOOMMMM! KRABBBBBBBOOOOOOOOOOOOOOOOOOOMMMMM! BOOM BOOM BOOM BOOM!

Eon Kid: What the?

Ally: Look!

They saw us.

Ophelia Nasturtium: Someone call for some help?

Rice: Looks like we got here just in time.

Me: Yeah!

Eon Kid: Hey guys! Wow!

We went over to them.

Nico: That is how you send robots to the scrap here.

Marty: It sure is.

Snarler: We want to thank you guys for helping to take Quint Quarry down.

Marty: It was no problem. It was actually very easy to defeat him.

Me: That was cool though.

Nico: Looks like you all had your hands full with those robots from The General.

Marty: We sure did have our hands full.

Nicole Hernandez: But at least we're all here to destroy the General for good.

Himiko Toga: You can be sure of that.

Nico: Marty, I hope you're not mad that I'm leader.

Marty: Not at all, Nico.

Lincoln: Trust me, Marty. Nico's earned the position. Heck, just yesterday, he helped save me and my sisters.

Turtle: Are you fucking kidding me?!

Lincoln: Relax, Turtle. I'm not moping anymore. I'm just stating something that's true.

Me: He's right.

Nico: Good.

Eli: Glad you aren't moping.

Chan Lee: You wanna show us around?

Fourtress: We'd like to get familiar with the area.

Marty: Sure.

We were shown around the area and it was really amazing.

Rey: (British Accent) This is just like what I went through on Jakku.

Nico: It's very similar to that.

Eli: It sure feels like it.

Marty: Yeah but it's home.

Girder: I'm really sorry you guys live in a world that's a wasteland.

Marty: Ah you get used to it.

Nico: But this world went through hell.

Astro Boy: Boy it sure did.

Laney: Scary too.

Poromon got out 4 beer bottles.

Marty: What are those?

Poromon: 4 bottles of beer!

Battletrap: (sighs) At least it's not ipecac this time.

Ally: Ipecac?

Me: Don't ask.

Eli: Poromon always offers beer during our special missions.

Me: It's true.

SpongeBob: [shouts] Hey, Patrick! You all ready for the big battle with The General!?

Patrick: [shouts] Yeah, it's gonna rock!

SpongeBob: Are you ready to go crazy!?

Patrick: I'm already hearing voices!

SpongeBob: Are you ready to…?!

Squidward: [yelling] SpongeBob! Patrick! Do you mind?!

Nico: You guys are so funny.

Eli: Yeah!

Marty: Well, Patrick and Spongebob are excited to take the General down.

Skalamander: Can you blame them considering the crap he's pulled?

Marty: Not at all. (Stomach growls)

Nico: Looks like someone is hungry.

All our stomachs growled.

Nico: We're all really hungry.

Ally: What can we eat before we fight?

Nico: Only some awesome food.

Nico used his imagination powers and grew a tree with Ultimeatum Burgers and fries.

Nico: Lets eat.

Lync: Hey, Marty. You know what else had an Apocalypse Wastleland? Rise of the Planet of the Apes.

Nico: Yep.

Marty: Wow.

Me: Lots of people we know went through that. (Eating) Mmm! Always good.

Muscle Man: You know who else lives in an Apocalyptic Wasteland?

Marty: Who?

Muscle Man: MY MOM!

We laughed at his joke.

Marty: I don't get it.

Plastique: Muscle Man cracks us up with his My Mom jokes.

Marty: Oh!

Me: You know who else likes to crack us up? The rants of Pesto.

Pesto: I'm glad I can help.

Squit: You know, underneath that tough exterior, you're a real softie, Pesto.

Pesto: What do you mean by that?

Squit: You're sweet, you know, a softie.

Pesto: I am a softie? What, are you sayin' I'm some kind of swirly-topped ice cream cone, here for you to smack your beak lips over? Is that what you're sayin'!?

Squit: No, I'm not sayin' that!

Pesto: You're sayin' that I, am a softie.

Squit: Yeah, yeah, that's what I'm sayin'.

Pesto: Dat's it!

(Pesto jumps in and attacks Squit. Bobby starts laughing.)

We laughed at that.

Nico: (LAUGHS) SO FUNNY!

Lena Isis: You know, Marty. Astro Boy here is very similar to you.

Phosphos: Including in terms of abilities.

Marty: Really?

Astro Boy: Yep.

Astro Boy showed his internal robot heart and it was amazing.

Nico: See?

Marty: That is amazing.

Eli: It sure is.

Me: Very awesome piece of technology huh?

Eli: (Eating) Mmm.

Nico: Yep.

Ally: Very impressive.

Firebrand: Aren't the General's goons already taken care of?

Gaff: Well, not all of them. He still has the Four Invincible Lords and Dr. Chen.

Me: Looks like we're going to face them. And I heard about Dr. Chen.

Nico: Yeah he needs a better life.

Eli: No kidding.

Laney: Yep.

Stalker: Can you tell us more about the General?

Kraven the Hunter: (Russian Accent) Yes we need to know more.

Marty: Well it's not pretty.

He told us all about the history of The General.

Only known as General, he is a powerful robot who ultimately became a tyrant and archenemy of Eon Family. He serves as the main antagonist of the series. The General was a robot created in the time of the First Robot War to defeat the threat of the Gigantors. He succeeded in his task, but grew too powerful to control, and so started a second war before the damage of the first had been repaired. After much destruction The General was later defeated by Eon, who was the first wielder of The Iron Fist.

We were shocked.

Nico: Geez he is one bad robot.

Me: Yeah and he needs to be destroyed.

Laney: For good.

Buttons: So, what are we waiting for?!

Mr. Touch: A good plan. Going in without one will not end well.

Luan: Like when me and my siblings got captured.

Maria: Oh, come on!

Lisa Loud: Again, we are not moping. We are merely stating examples.

Laney: Just because we're starting facts doesn't mean we're moping again.

Nico: Yeah you're right.

Maria: That's true.

Me: Yeah.

We later finished eating.

Me: Ahh. (MEGABELCH)

Marty: (BELCH) Man I'm stuffed.

Marty: Rice, after we kill the General, do you want to spend time with me?

Rice: Sure, Marty.

Thundercracker: (cries tears of joy) I promised myself I wouldn't cry.

Grounder cried.

Grounder: (Crying) That is so beautiful!

CLANG!

Scratch hit him on the head.

Scratch: Thundercracker said he wasn't going to cry you dumbbot!

We laughed!

Nico: That's funny.

Beast Man: (to Nanette) You know, Nanette, this is making me even more excited to go on your next ambassador mission.

Nanette: Same with me and that is always awesome.

Me: Yeah.

Nico: Marty how would you like to see a demonstration of our powers with our usual battles?

Marty: Oh you bet!

Ally: That is gonna be awesome.

Me: We even have a couple of archenemies for you and Astro Boy.

Marty: Really?

Nico: Yep and we even have a cool archenemy for Sonnya Furya.

Sonnya Furya: Awesome! Can't wait to see who it is.

Maria: I'll call them in.

Maria did so and then Pinky & The Brain, Black Adam, Jet, Golden Glider, Mole Man, Kite Man, Grundy, Common Cold, Katnappe, Roquefort, Technus, Xaldin and Waffle Woman appeared.

Nico: Pinky & The Brain, Black Adam, Jet, Golden Glider, Mole Man, Kite Man, Grundy, Common Cold, Katnappe, Roquefort, Technus, Xaldin and Waffle Woman.

Laney: Awesome.

Pinky: Do you guys feel better now?

Lincoln: Of course we do.

Black Adam: Glad to hear it.

Kite Man: It really made us sad to see you guys moping.

Nico: It did. Those aliens really made them down.

Jet: (to Nico) We heard you helped Applejack this morning.

Nico: I sure did and it was awesome.

Mole Man: Was she really overworked?

Nico: Yep but she has all her chores easier now.

Jet: Good.

?: That's good.

A figure came out and it was RAMMER from episode 28 of Jungle Fury!

---

In the twenty-eighth episode, Dai Shi, Scorch and Snapper sent Badrat and Rammer to attack Ocean Bluff with special plan. Badrat and Rammer had to spray in the city the magical dust that would shrink people and teleport them in the Cave of Phantoms in the hanged mouse traps where frightened people would feed Phantoms with their fear for all Eternity. Badrat and Rammer attacked the city and encountered only four Jungle Fury Rangers. Casey was weakened as Whiger stole part of his Tiger Spirit. Rammer and Badrat sprayed dust on rangers, but it didn't work on heroes at once. During the battle, Badrat enlarged himself and fought Megazords of RJ and Dominic, while Theo and Lily battled Rammer on the ground. Theo used Rhino Blade of Dominic and striked Rammer, while Badrat was nearly defeated my Megazords, but before the blast villains switched their bodies. Rammer defeated Megazords, using tornado and then villains sprayed dust on rangers and it finally worked and teleported rangers in the mouse traps. However, Casey and Whiger freed their friends and all people after they defeated Camille. Now five power rangers together battled monsters and now successfully. Rammer and Badrat enlarged themselves. The battle was hard, but the Rangers destroyed Rammer with energy blasts from all their Zords and later Badrat when the Rangers formed the Jungle Pride Charge and used the Savage Spin.

* * *

Lily Chilman: Rammer!

Rammer: Been a while rangers.

Nico: I remember you! You were sent to attack Ocean Bluff and spray the city with a magical dust that shrinks people and send them to the Cave of Phantoms in hanged mouse traps to frighten people so their fear would feed the phantoms forever.

Rammer: That's right Nico. Good memory.

Nico: Yeah.

William: Where's Badrat?

Rammer: He and I are fighting seperately to see how we both do, okay?!

William: Calm down, dude! I was just asking.

Nico: Geez this is turning into a running gag huh?

Me: Yep.

Rammer: We have 3 recruits for you all.

3 figures came out and they were THE CHOCOLATE SAILOR, PRINCE BOKAR and THE MELEE OMNIDROID!

Mandy: The Chocolate Sailor!

Keith (Voltron): Prince Bokar!

Me: And the Melee Omnidroid!

Nico: Wow a sailor made of pure chocolate.

Chocolate Sailor: That's right Matey and Billy is an amazing kid. He ate 10,000 units of our chocolate.

Everyone gasped!

Right Suzuki: Billy ate all that chocolate!?

Catherine Lancaster: (British Accent) How can he eat all that chocolate!?

Me: He really did eat that much chocolate and it turned him into solid chocolate.

Nico: He has as big of an insatiable sweet tooth as Mary's.

Mary Knudson: I may have that big of an insatiable sweet tooth but I for one can't eat that much chocolate.

Laney: That still shocks me.

Nico: Same here.

We got the usual battles underway.

---

## Superman, Twilight Sparkle, Starshine Sparkle, Sunny Starscout, Magic Skylanders, Swampfire, Catilla and Carnivac VS Pinky and The Brain - Nico's rescue

---

Pinky and The Brain were first.

Brain: (to Superman) Nico still had to rescue someone. (laughs) He had to rescue Applejack from the stress of her chores!

Superman: (Laughs) That does count for something.

Twilight Sparkle: (Laughs) That is true and Applejack has things better for her now.

Starshine Sparkle: She sure does.

Sunny Starscout: That is for sure and we're happy for her too.

Spyro: That is true.

Swampfire: We're glad Nico showed her how it's really done. Farmer Nico helped her out.

Pinky: ZORT! He sure did and he would be good like Old McDonald.

BLAM!

Brain hit him on the head with a pencil.

Pinky: (Crazy Laughter) NARF!

Brain: Shut up you idiot. Lets do it!

They fired waves of magic and energy and fire and smashed them down.

Superman: Take that!

Twilight Sparkle: That was amazing!

---

Batman, Starlight Glimmer, Cozy Glow, Undead Skylanders, Chromastone, Alice Gehabach and Spectra Phantom VS Black Adam - Lincoln's rescue

---

Black Adam was next.

Black Adam: (to Batman) I heard Lincoln once again had a Cul De Sac rescue. How was it?

Batman: It went really well and it was a really funny one too.

Starlight Glimmer: It was for when Sarah and Jimmy did a Rich Club, a club for people that are filthy rich.

Cozy Glow: But it wasn't all that it was cracked up to be.

Hex: And Sarah got a nasty paddling and the Kankers got sent tp prison.

Chromastone: It was awesome though.

Black Adam: Sarah sure was trouble back then huh? Lets do it!

They fired waves of lightning, light, magic, stars, bones and energy and smashed him down.

Batman: That was great!

Starlight Glimmer: That was amazing!

## Wonder Woman, Rainbow Dash, Scootaloo, Pickle & Barley Barrel, Air Skylanders, Humongousaur, Jesse Glenn and Snarler VS Kite Man - Meeting a Berserk Dragon Gene-Slammer

Kite Man was next.

Kite Man: (to Wonder Woman) I heard you guys met a Berserk Dragon Gene-Slammer. What's her name?

Wonder Woman: Her name is Sonnya Furya and she is one of the fiercest of Lincoln's Guardian Angels.

Rainbow Dash: Yeah she is awesome and she smashed the living crap out of a bunch of Lincoln's Dangerous Bullies. Get her mad and she will break every single bone in your body!

Kite Man: Goodness! She must have a really tough reputation.

Scootaloo: She does! She REALLY is someone you don't want to mess with. One day, Sonnya was walking to class, and she saw Lucy being picked on by Chandler, and his thugs were beating up Lincoln, and she got so mad, that she'd rushed on over, grabbed the thugs beating up Lincoln, and tossed them at Chandler, and then, she had pounced on them, and brutally pummeled them into pulp. Those thugs wound up in the hospital and getting suspended for three weeks for what they did. Another time, Sonnya was walking through Franklin Avenue, and she saw Hawk and Hank picking on Lincoln and Lana. This got her so mad, she rushed on over and really pulverized their butts into pulp, and she'd kicked them literally back to Hazeltucky. And yet another time, Sonnya was heading for The Loud House, and then, she'd heard Lincoln screaming in pain, and when she kicked the door in, she saw Lynn viciously beating up Lincoln in another one of her so-called "sparring" sessions, and she got so mad at Lynn the walking gym bag, she pushed her off Lincoln, and she brutally thrashed her badly. Luna checked on her brother, and then she and Leni had to keep Lori and Lola away from trying to help Lynn by hogtying them up in nylon rope and tossing them back in their rooms. She told Mr. and Mrs. Loud of what Lynn did, and she got grounded for four weeks for what she did.

Kite Man was floored!

Kite Man: WHOA! Sonnya really is a force to be feared and reckoned with!

Pickle Barrel: Yeah no kidding! You mess with her and she will brutally beat you into mush.

Barley Barrel: Almost just as bad as Sakura and Lady Tsunade beating the crud out of both Naruto and Jiraiya.

Whirlwind: So brutal!

Humongousaur: That is intense!

Kite Man: Wow! And a Berserk Dragon is perfect for her. Lets do it!

They fired waves of wind, rainbows and lightning and smashed him down.

Wonder Woman: That was great!

Rainbow Dash: That was AWESOME!

---

## Green Lantern, Fluttershy, Tornado Bolt, Life Skylanders, Jetray, Chan Lee and Volt Luster VS Jet (Avatar) - Billy eating 10,000 boxes of chocolate

---

Jet was next.

Jet: (to Green Lantern) Billy ate 10,000 boxes of chocolate?! How did he not get sick?!

Green Lantern: He just has that huge of a love for chocolate. That is absolutely nuts!

Fluttershy: It sure was crazy.

Tornado Bolt: Billy has that huge of a love for chocolate like Mary does.

Stealth Elf: Except not even Mary would eat over 10,000 boxes of chocolate.

Jetray: She may have that big of a sweet tooth but not for that much chocolate.

Jet: Jeez no kidding. But did it make him sick?

Green Lantern: Nope it turned him into solid chocolate and Billy couldn't stop eating himself. He was just that good.

Jet: Wow! Lets do it!

They fired waves of energy, flowers, leaves and grass and smashed him down.

Green Lantern: For Oa!

Fluttershy: That was fun.

Mole Man: (to Martian Manhunter) I don't blame J.D. for burying Mindy in Gutterball Hill. I would've done the same thing with my Moloids!

Martian Manhunter: I can tell everyone in Endsville strongly disliked her for everything she was known for.

Sunset Shimmer: Yeah she really was such a Narcissistic Prick.

Pipsqueak: (British Accent) She has no right to be around anyone with that kind of attitude.

Sunburn: I feel the same way.

Spidermonkey: Me too. What a loser and aways dragging everyones names through the mud.

---

Golden Glider was next.

Golden Glider: (to Flash) I heard Nicole found out what was wrong with Himeko. What was the analysis?

Flash: Turns out Nicole and Fiona were both right about Himeko. Her Quirk was causing her atomic genetic structure to disintegrate and it was causing her to be psychotic. She needed blood to sustain herself or she would die in a matter of days if not hours.

Rarity: It was most terrible darlings.

Golden Glider: That's horrible! Her Quirk really was unstable. It turned her into an unstable insane vampire.

Sweetie Belle: Boy it sure did. But thankfully the Hernandez Sisters cured her and Fiona made a smart call by giving us a tube of her blood for testing.

Gill Grunt: Yeah that was crazy.

Golden Glider: But doesn't genetic testing take a few weeks for results?

Big Chill: Normally yes but with our technology it takes minutes.

Golden Glider: That makes sense. Lets do it!

They fired waves of ice, water and jewels and smashed her down.

Flash: ALL RIGHT!

Rarity: Rapture darling that was grand!

---

Hawkgirl, Pinkie Pie, Featherweight, Tech Skylanders, Echo Echo, Lena Isis and Zenet Surrow VS Magneto - The General causing so much damage to the world

Hawkgirl: That's right and he will be a total forgotten memory.

Pinkie Pie: Yeah what a nasty party-pooper!

Featherweight: He brought this all on himself.

Sprocket: He sure did and he is a bad robot that broke all the laws of robotics.

Echo Echo: (Techno Voice) He sure did and he deserves to be destroyed.

Magneto: I agree there. Lets do it!

They fired waves of metal, gears and lightning and smashed him down.

---

Katnappe was next.

Katnappe: (to Starfire) The Three Stooges did a good job cheering up the Loud Kids yet again. Or half of them, anyway.

Starfire: It was funny and glorious. I think the Three Stooges making them laugh is amazing.

Princess Luna: They are sure funny for great comedians from over 75 years ago.

Moondust: Yeah Luan has awesome heroes mom.

Snowdrop: Boy she sure does and the Three Stooges were very popular during World War II.

Gari: But it was mostly during the Great Depression and World War II that they got their fame and success.

Ink Rose: That was awesome.

Moonlight Raven: It sure is and they were funny back then as they are now.

Blackout: Even after all these years they still got it.

Brainstorm: They most sure do in fields of slapstick comedy and laughter for many future generations to come.

Katnappe: Yeah. Lets do it!

They fired waves of energy and darkness and smashed her down.

---

Roquefort was next.

Roquefort: (to Raven) Poor Lincoln and half of his sisters really felt depressed. The Mucusonians were one of the few scumbags to have them captured and helpless.

Raven: Well they couldn't help that. It just happened without warning. Those aliens were in every way like the Jelliens and the aliens from Invasion of The Body Snatchers.

Princess Celestia: Yes but at least they weren't like what The Thing was.

Amber Morning: Yeah that was horrifying. That was gross and gruesome.

Minuette: It sure was. But at least the Three Stooges and all of us cheered Lincoln and his sisters up. And so did the rescue somewhat.

Twinkleshine: The rescues always help Lincoln be happy and that is always a good thing.

Lemon Hearts: A great adventure in every rescue.

Moondancer: I agree there and they are always amazing to hear about.

Firecracker Burst: A really bad monster that's what.

Wallflower: What he did was just pure evil.

Lodestar: (Techno Voice) Yeah he has no honor at all.

Technus: I agree. Lets do it!

They fired waves of fire and energy and smashed him down.

They fired waves wind and magic and fruit and smashed him down.

Beast Boy: ALL RIGHT!

Trixie Lulamoon: An amazing victory for The Great and Powerful Trixie!

---

Tara, Lightning Dust, Fancy Pants, Cannonbolt, Roxas and Aeleus VS Waffle Woman

---

Waffle Woman was next.

Waffle Woman: Just like what happed with the Terrific Trio, the Atomic Radiation made their DNA unstable and it was disintegrating where as her quirk was making her DNA disintegrate.

Tara: Yeah that is horrible!

Lightning Dust: I feel really bad for Himiko.

Fancy Pants: I say I do too chaps.

Cannonbolt: That was terrible.

Astro Boy: Lets dance.

Astro Boy fired an energy and smashed him down.

---

Sonnya Furya the Berserk Dragon Gene-Slammer VS Chocolate Sailor

---

Chocolate Sailor: He does have a great love for chocolate.

Sonnya Furya: I'll say. It's amazing how people love chocolate and I have never known ANYONE that doesn't like chocolate.

Chocolate Sailor: That is true. Lets dance matey.

Sonnya Furya: First I want to know. How did Billy find out about you?

Chocolate Sailor: I do advertisements in the back of Man Eating Comics and Billy answered my ad.

She fired waves of fire and smashed him down.

---

Fiona Hernandez the Uria, Lord of Searing Flames Gene-Slammer, Apple Bloom, Sweetie Belle, Scootaloo, Diamond Tiara, Silver Spoon, RD Lola and Misty Tredwell VS Kimberly Ann Hart the Pink Ranger Slayer

---

Pink Ranger Slayer was next.

Pink Ranger Slayer: So the findings showed that Himiko's quirk was dangerously unstable?

Fiona Hernandez: That's right. It shows that her quirk was not just powers but a terrible curse as well because it was destroying her atomic DNA structure and it would have killed her in hours. She needed blood to survive like how Michael Mobius went through because of his blood disease and he wasn't insane because of it.

Pink Ranger Slayer: That is horrible. I'm sorry she went through all that.

Apple Bloom: We need to talk to her parents and show them our findings.

Sweetie Belle: But I'm not sure what will happen when her parents learn that she is with us and all that.

Scootaloo: Yeah it's gonna be very difficult for us to explain how her quirk was destroying her.

Diamond Tiara: We got to at least try to tell them on Nanette's next Ambassador Mission tomorrow.

Silver Spoon: Yeah we got to help Himiko in any way we can.

Misty Tredwell: And I will help Himiko out where her parents could not. So I will go with Nanette and everyone next mission.

Pink Ranger Slayer: I know you all will try. Lets do it!

They fired waves fire and energy and smashed her down.

Fiona Hernandez: FIRE WINS!

Cutie Mark Crusaders: CUTIE MARK CRUSADER VICTORY! YAY!

---

Marie Hernandez the Gene-Slammer of Hamon, Lord of Striking Thunder, Frozen Fright, Thunder Terror, Magma Gloom, Toxic Horror, Louie PoisonSea, RD Lincoln and Elena VS Weddinmon

---

Weddinmon was next.

Weddinmon: So Himiko's quirk was destroying her instead of helping her? That's terrible.

Marie Hernandez: Yeah it was awful. Had we not saved her from herself it would have been much worse.

Frozen Fright: Yeah that is awful. Her own body and quirk became her own worst enemies.

Thunder Terror: Just ike those that are insane and have mental problems. Their own minds became their worst enemies.

Magma Gloom: There's no telling what would have happened if the Hernandez sisters didn't save Himiko and we didn't find out how her quirk was affecting her.

Toxic Horror: It's just terrible how a quirk like Himiko's old one can cause so much damage to ones mind and body.

Louie PoisonSea: Yeah and I feel really sorry for Himiko. She did nothing to deserve this. But in a world where 80% of the population was born with powers I guess it was unavoidable. But at least she was saved before it was too late.

Weddinmon: Thank goodness. Lets do it!

They fired waves of lightning and elements and smashed her down.

Marie Hernandez: LIGHTNING WINS!

Fearful 5: FEARFUL 5 WINS!

---

Marcel was next.

Marcel: I may be descended from the most well known conqueror in all of France's history but even I have heart. I feel really bad for Himiki and she didn't have long to long to live because of her quirk.

Nicole Hernandez: You're not kidding there. She had no idea that her own quirk was slowly destroying her from the inside and thank goodness we found out what was causing her to become like that before it was too late.

Star Swirl: That's a miracle all on its own.

Rockhoof: (Scottish Accent) Aye. Poor lass. She needed help and fast now.

Somnambula: (Egyptian Accent) Yeah it was terrible but thank goodness we got to her in time.

Mistmane: Thank goodness for that.

Flash Magnus: Yeah that was crazy.

Mage Meadowbrook: No kidding.

Gusty: Himiko is one of the villains that we feel sorry for.

Clover the Clever: She is one of those villains.

Carly Atlas: I agree there.

## Jungle Fury Rangers, Megaforce Rangers, Tara, Nico, Eli, Nunnally, C.C., Laney, Lana, Lola and Lily VS Rammer

Rammer was next.

Nico: This will be good.

Nico teleported and opened Rammer's safe and in it was a bunch of swords called the Apocalyptic Destroyers of The General, they're large swords with the Anti-General symbol etched on the 6'7" massive, wide, double-edged man-sized blades, large bolts for the crossguards, large gems for the hilts, longer black handles, and large gems with surrounding angel wings for the pommels. Once in hand, they'll get a massive power and energy increase.

Nico teleported back with the swords.

Nico: FIRE!

They fired waves of elements and energy and the blasts all hit Rammer and he exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was dead!

Nico: Rammer you have failed this world!

Tara: Yeah he has!

Then an aqua green glow formed on Tara's finger and it formed a Zodiac Animal Spirit Ring For Capricorn and it had an Alligator over the spirit of the Alligator in it!

Tara: My own Spirit Animal Ring!

Isabel then appeared.

Isabel: The Capricorn is perfect for you Tara and it represents the spirit of the Alligator. The 12 signs of the Zodiac represent 12 animals and Capricorn represents the Alligator. That shows that you are patient and assertive. You will bide your time, waiting for the perfect opportunity to snap, before opening up your jaws and taking everyone by surprise at your strength and agility.

Tara: Wow that is cool.

Nico: Wow it sure is.

Then an aqua green light appeared and it landed in Tara's hand and it formed into an Aqua Green Caiman Zord Crystal.

Tara: Wow! Another Alligator Zord?

Nico: That's a Caiman Zord. Wow! It's a type of alligator from South America.

Tara: That is cool.

Tara then got her own Crystal Saber too.

---

Bright Man: Now that the usual battles are done, let's go after the General.

Nico: Yep and it's time to liberate the world from his reign of terror.

Spot: I'll use a portal to get us there.

Nico: Awesome. Get ready General. (Eyes glow red) You have terrorized this world for far too long and now we're going to make sure it ends. Permanently.

Spot opened the portal and we were off.

We arrived at the fortress of The General.

Nico: Here we are guys. The General's fortress.

Me: Wow. Terrible place.

Then we saw a figure and it was STEELJAW JACK!

---

SteelJaw Jack is a robot created by Doctor Chen who currently sits atop the government's most wanted list as a hired mercenary. He is an accomplished fighter and has no match in the government forces. Though he overpowered Marty when he was sent to bring Ally back to the Iron Tower, SteelJaw Jack is defeated by the boy and Violet in their rematch. He drives a silver convertible which resembles an Aston Martin.

Eon Kid: Steeljaw Jack?! What are you doing here?

Steeljaw Jack: What do you think? I'm cutting your visit to the General short and taking you out. (To the Louds) By the time I'm done with you and your friends, you'll wish you were still captured by the Mucusonians!

?: Not if we have anything to say about it!

Kendra: I had a feeling they would come.

Out came CHARLIE BROWN AND THE PEANUTS!

Me: Charlie Brown and the Peanuts!

Lana: AWESOME!

Kendra: Charlie, Guys!

She and Charlie hugged.

Kendra: Glad you all can make it.

Charlie Brown: We thought you might like some help.

Me: We owe you guys big time for this.

Charlie Brown: Thanks J.D. You guys take down the General. We'll handle things here.

Nico: Right!

Kendra: Let me help you guys as well!

Charlie: Okay Kendra.

In the fortress we ran in and Killer Shrike came.

Maria: Thanks for coming, Shrike.

Killer Shrike: No problem. This will be awesome.

Nico: Yep.

In the main throne room, The General was looking over the land and then Killer Shrike came in.

General: Ahh Killer Shrike.

Killer Shrike: That's right.

General: Nice of you to come and visit.

Killer Shrike: I want to know something, General. How did you turn those 4 Pokemon into Shadow Pokemon.

General: Simple. When I spotted them in this world, I used a Dark Orb to turn them into my dark slaves.

Killer Shrike: Very impressive.

Suddenly the spirits of the DISK Wars Avengers and the Supernoobs appeared and swirled around the General and blasted him all over the place and smashed him all over and then converged and then…

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out through the wall and a phoenix cry was heard and then we came out.

Nico: General your reign of terror ends now!

General: Who are all of you?

Nico: Your worse nightmare. We are Team Loud Phoenix Storm and we're going to destroy you once and for all.

Eon Kid: You're gonna get it for what you did to this world, General!

General: Really now? You and your friends seemed to have lasted in this world the way it's been for so many years, haven't you?

Eon Kid: Well we're going to finish you for good.

Nico: And it's going to be painful.

Eli: EXCRUCIATINGLY painful!

Me: You messed with this planet for far too long and now it ends!

General: Cyclobots, come forth!

An army of Cyclobots appeared.

Me: Cyclobots! Just like we predicted!

Wes: Now things are gonna get awesome!

Nico: Yeah!

Eli fired a blast of Force Lightning and blew many of the Cyclobots apart!

Nico: YEAH!

Then the Cyclobots jumped onto Marty and team.

Marty and his friends lay defeated at the hands of the Cyclobots. Marty was currently out of his Eon Kid form.

General: (laughs evilly) It's over, Eon Kid. Soon, you and your friends will join this world in extinction!

Heatblast: (fires a Cyclobot) Oh, fuck! Marty and his friends are in trouble! What do we do?!

Rice then got an idea.

Rice: Everyone in the audience! Lend Marty and his friends your strength! They get stronger with your support! When I give the signal, share your energy with Marty and his friends!

Okay? Ready… go!

Everyone in the audience began sharing their energy with Marty and his friemds. And soon, Marty found the strength to get up and turn into Eon Kid.

Eon Kid: I can feel everyone's energy helping me. I can't give up! Not with everyone counting on me!

With that, Eon Kid grabbed a nearby Cyclobot and crushed its' head.

SMASH!

Nico: AWESOME!

Eon Kid: Everyone, thank you for your help.

Ally: It really touches our hearts to see all of you supporting us.

Buttons: Is it wrong that I'm enjoying the attention right now?

Gaff: All of you helped us. And now, it's time to put a stop to the General for good!

Me: Lets power up and take him down!

Rice: Let me transform with you guys!

Wes: You got it, Rice.

Time Force Rangers: Time for Time Force!

Eric Myers: Quantum Power!

Wes: "Time Force Red!"

Jen Scotts: "Time Force Pink!"

Lucas: "Time Force Blue!"

They fired waves of elements and energy and the blasts all hit The General and exploded with incredible power!

EXTREMELY MASSIVE AND POWERFUL EXPLOSION!

He was knocked down.

Nico: It's Over for you General!

General: You think this is over? You're all dead wrong!

Then a rumble was felt and he was in a MEGAZORD SIZE ROBOT!

Nico: WHOA!

Wes: Time for Megazord power!

In the year 3000 the Transwarp Megazord sent the zords! Including the Time Shadow Zord!

Time Force Rangers: Time Force Megazord!

Eric Meyers: Q Rex, arise!

The Zords were ready!

Nico: AWESOME!

Nico was piloting the Time Shadow Megazord!

Me: Now for the grand zord!

Then a huge time portal opened up and I came out piloting a massive V-Ger Sized Time Force Zord!

Nico: WHOA! That is a huge Zord!

Me: Say Hello to the Spacetime Superzord!

Wes: That is awesome!

Me: Watch this.

I had it fired waves of elements and energy and smashed the General all over.

Me: Now it's time for some action!

I put a key into the slot and the zords all combined and formed into a whole new SUPER ULTRAZORD!

Me: SPACETIME SUPER ULTRAZORD ONLINE!

I got to the bridge.

Steeljaw Jack was down

Steeljaw Jack: How could I lose to a bunch of powerless kids?!

Charlie Brown: Because you don't have any humanity!

Kendra crushed his head and destroyed him.

Charlie Brown: So, what do you guys want to do while waiting?

Kendra: Lets watch the battle against the General.

Charlie Brown: Okay.

They got to watching.

Wes: Whoa! This is awesome J.D.

Nico: Wow! What a zord! You really came through for this one.

Me: Watch this. SUPER SPACE TIME IMPLOSION BLAST!

I formed a blaster and fired a massive blast of energy infused with Black Gate energy and fired and it hit The General and imploded him and banished him to the black gates dimension after it found him guilty and destroyed him.

Nico: YEAH! YOUR TIME IS UP!

Me: General you have failed this world.

We later regrouped and cheered wildly.

Golden Glider: Looks like the General's gone for good.

Eon Kid: Thanks for helping me, guys.

Magneto: Think nothing of it, Marty.

Common Cold (to Charlie Brown): You and your friends helped too.

Charlie Brown: We sure did.

Eon Kid: Stay safe until we get there in a week, ok?

Charlie Brown: I sure will.

Charlie and Eon Kid fistbumped while Snoopy shook hands with Buttons.

Katnappe: Now to merge Marty's town with our world.

Roquefort: And then, Rice can spend quality time with Marty.

Nico: Yep.

Me: We owe you all big time for this Charlie. Thank you guys.

Charlie Brown: You're welcome.

?: Now, you're going to face me.

Superman: That voice, I knew there's no mistaking it, you can come out now, Bloodsport.

A figure came out, and it was none other than Robert DuBois A.K.A. Bloodsport.

Lincoln: I was already aware that you were coming, Robert DuBois, but we're not going to kill you, instead, we're taking you into custody.

Bloodsport: I ain't going down without a fight.

Rice Fitzgerald: Then, that's what you're getting, Bloodsport.

Suddenly, Rice Fitzgerald's red eyes turned neon red, and she was surrounded by a crimson red energy aura with crimson red flames and scorpions surrounding her, she unholstered her massive Sword of The DNA Spliceteam from her back, and as she approached Bloodsport, she left crimson red energy, crimson red flames, and scorpions with every step.

Rice Fitzgerald: Hope you're ready for a fight you'll never forget, Bloodsport. But, you should be warned: I'm very deadly.

Suddenly, Rice Fitzgerald was surrounded by a massive vortex of crimson red energy with crimson red flames and crabs surrounding the vortex, there was the image of Razorfist running around the vortex, and in the vortex is a purple phoenix. Then, as the vortex faded, Rice Fitzgerald emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Rice Fitzgerald grew to 6'5" in height, she had the body of a goddess, she has purple highlights in the bangs of her long flowing red hair hair, she has neon red eyes, and a crimson red energy aura with crimson red flames and scorpions surrounding her, she has the image of Razorfist holding the Fire Kanji in its pincers emblazoned on her forehead, she has on crab earrings with red crystals for the eyes and the Fire Kanji in its pincers, and her Crystal Necklace of The Buddha with red crystal links and a crab with red crystals for the eyes and the Fire Kanji in its pincers for the pendant. Rice Fitzgerald has on a short-sleeved red blouse, red shirt with a purple phoenix on it, red skirt with crimson red flames on it, red pants, red high heels, and a long red sleeveless trenchcoat with flames and scorpions on the coattails and on the back is Razorfist surrounded by flames. Suddenly, Rice felt a sharp pain on her back, and then, massive red angel wings with purple tips on the large red feathers, sprouted out from her back, and she had on her Red Lantern ring on her left ring finger.

Suddenly, Rice Fitzgerald's massive Sword of The DNA Spliceteam was surrounded by a kaleidoscope of red energy and crimson red flames, and when it emerged, it was transformed into Razorfist's Fire Scorpion Sword of Fiery Justice, it's a new large sword with a 6'7" massive, wide, double-edged, man-sized red blade with the image of Razorfist etched on it, large brown scorpion heads with red gems for eyes for the crossguard, large red gem for the hilt, longer black handle, and four large red scorpion heads with red gems for eyes and in their open mouths for the pommel. Rice Fitzgerald has on her brand-new large gold cuff Bracelets of the Champions of The Universe with red gems on her wrists, gold Belt of Elemental Bravery with a gold scorpion head with a large red gem inside its open mouth for the belt buckle, large red Spellbook of The Gods and The Universe and large red Universal Spellbook of The Elemental Forces on her left hip and Eater of Sins revolver holstered on her right hip. There's a purple kanji below Razorfist that said, "Rice Fitzgerald, Gene-Slammer and Partner of Razorfist, Dear Friend and Ally of The Underground Girls and The Turtles, Loving Girlfriend of Sean Bolton, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Destroyer of Ch'Rell, The Ultrom Shredder, and Master of Fire and Scorpions" Rice Fitzgerald has transformed into SUPER ANGEL INFINITY CRIMSON FIRESTORM CRAB ANGEL OF UNDERGROUND RAGE AND FIERY JUSTICE!

We were amazed by Rice Fitzgerald's Super Angel Infinity transformation, and when Sean Bolton saw her, he had an atomic red blush on his face. But, when Bloodsport saw it, he fired a bullet at her, but she transformed into Razorfist, and her Razorfist form also transformed, as well. Razorfist's pincers had gotten much larger and are much sharper, along with its scorpion tail, massive red angel wings, flame armor covering its massive forearms, chest, and stomach. Then, Razorfist transformed back to Rice Fitzgerald, who's still in her Super Angel Infinity Crimson Firestorm Crab Angel of Underground Rage and Fiery Justice form.

Nico: (Stunned) Whoa, Rice's the next one to transform into her Super Angel Infinity form, and her Razorfist form has also gained a transformation, as well. That's so awesome.

Me: You said it, Nico, that's so awesome.

Sean Bolton: Wow, Rice, you look beautiful. How do you feel?

Rice Fitzgerald: (Divine Echoing Cosmic Voice of The Underground Firestorm and Fiery Justice) **I feel incredible, Sean, and now, shall we deal with Bloodsport?**

Sean Bolton: (Smiles) Let's take him down.

Suddenly, Sean Bolton's massive Sword of The Street Sharks and Sword of The DNA Spliceteam have unholstered themselves from his back, and and it was surrounded by a kaleidoscope of water. When the kaleidoscope of water faded, the merged sword was transformed into Dakuwaqa's War Sword of Maelstrom Justice, it's a brand-new large sword with a 6'10" massive, wide, double-edged, man-sized ocean blue blade with the image of the Fijian Shark God, Dakuwaqa, etched on it, along with Fijian glyphs around him, and the symbols from Sean's Sword of The Street Sharks and Sword of The DNA Spliceteam swords on top, large ocean blue shark heads with ocean blue gems for the eyes for the crossguard, large ocean blue gem for the hilt, longer black handle, and four ocean blue shark heads with turquoise blue gems for the eyes and inside their mouths.

Nico: (Stunned) Whoa.

Lincoln 2: Whoa is right, Nico. Sean, the brand-new large sword you see before you is Dakuwaqa's War Sword of Maelstrom Justice, this blade was born when your Sword of The Street Sharks and Sword of The DNA Spliceteam had merged together.

Sean Bolton: Now, that's so awesome.

Suddenly, the sword called out to Sean Bolton, and he grabbed the new large blade's longer black handle. Then, we saw something happen: Sean Bolton's blue eyes turned ocean blue, and his long brown hair grew to reach the bottom of his neck. Suddenly, we saw Sean Bolton grow to 7'0" in height, and we saw all his upper and lower body muscles growing abnormally massive and powerful at a very incredible rate, and it caused his shirt to rip, and his long blue jeans tore and turned into shorts, and his shoes were still intact, and we saw that Sean Bolton now has powerful upper and lower body muscles and eight-pack abs. When we saw what happened to Sean Bolton, we were really stunned, Sean Bolton has turned into a very muscular hunk, and when Rice Fitzgerald saw it, she had an atomic red blush on her face and hearts in her eyes.

Nico: Whoa, now that's awesome!

Lincoln: Incredible.

Sean Bolton: Whoa, what on Earth happened?

We also heard Sean Bolton's voice become deeper after his transformation, and it caused an even brighter atomic red blush on Rice's face to appear. Lincoln made a mirror out of water, and when Sean Bolton saw just what happened to him when he grabbed his brand-new sword, he was amazed.

Sean Bolton: Whoa, now that's awesome.

Sean Bolton snapped his fingers, and he was now dressed in an ocean blue loincloth around his waist, large long black pants with ocean waves on the legs, large black leather ankle-length combat boots, large ocean blue weighted bands with silver phoenixes on his massive biceps and thighs, and eight large ocean blue orbs orbiting around his legs, and he had his new massive sword in hand.

Suddenly, Sean Bolton felt a sharp pain on his back, and then, massive brown angel wings with blue tips sprouted out of his back.

Suddenly, Sean Bolton's ocean blue eyes turned neon ocean blue, and he was surrounded by an ocean blue energy aura with ocean waves, lightning bolts, and sharks, and as he approached Bloodsport, he left ocean blue energy, ocean waves, and sharks with every step. Suddenly, Sean Bolton was surrounded by a massive vortex of ocean blue energy with ocean waves, lightning bolts, and sharks surrounding it, there's a shark swimming around the vortex, and inside the vortex is a blue phoenix. Then, as the vortex faded, Sean Bolton emerged, but he was changed forever.

The 7'0" tall, handsome, and extremely muscular Sean Bolton remained the same, along with his new clothes and large eight ocean blue orbs orbiting around his legs and massive brown angel wings with ocean blue tips on the large brown feathers, he has neon ocean blue eyes and a ocean blue energy aura with ocean waves, lightning bolts, and sharks surrounding him and he has blue highlights in the bangs of his longer neck-length dark brown hair, Sean Bolton has a shark holding the Water, Thunder, and Eternity Kanjis in its flippers emblazoned on his forehead, he has on silver shark stud earrings with ocean blue gems for eyes and the Water, Thunder, and Eternity Kanjis in its flippers and he has on his large Crystal Necklace of The Buddha with ocean blue crystals for the links and a silver shark with ocean blue gems for eyes and the Water, Thunder, and Eternity Kanjis in its flippers for the pendant across his bare chest, and he has on a Blue Lantern Corps ring on his right ring finger.

Sean Bolton had out his massive Dakuwaqa's War Sword of Maelstrom Justice in his large left hand, and he has on his new large gold cuff Bracelets of the Champions of The Universe with ocean blue gems on his wrists, long ocean blue trenchcoat flaps with ocean waves and sharks on the coattails around his ocean blue loincloth around his waist and held up by his new large gold Belt of Elemental Bravery with a golden shark head with ocean blue gems for eyes and a large ocean blue gem in its open mouth for the belt buckle on his waist, large ocean blue Spellbook of The Gods and The Universe and large ocean blue Universal Spellbook of The

Elemental Forces on his left hip and Eater of Sins revolver holstered on his right hip, and a Blue Lantern Corps ring on his right ring finger. Sean Bolton has a shark with ocean waves and lightning bolts surrounding the shark tattooed on his wider, brawnier, and more muscular back, he has an ocean blue kanji tattooed his chest that said, "Sean Bolton and Rice Fitzgerald: Gene-Slammer Match Made in Heaven", and there's an ocean blue kanji below the shark that said, "Sean Bolton, Member of The Bolton Siblings, Twin Brother of Stacy Bolton, Destroyer of The Deranged Paradigm Mad Scientists, Loving Boyfriend of Rice Fitzgerald, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Emissary of Dakuwaqa, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Sharks, Swords, Lightning, and Water."

ショーン・ボルトン、ボルトン兄弟のメンバー、ステイシー・ボルトンの双子の兄弟、狂ったパラダイムのマッドサイエンティストの破壊者、ライス・フィッツジェラルドの愛するボーイフレンド、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、ダクワカの使者、驚くべきそして強力驚くべき強力な教師の学生、そしてサメ、剣、稲妻、そして水のマスター

Sean Bolton has transformed into SUPER ANGEL ETERNITY INFINITY OCEAN MAELSTROM LIGHTNING ANGEL OF SEA SHARK JUSTICE AND OCEANIC HOPE!

We were amazed by Sean Bolton's Super Angel Eternity transformation, and when Rice Fitzgerald saw it, she had an even brighter atomic red blush on her face and hearts in her eyes.

Sean Bolton: (Divine Echoing Cosmic Voice of the Maelstrom Shark and Oceanic Hope) **Now, then, shall we?**

Rice Fitzgerald: **Let's get him.**

Rice Fitzgerald and Sean Bolton went at Bloodsport, and they fired powerful blasts of red and ocean blue energy, fire, water, lightning, sharks, and crabs, and they all exploded with incredible power, as they hit Bloodsport, and they also transformed into their Gene-Slammer forms, and they also beat down Bloodsport. Then, they change back, and with their new massive swords, they slashed off

Bloodsport's guns. Then, Rice Fitzgerald and Sean Bolton knocked him down, and tied him up in a red and blue energy straitjacket. We cheered wildly as Rice Fitzgerald and Sean Bolton holster their new massive swords on their backs and power down and Sean and Rice's new bodies, clothes, weapons, jewelry, and angel wings are permanent.

Bloodsport: Ah, so you've beaten me? So, do you intend to kill me?

Nico: No, not really.

Lincoln: Nico's right, you're not getting killed, you actually have a good side, Robert. So, instead of getting killed, you're going straight to prison. Trust us, you'll thank us for our decision later.

Lincoln beamed Bloodsport to his new cell in The Jupiter Prison, but one day soon, we'll have him recruited.

Then, Sean Bolton wrapped his abnormally massive and powerful muscular arms around Rice's waist, which brought an atomic red blush to her face. Then, with Rice still in his arms, Sean leaned down to her face, he kissed her on the lips, as Rice wrapped her left arm around Sean's wider, brawnier, and more muscular back, and placed her right hand on his massive wide right pec, and we saw ocean waves and lightning crashing down behind them, along with fire raging behind them, and we saw a pack of sharks swimming in the ocean, along with crabs.

Rice Fitzgerald: Now, that's what I call a very passionate kiss. (Seductively and rubs her right hand on Sean's massive and wide right pec) I'll expect the same thing on our dates, big, tall, muscular, and handsome.

Sean Bolton: (Smirks) Trust me, I'm only just beginning… ,babe.

Me: Whoa.

Nico: Dang, their romantic relationship's bloomed even more, next will come the marriage proposal in the future, and then, the wedding.

Lincoln: And it'll be even more awesome.

Lily Loud: This was definitely an awesome day today, first, Nico helped Applejack with chores around the farm and met his old friend, Jeri Peking, Chicken Gene-Slammer and actual Kitsune from Martial Arts class, Lincoln rescued more girls and was reunited with Sonnya Furya, stopped Sarah and Jimmy's Rich Club, Liam transformed into his new Super Angel Eternity Infinity form, and we also pummeled those Stupid Kankers again in the Simulator, we went into the world of Eon Kid and destroy The General, and Rice and Sean defeated Robert DuBois A.K.A. Bloodsport, and put him in prison.

Lincoln: You got that right, Lily.

Nico: Yep. But great job today everyone. You all did awesomely.

Me: Thanks.

Eon Kid: (To the viewers) This was an awesome adventure and it will be great to be in the team.

Me: Yep.

We later went back home after merging the city Marty and friends lived in with Gotham Royal York and enjoyed the rest of the day and went to sleep.

THE END

---

Another awesome chapter done.

Eon Kid is an awesome show and it was a great show about an awesome hero called Eon who passed his legacy on to a kid named Marty who became Eon Kid and it was great! The show lasted from April 6, 2006 - March 15, 2007 and it was awesome! The first part of this mini saga for chapter 1671 was for the awesome game for Legend of Zelda The Windwaker and that was an awesome game for Gamecube and it was amazing. I thought it was awesome and cool. That version of Legend of Zelda was awesome. It came out on March 24th, 2003 and it was great. Took me a long time to master that game. The second part of chapter 1671 was for Donkey Kong

Country 2: Diddy Kong's Quest for Super NES and it was one of my favorite games and it was awesome and fun. That game came out on November 21st, 1995. It was awesome. The chapter for 1671 was actually an original chapter I made up and it was awesome. Can you imagine that? A world of meat? That would be awesome. Chapter 1672 was great and the first part for that one was for the very first episode of Superman by Max Fleischer and that was a great show from 1941. It was called The Mad Scientist and that was a great cartoon from my past and youth about a mad scientist that was going to destroy Metropolis. That episode aired on September 26th, 1941 and that was a great episode. The second part of that chapter was for Dragonheart 2: A New Beginning and that was a great movie and I love dragons. The chapter itself was for a land version of the SpongeBob episode Planet of The Jellyfish and that was a scary one and it was cool. It was like the movie Invasion of The Body Snatchers and it was awesome. That episode aired on March 31st, 2012 and it was great. The chapter for today was great. The first part of this chapter was for the MLP episode Applejack's "Day" Off and it was a great episode. The 2nd part was for the Ed Edd N Eddy episode Stiff Upper Ed and that was all a funny episode. That one aired on February 20th, 2004 and it was great. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Nico's next rescue is gonna be in the world of Fairy Tail and me, Nico, and Jason Lee Scott are going to the capital palace of the Alvarez Empire called Vistarion Castle and we're going to help Brandish redeem herself and also kill her mother's murderer and we're going to meet a Vaxasaurian Gene-Slammer named Aya Chang and she is one spicy girl and she is from Nico's cooking class that is known for making all kinds of spicy foods and nuclear hot sauces and more. Also for part 2 we're going to go help Lincoln and his group take down the ecoterrorists from the movie The Transporter 3 and help Frank kill Johnson with his own range bomb and we're also going to meet a Gandora The Dragon of Destruction Gene-Slammer named Cierra Lowenstein. She is Lincoln's friend from Gardening class and she is also a defender and Guardian Angel of Laney and Lincoln. She caught Laney about to be thrashed by Chandler and a local thug and got Chandler sent to Juvie for his crimes. Also the next chapter is gonna be for the awesome episode of Spongebob called The Krabby Patty that Ate Bikini Bottom and that is gonna be a funny one about where Mr. Krabs uses a growth serum made by Sandy to make a MASSIVELY HUGE KRABBY PATTY and it engulfs everything in Bikini Bottom and is as big as a huge football stadium. It's up to us to stop it.

See you all tomorrow.

# The Krabby Patty That Ate Bikini Bottom

This chapter is a parody of the SpongeBob episode The Krabby Patty That Ate Bikini Bottom

---

Flying over the land of Alakitasia in the world of Fiore was me, Nico and Jason Lee Scott and we were going to be in for a really awesome rescue.

Nico: Thanks for coming with me, Jason.

Jason Lee Scott: No problem Nico. This is gonna be so awesome.

Me: It sure is. I heard a lot about the Alvarez Empire from Lucy and Natsu and it was a strange and crazy place.

Nico: Wow. This is gonna be awesome.

We arrived over the amazing kingdom of Vistarion and we were right in front of the huge Vistarion Castle.

Me: WOW!

Nico: Amazing! It's like we have the Estate back in castle form.

Me: I was just about to point that out. The Alvarez Empire sure knew how to live.

Nico: You know something, Jason? Tsuyoshi Kaijo may be the first Red Sentai. But you're the first Red Power Ranger.

Jason Lee Scott: Thanks Nico. That means a lot to me.

Me: And that was the first of the Sentai. From 1975.

Nico: Yep.

We went into the castle and we were walking around it was one of the most incredible castles ever.

Me: Wow. What a castle.

Jason Lee Scott: It sure is something.

Nico: Yeah.

Me: Too bad Eclair is missing all this. She would love living in a castle like this.

Nico: She sure would.

Me: Yep.

Nico: I don't think we're alone here.

Me: I got that same feeling too.

Jason Lee Scott: I feel it.

Me: Better morph just to be on the safe side Jason.

Jason Lee Scott: Right! IT'S MORPHIN TIME!

THUNDERCLAP!

Jason Lee Scott: TYRANNOSAURUS!

He transformed and he was ready!

We walked around and then we saw a door partially opened and we saw a girl sitting on a chair looking out the window and she had green hair and had a voluptuous figure. It was BRANDISH!

Me: You must be Brandish.

Brandish: That's right. The famous Team Loud Phoenix Storm. Truly an honor.

Nico: Pleasure is ours.

Jason Lee Scott: Put whatever weapons you have on the floor, okay? Nice and gentle.

I then saw pain in her eyes. She looked like she went through a dark past and it was horrible.

Me: (In my head) I sense pain and loss inside her. She went through something.

I went over to her.

Nico: J.D.?

Me: Brandish you lost someone important to you haven't you? You lost your mother. Am I right?

Brandish: (Gasp) How did you know about that?

Me: I can see it inside your eyes. You lost your mother.

Nico: How did that happen?

Me: I don't know. But I do know someone who might.

I used my powers and activated the power of Aquarius and summoned Aquarius the Water Bearer.

Aquarius: So you summoned me this time J.D. And I see you all met Brandish.

Me: We just met Aquarius. But I saw pain in her eyes.

Aquarius: I'm afraid it's not good.

Jason Lee Scott: Look, I know you're scared. But we can't help you if you can't tell us anything.

Aquarius: She doesn't have to. I can tell you all showing the past and what happened to her mother and Lucy's mother.

Me: Lucy's mom Layla died of a terminal illness didn't she?

Aquarius: Yes. But Brandish's mom is a whole different thing.

Aquarius showed us a vision and there we saw that Brandish's mom and Lucy's mom were really best friends and she worked for Layla as one of her servants and Layla loved her like a sister and she promised that she and Lucy would make awesome friends one day. But fate had different plans as Lucy's mom Layla was dying of a terminal disease and later on Brandish's mom was MURDERED IN COLD BLOOD! SHE GOT ATTACKED BY A MAN FROM BEHIND AND HE STABBED HER THROUGH THE STOMACH AND KILLED HER!

WE GASPED IN SHOCK AND HORROR! THE MAN SAID IT WAS ALL BECAUSE OF BRANDISH'S MOM THAT LAYLA DIED WHEN IT WASN'T!

Brandish: (IN HORROR) MOM! OH GOD NO! OH MOMMA! (WAILING)

I went and hugged Brandish and comforted her and she was crying hard!

Me: (Crying) Brandish I'm so sorry.

Jason Lee Scott: Dammit! The guy who did it could be anywhere by now!

Nico: He sure could! He thought it was all her mother Grammi's fault when it really wasn't. Still he needs to pay! He is a cold-blooded murderer.

Aquarius: That was Zoldeo that killed her.

Aquarius told us about him.

---

Zoldeo (ゾルディオ Zorudio) was a member of the Grimoire Heart Guild and one of the Seven Kin of Purgatory through possession of Capricorn's body, being known as Caprico (カプリコ Kapuriko) during this time. He died after being forcefully removed from his possession of Loke's body.

Zoldeo gained Capricorn's key after Layla Heartfilia retired. Her trust in him was apparently mutual as he was grief stricken after her death and even killed Grammi, who he believed was responsible for his master's death and wanted revenge on. He was expected to hand it over to Lucy, if she ever chose to pursue the path of Magic, but he became twisted and corrupted, and was swallowed up by the darkness. At one point, he broke a taboo of the Celestial Spirits by using his Human Subordination Magic on Capricorn, and somehow ended up possessing Capricorn's body. It's because of this that Capricorn was able to stay in the human world for 17 years. At some point later in time, he was found by Hades and joined Grimoire Heart, becoming one of the Seven Kin of Purgatory.

---

When she was done we were floored.

Me: We won't let him get away with this.

Nico: Brandish needs justice and killing Zoldeo will bring closure to her.

Me: Leave this to me.

?: I'll help too.

A Vaxasaurian then appeared.

Nico: Whoa!

Vaxasaurian: (In a girl's voice) You have changed a lot Nico.

Nico: Ava Chang? Wow!

Ava Chang reverted back and she was a girl with blue hair and dressed in aqua green and aqua blue clothes.

Ava Chang: Looks like the fun is about to start too.

Nico: Yep.

Ava Chang: I think this is the man you want.

She had an unconscious man in her hands and to our surprise it was Zoldeo!

Jason: What's your favorite memory of Nico?

Ava Chang: Me and Nico made hot sauces together in cooking class and we made the hottest ever known hot sauce in the world: ARMAGEDDON SUPERNOVA REAPER DEATH SAUCE!

Nico: YEP!

Me: WHOA! That's one of my favorite sauces! You are someone I would love because of my love for nuclear hot spicy food.

Nico: It's true Ava. J.D. is a nuclear hot food lover and he is The Toughest Guy I've ever seen.

Ava Chang: That is cool.

Me: Anyway lets kill this son of a bitch for Brandish.

Jason Lee Scott: You got it. Nico you can eat his heart and Brandish can cut off his head.

Nico: All right.

Zoldeo woke up and then…

SHEEN SHEEN!

We stabbed him in his arms with our swords and pinned him to the wall.

Nico then plunged his hand into Zoldeo's chest and ripped out his beating heart with his bare hands.

Nico: Nice snack.

Nico ate the heart and Brandish looked a little queasy.

Me: Sorry you had to see that Brandish.

Brandish went over to Zoldeo as he was gasping.

I pulled out my dagger from my boot.

Me: This is justice for your mother.

I gave her the dagger and Brandish then slashed Zoldeo's head off and I grabbed it and pulled out a stick and skewered it all the way through and then I wrote on the forehead the kanji for Cold-Blooded Murderer.

冷血殺人者

Nico: Awesome.

Nico and Ava then hugged.

Nico: I really missed you.

Ava Chang: I missed you too Nico.

Brandish then went over to me and then she hugged me and wailed hard and I comforted her.

Me: I'm sorry Brandish. I'm sorry.

Ava Chang: Poor Brandish.

Jason Lee Scott: Yeah.

We went back home and we told everyone what happened and it was terrifying and more.

After Nico's rescue, Lincoln, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, Sima Yi, Jiang Wei, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori

(Samurai Warriors), Musashi Miyamoto (Samurai Warriors), Heathcliff, Sonja (Heathcliff), Riff-Raff, Hector (Heathcliff), Wordsworth, Mungo, Cleo, Leroy, and Troy Burrows are heading to the world of the 2008 movie The Transporter 3, and not only is Lincoln going to rescue the sixteen girls there, but we're also going to help Frank Martin kill Johnson with his own range bomb.

Lincoln: Wow, we're in the world of the 2008 movie, The Transporter 3, and I know what we're going to do here, not only am I going to rescue the sixteen girls there, but we're also going to help Frank Martin kill Johnson with his own range bomb.

Nico: That's right, big guy.

Me: I'm looking forward to using Johnson's own range bomb against him, that son of a bitch deserves to die.

Lincoln: And it's a good thing Lisa's with us: she'll disarm the bomb and get the shackles off of Frank Martin and Valentina Tomilenko, and then, reprogram it, so, it'll explode in Johnson's hands, after we brutally thrash him. And thanks for joining us on this rescue, Troy.

Troy Burrows: You're welcome, Lincoln, and you and your siblings are in a really great mood today.

Lincoln: After what the Three Stooges did in cheering us all up yesterday, we've never been happier. Plus, we also did a little humiliation on Flip, Lewis Travolta, and Billy McLean this morning before Nico, J.D., and Jason got back from Vistarion Castle and helped Brandish redeem herself to relive stress.

Luan: It was so hilarious, Lincoln put gigantic funnels in Flip, Billy, and Lewis' mouths, and he poured three trucks full of the hottest peppers in the world, along with The Seven Deadly Peppers of Sin into their mouths, and they turned nuclear red, and they began spewing fire from their mouths and butts and they screamed in excruciating pain, and we absorbed it, and it made us all stronger than ever, Lori fired powerful blasts of wind and fire, and they got burned badly, Leni dropped three anvils on their heads, Luna fired blasts of sewage water, making them smell even more bad, I also threw three pies made from Leo's dirty diapers, and they were grossed out, Lynn threw an El Mongo Stink Bomb, and she added a kick to it by adding her smelly socks, and they now smell like Lynn's unwashed gym clothes, Laney covered their butts in poison ivy, and they couldn't do anything to stop the unbearable itching, Lucy had Fangs get his friends here, and viciously attacked them, Lana fired a blast of ice and they were freezing badly, Lola gave them a makeover, and everyone laughed hysterically at them, Lisa threw a chemical flask, which exploded, and it covered them in soot, Lily fired a blast of sneezing water, and they sneezed uncontrollably, Dad lashed at Flip with a whip made of bramble thorns, and Mom electrocuted them, and they were cooked well-done, but the smell of burnt unwashed skin had caused us to open a window.

Nico: Aw man, and we missed it.

Lincoln: Don't worry, we made the video of it, and we sent the video to your phones.

When we saw the video on our phones, me and Nico laughed hysterically and rolling on the floor in a fit of laughter.

Me: (LAUGHING HYSTERICALLY) OH MAN, OH, THAT WAS TOO FUNNY! CALL A DOCTOR, NICO!

Nico: (LAUGHING HYSTERICALLY) THAT WAS WAY TOO FUNNY! LINCOLN, YOU AND YOUR SIBLINGS ARE WAY TOO HILARIOUS!

We stopped laughing, and we got up.

Lincoln: And those were from my own ideas that I had for our personal humiliations on those moronic jerks, and we also did it to the Total Drama sore losers, Icky Vicky, Trina Riffin, Mandy, and many of the other jerks in prison. Alright, now let's go find Frank Martin and Valentina Tomilenko.

We found Frank Martin and Valentina Tomilenko, and they were shackled, and it was connected to the range bomb that Johnson is using. Lisa got to work, and used her tech powers to disable the bomb, and reprogrammed it, and we got Frank Martin and Valentina Tomilenko out of their shackles.

Frank Martin: Thanks for getting us out of them, Team Loud Phoenix Storm. When I find that asshole, Johnson, I'll blow his head off.

Lincoln: Actually, we have a better idea, Frank: Lisa reprogrammed Johnson's little range bomb, and we're going to use it against him. Trust me, he's in for one explosive surprise.

Luan: (Laughs) Good one, Lincoln.

Me: Yeah, that was really good, big guy.

?: HELP!

Suddenly, Lincoln heard the sound of sixteen girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the sixteen girls, but they've been cornered by Johnson, and he's going to kill them.

Lincoln: Guys, I found the sixteen girls, but they've been cornered by Johnson, and he's going to kill them.

?: That blackmailing terrorist son of a bitch, let's get him!

Suddenly, we saw Gandora The Dragon of Destruction land in front of us.

Lincoln: That voice, I knew it was you, Cierra Lowenstein.

Laney: Cierra Lowenstein, oh man, she's now a Gandora The Dragon of Destruction, but we're going to have to talk later.

Lincoln: That's right, Laney. We've got a blackmailing terrorist to kill.

We rushed on over, and Lincoln fired a powerful barrage of rainbow energy balls and elemental forces, which hits Johnson, and that allowed the sixteen girls to get away. When Johnson saw us, he was so enraged, and when he saw that Frank Martin and Valentina Tomilenko were freed, his anger reached a deadly new level.

Lincoln: It's over, Johnson, your days of blackmailing nations for your own business interests are over.

Me: You're heading for an early grave, you son of a bitch!

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms and unholster their massive swords, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sima Yi, Sun Quan, and Jiang Wei got out their weapons, The Samurai Warriors got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholster their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Troy Burrows transformed into his Super Megaforce Red Ranger form, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Hector got out his massive Heaven's Maw of Judgement sasumata pike, and Me, Nico, Eli, and Nicole also unholstered our massive swords and transformed, and we went at Johnson, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time Energy, Gravity, and Magic, steel orbs, stars, rainbow flames, rainbow crystals, orange flames, blue flames, ice, and green flames at the terrorist, and they exploded with incredible power as they hit him.

Then, Lincoln shot Johnson's knees out with a gun, and rendered him unable to run, and he shackled the terrorist's wrists with his own bracelets, and placed the bomb in front of Johnson.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Give our regards to King Tut, asshole.

We then ran out of the abandoned warehouse, and Lisa activated it, and since Johnson was already in close range, and when the bomb's timer reached zero, it was game over.

Johnson: NOOOOOOOOOOOOOOO!

The bomb exploded in a very powerful explosion.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Johnson was blown to pieces, along with his henchmen. Then, as soon as their spirits appeared, Lincoln marked their foreheads with a kanji, and Johnson and his henchmen were erased forever by The Black Gates, and we all cheered wildly as we holster our weapons and power down.

Lincoln: Go to Hell and stay there, Johnson. (To Cierra Lowenstein) And it's so good to see you again, Cierra Lowenstein.

Laney: Same here.

Cierra Lowenstein: You too, Lincoln and Laney, it's been a long time.

Lincoln and Laney went up to Cierra Lowenstein and they hugged, and Cierra Lowenstein was very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and Laney's become a tall and beautiful woman.

Lincoln: It sure has been a long time since we last saw each other, and as you can see, Laney and I have grown a lot since then.

Cierra Lowenstein: Yeah, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'0" tall and very handsome and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, and Laney's now become a tall and beautiful woman, that's so awesome.

Nico: Whoa, Lincoln, Laney, you guys know her?

Lincoln: Yeah, we do, Nico. This is Cierra Lowenstein, she's my friend from Gardening Class, and she's a defender and Guardian Angel of me and Laney.

Nico: Awesome.

Laney: And Cierra and Lincoln saved me when I was about to get thrashed by Chandler and a local thug he hired.

TLPS Mr. Wolf: (Growls) That heartless jerk, just how many evil deeds had he committed?

Lincoln: One too many, TLPS Mr. Wolf, but you'll hear about that later, right now, let's get you back to normal, Cierra. Boys, cover your eyes, hold still, Cierra, this is going to hurt.

Me, Nico, Eli, and the rest of the boys covered our eyes as Lincoln snapped his fingers, and Cierra was reverting back to normal. Cierra Lowenstein is a beautiful 17-year-old girl with long black hair going to the upper part of her back, orange eyes, fair skin, she's 6'5" in height, she had the body of a goddess, and she has massive black angel wings, as she reigned in the power of Gandora The Dragon of Destruction.

Lincoln: How do you feel, Cierra?

Cierra Lowenstein: Good (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Cierra Lowenstein her new wardrobe, a short-sleeved orange blouse and short-sleeved orange shirt with a black phoenix on it, orange skirt with Gandora The Dragon of Destruction on it, orange pants, orange sneakers, and a long orange sleeveless trenchcoat with dragons and orange flames on the coattails and Gandora The Dragon of Destruction on the back, and on her back is a large Gandora The Dragon of Destruction-themed sword with a 6'5" massive, wide, double-edged, man-sized black blade with the Gandora The Dragon of Destruction etched on it, Gandora The Dragon of Destruction's wings for the crossguard, large orange gem for the hilt, longer black handle, and a large orange gem surrounded by angel wings for the pommel.

Cierra Lowenstein: Wow, I love the new outfit and sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Cierra Lowenstein's neck with black gems on the gold lightning bolts and orange crystals links from her new Crystal Necklace of the Buddha.

Cierra Lowenstein: (Surprised) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and my many future wives, Cierra.

Cierra Lowenstein had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the sixteen girls here, and when Lincoln saw them, he immediately recognized them. The sixteen girls are Decapre from Street Fighter, Himeragi Yukina, Aiba Asagi, Akatsuki Nagisa, Kirasaka Sayaka, and Minamiya Natsuki from Strike The Blood, Miyafuji Yoshika, Charlotte E. Yeager, Eila Ilmatar Juutilainen, Erica Hartmann, Francesca Lucchini, Gertrud Barkhorn, Minna-Dietlinde Wilcke, Perrine-H. Clostermann, Sakamoto Mio, and Sanya V. Litvyak from Strike Witches.

Lincoln: Oh wow, it's Decapre, Himeragi Yukina, Aiba Asagi, Akatsuki Nagisa, Kirasaka Sayaka, Minamiya Natsuki, Miyafuji Yoshika, Charlotte E. Yeager, Eila Ilmatar Juutilainen, Erica Hartmann, Francesca Lucchini, Gertrud Barkhorn, Minna-Dietlinde Wilcke, Perrine-H. Clostermann, Sakamoto Mio, and Sanya V. Litvyak.

Helena McTroy: From Street Fighter, Strike The Blood, and Strike Witches, awesome.

Nicole: (Gasps) Decapre's among the group. Lincoln, you need to cure Decapre and remove her Dark Side.

Lincoln: On it.

Lincoln fired massive blasts of water, which entombed Decapre in a sphere of water, and he cured her of her of the burn mark on the left side of her face, and in the process, he removed Decapre's Dark Side, which was entombed in another sphere of water, but was then put in an indestructible purple diamond prison, and put in the special room in The Pluto Prison for Tyrannical and Homicidal Dark Sides. Then, the water faded, and Decapre was now a beautiful girl, and before she fainted, Lincoln caught her in his abnormally massive and powerful muscular arms.

Lincoln: There we go. Are you girls okay?

Himeragi Yukina: Yeah, we're okay, thanks to you.

Then, as Decapre opened her eyes and she and the other fifteen girls saw who it was that saved them from Johnson and cured her of her affliction and freed her of her Dark Side, their faces turned atomic red upon seeing the 17-year-old 7'0" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and

Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanjis "Savior of The Loud House, Powerful Student of Many Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, and The Unifier of The Three Kingdoms" on the left legs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts with a large deep sapphire blue gem in the shape of a Thunderbird on top of a silver Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Decapre: You're… Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Decapre broke down and cried, and she hugged Lincoln, as he still held onto her, and Lincoln made fifteen clones of himself, and they went up to the other fifteen girls, and picked them up and hugged them in their abnormally massive and powerful muscular arms, and with Decapre still in his arms, Lincoln leaned down and kissed Decapre on the lips, which she returned, and the other fifteen clones did the same as they leaned down and kissed the other fifteen girls on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Himeragi Yukina: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, sixteen Thunderbird Necklaces of Eternal Love appeared around the necks of Decapre, Himeragi Yukina, Aiba Asagi, Akatsuki Nagisa, Kirasaka Sayaka, Minamiya Natsuki, Miyafuji Yoshika, Charlotte E. Yeager, Eila Ilmatar Juutilainen, Erica Hartmann, Francesca Lucchini, Gertrud Barkhorn, Minna-Dietlinde Wilcke, Perrine-H. Clostermann, Sakamoto Mio, and Sanya V. Litvyak with colored gems and crystals on the gold lightning bolts. We return to the Estate, and we told everyone what'd happened, and they were shocked when they found out the villain we went after was Johnson.

But, when Lincoln showed what we did to Johnson by using his own range bomb against him, they all cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln, Laney, and Cierra Lowenstein have a lot of catching up to do, now that she's back in town, and Cammy was happy for what Lincoln did in curing Decapre and freeing her of her dark side.

---

After getting rid of Johnson this time for good, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Cierra Lowenstein saw Lincoln working out like crazy, she had an atomic red blush on her face.

Cierra Lowenstein: Whoa, Lincoln's really grown to be a 17-year-old 7'0" tall, really big, and really strong man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Cierra, and now, I can also fight and defend myself.

Cierra Lowenstein: That's incredible.

Nico: It sure is, Cierra. So, what's this story about how you and Lincoln saved Laney from getting thrashed by Chandler and a local thug?

Cierra Lowenstein: You're not going to like this story, Nico. One day, Lincoln and I were walking home from our time at Gus' Games and Grub, but then, Lincoln heard something coming from the corner, and as soon as we turned the corner, we saw Laney, but she was cornered by Chandler and he had local thug, Dominic Mason, with him, and they were going to thrash her badly, and I also found out they also had knives in their hands, and they were also going to kill her. But, I wasn't going to have that, I rushed in, and I punched Dominic hard in his left eye, and permanently blinded him, and then, I grabbed Chandler and threw him into a wall, and it knocked him out. Lincoln ran up to Laney, and she hugged him and she cried, and I also went up to them, and I hugged them both. Then, we tied

Chandler and Dominic Mason up, and we called the cops on them. When the cops arrived, along with her mom, who's also a cop, Chandler and Dominic Mason were arrested, and we also pressed charges against them, as soon as the rest of The Loud Family arrived, and we told them what happened.

We gasped in shock.

Me: I can't believe the nerve of Chandler, as if he wasn't bad enough, he'd resorted to hiring a thug with him, and they were about to resort to murder.

Nico: That miserable, heartless, nihilistic bastard! So, what happened to Chandler and Dominic Mason after they were arrested, Lincoln?

Lincoln: Because of what Chandler did, Cierra Lowenstein had him sent to Juvie for 6 months for his crimes, and as for Dominic Mason, since this was his 934th offense, he was eventually sent to The Central Michigan Correctional Facility, where he was given 934 Life Sentences Without Possibility of Parole, meaning he'll never be free. But, two months into his sentence, Dominic Mason was found beaten to death by the inmates there, and buried in an unmarked grave.

Lincoln then pulled up Dominic Mason's criminal history, and we were shocked at his rap sheet and the numerous charges he racked up throughout his life, First-Degree Burglary With A Deadly Weapon, Carjacking, Arson, Bank Robbery, First-Degree Assault With A Deadly Weapon, Domestic Abuse, and First-Degree Murder. When we saw it, this showed that Dominic Mason was trouble spelled in capital letters.

Me: Jeez, this guy is trouble spelled out in capital letters.

Nico: You said it, J.D., and he got away with those crimes for so long. But, in the end, Cierra had got him convicted, and he was sent to prison, but he wound up getting beaten to death and buried in an unmarked grave.

We then got a shower afterwards, and suddenly, a bright light shined down on the Estate, and we'd covered our eyes. Then, as the bright lights faded, we uncovered our eyes, and to our surprise, the world of Mobile Suit Zeta Gundam has merged with ours.

Lincoln: Wow, Fa, Elle, Roux, Emary, your world has merged with ours.

Fa Yuiry: Incredible. But, this means, you and the rest of the team are going to meet Kamille Bidan and his friends, Lincoln.

Lincoln: Along with taking down Haman Karn. She's caused you girls and your friends so much trouble for the last time, she needs to be stopped for good.

Sakura Kasugano: And this means, I'm also going to transform to face that monster.

Nico: And don't forget, Sakura, your future husband's also going to help you in putting Haman Karn down for good.

We then head out to meet Kamille Bidan and his friends, and when they saw their friends, Fa, Elle, Roux, and Emary, they ran up to them and hugged them. Then, they told them that last year, Lincoln rescued them, and they're part of his harem and among his many future wives, and they know that Lincoln will take care of them. Then, we got the news from them that Haman Karn is hiding out in an abandoned warehouse in the west of Gotham Royal York, and she has guards with her. We took to the shadows, and through a shadow portal that Lincoln created, he'd fired red energy blasts, and as soon as they hit, he sucked out all of their energy, and all of them were killed. Inside, Haman Karn was plotting her next move.

Haman Karn: I will make sure that those Anti Earth Union imbeciles die a horrible death.

Suddenly, Haman Karn saw a nebula form out of nowhere with stars gleaming in the skies, and then, meteors made of Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Gravity, and Magic, and they rained down and brutally hurt her. Then, the sound of a Thunderbird screech and Phoenix cry were heard, and an explosion had erupted out of nowhere, and as the dust settled, we appeared.

Haman Karn: Team Loud Phoenix Storm and the Anti Earth Union Group?! Where are the guards?!

Lincoln: All of them are dead, and you're next, Haman Karn.

Haman Karn: You wouldn't hit a lady, would you?

Lincoln: A lady, no, you, yeah! You're nothing a wicked, black-hearted, sadistic, power-hungry, ruthless tyrant who cares about no one except yourself, and you've caused nothing but pain and suffering for your own delight, and you need to be stopped.

Sakura Kasugano: And sent to Oblivion forever.

Suddenly, Sakura Kasugano's brown eyes turned neon brown, and she was surrounded by a red energy aura with sakura blossoms, light, and phoenixes, she unholstered her massive Sword of The Street Fighters, and as she approached Haman Karn, she left red energy, sakura blossoms, light, and phoenixes with every step. Suddenly, Sakura Kasugano was surrounded by a massive vortex of pink energy with sakura blossoms and light surrounding the vortex, there's a phoenix flying around the vortex, and in the vortex is a blue phoenix. Then, as the vortex faded, Sakura Kasugano emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Sakura Kasugano grew to 6'5" in height, she had the body of a goddess and has pink highlights in the bangs of her short brown hair, she has neon brown eyes and a red energy aura with sakura blossoms, light, and phoenixes surrounding her. She has a phoenix with a sakura blossom and the Light Kanji in its claws emblazoned on her forehead, she has on phoenix earrings with pink crystals for the eyes and the Light Kanji in its claws, and she also has a phoenix with pink crystals for the eyes and the Light Kanji in its claws for the second pendant of her Thunderbird Necklace of Eternal Love with pink gems on the gold lightning bolts and pink crystals from her Crystal Necklace of The Buddha which merged with her Thunderbird Necklace of Eternal Love. Sakura Kasugano was dressed in a short-sleeved white shirt with a pink phoenix on it, blue skirt with phoenixes, blue pants, white sneakers, and a blue sleeveless trenchcoat with pink sakura blossoms and a phoenix holding the Street Fighter logo in its claws on the back. Suddenly, Sakura Kasugano felt a sharp pain on her back, and then, massive brown angel wings with red tips on the large brown feathers, sprouted out from her back.

Suddenly, Sakura Kasugano's massive Sword of The Street Fighter was surrounded by a beautiful kaleidoscope of pink energy, sakura blossoms, and light. Then, as the kaleidoscope faded, it was transformed into Flora's Sakura Blossom Sword of Light Justice, it's a brand-new large sword with a 6'7" massive, wide, double-edged, man-sized blue blade with the image of Flora, The Roman Goddess of Plants etched on it, large red angel wings for the crossguards, large pink gem for the hilt, longer black handle, and large red gem with surrounding angel wings for the pommel. Sakura Kasugano has on her new large gold cuff Bracelets of the Champions of The Universe with red gems on her wrists, gold Belt of Elemental Bravery with a gold phoenix head with a red gem in its mouth for the belt buckle, large red Spellbook of The Gods and The Universe and large red Universal Spellbook of the Elemental Forces on her left hip and Eater of Sins revolver holstered on her right hip. There's a red kanji below the phoenix that said, "Sakura Kasugano, Street Fighter from Japan, Student of Tamagawa Minami High School, Friend to Many, Loving Future Wife of Lincoln Loud, Destroyer of Shadaloo, Emissary of Flora, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Sakura Blossoms, Phoenixes, and Light."

春日野さくら、日本からのストリートファイター、玉川南高校の学生、多くの友人、リンカーン・ラウドの愛する未来の妻、シャダルーの駆逐艦、フローラの使者、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、驚くべきそして驚くべき強力な教師の強力な学生、そしてさくらの花、フェニックス、そして光のマスター

Sakura Kasugano has transformed into SUPER ANGEL INFINITY RED SAKURA BLOSSOM ANGEL OF PLANT LOVE AND

CELESTIAL JUSTICE!

We were amazed by Sakura Kasugano's Super Angel Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Haman Karn saw it, she fell into a a murderous rage and tried to attack her, but Sakura Kasugano fired a powerful red energy blast with sakura blossoms, light, and phoenixes, and it hit her.

Lincoln: Wow, Sakura, you look beautiful, how do you feel?

Sakura Kasugano: (Divine Echoing Cosmic Voice of The Sakura Phoenix and Plant Love) **I feel incredible, Linky, and now, shall we put an end to Haman Karn?**

Lincoln: (Smirks) You got it, Sakura?

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Sakura Kasugano.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's pulverize her. Eli, if you would?**

Eli rang the bell.

DING! DING!

As soon as he did that, Sakura Kasugano and Lincoln went after Haman Karn, and they fired powerful blasts of red energy, rainbow energy, elemental forces, light, Thunderbirds, Phoenixes, Buffalo, Angels, sakura blossoms, plants, and magic, and they exploded with incredible power as they hit the evil demonic priest. Then, Sakura Kasugano and Lincoln attacked her with her massive Flora's Sakura Sword of Plant Justice and his improved massive Sword of Universal Hope and Elemental Bravery, and left very painful scars on her. Then, they fire massive energy beams which hits Haman Karn, and they exploded with incredible power, and the resulting explosion killed her, and as soon as her spirit appeared, Sakura Kasugano marked her forehead with a kanji and after being found guilty by those he killed, Haman Karn was erased from existence forever. We cheered wildly for Lincoln and Sakura Kasugano, as Lincoln holstered his massive and improved Sword of Universal Hope and Elemental Bravery on his wider and more muscular back, and Sakura Kasugano holstered her massive Flora's Sakura Sword of Plant Justice, and he and Sakura Kasugano power down, and Sakura Kasugano's new body, clothes, weapons, angel wings, and jewelry are permanent.

Sakura Kasugano and Lincoln: In the immortal words of Nico, Haman Karn, you have failed this entire world!

Nico: Ah yeah, that's telling him, guys!

Sakura Kasugano: Thank you for helping me take care of Haman Karn, Linky.

Lincoln: (Smiles Warmly) You're welcome, Sakura.

Lincoln wrapped his abnormally massive and powerful muscular arms around Sakura Kasugano's waist, and he brought her into an embrace, which took her by surprise and that brought an atomic red blush to her face. Then, as Lincoln leaned down to her face, they kissed passionately as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird, Angel, and Phoenix flying in the air, and we also saw a herd of Buffalo running across the field and sakura blossoms falling behind them, and the display of the elemental forces. We had tears in our eyes and a smile on our faces.

Me: Now, that is so beautiful.

Nico: You said it, bro. And now, we're rid of Haman Karn for good.

Lincoln: But, this also means her associates are going to find out about this, and they'll be wanting revenge on us. But, the only thing awaiting them is The Black Gates.

Eli: You said it, Lincoln.

Lincoln: Oh, and one last thing for the jerks still chained up.

Lincoln fired a blast of energy, which hits Flip, Lewis Travolta, and Billy McLean, and covered their faces in ugly pimples and welts, and when they saw it, they screamed in horror, and we laughed at them.

Eli: (Laughs) Oh man, Lincoln, you sure are the King of Payback when it comes to humiliating those three pinhead jerks.

Me: (Laughs) Oh, man, as if they couldn't look any uglier.

Nico: (Laughs) If you did that to Amy, Heather, Anna Marie, Trina, Josee, Evil Scarlet, Icky Vicky, and Mandy, Lincoln, they'll screech at us like the banshees they are.

Flip, Lewis Travolta, and Billy McLean's faces return to normal, as soon as we returned to the Estate before they could scream at us, and not only are Kamille Bidan and his friends new members of the team, but we're now rid of Haman Karn for good, and she's never coming back.

Later it was time for Nanette's 3rd Ambassador Mission and this one was of amazing importance.

Me: This is gonna be a big mission for us Nanette. We have to try and tell Himiko's parents our findings.

Nico: It's not going to be easy though.

Me: Nope.

Fiona Hernandez: But we'll be ready.

Himiko Toga: I hope you guys can help me reconcile with my family.

Me: We'll try Himiko.

Misty Tredwell: If not you can live with me and J.D.

Nico: Yeah.

William: Me and Nico will come up with matchups for that friendly competition we suggested a while back. It might be completed after the next mission though.

Me: Understood.

Nico: This will be fun.

Beast Man: I'm looking forward to this mission though.

Nanette: Same here.

Nicole: All right we're ready for this.

Me: Lets head out.

We were off to the world of My Hero Academia.

We arrived in the world of MHA.

Beast Man: So this is it.

Nanette: Yep.

Misty Tredwell: Wow this is amazing.

Me: It sure is.

Nicole: You will love meeting Izuku and team.

We went into the school.

Izuku: Hey guys!

Me: Hey Izuku.

Nanette: Guys, meet my archenemy.

Beast Man: I'm Beast Man.

Me: He's a former member of Skeletor's Inner Circle on the planet

Eternia.

Ochaco: Wow! That is cool!

Shoto: It sure is.

Bakugo: I think so too.

Me: Yep. And this is one of my future wives.

Misty Tredwell: Awesome to meet you all. I'm Misty Tredwell.

Ochaco: Wow it's a pleasure.

Tsuyu: Pleasure to meet you.

Me: We got the results of Himiko's DNA Tests and we found out some very startling stuff.

Fiona Hernandez: We found out that her quirk was dangerously unstable and it was destroying her atomic genetic structure and making her insane and it was because of that and her quirk that she needed blood to survive or she would have died in a few hours.

Everyone gasped!

Midnight: That's terrible!

Izuku: Himiko we had no idea!

Himiko Toga: No one did.

Me: We are going to present these findings to her parents after we find them and try to get her to reconcile with them. It's not gonna be an easy task.

Nanette: But we're going to do it.

Nicole Knudson: Yeah.

Izuku: But how are we going to find Himiko's parents? They could be miles away.

Tsuyu: Leave that to me.

She went over to the computer.

Tsuyu: Found it! They are in a small house to the north in Hokkaido and they live in Sapporo.

Me: Then that's where to need to go.

She printed an address and we were off.

We were then later walking around.

Tenya: So, Nanette. While we're walking to where Himiko's parents are, do you want to tell us about what your reversion to human form fells like?

Nanette: Sure. It feels like I'm being taken apart and put back together in an excruciatingly painful way.

Me: Ouch.

Nicole: Yeah it was brutal.

Me: Yeah.

Tenya: Yikes.

Me: This is it.

We arrived at the address and it was a really nice temple.

Me: Wow they live in a really cool temple.

Nanette: It's nice.

We went in and we walked up to the door and I knocked on it. A man came out.

Me: (Bows) Good morning to you.

Takeshi Toga: Ah J.D. Knudson of Team Loud Phoenix Storm (Bows) Welcome.

Me: Pleasure to meet you Mr. Toga.

Izuku: (Bows) It's a pleasure sir. We are from U.A. High.

Nicole: (Bows) We apologize for coming on such short notice.

Takeshi Toga: It's all right. But what can we do for you?

Me: Well we have some new information for you. I know this is a very sore subject for you because of the past but we found out some terrible information about your daughter Himiko. Before you lash out read this first.

I pulled out the file and gave it to him and then Sakuya Toga came out.

Me: Oh hello Mrs. Toga. (Bow) Sorry to come in like this but we have some information you might want to see about your daughter Himiko.

Nicole: We know this is a rough subject to talk about but it's to tell you why she acted the way she did.

Takeshi Toga: Come on in so we can talk.

We went in to talk.

Beast Man: Me and Eijiro will stay outside in case another villain shows up.

Eijiro: Why me?!

Beast Man: Because your Quirk makes you durable. That's why.

Eijiro: Fair enough.

Nicole: I'll make a Shadow Clone to help out.

Nicole did so and we went in and sat down.

Me: I know this is a sore subject and I'm sorry we brought this up but it was best to tell you in person.

Takeshi Toga: Understood.

They got to reading the results and they got a big shock!

Sakuya Toga: (GASP) Our daughter's quirk was destroying her?

Me: Yeah. Her quirk was dangerously unstable.

Fiona Hernandez: Before we cured her I took a blood sample from her and we ran some tests on it back at the Estate.

Nicole: Our findings revealed that her quirk was destroying her atomic DNA structure very slowly and it was destroying her sanity as well as causing her strange and terrible behavior. She needed blood to survive or she would have died in a few hours as the quirk's instability got more severe.

Takeshi Toga: Oh no.

Sakuya Toga: We should have realized this sooner. We had no idea that Himiko's quirk was going to kill her.

Me: No one did.

Shoto: It would have been too late if we threw her into Tartarus.

Nicole Hernandez: But thankfully me and my sisters cured her.

Fiona Hernandez: We destroyed the darkness in her and replaced her quirk with a new one. She now has the powers of the elemental forces of nature.

Me: We call this quirk Elementa.

Takeshi Toga: Interesting name.

Bakugo: We all think so too.

Sakuya Toga: We had no idea.

Bakugo: Look, your daughter's back to normal. Deal with it.

Izuku: Dude!

Bakugo: I'm just using my words this time. Not my fists.

Me: That was a little too harsh Bakugo. But yeah your daughter is all right.

Himiko Toga came out.

Himiko: Mom? Dad? I'm sorry about everything I've done. I couldn't control myself. Everything that happened to me was because of my quirk and I had no idea it was killing me from the inside. I'm sorry for all the pain and suffering I caused to everyone and to you all.

Misty Tredwell: If you don't want to raise your daughter again then at least let me do it. I will gladly take her in and give her the love and care she needs after everything that happened to her.

Sakuya Toga: You would do that for us Misty?

Takeshi: We were such horrible parents to her and we didn't know what was happening to her until it was too late. We should have gotten her the best medical attention ever. We are horrible parents.

Me: Look you guys made mistakes and you didn't realize your daughter was going through all this until it was too late. You can still be there for her as long as Misty takes care of her. She is the awesome mother of my children and she is a great mother too.

Misty Tredwell: It's true and I love all my children and I would gladly do the same for Himiko.

Eijiro: Man, this is boring!

Nicole: Yeah but I wonder how it went in there.

Beast Man: So far no yelling. That's good.

?: That's just the least of your problems.

A figure came out and it was NINE!

Nine's past

Nine is a villain who was born with a very powerful, almost "god-like" Quirk that allows him to control the weather, dubbed as Weather Manipulation. With his ability, he can summon destructive thunderstorms and hurricanes in an instant. He can even create tornadoes that are powerful enough to rip the ground apart. Being the possessor of such power caused Nine to become disturbed by the world's hierarchy of authority, which he considered flawed, as it's one where the weak rule the strong. So he wants to create a world where those with strong powers rule over those with weak or no powers. Over the years, Nine recruited other individuals such as Chojuro Kon, Kiruka Hasaki, and Hoyo Makihara who, like him, feel oppressed by the current failed world, and together they would try to make their dreams come true.

However, the only obstacle that prevented them from carrying out their plans is Nine's own powerful Quirk, as the magnitude of its power causes cellular damage to Nine's body, and it would eventually end up killing him. Looking for a way to find a cure for his illness, Nine told his teammates that he plans to join the League of Villains to undergo an experiment by Dr. Kyudai Garaki, better known as Dr. Daruma Ujiko.

Dr. Garaki conducted an interview to find out why he wants to undergo his experiment, and after hearing Nine's explanations, and concluded that he's definitely a perfect candidate, noting that his mind and body are in the right condition. The operation consists of granting him a copy of the All For One's own Quirk, although this is something that Nine ignored. Despite not knowing what the experiment would do to him, he felt like everything will turn out fine. As Nine was sealed up for the experiment, he noted that he will create an ideal world not only for himself but for his teammates as well.

After several months of operation, Dr. Garaki manages to adapt the All For One factor to Nine's body. With the operation completed successfully, Garaki requests the League of Villains to transport Nine in an armored truck to a specific point. When they ask what it is, the Doctor simply tells them that it is something that has nothing to do with them. Although they do not like to be treated as simple delivery men, Tomura Shigaraki agrees to his request.

Somehow, the information of that delivery is leaked, presumably by Nine's crew, and the heroes set up an ambush on the mountain road they are going to pass. A fast-paced chase ensues when the heroes try to stop them. Despite the opposition shown by the members of the League, the truck ends up crashing. However, when the heroes investigate the crashed vehicle, Nine had already escaped from the scene, reuniting with his allies at a hidden location in the forest nearby.

Nine tells them that the operation was a success, obtaining great power but also worsening the symptoms of his illness. Chimera considered that the operation was for nothing then, but Nine corrects him saying that it is not true, because with his new power, he only needs to steal a Quirk to help him to overcome his illness, and in this way, he will be able to build the utopia that they had always dreamed of. After the operation, Nine targets several heroes across Japan and uses his new power to steal their Quirks.

One day, they end up attacking a civilian, Mr. Shimano, who is on a business trip in Kyushu. He is attacked by Nine and his crew, with Nine using his Scanning Quirk to scan him and proclaims that he has found what he was looking for. He then uses his All For One Quirk to steal and absorb Mr. Shimano's Cell Activation Quirk.

When Nine takes Mr. Shimano's power, he uses his original Quirk, Weather Manipulation, to call lightning down to destroy parts of the city. Nine and their groups are excited that they can finally put their plan into action to fulfill their dreams. Nine then freezes up in pain as his cells begin to degenerate, and he realizes that Mr. Shimano's Quirk isn't compatible with him because it only works on A-Type blood and he has B-Type.

Chimera laments over the team's struggle to cure Nine, but Slice shows them the video recording of Mr. Shimano's children, Katsuma Shimano, and Mahoro Shimano. Nine remembers that Quirks are hereditary and decides to aim for the kids as one of them may have a Quirk that is similar to their father's but also compatible with his blood-type and body.

They hijack a ferry to travel to Nabu Island, crashing the ship they used into the harbor once they arrive. They also destroy all of the boats to prevent anyone from escaping. Nine orders his teammates to cause much destruction as possible in order to isolate the island from the outside as well as divert attention from their true goal while he hunts down the siblings. What neither of them didn't count is that all the students from Class 1-A of the U.A. High Schoolare on the island for the Hero Work Recommendation Project. When they notice the attacks, the students confront the villains. Mummy is defeated and captured.

Nine finds the children, and using his Scanning Quirk discovers that Katsuma has the Quirk he was looking for. Nine is about to steal the boy's power when Izuku Midoriya appears to protect them and fight him. Nine easily overwhelms Izuku, and even he tries to steal One For All from him, but something prevents it. Nine comments that he was unable to steal it, saying that rather it didn't fit in the slot. Due to this, he correctly assumes that the Quirk's existence is a miracle in it of itself and decides to dispose of Izuku, using his Air Wall Quirk to deliver a powerful blow to him, pushing the kid back and stunning him. Izuku tries to get up to defend the kids, who haven't run away, but Nine blasts him with his Bullet Laser Quirk, which easily penetrates the boy's flesh and immobilizes him.

Then, again, before Nine can steal Katsuma's Quirk, Katsuki then appears to face Nine, and together with Izuku, they fight the villain. The determination of both students forces Nine to use his Weather Manipulation Quirk to summon a powerful blast of lightning from the sky, defeating Izuku and Katsuki and presumably killing them. However, again, before he can take the boy's Quirk his illness sets it and causes him to freeze and hurl in pain. Slice arrives to take Nine away and signal to her fellow villains to retreat after the Shimano siblings, as well as Izuku and Katsuk, are rescued by some of the other Class 1-A students.

The next morning, after recovering from his illness in a lighthouse, Nine is determined to take Katsuma no matter the cost. Slice informs him that the students of the U.A. have sheltered all the inhabitants of Nabu in the vast underground caves under the ruins of Mount Shiroyama. He and his allies make their way to Mount

Shiroyama, where the students were waiting for them. During the previous night, after recovering from his intense injury through Katsuma's own Cell Activation Quirk, Izuku and his companions had devised a plan to deal with the villains and particularly defeat Nine by taking advantage of his illness, planning to ultimately make Nine wear himself out by using his Quirks too much.

When the students see the villains are close enough, they put their plan into action. Yuga Aoyama and Momo Yaoyorozu start attacking them from afar with their respective Quirks at full power. While Nine blocks the attack with his Air Wall Quirk, Slice and Chimera break away from Nine in their own separate directions to avoid the blast, unaware that they are falling right into the student's trap.

With their attack, Class 1-A students manage to separate Nine from his allies. Then the students take turns attacking him as they had planned. Despite their attempts to stop him, Nine gradually defeats the students until it's Izuku and Katsuki's turn to face him. After a tough fight, they finally get Nine to his limit and the backlash of overusing his Quirks kicks in.

In his despair, the villain breaks his life-support tubes and enters a "berserk mode", using his Weather Manipulation Quirk to summon a massive lightning strike, striking Izuku and Katsuki. The rest of the students try to apprehend Nine, but the villain easily defeats them and catches up to Katsuma and Mahoro who were being carried away by Mezo Shoji. He holds Mahoro hostage after she runs at him to protect her brother and threatens to kill her if Katsuma doesn't surrender his Quirk to him. Katsuma runs towards Nine to save her, but before he could reach the villain Nine is hit by Izuku Midoriya, making Nine drop Mahoro who was caught by Katsuki Bakugo. When Nine asked how they survived his lighting, Katsuki says that they used Denki Kaminari as a lightning rod to absorb the hit.

Izuku and Katsuki begin to defeat Nine, taking advantage of Nine's illness which was currently making his Quirks significantly weaker as well as himself. On the verge of defeat, Nine uses the entire healing and empowering drug in his life-support system which amplifies his Quirks, most notably the Weather Manipulation Quirk, to the maximum. He then takes full advantage of the opportunity to create an immensely powerful storm above the island, additionally making various tornadoes and lightning strikes which begin destroying absolutely everything on the island. Most notably the ground can be seen flying into the air due to the intensity of the storm.

With Nine's power so incredibly boosted, Izuku and Katsuki's attacks do absolutely nothing to him, even able to withstand Izuku's One For All: Full Cowl - 100% and Katsuki's Howitzer Impact without issue. Nine then proceeds to pummel them with his Bullet Laser Quirk, then using his Hydra Quirk to restrain and crush them in the air. While the two student's were restrained in the air, Nine tells them about his dream and views of how a super human society should truly be, but Katsuki comments that it would never work. Izuku, while being crushed, realizes that the only way to win and save the world from Nine was to share the power of One For All with Katsuki, thinking that it was All Might, and a true hero, would do. Izuku then transfers One for All to Katsuki and the two break free from Nine's Hydra Quirk, standing tall and activating their respective One For All: Full Cowl - 100%. Izuku and Katsuki then do a double Detroit Smash to destroy the massive storm that was above the island and proceed to use their combined power to defeat Nine once and for all.

Miraculously, after everything, Nine managed to survive that attack, being blasted away to a field surrounded by nice flowers. However, by using a Warping Quirk, Tomura Shigaraki appears in front of the beaten Nine to confront him. Nine says determined that he would create the world he needed to create. When Tomura says that he will fulfill Nine's dream, Nine says that there can only be one true king. Tomura agrees, putting his hand on Nine's face and saying, "That's right, just one," before killing Nine with his Decay Quirk and leaving the island.

Eijiro: Nine!

Nicole: So you are the weather controlling villain Nine.

Nine: Indeed my dear and it's an honor to meet Nicole Knudson.

Nicole: Feeling is mutual.

Nine tried to punch Eijiro but the latter increased the hardening effect on his skin. As a result, Nine broke his hand.

Beast Man: A broken hand is the least of your worries!

Nicole: That harden quirk of yours is awesome Eijiro!

Eijiro: Thanks Nicole.

Nicole: No problem. It's time you saw my quirk. It's the reason why I'm called Nicole Knudson of The Star Dragon.

Eijiro: What do you mean?

Nicole: Watch. STAR STYLE NINJA ART: STAR DRAGON'S FURY!

Nicole fired a powerful blast of star energy and it formed into a dragon of stars and it slammed into Nine and completely obliterated him in an instant! All that was left of him was his disembodied feet.

Eijiro: WHOA! That was powerful!

Beast Man: Pretty cool.

Nine's spirit then appeared.

Nicole: You need to go into the Book with your brethren. ALDRUON ENLENTHRANEL VOSOLUN LIRUS NOR!

She sealed him into the Book of Vile Darkness.

Takeshi Toga: We're sorry Himiko that we have been horrible parents to you. We don't deserve to be your parents after everything that happened to you.

Sakuya Toga: We had no idea you were going through all that.

Himiko Toga: It's all right mom and dad. I have forgiven you all for it.

Takeshi Toga: Thank you Himiko. But we can't raise you anymore after everything we did. Misty please look after our daughter and love her and raise her in everything we could not.

Misty Tredwell: You have my word Takeshi and Sakuya.

We later left and Nicole told us everything about Nine and more and we were amazed.

We later came back.

May: How was it?

Nicole: Went much better than we expected.

Me: Yeah.

We told them everything and Nico and everyone were happy.

Nico: Awesome. I'm glad they took it well. At least Himiko forgave her parents and they reconciled with her.

Eli: And now Misty has a fourth daughter.

Me: Yep. So cool.

Laney: It sure is. And Nine has been destroyed too.

Me: Yep.

---

Later we were flying over the ocean and over the Cacao Harbor.

Mewtwo: So, we're going to somewhere with a lot of chocolate?

Grim: (Jamaican Accent) We're actually going to the very wharf where we met the Chocolate Sailor.

Sonnya Furya: It'll be awesome to see the home of my archenemy.

Billy: I LIKE CHOCOLATE!

Nico: (Laughs) Don't eat him when we get there Billy.

We flew and we found the Ship of The Chocolate Sailor.

Nico: There it is.

We flew over.

Nico: Ahoy there!

Chocolate Sailor: Ahoy Team Loud Phoenix Storm! Great to see ya mateys!

Mimi Tachikawa: Look at all these sweets!

Nico: I know.

Mary Knudson: So awesome. But they mostly use chocolate.

Me: Grim how did Billy find out about the Chocolate Sailor?

Grim: He advertises in the back of Man Eating Comics.

He handed me a comic book.

Me: Man Eating Comics, Gory Mayhem Part 2.

I looked at the comic and it was scary but cool and fun.

Me: Wow this is a cool comic book.

Nico: It sure is.

I scrolled to the Chocolate Sailor.

Me: There he is.

Nico: Wow.

Laney: So that's how Billy became one of the Chocolate Sailors.

Mary Knudson: And he ate 10,000 boxes of chocolate. Wow!

Blitzwing: Which one's the kind that turned Billy into chocolate?

Chocolate Sailor: He ate all these chocolates in one sitting.

He pulled out a box of his chocolates that were in the shapes of ships and sailors.

Me: Wow so just plain chocolate.

Nico: Mind if we try some?

Chocolate Sailor: Sure.

We tried some and we loved the chocolates! They were some of the best we've ever had. Mary's aura looked like orange fire.

Mary Knudson: WHOA! That is really good chocolate.

Nico: Delicious!

Laney: Really awesome.

Lola: (SLURPS) YUMMY!

Chocolate Sailor: These 4 chocolates have the antidote for Billy when he was chocolate.

Me: Hmm. (Reads label) "Caustic Caramel Cream, Horrific Hazelnut, Mutating Marshmallow and Antidote." Wow what an assortment.

Sky Lynx: (reads label) "Antidote". Billy, I think this one would've cured you had you eaten just that.

Billy: Yeah.

Me: What happened?

Mandy: Billy ate the whole thing and then he exploded all over the place as a mess of chocolate syrup.

Eli: Whoa! Sweet but gross.

Laney: Messy but sweet.

Me: He exploded into chocolate syrup?

Mary Knudson: Messy, sweet and funny.

Sonnya Furya: Good with ice cream sundaes.

We later came back.

Toad Man: Man, all that chocolate was delicious!

Sunset Shimmer: Boy it sure was awesome.

Me: Yep. Just as long as we don't get addicted to it like Billy did.

Laney: Yeah no kidding.

Me: At least now we know where the Chocolate Sailor lives.

Lana: Cacao Harbor.

Nico: Cacao Harbor. I like that. Named after the South American Tree and is a home for sailors.

Flapjack: It's perfect for me and I'm a sailor too.

Nico: Anyway it's time for our next mission. Sandy called us in to see a new experiment she made and wants us to see it in action.

Me: Cool! I wonder what it is.

Eli: I guess we'll find out when we get there.

Then Common Cold, Pinky & The Brain, Black Adam, Jet, Golden Glider, Mole Man, Kite Man, Magneto, Katnappe, and Roquefort appeared.

Common Cold: Can me, Pinky & The Brain, Black Adam, Jet, Golden Glider, Mole Man, Kite Man, Magneto, Katnappe, and Roquefort go with you guys? (SNEEZES)

Nico: You all sure can and bless you.

Common Cold: Thank you.

Nico: Lets get ready and head for the ocean.

Nico: Hey, guys, who's up for some lunch at the Krusty Krab?

Lincoln: I am.

Lily Loud: Same here, plus, I also have to get to work at The Krusty Krab.

TLPS Mr. Wolf: Man, I can't wait to try one of those Krabby Patties. I just hope none of Bikini Bottom still isn't harboring a grudge against Plankton.

Lincoln: Actually, we gave it time for the grudge that the people carried against Plankton to die down and of course after his wake-up call, Plankton's redeemed himself last year. So, he's welcome again in Bikini Bottom.

Squidward: Same with me. Now, then, shall we get going?

Nico: We're already on it, Squidward.

We were getting ready to head to Bikini Bottom for lunch at The Krusty Krab, but before we could go out, Lincoln's deep sapphire blue eyes glowed even more, as he sensed a dark energy, and he saw a vision of who that dark energy belonged to, it was none other than our old enemy, Jacques Schnee, Weiss's heartless bastard ex-father, and he's returned from the dead and he wants revenge on us for ending him two years ago. When we saw that, it definitely meant trouble.

Nico: Uh oh, Lincoln, trouble?

Lincoln: Afraid so, Nico, and Weiss, you, Ruby, Blake, Yang, and the rest of us aren't going to like it one bit: the figure I saw was none other than our old enemy, Jacques Schnee, he's returned from the dead and he wants revenge on us for ending him a year ago.

We gasped in shock.

Weiss: What?! Even after we ended him a year ago, doesn't that bastard even know when to quit?!

Lincoln: No, he doesn't, Weiss.

Qrow: You know what this means, he's getting the Black Gates.

Lincoln: No, Qrow, as tempting as that is, I'm not going to resort to that. Instead, I have a much better punishment for him: just like with Adam Taurus and all of Remnant's other enemies, Jacques Schnee's going right back to prison, but this time, he's getting the very same curse I put on Gabriel Tinsley: Eternal Life Without Eternal Youth and Plagued By The Demons of Their Past forever.

Salem (RWBY): That's a better punishment, Lincoln.

Nico: Same here, Salem. But, this also means that Lincoln's going to sing that very song that sent chills down my spine and J.D.'s. Hearing that song is really bone-chilling and scary.

Lincoln: But, we've heard it before from Princess Luna and Brittney Knudson, when they sang that very song when they faced Marina Del Rey and Quattro.

Me: (Gasps) He's right, we did hear that very song from Brittney and Princess Luna. How could we forget about that?

Princess Luna: That's right, and Lincoln sang that very song when he and Sarah Tinsley faced off against Gabriel Tinsley, and Lincoln transformed into Shadow Lincoln.

Brittney Knudson: And now, he's going to do it again to Weiss' bastard father, and he'll be plagued by the demons of his past forever.

Lincoln: That's right, and like I said to Amy McKale and Gabriel Tinsley, when I marry my future wives in the future, my future wives' evil relatives aren't going to be a part of our family, in fact, the only place they belong is either Oblivion or back in prison, where they'll stay there until the day they die.

Nico: You got that right, big guy. Alright, everyone, let's go.

We then headed to Bikini Bottom for lunch at the Krusty Krab, and later on, Weiss and Lincoln are going to face off against Jacques Schnee, who's back from the dead, and wants revenge on us.

---

We were walking through Bikini Bottom.

Roxas: So, Nico. Which Gene Slammer do you think you'll meet on your next rescue?

Nico: I'm hoping to meet a gene-slammer of an Evolved Arachnichimp.

Ben: One of Ultimate Spidermonkey's kind next. That will be interesting to see.

Me: It sure will. So it'll be one of the Spider Power masters next.

Nico: Yep.

Mr. Krabs: What better way to spend an afternoon than trolling the sea vent for spare change. [Then something tugs on Mr. Krabs' magnet] Whooh! [Mr. Krabs pulls and a giant pile of sand hangs from his magnet] There's got to be a small fortune than discarded paperclips in there! [The sand falls, only to reveal a second magnet. He then gets upset] I knew this place looked familiar.

We came up to him.

Nico: Ahoy Mr. Krabs.

Mr. Krabs: Ahoy lads.

Me: Looking for loose change?

Mr. Krabs: Aye. Trying to find some pennies.

Nico: Cool cool.

Jet: Where did Sandy say to meet her?

Nico: We were called over to Sandy's treedome. And we are right there too.

Mr. Krabs saw it.

Mr. Krabs: [Startles in surprise] What's this? Goodness, that must be Sandy's treedome dwelling, and inside looks to be the largest soybean I have ever layed me eyestocks on.

Me: Holy fishpaste!

Eli: Wow! That soybean is massive!

Maria: I would love to eat that in a salad.

Mr. Krabs: Now this bears getting a closer look.

We went up and Mr. Krabs rang the doorbell and Sandy Answered.

Mr. Krabs: Good afternoon, Miss Sandy.

Sandy: And good afternoon to you Mr. Krabs. And hey guys.

Me: Hey Sandy. We got your call.

Nico: We found Mr. Krabs in the area too.

Mr. Krabs: Well uh, I just happen to be in the neighborhood and was wondering if you could see you in clear and grace me with a comprehensive tour of your homesweet treedome. [chuckles] I hear the giant soybeans are lovely this time of the year.

Sandy: Sure, lets get you fitted with a helmet.

Mr. Krabs: Don't bother yourself. As long as I keep me ole lungs moist, I can breath your fancy air all day long.

Sandy: Come on in then. [they go inside the treedome and we followed]

[Scene cuts to the interior of the treedome]

Mr. Krabs: Seems so much bigger once you're inside.

Sandy: That's what they all say. Did I already show you my single wheeled roller skate or my helicopter that is powered by coconut milk?

Me: We sure do and that was cool how you did that on that island.

Twilight Sparkle: Sandy was stuck on an island and she made a coconut milk powered helicopter?

Nico: She sure did and that was awesome.

Eli: It sure is cool.

Me: We also just got back from a really amazing adventure in the world of Eon Kid and Rice and Marty are siblings.

Rice: It's true.

Mr. Krabs: (to Rice) Congratulations on becoming an official big sister to Marty, lass.

Rice: Thanks Mr. Krabs.

Torch Man: Trust me, Mr. Krabs. Rice has earned it.

Me: Yep. What else you got Sandy?

Sandy: [walks over to her table and holds up a device that looks like a cube puzzle] Or my artificial intelligence that comes in the form of a multi-colored cubeshaped puzzle. See it can solve itself. [Zooms in to reveal that the Cube puzzle matches with the shapes on it]

Me: Wow!

Nico: That is awesome.

Sandy: Try it.

I jumbled it up and then the Cube Puzzle solved itself with no problem.

Nico: Wow! That is one smart cube.

Eli: Very genius and those kinds of puzzles are hard to solve.

Twilight Sparkle: Not even I can solve a puzzle like that.

Eli: But what is this you called us here for Sandy?

[Scene cuts to Sandy and Mr. Krabs with the giant soybean plant]

Me: WHOA! That Soybean is ginormous!

Nico: Wow! That is the biggest soybean we've ever seen.

Lana: No kidding.

Lisa Simpson: How did you achieve to make a soybean this large?

Sandy: This is the result of an experimental growth serum I develop. It could easily feed a lot of hungry people.

Me: A growth serum? Amazing.

Magneto: How about you demonstrate what it does on this carrot?

He pulled out a carrot.

Sandy: Sure.

She put one drop on it and then the carrot grew to the size of a car!

Nico: WHOA! That is a huge carrot!

Jared ate it whole and it was great.

Jared: (BURPS) But it still tastes like a normal carrot.

Laney: That is amazing! If that can do that to a carrot, I wonder what it would do to a burger or a Krabby Patty.

Mr. Krabs: [gasps] Or a supply of entire rest-. [Counting on his calculator and mumbling to himself]

Sandy: Once the testing is complete, the growth serum could be used to do a lot of good things.

Eli: That is so awesome Sandy.

Mr. Krabs: [gasps]

Sandy: Sure would hate to see it fallen into the wrong hands.

Someone who might just use it to try and get money.

Me: Not good.

Papillon: (sighs) Mr. Krabs, I know that look in your eye. Go ahead and use that serum on your Krabby Patties.

Maria: Are you sure?

Mr. Krabs: I didn't think you'd agree.

Papillon: Figures I should just get the thought out in the open.

Nico: Uh oh.

SpongeBob was called in and he got a Krabby Patty.

SpongeBob: [suddenly runs into the scene] Mr. Krabs, I came as soon as I got the call!

Mr. Krabs: [puts the phone back in] Uh, did you bring a Krabby Patty like I was planning to ask you to do?

SpongeBob: [brings out a Krabby Patty] Aye aye, captain.

Mr. Krabs: Perfect! Okay Sandy, administer the growth serum.

Sandy: I don't know, Mr. Krabs. I can't predict what's going to happen.

Mr. Krabs: Well, you did say it needs further testing. Test it on the Krabby Patty.

Sandy: Well, I suppose so. But only a single drop.

Mr. Krabs: Fair enough. [Sandy puts a drop of growth serum onto the Krabby Patty] Is it suppose to smell like that?

Me: Whew! It smells really strong.

Nico: No kidding. Whew.

Sandy: If you two will excuse me, I need to pay a quick visit to a little squirrel's room. [hands Mr. Krabs the growth serum before leaving the scene] Would you mind holding these while

I'm gone? I'll only be a minute.

Me: Okay.

Mr. Krabs: [looks at the growth serum] Oh no, we don't mind. [dumps the whole beaker onto the Krabby Patty] Heh heh heh, there.

SpongeBob: But Sandy said-

Me: Uh oh.

Laney: That can't be good.

Lisa Loud: There's no telling what will happen.

Mr. Krabs: [closes SpongeBob's mouth] Sh sh sh sh sh sh sh. [He and SpongeBob goes to Sandy's door] Thanks for the tour, Sandy, see you later! [leaving Sandy's treedome and the camera zooms in on the empty growth serum beaker]

[Scene cuts to SpongeBob and Mr. Krabs and us walking]

Mr. Krabs: Eh, that patty didn't look like it's growing to me. Pfft, growth serum. Waste of a perfectly Krabby Patty.

[Krabby Patty suddenly grows on SpongeBob's hands]

SpongeBob: Mr. Krabs.

Me: Whoa! It's getting bigger!

Mr. Krabs: Great, let's get into the Krusty Krab.

Nico: Let me help SpongeBob.

Nico carried it.

Me: Man this thing is heavy.

Nico: No kidding.

Mr. Krabs was having second thoughts.

Golden Glider: Something wrong, Mr. Krabs?

Mr. Krabs: Just having second thoughts on whether this is a good idea.

William: Well, if things go bad, we'll help sort things out.

Me: Yeah.

We got the patty to the Krusty Krab Kitchen and it was pulsing.

Me: Man this patty is huge!

Laney: Yeah!

Eli: I've got a really bad feeling about this though.

Me: Me too.

Nico: As long as we're here we might as well eat.

Armada Cyclonus: Mr. Krabs, how about we just eat normal Krabby Patties right now?

Mr. Krabs: Sure. Just because one Patty's growing doesn't mean I should put the normal ones in storage.

Nico: Good idea.

We got to eating.

Squidward: [comes in from his post with an order] SpongeBob! Are you going to cook that thing or just stand there staring at it? [throws the order]

SpongeBob: Sorry, Squidward. Coming right up! [runs to the stove while grabbing the order] Order up, Squidward! [carrying a plate of piled up Krabby Patties]

Squidward: All right, keep them coming! [grabs the Krabby Patties]

SpongeBob: You betcha! [takes a scrap of patties from the big patty and puts them on the stove. SpongeBob flips one of them as the big Krabby Patty grows even bigger behind SpongeBob]

UH OH

SpongeBob: Oh my goodness! I almost forgot to flip that one. [points to a Krabby Patty and flips it] There we go. [brings out another pile of Krabby Patties and the giant Krabby Patty bumps Squidward's head.]

Squidward: Ok, that's great SpongeBob, but you don't have to knock me in the- BAGEGAH! [sees at the Krabby patty growing behind SpongeBob]

SpongeBob: Squidward, why did you make that weird noi- [he looks at the Patty and screams as it comes alive] Ahh!

We went into the kitchen and then we SAW THAT THE KRABBY PATTY WAS MASSIVELY HUGE!

Nico: JUMPING CORAL NUGGETS!

Eli: THAT PATTY IS MASSIVE!

Brain: Pinky, are you pondering what I'm pondering?

Pinky: That we should tell Lily her off day is over?!

Maria: Way ahead of you, Pinky. Horsea's calling her right now.

Nico: Guys we need to get out of here fast!

SpongeBob: Squidward, behind you! [SpongeBob points to the growing patty, now destroying the Krusty Krab] Abandon ship! [Squidward screams as he and SpongeBob and us all flee]

Fish: [everyone runs out of the Krusty Krab] It's a Krabalanche! [SpongeBob and Squidward try to exit, but Mr. Krabs blocks their way.]

Mr. Krabs: Hold it! And just what is it you two think you're doing?

Squidward: The restaurant's being invaded by a 300 foot uncooked menu item. We're getting outta here!

Mr. Krabs: Whoa ho, this is a dream come true! You can't just leave!

Squidward: Oh, do you have a better idea?

Mr. Krabs: Stay?… And work?

Nico: Right now staying alive is more important!

[the cash register getting eaten by the Krabby Patty]

Mr. Krabs: Cashy! [Mr. Krabs runs over to the register]

Me: Oh no you don't!

I grabbed Mr. Krabs.

Mr. Krabs: NO!

Me: LETS GET OUT OF HERE!

We flew and ran!

[We run out of the Krusty Krab, screaming. The patty eats the Krusty Krab whole and chases us.]

Dale: [The Bikini Bottom citizens see the patty and start running away] Keep running, it's getting closer!

Fish: No, it isn't! Look! Where I'm pointing! It stopped!

Dale: [They stop running and look] Hey! He's right! [The giant patty is actually stopping for a stoplight. It turns green and the patty starts moving again. The fish run away.]

[Police officer tickets a car, only for it to be swallowed by the giant patty]

[The giant patty then proceeds to eat the entire town]

Lady in Teal: Snookums! Look out! [pulls the pet worm away from the patty] You've got to promise mommy you'll be more careful! Neptune knows what he'd do if you were swallowed by the putrid ooze that's running rapid in our streets. [gets swallowed by Krabby Patty]

Blot: Maybe my slime gun can melt it!

He fired it and it had no effect on the massive Krabby Patty!

Me: Try fire!

I fired a blast of fire and it hit the patty and cooked some of it.

Nico: Whoa! That fire cooked it.

Kite Man: I'll fly over it to slow it down!

He flew over and the patty chased after him.

Me: It's chasing after him.

Nico: Good.

Laney: Man! That Krabby Patty is now as huge as a football field!

Lynn: I would not want to have a patty that big.

Me: Me neither.

We glared at Mr. Krabs.

Me: Mr. Krabs what the hell were you thinking!?

Nico: Yeah you made a Krabby Patty version of The Blob!

Onslaught: To be fair, Mr. Krabs was having second thoughts and we told him that we'd handle it if things got out of hand.

Nico: True we did say that.

Laney: We got a massive Krabby Patty now on the loose.

Mole Man: I'll have my Moloids help out with this!

Nico: Okay.

Me: We got to stop that patty. But maybe we can set a world record for the largest Krabby Patty ever. After the usual battles we can cook this patty and then make the largest and biggest burger ever!

Laney: That's awesome!

Nico: Yeah! I like it.

Lana: Entrance time?

Hun Gurr: Terrorcons, merge into Abominus!

The Terrorcons did so.

Me: Better call in the special forces. (Pulls out cell phone) Dark! We need the Constructicon Team Pronto!

Dark Spicer: Coming right now.

Dark Spicer and the Live Action Constructicon Team appeared.

Nico: AWESOME!

Dark Spicer: Looks like we have a nasty Krabby Patty monster problem! Lets merge into Devastator!

Live Action Scavenger: You got it boss!

They merged into Live Action Devastator!

Roquefort: Cheese Ninjas, stop that Patty as well!

Roquefort summoned a bunch of his Cheese Ninjas too!

Me: And it's time for me to show you all some more from the Zenkaiger. ZENKAI CHANGE!

I turned into my ZENKAI ZODIAC RANGER FORM!

Me: Now watch this. BIG BANG!

I grew and turned into ZENKAI STAR PHOENIX! I was a purple phoenix star zord!

Nico: WHOA! THAT IS AWESOME!

Lucky: LUCKY! You look awesome J.D.!

Me: Thanks.

Abominus demerged back into his seperate components.

Sinnertwin: We're not even making a dent in it!

Me: Maybe this will!

I fired a purple blast of fire and it grilled the patty all over the place.

Nico: ALL RIGHT! Fire cooks it!

Black Adam: Maybe an entrance from behind will do damage to it!

Nico: Nice strategy Adam. Lets do it!

Everyone flew behind the patty.

Then the spirits of the Justice League and the Teen Titans formed behind the patty and blasted it and then converged and then…

KRABBBBBBBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out and enveloped the big patty and a phoenix cry was heard and then the patty was cooked all over and everyone came out.

Nico: I hope that cooked it.

Winter Soldier: It's almost done!

Me: Just need to cook it for a few more minutes.

Nico: The last thing anyone would want is having a patty loaded with botulism.

Eli: Yeah. Yuck.

Mr. Krabs: I'll accept any punishment from this.

Katnappe: Nah. I think this whole incident was punishment enough.

Me: Yeah you were punished enough already.

Nico: Lets blast this patty with our combos, techniques and final smashes!

Brandish: I'll help too!

Nico: Are you sure Brandish?

Laney: Yeah after what happened…

Brandish: I'm sure.

Nico: Okay.

Gia: Time to cook this patty!

Megaforce Rangers: LEGENDARY RANGER MODE! MYSTIC FORCE!

The Megaforce Rangers turned into the Mystic Force Rangers!

Nico: ORDER UP! ONE FOOTBALL FIELD SIZED MONSTER KRABBY PATTY!

Vanitas, Waffle Woman, Captain Cold, Ghost, Pete, Trickster, Box Ghost, Ssserpent, Onyx and Rojo appeared.

Nico: Vanitas, Waffle Woman, Captain Cold, Ghost, Pete, Trickster, Box Ghost, Ssserpent, Onyx and Rojo.

Vanitas: That's one big patty mess!

Maria: I know, right?

Me: No kidding. This is a messy explosion.

Waffle Woman: So, who's going to eat all that?

May: We'll divide it among everyone here.

Lana: I'll eat most of it. I don't mind eating all this off the ground.

Captain Cold: Smart thinking. But Lana you are silly.

Me: Oh that's Lana for you. She eats anything no matter how dirty it is.

Nico: Yep.

Ghost: (to Nico) We heard you met a girl named Brandish.

Nico: We sure did.

Pete: Tell her we're sorry about her mom.

Brandish: Thank you guys. I'm all right now.

?: Thank goodness.

Then a figure came out and it was BIN BANKI from episode 42 of Go-Onger!

---

Though a weakling with his signature attack, Hot Water Commercial, even weaker, Kegalesia has Manabu Yushima use his magic to upgrade the Savage Machine Beast into the stronger Thermos (魔法瓶 mahōbin?)-based Mahōbin Banki (マホービンバンキ Mahōbin Banki), now able to use magic and adding "Tiger" in his sentences. But once stripped of his magic and Industrial Revolutionized, Mahōbin Banki is first engaged by Engine-O G9 before a mysterious factor breaks apart the formation, before Go-On Red forms Kyoretsu-Oh and scraps him while Mahōbin Banki is making references to Leonardo da Vinci.

---

Eli: Bin Banki of Go-Onger! I remember you! You were used to upgrade the Savage Machine Beast into the stronger Mahobin Banki!

Bin Banki: That's right! Good memory.

Nico: That's Eli.

Bin Banki: A shame I wasn't adapted into America.

Nico: I know, right? I guess it's because you were seen as a weakling. But us? We don't think that.

Me: Not at all. But man what a ripoff that you weren't adapted for America.

Nico: Yeah what a shame.

We got the usual battles underway.

Spiderman, Twilight Sparkle, Starshine Sparkle, Sunny Starscout, Magic Skylanders, Cannonbolt, Bounce Man and Toad Man VS

Vanitas - Nico's rescue

---

Vanitas was first.

Vanitas: (to Spiderman) I'm not gonna lie to you. While no one innocent died in Nico's rescue, it was still sad.

Spiderman: Yeah that was sad for Brandish. Her own mother was killed in cold blood. But at least Nico, J.D. and Jason got justice for Brandish.

Twilight Sparkle: That monster had it coming.

Starshine Sparkle: Yeah that heartless monster deserved it!

Sunny Starscout: He deserved it al right.

Spyro: Yeah he had it coming. Layla Heartfilia didn't die because of Brandish's mom. It was a because Layla had a terminal illness that she died.

Cannonbolt: Yeah. Lucy's mom dying was awful.

Vanitas: Poor Lucy and Brandish. Lets do it!

They fired waves of web and magic and smashed him down.

Spiderman: An awesome victory for your friendly neighborhood Spiderman.

Twilight Sparkle: That was amazing!

---

Tara "Terra" Logan, Applejack, Apple Bloom, Earth Skylanders, Wildvine, Roxas and Aeleus VS Waffle Woman - Lincoln's rescue

---

Waffle Woman was next.

Waffle Woman: (to Tara) I heard Lincoln's rescue was in Transporter 3. How'd that go?

Tara: It was awesome and we used the same bomb he used on him and blew him to pieces.

Applejack: He had it coming and that monster sidewinder got what he deserved.

Apple Bloom: Yeah he sure did.

Flashwing: He sure did and now he is a forgotten memory.

Wildvine: Yep he sure did. That was a powerful bomb too.

Waffle Woman: That is a good thing. Wow. Lets do it!

They fired waves of fire, earth, rock, crystal, apples and plants and smashed her down.

Tara: TAKE THAT!

Applejack: YEEHAW! That was great!

---

Qin Chen, Sunset Shimmer, Pipsqueak, Fire Skylanders, Upchuck, Volcana and Torch Man VS Captain Cold - Qin's Ambassador Missions

---

Captain Cold was next.

Captain Cold: (to Qin) How do you like your Ambassador missions so far? And can I come on the next one?

Qin: I actually have plans for you to come with me next and my ambassador missions are going really well.

Sunset Shimmer: We have been putting Kane right on the ropes and J.D. and Kane are both mortal enemies.

Pipsqueak: (British Accent) It's true and they hate each other with a vengeance.

Sunburn: J.D. and Mike stopped Kane and destroyed his entire business and overthrew him and destroyed his entire operation.

Upchuck: He sure did. J.D. has been a major thorn in Kane's side.

Captain Cold: Wow! I didn't know that J.D. and Kane have a really horrible history with each other. Lets do it!

They fired waves of fire and smashed him down.

Qin: That was so awesome!

Sunset Shimmer: That was amazing!

## Ariel, Eli, Rarity, Sweetie Belle, Water Skylanders, Eye Guy, Papillon and Randy Boggs VS Ghost - Meeting a Gandora the Dragon of Destruction Gene-Slammer

---

Ghost was next.

Ghost: (to Ariel) I heard you guys met a Gandora the Dragon of Destruction Gene-Slammer. What's her name?

Ariel: Her name is Cierra Lowenstein and she is both Lincoln and Laney's Guardian Angel.

Eli: You would like her and she is a great member of the team.

Rarity: Indeed she is darlings and she is an amazing and powerful force.

Sweetie Belle: You should have seen what she did. Lincoln and Cierra were walking home from their time at Gus' Games and Grub, but then, Lincoln heard something coming from the corner, and as soon as they turned the corner, they saw Laney, but she was cornered by Chandler and he had local thug, Dominic Mason, with him, and they were going to thrash her badly, and she also found out they also had knives in their hands, and they were also going to kill her. But, Cierra wasn't going to have that and she rushed in, and punched Dominic hard in his left eye, and permanently blinded him, and then, she grabbed Chandler and threw him into a wall, and it knocked him out. Lincoln ran up to Laney, and she hugged him and she cried, and Cierra also went up to them, and hugged them both. Then, they tied Chandler and Dominic Mason up, and called the cops on them. When the cops arrived, along with Chandler's mom, who's also a cop, Chandler and Dominic Mason were arrested, and they also pressed charges against them, as soon as the rest of The Loud Family arrived, and they told them what happened.

Ghost gasped in shock.

Ariel: That's not all. Because of what Chandler did, Cierra Lowenstein had him sent to Juvie for his crimes for 6 months, and as for Dominic Mason, since this was his 934th offense, he was eventually sent to The Central Michigan Correctional Facility, where he was given 934 Life Sentences Without Possibility of Parole, meaning he'll never be free. But, two months into his sentence, Dominic Mason was found beaten to death by the inmates there, and buried in an unmarked grave.

Eli then pulled up Dominic Mason's criminal history, and we were shocked at his rap sheet that was over a mile long and the numerous charges he racked up dated back to throughout his childhood, First-Degree Burglary With A Deadly Weapon, Carjacking, Arson, Bank Robbery, First-Degree Assault With A Deadly Weapon, Domestic Abuse, and First-Degree Murder. When Ghost saw it, this showed that Dominic Mason was trouble spelled in capital letters. PURE EVIL INCARNATE!

Ghost: That guy was Pure Evil Incarnate!

Gill Grunt: No kidding! He was a monster!

Eye Guy: And now he is buried 6 feet under and burning in the fires of hell forever.

Ghost: Good riddance! Lets do it!

They fired waves of water, jewels, ice and energy and smashed her down.

Ariel: That was amazing!

Rarity: Rapture darling that was grand!

Penny: Yeah no kidding! But I have a feeling she already did.

Pinkie Pie: And Mr. Krabs is gonna be turned into a crab dinner by the time she is done with him.

Featherweight: No kidding.

Sprocket: Oh boy.

Pete: It sure is. Lets do it!

They fired waves of energy, metal, gears and lightning and smashed him down.

Trickster: Ah it's named after the South American Chocolate Tree. That is so cool.

Rainbow Dash: It sure is awesome.

Scootaloo: And you know how much I love chocolate.

Whirlwind: Chocolate is always awesome. The only one that we know that doesn't like chocolate at all is Eustace's mom!

Blitzwolfer: That was our first reaction when we heard it too1

Omi: (Tibetan Accent) Yes he could like he has done before and that would make Brandish happy.

Starlight Glimmer: It sure would.

Cozy Glow: I think it would be awesome too.

Hex: Same here.

Snare-Oh: I agree too.

Box Ghost: Me too. Poor Brandish. Lets do it!

They fired waves of energy, bones, stars, lightning and bandages and smashed him down.

---

Kimiko: Because the damage was done and Himiko was losing her marbles and she couldn't help it. Her quirk was destroying her.

Fluttershy: Yeah it sure was and thank goodness we helped her. She would have died had we not stepped in.

Tornado Bolt: That was awful she went through all that.

Stealth Elf: Yeah it sure was awful.

Frankenstrike: But at least she is now cured and has a better quirk than her previous one.

Ssserpent: That is true. Lets do it!

They fired waves of leaves, grass, flowers, fire and lightning and smashed him down.

Kimiko: ALL RIGHT!

Fluttershy: That was fun.

## Clay Bailey, Princess Luna, Moondust, Dark Skylanders, Buzzshock, Sinnertwin and Cutthroat VS Onyx - If only Himiko was cured sooner she wouldn't be a villain

Onyx was next.

Onyx: (to Clay) If only Himiko was cured sooner. If she was, she wouldn't have been a villain

Clay Bailey: Well the world of My Hero Academia doesn't have the same level of advanced technology like we do that can help identify problems faster.

Onyx: Right! I forgot that you guys all have incredibly advanced cutting edge technology that's thousands of years more advanced than anything Earth has now. At least the proof was in the blood tests.

Princess Luna: That was strange that all that was happening to Himiko.

Moondust: No kidding mom and it's awful she was having her own quirk destroy her.

Blackout: But the Hernandez Sisters really came through for that.

Buzzshock: Thank goodness.

Onyx: Yeah no kidding. Lets do it!

They fired waves of earth, darkness and lightning and smashed him down.

Clay Bailey: YEEHAW! That was fun!

Princess Luna: A true victory of the night!

---

Rojo: (to Tracer) Mr. Krabs made a Krabby Patty as big as a huge football field. You guys barely managed to take it out!

Tracer: (British Accent) But at least we managed to make sure that Krabby Patty was stopped. But all of Bikini Bottom is an absolute mess.

Princess Celestia: Yeah it sure is.

Amber Morning: Gross and awesome too.

Spotlight: Yeah what a mess.

Ditto: It sure is gross though.

Rojo: No kidding. Lets do it!

They fired waves of light and energy and smashed her down.

Tracer: Jolly good!

Princess Celestia: That was so awesome!

---

## RPM Rangers, Megaforce Rangers, Nico, Eli, C.C., Nunnally, Laney, Lola and Lana VS Bin Banki

---

---

Pink Ranger Slayer was next.

Pink Ranger Slayer: It's good that Himiko reconciled with her parents but it's a darn shame they won't take her back. But it's good she has another family.

Fiona Hernandez: Yeah it is a good thing. The whole Ambassador Mission for today had a really bittersweet outcome for Himiko. But I still feel bad for her. Unfortunately the damage was already done because the entirety of that world lacked the technology needed to find out what's wrong with the people afflicted with those quirks. Knowing all about her quirk's instability came too late.

Apple Bloom: Yeah but thank goodness we all intervened and helped out.

Sweetie Belle: Yeah that is a good thing. Fiona got 1 tube of blood and that was all that was needed.

Scootaloo: Yeah but poor Himiko.

Diamond Tiara: She was born with a really unstable Quirk.

Silver Spoon: Thank goodness the Hernandez Sisters helped her out. They are true heroes and friends to Himiko.

Misty Tredwell: And she is now in my custody as my 4th daughter.

Pink Ranger Slayer: I heard all about that. Congratulations to you Misty.

Misty Tredwell: Thanks Kim. It's gonna be awesome having Himiko in my family.

Frozen Fright: And Nico ate his heart. Nice.

Weddinmon: Wait, Nico literally ATE his heart?! GROSS!

Thunder Terror: Yeah it was gross but it really showed that he was not fooling around with certain enemies he hates.

Weiss: (Growls) I was hoping never to hear that voice ever again. You can come out now, Jacques.

A figure came out of the shadows, and it was none other than our old enemy, Jacques Schnee, who has returned from the dead, and he has red eyes filled with murderous hatred and rage towards us.

Nico: I should've known you'd show your face again, Jacques. You just don't even know when to quit, do you?

Jacques Schnee: You shut your mouth, you insolent monkey! I will end all of you for ruining me!

Lincoln: Why don't you shut up, you pathetic excuse for a father!

Lincoln's loud booming voice caused Jacques Schnee to shut up, and he was already intimidated by the 17-year-old 7'0" tall, handsome, and extremely muscular white-haired teen.

Lincoln: You've been nothing more than a manipulative, scheming, power-hungry, black-hearted, abusive, controlling, and psychotic bastard who doesn't even give a damn about anyone but yourself, and you know what: when I marry Weiss in the future, I know I won't have you as a father-in-law in my family, in fact, the only place where you belong is in a cell in prison, where you'll stay there until the day you die.

We cheered for Lincoln.

Nico: Yeah, you tell him, Lincoln!

Me: Way to lay down the law on him, big guy!

Weiss: And I've had it up to hear with you to last an eternity.

Suddenly, Weiss' pale blue eyes turned neon pale blue, and she was surrounded by a blue energy aura with darkness, ice crystals, and snowflakes, she got out her massive Defender of Remnant sword and her signature weapon, Myrtenaster, and as she walked towards Jacques Schnee, she left blue energy, darkness, ice crystals, and snowflakes with every step.

Weiss: Jacques Schnee, I will never forgive you for abusing me when I was a child, and for trying to kill me and my friends, and I will never forgive you for trying to turn all of Atlas against Team Loud Phoenix Storm for your own amusement, and now, I will see to it that you spend the remainder of your life in prison forever and away from me and my family for good!

Suddenly, Weiss Schnee was surrounded by a massive vortex of pale blue energy with snowflakes, ice, and darkness surrounding it, there's an ice phoenix flying around the vortex, and inside the vortex is a white phoenix. Then, as the vortex faded, Weiss emerged, but she was changed forever.
